faculty member–peer group technique helping program, drinker on campus, 53:8055
faded counselor contact vs high information feedback, self control treatment maintenance, academic underachieving college students, 56:6861
false meter feedback & expectancy instructions, problem solving performance associated with anxiety, test anxious female college students, 57:10858
false vs true feedback & sex & personality needs, learning & retention & recall & Zeigarnik effect in programed instruction, graduate & college students, 58:10292
familial influence & work values & work experience & role-model influence & collegiate activities, choice of male-dominated vs traditionally feminine occupation, female college students, 53:4127
family & school & personal political factors, politics in 1972 Presidential election, college students, 56:5930
family atmosphere & biographical characteristics, occupational choice, Black & Caucasian & Mexican American college students, test of A. Roe's hypothesis, 57:9222
family atmosphere & identification & birth order & maternal employment & father absence, development of career vs homemaker orientations & accompanying motivations, female college students, 58:4483
family ideology & dogmatism & religious conventionalism & perceived marital happiness, married college students, 58:9397
family independence vs cohesiveness & autonomy vs influenceability from peers & nonaffiliative vs affiliative peer orientation & concern for social problems & aesthetic interest & interest in politics & world affairs, attitude dimensionality on College Student Questionnaires, black entering freshmen in predominantly black college, 53:8241
family influence, vocational choice & prediction of J. Holland's personality types, freshman college students, 53:6237
family member involvement, student counseling, 54:6360
family misfortune & high level of father's education & past history of family mental illness, causes of student mental disorders, Sudanese college students, 54:11960
family relationships & personality characteristics & interpersonal relationships, homesickness, college males vs females, 57:4416
father absence & family size & birth order & sex, self esteem & alienation & hostility toward adult world, Black vs White college freshmen, 58:1260
father presence vs absence & locus of control & political beliefs, male vs female Black college students, 57:8288
favorable social comparisons, self evaluation & task performance, high- vs low-achieving black college students, 55:13275
fear of failure & failure avoidance strategies, college & graduate students, 55:11000
federally associated program providing black volunteer college students for service in city's poverty areas, federal government as change agent in higher education, 56:8655
feedback & test importance, test anxiety changes during academic testing, college students, 57:11490
feedback from previous objective tests, risk taking on subsequent essay tests, male vs female college students, 54:2001
feedback from students' evaluations, insight into teaching, college teachers, 56:4843
feedback immediacy across various time periods, acquisition & retention of verbal material in classroom situation, college students, 55:1419
feedback in form of letter to student, increase & maintenance of ratings in personalized course, college students originally given high vs low ratings, 58:10479
feedback of quiz results & intellectual orientation, economics achievement, college students, 56:1364
female career role models & small group discussions, occupational aspiration level, female college students, 55:1562
female social-cohort groups, role stereotyped & sex-typed behavioral preferences & conceptions, nurses vs skilled workers vs college students vs feminists, 56:7879
feminine values & personality traits, college females seeking personal counseling vs on-campus vs off-campus participants in women's liberation vs other college females, 57:10183
feminism, androgyny & anxiety & self concept, members of feminist organizations vs college students vs working vs nonworking women, 57:8146
feminist movement, intellectual & social & sexual behavior, feminist college students, 57:1118
field dependence & security-insecurity & interpersonal values, short- vs long-haired male college students, 53:1003
field dependence, male science- vs nonscience-oriented college faculty vs students, 58:1272
field dependence, stability of self & correlation between self report & patients' report, college students, 57:8275
field dependence-independence & self instructional program with vs without feedback & sex, performance achievement, college students, 56:2954
field evaluation, group career counseling procedure based on D. E. Super's career development theory, junior college students & MA students as counselors, 53:12759
field independence & impulsiveness & type of previous high school education, academic achievement, college students, 57:11419
field independence & study habits & attitudes, academic performance, Black & White freshmen in predominantly White university, 57:6842
field-centered experience in addition to regular class meetings vs class meetings alone, attitudes toward overall course experience, senior education majors, 58:10263
filmed modeling problem solving training, problem solving ability & improvement in grades, college freshmen provisional students, 58:8264
final examination failure, "graduation phobia," Japanese college students, 54:1290
financial assistance & counseling, educational progress, minority students in urban public university, 57:14010
followup questionnaires, development of outcome criteria for effects of counseling, clients of college counseling center, 56:3088
food habits & nutrient content of food intakes & nutrient levels measured by blood biochemistry tests & knowledge of nutrition, college students from food & nutrition courses, 56:6651
formal & informal sex education, sexual socialization & premarital sexual behavior, college students, 55:4441
formal program of attitude change toward instructional activity, achievement & improvement in attitude, college students, application of cognitive dissonance theory, 58:10375
formal vs informal sex education, premarital sexual behavior, white college students, 56:7831
foundations vs life-time sports curriculum, attitude toward sports, male vs female college students, 56:4808
frequency & intensity of situational anxiety, male vs female college students, 57:10361
frequency of drug use & age & perceived risks & alienation of marihuana groups, college students, 53:7247
frequency of regular tests on psychology textbook material, final test performance, college students, 53:8404
frequency of testing & academic ability, academic achievement, college students, 55:13335
freshman personality scores as predictors of major area type & continuity between major field & occupational choice, Ss assessed 4 yrs after college graduation, validation of Holland's personality theory of vocational choice, 55:13635
freshmen interests & curricular group, subsequent vocational interests & academic ability, college seniors, 4-yr longitudinal study, 58:8343
friendly visiting with elderly & participation in aging course, attitudes toward aged, college students, 57:1932
fulfillment of expectations for teacher's leadership behavior, prediction of ratings of college teaching, college students, 55:1508
functionalist & conflict theories of social stratification, rankings of occupational prestige, college students, 1925 vs 1947 vs 1968, 55:13554
gender & racial categorization, self identification & self evaluation, black & white college students, 55:4642
general vs specific heuristics, mathematical problem solving tasks, college students, 55:5531
general vs specific practice vs item familiarization, change in aptitude test scores, college freshmen, 56:1511
generalizability of modal personality profiles, development of more effective bases for diagnosis & treatment of psychopathology, alcoholic inpatients & male prison inmates & chronic & short term psychiatric patients & college students, 55:9988
generational differences on measure of time perspective, college students & their parents, 53:9444
giving deceptive vs honest verbal response to interviewer's questions, pupil size, college students, 57:2664
Glasser peer group counseling, academic performance & self satisfaction & esteem & personal worth & social interaction, low achieving female college freshmen, 55:11031
glue seal placement between textbook pages, textbook usage measured by examination of seal breakage at end of semester, college students, 55:12945
goal value attributed to academic achievement & evaluative attitudes to grades, relationship between locus of control & grades, college students, 55:13279
goals & curriculum, program for acquisition of child care giving & mental health skills, college students, 57:11399
goals & evaluation, multiethnic peer counseling program for college students who tend to be missed by traditional counseling approaches, 57:1555
goals of undergraduate education in gerontology, liberal arts & community college & continuing education students, 58:12566
Gordon Personal Profile scores prior to use of drugs, personality differences, heavy vs light marihuana using vs nonusing college students, 56:619
GPA & athletic participation & presence vs absence of girl friend's picture, display of Playboy pictures, male college dormitory residents, 54:2955
GPA & socioeconomic status & sex & level of extracurricular activity & academic major & home residence, perceptions of urban educational institutional environment, college students, 55:5631
grade & sex, ratings of college instruction & views toward examinations & textbooks & supplementary readings & class discussions, college students, 57:6870
grade contingency & test score & behavioral inventory information feedback, achievement in peer teaching, college students, 57:13724
graffiti in male restrooms on college campus, political references on eve of 1972 national elections, 54:9489
grip strength & book load & sex, book-carrying styles, college students, 57:8190
group approach emphasizing student development, academic performance & psychosocial adjustment, high-risk college freshmen, 55:8351
group assertion training, assertiveness & territoriality & personal space behavior, female college students, 58:7928
group attendance & composition & verbal input & participation, faculty-student decision making related to student entry-exit criteria, college students & teachers, 55:7915
group career counseling program, career obstacles & knowledge of information sources & career alternatives & occupational attitudes & self confidence, female homemakers vs college students, 58:10680
group counseling & group counselor functioning, changes in perception of college environment, college students, 55:8413
group counseling, communication skills, Black college students in program for disadvantaged, implications for special education, 57:13983
group counseling experiences, personal-vocational development, vocationally undecided college students, 55:3297
group counseling, feelings of alienation, black college freshmen, 56:10774
group counseling procedure, effectiveness in changing work values, college students, 55:8430
group counseling program, self concept & locus of control orientation, economically disadvantaged minority youth in pre-college summer program, 57:14011
group counseling, rigidity in attitudes & behavior, college students, 55:8410
group counseling, self esteem & psychological adjustment & autonomy & complexity & impulse expression & social extraversion, male vs female college students, 57:13256
group desensitization vs negative practice, test anxiety & subsequent grade obtainment, college students, 56:8413
group discussion & interaction & information, systematic desensitization of test anxiety, test anxious college students, 56:8386
group discussion participation as supplement to audio-tutorial presentation of college biology & cognitive & personality characteristics, academic performance, college students, 55:13103
group goal setting training, success & attitudes toward success in college, disadvantaged college students, 58:10537
Group Hidden Figures Test scores, correlation with seasonal field-goal & free throw basketball shooting efficiency, male & female varsity college athletes, 55:11362
group interaction & development of openness behavior, students & instructors in elementary education program, 55:2965
group laboratory experience, self actualization & interpersonal compatibility, college students, 58:12548
group performance, attributions of responsibility, female college students in 4-member groups, 55:9747
group status & social distance & member background characteristics & psychological orientation & intergroup experiences, intergroup attitudes & stereotypes, South African White college students, 58:5304
group systematic desensitization using in-person presentation vs observational learning through videotapes vs cognitive approach & social facilitation, test anxiety reduction, college students, application to school setting, 57:6340
group systematic desensitization vs covert positive reinforcement by paraprofessionals, test anxiety, college students, 55:7621
group systematic desensitization vs cue-controlled relaxation, test anxiety, college students, 54:1695
group systematic desensitization vs group flooding vs group discussion/placebo control, public speaking anxiety, college students, 58:3886
group treatments, academic performance, college underachievers & bright failing underachievers, 53:6250
group vocational counseling sessions, attitudes toward work & choosing a career & vocational skills & development, college freshmen & sophomores, 57:6963
group vocational exploration, self-selection of teachers & career exploration & preparation for involvement in career education programs, college students, 53:12565
group vs traditional vocational counseling, vocational identity & decision making, college students who do vs do not seek vocational counseling, 57:7017
groups of individuals & pairs & trios, cognitive & psychomotor achievement in electronics laboratory stations, college students, 55:1455
growth model used in counseling, college women with unwanted pregnancies, 58:6001
guidance problems, college students transferring from Ohio University regional campuses to Ohio University central campus, 55:3238
Guilford-Zimmerman Temperament Survey test-retest comparisons, physical education majors vs female philosophy majors, 54:7675
gynecological examination with hand held mirror as learning experience, volunteer college students, 54:12413
hatha yoga & judo classes, personality & self concept profiles, college students, 55:8013
health & personal problems expressed in letters received by column of student newspaper, college students, 58:8360
health behavior, college students vs nonstudent population, 53:7245
Hebrew version of College Self-Expression Scale, female & male Israeli college students, comparison with US data, 58:6690
help sources contacted before requesting counseling, clients at university counseling center, 57:6953
Hermans's Prestatic Motivation Test, prediction of persistence & performance, college students, 55:11298
hierarchies for systematic desensitization, test & speech anxieties, college students, 54:5912
high school & college academic achievement & aptitude, severely disabled vs nonseverely disabled vs handicapped college students sponsored by Vocational Rehabilitation Service vs nonhandicapped college students, 58:4297
high school & college grade averages & prerequisite course grade & self prediction of academic achievement, correlation with actual performance, college students, 56:2942
high school equivalency program tutoring experience with economically poor minority high school youth, attitudes toward teacher's role & students & poverty, college student tutors, 58:10371
high school GPA & sex & change in major field frequency & socioeconomic status, college GPA, Pahlavi college students, 54:8404
high school GPA & verbal & mathematical scales of Scholastic Aptitude Test, prediction of college GPA, Mexican American vs Anglo American college students, 57:6964
high school grades & college entrance examination scores, college performance, junior & senior college students, implications for developing admissions & counseling criteria, 58:2269
high school grades & intelligence & efficiency reports, college achievement prediction, college freshmen, longitudinal study, Germany, 57:6825
high school percentile rank & School & College Ability Test scores & 1st semester grade point average, disadvantaged black college students admitted to special education opportunities program, 53:1962
high school psychology course, achievement in college-level course, college freshmen, 55:3019
high school type & sex & socioeconomic factors, prediction of academic achievement, college students, 55:13586
high vs low academic achievement & correlation with nonacademic traits, college students, 57:11437
high vs low intensity penalty in programed instructor-paced psychology course, test performance & course attitudes, college students, 57:4321
high vs low level of originality & feedback on ability to discriminate other's originality, accuracy of judgment of self & other's originality, college students, 56:4110
high- vs low-rise building design, psychosocial climate of university residence hall environments, college freshmen, 56:8760
history & problems & methods & sources of assistance, initiation & teaching of college course in human sexuality, 57:11372
Holland's theoretical model of vocational development, client-counselor matching, college students in vocational counseling analog, 58:2319
Holland's theory of vocational choice, classification & assignment of students to residence halls, college students, 55:13562
home & cultural background, problems of verbalization, Asian American college students, implications for curriculum design, 55:8273
human development program with group discussion, writing performance, college students, 55:5504
human potential seminar as intervention strategy, self esteem, college students, implications for preventative psychotherapy, 55:8403
human potential seminar participation, self actualization & ability to discriminate facilitative conditions, college students in counselor education course, 55:12923
Human Potential Seminar, perceptions of human nature & trustworthiness & altruism & independence & strength of will & rationality, college freshmen, 58:7921

human relations course, dogmatism, college students, 53:1907
human relations education programs, interracial attitude change, Black & White college students residing in human relations residence hall, 57:6805
human sexuality course, knowledge & attitudes about sex & facing sexual problems, college students, 58:2068
human sexuality course, knowledge of & attitudes toward sexuality, nursing & college students, 56:6749
human sexuality course, sexual attitudes & experience, college students, 56:2922
humanistic approach, sex role consciousness course, college students, 58:6236
humanistic classroom climate, personal development, male & female college vs graduate students, 53:1889
humanistic psychological education course, personal growth, college & graduate students, 58:12484
humanitarian motives vs fear of unknown & apathy, motivation of blood donors vs nondonors, British college students, replication of R. M. Oswalt & M. Napoliello's study, 54:3040
humor & client's sex, initial client-counselor relationship, college students, 55:8391
humor diaries of students, analysis of college humor in 1930 & 1972, 55:4178
humor vs no humor during lecture & level of anxiety & intelligence, subsequent retention test performance, college students, 56:10692
humorous lectures including related &/vs unrelated humorous examples, immediate comprehension & retention, college students, 58:6225
husband only vs wife only vs both spouses commuting & self concept, marital adjustment, commuter college students, 57:5691
identification & remediation of testwiseness, influence on achievement, college students, 58:12732
identification of client nonverbalized feelings & perceptions of counseling relationship, college students as clients & master's students as counselors, 55:8393
identification of factors unique to various academic advisement programs, satisfaction with & perception of advisement program, college students, 57:11557
identity conflicts in college experiences, minority college students, 56:1462
identity confusion & identity crisis resolution & self esteem & maturity of career choice attitudes, female college freshmen, 58:4330
identity confusion & resolution & self esteem & sex role perceptions, female college freshmen, 57:3360
identity development, college freshmen, 57:612
Identity Status Interview & Rorschach & TAT & Early Memories Inventory & daily life patterns, identity status, college students, 55:555
identity status, male vs female college students, Nigeria, comparison with US college students in D. D. Simmons' study, 58:954
illicit drug use among college students, literature review summary, 53:1029
imagery instructions &/or drawings, learning prose, college vs high school vs elementary school students, 54:10599
immediate knowledge of results & adaptive testing, test anxiety & test-taking motivation, college students, 57:11547
immediate positive reinforcement, course examination achievement, college students, 57:9068
immediate vs delayed feedback vs perceptual cues, learning interpersonal inquiry technique, male college students, 53:6163
immediate vs delayed feedback, delayed retention effect in multiple choice test performance, college students, test of interference/perseveration hypothesis, 58:4307
importance of oral communication portion of remedial programs, culturally different college students, 57:11533
in vivo desensitization methods, stage-fright reduction in classroom, speech-anxious college students, 54:1675
incidence & victims of male sexual aggression, female college students, 1957 vs 1977, 58:3242
incidence of homosexual & heterosexual experiences & associated attitudes & demographic characteristics, college students, 56:9786
incongruency of vocational self perception, GPA & change in academic major & dropouts & counseling initiation, male 1st-yr engineering students, 58:4130
incorporation of principles learned in classroom instruction, conduction of research projects as course work, college educational psychology students, 56:8685
increased participation in pleasurable events, alleviation of depression & subsequent rating of events, mildly & moderately depressed female college students, criticism of C. L. Hammen & D. R. Glass's study, 55:7301
increased participation in pleasure events, alleviation of depression & subsequent ratings of events, mildly & moderately depressed female college students, 55:7288
increased personal relevance, attendance & participation & academic performance, college students, 56:8751
independent study & object visualization & anxiety, hypothesis formation, college students in biological sciences, 55:3006
Indian hemp, motivation for & circumstances of use & effects on known users, college students, Zaire, 57:3159
individual differences, instructor evaluation, college students, 56:1503
individual differences, revision data generated during tryout of programed instructional units, college students in introductory teaching course, 57:11197
individual vs group reinforcement, promotion of paper recycling on university campus, college dormitory residents, implications of community recycling programs, 57:9264
individual vs group self control counseling vs traditional counseling, academic behaviors, college students, 57:11586
individual vs group-shared reinforcement contingencies vs noncontingent reinforcement using grading procedure variations, creative responding in classroom situation, college students, 55:8030
individual vs small group learning with computer assisted instruction, cognitive criterion test performance & attitudes & length of study time, college students, 57:9041
individualized progress vs traditional method of teaching intermediate typewriting, achievement & attitudes, college students, 55:13186
individualized self paced learning programs & Ss' interests & aptitudes & motivation, attitudes & achievement & learning efficiency in introductory physics, college students, 56:10634
induced anxiety in group counseling as preventive intervention procedure, anxiety about entering college, college freshman, 55:7571
inductive & deductive sequences & cognitive styles interaction, acquisition of higher order concept in English literature, college students, 55:13341
inference exercise designed to reveal others' inferences about S's personality, self perception & self concept, college students in speech class, 55:793
infirmary death & terminal illness, college students, 54:12653
information about & attitudes toward instruction before course enrollment & during & after instruction, college students, 53:1942
information feedback & self administered consequences & self monitoring, study behavior, college students, 56:6796
information processing rate & memory & vocabulary & language ability tests after injury until recovery, male college students vs nonstudents with concussions, 58:11954
inhospitable institutional vs personalized classroom setting & membership in environmental awareness group, alteration of inhospitable furnishings & person-furnishing distance, college students, implications for student attitudes toward school, 56:1448
initial attitude differences, achievement in personalized system of statistics instruction, successful vs procrastinating vs "withdrawn-from- course" college students, 56:2950
initial career choice & interests & abilities & sex, vocational choice change, college students, 53:6256
innovative approach in general education mathematics course, learning of computational skills & historical problems of mathematics & problem solving ability & attitudes toward mathematics, college students, 55:13235
innovative living/learning center vs regular curriculum, self actualization & psychosocial maturity, entering college freshmen, 56:6716
insertion of common word & number questions into reading materials, processing effects & incidental & intentional learning, college students, 56:10686
institutional & departmental responses to demands of black college students, 55:1511
institutional goals & congruence of preferences, college students vs faculty vs administrators, 55:7963
institutional involvement, psychological well-being, college students, 53:12481
institutional pressures vs student characteristics, college climate & environment, comparison of A. W. Astin & G. G. Stern's views, 53:10407
instruction expectation, structure of evaluation ratings of instruction, college students, 57:13544
instruction strategy based on active problem solving combined with interdisciplinary approach to current social issues, motivation & problem solving skills, high school & college students, 57:11351
instruction variables & college professor impact on students, book, 54:1895
instructional expectations & subsequent evaluations, college students, 54:8260
Instructional Improvement Questionnaire, class characteristics & student ratings of instruction, college students, 53:12383
instructional mode using lecture-discussion vs simulation game-discussion vs film-discussion, cognitive knowledge differences & attitude change toward people living in ghetto, college students, 57:6741
instructional objectives & reinforcement & practice test items & passage interest, amount learned from reading text, college psychology students, 57:13823
instructional pace of lecture, attentiveness, college students, 55:8034
instructional sequences, conversion problem solving ability in metric system of measurement, college students, 58:2033
instructions regarding usage of information given, teacher & course evaluations, college vs graduate students, 57:13854
instructions to rate each item on rating scales independently of other items, level of ratings & intercorrelations, college student raters, implications for college teaching evaluation, 53:8216
instructor characteristics, evaluation validity, college students, 53:1905
instructor characteristics, stimulation of thinking processes, college students, 54:12479
instructor feedback via cassette tapes vs written comments, achievement & attitude in elementary reading course, college student preservice teachers, 55:1298
instructor's nonverbal behavior, performance & attitudes, college students, 58:12663
integrated vs isolated living environments & race, academic achievement & college life satisfaction & personality change & change in racial perceptions, black vs white college students, 56:10712
integration into student subculture, indicator of onset & frequency of drug use, college students, 54:2940
integration of didactic & modeling & experiential modalities of learning, short term empathy training, undergraduate education majors, 55:2934
intellective & nonintellective & biographical characteristics & level of satisfaction with programs & services to help Ss make curricular choices, declared vs undeclared college freshmen, 58:8423
intellective & nonintellective characteristics from domains of academic background & attitude toward profession & aptitude, prediction of success in professional preparation program, college students in dietetics program, 57:9176
intellective & nonintellective predictors, predicting multiple criteria of college success, liberal arts freshmen, 55:13299
intellective & personality variables, prediction of college withdrawal, college freshmen, 58:10449
intellectual predisposition & autonomy & social-emotional adjustment & altruism & femininity-masculinity & locus of control & maternal career patterns & attitudes toward women's rights & roles & selection by male vs females, male vs female college students who joined vs declined to join honors program, 58:4344
intelligence & anxiety, academic performance, college students, 58:10425
intensive group experience, self actualization, Afro American college students, 58:9929
interaction between spatial visualization & general reasoning aptitudes & instructional treatment method, learning & transfer of absolute value equations, college students, 55:13339
interaction between student & teacher reinforcing & punishing behaviors, community college students & teachers, 56:4855
interaction with therapeutically sophisticated others, likelihood of being accepted for & remaining in psychotherapy, college students applying for psychotherapy in student psychiatric clinic, 54:10131
intercultural communication workshop participation & sex & origin, personality correlates & changes from national-mindedness to world-mindedness, foreign vs US college students, 56:10282
interdisciplinary approaches, promotion of critical thinking skills & academic achievement & self actualization & attitudes, college students, 57:6760
interdisciplinary undergraduate course, relationship of public decision making to theoretical application of mental health formulations & their effect on community services, 54:10500
interest patterns on SVIB, normative data & relationship to persistence in university curriculum, male college students, 57:8958
intergroup classroom sessions, interracial experiences & understanding of group interaction principles & facilitation of classroom learning through group participation, black & white college students from separate colleges, 55:1382
internal external locus of control, study habits & attitudes & academic performance, college students, 53:6190
internal instructor frames of references, rating of teacher's behavior, college students, 54:4021
internal vs external control, Rotter's Internal-External Control Scale, Indian factory workers vs college students vs Canadian semiskilled & unskilled workers, 53:9606
internal vs external control of reinforcement, study habits & academic attitudes, male vs female college students, 55:13427
internal vs external locus of control & externally vs internally controlled learning task, reading rate, male college students, 57:9015
internal-external control & interpersonal trust, motive to avoid success, college women, 56:755
internal-external control & reactions to failure & negative evaluations, evaluation of course & fairness of tests & grading policies, college students, 56:4864
internal-external locus of control, academic choice behavior & anxiety, college students, 57:4266
internal-external locus of control, career planning involvement & aspirations & conservativeness in sex role ideology, female college students, 58:6458
internal-external locus of control, level of occupational aspiration & change of college major, college students, 55:3162
interpersonal anxiety reduction & self evaluation reinforcement & over self reinforcement availability, subsequent self evaluation & self reinforcement responses, male college students, 55:13599
interpersonal factors, acceptable levels of sexual intimacy in dating & friendship, college students, 56:7889
interpersonal needs, male vs female 3rd generation Japanese vs Caucasian American college students, Hawaii, 57:3060
interrelationship of study skills & personality variables, college students, 55:8265
intersentence factors, cloze comprehension scores of passages from curricular materials, college students, 56:4985
interval vs ratio scale ratings, assessment of ratings of seriousness of illness, preclinical medical students vs college students, 58:4602
intervention effect of structural career development experience, personal & career & educational goals, college students in experiential teacher training program, 58:10584
interviews vs adult intelligence tests vs advanced-level examinations as selection tools, degree class, psychology undergraduates, 57:1890
intimacy of sexual activity with affectionate partners & casual dates, self acceptance & self confidence, female college students, 58:8357
intrinsic & extrinsic value orientation, college students, 55:12313
introductory course in animal behavior, college students, 58:12537
Introductory Year Program at College of the Pacific, individual expectancies & characteristics & growth in intellectual disposition, 1st-yr college students, 55:13531
introversion vs extraversion & time stress & caffeine, verbal performance, college students, 56:2426
introversion-extraversion & neuroticism levels & stress during testing, performance on intelligence & cognitive tests as measured by mental speed & accuracy & persistence, college students, 55:11014
inventories based on rational vs empirical item selection, criterion validity for instructional evaluation, college students, 58:6657
inventory for identification of achievement potential, minority group college students, 53:12549
involvement in feminist movement & cognitive style & attitudes toward student activism & social class background, female college students, 58:8354
irrationality & manifest anxiety & dogmatism & number of problems, college students, 57:8293
issues & problems, black students on white campuses, 54:8315
item difficulty of Michill General Ability Test, logical vs empirical estimates, college students, 58:8668
Jewish identification, academic achievement, college students, 55:1434
Job Analysis & Interest Measurement, identification of behavioral styles indicative of successful job performance, superior vs weak performing residence hall student assistants, 57:6692
job enrichment concepts for classroom instruction, motivation, college students, 53:6147
job-related attitudes & motivation, English- vs French-speaking Canadian college students, 58:12781
judgers' vs perceivers' personality type & classroom structure, performance in study skills course & course satisfaction & GPA, college students, 58:12625
judgmental dimensions used in evaluating teaching effectiveness, high school & college students, 56:10703
knowledge of participation in research project & perceived meaningfulness of materials & classroom teacher vs outside E, bias effect in classroom research, college students, 55:5880
knowledge of quiz results & achievement & affiliation motivation & test anxiety, persistence & performance & satisfaction in introductory psychology course, college students, 57:6818
knowledge of word parts, knowledge of derivatives, college students, implications for instruction, 55:5584
laboratory education using team development training, morale & productivity, college students in student-centered psychology class, 58:2032
lack of information available concerning careers of psychology undergraduates who did not go to graduate school, suggestions for career-oriented undergraduate programs, 58:4480
last regular class meeting vs final examination evaluation of course & instructor, college students, 53:1888
lateral dominance, music learning, college music majors, 55:8146
leader personality characteristics, perceptions of group discussion experience & sexual knowledge & attitude changes & emotional style & self esteem & disclosure & sex guilt, college students in sex education, 56:10609
leaderless vs teacher-led tutorial groups, participation & discussion content, college students, 53:10459
leadership & membership in personality laboratory, personality change & college major & occupational goals & educational aspirations & self acceptance & locus of control, college students, 57:1613
leadership training, leader behavior, emergent student leaders, 55:11018
learning concept of painting style, college students, 55:13337
learning context & instructor & course & outcome of instruction, structure of student evaluations of faculty-course, college students, 55:5614
learning contracts, achievement & students' evaluations, college students, 53:3962
learning from extended prose, cloze measures as indices of achievement comprehension, college students, 53:1983
learning modules & classroom lecture, acquisition of 2 counseling strategies, students in introductory counseling courses & counselor trainees, 56:1247
learning package with instructional objectives, achievement & retention, college students, 57:11313
lecture & discussion vs experiential learning vs outside class T group experience in management education, self concept & interpersonal relations & cognitive test performance, college students, 57:11352
lecture method vs self paced instruction & exam frequency & grading methods, academic performance, college students, 55:10802
lecture method vs small group teaching & media teaching, active student involvement & enhanced content & social learning & improved university student–faculty relationships, West Germany, 54:4075
lecture only vs with modeling & rehearsal vs readings, first aid knowledge, college students in dormitory, 57:9033
lecture seduction & content coverage, lecturer ratings & test performance, college & graduate students, 56:2916
lecture style, validity of instructor competence evaluations, college students, 56:4841
lecture vs independent study combined with small group discussion vs audio-visual methods in sex education, knowledge gain & attitude change, college students, 56:10655
lecture vs personalized instruction, achievement & anxiety, college students, 56:6723
lecture vs programed instruction, mental factors & thinking interest factors & algebra success, college students, 56:2849
lecture vs reading study methods & method preference, comprehension of verbal material, college students, 57:13713
lecture vs slide-tape method, physical fitness instruction, college students, 58:6229
lecture with independent group projects vs group enounter, self esteem & reduction of alienation from US society, college students with Asian ethnic backgrounds, 55:10836

lecture–discussion vs independent study, factual context acquisition & attitudes & student motivation & satisfaction & classroom climate, college students, 53:6140
lecture-discussion vs self pacing teaching methods & aptitude, learning & retention, female college students, 56:6718
lecture-laboratory vs audio-tutorial method for teaching biology, achievement & attitudes, nonscience major college students, 55:1408
lecture-laboratory vs lecture-lecture vs lecture-research-discussion methods & weekly vs midterm-final testing, achievement & evaluation of course, college students, 56:2857
lectures varying in substantive teaching points & seductiveness, satisfaction ratings & achievement test performance, college & graduate students, 54:1893
length of stay in US & exposure to American way of life & adjustment, attitudes toward traditional cultural values in areas of women & family relations & occupational choice, Saudi Arabians attending colleges in US, 57:12608
length of time-out during instruction & time-out preference, performance in self paced individualized instruction, college students, 58:4252
level of dissatisfaction with college & vocational choice & certainty of vocational choice & degree of self-ideal self discrepancy, changes in perceived self-college similarity, college students, 57:1989
level of entering behavior, achievement on critical tests measuring educational objectives when receiving visualized instruction, college students, 54:12532
level of verbal ability & authoritarian tendencies & use of guidesheets, learning behavior modification principles from film viewing, college students, 55:13002
Library Orientation Test & study habits & attitudes & sex, academic achievement prediction, college students, 54:6370
life change & trait anxiety & dogmatism, academic performance, college freshmen, 55:13276
life change, attitudes toward self & others & mental health & academic role performance, college students, 57:5942
life changes during study abroad & positive influences & areas of concern, American college students in Europe, 57:9092
life-stress & locus of control, illness-related treatment-seeking, college students, 55:4959
linguistic & motivational & orientational factors, achievement in acquisition of English as foreign language, college & graduate students, Spain, 55:13271
listening comprehension of time compressed speech, reading comprehension using speeded reading, junior college students enrolled in speed reading, 58:6277
lists vs paragraphs of words in meaningful vs scrambled context & list width, developmental differences & role of peripheral information & context in visual search information extraction, 3rd vs 5th graders vs college students, applicability to reading models, 57:5551
literary works, behavioral & cognitive effects, college students in psychological interpretation of literature class, 53:1185
"Live & Learn" program, academic progress & wanted & expressed social interactions, "Live & Learn" vs Honors college students, 55:1369
live vs filmed lecturer using vs not using nonverbal expressive behavior, attitudes toward instructor performance, college students, 58:6246
locus of control & alienation & personality, marihuana usage, college students, 55:9676
locus of control & demographic characteristics & educational attainment, Mexican American high school seniors vs college sophomores vs seniors vs nuns vs priests vs Mexican national college students, 57:5651
locus of control & need for achievement, expectations of entrepreneurship, male university business students, 58:5380
locus of control & occupational aspiration level, congruence between self concept & occupational goal & vocational interest preferences, male college students, 55:8459
locus of control & parent education, attitudes toward academic achievement, male vs female black college students, 54:8425
locus of control & performance-outcome expectancy, predictions of academic effort, college students in self paced course, 57:4358
locus of control & personal adjustment level, preference for directive vs participative therapists, college students, 57:1588
locus of control & sensation seeking & 16PF & Future Time Questionnaire & Environmental Deprivation Scale performance & biographical data, geographic mobility plans, college students, 57:5892
locus of control & sex, counternormative behavior in pursuit of higher education, economically disadvantaged vs nondisadvantaged college students, Mexico vs US, 58:10458
locus of control & sex role concepts, Black vs White female college freshmen, 58:9567
locus of control & trust & alienation, college students, 1964 vs 1969 vs 1974, 57:11511
locus of control & vocational choice, maturity, female college students, 56:6883
locus of control & vocational preference, occupational choice, Black college students, implications for validity of Vocational Preference Inventory, 57:7015
locus of control, attitudes toward members of selected occupations, college students & workers, 54:2924
locus of control changes, post college students professionally employed or engaged in childrearing, 10-yr followup, 55:4663
locus of control, college students vs workers vs professionals, 53:1217
locus of control, Japanese translation of Levenson IPC Scale, US vs Japanese college students, 53:11729
locus of control, occupational interests, male college freshmen, 57:1253
locus of control, performance in personalized system of instruction course, college students, 54:4097
locus of control, performance under traditional vs mastery assessment procedure, college students & graduate student teachers, 56:10790
locus of control, reactions to Watergate break-in, college students, 57:5713
locus of control, relationship between estimated course grades & evaluations, college students, criticism of M. M. Page & R. E. Ray's study, 56:2968
locus of control, relationship between estimated course grades & evaluations, college students, reply to T. Blass' criticism, 56:2995
locus of control, satisfaction with college major & stability of choice & occupational intentions, college students, 56:3068
long term group counseling, academic achievement & noncognitive personality variables, college students, 55:3300
low test anxiety as potential indicator of academic underachievement, college students, 57:11455
low vs high achievement in secondary school, educational experience & progress, college students, 53:8338
Machiavellianism & campus residency, susceptibility to social facilitation, college students, 57:12746
major field choice, academic overachievement, male vs female college students, 54:10578
major field of study, perceptions of teaching effectiveness & ideal professor, college students, 57:13866
majors congruent with Holland Vocational Preference Inventory typologies, persistence in pursuit of educational goals, college students, 55:3272
maladjustment inferences toward male- or female-identified medical school aspirants, traditional vs untraditional college counselors, 54:5224
male vs female personality traits as measured by 16PF, physical education majors, 57:8317
manifest & latent masculinity & femininity, creative female college students, 54:11836
manipulative-pictorial vs pictorial vs symbolic instructional methods, probability & statistics learning, college mathematics & science majors vs nonmajors, 56:4745
marathon encounter groups, improvement in teacher-student relationships, university students & teachers, 55:3142
marathon Gestalt workshop for 16 vs 24 hrs, self actualization, college students, 57:3896
marathon group counseling using encounter vs transactional analysis procedures, selected self concept factors, educational psychology students, 55:13521
marathon growth group experience, changes in semantic differential affect ratings of self & others, male & female college students, 54:5920
marathon vs encounter groups, personal growth, college students, 56:4980
marihuana & other drug usage, openness to experience, male vs female college students, 53:5080
marihuana usage, English college students, 53:11532
marital & parental role expectations & preferences, college freshmen, implications for curriculum development in family life education, 57:13696
marital dissatisfaction, married college students living in university family housing, 56:1449
marital status & age, concepts & attitudes toward marriage, men vs women college students, 56:584
marital status & sexual identification, attitudes, 21–24 yr old college students, 58:6290
marketing technique, student recruitment, colleges, 54:4000
married student subculture & development & test of proactive model for positive adjustment as educational vehicle in aiding spouse self-direction & development as married student unit, 55:10911
mastery learning in college math, affective & cognitive carry-over effects, college students, investigation of B. S. Bloom's theory, 57:9039
masturbation attitudes & knowledge & experience, male vs female college & graduate & medical students, 57:12678
match between perceived & preferred affective course conditions, course grade, 2nd-term engineering students, 58:12572
materialistic-competitive vs personality vs social class theories of dating preference, prediction of dating behavior, college females, 57:5747
maternal control & locus of control, high school achievement, male college students, 55:3117
maternal employment & perceived maternal satisfaction & goodness & sex role conceptions, future life plans & career orientation, female college seniors, 57:1114
mathematics achievement, transfer vs native college students in University of Southern Mississippi, 56:4819
mathematics attitudes, female elementary education students vs other female college students, 57:9103
meanings of concept "real self," dangers in teaching 1st-yr psychology based on this concept, 54:6254
measurement of educational-vocational indecision & identification of antecedent, college students, 57:14009
measurement of written syntactic patterns, developmental stages in acquisition of German syntax, college students learning German as 2nd language, 56:1417
media resource-based learning project assessment, teaching of introductory French, college students, 56:1393
menstrual cycle, state anxiety & physical performance, female college athletes, 58:9015
menstrual cycle, volunteering for research project, female college students, 55:11250
menstruation, academic performance, high- vs low-motivated female college students, 55:13278
mental ability & reading skills & self prediction of grades, semester GPAs, college students, 57:13797
mental disorders diagnosed in 5 min & 1 hr interviews by psychiatrists, college students, 53:7599
mental health, junior high vs high school vs college students, Taiwan, 58:11777
messages creating high vs moderate attraction to instructor, behavior therapy outcomes, test anxious college students, 55:5104
methaqualone use & side effects & psychoactive drug use & personality traits, college student users vs nonusers, 55:4459
metronome-conditioned hypnotic relaxation, test anxiety reduction, college students, 57:1624
microlab experiences, interpersonal behavior & self actualization, college students, 56:2603
midquarter examinations vs frequent quizzes in introductory psychology course, achievement & ratings of method of study & evaluation, college students, 56:1518
mini classes & social activities & communication workshops, adaptation to college classroom & community & self exploration, college freshmen & upperclass student leaders & faculty, 56:1461
minority vs fraternity & sorority organization membership & dogmatic orientation, conservative-liberal characteristics of value positions & preferences, college students, 56:10696
mixed vs unmixed dominance, academic cumulative average, male left handed college students, 58:12580
MMPI & SVIB, interbattery relationships between domains of personality & interest & effectiveness of built-in covariation, college scholarship applicants, 55:8419
MMPI behavioral correlates of profile types with scale-5 elevation, college student psychiatric outpatients, 58:7629
MMPI characteristics, male college graduates in physics vs zoology vs sociology vs history, replication & reanalysis of 1969 study, 58:7583
MMPI, Chinese & Japanese vs non-Asian student users of university psychiatric clinic, 53:3355
MMPI pattern changes, male college & graduate students, 1969–73, 57:6905
MMPI, prediction of emotional adjustment problems & attrition, US Air Force Academy freshmen, 53:4028
MMPI profiles, cohabitating college students, 56:4093
mnemonic devices vs non-mnemonic device vs repetition & sex & language arts & mathematical & artistic abilities, recall measured immediately vs 1 wk later vs 3 wks after session, college students, 57:7422
mode of college residence, perceptions of psychological climate at university, college residents of female vs male residence halls vs sororities vs fraternities, 55:13413
mode of instructional presentation, interaction with student characteristics, college students, implications for appropriateness of instruction, 55:13134
model for facilitation of motivation, concept attainment, high school & college students, 55:13323
model of critical thinking ontogeny, college students in different curricular areas, 55:13282
model of instruction, basis for college course & instructor evluation, 57:8961
model reinforcement counseling & race of student model & counselor sex, career information seeking, Black college freshmen, 58:12755
modeling of career counseling & sex of counselor, interest in nontraditional occupations, female college students, 55:8392
modeling vs desensitization vs flooding vs study skills training, test anxiety, college students, 58:3842
model-reinforced videotape, vocational information-seeking, college students in career information resource center, 56:4957
model-reinforcement counseling technique with vs without videotape, vocational information seeking behavior, college students, 58:4418
modern dance & music, body image & self concept, female college students, 58:12517
modification of cognitive vs emotionality responses using covert positive reinforcement, test anxiety, college students, 58:9937
modification of locus of control, confirmation-disconfirmation of expectations of academic performance & college satisfaction, freshman year college students, 58:6338
modification of 1st 10 items of Purdue Rating Scale for Instruction, perceived value of teacher characteristics, college students, 57:6881
modified writing style of certain topics in calculus, achievement & attitudes, educationally disadvantaged college freshmen, 57:11422
monocular texture gradient information, perception of surface slant, 1st vs 3rd vs 5th graders vs college students, 57:5566
moral judgment development & performance on MMPI selected scales, male college students, 57:3300
motivation to avoid success, prediction of dropout & underlying reasons, male vs female college students, 55:5538
motivational factors, involvement in decision making & social organizations, college students, 58:10504
motivational problems, computational skills in sociological statistics, college students, 53:1945
motivations for entering teaching profession, college students, implications for selection of potentially effective teachers, 54:12480
motive to avoid success, achievement conflicts, high school men & women & college men, 54:12568
motives for drinking, college students now vs 20 yrs ago, 56:7837
multicultural & boarding school experience & family background & academic specialization & complexity of society, moral development, Kikuyu secondary students & college students from various ethnic groups, Kenya, 58:6298
multidimensional scaling approach, concept sets operationally defining cognitive structures & stability & utility for predicting classroom performance, college students, 57:9066
multidimensional scaling, individual differences in concept learning in developmental psychology course, college students, 53:2011
multidisciplinary model, undergraduate education in rehabilitation, 53:5426
multiple & canonical correlations, prediction of academic performance, psychology students, Argentina, 58:2232
multiple choice vs fill-in test items, student academic performance & study behavior, college students, 57:9077
multiple discriminant analysis, student ratings of college teachers, college students & faculty, 54:8412
multiple discriminant analysis, Minnesota Counseling Inventory, incarcerated male felons vs male college students, 54:9725
multiple regression analysis, student ratings of college faculty & student grades, 56:10763
multi-scalable survey, affective & cognitive & background components of predisposition toward public service employment, college students, 55:13653
multivariate analysis, influence of student's grade on student ratings of faculty, college students, 58:6395
multivariate analysis of personality & academic variables, discrimination among persisters & transfers & dropouts, male & female college students, 53:6187
multivariate analysis, sex & instructor attributes & course values & work requirement & S's educational orientation & maturity factors underlying evaluation of college instructors, college students, 54:6389
multivariate analysis using coefficient of profile similarity, personality profiles, graduate & college physical education students & comparison to general population norm, 58:3405
multivariate relationships of work-value-needs with reported antecedent determinants & concomitant correlates, college students in different areas of educational-vocational specialization, 57:13875
Music Peak Experience Scale, quantitative measurement of phenomena of peak experience in music, college students, 55:59
mythical parallel & degree of affect & rationality & similarity to everyday life, archetypal dreams in childhood vs vivid vs recent dreams, college & graduate students, 54:4673
national impressions, evaluation of concepts of Canada & Canadians & America & Americans, Canadian & American 5th & 8th & 11th graders & college students, 54:5090
natural reading rate training & personality correlates, prediction of reading course success, college students, 55:1376
need for achievement training in small groups, college students in residence hall setting, 55:3247
need for inclusion of English speaking skills as part of 2nd language program, college students, Malaysia, 58:10369
needs & subjective experiencing of standard of living, college students, 58:10452
needs assessment instrument, married student families, 54:6384
negative information in 2 alternative answers to questions given by teachers, choice between alternatives & question asking behavior, middle school & college students, 56:8746
neurotic personality structure, freshmen psychology vs other college students, implications for sampling, 54:10781
neuroticism & introversion-extraversion & self esteem & life characteristics, college male activist vs nonactivist homosexuals vs heterosexuals, 55:2297
new graphic display system for data presentation vs verbal-numerical formats, effective portrayal of quantitative & concrete concepts, college students, 56:2888
newsletter vs orientation program for information dissemination, knowledge & attitudes & perceptions of university environment, parents of incoming college freshmen, 53:6102
nocturnal enuresis & effects on social life & job responsibilities, business administration graduate & college students, 54:1244
noncategorical and competency-based teacher preparation in special education, college students, 56:1320
noncognitive personal variables, academic success, disadvantaged college students, implications for college admission, 56:2948
noninstructional activities, classroom teacher effectiveness determined by student evaluations, college students & faculty members, 55:13039
nonintellectual characteristics & socioeconomic classification of parents, President's Scholars Award recipients vs nonrecipient students at Texas A&M University, 56:2941
nonmathematical reasoning abilities, prediction of success in engineering technology, college freshmen, 58:6276
nonmetric multidimensional scaling measurement of memory development, similarity judgments between complex objects, 5 yr olds vs male college students, 54:4985
non-Puerto Rican group counseling, values & self-concept & sex role conflicts, Puerto Rican college students, 53:6255
nonstudy methods, nonmotivated college students, 54:12588
nonverbal communication, male vs female counselors vs college students majoring in education, 56:9835
norm- vs criterion-referenced testing conditions, achievement & guessing & risk taking behavior, college students, 58:8409
normative data, Dynamic Personality Inventory, American college students, 55:9890
normative data from Group Embedded Figures Test performance, college students, 58:3401

scores for Hill Interaction Matrix, male & female college students, [illegible]

sonnet & lecture rate & informational density, memory for lecture, college students, 54:4054

[illegible] & repetition, encoding & retention of printed material, [illegible]

[illegible] & stimulus difficulty & prior knowledge of text, immediate & delayed aural comprehension of meaningful verbal material, male cadets in US Air Force Academy, 57:13813

participation in Black studies program, self concept, Black college students, 57:11393

participation in class concerning Black women's contributions, perceptions of Black women's contributions as leaders & change agents & creative beings, Black vs White male vs female college students, 58:12527

participation in course in disability with vs without plans to work with disabled vs educational psychology course, attitudes toward disabled, college students, 58:2021

participation in experimental problem-oriented &/vs traditional discipline-oriented humanities course, perceived personal growth & other course consequences & attribution to course experiences, college students, 58:6211

participation in group leadership course, leadership functions & personality, leaders of college student organizations, 57:6730

participation in growth group with leader directed vs group centered approach vs topically-oriented discussion group, personal & interpersonal growth, college students, 58:5868

participation in off-campus field study internship program, learning process & outcomes, college students in liberal arts curriculum, 57:6757

participation in physical education class, change in affective & behavioral & cognitive components of attitude, college students in recreational sport vs foundations curriculum, 55:13458

participation in protest activities, attitudes toward female sex role, college students, comparison with 1961 study of K. Kammeyer, 55:12169

participation in required adapted physical education program, changes in attitude toward physical education & personality traits, college freshmen, 55:5516

participation in residential experimental undergraduate unit, alienation reduction, college students, 55:1510

participation in self directed vs traditional learning environments, locus of control, college students, 57:6880

participation in sex education course & reasons for course enrollment, attitudes toward course components & changes in self concept, college students, 55:5530

participation in small group discussions for formulating recommendations concerning university policy vs for expression of feelings, change in expressed satisfaction toward campus environment, college students, 56:4848

participation in teacher aide program, attitude change & cognitive development & self concept & skills & role perceptions, education majors, 58:1965

passage structure & presence vs absence of advance organizers, retention of prose material, college students, 57:6855

passive vs aggressive art motivations, aesthetic quality & identification/involvement & creativeness of drawings, college students, 55:13185

past & expected intellectual behavior & personality characteristics & peer choices, intellectual commitment, college freshmen, 57:6838

patient contact from course-related voluntary activity, conceptions of behavior of psychiatric patients, college students, 56:8677

patient's demographic characteristics & social appeal & rater's experience, bias in judgments of psychopathology, clinical psychologists vs graduate vs college students, 58:8150

pattern analytic procedures, academic success prediction, college students, 55:5670

pattern of substance use & sex, organization of needs measured by Personality Research Form, college student nonusers of drugs & alcohol vs users of alcohol vs marihuana vs variety of drugs, 58:1027

patterns of college preparatory work in high school, college achievement, college freshmen, 58:8296

patterns of drug usage in state systems, college vs junior college students, 55:7031

patterns of student characteristics, learning college algebra, college students, 58:10401

patterns of test frequency & delay of test results, calculus achievement, college students, 54:12595

patterns of use of alcohol vs cannabis vs tobacco, college students, 55:7016

peer acceptance of drug & alcohol, users, college students, 58:5292

peer cooperation & practice, learning of gross-motor whole-body task, 17 22 yr old college females in physical education course, 57:6820

peer counseling program, college residence halls, 53:8409

peer counseling program, reduction of student attrition, 1st-yr college students, 58:10611

peer counseling rap groups, self esteem & use of resources & reasonableness of goals, college students, 58:1639

peer monitoring procedure vs traditional grading, academic performance, college students, 58:12593

peer pressure & college fields of study, attitudes, college graduates, [illegible]

peer resource program, development & utilization of college student peer leadership in delivery of student personnel services, 57:11549

peer social modeling using videotaped films with variation in counselor sex, interest in nontraditional occupations, female college students, 53:4099

peer teaching vs traditional instruction in venereal disease education, knowledge & attitudes & behavioral intentions, community college students, 57:13729

peer vs professional counseling, self disclosure & trust, black college students, 55:5739

peer- vs staff-led human relations training, performance on standard role performance & written communication index, college students, 57:10829

peer-advising program & peer group effect, early college environmental perceptions, incoming college freshmen, 56:1520

peers' perceptions of S's interpersonal effectiveness as teachers, affective responses to early recollections, male vs female prospective secondary teachers, 58:10230

perceived & actual parental attitudes, vocational choice problems, male junior & senior college students, 55:10928

perceived causality of examination success vs failure, affective reactions to & future expectations of examination performance, college students, 54:1897

perceived environment of university, freshmen vs upperclassmen vs faculty vs administrators, 54:4028

perceived faculty influence, college students, 56:4882

perceived importance of recruitment practices & personal influences, student choice of pre-ministerial studies in Lutheran Church, male college students vs professional recruitment personnel, 56:10530

perceived intellectual-social-cultural climate, college students, 58:10461

perceived parental attitudes & values & beliefs & childrearing practices, vocational development & choice of male-dominated vs sexually-equal vs traditional vocations, female college students, 58:10681

perceived parental values & attitudes & political ideology, student activism & politico-economic conservatism, white male college students, 55:6868

perceived role of female high school physical education teacher, college physical education majors & faculty & high school principals & teachers & physical education teachers, 58:2000

perceived student-college fit & personality change interrelationship, college freshmen, 55:5616

perceived traits of ideal professor, college students, 58:4334

perceived value of advisor's characteristics, college students, 58:10483

perceived value of presidential candidate's attitudes & abilities, college students, 58:7376

perception of & information about organization, problem solving, college students, significance for education, 55:13313

perception of agreement with college-attending children & methods of influencing children, parents of college students, 54:5031

perception of female vs male professors as measured by occupational prestige ranking, college students, 56:6789

perception of instructor credibility, forecasting career decision making behavior, college students, 55:3280

perception of link between business & social institutions, political nature of student theft in university communities, anonymous questionnaire data from male & female college students, 54:12059

perception of mathematics & reading & creative thinking abilities in relation to peers, college students, implications for social-comparison processes model, 56:1435

perception of pressures & sources of help & college psychological services, commuting vs residential college students, 56:8736

perception of professional advisement program, college freshmen vs upperclassmen, 55:13605

perception of school psychologist & his role & relationship to felt needs & concerns, college students, 55:1479

perception of sex role stereotypes, ramifications for female creativity, male vs female college students, 58:1010

perception of social episodes, analysis of categorical & dimensional representations, housewives vs college students, implications for taxonomic system, 56:7861

perception of university environmental experiences, black college students, 55:5606

perceptions & attitudes toward college environment & general education program & class level, college students in special vs regular programs, 58:10497

perceptions & use of & needs for & satisfaction with student personnel services, college seniors, 57:4381

perceptions about mental retardation, members of American Academy on Mental Retardation vs college vs graduate students, 57:3026

perceptions of actual & ideal university goals, college & graduate students vs administrators & student personnel practitioners, 57:13587

perceptions of benefits & needs & objectives of developmental skills program at New York City Community College, students & teachers, 56:4692

perceptions of causes of poor academic performance, faculty at 2-yr college for women, 58:12579

perceptions of college environment, academically successful vs less successful Black minority college students, 57:13857

perceptions of college environment, college students vs student personnel administrators, 53:6124

perceptions of death & feelings of powerlessness & cognitive preoccupation with death & GPA & linking of sex & death, college students with high vs low vs repressed vs sensitized death concern, 56:9898

perceptions of effective instructional climate, college students & faculty members, 53:12387

perceptions of employment interviewer, subsequent job acceptance decision, college students, 57:2069

perceptions of institutional functioning & responsiveness toward student pressures for change, college students in 4 yr schools, 55:1530

perceptions of major vs previous expectations, college seniors, 55:10964

perceptions of mass section multimedia instruction vs ideal vs large class vs small class taught by professor vs teaching assistant, college juniors & seniors, 57:13708

perceptions of organizational characteristics of engineering college, satisfaction, students vs faculty, 56:4689

perceptions of orientation advisor effectiveness, incoming college students vs supervisors vs student advisors, 56:1488

perceptions of Prime Minister A. Hovayda & ideal self, male vs female college students, Iran, 57:5928

perceptions of race & sex & socioeconomic status, occupational opportunity structure in American society, black & white college students, 55:4580

perceptions of role of student counseling center, college students & faculty & student service personnel & counseling center staff & clients, 55:5717

perceptions of self & ideal woman & man's ideal woman, married & single college women, replication of study of A. F. Rappaport et al, 54:5265

perceptions of self actualization as purpose of higher education, college students vs faculty vs administrators, 57:11190

perceptions of sex roles & parental upbringing & personality traits & personal background, sex role identification, female college students, 58:3245

perceptions of student activities at Federal City College, urban/commuter college students vs student personnel services staff, 58:8167

perceptions of student class performance at mid-semester vs end-of-semester grades, teachers vs Black vs White academically disadvantaged college students, 58:2166

perceptions of student personnel services & use of perceptions in evaluation of development & management of services, college students vs faculty, 57:13569

perceptions of teacher characteristics, college students vs faculty, implications for teacher effectiveness improvement, 57:1992

perceptions of use of drugs, junior high vs high school students vs teachers vs parents vs college students vs faculty, 58:11620

perceptions of work & career expectations & actual career experiences, college students at graduation & 1 yr later, 55:11072

perceptions toward counseling & personal adjustment, counseled & noncounseled Virginia State College students, 56:4860

perceptual cognitive styles & personality & demographic variables, community college students who changed vs remained in major area of study chosen at time of college entrance, 55:10920

perceptual style & locus of control & personality traits, urban white college students, 54:1148

perceptual training methods combining response sets for handling visual information, improvement of aesthetic quality of art product, college students in elementary art methods course, 55:8024

perceptual training methods in art education, aesthetic quality & drawing accuracy & use of space, college students, 55:10754

perceptual-judgmental & activity-interpersonal relationship preferences, prediction of ratings by peers & expert judges on empathy & genuineness & warmth, college student volunteers in telephone crisis center, 58:8483

performance contingent points & rules with examples & knowledge of correct response, course grade achievement, college students, 57:1923

performance on interpersonal & administrative behaviors, undergraduate vs professionally trained head residents, 58:1966

performance proficiency requirements, examination scores & study time, college students with high vs low GPAs, 57:13710

performance vs non-performance objectives, cognitive learning, teacher education students, 58:6174

performance-contingent points under varying instruction conditions, final course grade, college students, 58:8304

persistence & change in value orientations, Caucasian American college students vs adults vs Japanese American adults, 57:10081

persistence & graduation rate & academic achievement, low income college students receiving vs not receiving Educational Opportunities Grants, 58:2071

persistence in school & GPA, college student users & nonusers of counseling & psychiatric services, 5-yr study, 54:8481

persistence of communications skills during interviewing & in written data, college students in special vs regular personality course vs 1st-yr graduate students in fundamentals of counseling course, 6–9 mo followup studies, 56:10499
persistence of impact of college, attitudes & values & interests relevant to academic activities, college freshmen vs seniors vs alumni 5 yrs after graduation, 56:10710
personal & family characteristics, cohabiting & noncohabiting college students, 55:12163
personal adjustment applicable to college students, book, 54:9369
personal attitudes & reasons for returning to college, mature women at liberal arts college, 58:4331
personal characteristics & environmental factors, utilization of campus mental health agency, college freshmen, 57:4077
personal concerns & manifest anxiety, black male vs female college students in southern black university, 56:8759
personal constructs, female college student track athletes, 58:5416
personal counseling vs study habits fact sheet vs counseling letters, attitudes toward educational environment & academic performance, college freshmen with lower scores on study habits & attitudes survey, 58:6432
personal drug use & environmental perceptions, college students, 54:921
personal environment congruency, academic performance & satisfaction with college, college students, 57:4379
personal goal setting for course, instructor critique & course critique & relevance of text & classwork & grades & affective level, college students, 56:1405
personal growth group counseling, self concept & academic achievement, college students, 58:8417
personal history variables & dominance feelings, attitudes toward coeducation, female college students, 56:8749
personal orientation & study habits & educational attitudes, GPAs, college students, 56:10668
personal space & body image, Black female college student leaders vs nonleaders, 57:6903
personal traits & perceptions of remedial courses & college GPA, open admissions college freshmen, 55:1380
personal values, home economics vs human ecology female college students, 57:9111
personality & ability & academic performance traits, intercorrelations of Survey of Work Values & pro-Protestant Ethic & Protestant Ethic scales, college students, 54:12669
personality & ability & demographic variables, prediction of major field of concentration, college freshmen, implications for educational guidance, 58:2221
personality & athletic background & scholastic differences, college male intramural sports participants vs nonparticipants, 55:7876
personality & attitudes toward research, late vs early participation in experiment, college students, 53:1941
personality & cognitive characteristics, female college freshmen choosing nursing vs related careers, implications for nursing educators, 56:6797
personality & demographics, responses to contemporary values of "youth," college students vs administrators, 55:10912
personality & psychophysical factors, preference for amphetamines vs barbiturates, male college student drug users, 57:10208
personality & sociocultural environment, student political activism, college students, evidence for field theory of social behavior, 53:5054
personality & socio-personal characteristics & academic achievement, satisfaction, students attending public vs private church-related colleges, 57:6885
personality as measured by 16 PF, female college students attending psychology of women course vs golf star athletes vs average golf players on college team, 58:5407
personality change, liberal arts college students 5 yrs after graduation, 58:9583
personality characteristics & academic aptitude, voluntary participation vs nonparticipation in personal growth groups & joining vs not joining in extracurricular clubs & organizations, college students, 58:10481
personality characteristics & attitudes of seekers vs nonseekers of counseling, college students, 55:7539
personality characteristics & background information, differentiation between persisters vs dropouts, college freshmen, 57:6892
personality characteristics & choice of major, freshman & senior college students, 4-yr longitudinal study based on J. L. Holland's theory of vocational choice, 55:5769
personality characteristics & environmental perceptions during freshman year, education, college students, 55:1474
personality characteristics & student aptitude & classroom participation & peer & teacher-student interaction, affective & cognitive outcomes of instruction, college teachers & students, 58:12628
personality characteristics & student ratings of counselor effectiveness, college students & residence hall counselors, 55:13615
personality characteristics, elementary vs secondary education majors vs special education majors specializing in mental retardation vs emotional conflict vs multiple disabilities, 55:1259
personality characteristics, female student volunteers for coed dormitory living vs nonvolunteers, 54:11837
personality characteristics, identification with parents' denominations at entrance into Christian college, students, 53:7141
personality characteristics, non-marihuana smokers vs moderate vs heavy vs poly-drug-using marihuana smokers, college students, 55:7025
personality characteristics, Negroes attending predominately white university vs black college, 55:8201
personality characteristics, prediction of preferences for teachers' leadership styles, college & community college students, 57:13886
personality characteristics revealed by Rorschach Psychodiagnostic Test, college educated congenitally deaf 24–33 yr olds, 58:9787
personality correlates & parental absence & mother-father similarity & parent-child closeness, mathematical & verbal ability patterns, female college students, 58:3075
personality correlates, creative productivity, college students in architecture, Thailand, 57:11486
personality correlates, drug preference, college drug users vs nonusers, 55:694
personality correlates, stereotype accuracy in interpersonal perception, prospective secondary school teachers, implications for teacher education, 56:4723
personality differences & demographic characteristics, persisters vs withdrawers vs academic withdrawers vs returners at small women's college, 57:13892
personality differences between students with vs without emotional problems, prediction of emotional problems in other students, implications for preventive counseling, 53:4035
personality dimensions, college students who make early vs late decisions regarding majors or vocational choices, longitudinal study, 58:10465
personality environment of client seeking career counseling, selection of similar/dissimilar counselor type, college students, test of J. L. Holland model, 58:6450
personality factors & demographic variables, clothing values, English & French Canadian female college students, 56:6070
personality factors & sex differences, student enrollment, Catholic & non-Catholic college students in geographically related institutions, 55:3150
personality need variables, vocational choice of male- vs female-dominated career & choice indecisiveness, female college students, 58:2312
personality pattern & type & resemblance to Holland's model personality types, vocational maturity & satisfaction with college, male college students between ages of 17 & 21 yrs vs over 25 yrs of age, 57:4395
personality profile configurations, college students majoring in elementary education vs college faculty, 55:1295
personality profiles & age & sex & birth order & academic achievement & number of changes of declared major, students in professional phases of baccalaureate programs in medical technology vs nursing vs occupational vs physical therapy, 57:13838
personality structures constructed from questionnaire containing many personality spheres, industrial foremen & college students, 58:2493
personality trait differences, adult females in continuing education program vs female college freshmen, 57:11487
personality trait differences, college vs graduate students vs applicants to Master's program in psychology, 57:4404
personality traits & academic ability & reasons for seeking counseling & number of sessions attended, college students, longitudinal study, 58:10606
personality traits & art products, college students from art education & fine arts & other curricula, 58:5446
personality traits & behavior of deciding or not deciding on college major during initial freshmen semester, college freshmen, 57:11488
personality traits & Individual Paced Instruction vs Lecture-Discussion-Demonstration methods, academic achievement, college students, 56:4771
personality traits & personal & social values & academic ability, achievement, Black college students, 58:2090
personality traits & self reported preferences & preferences attributed by student personnel staff, leisure activities, college females, 57:5871
personality traits & sex & Scholastic Aptitude Test scores & cautionary directives & college major, atmosphere effects & accuracy & types of errors in syllogistic reasoning, upper level college students, 55:8815
personality traits & shorthand achievement, college students, 58:2114
personality traits & student voting practices & attitudes toward social groups & sex differences, college students in social fraternities & sororities vs nonmembers, 53:10487
personality traits, academic major & vocational choice, college students, 8-yr longitudinal study of Holland's theory, 56:4951
personality traits, acclimated & unacclimated native American college students, 56:4126
personality traits as measured by California Psychological Inventory, prediction of GPA, urban college freshmen, 57:9063
personality traits as measured by EPPS, vocational interests as measured by SVIB, male college students, 55:11028
personality traits as measured by 16PF, vocational maturity, high school & college students, 58:2317
personality traits, attitudes toward physical activity, college females in physical education service courses vs intramurals vs intercollegiate athletics, 57:6884
personality traits, blacks attending predominantly white vs black college, 56:2973
personality traits, college student non-drug-users vs heavy drug users vs marihuana-only users vs ex-users, 57:10203
personality traits, elite collegiate golfers vs their teammates, 58:9575
personality traits, female intercollegiate athletes vs athletic coaches in small vs large schools, 57:5861
personality traits, gifted college men, 1961 vs 1971, 55:12321
personality traits, physical education majors vs teachers, 55:7955
personality traits, self rated academic success, academically successful vs unsuccessful college students, 54:10590
personality traits, structured group counseling, differential gain in GPA, college students, 55:11009
personality traits, teacher education vs physical education college students, 56:4144
personality traits, white male heroin addicts vs psychiatric patients vs incarcerated delinquents vs college student marihuana users vs police officers, 53:9853
personality type & reading skills & performance & comprehension, college students, 58:4303
personality types of J. L. Holland as assessed by Vocational Preference Inventory, college counselees vs noncounselees tested at beginning vs end of academic year, 58:10638
personality variables & grades during 2 yrs of course work, prediction of success in physical therapy program & use of linear vs joint multiple regression models as predictors, college students, 57:6962
personalized instruction & behavior shaping techniques, acquisition of archery skills, college students, 58:2014
personalized system of instruction, relationship between number of unit test attempts & review exam performance, college students in introductory psychology & statistics & child development courses, 54:6291
personalized system of instruction, teaching mathematics, college students, 53:10431
personalized systems of instruction, problems in teaching introductory psychology, college students, 56:2906
person/environment interaction theories, college environmental research, 54:6218
physical education, contributions toward attaining behavioral goals of general education, college students, 55:13096
physical education major & participation in high school athletic programs, self concept, athletic vs nonathletic female college students, 58:6335
physical education program of bowling, bowling knowledge & skill & self concept & acceptance, physically handicapped vs nonhandicapped college students, 55:1327
physical efficiency, self concept & intelligence & achievement, physical education students, 56:2979
physical fitness as measured by aerobic capacity & MMPI scores, male college students, 57:10391
physical fitness measures, self concept measures, male college students in individualized physical training program, 55:8120
pictorially represented occupational role models, achievement behavior & fear of success & sex role attitudes & anxiety, college females, 57:10177
planned informal approach, college community program dealing with students' illegal drug use, 53:8058
planned stopping out in terms of opportunity to have off-campus experiences in chosen career areas, academic major change & standing, college students, longitudinal study, 58:4275
police roles, authoritarianism & punitiveness & commitment to ethics of social responsibility vs personal conscience, police vs jail vs patrol vs detective bureau personnel vs police science majors vs police academy recruits, 55:4331
political alienation & purpose in life & life stress, Vietnam veteran vs Vietnam-era veteran vs nonveteran college students, 57:8298
political involvement vs uninvolvement, emotional responses to personally vs intellectually relevant political issues, male vs female college students, 58:9406
political orientation change between university entrance & departure, Canadian male college students, 53:1018
poor interrelationships & self-dissatisfaction & alienation & inadequacy feelings & sense of moral worthlessness, LSD ingestion, college students, 53:7239
popular expectations relating to schools of S choice, self perceptions of creativity & independence, college students, 58:10448
popular path analysis method vs modified causal analysis approach, multivariate theory of family status & socialization & student politics, college students representing many political ideologies, 54:2858
popularity of student ratings, evaluation of faculty performance & status decisions, survey of deans of academic affairs, 54:4001
positive preinformation about resident assistants, development of maturity & outcomes on other behavioral indices, new residence hall students, 57:13878
power & conflict, student–teacher relationship, high school & college & graduate students, 53:3946
practice & transfer of practice in auditory localization, test of 4 aspects of E. J. Gibson's differentiation theory of perceptual learning & development, college students, 57:7369
practice amounts, success in computer assisted instructional programs for electronics & trigonometry, college students & military technicians, evaluation of R. D. Wolfmer's Markov model for instructional sequence optimization, 56:4803
practice in programed video simulation of counseling, communication skills, college students, 56:4744
preadmission academic &/or demographic characteristics, academic survival, high risk college students, 58:8312
pre-college expectations & at-college experience, satisfaction, full-time resident 1st-yr college students, 56:4859
predicted vs actually observed behavior of others in familiar campus settings, college students, 57:9256
predictive validity, multidimensional psychological spaces, college students, 55:5925
predictive validity, SVIB Pharmacist scales, pharmacy students, 55:13571
predictiveness of Holland's investigative personality type letter codes & Self Directed Search consistency levels, male college seniors tested in freshman year, 57:4486
predictor & criterion scales, aptitude diagnosis of academic specializations, college & graduate students, 53:6266
predispositional hypothesis, value orientation, police officers vs police science majors vs college students, implications for police training, 56:8813
pre-election public image of Nixon & McGovern, English college students, 53:1096
preferences & expectations of university student counseling service & perceptions of self & clients, nonclient college students, 57:11559
preferences for structured vs unstructured environments & Vocational Preference Inventory scores, college students, 58:2248
preferred instructor characteristics & academic achievement & teacher's self perception, ratings of instructor performance, college students, 58:2160
pregnancy risk & demographic variables, contraception beliefs & behavior, 17–19 yr old single college women, 55:6991
premarital coitus & commitment, college students from 4 geographical areas, 53:11536
premarital sexual attitudes, white unmarried college students, 1968–72, 56:3936
preparation for dealing with student's vocational indecision, college academic advisors, 54:4240
preparation for marriage project, college student couples in serious dating relationships, 53:10254
prerecorded leaderless counseling intervention, personal growth, college students, 54:6043
present & past achievement & interests & aptitudes, prediction of vocational indecisiveness, 3rd yr college students, 55:13579
preservice teacher education program, attitude changes toward pupil-teacher relations, education students vs teachers, 56:6681
pressures & problems, sources of psychiatric breakdown, Indian vs Western college students, 53:1381
pretherapy client role preparation & attraction induction, client & therapist impressions of each other & attitudes toward & expectations of psychotherapy, maladjusted college students, 55:10247
prevalence of psychological distress & help-seeking, college students seeking psychiatric vs counseling vs no assistance, 56:1508
prevalence of self reported drug usage, college students, England, 57:1131
preventative mental health program of interpersonal skill training, empathy & self-disclosure, college dating couples, 53:3807
preventive measures against student emotional difficulties, application to facilities on University of Evansville campus, Illinois, 58:4431
previous contact with retarded individuals or speech & hearing handicapped, choice of major, college students in mental retardation vs speech & hearing, 56:1433
previous grades vs concordance between student preference & course conditions vs facilitating anxiety, course performance, college students, 55:10851
prior information about study habits treatment & statements of intention with written contract presence vs absence, initial effort in treatment, female college students wanting to improve study habits, 55:10380
prior persuasive communication, acceptance of course on population dynamics, male engineering students, India, 58:2150
prior vs no prior attitude supporting interview & ascribed status of S, ability to change attitudes of how college students view themselves, PhD psychologist vs psychology graduate student interviewers, counseling analog study, 57:8185
prior vs no prior instruction & delayed feedback, retention, college students, 56:2285
problem level, helpseeking vs nonhelpseeking at counseling agencies, male vs female college students, 55:11006
problem solving &/vs anxiety management training, alleviation of anxious vocational indecision, college students, 58:2262
problem types & perceptions of available sources for help, college students, 53:6243
problems & approaches, college reading & study skills program evaluation, 54:6222
problems & attitudes & opinions toward career expectations, Thai college students in US, 58:6323
problems of undergraduate psychology conferences & their role in reinforcing research by undergraduates, 58:4233
problems requiring formal operations for solution, determination of level of logical thinking, female vs male 1st yr college students, 55:4278
processes & problems, joint planning of undergraduate psychology course by professor & students, 58:2028
product vs process teaching approaches, reading comprehension & vocabulary & creative thinking, college students, 57:6769
professional activity preferences, beginning psychology students, 53:8198
professional self favorability vs perceived vs actual favorability, female college students majoring in home economics vs physical education vs general sample of college students, 58:6318
professor's research productivity, student evaluation of teaching, college faculty, 54:6195
program development, personal & academic & mechanical & placement support needed by blind college students, 58:10585
program for self development & testing of helping abilities in student counseling service, college faculty & students & non-university persons, 57:9204
program of counseling & tutoring, academic achievement, Black college students, 58:2227

program orientation & demographic characteristics & femininity, avoidance of success, female college students, 56:9896
programed instruction & discussion with peer & keeping of structured weekly log as methods in self help counseling, formulation of solutions to personal problems & generation of effective behavioral goals & self concept, college students, 55:5227
programed prose format & monetary rewards, attention & learning during reading, college students, 58:4234
programed self help vs individual educational-vocational counseling, client inner- & other-directiveness, college students, 55:13570
programed student achievement method, teaching & motivating large introductory psychology courses, college students, 54:10513
programed student achievement testing procedure, improvement in performance, college students, investigation of validity of Hawthorne effect, 57:2024
programed student achievement vs total mastery learning teaching approaches, performance on weekly quizzes vs mid-term vs final examination, college students in introductory psychology, 58:4264
programed texts with small vs large steps, learning time, male vs female education majors, 54:12545
proportion of positive-negative instances & number of instances in achievement & recognition & transfer, mathematics concept learning, college students majoring in early childhood & elementary education, 58:6266
protest history & status in college athletic programs & job & social discrimination, black athletes, implications for counseling, 53:5077
Protest Situational Attitude Scale, measurement of reactions to protest behavior, college students, 56:7014
providing students with instructor's teaching notes & returning students' examination papers for correction, techniques to improve learning of statistical concepts & operations, college & graduate students, 53:10440
psychiatric disorders & somatic diseases, delays in & grades at graduation, students taking leave-of-absence from college, 57:8354
psychoactive drug use patterns, college students, 1968 vs 1972, 54:5118
psychodrama exercises in conjunction with client-centered techniques, development of social capacities & counteraction of isolation tendencies, college students, 57:9195
psychodrama, personality development & adjustment, college students, 56:4423
psychodynamics of micturition disorders, college students, 54:12144
psycholinguistic remedial tutorial program, attitudes toward reading & writing & reading achievement & writing composition, black high risk college students, 55:13495
psychological adjustment & personality characteristics, male law enforcement officers & students majoring in law enforcement, 55:9826
psychological adjustment & social effectiveness as measured by GPA & position of responsibility in an organization, college students & prisoners, 58:3363
psychological education curriculum, psychological development & acquisition of communication skills, college students, 57:6758
psychological education employing self analysis & journal keeping & time management & goal setting in experiential classroom format, internal locus of control, college students, 57:11400
psychological needs & college press & college environment perception, student activities involvement & satisfaction, college students, 58:10463
psychological needs & self description & academic achievement in high school & college, personality differences between caffeine using vs nonusing female college students, 55:7026
psychological problems & psychiatric vulnerability, college students, 55:2448
psychological scaling of code of ethics for intercollegiate players, measurement of attitudes toward sportsmanship, male vs female physical education majors, 58:6314
psychology background & experience, performance in Keller plan psychology course, college students, 54:10568
psychosocial & architectural environment in dormitories, academic achievement, college students, 55:5544
psychosocial & situational variables, prediction of sport preference, graduate & college students, 55:13267
psychosocial adjustment, college student marihuana users & nonusers, 2-yr follow-up, 53:9372
psychosocial correlates, legal & illegal drug usage, college students vs incarcerated offenders, Colombia, 57:1127
psychosocial factors associated with alienation, college freshmen with high academic potential, 56:10730
psychosocial identity differences, US educated Hong Kong Chinese vs non-returnees to Hong Kong, 57:1262
Q-Sort Rating Scale, importance of work & work satisfaction, managers & college students, 58:12792
quantity of verbal performance in group counseling, self concept & quality of responses & personality characteristics & attitudes, college student growth group, 58:5861
quasi-actuarial approach, identification of drug user subsets, male college students, 57:8165
quest for identity displacing altruism & work as credible routes to self discovery, adults vs American & Australian & British college students, 55:820
Quest for Identity Seminar involving remedial English & human relations classes vs liberal arts program, academic self esteem, inner city community college students, 57:6750
question type & placement, problem solving ability from prose material, college students, 54:4077
questionnaire based on Rotter's social learning theory & Skinner's operant psychology, assessment of perceptions of classroom contingencies & reinforcers, college teachers & students, 56:10716
race & sex & institution attended, job placement patterns, Black vs non-Black college students, 58:10663
race & sex & interaction group experiences, self regard & regard for others, college students, 55:10997
race & sex, discrepancy between educational & occupational goals & expectations, urban college students, 58:4474
race & sex, mood level & variability & determinants & duration, black vs white college students, 56:9899
race & social class information, formation of expectancies about academic performance, college students, 54:10571
race, fear of success, Black vs White female college students, 1968 vs 71, 57:9108
race, occupational preference & entry & change & success, Black college graduates, 58:2324
race relations communications program, facilitative responding ability & racial attitude change & anxiety reduction, Black & White fraternity pledges, 58:7917
racial composition of school, self concept & relationship to GPA, Black students in predominantly Black vs White universities in southern US, 58:10210
racial identity & financial difficulty & exploitation by others, academic achievement & use of coping behaviors as illustrated by conceptual map, Black college students in special program for socio-academic problems, 57:13894
radicalism in college women, comparison of values theory & systems constraint theory & relative deprivation theory, 57:8127
radicalization vs pacification hypotheses, exposure to social control violence & protest & sociopolitical activity, college students, 55:6859
rank-ordering of vocational & academic & collegiate & nonconformist orientation preferences on operationalized Clark-Trow typology, college students, 58:4410
Rasch model use in probabilistic interpretation of test scores, application to Language Skills Examination, college students, 55:8435
rating category format, reliability & level of ratings of instructor & course effectiveness, college students, 54:8271
rating course applicability & teacher performance, college students, 55:5480
rating questionnaire items, identification of instructor characteristics contributing to variation in student ratings of teaching effectiveness, 54:8306
ratings of multiple choice items & point biserial correlation between items responses & total test score, validity of ratings of objective test items, college students, 57:13999
ratings of self & significant others on unhappiness & extraversion & self assertiveness & productive persistence, male alcoholic vs nonalcoholic college students, 56:8185
rational encounter vs basic encounter groups, facilitative changes in self perception & interpersonal sensitivity, community college students, 56:10280
rationale & development & technical characteristics, American College Testing Program Interest Inventory, career interests of college students, 54:8487
rationale & structure, sociotherapy utilizing college students as peer models, adolescents in psychiatric inpatient facility, 57:11031
reading & underlining & note-taking, verbal comprehension, college students, 53:12493
reading ability & bibliotherapy, self concept, college students, 57:1592
reading about probability & discussion with partner in learning cell, acquisition of principles of probability, 5th & 9th graders & college students, 54:10542
reading achievement & attitudes toward authority & dogmatism & internality–externality, prediction of academic success, disadvantaged minority college students, 54:6327
reading alone vs with copying vs summarizing vs listening, recall & learning strategies, college students, 54:1909
reading competence & learning needs & personality characteristics & GPA & textbook readability, college students using special vs non-special services, 58:6345
reading interests, prisoners vs college students, 55:7338
reading program, reading speed & comprehension & study attitudes & methods, economically disadvantaged college students, 56:4793
reading skill, word recognition speed & strategies, 4th graders vs college juniors, 58:2110
reading skills level, New Guinea vs Australian college students, 54:4165
reading vs discussion methods of exposure to rational-emotive concepts, cognitive & attitudinal & affective & behavioral reactions, high vs low anxiety college students, 57:9167
real vs ideal perceptions of university environment, college students, 54:6201
real vs simulated experiments, academic learning, introductory psychology students, 55:8058
reality of student suicide & perception of problem, college administrators, 54:8280
reasons for not returning to counseling, continuing vs non-continuing college student clients, 55:5727
reasons for section selection at beginning of course & teacher ratings at end, college students, implications for validity of teacher rating forms, 56:8750
receipt of personal letter, attitudes toward appropriateness of personal-social problems for treatment at counseling center, college students, 56:982
recent life experience, health behavior, college students, 54:5427
recognition of age 18 as legal adulthood, attitudes toward university's parental role, college freshmen vs their parents, 57:6872
recognition of names of eminent deceased psychologists, psychology faculty & college students, 57:11710
recreational drug use in sociable & intimate situations, perception of marihuana effects as experiential vs alcohol effects as behavioral, college students, 54:5147
recruitment for pay or college credit, increased similarity of volunteers to parent population in intellectual ability & personality, college students & females, 56:5151
reduction in minimum legal drinking age, monthly shipments of alcoholic beverages to stores & junior & senior high school vice principals' observations & alcohol usage among high school & college students & attitudes toward law, junior & senior high school students & college students & vice principals, Canada, 57:3157
redundancy & simultaneity of aural & visual messages, retention, college students, implications for educational film & TV programs, 58:10300
re-evaluation counseling vs discussion group leader training vs encounter groups, evaluation of personality changes & group & individual goal accomplishment, college students, 54:12662
reference group selection regarding sexual standards & premarital sexual permissiveness, premarital sexual attitudes & behavior, college students, 1967–71 & 1970–74, 57:3145
referral differences & client-therapist interaction, black psychotherapist & minority vs nonminority clients at university, 54:5715
rehabilitation professional short term training program, followup evaluation strategy, college students, 58:12498
reinforcement system utilizing instructions & incentive & feedback, reduction of dormitory noise, female students in university residence halls, 57:13567
reinforcement value in mixed & unmixed lists, recall for liked vs disliked words, underachieving vs overachieving female college students, 58:10424
relationship between attitudes to self & generalized & group & specific others, college students, 55:6863
relationship between formal interaction with & perceptions of their students, faculty members & freshmen & seniors, 54:6204
relationship between parental financial support & family problems & living conditions & employment problems, college freshmen, 54:5185
relationship between self esteem & sexual permissiveness, college students in 1959 vs 1972, 54:11613
relationship between verbal meaning test scores & degrees of confidence in item responses, Black college students, 57:6996
relationship between vocational information seeking behavior & educational & vocational decidedness, freshmen college students, 55:5752
relationships between black pride & drug attitude & usage, black college students, 56:3957
relationships between personality traits & cognitive style, college freshmen, 57:10375
relative rates of depression, college sophomores, 55:1472
relaxation & suggestion based Suggestopedia, foreign language achievement, college students, 57:9047
relevancy of SVIB, black male college students, 54:12670
reliability & construct validity, Self-Rating Anxiety Scale, college students vs psychiatric outpatients, Nigeria, 58:4626
reliability & intercorrelationships, Aliferis Music Achievement Test & Gordon's Musical Aptitude Profile & Iowa Tests for Musical Literacy, college freshmen music majors, 55:1596
reliability & validation of SVIB Occupational Introversion-Extraversion scale, correlation with Omnibus Personality Inventory Social Extraversion scale & relationship to ability measures & grades, college students, 58:6680
reliability of Ss' own reports of examination grades vs university records, college students, 57:9084
reliability of 16PF Form B, hearing impaired college students, 55:8643
religiosity & interfaith dating behavior, Jewish college students, 58:7303
religiosity, premarital psychosexual behavior & sexual attitudes, male vs female college students, 58:3243
religiosity, radicalism, participants in national conference of University Christian Movement, 55:588
religious & intellectual & regulative & social & supportive expectations, parents of freshmen in 4 types of colleges, 56:4687
religious & political beliefs, admissions & low achievement & early attrition, disadvantaged college students, 56:2957
religious attitudes or orientations & prejudice, college males & males from local congregations, seminary students & ministers, 58:3391
religious background & sex & marital status & parental income, religious & political & social & aesthetic values, Catholic vs Protestant college students, 54:6312
religious beliefs & practices, premarital sexual activities, Jewish female college students, 55:6938
religious concerns & confusion & changes involved in loss of faith, Mooney Problem Check List, college students in general psychology course, 54:877
religious denomination & educational backgrounds, self reported agreement with parental religious beliefs, university vs church-related college students with Mennonite vs Roman Catholic vs United Church background, Canada, 55:12100
religious orientation & values & choice of curriculum, ministerial vs nonministerial students at church-related college, 58:8329
repeated probabilistic testing conditions, state anxiety & test reliability, college students, 55:13534
required sequential mastery of textual material & contingent remediation, later quiz & retention test performance, college students in experimental psychology course, 55:1363
residence hall living, academic participation & achievement, 1st-yr law students living in school residence hall vs commuting students, 57:9096
residence hall living, self-actualization, residence hall students & student assistants & student leaders & off campus & commuting students, 54:5339
residence hall size & roommate's race & proximity of room to residence hall staff member, prediction of academic achievement, black & white college students, 55:3136
residence hall staff members in residence units & counselor vs administrator orientation, GPAs & maturity development, male college students, 54:1854
residence hall vs commuter living situations, intellectual & personal growth, college freshmen, 58:2164
residence in different resident halls & personality, perception of college environment, sorority vs traditional female vs fraternity vs traditional male college students, 56:2965
residence in dormitory with andragogical vs pedagogical administration, dorm attitudes & behavior, male college freshmen, 55:13359
residence in single-sex vs coed dormitory vs parents' home, academic & social attitudes & activities & academic performance, college students, 57:11506
residency & sex & major & attitudes toward instruction & faculty & personnel services & administration & extracurricular activities, academic achievement, college students, 55:8177
response-acquisition treatment vs cognitive self statement modification in dating-skills training, role playing performance & telephone calls to women & impression on women, girl-shy college males, 57:6332
resultant achievement motivation scales of H. J. Herman vs A. Mehrabian & relationship to academic performance, male college students, 57:7240
retroactive interference, retention of meaningful & connected information, college students, 57:390
retrospective & present & projective self-perceptions, transformation of Negro-to-black identity, low-income black college students, 53:11722
retrospective perceptions of parental childrearing styles & self reported childrearing behavior, male vs female college students, 57:12633
revision of Test Anxiety Scale for Children, factor structure of School Anxiety Scale, male & female college students, 53:10560
reward value of color vs black & white television, amount of time spent watching, college students, implications for instructional systems design, 56:2912
right- vs left-wing prejudice, authoritarianism, college students, 56:6107
rise of interest in psychology & increase in number of psychology students & curricular development, identity crisis in psychology, 57:4238
risk taking judgments & related personal variables, decidedness about career goals, female college freshmen, 55:10959
risk taking, vocational choice & degree of occupational risk, college students, 56:1499
role expectations, college students, 55:1483
role induction procedures, increasing expectations of active participation & acceptance of responsibility in vocational counseling setting, college students, 58:10676
role of academic staff, pastoral care of students in higher education institutions, 54:8504
role of counselor, financial incentives for academic performance, black & Chicano high school & college students, 55:3100
role of expectations & lack of critical ability, validity of subjective student-evaluations of college instructors, 58:6296
role of undergraduate student, expanding options in field experience education & creating mature relationships with faculty, 54:8308
role rehearsal & modeling techniques, discrimination of covert self monitoring, chronic schizophrenics & adult psychiatric outpatients & male alcoholics & high school & college students, 56:1079
role strain, satisfaction & role performance, male college students committed to academic & social success, 56:6648
role vs goal motivation & personality characteristics & self concept & educational-vocational interests & values & demographic data, curriculum choice, college students, 57:13899
roommate personality, achievement, male dormitory roommates, 56:6752
S perception of counselor self disclosure & characteristics & general characteristics, perception of own self disclosure, college student clients, 58:10598
sample size characteristics, Social Readjustment Rating Scale scores, aid-seeking vs non-aid-seeking college students, 57:7170
satisfaction & attitudes & knowledge of health service, choice & utilization of services, college students, 53:3806
satisfaction with faculty & administration & social class & liberalism, junior college native vs transfer students, 53:1944
satisfaction with major field environment, college students, 55:1468
scale development of validation, attitudes toward women as managers & relationship of personal & organizational data to stereotypes, college students & business employees, 58:4660
scaling, attitudes toward their professors, college students, reply to J. A. Walsh's comments on H. K. Rodewald & J. L. Carroll's project, 53:12386
scaling of attitudes about desirable teaching characteristics, college & graduate students, 53:1952
scaling technique designed to adjust for grading or curriculum differences among high schools, prediction of college success, minority college students, 57:13992

scholastic & biographical correlates, differential achievement subsequent to group counseling for academic improvement, college students on academic probation, 57:6988
scholastic aptitude & perception of university climate, GPA & estimated probability of graduation, black vs white college students, 56:1428
scholastic aptitude & personality variables & academic major, achievement, male college students, 55:8153
Scholastic Aptitude Test & high school percentile rank & GPA as academic predictors, Chicano college students who persisted vs voluntarily withdrew vs were dismissed, 58:6275
School & College Ability Test vs Study of Values vs Thorndike Dimensions of Temperament vs Alpha Biographical Inventory, academic achievement prediction, high risk disadvantaged college students, 57:9187
school & sex & congruency level & consistency & differentiation, college satisfaction prediction, college students, 53:12561
school environment, authoritarian personality, faculty & administrators & students in Catholic operated colleges, Philippines, 55:2994
school's football team victory vs defeat & threat toward S's public image, tendency to "bask in reflected glory" as measured by post-game wearing of school-identified apparel & use of "we" in descriptions of victory, college students, 57:10287
scores on cognitive tests from Kit of Reference Tests, chemistry success as measured by attainment of behavioral objectives, college students, 56:4832
section selection in multisection courses, college students, implications for validation & use of teacher rating forms, 55:12954
seeking vs not seeking counseling help, college students, longitudinal study, implications for student development research & counseling impact, 55:7519
segregated vs all-White residence halls & sex, scores on Daniels Test of Interracial Apperception & Ideology, college students & staff, 58:4329
selected demographic data, attitudes, entering college freshmen, 1973, 58:6331
selected school characteristics, validity of high school grades & Scholastic Aptitude & Achievement Test scores as predictors of academic success, college freshmen, 57:11558
selected student characteristics, prediction of academic success, college students, 58:6428
selection process & training experiences & roles & course & leadership effectiveness, inservice training course for undergraduate residence hall assistants, 58:10222
self- & role concepts, career orientation, female college students, 53:12569
self actualization & mother's occupation & heterosexual relationship & campus activities & achievement, motive to avoid success, college women, 55:7200
self actualization & self concept, high school vs college athletes vs nonathletes, 58:6311
self actualization, moral development, community college students, 58:5395
self actualization scales, prediction of academic success, underachieving college students in Transitional Services Program, 57:14003
self actualizing scores, prediction of academic success, college freshmen, 55:13342
self appraisal & verbal group interaction, changes in goal-directed behavior, college students, 57:6984
self concept & GPA & attrition, male vs female military vs community college students, 58:2128
self concept & interpersonal relationship, Black college students on predominantly Black vs White campus, 58:10469
self concept & personality variables, college student elected officers vs nonofficers, 58:10462
self concept & program of study & sex & IQ & family social status & number of semester credits & class absences, GPA after 1 yr of study, college students, 58:10426
self concept & work values & attitudes toward university, male vs female honor students vs regularly admitted students, 55:13435
self concept, ability to function on predominantly White campus, Black college students, 58:8339
self concept, academic & nonacademic adjustment & attitudes, international college students, 55:8240
self concept, black female college students from predominantly black vs white schools, 54:4041
self concept, career choice, female Black college students vs high school students planning vs not planning to enter college, 57:9200
self concept, effectiveness in on-the-job training & training program with encountertapes, college students as resident assistants, 55:2663
self concept, female college student drug vs alcohol users vs nonusers, 57:5756
self concept, male vs female college students majoring in liberal arts vs education & male vs female teachers vs other professionals, 58:4210
self concept, Ss' vs judges' ratings of Draw-A-Person Test, college students, 56:4128
self control techniques, modification of study behavior, college students, 55:12709
self control training including self monitoring & self reward, study skills & academic performance, college students not doing well in introductory psychology, 57:9065
self development program, self actualization & academic achievement, college students, 55:5738
self disclosure patterns to each parent & siblings & closest friends, male college students, 55:727
self esteem & verbal behavior & fear & heart rate, social avoider vs socially skilled male college students, therapeutic considerations, 57:12813
self esteem level & values clarification workshop, personal values awareness, college students undecided in major field of study, 57:4487
self esteem level, participation & seating in classroom, college students, 54:10592
self esteem measures & sex & age & class year & American College Testing Program composite scores, GPA prediction, teacher education students, 57:6837
self evaluation of previous academic effort, prediction of college grades, college freshmen, 54:4164
self ideal congruency, psychological health qua self actualization, college students, 56:8011
self instructional modules dealing with behavioral objectives & test construction & interaction analysis, instructional effectiveness in educational psychology course, college students, 58:2040
self instructional videotaped model of cognitive behavior modification procedure & positive vs neutral expectancy set, test anxiety level, female college students, 57:6371
self judged physical attractiveness, heterosexual social competence & anxiety & avoidance tendencies, college students, 57:8246
self monitoring, classroom participation, college students, 58:12647
self monitoring, study behavior reflected in writing answers to questions, college students, 57:4398
self monitoring vs immediate vs delayed self reinforcement, studying time & test performance, college students, 58:2116
self monitoring vs self modeling methods, GPA, college students, experimental analysis of self reinforcement, 57:4342
self paced college, personality & intellectual change, college students, 58:4249
self paced visualized instruction & level of reading comprehension, multifactor analysis of achievement on different educational tasks, college students, 58:12541
self perceived & mutually perceived interpersonal values, college freshmen & their parents, 55:2264
self perceived & self reported adjustment problems, American vs Chinese college students, 55:5596
self perceptions & vocational aspirations, college women, 54:1978
self perceptions of quality student as characterized by learning in class & study habits & attitudes & peer & student-instructor relationships & physical & emotional needs, high vs low achieving college students, 56:1446
self rated personal & academic & vocational problems, 5th & 6th graders & college students, implications for educational counseling, 58:4438
self rating in areas of classroom learning & study habits & attitudes & peer relationships & student-teacher relationships & physical & emotional needs, college students, 58:6411
self recording & contingency management, verbal behavior during class discussions, college students, 57:9094
self recording vs contingently-awarded points, rate & content & length of verbal responses in classroom discipline & number of Ss participating, college students, 58:2127
self reported experiences during initial psychotherapy, predictions of persistence in & duration of treatment & outcome, college students & therapists, 56:10258
self reported problems, Filipino vs American vs Korean high school & college students, 54:1905
self selection vs assignment to living-learning center for arts & reference group identification, aesthetic & religious interests & satisfaction & traditional academic behavior, college students, 58:8332
self vs ideal ratings of scholastic ability, self-ideal congruence, freshman vs senior college students vs graduate students, 58:4321
Self-Directed Search for Educational & Vocational Planning, identification of unsuccessful college students with vocational training potential, 53:4176
self-evaluation, psychoactive drug use & effects, college students, 54:5117
self/ideal-self congruence & need for affiliation & achievement & reinforcement expectancies & self or other orientation within feminine role, female college seniors who plan to marry vs live independently after college, 57:5847
self-paced vs traditional teaching method, achievement, elementary accounting students, 55:8016
self-rated personality type, college major & vocational choice, male college seniors, retest of J. L. Holland's theory, 53:6238
self-reported & perceived motives of males & females for attending college, female college students, 54:6155
semantic differential comparison, attitudes & achievement, elementary & secondary & special education majors, 55:5452
semantic differential, measuring effectiveness of summer freshman orientation conference in changing attitudes, college freshmen, 56:8802
sensation seeking subscales, correlations with achievement motivation, college students, 57:5849
sensitivity training, perceived-self–ideal-self congruence, college freshmen, 55:7582
sensitivity training, personality & attitude change over 1-yr period within educational milieu, college students, 58:1635
separation from high school "sweethearts" by college, dating attitudes & behaviors, college freshmen, 54:9620
sequences of instructional units & forms of control for within-unit experience sequences, achievement & attitudes, college biology students, 55:13158
serial position effects, recall of serialized mathematics algorithms, college students, implications for classroom teaching, 55:1464
serious crime, attitudes toward resident hall security, college students, 53:5085
serving as teacher vs student in unit on elementary probability, acquisition of subject matter, college elementary education majors, 56:2843
sex & ability level, accuracy of self ratings of intelligence, college students, 58:3357
sex & academic specialization, occupational preferences, college students, 57:11612
sex & achievement & major field of study & career expectations, cognitive style preference in science, college freshmen, Canada vs Israel, 58:12699
sex & admission status & academic major, preference for formal vs independent study program approach to education, freshmen & transfer college students, 54:6318
sex & age & birth order & father's occupation & size of home community & class standing, fluency & flexibility & originality scores on Torrance's Tests of Creative Thinking, social work students, 56:8030
sex & age & class standing & family income & religion & college residence & geographical background & political affiliation & major, alienation, Black students at small private liberal arts colleges, 57:11464
sex & age & high school standing & marital status & ACT cumulative score & college class, expectations, college students, 55:8223
sex & birth order & family size & composition,, sex role perceptions, male & female college students, 58:9411
sex & caste status & urban vs rural residence & anxiety & authoritarianism & rigidity & tolerance of ambiguity, attitudes toward caste system, college students, India, 57:12598
sex & college class differences, expectations for counseling, college students, 56:2679
sex & college class, stability of attitudes toward women's roles in society over one year, college students, 54:7371
sex & denominational differences & faculties & yrs of study at university, changes in religious beliefs & attitudes & practices, college students, replication of & comparison with P. Poppleton & G. Pilkington's 1961 study, 57:3066
sex & drug usage & participation in homogeneous vs heterogeneous group discussions, riskiness of group & individual choices, male vs female college students, 56:7845
sex & geographical region & social position & achievement motivation & fear of failure & expectancy factors & willingness to be racially pioneering & geographically mobile, choice of traditional vs nontraditional occupations, Black college seniors, 58:10672
sex & grades & year in school & training in use of category scale & general ratings of teaching effectiveness, estimation of frequency of classroom verbal behavior, college students, 55:1487
sex & locus of control, perceptions of study habits & attitudes, college students, 58:6305
sex & personality measures of extraversion-introversion & neuroticism & rigidity & test-defensiveness, relationship to Watson-Glaser Critical Thinking Appraisal, college students, 55:11302
sex & personality traits & academic attitudes & behavior patterns & satisfaction with college environment & grade level, academic achievement, black college students, 56:4827
sex & physical attractiveness, academic aspirations, male & female college students, 54:10579
sex & prestige & proximity & format & motor variables, outcome of intercollegiate debates, college students & judges, 55:11836
sex & prior experience & uncontrolled vs controlled mental practice &/vs physical practice, acquisition of complex gymnastic skill, male vs female college students, 55:1357
sex & professional training, long term career objectives & working environment preferences & interpersonal relationships, male vs female business majors vs female psychology majors, 56:1526
sex & race & socioeconomic status, motive to avoid success & vocational choice, Black & White college students, implications for vocational counseling, 58:4476
sex & religious group & social class, feminist attitudes, White unmarried 2- vs 4-yr college students, 57:12684
sex & school achievement & self concept & musical experience, perceived similarities between pairs of selected musical compositions, college freshmen, 56:4842
sex & task orientation & grade level, need for achievement, Black college students, 57:6906
sex & verbal & mental ability, analogy test performance, White vs non-White high school & college students from differing socioeconomic levels, significance for study of test bias, 58:10808
sex, adequacy of non-instructional support services & participation in student government & extracurricular activities, Black vs White part-time commuting college students, 58:6339
sex as defined by sex-typical experiences, persistence in higher education, college freshmen, 4-yr longitudinal study, 56:1436
sex beliefs & practices, male college students, 1967–73 vs 1943–44, 55:9656
sex, development of moral judgment & identity achievement, college students, 56:9726
sex differences & structure-of-intellect factors, verbal vs figural mode of presenting programed units in teaching mathematical relation, college students, 55:3041
sex differences, attitudes toward rape, college students, implications for rape education programs, 58:10446
sex differences, clinical judgments, college students, 56:4168
sex differences, expectancy of psychology examination results, college students, 55:1460
sex differences, internal consistency & stability & reliability of Personal Orientation Inventory, college students, 54:8713
sex differences, perception of professor's interpersonal values & ratings of teacher effectiveness, Gordon's Survey of Interpersonal Values, college students, 54:10561
sex differences, perceptions of sex roles & demographic & biographical & attitudinal questionnaire responses, entering college freshmen, 56:604
sex differences, Personal Orientation Inventory scores, entering college freshmen, 58:6703
sex differences, success constructs measured by attribution of negative characteristics to successful persons, college students, 58:9414
sex education course, sexual attitudes & behavior, male & female college students, 53:8310
sex education program evaluation, college students, 55:5474
sex guilt & moral reasoning, premarital sex, unmarried college women & couples, 53:11509
sex, locus of control & academic adjustment & achievement, college freshmen, implications for counseling, 57:13863
sex of counselor & professional vs nonprofessional assistance & vocational counseling approach & client GPA, client satisfaction & career information, college student counseling requestors, 58:2240
sex of student & instructor, student ratings of instruction, college students, 58:6337
sex, patterns & frequency of usage of university health care services, college students, 4 yr longitudinal study, 55:10453
sex, perceived self & typical male vs female student intelligence & motivation & achievement, male vs female college students, 55:4588
sex, ranking of interpersonal factors important in premarital sexual intimacy, college students, 56:2252
sex role attitudes & fear of success & GPA & academic major & future career & marriage plans, unmarried female college students, 58:1022
sex role attitudes, predictive validity of Mehrabian Achievement Tendency Scale for Females, female college students, 58:186
sex role awareness group experience, fear of success & verbal task performance & sex role attitudes, upper class college females, 58:3789
sex role conformity, self esteem & anxiety & motive to avoid success, college students, 55:4435
sex role identification & self esteem, fear of success, male vs female college students, 57:5934
sex role of occupations, sex biases in occupational recommendations for female vs male college students of high intelligence, male vs female professional guidance counselors, 57:14017
sex role orientation, achievement motivation & motive to avoid success, female college students, 57:10353
sex role stereotyping in linguistic structure of self directed search & test taking instructions, initial vocational preferences vs subsequent vocational choice, female college students, 58:10580
sex role stereotyping of mental health for men & women, graduate vs undergraduate social work students, 57:3136
sex role stereotyping, rates of self reinforcement & reinforcement of others, male vs female college students, 57:3354
sex roles & role perceptions & preferences, female college students, 55:9657
sex, self perception as quality student & academic achievement & change in self perception, college & graduate students, 58:4333
sexism & antisexism, personality correlates assessed by academic adjustment & personality inventory scores, college students, 57:8145
sex-role self concepts & life style plans, single college women, 54:7676
sexual & anatomic responses on Rorschach Test, Zaire university students, comments on O. Tarantino's study, 58:1251
sexual & contraceptive behavior, female college students, survey, 53:7241
sexual attitudes & behaviors, college students at southwestern college, 55:4426
sexual attitudes & experience, attitude & personality correlates & changes produced by course in sexuality, male vs female college students, 55:9669
sexual attitudes & patterns of sexual experience, male vs female college students, 56:5943
sexual behavior & attitudes, male & female unmarried college students, 54:5129
sexual behavior, ways of handling contraception, college students, 55:7001
sexual experience & sex differences, sexual behavior & attitudes, freshman college students, 53:5108
sexual information & advice for new students, suggestions for campus counselors & physicians, 53:6231
sexual knowledge & experiences & attitudes, male vs female Thai vs US college students, 57:10188
sexual permissiveness at beginning vs end of school year, college students living in sex-integrated vs sex-segregated dormitories, 57:12676
sexual socialization, premarital sexual behavior, college students, 54:2780
sexual standards & extent of sexual activity & associated guilt & perceptions of peers' sexual permissiveness, incoming self esteem & stability of self esteem, entering freshman women, 57:12687
sexual values, Catholic college students, 56:2257
sexual workshop, exploration of role conflicts & getting in touch with feelings & examination of sexual myths & fallacies, college students, 54:3823

short & long term therapy & clinical histories & etiology, college students who attempted suicide, 55:975
short term counselor training, helper responses & discriminative skills, Upward Bound underachieving college students & graduate students majoring in guidance & counseling, 57:6634
short term empathy training, empathic ability & self concept, college students in teacher training program, 57:1608
short term intensive interracial living experience, interracial social distance & attitudes toward interracial issues, black & white college students, 55:13124
short term preventive experiential group counseling, GPA, residential vs commuter college students, 55:13598
short term psychotherapy, depression, college students, 56:10234
short term study in Egypt, attitudes, American college juniors & seniors, 55:8199
short term telephone psychotherapy vs telephone assistance for study problems vs monitoring study time, number of problems & mood & affect & grades, college students, 57:8599
short term training program in communication skills, facilitative responding skills, college students in military science course, 55:5520
sign language interpreting conditions, amount of information received, deaf students in regular college setting, 58:10526
similar backgrounds, marital problems, college vs noncollege married couples, 56:9768
similarity & spatial proximity to negatively described other, negative impression change, male freshmen dormitory students, 57:1192
similarity of learner to personal characteristics of teacher model, modeling effectiveness using slide presentations of behavior modification principles, college students, 58:4152
simulation game in state & local government course, interest in & attitudes toward & knowledge of government & politics & political activity, college students, 57:13715
simulation gaming & modified lecturing, open-mindedness, college students, 55:8066
simulation of mental hospital, career role information in introductory clinical psychology course, college students, 54:10484
simulation technique, stimulation of interest in microeconomics, college students, 54:8344
single intensive course strategy vs traditional 2-yr sequence in French language education, language skills & attrition rates & enrollment in subsequent courses, college students, 57:11331
single sex vs coeducational residence halls & sex, behavior & perceptions & personality characteristics, college freshmen, 58:12661
situational variables, motive to avoid success, college women, 55:2406
size of university classes vs student evaluation of instruction, college students, 55:3146
small discussion groups about college & overall program focus, expectations & attitudes & group behavior, parents of 1st yr college students, 55:3097
small group counseling, self concept, disadvantaged Upward Bound college students, 57:6951
small group discussions vs large lecture groups & instructor vs S set, course content, personal learning & personality changes, educational psychology, 57:1918
social & academic variables & genetic model of family history, psychiatric illness prevalence & incidence & prediction, college students, 55:12437
social & emotional maturity & academic & social adjustment in college, single vs married college students, 54:10567
social & political & religious & aesthetic values, American college students of 1960s, 55:12047
social & psychological determinants & relationship to drug culture, religious conversion, college students, 54:890
social acceptability ratings of personality traits, college students in 1966 vs 1972, 57:10318
social attitudes & values & participation in university elections, choice of major field of study, college students, 57:6879
social background & academic ability, quality of college attended, college students, 54:6151
social change in West German universities, student disorientation & new therapeutic methods for student mental health care, 58:7813
social characteristics & drug experiences & attitudes toward marihuana & frequency of use, imputation of marihuana motives, college students, 57:12700
social class & wages & father's salary & family background & self perception & attitudes toward school & aspirations & jobs & student aid, Anglo American vs Mexican American college students, 56:6638
social class, attitudes toward controversial issues, college students, 53:10485
social class background, social adaptation, college students, 54:12570
social class in biographical vignette, ratings of emotional problems & recommended treatment, mental hospital attendants & college students, 55:771
social class origins, academic careers & vocational choices, freshmen & senior students at elite college, 56:4849
social class, physical development & height & intelligence & school learning, college students studying primary school students, Chile, 54:7189
social climate of college living unit, major choice, students in female vs male vs coed living units, 56:6784
social density, perceptions of crowding & control over room activities & room ambience & interpersonal attitudes, groups of 2 vs 3 male college students residing in double occupancy dormitory rooms, 57:10274
social desirability & temperamental factors in personality inventory, Japanese college students, 55:2421
Social Interest Index & California Psychological Inventory, measure of change in social interest after 1 semester, community & 4-yr college students, 53:3021
social learning model, training paraprofessionals for work in student-operated counseling service, college students, 54:9808
social learning theory analysis, legal & illegal drug usage, college students in Bogota, Colombia, 54:954
social modeling & group interaction, English speaking, 2nd language learning male freshmen, Philippines, 58:12570
Social Readjustment Rating Scale validity, differentiation between previously hospitalized vs nonhospitalized college students, 53:3884
social self images & sex differences in developmental trends in styles of humor, Sense of Humour Questionnaire, 17–19 yr old female college students & 21–29 yr old male & female teaching students, 54:5344
social simulation game "Starpower" & postgame discussion of racism &/vs sexism, attitudes toward women & Blacks, college students in orientation program, 58:4407
social skills assessment, nondating college males, 55:12202
social status & satisfactions, cross cultural study of attitudes toward foreign nations, American college students in Italy & Italians in US, 55:9536
social stereotyping of men & women, political implications, black & white college students, 53:5237
social systems & peer group culture, academic & personal orientation, experimental vs traditional college freshmen, 55:5705
social values, participation in voluntary organized groups & relationship to value orientation changes during college, freshman & senior members of activist vs nonactivist groups, 57:11472
social vs self-oriented values & identification with perceived paternal values, attitudes toward deviant peers & activist involvement, male college students, 58:8346
social-demographic variables & role attitudes & conflicts, self reported alcohol use, Catholic college women, 58:9438
social-psychological & political characteristics of university students, Czechoslovakia, 54:7375
social-psychological correlates, drug use, college students, Colombia, 56:624
social-psychological correlates, upward mobility, male college students, 55:4360
socio-cultural change, psychological problems, college students at University of Malaya, 53:5584
sociocultural correlates & personality factors, prediction of intention of taking psychoactive drugs, drug user vs nonuser college students, 55:4470
sociocultural factors & self reported attitudes toward & knowledge of counseling services & reference group orientation & degree of psychological problems, seeking help for psychological problems, college students, 2-yr followup, 57:6247
sociocultural factors, alcohol drinking patterns, male & female college students, 53:11547
socioeconomic status & academic achievement & personality traits & support for criminal justice system, performance & perceptions of volunteer experience in criminal justice program, college students, 58:1926
socioeconomic status & educational background & occupation of parents, personal values, secondary & junior college & university & postgraduate & professional students, 54:9510
socioeconomic status, effect of reward on counterattitudinal advocacy, disadvantaged vs advantaged college students, 55:11852
socio-educational study, incidence of & knowledge about venereal disease & social responsibility, college students, 57:8133
sociopsychological & demographic & behavioral characteristics, marihuana use, college students, 53:5071
sociopsychological correlates, drug usage, college students stratified by year & sex, 54:2908
Something About Myself creative self perception scores, Hungarian vs US high school & college students, 55:12305
sorting essays into piles, group grading reliability estimates & level of grades awarded, college students, 54:6385
source of information & knowledge of & opinions about prevention & preventive methods, venereal disease questionnaire responses, male & female college students, implications for venereal disease education & clinics & prevention programs, 53:5141
sources of academic advice utilized when making important academic decisions, academically successful college students, 58:8441
spacing of students & use of alternate test forms, amount & loci of multiple-choice examination answer copying, college students, 57:11476
spatial separation of teaching departments, attitudes & beliefs & perceptions regarding student evaluations, college faculty, 55:7896
special discrimination training, empathy ratings, students in Associate Degree program for mental health workers, 56:2756
special education as career choice, special education teachers & students, 54:1931
special facilities & services for handicapped students, Hawaiian colleges, 55:3187
special seminar, anxiety level & potential for self actualization & student profile, mature women returning to college, 58:12568
special services program, self concept & academic achievement, college freshmen, 56:10610
specialization in arts & science & subject interest & occupational interests & attainment & syllabus-boundness, convergence–divergence, college students, 53:9648
specialized curriculum on nature of prejudice, modification of awareness of attitudes toward ethnic & racial groups, college students, 55:7999
specific descriptions of instructional goals vs general directions to learn, text recall, development of 2-factor model, college students, 55:5525
specificity & placement of instructional objectives, attitude & intentional & incidental learning, college students, 55:1372
specificity & position in lecture of written instructional objectives, intentional & incidental learning from audiotaped lecture, college students, 58:6243
specificity of probable career in new & old major, continuity & discontinuity in career decision process, college students who change declared major, 57:2037
speed reading instruction with vs without subvocalization extinction training, geniohyoid & thyrohyoid subvocalization & reading speed & comprehension, college students, 55:10826
speed reading training with vs without peripheral vision training, reading speed & comprehension & peripheral division, college students, 55:13230
spiral omnibus, science-oriented psychology curriculum planning model, college students, 56:2887
sponsors' identity & attitude toward evaluation & respondent anonymity, instructor evaluations, college students, 56:2964
sport experience, perceived effects on personal development, female college athletes, 58:6315
sport locus of control model vs traditional sport activity instruction, locus of control & conformity & physical skill gain, male vs female college students, 57:6740
sport skill level & teaching method, modification of social attitude, college students, 55:8081
Ss in laboratory experiments as course requirement, college students, 54:6524
Ss' perceptions, field experience education, college students, 56:1396
stability of mental health attitudes as measured by semantic differential, college students, 1962 vs 71, 56:5864
stage of teacher preparatory program, attitude & personality changes, college students & beginning elementary teachers, 56:2804
state & trait anxiety & movement satisfaction before vs after participation in physical education activities, college students, 58:6202
strategies & programs for delivery of services of college health center, college students, 54:12641
stratified adaptive computerized testing model, ability measurement for groups, college students, 55:11054
strength of identification with mother & father & 1 other role model & model characteristics, career orientation strength, female college students, 58:4348
stress of college environment, choice to live in college residence, 1st vs last born college students, Canada, 56:8741
stress reduction program in early training period, West Point cadets, 53:8349
Strong-Campbell Interest Inventory vs Vocational Card Sort alone vs preceded by Auxiliary Informative Material, career salience & vocational exploration, college female dormitory residents, 58:10583
Strong-Campbell Interest Inventory, vocational interests, American vs Chinese college students, 55:11070
structural characteristics, homosocial & heterosocial friendship units, Black college students, 58:6328
structural outline & hierarchical organization of textual passage, learning & recall of factual material, college students, 58:12503
structure of negative attitudes toward statistics & statistical training, college students majoring in education & social science, 57:11475
structured group discussion & desensitization & reeducative training & relaxation training, academic & vocational goal setting & test & academic anxiety & study habits & skills, male bright college-failing underachievers, 54:12652
structured procedures for expressing feeling-cause relations, ability to make more & better feeling-cause statements & locus of control & flexibility & openmindedness & interpersonal manipulativeness, college education majors, 57:6663
structured vs unstructured study strategies, acquisition & recall of instructional prose material, college students, 58:2069
structure-of-intellect & visual vs figural concept presentation, retention & transfer in modulus 7 arithmetic unit, college students, replication of M. J. Behr's & P. M. Eastman's aptitude/treatment interaction studies, 56:4748
student & faculty evaluation, open university teaching programs, college students & faculty, 53:10433
student & instructor characteristics, learning in introductory economics course, college students, 56:10685
student attitudes & final grade & units completed & time needed to complete unit, prediction of achievement & attitudes in audio-tutorial physical science course, nonscience college majors, 55:13330
student characteristics & college environment & student-faculty & student-peer interactions, value change & socialization & personality development, college students, 58:8342
student characteristics & motivations & results, mature female undergraduates, 4-yr followup, 56:2974
student characteristics, no-shows accepted for admission at large university, 56:1295
student control of course content, achievement & attitudes in reading improvement program, college students, 58:10397
Student Evaluation of College Teaching Behaviors, teaching evaluation, college students, 53:1995
student health services, historical development & relevance of medical & psychological & psychodynamic & psychoanalytic & behavioral & cognitive & psychometric & counseling & social interactional models of mental health to student problems, Great Britain, 53:10556
student involvement in faculty collective bargaining, avoidance of future conflict, 57:4265
student job campaign as educational process, placement counselors, 53:10587
student needs & curriculum requirements, development of college psychiatric service & freshman advisory council, 54:8514
student personnel counseling, goal of self actualization, college students, 55:5682
student rating formats, measurement of faculty teaching effectiveness, college students, 53:1992
student ratings of instruction in post-secondary institutions, annotated bibliography of research since 1968, 56:10699
student responsibility & personality types, correctness of response & response time & attitudes toward media & materials & content in computer based instruction, college students, 55:3094
student selection & classroom materials & techniques, altering negative foreign language learning attitudinal patterns, psychologically disadvantaged college students in beginning German classes, 55:8291
student selection of course material & original research, experimental psychology education, college students, 54:10506
student selection of problem for self help & self observation & treatment plan implementation & progress assessment, undergraduate psychology course, 57:1944
student status & required vs elected course & rating course of own vs different college & grade expected & college attended, evaluation of instruction & instructors, college students, 55:13391
Student Tutorial Program, achievement & self esteem, low achieving college students, 55:1354
student tutors, learning by unit mastery instructional methods, college students, 53:10419
student vs faculty curriculum advising attitudes toward advisors & 1st-yr academic progress, freshman college students, 54:6362
student vs traditionally determined curriculum, health knowledge & interests, college students, 55:10796
student-centered vs traditional lecture-discussion teaching methods, academic performance & self concept, college students in child psychology course, 56:6735
student-determined weighted grading system, 53:1990
student-oriented change in higher education, policy & program changes in educational environments & "gamesmanship" processes, book, 57:4288
students' personal characteristics & behavior during play & parent & teacher perception of child behavior, process & outcome of play encounters with clinic-referred 4–8 yr olds, trained vs untrained college students, 58:5817
student's present & previous college majors & classification & father's schooling & occupational prestige, rigidity & choice of college, college students, 56:1453
students' vs instructors' perceptions & evaluations of organizational features of courses, achievement & attitudinal reaction to course, college students, 58:4327
students-tutoring-students project & counseling using techniques derived from J. B. Rotter's theory, internal-external locus of control & success expectancy levels & academic progress, disadvantaged college students, 55:8367
study & attitudinal variables, nondisabled & physically disabled college students, 58:10470
study habits & mental abilities & achievement motivation, academic performance, college students, 58:12588
study skills counseling & behavioral self control, study behavior, underachieving college students, literature review & treatment manuals & bibliography, 56:10772
study skills counseling & behavioral self control methods, academic achievement & attitudes, college students, 57:4465
study skills course varying in structure, study skills knowledge & use & satisfaction & GPA, college students classified as judgers vs perceivers, 58:12550
study skills instruction, changes in educationally related attitudes, disadvantaged group of 1st-yr college students, 58:10391
study skills training program using contract negotiation, self management of study time, college students, 55:13283
study time & part-time work & study habits, academic achievement prediction, college science & engineering majors, 56:4837
study-analysis of crucial issues in child development & education, dogmatism & expression of moral & ethical judgments, female college students, 57:13780
studying with expectancy to teach vs to take test & subsequent teaching vs not teaching, cognitive learning, graduate students with teaching experience vs community college students with no experience, 58:8299
stylistic & rhetorical manipulations in specialized scientific writing, enjoyment & information gain & attitudes of audiences, junior college students vs college students vs professional scientists, 53:1125
subjective organizational ability & good vs poor passage organization, reading comprehension & fact recall & inference task performance, college students classified as good vs poor readers vs Ss with good vocabulary & poor comprehension, 57:11427
suicide attempt rates from retrospective reports, college students, 56:10104
summation of instructional cues in modalities of textual & pictorial & auditory information, achievement, college students, 55:10750
supervised experimental program of instruction, self concept & GPA, college students on academic probation, 57:6798
supplementary materials, attitudes toward & comprehension of basic mathematics for teaching, college students majoring in elementary education, 58:8199

survey of most negative & positive life experiences, male junior college students, 53:3051
Survey of Study Habits & Attitudes, analysis of responses to test a priori classification of items into scales & hierarchical structure of scales, high school & college students, implications for counseling, 55:11022
survey of views of the future, upper division students at English university, replication of J. W. Gillespie & G. Allport's survey of college students, 58:5223
SVIB for men & women & Occupational Values Profile & Focus on Future & Group Session strategies, awareness of & decision making in & self-understanding in relation to careers, college women, 55:13576
SVIB vs Self Directed Search, career planning & certainty, college students, 58:4421
sylbism & study orientations, personality & academic performance, college students, 55:1456
synchronous slide-tape montage presentations, classroom verbal behavior & attitudes toward discussion, college students, 56:10593
synthesizing & applying theoretical psychological principles course, college students, 54:10501
systematic desensitization using mastery imagery vs desensitization with coping imagery vs cognitive modification vs rational-emotive therapy, test anxiety, college students, 58:9967
systematic desensitization vs covert positive reinforcement, test anxiety, college students, 53:5924
systematic desensitization vs group counseling, muscle relaxation & anxiety reduction during treatment & subsequent test anxiety, college students, 58:12087
systematic desensitization vs instruction in test taking & constricted vs nonconstricted learning style, test anxiety reduction, college students, 57:10882
systematic desensitization vs relaxation as self control technique, test anxiety, college students, 58:1670
systematic desensitization vs social skill training, participation in class discussion, college students, 56:6430
systematic program of assistance in environmental interaction, academic success, college students, 55:10856
systematic structuring in initial interview of counseling process, anxiety reaction to & satisfaction with session & attrition rate, college student counseling center clients, 58:10622
systematic training &/or modeling, communication of empathy, university student residence hall advisors, 57:3892
systematic training procedure based on Human Resource Development Problem Solving Model, problem solving & interpersonal skills, college students, 58:10326
systemic vs traditional counseling techniques, attitude & academic achievement, educationally disadvantaged black college students, 55:1566
systems approach, student ratings of instruction, college students, 55:8248
taxonomy construction, activities related to developmental tasks, college students, 58:12660
teacher & student leadership roles, attitudes toward physical activity & teacher & self evaluated physical activity skill success, college students in physical education classes, 55:10935
teacher background & classroom procedures, student evaluation of teacher performance, college students & teachers, 55:13438
teacher characteristics, perceived influence on thinking, college students, 58:10450
teacher control strategy & achievement motivation, choice of educational objectives in quasi-simulation university career game, college students, 55:8213
teacher empathy & student self esteem & defensiveness, teacher effectiveness, college teaching assistants, 55:13371
teacher evaluation of student achievement, internal vs external attribution to achievement-related outcomes, college students, 54:12593
teacher openness, evaluations of teaching effectiveness, college students, 55:13384
teacher response style in preteaching student interview, achievement & ratings of interviewer, college students, 58:2142
teacher sex & student sex & teacher warmth, evaluation of college instructors, college students, 54:4014
teacher skill, students' self perceived & teacher personality traits & attraction to teachers as "teachers" vs as "persons," college students, implications for objectivity of student evaluations of teachers, 54:6183
teacher vs self paced group vs traditional lecture-discussion group & written vs oral evaluation groups, examination performance & withdrawal rate & long term retention, college students, 58:10279
teachers' & Ss' definition of classrooms, verbal participation in classroom, college students, 58:10474
teachers' increased use of classroom questions resulting from individualized vs group training programs, improvement in critical thinking ability, college students, 58:1928
teachers' ratings & self ratings of curiosity, college students, 57:4414
teacher-student need compatibility & verbal ability, course grade & expressed course satisfaction, college students, 58:2121
teacher-student personality combinations, achievement in psychology course, college students & teachers, 55:3107
teacher-student value system congruence, teachers' evaluation of students, college students & teachers, 55:3246
teacher-student verbal interaction, critical thinking ability & achievement, college students in introductory biology course, 55:1476
teaching & acquisition of general skill for studying scientific text, introductory physics students, 56:8683
teaching & transformational aspects of discovery-oriented behavior, problem solving success, college students, 57:1956
teaching anatomy laboratory classes using vs not using behavioral objectives, learning & concept development & retention, college students, 57:6800
teaching designs & exercises, open exploration & discussion of attitudes toward sex, high school & college students, book, 53:1923
teaching experience in elementary school physical education, changes in attitudes toward physical education & self concept, college health & physical education majors, 58:4240
teaching methodology in large lecture classes, objective examination scores, college students, 54:8360
teaching of self control techniques, motivation of study behavior, college students, 58:10278
teaching style, attitudes toward extension education, students in school of agriculture, 58:12520
teaching techniques in body conditioning, physical fitness & self concept, female college students, 55:8044
team affiliation & position played & success, personality analysis, college baseball players, 55:10817
teletutorial instruction vs conventional lecture method, achievement & attitudes & personality & preference for learning, college students in teacher education program, 57:13770
term papers vs projects, teaching literature, college students, 53:8322
test anxiety & self esteem 6 wks vs .5 hr before final exam, college students, 58:4351
test anxiety, achievement measures, education majors, 53:12567
test anxiety, black college students, New York vs West Indies, 54:4149
test anxiety, Yugoslavian college students, 54:6305
test construction & internal consistency & reliability, Activism scale measurement of attitudes toward progress & modernization, college students, India, 54:904
test development & application of theory of work adjustment, cross cultural adjustment & needs & satisfaction, foreign college students in US, 57:9095
testing alone vs testing with explanation vs unit reviews, learning & retention of mathematics, 6th & 8th & 10th & 11th graders & college freshmen, 56:10606
test-retest reliabilities of State-Trait Anxiety Inventory in academic setting, college students, 56:3067
test–retest reliability, Battle's Instructor Evaluation Inventory, college students, 53:1886
tests vs written exercises, final examination performance, college students, 57:13719
test-wiseness, residual gain in test-wiseness & mental ability & achievement & deductive reasoning, college students, 55:8336
textbook incorporating "concept programming", concept formation, college students, 57:6772
thematic organizers, reading comprehension, high school & college students, 58:10411
theoretical & practical value orientations differences, prediction of academic major, male college students, 56:4868
therapeutic use of film-making in course, coping with problems, college students, 56:8311
therapist as transitional object in transference, crisis intervention, college students, 54:3610
therapist warmth & religious value orientation, ratings of attraction & receptivity & persuasibility in psychotherapy analog, Christian evangelical college students, 57:1561
Thumin's Conservatism-Liberalism Scale, liberalism, college students vs general public, 53:7269
thymometer, measurement of depression, female college students, 57:7147
time restriction, compulsive rocking, 19 yr old female college student, 55:5116
time series analysis, dogmatism norms, college students in late 1960s vs 1950s, 57:5919
time-limited relaxation treatment administered prior to individual counseling, anxiety level & self concept growth, female Catholic college students, 55:13529
time-shortened degree program, academic performance & social adjustment & personal identity, freshmen college students advanced to junior status, 56:1388
traditional career instruction vs career planning vs use of multimedia career materials, self concept & crystallization of career choices, community junior college students uncertain about career plans, 57:6968
traditional classroom vs experimental learning approaches to human ecology course, college students, 55:13161
traditional cultural expectations & cultural changes & projection of professional roles & sex & age, perception of role of social psychologist in society, 19–23 yr old psychology & sociology students, 54:7692
traditional individual vocational counseling vs Holland's Self Directed Search vs Individual Vocational Planning modes, costs of effectiveness, college students, 58:4436
traditional lecture-examination teaching method vs individualized instruction, performance on multiple choice vs short answer vs essay tests & attitudes toward method, college students, 56:2870
traditional vs behaviorally engineered competency based teaching method, educational psychology, college students, 54:4093
traditional vs individualized teaching method & reading ability & personality type, achievement & search initiative in problem solving & attitudes toward school, accounting community college students, 55:8015
traditional vs weekend tutorial classroom modes, academic achievement in basic statistics courses, college students, 53:12433
traditionally vs situationally produced values & morals, conflict resolution process, college students, 55:4489
training & participation as peer group counselors, peer group members' & leaders' involvement with others & introspectiveness & personal growth orientation, college students, 56:6859
training college students as leaders of peers in process groups, freshman orientation & adjustment, college students, 55:1550
training in self monitoring & self reward & systematic planning as aids to self control, study habits & GPA, college students, 57:6967
training in use of behavioral objectives & level of knowledge of results, achievement in mastery learning course in speech communication, college students, 55:10728
training of paraprofessionals, skill development & self concept, graduate student & undergraduate paraprofessional trainers, 57:4220
training program, development of verbal skills to communicate understanding & acceptance & sincerity, college student peer counselors, 55:7931
training program, leadership behavior & perceptions of college environment, male vs female college students selected to work in orientation program, 58:2144
trait anxiety & anxiety change, career maturity & relationship to American College Test scores & GPA, male vs female college students, 58:8345
trait anxiety, error in perceived GPA, Black vs White male vs female 1st-yr college students, 58:10488
transactional analysis group counseling vs client-centered individual counseling, academic achievement, college freshman admissions risk students, 55:13594
transfer to university from 2- vs 4-yr institutions, academic achievement & graduation rate, college transfer students, 57:11415
treatment of behavior & attitudes & values & beliefs associated with college student unrest, analysis of selected periodicals 1960–1969, 55:6873
trend away from physical science & foreign language toward English & social sciences, re-examination of statistical evidence of Dainton Committee, 2nd & 5th & 6th form students, 55:1349
trends in academic performance & American College Testing program test scores, high school & college students, 10-yr longitudinal study, 56:2936
trends in use of marijuana & alcohol & hallucinogens & amphetamines & barbiturates & narcotics & cocaine, US college students, 54:9467
triad as instructional mode employing predetermined roles in small group, interaction & responsibility for group maintenance & task performance, college students, 57:6759
tribe & social class & urban vs rural dwelling, social distance preferences & ethnic prejudices, college students, Zambia, 58:941
tutorial mode, academic performance, graduate vs college students, 54:8347
tutoring, academic achievement & self concept & study habits & attitudes, male college student athletes, 58:10289
tutoring by undergraduate proctors with vs without human relations training, learning rate & quality & attitudes toward proctor, college students, 58:6244
tutoring with missed quiz questions vs by-objective feedback procedure, test performance & time expenditures, college students in behaviorally-taught course, 57:6786
Tyler Vocational Card Sort vs SVIB scores, accuracy in prediction of occupations held 10 yrs after testing, college students tested in 1965, 57:14056
type of college attended & socioeconomic status, work/career expectations & sex role equality attitudes, female college students, 58:8336
type of comments permitted during examination, relationship between anxiety & performance, college students, 55:13558
type of course assistance provided by student teacher proctors & GPA & academic aptitude, academic performance & study behavior, student teachers, 57:6861
type of helper & audience effects & locus of causal attributions, help seeking for psychological problems, female college students, 57:8603
type of problem, preference for professional vs peer counselors, college students, 57:11585
types of students who enroll in parapsychology courses & instructor's responsibility toward them & their institution, 57:11376
unauthorized availability of publishers' test manuals accompanying college textbooks, need for precautions & impairment of test validity, 55:13593
undergraduate seminar on services available for children, relation of psychological developmental theory to historical & current treatment of children, 54:10488
undergraduate teaching assistants as leaders in introductory psychology course, requirements & benefits & videotaped teaching evaluation, 57:1939
underlining behaviors, learning from prose, college student habitual vs nonhabitual underliners, 58:12595
unit size & mastery test strategy, mastery learning & study behavior & attitudes & grades & attendance, college students, 58:10364
university as surrogate family, regressive behavior & trauma of graduation, college students, 57:13846
university climate & academic ability, academic performance & persistence to degree, black vs white college students, 55:5576
university climate perceptions, black & white college students, 53:6125
University College London Study Questionnaire with scale for syllabus boundness & neuroticism questionnaire scores, academic success & study difficulty, college students seeking help for emotional problems vs normal students, 58:2143
university crisis, psychiatric disorders, college students, 54:11991
university health services programs, change in academic & living environment on campuses, college students, 53:10574
university prestige, migration to major American universities, 1st time undergraduate migrants, 54:8252
university program to assist in academic & social adjustment, minority students, 53:4026
Upward Bound program in high school, self report & achievement & aspiration level, disadvantaged college students, 54:4111
Upward Bound Project, changes in self concept & level of achievement & aspiration, college students, 56:6728
usage of university mental health services, nonwhite college students, 53:6088
use of data from groups, inferences about individuals in educational research, entering college freshmen, 57:8960
use of difference system of relationships, teacher semantic differential ratings of students & student ratings of teachers on instruction, college teachers & students, 57:1998
use of marihuana & alcoholic beverages, academic performance, 1st-time college freshmen, 1968 & 1972 follow up, 54:7379
use of small task-oriented groups to alter classroom social structure, cooperative achievement of joint educational goals & attitudes toward groups, college students, 56:10632
use of spelling-to-sound rules in reading novel words, 2nd & 5th graders & college students, 58:4319
use of trained & nonprofessional college students in behavior modification program, teaching basic skills at home, profoundly retarded 22 yr old male, 55:5106
use of undergraduate teaching assistants & syllabus & procedures, undergraduate psychology course in fundamental learning principles, 57:1921
use patterns & effects & experiences related to driving, marihuana use & alcohol consumption prior to or during automobile driving, freshmen college students, 53:11564
use vs nonuse of learning resources center, personality & academic characteristics, freshman college students, 55:5586
utilization of campus counseling & psychiatric services, Asian-American college students, 53:8412
utilization of data assessing student mental health problems for outreach program planning, college students, 3 yr longitudinal study, 54:12643
utilization of peer counselor services in developmental education office & contact frequency & client age & sex & place of residence, GPA & student retention, minority college students, 57:6948
valences of facts presented in drug education, drug attitudes, college students, 56:4762
validation procedure based on students' perceptions of correct placement, foreign language placement, college students, 54:6374
validation study, Faculty and Course Evaluation Instrument, college students, 57:8968
validities of progressive matrices tests, prediction of IQ & GPA, college students, 56:54
validities of traditional item-allocation method vs item-sampling procedure, construction of in-class examinations in intermediate algebra, college students, replication of J. P. Poggio & D. R. Glasnapp's study, 57:13986
validities of traditional item-selection vs item-sampling procedures, evaluation of individual & class progress toward course objectives, college freshman psychology students, replication of J. P. Poggio & D. R. Glasnapp's study, 57:14016
validity & reliability & development, measurement scale of attitudes toward education, college students, 54:1964
validity & reliability of Black Ethnocentrism Scale, measurement of pro-Black & anti-White sentiments, Black college students, 57:9360
validity & standardization, Athletic Motivation Inventory, female college athletes vs nonathletes, 58:155
validity, Belcher Extended Loneliness Scale, college students still in vs never in psychotherapeutic counseling vs Ss who had completed therapy, 56:7030
validity for introductory biology course, nationally standardized vs locally constructed biology proficiency tests, college freshmen, 58:2280
validity of General Aptitude Test Battery, prediction of academic success in architectural courses, college students, 57:13984
validity of H. J. Herman's measure of achievement motivation, persistance in difficult task, male college juniors, 56:3060
validity of Kuder General Interest Survey, male & female Nigerian students in commerce & building courses of technical college, 54:10654
validity of Scholastic Aptitude Test scores & high school GPA, prediction of freshman course grades & overall college GPA, college freshmen, 54:12622
validity of Suicide Lethality Form, determination of potential lethality of suicide threats, college students, 57:11801
validity of 4 subscales of Survey of Study Habits and Attitudes, relationship to course examination scores & use of released class time, Black college students, 57:7230
validity, questionnaire measuring attitudes toward school, vocational training students in technical college, 57:9378
value congruence in collegiate scholars, typology of college student subcultures, 53:1940
value hierarchy development since senior year of high school, participants in college laboratory for superior students., 56:4826
value orientations, college-bound students, Ireland vs US, 58:12651
value orientations toward education, community college students aged 60 yrs & over, 58:6297

values & purpose in life, US Air Force Reserve Officer Candidates vs college students, 58:10654
values & selection of reference persons, white male convicted felons vs factory workers vs college students, 55:12089
values clarification seminar in preservice teacher education, behavior & feelings & openmindedness, education students, 57:4298
values in selection of & reactions to major & achievement & work experience in field & commitment to & immediate employment within field, career choice, college students majoring & graduating in social work vs sociology vs psychology, implications for social recruitment, 58:2147
values of intrusive counseling, changes in scholastic performance, college students, 54:12629
variables in instruction & student choice, role as active decision maker in instruction, college students, 57:11332
variations in identifying information, perception of & attitudes toward mentally retarded, college students, 55:12073
various combinations of traditional & personalized instruction, final exam scores, college students, 58:4288
verbal & nonverbal behaviors exhibited during learning of mathematical generalizations, college freshmen, 55:3116
verbal information vs passive observance vs active observation, acquisition of classroom management skills, college teachers & students, 55:5466
verbal instruction only vs with color photographs vs black & white line drawing, facilitation of specific geographic learning, college students, 57:13760
verbal instructions alone vs with point loss, reduction of grammatical errors in writing, junior & senior college students, 58:4221
verbal social reinforcement, conditioning study-related behaviors & rate of studying, male college students, 54:6317
verbal vs nonverbal contingent reinforcement, IQ test performance, Black college students, 58:2531
verbal vs pictorial versions of computer assisted instruction in interactive graphic analogies, learning of concepts in electro-chemistry as measured by recall tests of knowledge & comprehension & application, college students, 56:4789
verbalization of discovered numerical- or sorting-task generalizations, short-term retention & transfer prospective elementary school teachers, implications for G. Hendrix's hypothesis, 56:4834
verbalizing methods in discovered generalization, subsequent ability to use generalization, college students in elementary mathematics method course, 58:10377
verbal/visual feedback & realistic detail in visualized instruction, achievement of educational objectives, college students, 57:11324
videotape feedback with vs without self evaluative structuring, modification of classroom speech anxiety & discussion behavior, college students, 57:3934
videotape instant feedback, learning motor skills & form in shooting target archery, female college students, 55:7989
videotape modeling & oral & written information, future time perspective & counseling-seeking behavior, female college students, 55:7729
videotape self confrontation procedures, feedback about errors during communication skills learning, college students in speech communication courses, 55:13175
videotape self image confrontation, changes in perceptions about themselves as helping people, college social work majors, 55:10609
videotape vs audiotape replay of within-class speeches, acquisition of speech skills, college students, 54:4117
videotaped learning experiences & small group discussions & laboratory experiences & supervision & feedback by student assistants, college students in large introductory psychology courses, 54:10554
videotaped modeling & behavioral rehearsal through group training, assertive behavior, college students, 55:13630
videotaped modeling & sex of model with written materials vs written materials alone, teaching affective attending responses, college students, 57:6943
videotapes, acquisition of choral rehearsal techniques & principles, college students, 58:6217
videotaping of consonant or dissonant student attitudes about instructional activity, attitude change & influence on achievement & effort, college students, 57:6908
viewing familiar vs novel motor prototype, movement analysis proficiency, college physical education teachers vs junior high school teachers vs college students enrolled in biomechanics course, 58:8160
views of deviants, male vs female college students, 54:9526
visual disembedding, uninjured vs injured but not disabled vs injured & disabled college football players, 56:7147
visual stimuli depicting thing- vs people-oriented vocational group choice, eye pupil size as predictor of vocational interest, female college students, 58:10664
visual synthesis/visual closure skill & visual training, speechreading performance, college students, 58:2169
visualized instruction, academic criterion test performance, college students, 56:10591
vocabulary knowledge & comprehension & reading rate & semester experience & sex, reading abilities, college students, 54:12591
vocational choice theory constructs of J. Holland, prediction of initial academic achievement, male vs female college freshmen, 58:4398
vocational counseling treatments, cost analysis & satisfaction with treatment & variety of vocational information seeking, students at college counseling center, 56:1506
vocational decidedness & satisfaction vs dissatisfaction of vocational decidedness, dogmatism & self-esteem, college students, 53:4101
vocational indecision & career salience & work values, college students, 58:10671
vocational information, occupational aspiration, college students classified by levels of ability & need achievement & extraversion, 55:8361
vocational interests & self concept & attitudes toward feminine roles, educational & vocational choices, female college juniors & seniors in traditional vs nontraditional majors, 56:8754
vocational interests, male college freshmen majoring in engineering vs non-engineering majors, 56:5014
vocational maturity & competence & academic achievement & aptitude variables, congruent vs incongruent vs undecided occupational choices, female college sorority students, 55:5768
vocational maturity & selected variables, level of client satisfaction & number of counseling sessions held, students reporting to university counseling center, 55:11023
vocational maturity & sex, certainty & commitment to career choice as reflected by choice of college major, sophomore vs junior college students, 57:13852
vocational placement of graduates & nongraduates, Indian use of university final examinations, 54:4250
vocational self concept measured from internal vs external frame of reference, interest stability computed from SVIB, college students, 56:8828
vocationally-oriented psychology program, success in finding employment in psychology, college graduates in psychology, 53:12652
vocationally-relevant occupational & self information, congruence of expressed & measured vocational interests, college freshmen graduating from public vs parochial boarding vs non-parochial day schools, 57:7018
voluntary vs semivoluntary peer monitoring programs, academic performance, college students, 58:12573
volunteer experience, social perception & interpersonal interaction skills, college student volunteers at day school for emotionally disturbed children, 58:1936
weekend black experience encounter workshop, self concept change, black female college students, 55:5070
weekly vs no quizzes prior to class lecture, midterm & final examination scores, college students in educational psychology course, 58:2025
Welsh Figure Preference Test & Welsh Model, use for personality assessment, male college freshmen participating in intercollegiate athletics, 55:1555
winning vs losing competition, aggressive response on Rosenzweig Picture-Frustration Study, college basketball players vs wrestlers, 58:6324
women pretending inferiority in dating situations, female vs male college students, replication & assessment of M. Komarovsky & P. Wallin's hypotheses, 55:681
women's studies course, attitudes toward self & other women, female college students, 55:13223
women's study courses, sex role attitude change, female college students, 55:1398
Wonderlick Personnel Test & Van Wagenen Rate of Comprehension Scale & Costello-Comrey Need Achievement Scales & age & sex & last completed grade, prediction of GPA & dropout rate, 1st term college freshmen, 55:3241
word length & instruction method, vocabulary learning of English translations, Dutch-speaking college students, 54:10582
work & study styles, college students, 54:1904
work ethic, college seniors, 53:10484
work experience, vocational maturity, college freshman, 55:3329
work histories, vocational pattern groups, women who were college students in mid-thirties, 56:1525
work records in self-paced course, college students, 53:4001
workshop to enhance career goals, career decision making & confidence & maturity, college student wives, 58:2329
writing disorders in college English courses, college students with learning disabilities, 55:13515
written advance &/vs post organization, learning & immediate & delayed recall of prose material, college students, 56:2963
written communication vs discussion prevention program & program preference, dropout rate & GPA & psychological symptoms & subsequent use of psychological services, college freshmen, 58:2255
written feedback to homework varying in explanation of error, mathematics achievement & retention & attitudes, prospective elementary school teachers, 56:4794
written instructional materials with isolation & readability & paragraph organization modifications, immediate learning & retention, college students, 58:6199
written vs direct instructional methods, training to use reinforcement & timeout & imitation & shaping techniques with retarded children, college students, 55:10347
written vs individual vs small group interpretation of SVIB for Men, test information recall & satisfaction & changes in vocational planning, male college students, 57:4484
year in college & self actualization & demographic variables & feminine role attitudes, psychological femininity, female college students, 57:5725
year of joining program & sex & previous semesters of completed college work & academic aspiration, academic achievement prediction, college students in educational opportunity program, 57:13808
Zuckerman Sensation-Seeking Scale & Mosher Guilt Inventory scores, willingness to participate in varying types of psychological research, college students, 57:10354
1st-term examination results, validity for prediction of students at risk for failure, college students, 57:14006
16PF & American College Testing scores, prediction of success in electronic data processing course, college students, 58:2270

College Teachers

academic & demographic & family characteristics profile of students, enrollment for Associate of Arts vs Sciences degree & faculty perceptions of their instructional strategies, community college students & faculty, 58:4146
academic & vocational aspirations, perceptions of faculty & administration's role expectations, female college students, 55:13379
academic discipline & professorial rank, attitudes toward effective teaching in lecture-discussion course, faculty, 55:13072
academic rank of professor & academic ability of student, halo effect in students' ratings of instructors, college students, 55:13366
academic self concept, attitudes toward teachers, high school & college students, 56:1450
acceptability of behavioristic vs phenomenological schools of counseling psychology in higher education, professors & educational practitioners & graduate students, Taiwan, 57:6570
administration's leadership style & role model & reward ability, research professor's satisfaction & productivity, college personnel, 58:6153
administrator & colleague & student & self ratings, evaluation of college teacher performance, 54:8256
adult developmental stages, emotional & mental states resulting from job pressures, college faculty & administrators, 54:5065
advantages & disadvantages to steady state staffing, increases in growth & mobility in college psychology department, 54:12501
age & field of specialization & contact with adult students, attitudes toward adult students, college faculty, 57:13678
age & rank & academic area & type of control of college, reports of campus problems, college faculty members, 55:1309
amount & nature of student-faculty advising & referrals to other student personnel agencies, college students & faculty advisors, 57:6983
analysis of power patterns, token economy behavior modification program on locked mental hospital ward, female schizophrenic patients & college psychology professors & students, 55:12201
analysis of student ratings of teachers in 5 disciplines, teacher attributes in prediction of teaching effectiveness, 56:8640
analytic exploration based on Jung's psychological types, teacher-student perception & cognition, college students & teachers, 55:8253
applicability of 2-factor theory of job satisfaction, college & university professors, 55:13716
application of Herzberg's 2-factor theory, job satisfaction-dissatisfaction, 2-yr college teachers of music, 55:5470
assessment of educational orientations & values in context of J. L. Holland's personality & vocational choice model, college faculty members, 58:8217
attending behavior & self disclosure, advisee satisfaction, college students in advisor-advisee conferences, 58:8418
attending behavior microtraining, attending behaviors, college faculty advisors, 57:13635
attitude changes toward specified student behavior, college students vs faculty vs student personnel staff, 58:12683
attitude similarity of student & instructor, evaluation of instructor, college students, 57:9093
attitude similarity to faculty & administration, attraction to university, college students, 55:8217
attitude toward values held & difficult decisions made, self actualization, college professors nominated & not nominated for teaching excellence award, 57:1232
attitudes & perceptions concerning academic preparation of community college psychology teachers, deans vs department chairpersons vs instructors, 57:1897
attitudes regarding governance of institutions of higher education, faculty & administrators, 58:8219
attitudes toward academic grade inflation & standards erosion & student achievement levels & cognitive learning emphasis & relationship to innovative program implementations, community college instructors, 57:8986
attitudes toward accounting topics in 1st yr of business education, business executives & trainees & college teachers of management, 56:2865
attitudes toward collective bargaining issues, public community college boards of trustees vs administrators vs faculty unions, 57:13685
attitudes toward collective negotiations & perceptions of management styles used at college, community college teachers, 55:12992
attitudes toward commencement policies & procedures, college students & alumni & administrators & parents & faculty, 57:11222
attitudes toward faculty control in decision making & teaching methods & goals & job satisfaction, teaching effectiveness, community college faculty, 54:4016
attitudes toward higher education individualized instruction methods, college faculty members, 54:8337
attitudes toward media & perceived deterrents & demographic characteristics, actual use of instructional media, college faculty members, 55:1313
attitudes toward multipurpose function & open-door policy of community college teachers, 56:2783
attitudes toward pass–fail system of grading student teachers, student teachers vs supervising professors of education, 54:12634
attitudes toward pass–not pass grading, college faculty members, 53:6108
attitudes toward role of secondary school counselor on specialist to generalist continuum, secondary school administrators & counselors & counselor supervisors & educators & professors of educational administration, 57:11274
attitudes toward sale & use of tobacco & alcohol & marihuana & heroin & barbiturates & amphetamines & hallucinogens & cocaine, high school students & their parents & college teachers & students & school teachers, 54:2863
attitudinal profile, scientists in university & federal government, 56:6894
attribution of personal characteristics to target person, lawyers vs prisoners vs professors of physical science, 56:4066
behavior consultation model for effective public service involvement, university personnel, 57:8979
behavioral intentions & social desirability, attitudes toward instructors, college students, 54:4050
black consciousness & acceptance, relevant attitudes & practices in Big Eight football, white vs black athletes & coaches, 55:13410
career attitudes & having a career, personal & family lifestyle & difficulties & fulfillments, female college professors, 57:14063
changes in modern family, needs & relationship with faculty, male & female college students, 54:4012
characteristics & centrality, prediction of adoption vs nonadoption of innovative information service, university faculty members, 56:4731
classroom verbal behavior & student perceptions of effective college teaching, college students & instructors, 57:6878
coaches' personality, personality & self concept, varsity wrestlers at college, 56:4883
colleague climate & community context of college or university, academic role behavior & attitudes, college professors, 58:1970
colleague evaluation of college teaching, literature review, 56:6655
colleague ratings based on classroom observation, tenure & promotion decisions, 54:8262
college environment & acceptance or rejection of instructional innovations, college teachers, 55:13058
college faculty interest in counseling activities, self reported advising experiences of their students, 54:4271
common & nonstandard approaches, teacher evaluation, 54:8255
comparative analysis of perspectives concerning student participation in governance of private liberal arts colleges, college students vs faculty vs administrators, 58:4206
comparative feedback & interpersonal evaluation, teaching effectiveness, college professors, 55:2935
competency-based evaluation by faculty & students, selection of counselor educator, 57:11186
concept dimensions of most & least ideal teacher-student relationship, junior college students & teachers & administrators, 55:13403
conceptual clarity & item wording of teacher rating scale reliability & level of teacher ratings, college students, 56:4688
congruence between faculty & student educational orientations, students' satisfaction with academic program, college students, 58:10480
congruence between impulsiveness & theoretical orientation & social extraversion & autonomy, growth in writing skill ability, freshmen commmunity college students & teachers of English, 55:13297
congruence-incongruence dimension of Holland's theory of vocational choice, prediction of academic achievement & course satisfaction, college students & faculty, 55:1427
consultation approach using faculty workshop, identification & modification of environmental factors adversely affecting college campus community members, 57:13979
continuing sources of discrimination in white colleges & universities, black students & faculty & administrators, 53:12362
conversion from private to public governance, activities & roles & attitudes, college teachers, 56:4708
correlation between instructor's & student's self concept, final course grade, community college students, 58:6317
correlation between ratings of teachers, students & alumni, 53:3942
correlational study, surname initial & success in German academic career, tenured vs nontenured professors, 57:4313
correlations between attitudes toward religion & science, legislators vs lecturers vs administrators vs students, evidence for cognitive consistency, 58:9588
course interest & grade expectations, evaluation of course teacher, college students, 58:6309
credit hours & contact hours & level of instruction & academic rank, prediction of faculty teaching effort & assigning teaching loads, 56:6670
critical incident technique, development of stable taxonomies of college teacher performance, 56:8643
current status & future trend probabilities, use of educational media resources, college teachers, 56:6665
curriculum redesign in college of education & home economics, organization leader & administrator & faculty role interactions during initiation phase of organizational change, urban university, 57:8995
decision making participation & trust & rank & salary & administrative position & academic specialization, attitudes toward collective faculty bargaining at Cornell, full-time faculty, 57:8975
deficiencies in evaluative literature, self evaluation of teaching & course materials, Open University teachers, 57:1899
degree of teacher-student informal interaction, accuracy in projecting students' perceptions of institutional climate, college faculty, 57:1902
deliberate attempt to alter Ss' evaluations, stability of initial & end-of-semester student evaluation of instructors, introductory psychology, college students, 54:12655
demographic & educational & research information, male vs female applicants for positions as assistant professors of social psychology, 56:4654
demographic & job mobility characteristics, professional black faculty & administrators in white higher education institutions, 55:1253
demographic characteristics & attitudes toward collective action & 3rd party representation, faculty members in Florida's publicly-supported colleges, 56:10587

demographic characteristics & classroom practices & knowledge of learning theory & academic specialization, outstanding vs randomly chosen college teachers, 55:1284
demographic characteristics & educational background & community mental health background & political self perception, community mental health beliefs, baccalaureate nursing faculty, 57:1910
demographic characteristics & work activities, survey of college faculties, 1972–1973, 53:3911
demographic variables & professional commitment, attitudes toward males entering home economics field, home economics college & university professionals, 56:6657
demographic variables, attitudes toward Negroes, American college faculty members, 55:4372
departmental affiliation, faculty role expectations & perception discrepancies, medical school faculty members, 58:1891
design & validity & generalizability, studies of evaluations of teaching, students, 55:5463
desired vs perceived actual level of participation in administrative decision making activities, community college faculty, 57:11246
desk placement in faculty offices & student faculty interaction & student attitudes toward faculty members, college faculty, 56:10536
development & application of Instructional Improvement Questionnaire providing student evaluation feedback to instructors about teaching, college students, 57:14014
development & implementation of competency-based curriculum for teaching educational research methodology, prospective college teachers, Brazil, 57:6659
development & validation, medical attribution of responsibility scale, medical school faculty & students, 58:6693
development of Delphi Inventory of Behavioral Objectives, definition & evaluation of behavioral objectives for student personnel programs, college trustees & top level administrators & faculty & student personnel administrators & alumnae & students, 55:13553
development of model of horizontal power sharing & participation in university decision making, 57:4308
didactic vs experiential supervisor behavior expectations & supervisory experience, supervisor behavior, faculty members & doctoral students in counselor & counseling psychologist education, 57:1870
didactic-lecture vs discussion vs experiential group learning, moral development & self actualization, professional college educators, 57:13606
differences in values & perceptions, community college professional staff, 55:1311
direct & indirect & verbal & nonverbal teaching vs coaching behaviors, physical educators, 57:13628
discrepancy between instructor & student evaluations of instruction, changes in teaching, college teachers & students, 55:13423
disparity between student & faculty attitudes toward educational process, early transfer from college, transfer vs remaining students, 57:1997
drug knowledge & usage & quantity used, college students & staff & faculty members, implications for drug education programs, 55:4448
duties & activities & occupational & educational backgrounds & professional goals, theory-research vs academically oriented professors of educational psychology, 56:1322
duties & types of research & activities involved in & qualifications of educational psychology professors, 56:2806
educational background & professional experience & sex, knowledge of & attitudes toward & experience with instructional development, college teachers vs administrators vs specialists, 57:13681
educational background & tenure & prior work experience & age & sex, role perceptions of adult educators, adult educators vs administrators of higher education of traditionally Black public colleges & universities, 58:4191
educational problem solving techniques, student's perception of lack of relevance & scientist-professor's disinterest in teaching basic undergraduate courses, 54:10445
educational training & interest in American Psychological Association-sponsored activities, psychology teachers in community & junior colleges, survey, 53:1292
effectiveness & leadership ratings of college presidents, college faculty & trustees & academic administrators, 53:10392
environmental & educational factors, satisfaction with instructional climate, community junior college students & faculty, 53:3957
ethical judgments of social research involving experimental deception, social & clinical & counseling psychologists & research ethics committee members & academicians in social sciences & humanities & law professors & college students & members of League of Women Voters, 57:8945
evaluation of educational psychological preparation of prospective elementary school teachers, principals & education & psychology teachers, Saudi Arabia, 58:12454
experience, teacher experience, college teachers, 54:1831
experiential vs didactic teaching method, retention of complex subjects, medical college faculty members & graduate & medical students, 56:4764
experimental program using group meetings with faculty, acceleration of development of emotional independence as factor in autonomy, junior college students, 55:1351
facilitative vs nonfacilitative teacher behavior, student attitude & art achievement, college teachers & students, 57:13883
factor structure, Teaching Analysis By Students, college students, 57:116
factorial validity, Student Evaluation of Teaching, college students, 54:4457
factors influencing job satisfaction-dissatisfaction, physical education & athletic personnel in small liberal arts colleges, 57:13647
faculty advisors vs centralized advising center advisors & interest in counseling, academic achievement & attitudes toward advisor & advisor activity differences, freshman college students with declared vs undeclared majors, 57:11570
faculty morale & perceived leader behavior of department chairmen, community college professors, 55:2963
federal antibias laws, sex differentials in academic reward system, male & female faculty members, 1968–1969, 54:12478
feedback from students' evaluations, insight into teaching, college teachers, 56:4843
field dependence, male science- vs nonscience-oriented college faculty vs students, 58:1272
form of feedback from student ratings, faculty teaching practices & attitudes, faculty, 55:5448
format & construction of rating instruments, student evaluation of college teaching effectiveness, 54:8301
format of 1-day workshop, development of relationships between high school & college psychology teachers, 58:1972
fulfillment of expectations for teacher's leadership behavior, prediction of ratings of college teaching, college students, 55:1508
functions & historical roles & potential role changes & characteristics, college teachers, 54:8269
Fundamental Interpersonal Relations Orientation Behavior Questionnaire scores & age & grade level & education & teaching experience, rating cooperating teachers' degree of success, principals & college supervisors & student teachers, 55:10708
goal perceptions & preferences at regional universities vs public community colleges vs private liberal arts vs evangelical-fundamentalist colleges, faculty & administrators, 56:4722
GPA & Graduate Record Examination scores & rate of degree completion, students' perceptions of courses & teacher effectiveness & teachers' perceptions of courses & students, doctoral students taking classes on- vs off-campus, 58:10198
grade & sex, ratings of college instruction & views toward examinations & textbooks & supplementary readings & class discussions, college students, 57:6870
group attendance & composition & verbal input & participation, faculty-student decision making related to student entry-exit criteria, college students & teachers, 55:7915
group interaction & development of openness behavior, students & instructors in elementary education program, 55:2965
group method teaching skills, college teaching effectiveness, college teachers, 55:10705
group perception profile of higher education faculties, academic faculty at university vs liberal arts vs junior college, 57:11220
group process based education course, growth toward self actualization, inservice & preservice teachers, 55:13048
heuristic analysis, rhetorical devices to highlight & frame in teacher language choices & classroom communication, college professors, 55:8009
hiring practices & role expectations, minority women in academe, 55:12972
individual differences, instructor evaluation, college students, 56:1503
individualized faculty supervision in research-oriented learning, student ratings, graduate students, 54:6275
initial of surname, success in German academic career, tenured professors, 56:3125
institutional & personal correlates, scholarly productivity, college teachers, 57:13589
institutional goals & congruence of preferences, college students vs faculty vs administrators, 55:7963
institutional structural differentiation, attitudes toward decision making concerning selected academic issues, college faculty members, 57:13665
instruction expectation, structure of evaluation ratings of instruction, college students, 57:13544
instruction in effective questioning techniques, teaching performance, graduate teaching assistants, 55:2941
instruction variables & college professor impact on students, book, 54:1895
Instructional Improvement Questionnaire, class characteristics & student ratings of instruction, college students, 53:12383
instructional teams of education students & practicing teachers & professors with broad expertise, proposed alternative to traditional supervision model of teacher education, 56:6672
instructions regarding usage of information given, teacher & course evaluations, college vs graduate students, 57:13854
instructor characteristics, evaluation validity, college students, 53:1905
instructor characteristics, stimulation of thinking processes, college students, 54:12479
instructor's nonverbal behavior, performance & attitudes, college students, 58:12663
instrument evaluation & program development, evaluation of college faculty & administrators, 55:10665
intensive human sexuality workshop, degree of sexual liberalism, college educators, 58:6158
interaction between student & teacher reinforcing & punishing behaviors, community college students & teachers, 56:4855
internal instructor frames of references, rating of teacher's behavior, college students, 54:4021
ipsative faculty self evaluation form, self evaluations & student ratings, superior vs nonsuperior college teachers, 58:12380
job activities & satisfaction & role expectations, college academic advisers, 57:1891
job satisfaction & student perceived teaching effectiveness, junior college teachers, 55:7908
job satisfaction aspects, community college instructors, 54:4009
job satisfaction/dissatisfaction & work motivation, full-time college faculty, 58:12417
leadership & managerial roles, directors of student teaching in colleges & universities, 55:2979
leadership behavior, teaching faculty's morale & teaching efforts, community college occupational division directors, 55:5445
learning context & instructor & course & outcome of instruction, structure of student evaluations of faculty-course, college students, 55:5614
lecture seduction & content coverage, lecturer ratings & test performance, college & graduate students, 56:2916
lecture style, validity of instructor competence evaluations, college students, 56:4841
left-wing political orientations & academic-role behavior, faculty members of Australian university, 56:4727
length of experience in community colleges & preservice training, perceptions of inservice faculty development programs, community college administrators vs division chairpersons vs faculty, 57:13649
live vs filmed lecturer using vs not using nonverbal expressive behavior, attitudes toward instructor performance, college students, 58:6246
locus of control, academic rank & tenure, male community college faculty members, 55:1288
major field of study, perceptions of teaching effectiveness & ideal professor, college students, 57:13866
management education, attitude change with respect to bureaucratic hierarchical organizational model, business school students & faculty, 55:1681
marathon encounter groups, improvement in teacher-student relationships, university students & teachers, 55:3142
mean classroom scores on student ratings of teachers, correlation with mean classroom scores on teacher effectiveness, community college teachers & students in elementary algebra classes, 57:11456
mini classes & social activities & communication workshops, adaptation to college classroom & community & self exploration, college freshmen & upperclass student leaders & faculty, 56:1461
model of instruction, basis for college course & instructor evluation, 57:8961
modification of 1st 10 items of Purdue Rating Scale for Instruction, perceived value of teacher characteristics, college students, 57:6881
moral maturity, classroom behavior as measured by student ratings, community college teachers, 55:10668
motivation to work & job satisfaction, faculty in North Carolina community college system, 56:10589
multiple discriminant analysis, student ratings of college teachers, college students & faculty, 54:8412
multiple regression analysis, student ratings of college faculty & student grades, 56:10763
multivariate analysis, influence of student's grade on student ratings of faculty, college students, 58:6395
multivariate analysis, sex & instructor attributes & course values & work requirement & S's educational orientation & maturity factors underlying evaluation of college instructors, college students, 54:6389
network analysis, liaison communication role in organizational communication, college faculty members, 58:6496
noninstructional activities, classroom teacher effectiveness determined by student evaluations, college students & faculty members, 55:13039
openmindedness & sex & grade expectations & major & elected vs required course & time of day of lecture, perception of instructor, college students, 57:13882
opinion of effectiveness of specified procedures for reintegration of children with learning & behavioral disorders from self contained into regular classes, regular elementary classroom vs special class teachers vs special college teacher educators, 57:9137
opinions concerning tasks family doctors should & should not perform, family medicine residents vs family medicine faculty vs attending physicians, 58:8130
opinions toward college routine & vocational choice & adjustment to self & others as appropriate topics for discussion at university counseling center, students in general vs prior clients vs instructional staff vs student affairs staff, 57:9183
organizational & instructional & personal model, faculty development program, 54:10418
parental & school & student influences, campus behavior problems, college students, 55:5627
participation in collaborative supervision, job satisfaction & evaluation of fellow teachers & student teachers & supervisors as sources of new instructional ideas, college cooperating teachers, 58:6157
patterns of work satisfaction & dissatisfaction, university female department heads & deans & administrators, 58:4178
perceived control of environment & self actualization attitudes, perceived career success & job satisfaction, male college professors, 57:4289
perceived effects & relationships of student- & peer-assessor group feedback, modification of performance, educators, 58:10229
perceived environment of university, freshmen vs upperclassmen vs faculty vs administrators, 54:4028
perceived role of female high school physical education teacher, college physical education majors & faculty & high school principals & teachers & physical education teachers, 58:2000
perceived traits of ideal professor, college students, 58:4334
percentage of black players on team & demands of position by mental & personality & physical characteristics in black vs white players, college football coaches, 55:2991
perception of essential functions of community college counselor, evaluation of counselor roles, counselor educators & counselors & teachers & administrators in California, 56:2809
perception of female vs male professors as measured by occupational prestige ranking, college students, 56:6789
perceptions of & attitudes toward personalized systems of instruction, community college faculty & administrators, 58:12514
perceptions of & participation in organizational consultation activities & training, consultant trainers from university faculty & professional consultants & members of organizational management, 56:1550
perceptions of administrative behavior, acceptance of individualized instruction, faculty members of community & junior colleges, 56:10582
perceptions of athletic directors' leadership behavior, athletic directors vs coaches, 57:6670
perceptions of benefits & needs & objectives of developmental skills program at New York City Community College, students & teachers, 56:4692
perceptions of campus environment, university faculty & administration, 56:2813
perceptions of chairmen's leader behavior, physical education chairmen & their faculties, 55:7904
perceptions of community college environment, faculty vs counselors vs male vs female White vs Black college students, 57:11204
perceptions of criteria used to evaluate community college English teachers, English department chairmen & faculty, 58:4163
perceptions of desirable behaviors of instructional supervisors in areas of administration & personnel & curriculum & evaluation & instructional improvement & inservice education & school-community relations, colleges & classroom teachers & principals & instructional supervisors, 57:13639
perceptions of effective instructional climate, college students & faculty members, 53:12387
perceptions of institutional goals & functions & attitudes toward collective negotiations, college faculty vs administrators, 55:7939
perceptions of leader behavior, male vs female chairpersons vs faculty members in physical education departments of community college, 57:6669
perceptions of leadership behavior & style & authority & group interaction & organizational climates, college physical education department chairpersons & faculty, 58:12462
perceptions of organizational characteristics of engineering college, satisfaction, students vs faculty, 56:4689
perceptions of potential bargaining issues & individual compensation & demographic & attitudinal variables, prediction of attitudes toward collective bargaining, faculty at higher education institutions, 56:6668
perceptions of qualities prospective candidates for superintendency for community college should exhibit, board of trustee members vs faculty, 57:11238
perceptions of real & ideal role of secondary school counselors, school counselors vs administrators vs counselor educators vs professors of educational administration, 58:10223
perceptions of real vs ideal student & faculty behavior, community college students vs certificated vs classified employees vs on-campus vs district administrators vs citizens advising committee members vs college community members, 58:6126
perceptions of role functions of community college president, incumbents & division chairmen & teachers in Virginia, 56:10555
perceptions of role of District of Columbia senior high school teacher, high school administrators vs principals vs teachers vs students vs professors in teacher education programs, 58:6155
perceptions of role of elementary school teacher, administrators & parents & school board directors & teachers & elementary education professors, 55:5438
perceptions of role of student counseling center, college students & faculty & student service personnel & counseling center staff & clients, 55:5717
perceptions of role of 2-yr college counseling center, students vs faculty vs student personnel vs counseling staffs vs administration, 58:10582
perceptions of self actualization as purpose of higher education, college students vs faculty vs administrators, 57:11190
perceptions of student characteristics, college faculty vs students, 55:13424
perceptions of student class performance at mid-semester vs end-of-semester grades, teachers vs Black vs White academically disadvantaged college students, 58:2166
perceptions of student personnel services & use of perceptions in evaluation of development & management of services, college students vs faculty, 57:13569
perceptions of teacher characteristics, college students vs faculty, implications for teacher effectiveness improvement, 57:1992
perceptions of use of drugs, junior high vs high school students vs teachers vs parents vs college students vs faculty, 58:11620
personal & professional characteristics, attitudes toward effectiveness of female department chairpersons in higher education, deans & faculty members, 57:11298
personality & actualization & manipulativeness & belief systems, college teachers perceived by students as being charismatic, 55:5446
personality characteristics & student aptitude & classroom participation & peer & teacher-student interaction, affective & cognitive outcomes of instruction, college teachers & students, 58:12628
personality, community college vs state university teachers, 55:5443
personality profile configurations, college students majoring in elementary education vs college faculty, 55:1295
personality traits & attitudes toward physical activity, physically active vs inactive college teachers, 57:9001

personality traits, female intercollegiate athletes vs athletic coaches in small vs large schools, 57:5861
personality traits, successful college teaching, part time college teacher-practitioners, 58:8213
personality types, family practice residents & teachers, 54:7719
personality variables & participation in teaching methods seminar, identification of teacher flexibility to improve instructional methodology, male university teaching assistants, 56:10562
phenomenological investigation & definition, "future-mindedness," college faculty & administrators, 56:1584
popularity of student ratings, evaluation of faculty performance & status decisions, survey of deans of academic affairs, 54:4001
power to hire & maintain faculty members, faculty evaluation, junior college students, 54:1830
preferences for leadership behavior characteristics of potential president of institution, faculty at public community colleges & technical institutes, 57:13637
preferred instructor characteristics & academic achievement & teacher's self perception, ratings of instructor performance, college students, 58:2160
preparation for dealing with student's vocational indecision, college academic advisors, 54:4240
previous student ratings & instructor characteristics, accuracy in predicting course-instructor ratings by students at end of semester, college instructors, 58:4189
procedures of faculty evaluation & perceived factors important to instruction excellence, administrators in accredited community & junior colleges, 57:13686
processes & problems, joint planning of undergraduate psychology course by professor & students, 58:2028
professorial machiavellian orientation, academic rank & tenure, community college teachers, 54:8283
professor's research productivity, student evaluation of teaching, college faculty, 54:6195
program for self development & testing of helping abilities in student counseling service, college faculty & students & non-university persons, 57:9204
pupil personnel specialist training program, effects & impact on counselor education faculty trainers, 58:1986
questionnaire analysis, affirmative action & academic hiring, university department chairmen, 58:6188
questionnaire based on Rotter's social learning theory & Skinner's operant psychology, assessment of perceptions of classroom contingencies & reinforcers, college teachers & students, 56:10716
rankings of importance of classroom instruction & evaluation & human relations & planning & professionalism for supervisory teachers, university faculty members vs public school placement directors vs school principals vs teachers, 57:8971
rating category format, reliability & level of ratings of instructor & course effectiveness, college students, 54:8271
rating questionnaire items, identification of instructor characteristics contributing to variation in student ratings of teaching effectiveness, 54:8306
ratings of importance of faculty position characteristics related to professional autonomy & job satisfaction, nursing educators, 56:6667
ratings of teacher qualities, student teachers & peer groups & methods course instructors & school supervisors, 54:12508
reactions to innovations in teaching methods & curriculum development, college teachers, 58:10215
reasons for section selection at beginning of course & teacher ratings at end, college students, implications for validity of teacher rating forms, 56:8750
recognition of names of eminent deceased psychologists, psychology faculty & college students, 57:11710
reference group influence, extension communication activity, social science college faculty, 57:13634
relationship between formal interaction with & perceptions of their students, faculty members & freshmen & seniors, 54:6204
relationship of scientific achievement & students' perceptions of teaching effectiveness, college faculty members, 54:4039
reliability, colleague vs student ratings of instructors, college students & teachers, 53:8208
reliability, judgments of letters of recommendation for job applicants or staff member promotions, college teachers, 58:6180
research & writing activity, academics retired from colleges & universities, 56:8641
responsibilities to student health advisory boards, college faculty advisors, 53:8204
role changes for faculty & student affairs staff, new members of student services profession, 54:8288
role expectations of college supervisor of student teaching, supervisors & principals & cooperating teachers & student teachers, 58:12408
role expectations of faculty members & employing organization, role behaviors, university faculty members, 55:1267
role expectations of teacher aides, teacher aide trainees vs teachers of trainees vs teacher aides vs teachers using aides, 55:1263
role of academic staff, pastoral care of students in higher education institutions, 54:8504
role of expectations & lack of critical ability, validity of subjective student-evaluations of college instructors, 58:6296
role perceptions & expectations of dominance & affiliation, university teaching assistants, 55:2939
role reversal, changing women's self perception as losers & followers, women in academe, 54:5337
roles & activities concerned with participation in teacher education programs & research & publishing & educational & occupational background, educational psychologists whose primary professional activity is teaching in college or university, 56:1348
scale validity, faculty ratings of university administrator effectiveness, 54:4466
scaling, attitudes toward their professors, college students, reply to J. A. Walsh's comments on H. K. Rodewald & J. L. Carroll's project, 53:12386
school environment, authoritarian personality, faculty & administrators & students in Catholic operated colleges, Philippines, 55:2994
section selection in multisection courses, college students, implications for validation & use of teacher rating forms, 55:12954
self & student ratings on therapeutic attributes, "outstanding" vs "average" college professors & their students, 58:8203
self concept & age & academic rank & self evaluation & role specialization, instructional effectiveness, college faculty members, 55:7957
self perceptions of creativity, academic inventors vs noninventors, 54:1812
semantic differential, evaluation of poetic mood, mental health professionals vs college professors vs partially hospitalized psychiatric patients, significance for poem choice in therapy, 57:7854
semantic differential study of career images of women, male vs female high school counselors vs academic women, 55:12971
serum uric acid, correlation with achievement-oriented behavior, male college professors, 53:1211
sex & academic goal & job responsibility & dogmatism, proxemic behavior measured by preferences for seating arrangements during interviews, community college administrators & counselors & faculty & students, 57:13568
sex & age & marital status & terminal degree & field, attitudes toward dual role of married professional women, university faculty members, 56:600
sex & denominational differences & faculties & yrs of study at university, changes in religious beliefs & attitudes & practices, college students, replication of & comparison with P. Poppleton & G. Pilkington's 1961 study, 57:3066
sex & marital status of counselor education practicum supervisor candidates, preferences, male vs female counselor educators & graduate students in counselor education, 55:7837
sex knowledge & attitudes toward sex, faculty vs entering vs graduating students in nursing education programs, 58:12317
sex of S & written descriptions of male vs female engineering vs nursing teachers using active vs passive teaching styles, evaluation of teacher's ability & performance & masculinity & status, college students, 55:8225
sex of student & instructor, student ratings of instruction, college students, 58:6337
short term empathy training, authoritarianism, faculty at small private college, 55:7973
short term training program, knowledge of teaching skills & processes of teaching assistants & professional staff, college teaching assistants & trainees & professional staff, 55:5413
similarities & differences in functioning, practitioners & academicians, significance for mental health problems & public interest, 58:10159
social structural variables, resistance-acceptance attitudes toward innovations, 2-yr college teachers, 58:6172
social-psychological study of women professionals, female physicians & lawyers & college professors, 55:9553
sources of research ideas, stimulation of research productivity by administrators, productive researchers in hard science, 54:6182
spatial separation of teaching departments, attitudes & beliefs & perceptions regarding student evaluations, college faculty, 55:7896
sponsors' identity & attitude toward evaluation & respondent anonymity, instructor evaluations, college students, 56:2964
stages in process of values clarification, humanization of schools, college teachers & counselors, 54:12495
standardized final examination performance, evaluation of computer programing course, college students, 55:8244
steady-state staffing & regulation of tenured faculty positions, psychology department chairpersons, 58:8142
student & faculty evaluation, open university teaching programs, college students & faculty, 53:10433
student & instructor characteristics, learning in introductory economics course, college students, 56:10685
student age & ethnicity & sex & military status & instructor work experience & program assignment & sex, perceptions of developmental program instructors, community college students vs instructors, 58:6340
student characteristics & values & faculty members' commitment & personality & educational philosophy, outcome of graduate training programs in clinical psychology, 57:4260
student feedback from teacher evaluations & perceived credibility of student source, modification of teaching performance, college students & graduate teaching assistants, 57:6671
student involvement in faculty collective bargaining, avoidance of future conflict, 57:4265
student ratings of instructional effectiveness, personnel decisions, college administrators, 55:10704
student status & required vs elected course & rating course of own vs different college & grade expected & college attended, evaluation of instruction & instructors, college students, 55:13391
student vs faculty curriculum advising attitudes toward advisors & 1st-yr academic progress, freshman college students, 54:6362
student- vs leader-kept record of behavior, self initiated verbal interaction, college prospective teachers, 54:8313
students' perception of needs & sex of student, faculty's perception of students' needs, junior college students vs teaching faculty, 58:10486
success & creativity, male vs female professors, 55:13012
suggested activities for self development, university faculty members, 55:7901
task & environmental variables in higher education, administrative leadership behavior, faculty & heads & deans of recreation departments, 57:13613
teacher background & classroom procedures, student evaluation of teacher performance, college students & teachers, 55:13438
teacher counselor intervention based on interpersonal theory & counseling model of C. Rogers, classroom climate & student attitudes & learning, college language teachers & students, 58:12369
teacher empathy & student self esteem & defensiveness, teacher effectiveness, college teaching assistants, 55:13371
teacher response style in preteaching student interview, achievement & ratings of interviewer, college students, 58:2142
teacher sex & student sex & teacher warmth, evaluation of college instructors, college students, 54:4014
teacher skill, students' self perceived & teacher personality traits & attraction to teachers as "teachers" vs as "persons," college students, implications for objectivity of student evaluations of teachers, 54:6183
teachers' & Ss' definition of classrooms, verbal participation in classroom, college students, 58:10474
teachers' increased use of classroom questions resulting from individualized vs group training programs, improvement in critical thinking ability, college students, 58:1928
teachers' ratings & self ratings of curiosity, college students, 57:4414
teacher-student need compatibility & verbal ability, course grade & expressed course satisfaction, college students, 58:2121
teacher-student personality combinations, achievement in psychology course, college students & teachers, 55:3107
teacher-student value system congruence, teachers' evaluation of students, college students & teachers, 55:3246
teaching effectiveness scores, perceptions of organizational climate, male faculty members, 58:8208
teaching experience & preparation, student ratings of teaching performance, community junior college faculty, 58:12440
teaching experience, counselor effectiveness as rated by principals & students & university practicum supervisors, implications for counselor certification, 55:5429
teaching pedagogical methods to prospective college & university teachers, 54:6192
training in professional ethics & history, graduate student teachers as prospective professors, 54:6205
training in teaching methods with weekly oral vs written assessments, learning progress & program satisfaction, university professors, 58:4197
training of college students as critical receivers of public persuasion, survey of speech & English department chairpersons & teachers in higher education settings, 58:12492
training program, academic & vocational & social counseling in academic advising, faculty advisors, 54:4020
training program changes based on questionnaire responses, beginning university & college teachers, 55:10684
type of educational program participation, perceived empathy & positive regard & congruence & self exploration & effectiveness of counselor in videotaped interviews, graduate students vs counselors vs counselor educators, 58:1914
types of students who enroll in parapsychology courses & instructor's responsibility toward them & their institution, 57:11376
unit membership for collective negotiations, perception of role change, college student personnel workers & faculty organization representatives, 54:6178
use of difference system of relationships, teacher semantic differential ratings of students & student ratings of teachers on instruction, college teachers & students, 57:1998
uses & misuses of faculty supervisor, field experience education as alternative teaching method, 54:8327

psychiatric illness, irritable colon syndrome as symptom of psychiatric illness, patients, 53:5728
psychosomatic factors, etiology of irritable bowel syndrome & ulcerative colitis, 53:7726

Color [See Also Achromatic Color, Hue]
achromatic & chromatic stimuli, stochastic properties of binocular rivalry alternations, college students, 56:1734
adaptation duration & threshold criteria & wavelength & wavelength specificity during time course adaptation effects, orientation-specific adaptation effects, 58:2639
adaptation to convex & concave arcs in different colored light, curvature-specific color aftereffects, college & graduate students, 54:2265
additive color mixer for exploration of color solid, 54:4412
affective connotations of color, review, implications for validity of interpretations derived from Rorschach test, 57:8286
age & sex & task difficulty & bead color & size, memory span measured by bead stringing reproduction, 6–15 yr olds, 57:12058
age & sex, acquisition of color names, 30–53 mo olds, 58:7207
age & sex, recall ability & identification of basic color terms, Head Start & kindergarten students, 58:10366
age, associations between colors & felt temperature, 6 & 12 & 18 yr olds, 54:7220
age, sensitivity to harmony of colors, 3–14 yr olds & adults, 58:9301
angle-contingent color aftereffects, 53:8753
art training, ability to express emotions through color in paintings, artistically gifted vs not gifted 6–12 yr olds, 58:9591
associative hierarchies to colors in color–word matrix, associative connectiveness & illusory correlation, college students, 54:4554
attention to color & form stimuli, discrimination learning, normal vs mentally retarded children, 53:11950
attitudes toward colors "black" & "white" & interracial play behavior, Black & White 4–5 yr olds, 58:7292
ball & background color, catching performance, 2nd & 4th & 6th graders, implications for physical education, 58:6238
bipolarity of semantic variables, color connotations, 54:5291
"blue seven phenomenon", color & number preferences, Black African college students, support for results from American sample, 58:4708
categorical relatedness of word cues, recall of word vs color, students, 54:8877
category & rhyme & color word dimensions, developmental changes in encoding dimensions using release from proactive interference paradigm, 2nd vs 6th graders, 57:2908
choice frequency of color "blue" & number "7," high school students, replication & extension of W. E. Simon's study, 53:6697
chromatic borders, adaptive interactions between photopic mechanisms, humans, 58:2615
classical conditioning, color concept of black & racial attitudes, kindergartners, 53:8791
color & angular orientation of lines, blocking & overshadowing effect in discrimination learning, goldfish, 53:9185
color & brightness, subjective relative weight differences between pairs of visual stimuli, 53:10846
color & color value, perception of weight, 4 yr olds, 55:2189
color & design psychology, book, 53:3155
color & duration & replication, visual persistence, 55:3626
color & emotion associations, Tzeltal-speaking adults from highland Chiapas vs US college students, 54:7286
color & form & position & size & relation, age differences in preferences for visual discrimination factors, 4–14 yr olds vs college students, 58:7215
color & light in patients' environment, prevention of monotony & stimulation of response change & attraction of attention to surroundings, psychiatric patients, 54:10084
color & noise levels, thermal comfort, college students, 58:4719
color & pictorial style of aircraft safety instruction material, life jacket donning & inflating performance, 58:2284
color & spatial frequency of pattern & orientation, singly & doubly contingent aftereffects, 53:6579
color choice, male Caucasian adolescent psychotics vs delinquents vs drug users, 55:7261
color cues in CVC stimulus words, use of 1st letter & rhyme in matching-to-sample responses, kindergartners to 3rd graders, 54:5002
color cuing, performance on target letter recognition tasks, adults, 53:10947
color differences within letter pair as irrelevant dimension, response latency in letter matching task, 53:4401
color hue & value & chroma, perceived heaviness of color compared to white, 20–23 yr old optometry students, 56:9081
color naming & recognition & selection, Spanish- vs Mam-speaking children & adults, Guatemala, 53:9348
color of rearing compartment & testing environment, color preference testing with stationary objects vs moving stimulus & following behavior & emotional responses, young chicks, 55:11545
color of stimulus material, recall of nonsense syllables & familiar words using release from proactive inhibition paradigm, college students, implications for charting encoding dimensions from release data, 57:2418
color of water solutions, taste thresholds of sweet & sour & bitter & salty, students, 56:85
color or black & white & audio or video only, TV preference, 9–12 yr old retardates, 56:8219
color &/or contrast condition of bars & background & orientation, shift in apparent width of bars of gratings after phase- & color-specific adaptation, 55:3621
color pecking preferences, chicks, 53:9222
color, photoconvulsive response, photosensitive patients, 56:6292
color, physical & perceptual & emotional responses & motivation & motor performance, literature review, 53:2267
color preferences & mate selection, lesser snow geese, 57:12192
color preferences, illiterate Nigerian, 54:9711
color preferences, introverted vs extraverted college students, 54:9723
color, Rorschach color & card choices representing parents & self & semantic differential card ratings, 57:1236
color specificity knowledge & related semantic effects, recognition memory, preschoolers vs college students, 57:7986
color stimuli, interference of response latency in word readings, college students, 53:153
Color Symbolism Test, affective meaning of colors, middle & high school Ss, comparison with data 20 yrs previously, 53:5269
color vision in peripheral retina, hue & saturation, adults, 58:6786
color, visual evoked responses in heterochromatic flicker photometric luminosity match, Ss with normal color vision, 56:115
color, visual search & identification, literature review, 56:10894
color vs black & white multimedia presentations, reminiscence over 7-day period, nursing students, implications for individualization of instruction through arousal by treatment interactions, 57:11328
color vs monochrome television presentations & audible narrative & age & home television type, cognitive learning in school presentations, black elementary school students, 55:13202
color vs numeric coding & item load, keeping-track task in air traffic control, male college students, 53:4249
coloration, dominance, green sunfish, 53:9198
color-form associations & symbolism, 53:5294
color/music therapy with vs without individual counseling vs counseling alone, changes in mood & self esteem & behaviors indicating depression, depressed college students, 57:13198
colors & ambient room light levels, legibility of projected high contrast negatives, 55:8097
correlations between dimensions of auditory & visual experience, cross modal manifestation of connotative meaning, colored-hearing synesthesia, 56:7165
cultural development, division of spectrum into color words & naming of colors, 58:3051
culture, color & emotion synthesia, Guatamalan Spanish vs Mayan Izutujil, 56:568
demographic characteristics, preference for number 7 & color blue in free-choice situation, college students, extension of W. Simon's study, 53:6681
demographics, spontaneous selection of color & number, evening college students vs full time students of previous studies, implications for "blue-seven phenomenon", 56:5214
dental procedures under hypnosis, subjective apperception of readiness for procedure & correlation with use of color, 46 yr old female, 57:8809
diazepam & chlorpromazine, color preferences tested in operant apparatus, pigeons, 55:6620
differentiation & discrimination processes, formation of color concepts, 2.1–4.6 yr olds, 55:2171
direction of moving stimulus during adaptation & color or pattern of surrounding stationary field, movement aftereffects, 55:3653
discrimination among word pairs based on print color &/vs words, selective attention, college students, 53:4509
dot array subgroups based on orientation & color & spacing differences, visual numerosity limits, 57:9455
dummy size & color, behavioral interaction, male jewel cichlids, 57:12222
emotional & personal meanings of colors, theoretical relationships between color preferences & personality, 57:10342
English color-names & opposite color choices, degree of antonymy measured by frequency of most common color-name responses, college students, support for B. Berlin & P. Kay's hypothesis of evolutionary sequence of color-name acquisition, 58:737
Euclidean nature of vector representation of color sensations, 56:5084
evaluation of colors black & white as measured by revised Color Meaning Test scores, Euro vs Afro American 3–7 yr olds, 57:3015
exposure time & presentation order & color & number of dots & background illumination level, estimation of dot frequency, male vs female 17–27 yr olds, 58:6788
exterior colors, color meaning & perceptual color dimensions, 53:4379
eye color & sex, children's behavior, implications for educational planning, book, 56:7597
eye color & temporal limitations, self paced & reactive behavior, brown- vs blue-eyed Ss, 55:8704
eye color, determination of field dependence-independence, college football players, 58:9597
eye color, ease of emotional arousal as measured by color & form responses on Rorschach, light- vs dark-eyed white male college students, 55:12310
eye color, prediction of individual differences in motor behavior along self paced/reactive dimension, 55:8732
female color & size & dominance & early color experience, mate selection, male cichlids, 57:12227
formation of pairwise status relationships, changes in darkness of body features, bluegill sunfish, 54:2648
functional analysis, color in Rorschach test plates, college students, 54:1118
functional measurement analysis, equisection using bisection & trisection & quadrisection of grayness intervals, 56:118
functional measurement theory application, bisection & trisection & quadrisection of grayness, 54:2241
fundus pigmentation & illumination level & red/white vs blue/yellow block conditions, color form perception, Black vs White college students, replication of N. B. Mitchell & R. H. Pollack's study, 58:6793
goal shock & goalbox color change following acquisition avoidance training, self-punitive responding, rats, 54:7113
high vs low imagery & color of noun lists, free recall & facilitation of learning, college students, 55:205
history & concepts & vision theories & applications, color, 54:2278
illumination onset & color change as CS & location, photoactive explanation of conditioned avoidance shuttle response, goldfish, 57:12183
incremental vs decremental light stimuli, chromatic vision, support for difference signals arising from incremental discontinuities in retinal image profile, 58:6808
individual differences, race & white-black color bias, Euro-American preschoolers, 54:7296
information level & color & task set, attention to instructional illustrations, 4th–6th graders, 55:2999
intracultural variation in cognition of color terms & sociocultural correlates, Baganda of Uganda, 55:4378
labels & shapes & exposure time, recognition for shape-color combinations, college students, test of implications of codability & expectancy hypothesis, 55:3772
lateral interactions between color-processing mechanisms across chromatic border, "fluttering heart" phenomenon, 54:6700
learning set training & color vs form preference, problem solving ability, preschool age children, 55:3718
level of field dependence & availability of photographs during irrelevant auditory task, recall & recognition of color vs monochromatic photographs, 6th graders, 57:9537
light & color & gems & amulets, therapeutic effects on mental & physical health, book, 54:3523
limited wavelength contralateral preadapting fields, interocular light adaptation effect in cone & rod segments of dark adaptation curve, replication of T. G. Lansford & H. D. Baker's results, 54:10918
locus of color-context changes & encoding instructions, retroactive inhibition, college students, 55:11537
luminance & background, preference for reticle color, US Navy pilots, 54:6507
Luscher Color Test preferences & neurotic masturbation, 10–19 yr olds in foster institutions, 54:5319
memory color, form identification, female college students, 53:2259
model approach speed & size & shape & color, escape responses in natural habitat, damselfish, 53:2798
modifying color-meaning concepts, racial concept attitudes, 5 vs 8 yr olds, 56:520
monochromatic light colors, feeding patterns & predatory efficiency, cyprinoid fish, 54:4879
monochrome vs color educational film presentation, facilitation of affective learning, low income Black 2nd vs 4th vs 6th graders, 57:11319
monoptic vs dichoptic viewing of subjective & real contours under same vs different colored lights, color-selective tilt aftereffects, 57:11929
movement of single target & target size & color, discharge of high-rate movement detecting neurons, dragonfly nymphs, 54:4635
Munsell conversion of Optical Society of America committee selection, uniform color scales, 54:2283
Natural Color System, descriptive color order & notation system, application for environmental design, 57:9267
neural responses to color stimuli, 6–11 yr old normal vs educable mentally retarded students, 57:10564
neuroticism & extraversion, color preferences, gifted vs average art students, 55:12298
neuroticism & viewing chromatic vs achromatic Rorschach series, color shock measured by response latency & productivity, 18–50 yr olds, 58:7572
norms of restricted color association to 72 words, college & graduate students, 53:294
number of colors, Stroop Color-Word Test performance, college students, 56:9094
number of people to be identified & black & white vs color film & photos, person identification & stealing detection, civilians & police officers, 54:2292
number of presentation trials & color cues, incidental learning & selective attention, kindergartners, 58:3123
number of target slope directions & colors & kind of targets searched for, performance on searching for colored lines camouflaged by colored backgrounds, males, 58:2633
object drawing series based on color vs conceptual category, dimensional salience & free or cued recall or clustering & role as organizing principle in memory, nursery schoolers vs 2nd vs 5th grade Israeli Ss, 58:5157
olfactory & color cues, maze position learning, male gerbils, 57:12131
opponent color theory & isosemantic mapping of values in color space, color denotation, 54:2288
opponent colors theory, color measurement, 55:5906
optimal colors & luminous fluorescence of bluish whites, 54:2289
perception of patterns with brightness & color differences, visually evoked cortical potentials, 55:9091
perception of spouse's color preferences, marital adjustment prediction, couples, 56:9769
place & size vs color cues in 4-choice delayed reaction task, memory for locating hidden object, 18 vs 24 vs 30 vs 36 mo olds, 57:912
positive & negative statements broadcast simultaneously from black & white "talking boxes", perception of origin of positive vs negative personal evaluations, female & male Black & White 2nd graders, 57:10226
practice & priming & time interval between prime & stimulus, facilitation or inhibition of responses, college students, implications of cognitive representations generated by color names, 55:6181
preference for high vs low arousal colors, heart rate & blood pressure & GSR, college students, 54:9644
primary & hybrid colors associated with direction, college students, 54:2322
projection color mixer determination of CIE chromaticity coordinates of colored lights, 53:6552
projection colorimeter, construction & calculation of CIE chromaticity coordinates, 53:2262
proportion of dreams in color & colors experienced, male Ss, 54:4686
psychological primary colors, anxiety state, college students, 55:3805
race & sex & skin pigmentation, preferences in selection of potential school counselors, Black & White & Chicano elementary & junior high & high school students, 58:12685
ratio of contrast between green vs red projected characters against highly illuminated background, error rate for perception, humans, 56:5231
realistic & nonrealistic color cuing in visual instructional materials & color differences between instructional & evaluational materials, achievement & interaction with dogmatism, college students, 58:2009
repeated exposure to stimulus object followed by introduction of novel object varying in color or shape & texture, concordance in visual & manipulative exploration, 26 wk olds, 58:6776
representation theorem for Grassmann structures, color measurement, 55:5905
research status & methodology & implications, picture complexity & color & aesthetic impression, 56:7584
reward value of color vs black & white television, amount of time spent watching, college students, implications for instructional systems design, 56:2912
room color & visual complexity & social vs nonsocial room functions, perceptions of room capacity & crowding judgments, college students, 58:6506
room illumination & stimulus size & peripheral angle of viewing & latency between 2 flashes & flash wavelength, double-flash phenomena from single light pulses, 56:1732
saturation level, error in lightness, female college students, 53:2245
selected stick-figure stimulus repetitions, rigidity of visual perception as measured by color referents, 3rd–6th graders, 55:6027

semantic mastery of color information, 4 yr olds in Head Start vs 4 yr olds in nursery school, 54:7213
semantic variables & perceptual color parameters relationship, 53:6593
sex & academic specialization, color-mood associations, college students in psychology vs English classes, 53:8847
sex & experiential background, association of moods with colors, college students, 54:11063
sex & iris color & iris value & fundus value & age & refractive error, true & apparent pupillary diameters at vertical & horizontal meridians & varying brightness levels, 56:7418
sex & racial differences, identification & naming of colors as function of shape, black vs Mexican American kindergartners vs Ss of other ethnic groups, 55:11924
sex differences, codability of verbal & nonverbal language & colors, 54:2332
sex, solution of achromatic vs chromatic embedded figures, college students, 53:11693
spatial & chromatic properties of background field & test flash, photopic vision sensitization & thresholds, color defective & normal Ss, 55:8768
spatial orientation of visual stimuli & chromatic stimulation, response properties of neurons in striate cortex subserving parafoveal & foveal cortex, monkeys, 55:9124
spatially located color change as CS & single day vs consecutive day acquisition trials, conditioned avoidance shuttle response acquisition, goldfish, 57:7604
spatio-temporal characteristics of color processing & luminance, "fluttering heart" phenomenon & its reversal, 54:6701
specific searching image & conspicuousness & color, prey selection, American Kestrals, 56:5446
spirals with color &/vs brightness contrast, interference in color contingent motion aftereffects, implications for fatigue theory of negative aftereffects, 57:11896
stimulation & appeal & intensity impressions of colors with color pyramid test, normal vs neurotic vs schizophrenic 20–50 yr old males, 53:11902
stimulus color & degree of realism, attention, 4th–6th graders, 55:8999
stimulus color combinations, perceptual discrimination accuracy, 7 & 8 yr olds with visual perceptual disability vs normal Ss, 57:13936
studies of color meaning, environmental implications, 57:9273
superimposing red & green stimuli in opposite phases vs intense chromatic adaptation, sine-wave characteristics of color mechanisms, 58:2624
surface color preferences, male vs female art students, 53:10832
surround color fields, visual matching of target color & contrast effects, naive vs experienced Os, 58:8743
symbolism of green in Zulliger Z Test & Rorschach Test, 53:7442
synchronic heterogeneity, evolution of color term systems, 56:9620
target color, softball throwing accuracy, female college students, 56:3324
tendency for association of positive evaluation to color white & negative to color black, 5–6 yr olds, France & Italy, 56:3892
test–retest & consistency between groups reliability & interindividual judgment stability & relevance of scale to color judged, semantic differential measurements of color connotations, 53:5284
thin film fluorescent material as exterior coloration as collision warning system, maximization of aircraft detectability, 55:11184
tilt & color cues, selective visual processing of letter arrays, college students, 58:214
tints of red & values of gray on block design from WISC, motor performance, children with learning disabilities, 55:2509
uniform color scales, perceived magnitudes of colors, 49–76 yr olds, 53:10839
uniformity of color names among different languages, 54:11735
use of black vs orange underlining to aid either attention focusing or memory, reading comprehension, learning disabled vs normal students, 57:13951
validity & discriminability, Luscher Color Test personality descriptions, college students, 54:3109
varying color characteristics of selected TAT cards, affective dimensions of emotional tone & outcome, male vs female 19–41 yr olds, 57:12809
viewing angle & color of light & dark adaptation, number of reported changes in light movement, female college students, 54:6702
word interference, speed of categorical classification of ink colors, college students, 56:5252
word order & formation of color concepts, preschool children, 54:9336
words vs black & white vs color picture presentation of stimulus items, structure of multiple free associations, college students, 58:4789
written words vs black & white vs color pictures of objects, recall & recognition, college students vs 4th vs 6th graders, 58:9244

Color Blindness

color vision test, identification of color discrimination deficits, young children & handicapped, applicability to school entry screening, 58:7760
flashlight aimed into eye, observation of sequence of afterimage colors, normal Ss vs congenital bilateral color blindness vs patients with lesions of visual system, 54:1452
hemianopic color blindness, 59 yr old male recovered from cerebral infarction, 54:12101
intense bleaching, saturation of rod photoreceptor signal, female rod monochromat vs normally sighted S, 56:3348
large-field trichromacy, color-defective dichromatic Ss classified as protoanopes or deuteranopes, 58:6803
light permeability of retina, blind & color blind & non-color-blind, 54:12152
photic stimuli pairs, judgments of visual distinctness of borders formed by different colors & linear configuration in mapping judgments, normal trichromatic vs tritanopic Ss, 57:2330
transient left hemisphere ischemia, "pure" alexia associated with right homonymous homianopia & color anomia, case report, 53:7737

Color Perception

ablations of superior colliculi, spectral sensitivity, monkeys, 54:11180
absolute scotopic limen for light intensity, 10 mo old female coyotes, 55:11533
achromatic & chromatic imagery & camera convergence angle & film contrast, stereoscopic skill & target acquisition performance, 53:4248
achromatic & monochromatic dots & lines inserted in circular field from which stabilized test line faded, sensitivity of receptive fields, 26 yr olds with normal color vision, 54:429
achromatic color conditions, transparency perception, 54:245
achromatic colors, perceptual variables, support for bidimensional system, 53:6548
achromatic contrasts vs subjective ratings & Shepard-Kruskal multidimensional scaling analysis, minimally distinct borders between juxtaposed heterochromatic fields, 53:6575
achromatic gratings vs homogeneous chromatic fields vs natural visual stimulation vs darkness, decay rate of McCollough effect, 53:2276
acquisition of focal vs boundary judgments of color category structure, kindergartners & 3rd graders & adults, 53:7033
adaptation level, central tendency shift in wavelength generalization, female college students, 53:252
adaptation to colored gratings, luminance threshold elevation, college students, 56:112
adaptation to convex & concave arcs in different colored light, curvature-specific color aftereffects, college & graduate students, 54:2265
additive color mixer for exploration of color solid, 54:4412
age & hearing ability & sex & academic achievement & visual interest & training & experience, discrimination of pictorial stimulus attributes, 56:3350
alcohol & marihuana, acute color vision changes, 19–28 yr old social drinkers currently smoking marihuana, 57:7762
alternating vs flashing stimuli vs psychophysical determination, spectral sensitivity of low level electroretinograms, human Ss, 55:11613
altitude differences, visual illusion susceptibility & color-naming practices, villages in Peru, 55:9570
angle of incidence, absorption of guided & unguided light by cone outer segment, self-screening phenomenon as explanation of Stiles-Crawford color change, 53:6578
anomaloscope experiments, testing color mixture, homing pigeons, 58:6919
associative mechanism, long term persistence of McCollough effect, college students, 55:6044
ball & background color, catching performance & color preference, male vs female 2nd vs 4th vs 6th graders, 56:5222
bar width & slit width & spatial frequency, McCollough effect of orientation contingent color aftereffect, 57:11920
behavioral & immunological aspects, chemical transfer of color discrimination performance, goldfish, 58:2910
behavioral study using lights differing in wavelength as training stimuli, absence vs presence of spectral perception, octopus, 54:7175
bidimensional system, simultaneous achromatic contrast measurement, experienced Os, 53:6547
binocular interaction effects in visual evoked response, 55:6403
blue & red stimuli of varying luminance & duration, RT to spectral stimuli, 56:3352
blue weak artificial light, color retention, Down's syndrome children, implications for theories of color vision & short term memory & educational therapy, 56:6288
choice between chromatic alternatives during avoidance of strong white light, rats, 53:6991
chorioretinal pathology, S descriptions of nature of visual interference & color & pattern perception & afterimagery & "completion" phenomenon, Ss with retinal defects in one eye, 58:5686
chromatic & achromatic adaptation, spectral sensitivity of short wavelength mechanisms in visual system determined by examination of lateral geniculate nucleus cells, monkeys, 53:6985
chromatic grating targets, perception of color & contour, 55:8757
chromatic visual evoked response & correlation with McCollough aftereffect, 55:11659
classically conditioned chromatic afterimage, 56:7122
color & edge orientation information, visual processing separately in monocular channels & convergence on binocular channels for stereodepth, 54:256
color & pattern & still vs moving models of natural prey, predatory behavior, young hand-reared motmots, 58:8965
color & position preferences, female adult gibbon, 57:5077
color & size & form preference, infants, 55:4242
color contingency for aftereffect, transfer of color contingent motion aftereffects, graduate students, 53:6564
color cues to focus attention, discrimination & paired associate learning, kindergartners, 55:3577
color discrimination learning & generalization gradient for colors, turtledoves, 55:11543
color discrimination, multivariate vectorial analysis of visual evoked response, 57:4893
color discrimination RTs & semantic differential ratings & Children's Reports of Parental Behavior Inventory, schizophrenics & nonpsychotic patients & normals, test of censure deficit model, 56:805
color discrimination, 4 mo old infants, 57:900
color hue & value & chroma, perceived heaviness of color compared to white, 20–23 yr old optometry students, 56:9081
color &/or shape vs uncoded conditions of dial array, eye movements & search time, laboratory staff members, 54:2277
color pecking preferences, chicks, 53:9222
color perception & hue categorization, 4 mo olds , 55:6719
color, physical & perceptual & emotional responses & motivation & motor performance, literature review, 53:2267
color preference, color perception on inkblots, endogenous depressives & hypomanics & introverts & extraverts, 54:5475
color specific adaptation effects on visual persistence & orientation & spatial frequency tuning functions for left & right cortical hemisphere, 57:2319
color stimuli, differentiation of visual stimuli & EEG & autonomic CRs, young monkeys, 55:1957
color stimuli, performance on visual discrimination tasks varying in difficulty, impulsive vs reflective 5th graders, 57:12472
color vision & brightness discrimination, 2 mo old human female infants, 55:4271
color vision in peripheral retina, hue & saturation, adults, 58:6786
color vision in peripheral retina, spectral sensitivity, adults, 58:6779
color vision, insects, 53:787
color vision, literature review, 56:9099
color vision qualities, 4–5 mo olds, 54:4964
colored filters, traffic signal recognition, adults with normal & anomalous vision, 55:3652
colored food stimuli, facilitation of discrimination learning-set, monkeys, 57:524
color-form preference, dyslexic vs nondyslexic 7–9 yr old boys, implications for reading education, 56:882
colorless patterned field exposure to 1 eye & patternless colored field exposure to other, pattern-contingent chromatic aftereffects, humans, 54:6686
color-word set size, color response times in interference tasks, college students, 53:2309
complementary surround, shifts in yellow & blue unique hue loci, female Ss with normal trichromatic color vision, 56:97
contrast evoked response technique, spectral sensitivities of isolated human color mechanisms, 55:6033
controlled illumination levels, verbal response latency in color-word interference task, 6th graders, 58:12619
curvature-contingent chromatic aftereffects, criticism of L. A. Riggs's results, 53:6558
curvature-specific chromatic aftereffects measured by color naming & cancellation procedures, 54:10923
dark & light adaptation, hue discrimination in peripheral color vision, paid college students, 53:201
dark adaptation & scotopic luminances, McCullough effect on achromatic test pattern of horizontal & vertical gratings, Os, 53:8742
dark vs light adaptation, rod involvement in peripheral color processing, college students, 56:9082
degree of perceptual uniformity, Munsell & Swedish Natural Color System scales, 53:10835
delayed 1-trial extinction of McCollough's orientation on contingent color aftereffect, college students, 57:11903
development & evaluation of method to determine parameters of color difference perceptibility ellipses for surface color, 58:8747
development of color & form concepts & discrimination, 3 yr olds, 2-yr longitudinal study, 58:866
development of color & form preference & relation to acquisition of color & form concepts, 2–5 yr olds, Israel, 58:849
dichoptic adaptation, loss of wavelength selectivity in contour masking & aftereffect, 54:2263
dichoptic mixtures of variable amounts of stimuli of different wavelength, brightness impression matches with binocularly presented stimulus of constant spectral composition, 57:2310
differentiation & discrimination processes, formation of color concepts, 2.1–4.6 yr olds, 55:2171
discrimination of color & pattern novelty, 1 mo olds, 54:2676
discrimination tests & visually evoked cortical potentials technique in color vision research, objectivity in human vision research, 56:3346
dividing strip width, sensitivity to suprathreshold & threshold color differences, adult males with normal color vision, 55:6069
duration of exposure to achromatic gratings & of rest periods, decline & revival of McCollough effects, trained Os with normal color vision, 58:6801
early color preferences, quail chicks, 53:11358
edges & spatial frequency, contingency color aftereffect, 56:7142
electroretinographic responses to single light flashes & flickering lights, spectral sensitivity determination, tawny owls, 54:760
environmental illumination & ontogenetic shift, spectral phototactic preferences, anuran tadpoles, 57:5027
establishment & decay, orientation-contingent color aftereffects, 53:10849
estimation of wavelength discrimination magnitude in units of information, color naming data, 57:244
Euclidean nature of vector representation of color sensations, 56:5084
evoked potential study, evidence for color channels in pattern vision, 53:6569
exposure to colored rectangular gratings & subsequent achromatic grating orientations, orientation specific color adaptation at binocular sites, 57:289
exposure to familiar wavelength vs another from same vs different hue category, response to hues, infants, 56:2131
exposure to shape or colored stimuli in imprinting situation, subsequent discriminative learning, chicks, 57:12177
exterior colors, color meaning & perceptual color dimensions, 53:4379
extinguishing long-wavelength adapting field, interaction between cone mechanisms during suprathreshold colors illusion, 56:1728
feeding strategies, correlation with visual pigments from retinae & photic environments of hunting for prey, diurnal tropical marine fishes, 55:3841
field size, green-red mixture equations, color-normal adults, 56:7148
flag vs simple striped pattern, colorimeter adjustments to match afterimages, college students, implications for dependence of afterimage color on memory color, 57:4896
flashlight aimed into eye, observation of sequence of afterimage colors, normal Ss vs congenital bilateral color blindness vs patients with lesions of visual system, 54:1452
fluttering heart illusion in color processing, rod & cone system interaction, 57:290
Fourier vs feature analysis, pattern-specific color aftereffects, experienced & naive Ss, 56:1717
functional disconnection in pure alexia & color-naming deficit, 67 yr old male with hemianopia resulting from cerebrovascular accident, 56:950
fundus pigmentation & illumination level & red/white vs blue/yellow block conditions, color form perception, Black vs White college students, replication of N. B. Mitchell & R. H. Pollack's study, 58:6793
genetic lines of origin & presence vs absence of pigmentation in retinal oil droplets & pigmentation manipulation by raising parents on carotenoid-free diet, color preferences, Japanese quail, 57:9710
graded potentials from striate cortex, increment spectral sensitivity & color discrimination, male monkeys, 55:3848
heterochromatic additivity & visual acuity response, normal & protanopic Ss, 54:233
history & concepts & vision theories & applications, color, 54:2278
hue & brightness & contrast with background & observation time, figural dominance in ambiguous patterns, female college students, 57:7346
hue category, looking time & perception & recovery from habituation, 4 mo olds, 55:11927
hue discrimination & studies of neutral zone, trichromatic vision, 3 mo olds, 56:5768
illumination & color & distance of stimulus object, depth perception, 21–24 yr olds, 56:9085
incongruent color words & memory requirements of task, classification of ink colors in visual scanning & card sorting tasks, college students, 57:2366
incremental vs decremental light stimuli, chromatic vision, support for difference signals arising from incremental discontinuities in retinal image profile, 58:6808
individual differences in acquisition & stimulus generalization & extinction in go-no-go discrimination learning, institutionalized & noninstitutionalized severely retarded children, 55:12505
inducing wavelengths, color specific effects in metacontrast brightness suppression, 58:265
induction of opposite color-contingent tilt aftereffects vs aftereffects occurring after adaptation to identical stimuli, interaction between monocular channels, experienced vs naive Ss, 58:2623
influence of color catergorization of cultures & review of previous explanations & recent ethological & electrophysiological & behavioral & psychophysical implications, 56:3893
infrared laser radiation, visual sensitivity of eye, 56:110
ingestive behavior & visual discrimination, female American black bears in captivity, 55:6225
initial display of Euclidean metric for colors when trained to discriminate value & chroma, shift towards simple summation metric, 55:8765
integumental color pattern, locust grouping, locusts, 53:764
intense bleaching, saturation of rod photoreceptor signal, female rod monochromat vs normally sighted S, 56:3348
interocular generalization of orientation specific color aftereffects, 54:6689
interpupillary distance & degree of chromostereopsis, stereoscopic performance, male college students, 58:259
introduction of novel configurational cues, learned color discrimination, monkeys, 58:8862
large-field trichromacy, color-defective dichromatic Ss classified as protoanopes or deuteranopes, 58:6803
lateral interactions between color-processing mechanisms across chromatic border, "fluttering heart" phenomenon, 54:6700
lateralized colored stimuli, hemispheric hue & saturation sensitivity differences, right handed Ss, 57:2309
learning rate of colored vs black letters, elementary school students, 57:1959
light & sound unidimensional vs multidimensional relevant stimuli & color cue, stimulus generalization & behavioral control, pigeons, 57:7602
light adaptation, spectral photochromatic interval function for red field, pigeons, 57:472
light adaptation, spectral sensitivity function for red field, pigeons, 57:471
light vs dark color surrounds, perceived saturation, Os, 53:2266
light wavelength & intensity, brightness estimation of lights, college students, 53:206
line orientations of patterns & fixation instructions, color aftereffects, 17 yr old females, analysis of McCollough effect, 56:7128
linear & nonlinear opponent color coding, 56:1730

long term adaptation to spectral stimuli & wavelength of adapting stimulus, phasic character of color sensitivity process in visual analyzer, 58:261
luminance & chromatic signals from cones, visual discrimination, 55:11382
luminance & color discrimination, edge detection, 53:6571
luminance & contrast, discrimination of small vs large color disparity, 53:10848
luminance & hue differences, visual evoked cortical potential color vision pattern response, color normals vs protanopes vs tritanope vs deuteranopes, 53:4367
luminance & purity & dominant or complementary wavelength of inducing stimuli, color induction, 53:8749
luminance levels, spectral equilibrium colors & non-spectral equilibrium red & additivity, test of closure properties for opponent processes, 53:6555
luminance modulation thresholds for seeing yellow grating superimposed on background of integrated red & green stripes varying in luminance & sum of their luminance held constant, 56:1723
luminance of achromatic surround, saturation of central color stimuli, 54:6699
luminance of patterns, strengths of orientation-contingent color aftereffects in McCollough effect, 56:1737
luminance stimuli, additivity in tetrachromatic color matching, Os, 53:8746
luminosity curves, 18–27 yr old Class I vs Class II males with normal vision, 57:4865
macular pigment & photoreceptors distribution, brightness differences, males with normal acuity & color vision, 53:248
measurement by disjunctive RT, laterality differences to monochromatic stimuli, adults, 55:3634
mirror-image response function to spectral stimuli in approach & pecking behavior, chicks, attempted replication of H. H. Schaefer & E. H. Hess's experiment, 56:188
model of phototaxis based on eye brightness-intensity function, response to spectral stimuli, anuran amphibians, 57:5024
monoptic vs dichoptic viewing of subjective & real contours under same vs different colored lights, color-selective tilt aftereffects, 57:11929
movement of monochromatic lights from fovea toward periphery, chromaticity changes in dark-adapted state & rod & cone contributions, 57:2328
negative vs positive color contrast against water background, visibility of colors in underwater habitat, 53:4368
neonlike color spreading & complementary color induction between subjective contours & brightness spreading, 55:8781
normal vs dichoptic color mixing, color matches, male Ss with normal color vision, 55:11373
orientation & color, McCollough effect, college students, 55:6026
orientation constancy of orientation-contingent color aftereffects, college students, 57:236
orientation-specific-reported subjective colors without prior adaptation to color, 56:9122
oscillation of achromatic test gratings orthogonally to their orientations, chromatic aftereffects, 55:3645
pair comparisons, perceptual uniformity of Munsell value & chroma scales, 54:2281
parallel luminance & apparent-color systems, analysis of visual detection & adaptation & temporal & spatial summation, 56:7137
perceived intensity of illumination, judgment of brightness of achromatic surface color, 54:216
perceptual & categorical & semantic processes & interaction between innate & cultural factors, color perception, 57:2325
performance in hue discrimination, invariant points in hue shift functions, pigeons, 56:3522
photopic & scotopic spectral sensitivity functions, rats, 54:7163
photopic spectral sensitivity functions, tawny owls, 53:794
photopic spectral sensitivity in mid- & far-peripheral retina, 54:2299
photopic spectral sensitivity, "Cebus Griseus" monkey, 54:9291
phototactic responses to spectrally dominant stimuli & use of color vision, comparative survey of adult anuran amphibians, 54:2655
positive reinforcement & ignoring incorrect responses during programed training, learning color matching, 4.5-yr-old male, 53:1926
predictive validities of American Optical stimulation, development & Dvorine & Farnsworth Lantern & Color Threshold Tester & Farnsworth-Munsell 100-Hue & Farnsworth & Schmidt-Haensch Anomaloscope tests, daytime & nighttime color vision for aviation signal light gun performance, color-defective vs normal males, 55:26
prehatch color stimulation, color pecking preferences & color discrimination learning, chicks, 55:6230
presence of black nanny for more vs less than 1 yr, color concept attitudes, Indian middle & upper class preschoolers, 57:2850
printing color name in incongruent color, RT for word-color matching task, college students, 54:10988
probe analysis of stabilized images, spatial & chromatic characteristics of pattern processing mechanism in human visual system, 57:566
program & apparatus for teaching receptive vocabulary & color & shape discriminations, 58:8623
projection color mixer determination of CIE chromaticity coordinates of colored lights, 53:6552
projection colorimeter, construction & calculation of CIE chromaticity coordinates, 53:2262
prolonged exposure to prismatic tilt & induction of McCollough effect, orientation specific chromatic aftereffects, 57:269
proper control of luminance cues, pigeon color vision experiments, 54:4439
psychophysical demonstration of trichromacy, goldfish, 56:190
psychophysical measurement of cortical color mechanisms not sensitive to spatial frequency, criticism of U. Virsu & S. Haapasalo's comments on C. Blakemore & P. Sutton's conclusions, 57:268
psychophysical procedure & stimulus duration & state of visual adaptation, Bezold-Brucke hue shifts, 57:11919
psychophysical procedure & stimulus duration, measurement of Bezold-Brucke hue shifts, male Os, 58:10899
psychophysical scaling technique, simultaneous color contrast, 57:4887
pupillometric measurement, difference spectra for color receptors & photopic spectral sensitivity, color-normal female adult & 4 yr old, 53:2240
ratio of contrast between green vs red projected characters against highly illuminated background, error rate for perception, humans, 56:5231
rearing under normal vs continuous darkness condition, discrimination of narrow band wavelengths from white light, infant monkeys, 58:8851
red vs green direction discriminative stimuli & spaced vs massed trials, individual & group acquisition of discriminated depth-position shock avoidance task, goldfish, 53:706
reduction of chromatic aberration using achromatizing lens, 53:10854
reinstatement & reinforced learning procedures, biochemical transfer of classically conditioned color avoidance, goldfish, 55:450
relative salience of stimuli differing in color & shape & standard vs nonsense shapes & integration of stimulus components, attention to shape vs color as primary cue for learning, kindergartners & 3rd & 4th & 7th graders, 56:5788
response to multiple visual cues of color & size & form in visual discrimination learning, autistic vs Down's syndrome vs normal 5–13 yr olds, 56:8119
retinal pigmentation, space perception, Ghanaian vs Scottish 14–16 yr olds, experimental replication, 55:6043
Retinex theory of color sensations, description of S. Stevens's modification of K. J. Craik & T. N. Cornsweet's experiments, 54:241
reward vs extinction pretraining, color discrimination reversal learning, pigeons, 53:744
rod & cone sensitivity before vs after removal of striate cortex, rhesus monkeys, 55:2050
rod & long-wave cone interactions, color vision, 58:10895
rod activity, thresholds of monochromatic lights in dark-adapted state, 57:2327
saturation level, error in lightness, female college students, 53:2245
scaling of saturation & hue shift, summary of results & implications for opponent color theory, 54:2276
scotopic illumination below rod-cone break, McCollough color aftereffect, 54:264
scotopic stimulation, contrast hues displaced toward blue, 53:249
scotopic stimulus superimposed on photopic test beam, rod intrusion on color-matching functions, 53:8737
selection of odd color prey, hawks, 54:7174
separate chromatic thresholds for each hue of binary hue stimuli, 56:1714
sex & eye dominance, color discrimination, right handed college students, 58:10904
sex & race & social class, achromatic & chromatic color & form stimuli sorting & preference, 5-yr-olds, 53:246
sex differences, visual persistence of Ganzfeld & afterimages, college students, 57:9463
shape & color disparity of visual stimuli, resolution of disparate colors, 57:255
shape & color, visually redundant coding in facilitating target location, college students, 53:4378
short- vs long-wave chromatic adaptation, saturation discrimination, goldfish, 53:6992
short wavelength light in peripheral visual field, relative spectral sensitivity, 54:231
similarity judgments of color pairs varying in brightness & saturation, multidimensional scaling analysis of individual differences, adults, 57:7358
simultaneous color & brightness contrast, monochromatic stimuli detection thresholds on achromatic background, experienced Os, 53:6553
simultaneous vs sequential testing of orientation hues, specificity of induction of McCollough effect & generalization to thinner line width, college students, 57:4869
simultaneously presented colors & sounds, identification of orthogonal dimensions through multidimensional scaling analysis of experienced similarity ratings, college students, 57:2303
sinusoidal stimulation, spectral responsiveness & temporal frequency response of optic tract & lateral geniculate neurons, cats, 58:11140
spatial & chromatic properties of background field & test flash, photopic vision sensitization & thresholds, color defective & normal Ss, 55:8768
spatial contrast & magnitude detection in 2-dimensional Fourier domain, flickering checkerboard thresholds vs opponent-color patterns thresholds, 56:1722
spatial parameters of gratings, orientation specific color aftereffect, college students, 53:2280
spatio-temporal characteristics of color processing & luminance, "fluttering heart" phenomenon & its reversal, 54:6701
spatio-temporal sine-wave response functions for red- & green- & blue-sensitive receptor mechanisms, 53:223
spectral compensation method, flicker fusion characteristics of red & green cones, color-normal male adults, 53:2249
static & dynamic achromatic vs chromatic imagery & display stereoscopy, stereoscopic skill & prediction of target acquisition performance with & without stereoscopic aids, aerial observers & photointerpreters, 53:2091
stationary dots, adaptation for color & motion measured by color specificity vs color asymmetry of movement aftereffect vs contingent threshold elevation, 56:7143
stimulation, neural activity absent during sleep vs retinal recovery from pattern-contingent chromatic aftereffects, 54:6687
stimuli defined by chromatic contours, stereopsis, 53:6540
stimulus attraction, color-form categorizing behavior, school age children at various developmental age levels, 55:4251
stimulus exposure duration, Bezold–Bruecke hue shift, 54:6667
stimulus fading procedure with transfer of response control from red & black stimuli to line orientations, acquisition stages, pigeons, 57:7564
striatectomy vs colliculectomy, achromatic thresholds, monkeys, 56:363
Stroop test, interfering effects of various word parts on color naming, college students, 55:3589
structure of visual processes involved in form & color & light, perception of architecture, 57:9268
subtractive effect of red inducing field, perception of hue & explanation of chromatic induction, 56:1736
successive chromatic contrast, visual sensitivity, evidence for interactions between photopic mechanisms, 58:6804
successive visual processing of color & form, college students, 54:232
superimposing red & green stimuli in opposite phases vs intense chromatic adaptation, sine-wave characteristics of color mechanisms, 58:2624
surface color perception development, kindergartners vs elementary vs high school vs college students, 55:11948
surface color preferences, art students, 55:3629
surround color fields, visual matching of target color & contrast effects, naive vs experienced Os, 58:8743
surround width & area & area ratio & edge-distance expression, contrast at center of circular-surround stimulus display for color & brightness, normal vision Ss, 54:10937
surround/test field luminance ratio, color induced into achromatic test field, 56:92
temporal characteristics, monocular & binocular rivalry between orthogonal gratings of same vs complementary colors, 55:136
temporal modulation percentage & frequency, spectral sensitivity curve shape, 53:232
temporal parameters, classical conditioning of McCollough effects, college students, 56:108
temporal pulse-count coding of electrical stimuli applied to eye, perception of color, 55:8784
temporal response characteristics of chromatic mechanisms isolated under hue substitution conditions, 57:7328
test–retest & consistency between groups reliability & interindividual judgment stability & relevance of scale to color judged, semantic differential measurements of color connotations, 53:5284
theoretical predictions vs O's responses, quantification of color sensations for color Mondrian areas, replication of E. H. Land's study, 57:266
training designed to stimulate & reinforce use of integrated sensory systems based on J. Gibson's theory, primary color discrimination, blind & visually occluded Ss, 58:2198
training on color relevant oddity problem, cross-dimensional form oddity transfer, preschoolers, 55:8930
training to attend to color & shape differences in objects & left-to-right directionality, generalization to complex bead stringing task, mentally retarded 5–7 yr olds, 55:12502
trichromacy, normally reared vs light deprived infant monkeys, 55:3830
tritanopic convergence point, spectral sensitivities of trichromatic eyes, 53:8751
ultraviolet & visible region spectral sensitivity, frogs, 53:9224
uniform color scales, perceived magnitudes of colors, 49–76 yr olds, 53:10839
verbal labeling & knowledge of results pretraining, color discrimination, deaf vs hearing preschoolers, 55:10088
vision with isoluminant color contrast, description of projection technique & observations, 58:8590
visual colorimeter technique, psychophysical measure of simultaneous color contrasts, Os, 53:8700
visual contingent aftereffects involving color & contour, McCollough effect, review, 54:6697
visual dimensional dominance, performance on haptic recognition task, preschoolers, 57:196
visual evoked response technique, detection of color-defective vision, 53:3498
visual system submodalities, algorithm for solving orientation & size & color & movement velocity & depth relationships, 57:9469
wavelength composition of reflected light & illumination cues & surface composition & texture & organizational tendencies & 0's attitude, perception of surface color, 55:1798
wavelength dependence of foveal threshold characteristics, 57:11915
wavelength discrimination, gray squirrels, 56:1847
wavelength, perception of saturation of monochromatic lights, pigeons, 55:11526
weight–length continuous & color–form discontinuous dimensions, reversal & intra- vs extradimensional shift learning, junior high & college students, 53:2361

Color Pyramid Test
stimulation & appeal & intensity impressions of colors with color pyramid test, normal vs neurotic vs schizophrenic 20–50 yr old males, 53:11902

Colostomy
ideas of contamination, postoperative colostomy patients, 53:9956
postoperative adaptation, patients 5 yrs or more after colostomy, 57:4062

Columbia Mental Maturity Scale
cross cultural item analysis of Columbia Mental Maturity Scale scores, Black & White 4 & 5 yr olds, implications for use by language clinician, 58:12762

Coma
alpha-like rhythms in EEGs after cardiac arrest, 22–83 yr old comatose patients, 56:6249
arousal level, EEG & cardiorespiratory & somatic motor phenomena, comatose patients, 56:6257
atropine coma therapy in psychiatry, literature review, 56:1121
clinical & EEG & pathologic & etiologic correlations, patients with alpha-coma, 55:7476
clinical course & prognosis, patients with acute posttraumatic coma, 54:5638
coma duration & post-coma assessment time, long term neuropsychological deficits, 16–37 yr olds hospitalized for accident-incurred traumatic head injury, 57:5129
coma duration & surgical intervention, Rorschach protocol analysis, brain injured Ss, 57:10599
dementia syndrome & delirium, 7 yr old boy resuscitated from coma, 57:3698
drug therapy, treatment of alcohol intoxication & withdrawal reactions & coma & alcohol metabolism rates, 57:1813
EEG findings in phencyclidine intoxication, 25 yr old comatose male, 56:951
EEG studies, patients with "locked-in" syndrome, 57:3705
massive LSD overdose, coma & hyperthermia & bleeding, 8 case reports, 56:417
microtremor of eyes recorded over several days, comatose patients, 58:3658
Munich Coma Scale reliability, additive scales for susceptibility & reactivity to coma, comatose patients, 57:1472
physostigmine, reversal of tricyclic-overdosage-induced central anticholinergic syndrome, case report, 57:6400
physostigmine salicylate, tricyclic antidepressant poisoning, 2.5-yr-old male & 36-yr-old female with coma & choreoathetosis & myoclonus, 53:10087
post-traumatic deep coma vs subcoma, EEG changes, accident cases, 57:3703
prognostic implications of 3 patterns of EEG records, comatose patients, 55:4895
retrograde & anterograde amnesia & disorientation, comatose patients with severe head injury, 55:7466
Stage II or III coma, EEG & positive bursts, 9–14 yr old patients with Reye's syndrome, 56:4346
survival following prolonged coma & grand mal seizures, patient with lithium intoxication, 54:5862
vascular ponto-mesencephalic lesion, EEG, young adult male in 8-yr comatose state, 54:549

Commerce [See Business]

Commissioned Officers
academic & nonacademic college success, success as officer 6 & 10 yrs after graduation, US Military Academy graduates, 58:2350
acceptability of associate ratings to assess leadership potential of peers, officers at branch basic courses, 57:11642
analysis of user information requirements in field army, evaluation of automated information system, US Army experienced staff officers, 56:8893
anchored vs nonanchored vs trait format of rating scales, performance evaluation of subordinate officers, US Navy officer raters, 55:1652
application & effectiveness of PLATO IV computer assisted instruction, interpersonal skills training, US Navy company commanders, 56:5024
application of decision prediction concept in Simtos environment, tactical military decision making, US Army senior field grade officers assuming role of G3 operations officer, 56:8874
attitudes related to drug abuse & drug education, Marine officers & noncommissioned officers, 55:7010
attitudinal & demographic characteristics, male & female US Navy company commanders, 55:1616
career experience & academic records & information processing strategy & results, prediction of tactical military decision quality in SIMTOS environment, Army officers, 53:10615
combat orientations, latent role structure within military, enlisted soldiers & officers serving in Vietnam & awarded Medal of Honor, 58:8491
conceptual design & principal features & mathematical model, Total Objective Plan for the Officer Procurement System computer-based linear model, 53:10584
construct validation, air force officer "job challenge" & "tenure/turnover" job motivation prediction model, support for modification of V. Vroom's model, 56:8881
cost minimization & accession quality maximization through computer applications, Air Force officer procurement, 53:8443
death anxiety, military officers vs their wives, 58:5414
demographic characteristics & frequency of husband-wife & wife-parent interactions & hardships experienced & social participation & family adjustment, adjustment during separation from husband, US Air Force officers' wives, 58:11565
Differential Officer Battery, prediction of combat leadership & technical–managerial leadership, Army officers, 53:10609

dimensions of leadership behavior during simulated combat situation, US Army officers, application to officer personnel management, 56:10850
educational level & rank & age, belief in selected traditional institutional values, US Army enlisted men vs officers, 58:9621
evaluation of job inventory approach, analysis of US Air Force officer utilization fields, 55:1658
frequency of father absence & moving & officer vs enlisted status of parent, self concept, military dependent adolescents, 58:7366
Job Attitude Scale, Canadian male Army majors & captains vs upper middle & lower middle managers of industrial organizations, 54:2074
job satisfaction & ambiguity tolerance & organizational commitment, upward mobility aspirations, officers & enlisted military aviation personnel, 53:4219
leadership & women in organizations, report for use by Women's Army Corps officers & officer candidates, 57:11648
Maslow's hierarchy of needs, perceived importance of job characteristics, West Point graduates, 53:6347
mobility & economic & situational & environmental factors, attitudes toward their educational & employment opportunities, wives of US Army officers, 55:2900
Officer Training School, stress & coping style & military performance, candidates, 53:6317
PLATO IV computer based instructional system, changes in job-related behaviors & intentions, US Navy company commanders, 57:2086
preretirement planning & rank & number of years retired, retirement adjustment, military officers vs enlisted men, 57:14041
vocational career & education & training & performance prediction, commissioned army officers, longitudinal study of recruitment to promotion stage, 58:4468

Commitment (Psychiatric)
aggressive behavior, 45 yr old male diagnosed as having bipolar affective disorder, implications for legal meaning of dangerousness & consequences of criteria for involuntary hospitalization, 58:3441
analysis of 1975 Supreme court decision in O'Connor v. Donaldson, implications for right to treatment ruling, 58:8115
bureaucratic attitudes, involuntary confinement of dissidents in USSR & elsewhere, 53:11546
case of Kremens vs Bartley, challenge of parents' right of involuntary commitment of their children to institutions for mentally ill or retarded, 57:10151
case of Kremens vs Bartley, legal protections for children prior to commitment to mental institutions, 57:10155
case of Kremens vs Bartley, state's arguments for preservation of parents' rights of commitment of their children to mental institutions, 57:10172
changing laws concerning patients' rights & professional dilemmas, ECS treatment without permission, 43 yr old severely depressed suicidal patient, 58:6116
characteristics & attitudes & reactions, wives of forcible rapists & incest offenders committed to hospitals & prisons, 54:7844
characteristics of hospital discharges against medical advice, voluntarily admitted mental patients, 58:1791
civil & due process rights of mental patients, law & procedures at hearings concerning further retention of mentally ill patients, role of psychiatrists & attorneys, 54:5361
civil commitment & legal rights, mental illness & retardation, volume 1, book, 53:1469
civil commitment, historical background & evidence of effects, book, 57:8126
coerced psychiatric hospital admissions, Poland, 57:8886
commitment & admission to psychiatric facilities & psychopathic & sociopathic behavior & criminal acts & drug addiction & suicide & juvenile delinquency, legal rights of mentally ill, Iran, 54:7783
consitutional rights of civilly committed nondangerous mental patients, US Supreme Court ruling in O'Connor vs Donaldson, impact in states, 57:1108
constitutional considerations, predictions of "dangerousness" by psychiatrists as criterion for involuntary civil commitment, 55:9643
constitutional right to treatment or release of involuntarily hospitalized mental patients, implications for hospital psychiatrists, 58:1905
control vs treatment model of administration, staff's decision to continue vs terminate indefinite commitment, psychopaths in mental hospitals for criminally insane, 54:5544
cooperation between local court system & mental health consultants & community mental health agencies, reduction of involuntary commitments to mental hospitals, 57:11025
court commitments for psychiatric hospitalization, therapeutic & resocializing effects, schizophrenics & chronic alcoholics & personality disordered Ss who committed unlawful acts, recommendations for preventive measures & followup systems, 57:11028
court-mandated psychiatric hospital treatment, treatment & management problems posed by different types of mentally ill offenders, 55:5265
"dangerousness to others," legal–public policy & mental health concerns in civil commitment of mentally ill, 54:3970
data base need for prediction of dangerousness toward self & others, civil commitment of mentally ill, 58:9402
delinquency intensity & type of commitment, variance in deviance label, juveniles, 56:3923
determination of continued dangerousness of sex offenders committed as dangerous, observation by legally trained O, 55:9640
development of model of components in decision making process of consent or refusal of psychiatric treatment, patients, 58:5756
family contracting approach, prevention of family initiated involuntary hospitalization, psychiatric patients, 57:13433
federal & state legislation, treatment & voluntary commitment, mentally ill, 53:10361
freedom from involuntary hospitalization & right to adequate treatment, patients' rights & cautious application of innovative techniques & shortcomings of community treatment, 54:6135
historical & philosophical & legal antecedents, right to treatment vs personal liberty, 53:10342
historical development & implementation issues, constitutional right to treatment of involuntarily committed persons & institutionalized retarded, 57:13541
implementation of regulation limiting parental & medical discretion in commitment to psychiatric hospitals, right to object to hospitalization, children, 58:8136
independent psychiatric examination, justification for hospitalization, patients hospitalized against their will, 53:1856
insanity proceedings outcomes & Black-White state hospital admission rate differences, analysis of county court cases, 58:1796
involuntary commitment process, field investigation of effects of advocacy on behalf of alleged mentally ill, 58:8039
involuntary hospitalization of mentally ill, viewpoints of abolitionists & medical model psychiatrists & civil liberties lawyers, 56:590
involuntary hospitalization of political dissenters, Soviet Union, 53:11506
involuntary psychiatric hospitalization & treatment, civil liberty & due process, 53:10373
lawsuits, translation of rights into reality, mental patients, 54:5474
legal rights & summary of critical cases, mentally ill patients, 53:11516
legal rights, minors committed to mental institutions by their parents, 58:8147
legal rights to refuse commitment to mental hospital or treatment, children, 58:10104
limits to legal rights concerning psychiatric commitment, psychiatric patients, 58:10172
mental disability & criminal responsibility & civil commitment & rights of institutionalized patients, symposium, 56:10074
mental health litigation, role of psychiatrists & provision of mental health care, 58:6113
new cases & types of statutes of commitment, rights to liberty & therapy, mentally ill, 54:3936
new psychiatric commitment law, Colorado, 56:6619
patients' right to treatment & responsibility of psychiatry to participate in litigation, 55:12154
percentage of admissions with consent, patients admitted to psychiatric hospital, 57:8871
prediction of dangerousness to others & impairment of ability to make decisions about treatment, involuntary commitment of mentally ill, physicians, criticism of M. A. Peszke's article, 55:677
prediction of dangerousness to others, civil commitment of mentally ill individual for involuntary treatment, physicians, 55:672
problems involved in court orders committing patients to psychiatric hospitals, male psychiatric patients, 2-yr study, Spain, 58:4009
procedures for mental hospital commitment, rights of mentally ill, Argentina, 57:10162
psychiatric facility use for parole evaluation, prisoners, 54:3547
psychiatric hospitalization of political dissenters, political & moral & social implications, 53:11551
psychiatric interventions as instruments of social control, 55:5279
role of psychiatrist, compulsory treatment in psychiatric hospitals, USSR, 57:13423
Soviet definition of normalcy & crime, compulsory treatment in Soviet psychiatric hospitals, 56:2682
Supreme Court case of K. Donaldson, involuntary psychiatric hospitalization, book, 58:11594
tests of competency to consent to treatment, applicability to patients' decisions to accept or refuse psychiatric treatment, 58:5763
time & region & age & sex & admission variations, compulsory mental hospitalization, 1964–1970, England & Wales, 53:1852
type of admission & mental disorder & reasons for leaving, patients who escaped from psychiatric clinics, 57:8436
9-yr battle for freedom from illegal incarceration in mental hospitals, mental patient, book, 53:6083

Communes [See Also Kibbutz]
advantages & problems of urban communes as alternative family style, implications for family therapists, 57:10146
analysis of French commune movement, expression of problems & finding place in contemporary society, youth, 54:9473
building of dwelling & collective living, group cohesiveness & intimacy & intra- & interpersonal competence, college students, 56:7885
couple & parent-child relationships in presence of others, urban communal households, 56:2219
couple strains in urban communal households, 4-factor model of separation process, 56:5907
decline in age grading & equalitarian conception of children, participation of children in drug use & sex & autonomy in settling disputes, rural hippie communes, 53:9337
design & evaluation, household chore worksharing system for experimental group living, college students, 57:6328
development of communes & intentional communities, implications for sexual & genderal relations, 56:2192
extended kinship vs nuclear family & family networks & communes & affiliated family as alternatives, 56:581
history & development & organization & census data & functioning, collective childrearing & education in Synanon school, 54:11569
individualism vs patriarchy, communal sex & commune survival, 54:5168
internal relationships & value structure & relationships with larger culture, alternate culture commune in US, 55:9584
origins & economic patterns & impact on family life & future perspectives, communes, People's Republic of China, 57:3027
phenomenological study of myth & ideology in New Left vs mystical religion communes, 55:6867
power sources & issues, communal living, 53:2951
practices & attitudes & demographic characteristics of inhabitants, counterculture communes, British Columbia, 58:11526
psyche & myth in 17th century sectarianism, analysis of G. Winstanley & agrarian communal group Diggers, 55:625
reality of integration of aged into utopian communes, 58:938
rearing in commune vs nuclear family, cooperation & competition & self reliance over 1 yr, preschool age children, 57:10037
segregation of sexual domains & different social structures & structure & function of families, 2 communes, France, 57:12601
social structure & beliefs & practices & ethnographic & psychological data on background of practitioners in spiritually oriented communal group, Healthy Happy Holy Organization, 57:1049
socio-historical analysis, failure of religious & secular communes, 54:2764
teleological beliefs & resultant vocabulary & cognitive networks, New England commune members, 57:9913
type of family life practiced & degree of transiency, freedom to choose work in alternate life style, communes representing wide variety of philosophies, 55:12087

Communication (Privileged) [See Privileged Communication]

Communication (Professional) [See Scientific Communication]

Communication Skills
ability to discriminate among novel forms by naming, performance on referential communication task employing same forms, 3–5 yr olds, 57:8004
adequacy of speaker editing, message choice strategy & communication performance level, children vs adults, 55:11844
age & sex & birth order & verbal ability & socioeconomic level, development of referential communication skills & use of technology to structure interactions between people, 4–5 & 5.5–6.5 & 7–8 yr olds, 56:5811
age, attribution of communication failure to listener vs speaker as measure of developmental trend in comprehension of messages, 56:5797
age of speaker & popularity & later vs first born status & age of dyad participants, communication skills in child-child & child-adult game dyads, kindergartners vs 2nd graders, 58:3082
aging, respiration & phonation & articulation & language & hearing processes of communication, 55:11888
assertion training program for job interviews, awareness of career goals & anxiety reduction & enhancement of communication skills, college students & faculty & administrators, 57:10834
audience reaction, perception of speaker's expertise & personal characteristics, college students, 54:3003
behavioral components of effective interpersonal communication, trainees in communication skills program, 56:2715
brief communications skills program using facilitative responding & self disclosure training, interpersonal effectiveness, student volunteers in college residence halls, 55:5725
Carkhuff's model of facilitative communications training of mothers, home & school behavior & mothers' communications skills, mothers & their elementary school children, 58:9914
classroom behavior management course, self awareness & communication skills, practitioner students, 57:9009
communication & problem skill training, empathy & skill acquisition & usage & problem solving cooperation, mothers & their 10–13 yr olds, 58:9924
communication ability, discrimination of referents from nonreferents in own messages, 3rd vs 5th graders, egocentrism vs comparison explanations, 55:11921
communication performance profile, evaluation of communication skills, deaf young adults, 57:1488
communication ratings of deaf-blind children using videotaped behavioral situations, speech pathologists & professionals working with multihandicapped & speech pathology students & college students, 53:3529
communication skills & group-based leadership & businesslike efficiency & innovation & expectation of performance, leadership style, school directors of outstanding & average schools, 53:11755
communication skills course dealing with interviewing patients & medical history taking, 58:8095
communication skills, teaching effectiveness, industrial education teachers, 58:6181
communication skills training of students, positive changes in teacher verbal & nonverbal classroom behaviors, 3rd–6th grade teachers & their students, 57:13889
communication skills training using integrated Interpersonal Process Recall videotape feedback/affect simulation training model, incarcerated male felons, 58:12268
communication skills training, helpfulness toward each other, married partners not in marital counseling, 58:9897
communication to apparently blind vs nonblind E, nonegocentric communication abilities, 3–5 yr olds, 53:825
communication training program, skills in observing interpersonal interactions & communication skills, couples, 57:8696
communication training technique, communication skills & perception & cognitive classification & language, educable mentally retarded 7–11 yr olds, 57:9140
confrontation as core interpersonal skill, analysis of confrontation types & skill development suggestions, 58:1089
contingency contracting & communication skills training & videotape feedback, school attendance & compliance with curfew & chores & verbal abusiveness to parents, recidivist delinquent 14–17 yr olds & their parents, 54:12351
counseling course, moral reasoning & discrimination & communication skills & selected attitudes, adolescents & adults, 58:2019
counseling course, self esteem & moral reasoning & discrimination & communication skills, low-achieving high school students, 56:4777
couple communication skills training, dyadic interaction & willingness to self disclose, married couples in childrearing years, 56:1028
couples communication program, communication skills for stability & change, spouses as dyads, 54:7475
creative information processing abilities & visual & verbal & kinesic expressivity & intelligence, creative activity vs aesthetic interests in visual arts vs literature vs drama, male vs female high school seniors, 57:12841
dependence & cognitive style & verbal ability, private speech in maze & puzzle tasks & relation to social communication skill, 4–5 yr olds, 58:3068
development & implementation & evaluation of self concept enhancement program, self concept & communication skills, students, 55:13133
dogmatism & structured vs unstructured human relations training, educative process conceptions & interpersonal communication skill & tolerance toward others, student teachers, 58:12449
drawing of event sequence, written communication ability, chronic male patient with expressive aphasia, 53:3439
effectiveness of psycholinguistic training programs, review, 53:6153
eidetic imagery, kindergartners & 2nd & 3rd graders with "subnormal" vs normal language skills, 56:8716
employment opportunities & speech & language & reading competencies for hearing impaired teachers in programs for deaf children, school administrators, 58:1998
ethno-economic group members & urban geographical location, oral communicative skills, preschool & kindergarten children, 57:2911
examination procedure, rating behavior in communication & adjustment & learning skills, deaf-blind children, 54:5599
experiential training in communications & interpersonal skills, conceptualization based on interviews with professional trainers, 57:3900
families' social code, form & content of communication to sighted & blindfolded listeners, 6-yr-old middle-class children, 53:7082
family communication skills program, family self concept, 54:7449
feedback methods, improvement & retention of improvement in counselor behaviors, counselor trainees, 58:10167
formal vs casual sociolinguistic communication demands & use of 2nd vs native language, evaluation of interlocuter, English-speaking males with moderate but nonfluent 2nd language ability, 56:3799
frequency count method, measurement of trainee behavior in structured communication skills training, 54:11869
grade & stuttering severity, teachers' predictions vs students' actual judgments of social position & speaking competence of male student stutterers, 3rd vs 6th graders & their teachers, 57:13901
group communication techniques in classroom, replacement of counselor as remedial technician, 54:6422
group counseling, communication skills, Black college students in program for disadvantaged, implications for special education, 57:13983
group training emphasizing sensitivity to oneself vs sensitivity to others vs didactic information process vs combined emphases, empathy & compatibility & communication skills, paraprofessional telephone counselors, 57:11143
helpers vs helpers with vs without microcounseling & communication skills training, self concept change, college student peer counselors, 57:6632
helping skills level, student personnel staff & other college campus community members, 57:11284
high vs low communication style of dyad members, perception of own vs other's style & amount of talk & control of task outcome, college students, replication of R. Norton & L. Miller's study, 58:5309
high vs low motivation conditions, oral & written communication performance in dyads, lower vs middle class 4th–6th & 8th graders, 55:9489
home & cultural background, problems of verbalization, Asian American college students, implications for curriculum design, 55:8273
human relations training, communication skills & self concept & effectiveness in facilitating student development, undergraduate residence hall staff, 58:1951
human relations training, work atmosphere & communication skills, nurses & social worker & technician on orthopedic unit of hospital, 57:13275
humanistic group counseling, classroom behavior & manifest anxiety & communication skills & self actualization, student teachers, 55:7922
implementation & use & outcome of communications awareness training, 1st-line industrial supervisors, 54:10723
inservice communications skills training, verbal behavior, elementary school teachers & principal & special educators & counselors & school nurse, 58:10218
instructions & modeling & reinforcement, training communication skills in small groups, females, 57:1188

instructions & modeling, reflection-of-feeling responses & level of empathic communication in interviewing, males & females low in interpersonal communication skills, 57:6314
interaction analysis, assessment of communication skills during initial interviews with patients, occupational therapists with 1–18 years of clinical experience, 58:4100
interaction exercises, classroom discussion quality, junior high school students, 55:8271
intermittent feedback, verbal communication skills, therapy supervisors working in program for severely mentally impaired children, 57:6588
interpersonal communications skills training, classroom verbal behavior, teachers, 55:7951
interpersonal skill practice in parent training, parent-child relations, parents, 58:12016
interpersonal vs intrapersonal communication training vs vicarious learning through social modeling, growth toward self actualization, 58:9912
Junior Block Teacher Education Program in communication skills, changes in self actualization, elementary education students, 55:10721
kinesics training program, communication & social skills, blind adolescents, 53:6195
language training program, communication skills & classroom adjustment, 12–19 yr old nonvocal deaf retardates, 53:1977
length of time in interpersonal communication skills training, empathy & respect & concreteness & genuineness & immediacy & confrontation, adult correction systems employees, 58:8138
lessons in skills of listening & observing & communicating, communication of empathy, 12th graders, 56:10776
linguistic competence & personality & aptitude & creativity & attitude factors, communicative competence in 2nd language, high school students enrolled in German language classes, 57:6808
lingusitic competence & natural language functions & effectiveness of visual communication therapy program, 21 yr old male with severe head trauma, 57:1459
listener & speaker roles, communication accuracy, mother-son dyads from schizophrenic vs normal families, 58:9640
listener's age, ability to adjust speech, 4-yr-olds, 53:7048
live vs symbolic vs self supervision & practice & feedback, learning probing questioning skills, teaching students, 55:7920
MA, self help skill assessment, educable vs trainable mentally retarded, 58:10510
marital communication skills training, self esteem & communication effectiveness & marital adjustment, couples, 57:8098
marriage enrichment program vs eliminating self defeating behavior program, relationship styles & communication patterns & marital satisfaction & perceived self & male personality traits, couples, 57:10791
meaningful stimulus pictures & pretesting for comprehension & language production, referential communication, male retarded adolescents, 56:10125
media therapy employing programed instruction vs videotaped models, microcounseling behaviors of attending & listening & self expression skills, female nursing students, 58:8112
microcounseling model with vs without computer assisted instruction vs classroom instruction, ability to communicate & discriminate & identify verbal counseling skills, guidance students, 57:6680
microcounseling models, communication skills & client's perception of counselor effectiveness, college students as paraprofessionals, 58:10152
motor skills training, motor functioning & communication & social skills, institutionalized blind severely & profoundly mentally retarded 15–28 yr olds, 57:6518
multidiscipline group facilitation training, communication skills & perceptions of others & others' professions, professional staff members in rehabilitation settings, 53:5373
nonverbal intelligence & communicational ability, dysphasic patients, 57:8523
nonvocal communication development program, ability to learn selected communication skills, severely retarded children, 58:2191
observational study, communicative behavior in science & notebook activities, 5 & 6 yr olds, 55:5607
operant conditioning techniques, functional language skills, nonverbal children, 54:8442
optimal dissimilarity of attributes, communication effectiveness, 54:5268
oral & non-oral representations of communication & development of social competence, mentally retarded children, 58:5610
Parent-Adolescent Relationship Development program, communication skills learning, fathers & adolescent sons, 57:10828
parental interpersonal communication skills training program, perceived parent-adolescent communication, parents & their adolescents, 58:8018
parent-teen communication workshop, perceptions of family relationships, families with adolescents referred to Juvenile Probation Department, 57:8673
partial vs total vs no immersion in 2nd language, social sensitivity in communication skills during explanation of game to sighted vs blindfolded target, kindergartners & 1st & 2nd graders in English vs French schools with English- vs French-speaking teachers, 57:8023
patients' social & communicative capacities, doctors' attitudes & treatment, 58:9996
peer counselor training, communication skills & attitudes toward school & self concept, high school students, recommendation for inclusion of training in school program, 57:6946
peer- vs staff-led human relations training, performance on standard role performance & written communication index, college students, 57:10829
persistence of communications skills during interviewing & in written data, college students in special vs regular personality course vs 1st-yr graduate students in fundamentals of counseling course, 6–9 mo followup studies, 56:10499
practice in programed video simulation of counseling, communication skills, college students, 56:4744
principles affecting communication, communication among professional helpers, 54:9753
programed instruction vs cued-videotape modeling vs behavioral feedback, interview skills acquisition, field independent vs dependent trainees, 58:12347
programed instructional materials & student-controlled pacing & immediate feedback, mathematics & communications performance, 9th–12th graders, 53:1930
programed machine training vs didactic-experiential leader-led group training, teaching counselor- or helper-offered communication skills, college students, 58:8110
psychological education curriculum, psychological development & acquisition of communication skills, college students, 57:6758
Q-sort technique, congruency between real and ideal self concept of expressive language, 11–14 yr old male & female hearing impaired, 55:10149
quality of communication, occurrence of peak experiences, Ss in small intensive groups, 55:10312
race relations communication skills training & selected life experiences, racial attitude change & anxiety reduction & facilitation of response ability, Black & White social fraternity pledges, 58:1943
race relations communications program, facilitative responding ability & racial attitude change & anxiety reduction, Black & White fraternity pledges, 58:7917
relationship-building workshop utilizing video & small group feedback, marital communication skills, student couples, 57:10784
reliability & validity, Tactile Communication Index, college students, 57:7202
role taking & referential communication accuracy task performance, 4th graders, 57:7901
self actualization & communication of therapeutic counseling skills, beginning vs experienced counselors, 58:12322
self concept & level of communication of facilitative interpersonal conditions & perceived effectiveness on direct service & consultation services, community mental health workers, 58:10157
self concept of communication ability, success in student teaching, student teachers, 55:5437
self vs guided instruction approach to Structured Learning Training, confrontation skills, counselor trainees varying in conceptual development, 58:10160
seminar approach, parent–adolescent communication, drug education, 54:5134
severity of verbal comprehension vs speech vs reading vs writing impairments, adult aphasics, 57:1462
short term counselor training, helper responses & discriminative skills, Upward Bound underachieving college students & graduate students majoring in guidance & counseling, 57:6634
short term systematic human relations training, volunteers' self concept & facilitation skills & patients' perceptions of volunteers & self evaluation of treatment, hospital volunteers & schizophrenic patients, 57:8700
short term visual memory & intelligence, manual communication skills, prelingually profoundly deaf 5–9 yr olds, 58:7759
situational requirements in gamelike & motivating communication task, communication mode switching from verbal labeling to pointing, black 4 & 5 yr olds, 56:7711
skill training with vs without programed text, self & teacher ratings of small group discussion communicative skills, college students, 54:7476
social validation & training of conversational skills, conversational abilities & behaviors with adults, junior high school & college students, 56:6420
socioeconomic status, effect of reward on counterattitudinal advocacy, disadvantaged vs advantaged college students, 55:11852
spatial & interpersonal egocentrism, communication skills, 8 vs 12 yr olds, 55:9488
speech delivery factors, speech effectiveness measured by attitude change & recall-comprehension & "ethos" trustworthiness & objectivity, implications for teaching & grading of speech, 57:5429
speech therapy in Hebrew, home language communication skills, bilingual & polyglot adult aphasics, Israel, 54:5677
staff training based on behavioral motivation, psychiatric hospital attendants, 58:10153
storytelling training employing modeling & token reinforcement, use of correct verb tenses & acquisition of conversational speech, mentally retarded children, 58:7963
stress managing tactics & recipient support, occupations involving delivery of bad news, analysis of deputy US Marshal's role, 57:4505
structural & evaluative attitude similarity, communication effectiveness & interpersonal attraction in semistructured conversations, male-female dyads, 57:8209
structure & application of communication theories & models of counseling, formulation of short term training program in communication/counseling skills, counseling practicum students, 57:4212
structure & communication effectiveness, social vs nonsocial speech in describing stimulus for identification, college students, 57:3195
structured learning therapy techniques, acquisition of interview skills & S perceived interviewer attractiveness & interviewer perceived S attractiveness, lower socioeconomic emotionally disturbed children & adolescents, implications for client pretherapy training, 58:1576
structured vs no training in feedback communication, self concept & quantity & quality of feedback during encounter sessions, encounter group facilitators, 58:12336
success in communication as reinforcement for stuttering, implications for speech therapy, 57:8816
summer communication skills program & grade & sex & entry level, reading & listening achievement & self esteem & identification, disadvantaged black 2nd vs 5th graders, 55:13097
systematic collection & analysis of behavioral observation data, assessment of communication competency in interpersonal & group & organizational & intercultural settings, 58:1118
systematic communication skills training using simulation & role playing, residence hall paraprofessionals, 53:6087
systematic human relations training, facilitative communication, college students in professional education sequence, 58:10216
systematic human relations training, improvement in perceiving & responding skills & personal orientation stability, adult members of Christian churches, 58:3793
systematic training course with integration of personal-encounter tasks, communication of empathy & congruence & self actualization & personality change, pre-practicum counseling students, 58:1885
systematic training in use of leader verbal response skills, consistent & appropriate use of skills in response to group members' stimulus statements, graduate students as leader-Ss, 58:9473
systematically planned interpersonal skill training program, development of affective communication skills & democratic problem solving methods, student teachers, 58:8195
tangible &/vs vocal vs subvocal self reinforcement, acquisition of written reflection of feeling responses & attitudes toward interpersonal skills as learned phenomena, college students, 58:7960
teaching method, learning question-asking skills, preservice secondary science teachers, 55:7964
therapeutic milieu, establishment & expansion of receptive & expressive language skills, psychotic 5–6 yr olds, 57:3883
total communication approach employing oral speech & speech reading & gestures & formal sign language & finger spelling & cursive writing & reading skill training, nondeaf male 4 yr old with head injury & subsequent depressed speech & language development, 57:13353
training in communication skills & reality therapy & workshop & transactional analysis techniques & videotaping, prevention of student problem behavior, teachers as counselors in student help center , 54:8505
training program, development of verbal skills to communicate understanding & acceptance & sincerity, college student peer counselors, 55:7931
training program in interpersonal communication skills, transfer of empathic behaviors to classroom situation, prospective elementary school teachers, 58:1977
training to develop & use communication & guidance skills, teachers, 58:8232
training to generate negotiated consequences to conflict situations, communication skills with authority figures, predelinquent parolees in token system, 57:13451
treatment strategy, interpersonal skills & psychological adjustment, emotionally disturbed 13–19 yr olds, 58:12085
treatment vs group counseling, discrimination & communication skills, junior high school students as peer counselors, 54:8485
utilization of positive feedback in classroom environment of acceptance, self concept & written performance, students, 57:4328
verbal instructions alone vs with point loss, reduction of grammatical errors in writing, junior & senior college students, 58:4221
verbal production rated by D. Howes' & T. Weisenburg & K. McBride's models of aphasia, communication skills & modalities, brain damaged 13–83 yr old aphasics, 58:1417
Vermillion Crisis Intervention training program, communication of empathy & discrimination skills, male & female college & graduate students, 58:10148
videotape feedback &/vs small group processes in inservice program, verbal interaction skills, elementary school teachers & kindergartners to 6th graders, 58:1974
videotape self confrontation procedures, feedback about errors during communication skills learning, college students in speech communication courses, 55:13175
visual communications program, communication of information to peers using visual media, students in schools for deaf, 57:13913
visual perception, role in oral language production, 1st–3rd grade educable mentally retarded, 55:13464
work- vs communication-oriented juvenile correction program, recidivism rates, male 15–17 yr old delinquents, 57:4153

Communication Systems

amount & style of school–parent communication through PTA vs neighborhood residents employed as classroom aides, perceptions of neighborhood school program, parents, 55:10734
application of aptitude–treatment interaction to cognitive processes & research on communication media, 55:4163
Auto-Com communication device & therapy, class involvement, nonverbal multihandicapped 10 yr old, 54:3571
choice of postage stamps, response rate in mail surveys, criticism of W. E. Hensley's findings, 56:7556
choice of postage stamps, response rate in mail surveys, response to crticism of J. W. Gentry et al, 56:7557
communication & structure & process, organizational functioning, 53:12747
communication networks & environmental characteristics of developing science, 54:7547
communication within organizations, 54:2097
contributions of communications signals to total noise exposure in cockpit & method for noise dose prediction, Royal Air Force pilots, 58:4509
cooperative psychiatric documentation system, Austrian & German & Swiss & Yugoslavian clinics, 53:5423
cost & convenience, "bug-in-the-ear" private audio system for trainer-trainee communication,, 57:61
cutaneous communication systems & devices, book, 53:5240
development of effective communication system & decision making techniques, vocational rehabilitation supervisor, 54:6089
development of implementation & evaluation strategies, on-line data management information systems, 54:3083
experimental vs standard communication systems, perceptions of work environment, experimental system scanners & standard system operators & transcribers, 54:8588
factors affecting development & implementation, information systems for social services, 56:2098
group cohesiveness & supervisor & gatekeeper of information source, probability of adoption of communication system, medical researchers & clinicians, 55:5826
human communication as system & interpersonal communication processes, 58:11649
human communication processes, design of man machine language, 53:2090
Human Engineering Electronic Countermeasures, communication problems & filtering of analog changes, 53:2122
influence variables of structures & relationships & technology, organizational communication, literature review, 58:2369
instrumentation in study of cutaneous communication system in relation to learning & linguistics & diagnostics, 57:58
interactive communication, characteristics of communication under natural conditions & effects of machine devices & systems, summary of research program findings, 57:12440
interviews with educational & psychological researchers, modeling of local information & documentation system, 58:7123
introduction of innovative language learning laboratory, institution's response as illustrated by system communication patterns, public secondary school, 56:2767
limited vs unlimited natural language vocabulary, real-world problem solving via computer controlled tele-typewriter system, 58:9187
multisystems theory of organizational communication, 54:8620
national-local dialogue, combination of information & education in communication phases of national planning, developing countries, 55:4358
on-line information communication system, feasibility & utility in research & developmental management & planning environment, 53:3093
operation & issues involved in practice of propaganda in Cold War, US Information Agency, 56:9612
organization of documentation & information system in educational research & development, Sweden, 54:3981
organizational communication, analysis of organizational behavior, literature review, 53:12748
organizational size & communication in management, employee motivation, 54:2099
origin & development & current status, American Psychological Association's communications program, 53:3237
pair of machines coupled through feedback, model of interpersonal communication situations, 58:11643
parent-teacher communication system using daily recorded telephone message, academic & nonacademic performance, 1st graders, 58:1923
philosophical psychology approach, miscommunication & mistrust & insensitivity, mental health center ward, 54:3066
practitioner & communication channel & research variables, decisions to utilize research findings, clinicians, 57:11115
proposal for psychological measures information system, 53:11646
sensory system functioning, autistic children, implications for development of communication systems for autistics, 58:5512
structure of communication networks & presence of feedback, small group performance, college students, 55:7080
TV linkage between medical school & child health station, personnel training & case evaluation & mental health service provision in inner city, 57:6487
types of postage stamps, stimulation of high response rate in surveys, contribution to W. E. Hensley's hypothesis, 56:7554
typewriting &/vs handwriting &/vs video &/vs voice vs communication-rich mode, cooperation problem solving, dyads, 53:5274
use of stimulus-response error matrices to study visual & auditory & acoustic confusions, error reduction in alphanumeric code transmission, 57:2115
visual fatigue & defects & inefficiency, visual tasks in communications project, 53:2087

Communication Theory

application of communication theory to family therapy, 55:992
classical model of communication, need for explicitness in managerial communications, 58:8504
communication theory principles application, strategies for controlling communication & behavior of patients during brief psychotherapy, children & adolescents, 54:3597
coordinated management of meaning, development of theory of interpersonal communication, 58:11675

development of grounded communication theory, interpersonal behavior in organizational setting, 55:9326
information transmission method, expressing short term memory span as channel capacity, college students, 58:4824
interaction processes model, classification of intentions through content analysis, application to arts & mass media, 54:3052
language development from dumping messages to role playing attitudes & influence of culture & ethnicity, clinical methods of training language disordered children, discussion of J. Muma's communication game, 55:545
lateralization for perception of consonant-vowel syllables, hemispheric specialization for contextual inferences from content altered speech, male vs female college students, implications for communication theory & intuition, 57:7302
matching responses to questions of real & hypothetical partners, college students, test of T. C. Schelling's tacit communication hypothesis, 53:5168
multidisciplinary approach to field of communication, book of articles, 57:9904
parapsychological phenomena & relationship to communications theory, 58:22
role & function in psychology & sociology, communication theory, 55:12
technology for teaching interpersonal communications skills, application of J. Muma's communication game, 55:538
theory of communication & behavior, 58:728

Communication [See Also Related Terms]

Community College Students

academic & demographic & family characteristics profile of students, enrollment for Associate of Arts vs Sciences degree & faculty perceptions of their instructional strategies, community college students & faculty, 58:4146
academic achievement & potential for success, welfare mothers attending urban community college, 58:4320
academic achievement level & vocational orientation, motivational profiles, community college students, 58:6294
academic factors associated with prisoner education, motivational characteristics, prison inmates enrolled in community college program at correctional institutions, 58:1801
academic performance, students spending 2 yrs at community college vs 4 yrs at University of Northern Colorado, 56:4810
academic skills training, reading rate & comprehension & academic orientation & autonomy & anxiety, community college students, implications for use as therapy, 58:8253
accuracy of counselor's estimates of drug experience & 4-yr college drug prevalence data, characteristics & attitudes, community college drug users & nonusers, 56:9806
achievement prediction in vocational education programs, community college students, 58:8316
admission through traditional entrance requirements vs open door policy, nonintellective characteristics, community college students, 55:10624
age & sex & race & educational attainment level, work values, White vs non-White part time community college students, 57:13862
age & sex & race & program of study & teacher methodology & mathematics placement test score, mathematics achievement, adult community college students, 57:13811
age & socioeconomic status & school size & aptitude & achievement, development of economic understanding & attitudes on economic issues, freshmen vs sophomore community college students, 57:13785
age, counseling needs & instructional preferences, 18–21 vs 22–29 yr old vs 30 yrs & older junior & community college students, 57:13891
attitude differences, veteran vs nonveteran male community college students in different educational programs, 58:12659
attitude toward parents & demographic data, reverse transfer community college vs 4-yr college students, 58:6303
attitudes toward & occupational vs educational advice given vocational counseling, Mexican American vs Anglo American students entering community college, 56:4961
attitudes toward multiple choice or word association exams before & after receiving grades, community college students, 54:8468
auditory & visual ability & instruction via reading vs hearing unit on tape, identification of learning styles based on objective test performance, community college students with academic problems, 58:4269
biographical & attitudinal characteristics & college participation patterns, Black vs White urban community college students, implications for counseling, 58:10466
career development program using independent study vs small group discussion, occupational information seeking & attitudes & maturity, community college students, 58:10647
career exploration laboratory using computerized System of Interactive Guidance & Information, career maturity, community college students, 58:2332
career planning seminar, community college & vocational-technical school students, 55:3313
changes in demographic characteristics, community college & vocational-technical institute students, Iowa, 1970–74, 57:9110
cognitive & affective & demographic & school-related variables, prediction of academic achievement, Black vs White vs Mexican American vs Oriental community college students, 57:6836
collaborative counseling, patterns of enrollment & curriculum choice & achievement, community college students, 56:4942
common factors in decision to dropout, community college students, 55:3156
computer-based career counseling program, vocational maturity, community college students, 57:6957
congruence between impulsiveness & theoretical orientation & social extraversion & autonomy, growth in writing skill ability, freshmen commmunity college students & teachers of English, 55:13297
construction of experimental scales of motivation, male community college students, implications for educational & counseling objectives, 54:6366
Cooperative English Tests & California Reading Tests & Comparative Guidance and Placement Program battery, psychometric properties & contribution to remedial reading course placement, students entering open admissions community college, 57:9173
cooperative work experience program, attitudes & persistence & performance, community college students, 55:3005
counseling awareness & patterns of use, urban community college students, comparison with studies of senior college populations, 57:6972
counseling by peer &/vs certificated counselors, course withdrawal, community college students, 57:9193
culture & sex & mode of communication, nonverbal communication of emotions, black & white & Puerto Rican New York City Community College students, 55:4499
degree of match between counselor-counselee cognitive & counseling styles, educational counseling outcomes, community college students & counselors, 57:11551
development of intelligence & motivation screening devices for use with programs on PLATO IV, community college students, 58:12735
development of model counseling center based on opinions of black students & counselors, meeting unique needs of black students, community college students, 56:4954
development of student orientation program, community college, 54:4243
developmental project utilizing prescriptive counseling mode, increasing self confidence, community college students, 58:10618
drug use patterns & attitudes concerning drug abuse education & prevention, college vs community college vs high school students, 56:5958
effectiveness evaluation of human development instruction, self actualization & self regard & self acceptance & existentiality & nature of man & capacity for intimate contacts & expressed development of academic objective & GPA & authoritarian attitude, male vs female community college students, 56:2863
enrollment in rural Michigan community colleges in lower peninsula, 56:4845
enrollment patterns & academic achievement, nontraditionally aged community college students, 58:12583
environmental & educational factors, satisfaction with instructional climate, community junior college students & faculty, 53:3957
ethnicity & sex, preference for counselors of same ethnicity & sex, Mexican American & Black & White community college students, 58:2234
evaluation of community college orientation course, college students, 56:1434
examination of special programs & services & instruction methods & colleges, development of model program to aid community colleges to meet needs of disadvantaged students, deans of students & instruction, 56:1481
expectations about ability to achieve, attitudes & academic achievement, minority community college students selected for special experimental admission & remedial program, 58:6144
experiential education as self discovery program, community college students, 54:8387
factor structure of mental abilities on Comparative Guidance & Placement Program battery, cross ethnic construct validity of battery & discussion of test bias, Black & Spanish & Jewish & Caucasian-Gentile community college students, 57:10092
film of handicapped children in police-oriented situations & investigator-designed programed booklet, attitudes toward handicapped children, law enforcement community college students & Ss in inservice training program, 56:3005
formal training intervention projection to improve interpersonal skills of student government leaders, evaluative reaction, community college students, 57:11383
goals of undergraduate education in gerontology, liberal arts & community college & continuing education students, 58:12566
group counseling, short term attrition rate, community college freshmen, 57:2030
history & antecedents, community college "training" philosophy, implications for students & student personnel workers, 53:4082
human potential laboratory groups & group leader style & group composition & participant expectations, self actualization & group outcomes & behavior changes, community college students, 57:6997
human potential seminar, self concept & academic achievement & social adjustment, community college students, 55:3307
implementation & evaluation of group dynamics course, development of responsibility & awareness of & sensitivity to emotional needs of coworkers & own personality processes, community college students, 56:8663
individual vs group counseling techniques vs study aids materials, academic performance & personality factors, male vs female reverse-transfer community college students, 57:14005
individualized program using auditory vs visual teaching method, spelling, community college students in special reading classes, 58:12485
job information complexity & vocational maturity, information seeking & vocational decision making, community college students, 55:8460
knowledge of perceived learning style, self concept & attitudes toward educational process & achievement, community college students, 56:3007
lecture only vs lecture/laboratory biology instruction, achievement & attitude toward science, community college students, 58:12491
locus of control & academic self concept & reading ability grouping, academic performance & defensive behavior, male vs female Black community college students in remedial reading, 58:8376
mail implemented counselor support program, perception of intellectual-social-cultural climate of college & academic achievement, community college students, 58:2265
matching of S's cognitive style to cognitive style of instructional mode, anxiety reduction, community college students in science course, 57:11401
mean classroom scores on student ratings of teachers, correlation with mean classroom scores on teacher effectiveness, community college teachers & students in elementary algebra classes, 57:11456
moral maturity & mental health, community college students, implications for moral judgment curriculum, 58:8341
multivariate analysis of cognitive style elements, mathematics achievement & aptitude, community college students, 55:13295
nonpeer cluster approach, peer counseling within community college complex, 58:8445
participation in vocational exploration group, vocational maturity & perceptions of employability & social alienation & dogmatism, community college students, 55:5685
perceptions of appropriate counselor roles & functions, urban vs suburban community college students vs counselors, 57:14032
perceptions of community college environment, faculty vs counselors vs male vs female White vs Black college students, 57:11204
perceptions of counseling staff role, community college students & counselors, 55:8376
perceptions of counselor role in community college system, chief administrators & counselors & students, 57:11259
perceptions of real vs ideal student & faculty behavior, community college students vs certificated vs classified employees vs on-campus vs district administrators vs citizens advising committee members vs college community members, 58:6126
perceptions of role of 2-yr college counseling center, students vs faculty vs student personnel vs counseling staffs vs administration, 58:10582
performance objectives, reading achievement & comprehension, community college students, 57:11347
personal & demographic characteristics & motivations & educational & career aspirations, female community college students, 58:12642
personality & ability variables, academic success, disadvantaged community college students, 55:5548
personality characteristics, prediction of preferences for teachers' leadership styles, college & community college students, 57:13886
personality type based on Holland's vocational behavior theory & occupational choice, 15–30 yr old community college students, 58:4475
personal-social development programs, disadvantaged community-junior college students, 55:3234
phenomenological study, alienation, community college students, 56:2972
preferences & expectations as to counselor's age & personal mannerisms & physical appearance & race & sex & technique, community college students, 55:10903
prereading exercises, comprehension of written instructional material, community college students enrolled in developmental reading course, 55:1339
prerecorded short term audio autogenic training with EMG feedback, anxiety reduction through muscular relaxation, community college students, 58:7866
prescriptive vs personalized reading instruction, reading rate & comprehension & vocabulary, community & junior college students, 57:11345
primary relationships & GPA, school attendance, regular attenders vs chronic absentees at community college, 57:4400
psychological education class, self esteem & locus of control & vocational choice, community college students, 58:6143
relaxation technique alone vs with suggestion, skill in & attitudes toward mathematics, community college students, 58:4444
remedial composition & reading course stressing vs not stressing practical student & vocational skills relevant to immediate needs, reading & writing skills, community college freshmen, 57:13940
role playing as crisis intervention technique, low & medium & high ego strength potential community college dropouts, 55:1565
self actualization & self concept & locus of control & other characteristics, mature community college females aged 30 yrs & older, 58:2119
self actualization group process, self concept & attitudes toward college experience, community college students, 58:10581
self administered systematic desensitization vs contract-management counseling, test anxiety, community college students, 57:6321
self concept & attitudes toward college experience & of persistence in major & profile, community college students, 55:13418
self concept & GPA & attrition, male vs female military vs community college students, 58:2128
self concept & motivation toward education, participation in community college house functions, students, 56:1439
self concept changes during 1st-term attendance in rural Appalachian community college, college students, 58:10494
self directed learning practices, English achievement & attitudes toward English in basic English courses, community college students, 58:4227
sex & academic goal & job responsibility & dogmatism, proxemic behavior measured by preferences for seating arrangements during interviews, community college administrators & counselors & faculty & students, 57:13568
sex & age & social class differences, reasons for attending college & feelings about college experience & future plans, community college students under 21 & 21–30 & over 30 yrs of age, 55:8280
sex & demographic data & family interaction & political & educational & counseling attitudes & religion & college activities & personal satisfaction & drug usage, alienation, community college students, 57:9117
sex & ethnicity & academic ability & curriculum, personality needs, dropouts vs persisters in community 2-yr college, 57:13843

sex & role orientation & locus of control & achievement value & academic & social achievement, community college students, 58:8359
short term group counseling, credits accrued & attrition rate & attitude toward nonintellectual educational objectives & knowledge of academic procedures, disadvantaged community college freshmen, 55:8401
Social Interest Index & California Psychological Inventory, measure of change in social interest after 1 semester, community & 4-yr college students, 53:3021
student age & ethnicity & sex & military status & instructor work experience & program assignment & sex, perceptions of developmental program instructors, community college students vs instructors, 58:6340
study habits & attitudes & conformity & recognition & independence & benevolence & leadership, involuntary vs voluntary enrolled reading students, 55:3137
study skills instruction &/vs desensitization for test anxiety, anxiety & study behavior & academic performance, underachieving community college students, 57:11571
SVIB nonoccupational scales as pre-admission information, prediction of 1st semester GPA & vocational interest, college freshmen, 57:9191
teaching experience & preparation, student ratings of teaching performance, community junior college faculty, 58:12440
topical-structured autobiography &/vs interview, counselor prediction of S's self concept, freshman community college students, 57:11575
varied-media self instructional program with values-clarification situations, personal efficacy attitudes & feeling of contingency between their acts & environmental responses, community college students, 56:1371
video simulation of advising session, planning behaviors, community college students transferring to large university, 58:2241
videotaped feedback, self awareness & self understanding, community college students, 55:1016
vocational assistance employing one-to-one counseling vs programed self instruction with vs without multimedia materials, promotion of career decision making & satisfaction with program, community college students with undecided majors, 57:11574
vocational exploration unit based on awareness of influence of sexism & stereotypic attitudes on occupational choice, exploration of nontraditional career options, community college students, 58:10578
vocational unit on exploration of nontraditional career options, occupational choices, community college students, 57:14052
weekend T group participation, involvement & exploration of feeling & description of self in present functioning, community college students, 58:1627
women's study re-entry program enrollment, self concept & self actualization & feminine role perception & locus of control & value of college attendance, mature community college women, 58:10498
work values, community college students, 56:2982

Community Colleges [See Colleges]

Community Facilities [See Also Community Mental Health Centers, Housing, Public Transportation, Shopping Centers, Suicide Prevention Centers]
abolishment of practice of untouchability, subsequent use of public places & educational & religious institutions, Bhangis, India, 57:10083
adaptive behavior & IQ, mentally retarded Ss placed successfully & nonsuccessfully in group living homes, 55:10479
agency design approach, reinforcing mental health facilities based on client & staff & community needs, 58:3986
attitudes toward community-based treatment center for alcoholics, neighborhood residents with vs without treatment center, 56:6572
behavior modification in context of recreational center, reduction of antisocial behavior, 5th & 6th graders, 58:9968
Bringing It All Back Home project, regional adaptation of Teaching-Family Model group home for adolescents with emotional & behavior problems & delinquents, 58:3955
census tract predictors, social integration in community, 18–65 yr old psychiatric patients in sheltered care facilities, 57:8855
community Alcoholism Counseling & Education Center, counseling & education & vocational rehabilitation, alcoholics, 54:8146
community attitudes toward mentally ill & establishment of group homes in community, seminar results, 56:1165
community development in housing, increasing tenant participation in public housing management, 54:9492
community education planning model, examination of community resources & needs, 56:8619
community families caring for psychiatric patients, alternative to psychiatric hospital intensive care, 57:4073
community group homes as alternative to institutionalization, retarded waiting list applicants in interim care vs non-interim care settings, 55:10474
community problems from community-based residential treatment, formerly hospitalized mental patients, 53:8045
Community Residences Information Services Program, establishment of residences for protective or rehabilitative services, 56:1183
community size, perceptions of ideal residential community, adults in Indiana, 55:1692
community treatment, young adult offenders, 54:3864
community-based group homes program, psychosocial readjustment, severely disturbed adolescents with long histories of institutionalization, 54:6017
conceptual base & planning considerations, neighborhood health system incorporating mental health center programs, 57:4079
consideration for discharge by local authorities, institutionalized mentally retarded, 54:3826
consolidated system of medical & psychiatric service delivery based on community treatment programs & community facilities, 57:13384
content & problems & collaboration-inducing strategies, application of evaluative technique called goal attainment scaling, paraprofessional staff of community-based drug abuse program, 57:13535
cost benefit analysis of institutional vs community living, 57:4060
counselor's role conflict & resolution, employment-related attitudes & job performance, counselors vs other community-based correctional staff & work releasees, 58:6042
design & operation of 1st municipal recreation center for mentally retarded & physically handicapped, 57:8837
development of community based services for intellectually handicapped, Australia, 56:1172
development of community-based peer operated automotive repair business, reduction of juvenile delinquency, 57:11009
development of evaluation model using case studies, application to treatment program of community-based home for juvenile delinquents, 57:4140
development of neighborhood-based child placement program, assistance for troubled youth & their families, 54:10276
development of store-front community adolescent self-help center & coordination with other community agencies, 55:10471
environment & use & benefits of nonresidential community drug program for youth, 58:8081
evaluation of volunteer field placements in types of community developmental facilities, developmental psychology students, 54:10540
evaluative framework for identification of objectives & analyzing means of meeting the them, application to group home for mentally ill, 57:8883
features & evaluation, community-based treatment facility, predelinquent males, 55:1127
human service needs assessment, major nonepidemiological approaches based on social indicators & survey techniques & community impressions, 58:5973
instructions & feedback & model-imitation procedures, modifying parental social behaviors, husband-wife teams who operate community-based group homes for predelinquent & delinquent youths, 55:10469
interpersonal manipulativeness & self concept & perceived role expectations & adjustment, federal prisoners at correctional facility vs pre-release offenders at community treatment center, 58:7715
location of patients & facilities & programs, community psychiatry in Connecticut, implications for improvement of Japanese facilities, 53:10281
mental & physical status & health care problems, sociomedical services planning, Ss 60 yrs & older in urban Italian community, 58:7980
modular-community-oriented treatment program, chronic psychotic patients with severe residual psychosocial impairment, 53:5981
multiagency organized hotel program vs long term hospitalization, coping with discharged mental patients' problems & "revolving door" syndrome, 58:12191
neighborhood health centers, evaluation of goal achievement & role of environmental factors & neighborhood parameters & interaction between community clinic & health care systems, 58:7999
neighborhood location of branches of home for aged, attitudes toward neighborhood & toward serving neighborhood elderly, institutional administrators & staff members & residents, 56:6505
opportunities for residents & data, community residential facilities & placements for mentally retarded, 55:1172
origins & organization & responses of residents, community residence for retarded adults, book, 56:2662
participation as ex-officio community board members, patient & community benefits, 3rd-yr psychiatric residents, 57:6451
pediatric-child psychiatry team consultation service, community early childhood education center, 53:3921
perception of supervisor-subordinate relationships & information priority & dependence & quality, communication network structure & organizational productivity, family planning clinic staff, Philippines, 58:2367
personal & family background & current status & attitudes & interests & self concept, elderly using Jewish Community Center resources vs living alone vs living with families, 54:2798
placement in residential summer camp, frequencies of prosocial & nonsocial & antisocial behavior, 9–12 yr old antisocial males, 54:6011
principles & practices & problems of community corrections, 56:6558
private long-term community residential-care programs, former mental patients, 53:1840
proximity to downtown area, knowledge of & desire & ability to enter community settings & satisfaction with level of community participation, female adolescents, 57:5643
racism & prisons & prisoners' rights & development of community-based corrections, 56:6563
reduction in number of institutionalized retardates by Ontario government as shift to community-based institutions & increased community involvement, Canada, 53:8192
release from home operated with honor system, recidivism & prognosis for social adjustment, male juvenile delinquents, 53:8143
social position & size & scope of family & stage of family life cycle & income & length of residence, family-community resource linkages, 55:9626

problem behavior & jeopardy to community & self & fellow client, community-placed retarded adults, 54:3821
problems in bridging gap between community needs & available resources for mental health services, India, 57:13390
problems of mental illness & addiction & unwanted pregnancies & unemployment & family conflicts & loneliness, trends in requests for services received by Travelers Aid Society, 54:970
procedural steps, implementation of behavior modification programs in open settings, 56:10360
procedures for implementation & advantages & disadvantages, community-based orientation & mobility program, visually impaired in vocational rehabilitation agency, 58:4027
program & client characteristics & staff skills, community-based programs, 55:5219
program descriptions & issues, street drug analysis & community based drug programs, 53:10274
program using young adults as paraprofessionals to serve as liaison between hospital professionals & patients & community, 54:11888
programs & implementation, community colleges & the elderly, 53:8228
provision of services by "So Others Might Eat" organization & plight of skid-row inhabitants, book, 57:6483
psychiatric hospital & use of extramural rehabilitation facilities & hospital model for chronic patients, 57:11020
public service vs academic values, university extension, 54:4035
quality & problems, aftercare programs for chronically ill in community, 56:6508
rape treatment program, reluctance to take advantage of community services, rape victims, 58:1759
rationale & implementation, marriage & family & child counseling services in public schools, 57:8831
recent & future changes, use of mental health services, aged, 54:867
recommendations for change & suggestions for competency-based orientation of agency personnel, career guidance agencies & services, 55:3322
redesign of human services for retarded, analysis of home care services, 58:3972
reduction in number of institutionalized retardates by Ontario government as shift to community-based institutions & increased community involvement, Canada, 53:8192
responsibility therapy based on Alcoholics Anonymous principles, county-operated day treatment program, 56:1177
role analysis, parents as indigenous paraprofessional community workers in child care/child development program, 55:7710
role as consultant to suburban police departments, community mental health nurses, 55:7846
role in administration & delivery of community services since social services reorganization, certified social workers, England, 58:1766
role of ideologies in peer psychotherapy organizations, theoretical considerations & case studies of Alcoholics Anonymous & Recovery, Inc. & Synanon, 57:13101
role of psychotherapy in health delivery system & development of human services model, 57:4042
role of self help groups in service provision, categorization by group focus & relationship to current priorities of public programs & social policy implications, 57:13109
roles & functions, psychologists working in community, 58:4124
roles & strategies of evaluation, community mental health program evaluation, 56:1171
self help groups, analysis of origins & character using H. Blumers' 5-stage social movement development model & current role, 57:13102
self help groups with goals of conduct reorganization & amelioration of tension through mutual support & survival & personal growth, psychological processes, 57:13124
self help organization, organizational structure & goals & mechanisms for meeting objectives, 57:13136
self perceived needs & satisfaction with services of community agencies, parents of handicapped children, 57:13402
self-help group model, rehabilitation service system, review, 53:6034
senior community service project, work experience & training, lower income elderly in public service jobs, 54:8548
sex role stereotypes & social services & legal system & survival tactics & legislative proposals & refuges for victims, wife battery, book, 57:8464
shift from state institutional care to community care, 54:3929
short term inpatient cottage assessment & family-based residential treatment, model for interagency cooperation, emotionally disturbed preadolescents, 56:4574
social & community interventions, literature review, 58:10020
social & educational changes, mental health career training & state hospital–community interaction, 53:10256
social & political & economic environment changes, human service system manpower & program development, 53:1790
social adjustment & economic productivity & hospitalization history & phenothiazine usage & community services, prognosis in schizophrenia, 10-yr followup of 1st admission schizophrenics, 56:9989
social behavior & independent functioning in community residence after voluntarily leaving state school, mentally retarded adults, 58:5980
social environment changes & adaptive responses by traditional family structure, family service agency program model, 54:6095
social position & size & scope of family & stage of family life cycle & income & length of residence, family-community resource linkages, 55:9626
social work component in community-based action, Huntington's disease patients & their families, 57:13409
social work department, local groups providing community care systems for juvenile delinquents, Scotland, 54:3846
societal produced stress, community action improvement of mental health, 54:12376
socioeconomic status, local participation in volunteer organizations, 54:952
sociometric analysis, conceptualizaton & measurement of interorganizational fields & organization-environment relations, top administrators of community development organizations, 54:12751
sociopolitical climate of Philadelphia, university–community relations & development of community human resources center, 54:3990
special prevention programs in institutional & noninstitutional settings, 58:1736
special services in rehabilitation program using team concept, job placement & recidivism, ex-addicts soon to be released from prisons, 54:1775
specialized patient care for disabled & need for coordination among rehabilitation services, 56:4597
staff & training & questions, operation of sex information telephone service, 54:6006
state institution–community services interaction, community residences, developmentally disabled, 53:12332
state mental hospital services expansion, community service delivery system, 53:10273
summer day treatment service program at Michigan hospital, 6–16 yr olds, 54:6001
supportive community services, drug rehabilitation, 53:3650
survey of problem resolution patterns, clients receiving state rehabilitation services, implications for training & practitioner approaches, 57:6458
systems dynamics application, delivery of human services, book, 57:6209
techniques for positive community response, community-based alcohol & drug-abuse program, 53:12167
theory & practice & dynamics, collaborative effect of networking, helping-service agencies, 58:12002
token economy program replicated from Achievement Place, modification of savings & conversational interruptions & table-setting at Welcome Home residence, male juvenile delinquents, 54:12449
Training in Community Living, community treatment program to live & work in community, mental patients, 53:5970
training program characteristics, provision of sex education programs for parents, school & religious & mental health organizational leaders, 58:8008
training program, counseling parents of drug abusing children, volunteers as community-based paraprofessional counselors, 53:8081
transactional evaluation of local school & community programs, 54:10465
trends in education & training in community, formerly institutionalized handicapped & retarded children & adults, 56:8498
use of alternative living plans for developmentally disabled children, White vs minority families eligible for services, 58:5964
use of support system resources, elderly in Chicago, 54:6023
videotapes, use in social work community center, 55:5241
violent crime extent & degree, male & female delinquent adolescents, implications for community treatment & evaluation & diagnostic procedures, 53:5599
voluntary community agency participation, criminal justice system, India, 55:2286

voluntary organization affiliation, perceived seriousness of community problems, heads of households, 55:9526
voluntary participation in comprehensive health planning, volunteers, 55:12904
volunteer case aides, use in psychiatric hospital & community mental health programs & demographic characteristics of aides & reactions to supervision, 58:1879
within-program changes, social climate changes monitored by repeated administration of Community-Oriented Programs Environment Scale, alcoholism treatment program patients & staff, 57:6540
youth center community-based intervention program characteristics & techniques, junior high school students with school or community adjustment problems, 57:13391

Community Welfare Services
ability to maintain & acquire social relationships, sense of powerlessness & normlessness & social isolation as alienation from moving into public housing, elderly, 54:2795
age of entry & length of stay & age representation & return to natural family, children & adolescents placed by social aid program for long term care by substitute family, 57:6475
attitudes toward welfare assistance, highly urban vs less urban vs rural area residents, implications for social workers, 58:5225
career experience, sources of job stress & effects on performance & career development, new public professionals, 57:13492
community-based children's home & child welfare program, tribe of Plateau Indians, 54:1746
consultative & supervisory services for aiding inexperienced social worker provide effective treatment in public child welfare agency, case report, 54:10345
county characteristics, institutionalization of mentally retarded, Pennsylvania, 56:6538
development of program in child welfare agency, helping parents cope with their children's behavior problems in their homes, social workers, 56:1191
economic welfare & housing & health & family & social support & knowledge & use of public services, elderly homeowners & blacks & Polish & hotel residents & Rogers Park residents & public housing residents, Chicago, 56:544
educational & health & mental health & family welfare & economic & community organization services, overview of countries, book, 56:6478
perceptions of fee charging in child welfare agency, clients & staff, 54:10359
relationships among impairment & disability & public assistance dependency, public assistance cases, Norway, 57:13376
social & legal & economic problems & biases of social welfare & mental health establishment, gay families, 57:5694

Companies [See Business Organizations]

Comparative Psychology
adaptation to environment through species-typical & individual-typical elements, evolutionary selection & learning processes in comparative & physiological psychology, 58:537
amount & temporal & frequency pattern of male copulatory behavior & interspecific mating, ovulation & implantation, Microtus species, 58:2755
analysis & evaluation of comparative content of "Journal of Comparative & Physiological Psychology", 56:1254
analysis of vocalizations & species' comparisons, birds, 58:6957
anatomical asymmetry in temporal lobe, humans & chimpanzees & rhesus monkeys, 57:592
animal & human operant behavior, book, 54:318
animal behavior, application of concepts from human attention theory, 58:6909
animal communication, purpose & function in relation to concepts of "normality," analogy to human communication in regard to health, 54:748
associative process variations vs selective attention, stimulus selection in animal conditioning & paired-associate learning, 53:731
atropine sulfate & development of hippocampal electrical activity, behavioral correlates, rats & guinea pigs & rabbits, 58:11265
behavioral diversity & adaptation in rodent copulatory behavior, 55:9068
behavioral similarities, obese humans & animals with ventromedial hypothalamic nuclei lesions, book, 53:9177
BEVRECS behavior recording system, categorization of human & subhuman behavior stream protocols using patas monkey & Alyawara tribe of Central Australia, 56:6987
biological bases of animal paternal response in species along phylogentic scale, cultural similarities & differences in human paternal behavior, 57:10144
boundaries between voiced & voiceless synthesized labial & velar stop consonants, speech discrimination in shock avoidance situation, monkeys, comparison with human speech perception, 56:3476
cannabis, hunger & thirst, humans vs animals, literature review, 55:11756
canon of C. L. Morgan, comparative psychology, 53:10653
central nervous system development indexes, discrimination learning differences, tree shrews & monkeys & college students, 53:4541
cerebral evolution & dissolution, vocal communication & behavioral similarities & differences, humans vs squirrel monkeys, 53:9280
chronic amphetamine & amphetamine metabolism differences, drug tolerance, rats vs guinea pigs, 57:7824
circle–ellipse discrimination, 19–51 yr olds vs monkeys, 54:242
comparative analysis, cleaning behavior, 12 species of Drosophila, 55:11593
comparative method, evolution of behavior, 58:6627
comparative method, physiological psychology, 53:10682
comparative neurology of temporal lobe with reference to speech, primates including man, 55:9129
comparative perspectives on animal-to-human behavior generalizations, 57:4617
comparative psychology & higher education, 56:2727
comparative psychology approach, grammar & meaning, primates, 53:11259
comparative research method, mating behavior, butterflies & moths, 53:11253
concordant preferences as precondition for affective but not symbolic communication, primates, implications for experimental anthropology, 54:1083
conditioned stimulus–unconditioned stimulus presentations & lever presence, autoshaping, college students, comparison with animal responding, 53:6639
contact & social interaction & activity levels & attraction to partner & group organization, male–female pairs of titi & squirrel monkeys, 54:746
contrast & spatial frequency, vision, cats & humans, 53:6982
critical analysis, role of physical dependence in animal models of human alcoholism, 58:5005
criticism of critical period hypothesis, 53:11380
cross-species comparison, human & nonhuman mammalian mating & sexual behavior, 57:12187
damaged depolarizing on/off cells, hyperpolarizing on/off responses, mudpuppy, implications for results reported in cats & rabbits, 58:6994
dark adaptation & relationship of pupil size to background luminance, visual sensitivity, seals, 57:2540
degree of stimulus similarity, transfer of relational responding on series of discrimination learning & transposition problems, monkeys vs 1st graders, 56:9175
discriminative stimuli & intersession stimuli & age, spontaneous recovery, 25 vs 50 vs 100 day old rats, comparison with 10 vs 14 vs 19 yr old humans in simple guessing task, 57:521
duration of social looking at cagemate, male-female pairs of pair-bonding vs nonpair-bonding species of monkeys, 57:543
early peer relations & friendship, humans & animals, book, 55:2209
environmental illumination & ontogenetic shift, spectral phototactic preferences, anuran tadpoles, 57:5027
epigenetic view, conceptual issues in study of animal behavior, book, 58:4858
ethological method & evolutionary theory, social behavior development, 53:7085
ethological model of imprinting in birds & similarity to tendencies in human state of hypnotic sleepwalking, 58:389
ethology & comparative psychology, review of recent developments, 56:9280
ethyl alcohol, cardiac function, 3 animal species & man, 54:7045
evolution of brain processes & behavior in vertebrates, book, 58:4526
evolutionary concepts, generalizing behavior changes, 53:10671
experimental procedures & therapeutic modes, induced depression, monkeys, review of recent studies, 53:6891
exploratory behavior, learning-set performance, cross species study of mammals, 56:9324
exploratory vs escape tendencies & species differences, aversive conditioning behavior, rats vs gerbils, 57:9606
extradimensional shift problem performance, evaluation of relationship between learning abilities & indices of cerebral development, kindergartners vs rats & vs monkeys, 57:7661
far-infrared vibrational frequencies of organic molecules giving rise to specific olfactory responses, common linear sequence in "peak number plot" in man & insects, implication for common sensory mechanism, 56:1903
feeding & agonistic behavior & territoriality & courtship & interspecies comparisons, Blennius rouxi, 58:6964
food preferences & sensitivity & mating & aggression & emotionality & learning & activity, strains of hybrid mice, implications for gerontological research, 57:473
functional image or representation of environment, man & apes, 56:187
functional relations between reinforcement & response strength, rats & monkeys & pigeons & humans, literature review, 58:426
genetically inherited behavior patterns in higher vertebrates & man, book, 53:8541
glancing & dominance, 4–5 yr olds, comparison with previous animal research, 58:1036
high contrast grating visual acuity, falcons vs humans, 56:183
history & definitions & principles, comparative psychology vs ethology, 53:10666
history of comparative psychology, 53:10652
hormonal stimulations during development, sexually dimorphic behavior, review of animal research, 56:9536
human patterns of separation-individuation & oeidpal conflict & relationship to animal detachment & dominance behaviors, incest taboo & family structure, 58:3208
hunting methods & cricket stinging behavior, closely related digger wasp species, 58:4907
increment-threshold functions, hooded rats vs golden-mantled ground squirrels vs western gray tree squirrels, 54:7170
infant vocal communications, normal vs mongoloid humans vs primates vs carnivores, 57:1451
inference problems, comparison of animal & human social organization, 56:6985
integration of ethological approaches, developmental psychology, 54:4963
language structures & use of names & syntactic creativity concept & language deficit explanations, language usage in humans vs chimpanzees, 58:11064
levo-delta-8- & levo-delta-9-trans-tetrahydrocannabinol, pharmacological potencies, rabbits & mice & rats vs humans, 53:609
levo-tryptophan dosages, sleep latency reduction, rats & human Ss with vs without mild insomnia, 58:11276
light-dark intensity ratio of synchronizing light-dark regime, activity pattern modulation, bat species, 58:2859
location & configuration & ganglion cell densities & receptor nuclei, structural & neuroanatomical aspects of foveas, comparative study of 9 avian species, 55:6358
memory load varied by target set size, response latency & RT, stumptail macaques, implications for similarity of memory scanning processes in humans & monkeys, 55:11552
methadone, morphological comparison of regional distribution in brain by immunofluorescence, narcotics addicts who died from methadone overdose vs rats, 58:3012
methodological approaches, task-specificity & species-specificity in study of language, 56:9624
methodological issues in study of evolution of nervous system & behavior, collection of papers, 58:4527
methodological problems, phylogenetic & ontogenetic & cross cultural & historical comparative research, overview & introduction to selected papers, 58:6628
methodology & motor & perceptual pattern considerations, comparative psychology, 53:11315
mirror training, self recognition in mirrored & photographic images, 19–28 yr old institutionalized profoundly retarded males, replication of study with chimpanzees by T. F. Pechacek et al, 58:5625
mnemonic field, locomotion learning, wild ducks vs rats, 57:2566
model biological systems & more or less intact behaving animals as research strategies, nature of engram as set of physical processes & changes in brain that forms basis of learning, review of literature, 57:553
models of animal memory & similarity to human memory models, support for fluctuation model with monkeys, 57:12156
monocular training on luminous flux discrimination, interocular transfer, female rabbits, comparison with data in other vertebrate species, 58:6929
morphine-induced rotation, species differences & persistence of withdrawal-induced rotation & naloxone antagonism, rats vs mice, 58:9148
naturalistic observation, role in comparative psychology, 58:8610
neocortical projection regions & measurements of brain subdivisions, capybaras vs guinea pigs, 58:2821
nervous system physiology of pain in animals & humans, 54:4661
neuroleptic drugs, animal-biochemical & human-clinical effects & antimanic actions, 57:12377
neurological maturity at time of original learning & age, long-term memory development using active escape & passive avoidance tasks, rats vs guinea pigs, 53:680
neurons & behavior, invertebrates, book, 56:7413
new terminology, comparative psychology, 53:10688
norepinephrine & dopamine concentrations in cerebral cortex, male humans & rats & cats & monkeys, 53:10991
occipital & temporal & parietal lesions, visual discrimination of patterns, Galago senegalensis, comparison to results with tree shrews & monkeys, 57:672
olfactory sensitivity, 20–26 yr old humans & male rats, support for conclusion of E. D. Adrian & D. G. Moulton et al, 56:3318
open field behavior, muroid rodent species & reciprocal crosses, 57:9585
organism-environment relationship & psychic- & schedule-dependence in human aggression, illustrations with animal study data & modification of human aggression, 57:12960
parental investment & mate desertion, criticism of R. L. Trivers's applications to social ethology, 57:5021
partial masking by diotic & dichotic noise, detection of diotic 500-Hz tones & absolute sensitivity & masking level differences, cats vs humans, 53:790
perinatal gonadal hormones, aggressive & maternal behavior & other nonsexual behavior patterns, critical assessment of mice & rat & hamster & human literature, 57:12416
pharmacological & biochemical & topographical studies in cerebral autostimulation, review of animal & human research, 56:9495
phencyclidine, species specificity of behavioral effects & comparison to effects of other psychoactive drugs & interactions with marihuana & CNS depressants & chlorpromazine, 58:2973
philosophical studies, continuity of behavior along phylogenetic dimensions, book, 57:4616
photopic & scotopic cone & rod sensitivity, monkeys vs humans, 58:2807
phylogenetic perspectives, interactions of infants & juveniles with peers & nonpeers & proposed view of peer groups as fabrications of industrialized societies, humans & other primates, literature review, 58:3069
phylogenetics & chemistry of competitive behavior & aggression, book, 58:536
picture discrimination, pigeons, support for partial isomorphy in inferred classes between pigeons, 56:9312
population density & housing & pharmacological treatments, rodents, implications for studies with humans, 55:13735
postural behavior & direction faced, motion sickness, adults & chickens, 56:1693
primate models of human neurogenic disorders, description of Russian research, book, 57:7646
principles & research, animal & human learning, book, 54:324
problem difficulty, problem solving, cebus vs rhesus monkeys, 56:5383
problems in uniformity of approach, comparative psychology, 53:10659
psychobiological & cultural determinants of food preferences, rats & humans, 58:568
rationales, methodological & theoretical problems in comparative psychology, 53:10706
reconstruction & transformation of disassembled figures of chimpanzee faces, chimpanzees & 5–7 yr olds, 54:2617
relationship between human & nonhuman activity, theoretical & philosophical discussion, 57:4626
role of comparative psychology in framework of behavioral sciences & higher education, 57:4332
SC 13504 vs diphenylhydantoin vs diazepam vs phenobarbital, effectiveness against electroshock & pentylenetetrazol seizures & electrically induced cortical & hippocampal afterdischarges, rats & cats & dogs, 58:607
sedative & antipsychotic effects of frequently used neuroleptics, assessment of usefulness of animal observations in predicting their clinical effects, 57:12403
self-regulatory functions for internal & external adaptation to environment, humans & rats, 53:6890
sex differences, dominance behavior, young children in day care centers, comparison with data on nonhuman primates, 55:6700
signaled vs unsignaled free-operant shuttle avoidance procedures, avoidance acquisition & asymptotic shock rates, gerbils vs rats, test of species-specific defense reactions, 58:464
simple motor behavior development & mother–infant interaction & foot-grasping, greater galago & slow loris infants, 53:4774
social behavior & pattern of parental care, Elasmucha grisea vs fieberi species, 57:9662
social factor dichotomies & theoretical causal factor relationships, organization of comparative psychology, 53:10691
social isolation rearing with vs without electrical brain stimulation, social behavior & stereotype levels & environmental exploration, pigtail monkeys, comparison with data for rhesus monkeys, 58:9065
spatial & temporal & learned vs innate features, visual pattern recognition, 53:214
spatially patterned vs nonpatterned visual stimuli, sensitivity of evoked responses, humans vs rhesus monkeys vs cats, 55:3950
species & hybrid differences, frequencies of play & agonistic actions, coyotes & wolves & dogs & their hybrids, 57:12199
species-specific exploratory tendencies, acquisition of passive avoidance, female rats & male gerbils, 54:686
species-specific song characteristics, song recognition & discrimination, goldcrest & firecrest sibling species, 58:4888
speech sound discrimination, monkeys vs humans, 57:2345
stereoscopic vision, normal domestic cats vs Siamese cats vs domestic cats raised with monocular occluders vs humans, 55:6059
subhuman primates & inherited attitudes & tendencies, evolution of human behavior, book, 53:2826
syndromes resulting from over-lax control, aberrant behavior patterns in animals & humans, psychiatric implications, 54:1249
systematic variation vs control by equation methodologies, comparative behavioral analysis of serial discrimination reversal, 56:1609
theory of evolution by natural selection, parental behavior in animals & humans, 56:5426
thrust of comparative psychology, 57:4637
tongue showing behavior, nursery school children & pool players & gorillas & orangutans, 55:9080
tongue-showing as display, nursery school children & young gorillas & humans of various ages, 55:9330
training & test stimulus parameters, stimulus generalization, humans & pigeons, 55:3868
types of behavior studies, comparative psychology, 53:10673
use of nonhuman primates as experimental models for study of human psychopathological disturbances, implications for child psychiatry & neurophysiology & pediatric neurology & early childhood development, 56:977
vertical sinusoidal gratings of variable contrast level & spatial frequency, contrast sensitivity, squirrel monkeys vs humans, 57:2541
visual acuity discrimination, fixation eye movements, monkeys vs humans, 55:3659
visual right–left confusions, humans & animals, 54:265

Compatibility (Interpersonal) [See Interpersonal Compatibility]

Compensation (Defense Mechanism)
empirical test of Jung's concept of compensation & dreams, relationship of personality dimensions measured by dream protocol ratings & EPPS & Adjective Check List, male college students, 58:1218
rationalization & projection & overcompensation, coping with guilt & mother-child relations, working mothers, 58:980
sensory monotony & social isolation & forced social interaction, recalled dreams, test of hypotheses based on Jung's compensation principle, 56:175

Compensatory Education
ability level & interpersonal need grouping patterns, mathematics achievement & perceptions of learning environment, 9th grade minority students in compensatory program, 56:1370
behavioral rehearsal of campus & classroom social skills, academic achievement, high risk college freshmen in summer remedial education program, 57:1940
causal predominance between self esteem & academic self concept & locus of control & scholastic achievement, preschool age children to

high school students, implications for compensatory education, 55:8289
college level compensatory program, aspiration & motivation & academic achievement, black disadvantaged college students, 55:5663
compensatory curriculum, academic achievement, high risk college students, 56:6817
compensatory education & deschooling & open & alternative schools, reforms in education, 54:12538
compensatory program, culturally deprived Korean children, 54:1932
compensatory services, intelligence test scores academic achievement & behavior, 9th grade urban underachievers, 55:3212
counseling & socioeconomic status, changes in self esteem & academic achievement, minority students in compensatory programs, 58:4411
development of sound slide show, motivation to persevere through remedial English courses, pretechnical students, 57:9054
early education curriculum models, observation of classroom experiences, 2nd graders, 55:13198
evaluation of compensatory preschool education programs, 54:10624
Follow Through program & race & sex, social competency, low socioeconomic 3rd graders, 55:13107
intervention program design, remediation of cognitive underachievement, poor in disadvantaged community, 55:13157
juvenile court compensatory program, attendance & academic achievement & school deportment, disadvantaged elementary school students, 58:10332
linguistic & cultural characteristics, failure of traditional compensatory education to help disadvantaged or black vs middle class or white children to improve standing on academic achievement & postschool success measures, 54:12527
mental health program midway between regular classroom & special education approaches, disadvantaged children, 56:2880
organizational structure, role in classroom-based early childhood intervention programs, 55:5645
qualitative data analysis, predictors of completion or noncompletion of compensatory education program, high school students, 58:10306
reading competence & learning needs & personality characteristics & GPA & textbook readability, college students using special vs nonspecial services, 58:6345
sex differences & day care & poverty & compensatory education & father's role & parental absence, child development, book, 53:4841
social class & language considerations, compensatory educational preschool programs, 55:13207
student &/vs teacher's expectations of achievement, reading achievement, 5–6 yr old blacks in inner city compensatory program & teachers, 54:10625
summer compensatory arithmetic education program, learning disabled 1st & 2nd & 3rd graders, 55:5654
summer compensatory education program, academic achievement & self concept, primary grade learning disabled children, 55:13488

Competition

accentuation of evaluative statements about own vs other clubs, team players from competing football clubs, 57:5837
achievement motivation & fear of success & sex role orientation, success expectancy & causal attributions for performance outcome under cooperative vs competitive conditions with male vs female partner, female college students, 58:11637
achievement motivation & future time perspective, performance in competitive situations, high school sophomores, 58:3326
achievement situations, development of motivations to socially compare, male vs female kindergartners & 1st & 2nd graders, 56:7720
acute crowding & seating position & sex of group, social behavior & physiological arousal, males vs females, 56:7905
administration of footshock at different ages, runway competitive behavior, genetically selected winner vs loser rats, 54:7120
age & motivational orientations, acquisition of information about partners in bargaining game, 6th vs 8th graders, 57:12770
age & sex & outcomes afforded self & others, individualistic & cooperative & competitive behavior in 2-choice decomposed game, 5–8.5 yr olds, 58:1059
age & sex & socioeconomic status & community & region, play development & competitive behavior & toy preferences, Filipino 2–6 yr olds, 55:2214
age & sex, cooperation & competition, 8 vs 11 yr old males & females, 55:6854
age, attitudes toward competition & cooperation & various aspects of schooling, 2nd–12th graders, 55:8230
age, cooperative & competitive behavior measured by Maximizing Difference Game, male vs female children in varying castes, India, 58:881
age, development of trust & trustworthiness & repentance & retaliation & forgiveness & exploitation in cooperative & competitive game behavior, students from differing subcultures, India, 56:7718
aggressive behavior & dominance, large crabs in small shells vs small crabs in large shells, 56:5444
alone-incentive vs dyad competition groups, social facilitation, comparison of B. B. Zajonc's & N. B. Cottrell's theories, 56:4082
anticipation of cooperative vs competitive interaction, desire to see other & be seen by other, male college students, 53:3026
apomorphine & dopa & haloperidol, competitive behavior, genetically selected winner & loser rats, 54:2556
aspects of altruistic behavior & contention, 55:4501
attitudes & competitiveness levels & pay-off conditions, competitive behavior, triads, 56:6001
authoritarianism & competition & reward & punishment, school climate & student alienation, faculty & students, 58:12687
azaperone, dominant-subordinate behavior in food competition situation, rats, 54:4792
bargaining game, verbal interaction in marital therapy, dominant-submissive vs cooperative vs competitive couples, 55:7570
bargaining styles & age & sex, cultural differences in competitive resource distribution task, children & adolescents, India vs Argentina vs US, 57:5654
causal attribution & role of situational cues of situation competitiveness & social content, development of evaluative judgments, 5–14 yr olds, 55:9376
class of experimental game, expectations of choice behavior held by cooperators & competitors & individualists, college students, 56:5997
communication variations & confederate strategies, cooperative & competitive & escaping decisional behavior in Prisoner's Dilemma type 2-person non-zero-sum simulation game, schizophrenics vs nonschizophrenic psychiatric vs nonclinical Ss, 57:10434
competition & outcome feedback, altruism, 2nd & 5th grade males, 53:4965
competition & reward cooperation as function of boredom in Prisoner's Dilemma game, male college students in Swedish colleges, 54:5214
competition & reward levels, aggressiveness within dyad during game playing, kindergarten & 1st grade males, 56:7924
competition & verbal communication & isolation, frequency perception of individual & group successes, Belgian soldiers, 57:12777
competition, actual & perceived expectancies & minimal goal levels, male vs female college students, 53:3025
competition as motivational incentive for promoting competent performance, occupational therapy clients, 54:8186
competition for monetary reward & knowledge of results & goal setting, repetitive assembly task performance, male college students, implications for motivational & management consideration, 57:7036
competition, generosity toward 2 recipients, male 4th & 5th graders, 58:9505
competition, heart rate & task performance in mirror tracing task, female college students, 54:5258
competition trait anxiety & success-failure, perception of threat to self & self protective behavior in competitive situation, 10–12 yr old males, 58:7469
competition vs cooperation & amount of monetary rewards & degree of instrumentality & Machiavellianism, use of physical instrumental aggression, male high school students, 55:9796
competition-facilitating vs competition-inhibiting environmental forces & cooperative vs competitive game strategy, causal attributions for others' behavior, female college students, 53:9507
competitive & cooperative groups, memorized story recall, introverted & extraverted high school students, 53:2998
competitive & cooperative intergroup orientation, within- & between-group behavior, 53:2985
competitive & cooperative learning environment, comprehension of cognitive task, college students, 54:4150
competitive & noncompetitive rearing, shock-elicited aggression, rats, 55:6321
competitive behavior assessment using runway method & aggressiveness, rats, 54:2640
competitive drinking procedures vs food-getting vs shock avoidance measures, dominance, male monkeys, 56:1886
competitive fighting patterns, rats, 53:9213
competitive fragmented orientation vs cohesive cooperative group formation, sex-specific group responses to crowding, 18–55 yr old male & female evening college students, 54:5193
competitive gymnastic performance, gymnastic ability & anxiety & arousal correlates, female college students on varsity gymnastic team, 58:4696
competitive handball contests, goal-setting behavior & need achievement, male college students, 58:5430
competitive motivation vs individual outcome maximization, competitive behavior in Prisoner's Dilemma game, 56:9856
competitive trait anxiety & success/failure & sex, motor performance, 5th & 6th graders, 58:2600
competitive trait anxiety level, state anxiety & relation to success/failure, 5th & 6th graders, analysis of construct validity of Sport Competition Anxiety Test, 58:4632
competitive vs cooperative problem solving situation conjunctive & disjunctive attributional patterns, cross race dyads of Black & White male 5th–6th graders, 57:8230
competitive vs cooperative vs individualistic reinforcement contingencies, level of arousal & interpersonal attraction & task attractiveness, college students, 53:9490
competitive vs cooperative work conditions & age & sex, development of social behaviors, kindergartners to 5th graders, 57:12565
competitiveness & orientation to power in coalition-formation game, males vs females, 56:9857
compliant vs defiant target replies to threatener & reply credibility, cooperative & competitive reactions of high vs low trust threateners in Prisoner's Dilemma game, 58:5340
conflicts of interest vs misuse of language as explanations of irrational & unproductive behavior & role of competitive economic system, 58:7327
congruent vs contradictory verbal & nonverbal communications indicating cooperativeness or competitiveness, negotiation outcomes, junior high school students, 57:5819
consistency & distinctiveness & outcome, causal attributions for winning & losing horse race performance, college students, 55:4560
constituent trust & representative bargaining orientation, intergroup bargaining, male college students, 54:9582
construction & test of index of competitiveness vs cooperation, uniform N-person Prisoner's Dilemma game, adults, 57:98
contest vs noncontest orientation, self esteem & achievement motivation & physical coordination, school age girls, 55:4630
contingent vs noncontingent shock intensity, competition with opponent in reaction-time task to avoid receiving shock, attack instigated aggression, male college students, 53:7310
cooperation & assertiveness, semantic differential ratings of conflict handling models, college students, 56:7925
cooperation & competition, "primus inter pares" effect in competitive game situation, male 17 & 18 yr olds, 54:7452
cooperation & competition using Madsen Cooperation boards, Anglo- & Cuban-American 10 & 13 & 17 yr olds, 54:2817
cooperation & competitive proneness, preadolescents, India, 53:4988
cooperation vs competition & opportunity for discussion, group solving of concept problems, 58:1119
cooperative & competitive behavior, urban vs rural 8–9 yr olds, Korea, 58:7454
cooperative motivation in Prisoner's Dilemma game & normative vs attitudinal communication advocating competition, behavioral effects & application of Ajzen & Fishbein's linearity index, 57:10302
cooperative vs competitive attribute statements influencing self perception, cooperativeness & competitiveness on tower building task, 7–12 yr old boys, 58:7448
cooperative vs competitive context of harm producing action & magnitude of harm, perceptions & evaluations of harm-doer & victim, female college students, 58:5348
cooperative vs competitive game board playing behavior, 5–10 yr olds from peri-urban semitraditional community in Kenya vs suburban US, replication of S. Kagan & M. C. Madsen's study, 58:9372
cooperative vs competitive group interaction followed by cooperative task effort resulting in success vs failure feedback, intergroup attraction, college students, 58:9501
cooperative vs competitive intergroup situations, evaluation of accent convergence vs divergence, 15–16 yr olds from Swiss regional ethnolinguistic group, 57:8229
cooperative vs competitive problem solving condition, evaluation of seeking vs volunteering information, high school & college students, 57:1206
cooperative vs competitive reward structures, performance motivation in school task, high vs low achieving 6th graders, 58:10405
cooperative vs competitive social orientation & restricted vs moderate vs unrestricted communication opportunity, imaginary-reward bargaining, college students, 53:5166
cooperative vs competitive strategic context & presence, 58:7518
crowd size & competition, aggression during ice hockey game, 57:3211
crowding & competitive interaction, anxiety & depression & hostility, college students, 55:9753
definition of social motives & relationship to preferences & decision making, 56:3979
delta-9-tetrahydrocannabinol, incentive competition behavior, monkeys, 58:11293
description of behavior in tube or runway test of competition, rats, discussion of J. Masur's article, 54:2641
development of competitive behaviors & underlying motivations, 5–6 vs 7–9 yr old Anglo vs Mexican Americans, 57:2980
developmental differences, cooperative & competitive behavior during game playing in dyads, 4–11 yr old kibbutz vs urban Israelis, 56:2171
Dictionary Game played under 1-to-1 vs 1-to-2 interpersonal vs 1-to-1 intergroup competition conditions, cognitive learning outcome, college students, 57:13717
disjunctive RT competitive task with male vs female competitor, test of M. S. Horner's "women's will to fail" hypothesis, female college students, 57:12762
effective shrinkage of earth & wane of competition, 54:874
ego identity status, locus of control & fear of success & performance in competition with males & ability vs luck attributions, female college students, 58:7576
egotism, attributions to competitive outcomes, male college students, 56:7976
emotional tension, efficiency of volitional efforts, sportsmen, 55:3806
EPPS needs profile, female athletic competitors in 1972 Olympics, 56:7996
equal vs unequal aged partners, helping vs hindering responses in game situation, 6 vs 9 vs 11 yr olds, 58:7295
evaluative vs private audience & issue type & initial position, willingness to defend counterattitudinal position in debate, college students, 56:5966
evaluator's need achievement level & knowledge of team's performance outcomes & ability & effort in high vs low competition condition, evaluator judgments of group achievement, college students, 58:3324
expectations of group longevity & competition outcome & publicity of evaluations, evaluations of group products, college students, 54:9583
experimental simulation-game, measurement & training of group decision-making under complex conditions & intergroup competition, 53:7292
extent & structure & consequences of competition, bio-medical scientists in research institutions, 54:7729
external & internal competition, interaction process behaviors in problem solving groups, males & females, 55:9740
failure in interpersonal competition & discrimination from members of same vs opposite sex, self evaluation, female college students, 55:12207
fear of success & fear of failure & competition against male vs female vs no opponent & success vs failure feedback, alpha-numeric substitution task performance, female college students, 58:378
fear of success level & success feedback, responsibility denial & memory performance & anxiety in same- vs opposite-sex competition, male vs female high school students, 58:7486
fear of success vs nonfear of success in females & male vs female competitive opponent & success vs failure on word anagram task, estimates of partners' desire to be with them socially & partners' rating of their femininity, male & female college students, 54:5254
food competition in operant conditioning setting, behavioral differentiation, rats, 57:12223
food-hole competition vs labor-division situation, genetically selected winner runway vs loser runway rats, 55:11587
framework for analysis of social & psychological approaches to interorganizational relationships of cooperation & competition & conflict & merger, 57:14107
friendship, interpersonal feelings & distance in cooperative & competitive interactions in success & failure conditions, male college students, 57:10311
game location & importance, aggressive acts in team sports, soccer players, 54:7467
game structure & S's behavior, attitudes toward cooperative opponents, college students, 53:9548
grade level & practice effects & coaction, time & errors on etch-a-sketch cooperative learning task, 4th vs 5th vs 6th graders, 56:2305
group homogeneity & cooperation & competition & length of group association, positiveness of in- vs out-group judgments & like/dislike for group & cohesion, college students, 58:7463
group homogeneity vs heterogeneity & cooperative vs competitive group attitudes, allocation of duties to 4-member group representative, males, 58:7464
group outcome & individual inputs & reward expectation, intra- & intergroup reward allocations, 57:3212
group size & proximity under cooperative & competitive condition, group performance, college students, 56:6011
group size & task competitiveness, cooperation, males, 55:9727
individual differences, game motives of own & relative & joint game, college students, 55:2395
individual differences in game motivation, preprogramed strategy effects in Prisoners Dilemma game, college students, 55:4565
individualistic & competitive & cooperative motives in non-zero-sum games, identification of motivational goals through payoff consideration & choice behavior factor, 57:2487
information about partner's goal orientation, cooperative behavior on Prisoner's Dilemma game, cooperative vs competitive male college student dyads, 53:9474
information feedback penalty & magnitude of penalty, right & wrong responses requiring competition for points toward course grades, female psychology students, 56:5972
instructions to compete with oneself vs others, quantity & quality & anxiety in coding or arithmetic task in classroom, college students, 54:3044
inter- vs intragroup competition vs cooperation & task means-interdependence, team performance & analysis of motives produced by group's reward structure, male college students, 58:3293
intergroup competition, evaluative bias in ratings of own & other group's product, female college students, 56:2337
interpersonal aggression & competition outcome, developmental differences in sharing behavior, male kindergartners & 1st–4th graders, 58:915
introduction of skill related factors of competition & choice & stimulus & response & familiarity involvement into chance situations, illusion of control or inappropriate success expectations, adults, implications for risk taking, 57:2492
joint vs asymmetric dependency, frequency of exchange, dyads, 55:4513
judgments between group goal & their outputs, cooperative & competitive behaviors of group members, male college students, 54:5215
knowledge of player's shock settings & settings above or below those of other player's, naive O ratings of player aggression & offensiveness & positivity in competitive RT game, college students, 58:5312
lapsed saint vs reformed sinner feedback conditions & sex, cooperation & competition on Prisoner's Dilemma game, hospitalized acting out vs normal 15–18 yr olds, 55:12459
large & adjusting response requirements, production of change from competition to sharing, high school students, 58:1110
large FR vs adjusting-ratio schedules, competitive responding vs sharing, 16–19 yr olds, 58:2727
locus of control & perceived ability level, selection of partners & opponents for cooperative vs competitive tasks, females, 53:5226
Machiavellianism & impulsivity & field dependence-independence, performance on Prisoner's Dilemma game, male college students, 56:752
macrolevel structural & microlevel behavioral social psychology, analysis of colleague relations among real estate agents, 55:589
magnitude & direction of differential outcome discrepancies & peer norms, altruism, 9–11 yr old males, 56:7965
magnitude of reward & level of competition & disposition to aggression, face-to-face aggression, kindergartners vs 1st graders, 57:12568
male threat from female competence, performance on verbal facility task cooperatively vs competitively with female dating partners, male college students, 56:7918
male vs female & cooperative vs competitive pairmate, stereotypes & expectations & cooperative & competitive return behavior, male vs female high school students, 55:733
manipulation of dominance-subordinance relationships by stimulus control, food competition & aggression, rats, 56:235

matrix games & internal vs external locus of control & self esteem & authoritarianism, interethnic competition, male 6th graders in segregated schools, 55:5630
motivational orientation & reciprocal vs cooperative vs noncooperative strategy of other, behavior in social interdependence situation, 58:9485
motivational orientation of players & predictions about motives & behavior of opponent, cooperation & competition in Prisoner's Dilemma game, college students, 56:7890
motive to avoid success, performance in competitive & noncompetitive conditions, male vs female 5th–11th graders, developmental replication of M. S. Horner's study, 55:6846
needs for achievement & affiliation & power, cooperative/competitive behavior, senior high school students, 58:1130
nonpunitive vs deterrent strategies with vs without increasing vs decreasing trust, competition in allocation game, college students, Belgium, cross cultural implications, 54:9568
observing mutually cooperative vs competitive modeled game, cooperation in Prisoner's Dilemma game, male college students, 56:661
occupational income, minority competition vs segregation, White females & Black males, 57:1070
optimal strategy at decision points in singles squash, 58:8775
overcrowded vs uncrowded rooms, performance on competitional vs noncompetitional paired associate list, 57:10301
palmar sweat, swim meet performance, intercollegiate swimmers, 56:304
past group participation rate, triadic problem solving performance under cooperative & competitive conditions, males, 57:12740
peck order, behavior in food competition situations, pullets, 53:11353
peer competition & schedules of money reinforcement, incentive maintenance in cottage self help skills training sessions, attendants working with profoundly & severely retarded persons, 57:8754
perceptions of & preferences for cooperative & competitive school environment, 6th graders in traditional school vs open school vs high school students in traditional school, 56:10709
personal preferences for conflict management, decision quality under cooperative vs competitive conditions, male dyads, 58:7446
personality & situational variables, autonomous vs social comparison vs external achievement orientations, college students, 55:2389
personality, achievement, 8–12 vs 13–17 yr old competitive swimmers, 57:13565
physical contact, dominance competition, socialized rhesus monkeys, 53:9209
pictorially represented occupational role models, achievement behavior & fear of success & sex role attitudes & anxiety, college females, 57:10177
"play & win" vs "resolution of problem" situations, Prisoner's Dilemma game behavior & methodology for study of social perceptions, college students, 57:10217
playing with higher vs equal vs lower status other, competitive behavior in Prisoner's Dilemma game, college students, 58:1167
power of cooperative vs competitive players, group decision about Prisoner's Dilemma game strategy, college students, 58:7460
praise vs group competition as motivating incentives, persistence in boring vs ego-involving tasks, male vs female 2nd graders vs kindergartners, 56:477
presence vs absence of temporal urgency & judgmental standard & correspondence vs noncorrespondence of outcomes among disputants, preferences for modes of conflict resolution, college & law students, 56:7868
pressure to reduce disparity, competitive vs cooperative strategies, 8th–10th graders, 57:12756
previous games won in series, competitive performance, team & individual competitors, generalizations of back-to-the-wall effect, 58:5320
previous performance & goals & competitor's performance, aspiration levels in simulated firm environment, graduate business students, 53:2034
Prisoner's Dilemma game, moral reasoning & cooperative or competitive contract keeping or breaking behavior, females, 57:5793
private competitive market & simple majority rule, decision rules in social choice space, 55:12048
public music competition performances, pulse rate & muscle tremor & temperature & galvanic skin response, musicians, 54:11050
race, fear of academic success & academic performance in competitive vs non-competitive situations, Black vs White males, 58:6281
racial prejudice & belief similarity, aggression in competition, black-white dyads, 55:6914
rearing in commune vs nuclear family, cooperation & competition & self reliance over 1 yr, preschool age children, 57:10037
receipt of intergroup evaluative feedback in competitive context & teammate's dishonesty, affective & evaluative reactions & interpersonal attraction, high vs low self esteem Ss, 58:11642
recent life changes, performance under prolonged competitive stress, long distance sled racers, 57:9763
reference group-induced noncompetitive vs competitive motives in coalition games, predictive accuracy of 4 theories of coalition behavior, male college students, 58:9455
representational role obligations, bargaining behavior on competitive reward-allocation task, female college students, 53:2980
response contingent payoffs, cooperative behavior in Prisoner's Dilemma game, male college student dyads, 57:12755
reversal of dominance in interspecies competition, Drosophila nasuta & Drosophila neonasuta, 54:7156
reward structures & dependency relationships between cogroups, competition & cooperation, college students, 54:11680
sales force feedback to management concerning new competitor products, sales personnel, 53:4235
self concept & race & sex, cooperative-competitive behavior & relationship to realistic & impulsive & inhibitive behaviors, Black vs White 8–12 yr olds, 57:8046
self concept congruence, cross-racial conflict management style, Black & White males, 58:7450
self esteem & sex & race, cooperative & competitive behavior, 8–12 yr olds, 55:576
sequential & distributional structures, cooperative & competitive group discussions, examination of D. S. Gouran & J. E. Baird's study, 54:2961
sex & age & social models, development of cooperative & competitive behavior, 5–8 yr olds, 55:4310
sex & communication, cooperation & competition in 3-person mixed-motive game, 58:9487
sex & competence & competition, sharing behavior, 4th & 5th graders, 54:11710
sex & cooperative vs competitive conditions, reward allocation to hypothetical opponent vs self, 5th & 6th graders, 58:5345
sex & social setting, help-seeking behavior in problem-solving situation & academic competitiveness, college students, 55:9739
sex & trait need for achievement, state need for achievement measured under conditions of social ability & success-failure & conventional arousal & extrinsic competition, college students, 55:12323
sex, development of motive to avoid success & sex role identity & competitive vs noncompetitive performance, 5th vs 7th vs 8th vs 9th vs 11th graders, 58:11514
sex differences & sex role identity & achievement-related motives, performance in competitive & noncompetitive conditions, white middle class 5th vs 7th vs 8th vs 9th vs 11th graders, 57:870
sex of competitor & sex role stereotyping of task, manual task performance, male vs female 5th vs 12th graders, 58:9422
sex of E, competition in Prisoner's Dilemma game, college students, 53:9545
sex of S & competitive vs cooperative vs observed interaction & sex & competency of others, discrimination against competent women, male vs female college students, 57:1162
sex of S & confederate & S's dominance, cooperation & competition in Prisoner's Dilemma game, graduate students, 56:9843
sex of S & partner & competition, achievement task performance & relationship between fear of success & test anxiety measures, male vs female college students, 58:3427
sex role attitudes & fear of success, female verbal preformance in mixed-sex individual vs team competition & academic achievement & career aspirations, college age dating couples, 58:1066
sex role, competition in maximizing difference game, same- & mixed-sex dyads of college students, replication of S. P. McNeel's et al study, 53:7286
sex role identification, motive to avoid success & competitive performance, college male vs female psychology students, 55:4603
sex role norms & motive to avoid success & need for affiliation, achievement & competition performance on perceptual motor task, single man & woman, 57:3231
sex role orientation of task & expectancy of success, achievement behavior in competitive mixed-sex situation, male vs female college students, 57:10299
sex-gender identification & role & achievement motivation, competitive achievement behavior, female vs male college students, 53:3136
simulated competitive-cooperative game, interpersonal attitudes, college students, 55:12261
simulated race situation, RT & heart rate between "get set" and "go" directions, 56:3617
situational & relational aspects, interpersonal communication, female adults, 56:2322
situational factors & sex of bystander & wrongdoer & authority figure, bystander intervention in response to culprit's dishonesty in competitive vs cooperative task, college students, 56:7938
situational restrictiveness, self fulfilling prophecy effect in Prisoner's Dilemma & Extended Prisoner's Dilemma game situation, female college students, extension of H. H. Kelley & A. J. Stahelski's perceptual triangle hypothesis, 54:11678
situational variables, weighting of predictor components in Fishbein regression model, pairs of college students, 56:7882
skill level of simulated opponent & success or failure feedback, competitive & cooperative behaviors during Prisoner's Dilemma games & self esteem, female athletes vs nonathletes, 57:5825
social class, cooperation & competition, 11–12 yr old males, 56:4881
social comparison & social identity, intergroup behavior, 56:6014
social position, competition, male rats, 53:9207
social psychology of small groups, interaction in cooperative & mixed-motive & competitive relationships, literature review, 57:1152
species abundance, diffuse competition, lepidopterans, 54:2634
spectator encouraging vs discouraging reaction & presence vs absence during training, performance in competitive game, teams, 58:5300
spectators, & Ss' locus of control & dependency status of opponents, sportsmanship, athletes & nonparticipants in competitive game, 55:4512
sports competition, state & trait anxiety & defense mechanisms & personality traits, archers & marathoners & tennis players, 58:5423
successful vs unsuccessful competition with vs without previous anger arousal, aggression toward peer, 3rd –5th grade boys, 56:4063
task choice contingencies & magnitude of reinforcers, choice of individual activity vs composition vs cooperation, male & female college students in pairs & triads, 56:4071
task interruption & cooperative vs competitive vs individualistic relationship of S to task executor & resumption of task & ego-involving instructions, promotive tension using recall of uncompleted items, test of socially mediated Zeigarnik effects, 57:8206
task involving collective vs cooperative & individualistic vs competitive behavior self presentation in social comparison processes, 55:4544
task success vs failure under competitive vs noncompetitive reward structure, self & other attributions & affective responses, male 5th graders, 58:3310
task-oriented competitive vs non-competitive summer camp, self esteem & anxiety & use of health services, children in summer camps, 58:9459
team vs individual competition & practice modes, relationship between academic performance & sociometric status, 7th graders, 54:1883
team vs individual competition & practice sessions in Team-Games-Tournament instructional technique, academic achievement & attitudes toward game success, 7th graders, 56:4766
Teams-Games-Tournament, language arts skills, 3rd graders, 54:1859
test anxiety, bargaining behavior & agreements reached on competitive allocation problem, preadolescent males, 55:712
theoretical framework, processes of social differentiation & originality, 54:2954
theory of n-person conflicts, prediction of coalition formation & payoffs, 56:9823
threat availability & bargaining, coordination vs competition in no vs full communication conditions, female college students & students' wives, 54:7535
threatened leadership, intergroup competition preference, 58:7462
time pressure, cooperation & competition in bargaining, Canadian vs Indian vs college student dyads, 53:5153
token reinforcement vs dyad competition, time on task in remedial reading class, elementary school students, 58:2199
token-praise-feedback procedure, development of cooperative & competitive social play, educable mentally retarded 8–10 yr olds, 55:10357
traditional vs liberated attitudes toward women's roles, performance & attributions of performance & personal reactions to opponents after winning or losing in competitive achievement situation, male vs female college students, 58:9539
trivial competition vs trust game, prediction of behavior in mixed-motive game of "Chicken," college students, 53:9520
type of communication & possibility of money loss, defecting vs cooperating responses in 8-person commons dilemmas game & expectations about others' decisions, 58:5298
unavoidable aversive stimulation experience, behavior generalization to avoidance response & competitive social interaction tasks & mood correlates, college students, implications for clinical treatment, 57:4998
uncertainty of outcome & indivisibility of payoff, minimum resource theory & ameliorative strategy in minimal information political convention game, college students, 57:5803
urbanization & cross cultural differences, cooperation & competition, Maori children from urban vs rural New Zealand vs Polynesian vs European areas, 57:8089
validity & reliability of Likert-type attitude scale, measurement of competitive-cooperative attitudes, college students, 57:2234
video-mediated visual contact vs visual isolation from confederate & feedback indicating confederate's cooperative vs competitive game behavior, attributions of causality, female college students, 58:1142
viewing aggressive film model & situation vs interpersonal pre-experience, imitative behavior, middle & working class 1st grade males, 55:7077
win & lose interview outcome, stability & change in strategies during quasi-therapeutic interviews, psychiatric inpatients, implications for therapeutic approaches, 54:1526
winning vs losing competition, aggressive response on Rosenzweig Picture-Frustration Study, college basketball players vs wrestlers, 58:6324
witnessing adequate vs inadequate aggressor vs nonaggressor on competitive task, subsequent aggression, male college students, 58:3319

Complex (Oedipal) [See Oedipal Complex]

Complexity (Cognitive) [See Cognitive Complexity]

Complexity (Stimulus) [See Stimulus Complexity]

Complexity (Task) [See Task Complexity]

Compliance
accent & dependency of other & S's ethnicity, altruism & aggressiveness, Anglo- vs Spanish-surnamed Ss, 56:2348
adult presence & competing reinforcement contingencies, compliance with instructions, 2nd & 3rd graders, 56:7272
age & sex, conformity vs compliance in yielding behavior, male vs female 1st–8th graders, 56:538
apparent preference for grandiose psychosis vs dysphoric affects of depression & anxiety, drug-refuser vs drug-complier chronic schizophrenics, 57:13344
appearance of purpose of prohibition & forcefulness of sign communicating restriction & model behavior & campus vs suburban location, conformity to prohibition against pedestrian traffic, male vs female pedestrians, 57:8260
attitudes toward diagnosis & hospitalization, compliance with postdischarge recommendations, parents of retarded children, 53:3906
attribution theory analysis, attitude change in forced compliance paradigm, 55:9754
attribution theory explanation, foot-in-the-door effects, housewives, 56:4019
autonomy & compliant personal interaction styles & adjustment, 58:1291
bargaining game, verbal interaction in marital therapy, dominant-submissive vs cooperative vs competitive couples, 55:7570
black vs white help-seekers displaying socially valued characteristics & assertiveness level, helping behavior, white adult males, 55:7140
charity request technique implying acceptability but less desirability of small donations, compliance patterns among contributors, adult suburban residents, 58:1135
cognitive dissonance & behavioral freedom in forced compliance paradigm, college students, 55:3694
cognitive dissonance vs impression management theories, prediction of attitude change resulting from forced compliance paradigm, college students, 56:4035
cognitive structure as informational content of warnings against playing with favorite toy & reprimand timing, response inhibition & affective behaviors & immediate & delayed reprimand effects, children, 58:5085
college female's type of attire, helpfulness in responding to requests for assistance, librarians, 58:5305
communication strategies & relationships & relational changes, 58:11680
communicator-communicatee similarity in political affiliation, petition signing compliance, college students, 54:3008
compliance & use of threats & promises after power reversal, male & female college students, 54:11702
compliance structures & organizational change within mental health services, 55:5199
compliance to requests for favors, companionless female passersby, Scotland, replication of US experiment, 53:9516
compliant vs defiant target replies to threatener & reply credibility, cooperative & competitive reactions of high vs low trust threateners in Prisoner's Dilemma game, 58:5340
concession procedure, inducement of verbal & behavioral & further compliance with request to donate blood, college students, 56:668
conditions demanding self immolation, obedience, 13–14 yr old males, comparison with F. H. Allport's J-curve of institutional conformity, 58:3330
confederate's verbal & behavioral compliance vs disagreement with shock intensity setting & opponent provocation, level of shock suggested by S, female college students, 54:9562
context prior to reminder & timing of reminder of initial attitudes, attitude change in forced compliance paradigm, college students, 57:10334
contingent application of negative attention vs repeated commands, noncompliant behavior of children, 4–6 yr olds & their mothers, 56:529
cooperative vs competitive strategic context & presence, 58:7518
correspondent vs noncorrespondent rulemaker–individual interaction & rule enforcement procedures, adherence to rules, college students, 53:9494
counseling of citizens & feedback to city administration & compliance review by federal officials, compliance behavior in response to federal law following negotiation of conciliation agreement, US cities, 57:12586
counselor accepting vs neutral verbal feedback for self disclosure & interpersonal distance from client, behavioral compliance to dieting recommendations, female clients, 57:13173
counter- & proattitudinal advocacy, attitude change in forced compliance paradigm, college students, test of self perception theory, 56:2278
decision theory, extension to analysis of social power in interpersonal influence studies, 55:9705
delivery of reward vs punishment at specified magnitude, consistency of subsequent free choice of reward vs punishment magnitude, college students, test of consistency vs guilt formulation of transgression-compliance effect, 57:10310
didactic vs self control home blood pressure vs traditional clinic care & psychosocial & demographic & illness characteristics, compliance behavior, hypertensive patients, 58:9819
differential reinforcement & task difficulty, compliance with task instructions, preschool children, 58:11027
differential reinforcement of other behavior & noncontingent reinforcement as control procedures, modification of compliance in preschool, 3 yr old female, 54:4083
disparagement of competence by subordinate, supervisory evaluations of ingratiating & compliant workers, male college students, 53:6362
dissonance vs self perception analyses, forced compliance, 55:9697
doctor-patient communication process, patient satisfaction & compliance with medical advice & instructions, 58:9998
E pleasantness & cost, compliance to requests for help, female college students, 54:7461
embarrassment, compliance behavior & motivation to help others, male college students, 54:5226
E's definition of S's behavior, self perception, interactional approach to forced compliance experiment, 55:9689
E-S interaction in forced compliance cognitive dissonance experiment, changes in cognitive & conative & affective attitude measures & dissonance effect, college students, 55:9698
escalation vs deescalation of influence strategy, compliance in 2-person mixed-motive game, 55:4497
escalatory & deescalatory influence strategies, target compliance during 2-person mixed motive conflict simulation, college students, 54:992
evaluative vs private audience & issue type & initial position, willingness to defend counterattitudinal position in debate, college students, 56:5966

expert vs referent influence communication content in letter, initial & continued compliance with voter registration request, college students, implications for psychotherapeutic processes, 55:12225
field independence & physical proximity & evaluative feedback, affective reactions & compliance in dyadic interaction, 55:7135
focus of attention on actor vs actor's situation, attributions of attitude to actor in simulation of forced compliance cognitive dissonance experiment, college students, 58:5368
foot-in-door effect, personal vs impersonal appeals involving controversial vs noncontroversial issues to sign petition, college students, 55:4523
"foot-in-door" vs "door-in-face" vs offering money as compliance techniques, questionnaire response rates, alcoholics, 57:3551
forced compliance, attitude & behavior change, female college students, implications for dissonance theory, 58:7488
free-choice & forced compliance & no choice as levels of freedom & behavioral direction, attribution of attitude, college students, 53:3053
group conflict situations, conformity behavior & dependence & compliance, affective vs nonaffective 9 & 10 yr olds, 54:5516
group consensus & size, compliance in group discussion-decision, college students, implications for social engineering, 57:1145
group members' status, compliance with verbal diagnostic interpretations of Rorschach protocols, clinical psychology graduate students, 57:8927
group perception of S's decision freedom & group consensus, attitude change & responsibility avoidance as modes of dilemma resolution in forced compliance situations, college students, 58:5337
group sessions of assertive training & role playing training in difficult situations, compliance content & latency of response & disruptive pause time, severely disturbed adult outpatients, 55:5095
health beliefs & knowledge of chronic obstructive lung disease, prediction of compliance with prescribed medical regimen, male patients, 56:2547
home observational study, parental antecedents of compliance, 2.5 yr old male twins & singletons, 55:6839
honest vs deceitful & compliant vs defiant intentions of target, influence in Prisoner's Dilemma game, male college students, 53:9486
hypothesis & evaluation cues, subject awareness & compliance in classical conditioning of attitudes task, 57:3166
importance & aversiveness of consequences, attitude change in forced compliance situation, college students, 58:11689
impressions of compliance vs resistance to conformity pressures of stimulus persons, subsequent attributions, male college students, 54:11712
individual differences & field independence, attitude change following counterattitudinal behavior, college students, 54:11707
induced self disclosure & positive interviewer feedback, compliance & liking, college students, 55:4514
influence message from coworker containing threat vs promise & choice/no choice compliance mode option assigned by coworker vs random event, compliance, female high school students, 57:12775
information & expertise of source & incentives & attire, compliance with school psychologist's recommendation, middle class mother-child pairs, 58:2278
information expectations & unexpected information concerning occurrence of unwanted consequences, timing of self justificatory attitude change following forced compliance, college students, 57:3239
initial request size & timing of 2nd request, compliance, adults, consideration of self perception & bargaining explanations, 55:7116
instigative influence, gaining clients' compliance, social work practitioner, 56:2676
instructions on handbills, paper-disposal behaviors, shoppers in grocery store, 57:7085
interaction between locus of evaluation & tolerance of ambiguity, distress, 56:4131
internal vs external moral orientation & external E pressure for compliance, violation of internalized norms in role playing variant of Milgram's paradigm, 57:1157
issue similarity & persuasion, compliance in the foot-in-the-door technique, 58:7530
judgment discrepancy between S & other group members & locus of control, public compliance vs private acceptance, 58:7453
justification for compliance & cognitive change, bibliography of forced-compliance research, 56:2284
knowledge of source's prior losses, compliance to threat, male Ss, 54:3032
large vs small initial request & compliance vs noncompliance, compliance with 2nd request, test of self-perception theory of "foot-in-the-door" phenomena, 53:9546
leader's selection of door color vs learned door color discrimination, analog for studying conformity, rats, 58:6970
magnitude of monetary incentive & timing of its offer, attitude change in essay writing task, female college students, 56:7259
medical & social psychology & behavior modification perspectives, therapeutic compliance, 58:5740
medical care & health & social agencies & patient attitude & drug cost & marital status & education & income levels & disease severity, compliance after hospital discharge, elderly patients, follow up study, 55:10434
modeled stimuli depicting same vs different responses to simultaneously presented verbal instructions & reinforcement for compliance vs noncompliance, instruction compliance, 1st vs 7th graders vs college students, 58:3066
modeling & specificity in delivery & solicitation of overt commitment from client, compliance in instigation therapy, clients, 58:1583
moderately arbitrary judgment norm of collaborator in autokinetic vs shotgun vs pinball vs hex situations & degree of social pressure, degree of compliance, college students, 56:9841
motivational strength & self-esteem & compliance, obese & normal-weight college students, 53:5362
name-calling by conveying negative judgment, willingness to comply & actual compliance with request for help, housewives, 53:11628
normativity & coercive power & collective justification & success-failure as components of authority compliance, male college students, 54:11676
option vs no option given concerning right to refuse to sign medical release authorization form, subsequent form signing, clients in community mental health clinics, 56:8495
organizational control policy based on concept of "legal compliance," established organizational norms on absenteeism & performance & satisfaction, college students, 55:5803
parent training in modifying social attention responses & use of timeout procedure for child's noncompliance with instructions, child response improvement, 57:13280
parent-centered behavioral training program, noncompliance & parent–child interactions, 7-yr-old deaf male, 53:12197
perceived consequences & Machiavellianism & locus of control, attitude change in forced compliance task, attribution vs dissonance theory explanations, 57:8189
perceived level of expertise & sex of psychologist & effort, behavioral compliance to recommendations made by school psychologist, elementary school teachers, 55:11013
perceived O presence & status & knowledge, attitude change in forced compliance paradigm, discussion of cognitive dissonance vs impression management theory, 55:9780
perception of influence source & causal attribution, informational influence on compliance, 53:9533
perceptual contrast vs reciprocal concession as mediators of induced compliance, 57:12785
performance of small consonant behavior, subsequent attitudes & behavior in foot-in-the-door compliance situation, 57:8170
phenomenological equivalence vs strong situational demands for consistency, correlation between recalled initial & final attitudes in forced-compliance experiment, female college students, 56:4073
physical distance & eye contact, compliance with mundane request, 56:4027
physical stigma, interview interaction & compliance, female student interviewers of middle-class housewives, 53:3003
positive & negative adult preference statements, control of children's behavior, 4 yr old boys, 57:2868
positive & negative noncontingent outcomes & threats, individual maintenance & perpetuation of means/ends arbitrary tradition, paid volunteers, 58:9453
positive vs negative instructions & payoff for noncompliance, compliance, 1st & 2nd graders, 53:10985
presence of children, helping behavior & compliance, 25–45 yr olds, 55:9789
presence of contrast effects using 5- vs 30-min timeout durations, verbal & physical aggression & noncompliance & out-of-area behavior, adolescent male delinquents in successive treatments design, 56:2626
presence of violating model &/vs uniformed authority figure & S's age & sex, violaton of prohibited right turn, drivers, 57:10240
primary groups among dissatisfied participants in organization, participant compliance or effectiveness, draftees serving in Nationalist Chinese Air Police company, 56:6938
prior reinforcement for compliance-noncompliance with adult instructions, subsequent nonreinforced imitation, kindergartners, 58:5208
prior reinforcement for complying vs not complying with adult instructions, nonreinforced imitation, kindergartners, 57:7483
productivity & aggressiveness vs nonaggressiveness as dimensions of worker's compliant behavior, supervisory styles, 55:13702
profit-making vs social serving organizational sponsorship & representative's amount of self-disclosure, perceived request legitimacy & compliance & sponsor endorsement, college students, 56:6053
programed teaching approach, compliance with health recommendations, patients following myocardial infarction, 58:12179
proportion of noncompliant workers, evaluation of compliant workers, supervisors of clerical workers, 56:1535
psychological & environmental & sociological factors & characteristics of therapeutic regimen & physician–patient interaction, patient noncompliance with medical regimen, literature review, 53:1615
psychological reactance & block to anticonformity & recommendation of specific position, overcompliance, college students, 55:12245
psychologist's attire & recommendation type & perceived expertise, compliance in school setting, mothers of 4th & 6th graders, 56:8805
psychology of forced compliance, attitude & behavior change for fertility control, 54:7359
public school organization, juvenile delinquency, application of A. Etzioni's compliance theory, 58:7718
public vs private commitment & reactance, action-taking, females, 56:5981
public vs private deviancy, compliance with request, male college students, 55:9778
readiness to accept deviant labels as measured by acquiescence set & level of pathology, male process vs reactive schizophrenics, 58:3467
real vs anticipated attitude-discrepant behavior & high vs low reward, dissonance reduction in forced compliance paradigm, 57:8178
reduction of perceived cost of 2nd request vs making personal concession, facilitation of compliance, college students, 56:4059
rejection-then-moderation procedure effectiveness, compliance with request for favor, passersby on college campus, 53:11600
reliability of contextual cues for praise & goal orientations, compliance measured by task responsiveness & physical distance & affiliative helping response, support for informational properties of cues mediating social influence processes, 58:7414
repeated vs single verbal directives, compliance, 4.5 yr old autistic-like male, 58:3862
response-contingent ignoring & isolation administered by mothers, compliance & oppositional behavior, normal children, 57:8761
role playing vs verbal communication, changes in moral judgment following forced compliance, 2nd graders, 58:3132
salience of induced counterattitudinal behavior & compliance with counterattitudinal request & immediacy of verbal communications about attitude object, analysis of implications of consistency vs attribution models of attitude-behavior relationships, 57:5775
salience of initial attitude & magnitude of incentive, attitude change in forced compliance paradigm, college students, 57:1223
school psychologists' required efforts & expertise level & sex, compliance with recommendations, elementary school teachers, 53:3943
self decision & modeling de-legitimization condition, amounts of compliance in shocking victim, male West German citizens, test of S. Milgram's theory of obedience, 57:8242
self esteem & test anxiety, imitation & compliance, college students, 58:1055
shifting opinions within group, majority opinion & communication between members & perceived attractiveness of other members, volunteer college students, 55:7142
shock threat-induced anxiety, compliance, college students, 54:9561
size of initial request, subsequent compliance in foot-in-the-door paradigm, adults, 56:6009
social acquiescence & pain intensity, placebo-induced pain relief, headache patients in penal institutions, 57:3999
social power of uniformed figures & surveillance vs nonsurveillance, response to request, 53:3009
social punishment & positive practice & timeout, noncompliant behavior, mentally retarded 8–10 yr olds, 57:13285
source attractiveness & esteem, compliance to threats, male college students, 54:7539
specificity & comprehensibility of written medical advice, recall, 44–48 yr old volunteers & female patients, implications for doctor–patient communications & patients' compliance, 54:1063
S's social expectations concerning data collector's stand on issue & enforcement potential as reward/punishment capability of data collectors for S's compliant/noncompliant opinion & behavior, opinion-behavior correspondence, college students, 58:4575
staring & hitchhiker sex, compliance of drivers to pick up hitchhikers, 53:3048
structured vs unstructured teaching format & body image, compliance with post-hospitalization prescriptions & knowledge about life following heart attack, 32–75 yr old male patients, 58:12181
surveillance, social exchange & psychological reactance in simulated superior–subordinate relationships, male business students, 53:3001
switch from threat to promise influence mode during conflict-of-interest interaction & credibility of modes, target compliance, college students, 58:1182
teacher presence, compliance & resistance to distress, 4 & 5 yr olds, 56:10731
test development, acquiescent behavior measurement, institutionalized & social & vocational training mentally retarded students, 54:3440
threat & affront & orientation to tangible outcomes by low power persons in bargaining, compliance & perception of threatener, high power Ss, 55:775
threat restrictiveness & curtailment of recipient's autonomy & freedom of choice, compliance to threats & promises, female high school students, 54:6825
training family members as remediators in E-structured lab & home settings & family-structured home setting, modification of oppositional behavior, preschoolers, 55:10376
twins vs only child, parent-child interaction & development of compliance & attachment & independence & language, 25–35 mo old male twins vs singletons, 58:7357
use of reward vs referent social power by influencing agent & magnitude of preexisting opposing attitude held by target & target's sex, private acceptance of induced attitude following public compliance, college students, 58:3300
victim awareness & recipient relevance & adequacy of compensation as mediators, transgression & compliance, 55:9813

Comprehension [See Also Listening Comprehension, Number Comprehension, Reading Comprehension, Sentence Comprehension]
acquisition of prepositional motor responses, knowledge generalization & control by prepositional type, retarded preschool children, 57:13005
age & contextual constraint, span of tachistoscopic apprehension, 7–17 yr olds, 54:2713
age & riddle structure based on conceptual trial vs language ambiguity vs absurdity, riddle comprehension & appreciation, 1st–8th & 10th graders & college students, 58:7248
age, ability to discriminate between joking & nonjoking riddle answers & to create own joking answers with vs without prior experience, 1st & 2nd & 4th & 6th graders, 57:2939
age, attribution of communication failure to listener vs speaker as measure of developmental trend in comprehension of messages, 56:5797
age, comprehension & enjoyment of joking riddles, 1st & 3rd & 5th graders, 54:813
age, verbal & perceptual nonsense comprehension, 4–6 yr olds, 57:2964
analysis based on interrogation model, mothers' use & childrens' comprehension of question forms & interrogative probes, preschool children & their mothers, 57:2966
anxiety level & peer rejection & flexibility in associative shift, humor appreciation & comprehension, pre-adolescent males, 58:3375
assessment instrument development, diagnosis of deficiencies in understanding statistics concepts, college students in behavioral sciences, 58:12730
associative memory & verbal comprehension & general reasoning & spatial scanning & ideational fluency & inductive thinking, college students, West Indies vs US, 58:10959
attitude of directed reverie therapy without therapy, child's neurosis, 54:8014
automated teaching method stressing comprehension preceding production, foreign language learning, 53:12477
background & development of MERLIN, computer program for understanding & artificial intelligence, 54:38
cartoon pictures containing action lines as interaction clues, picture recall & dependence of memory for pictures on initial comprehension, 2nd vs 6th vs 9th graders, 58:5122
cartoons varying in cognitive & affective salience & incongruity &/or resolution elements & Ss' conceptual tempo, humor comprehension & appreciation, male 6 vs 8 vs 10 yr olds, 57:12505
cloze technique combined with high interest & low readability materials & combined with language experience materials, word knowledge & comprehension skills, 4th–6th graders in corrective reading classes, 55:8320
cognitive approach, comprehension, 54:286
cognitive development, language comprehension, 3 vs 4 vs 5 yr olds, 55:9440
cognitive developmental study, metaphor comprehension, male 5–13 yr olds, 54:4987
cognitive structures in human story comprehension & memory, book, 57:4946
competitive & cooperative learning environment, comprehension of cognitive task, college students, 54:4150
comprehension & acquisition of syntactic structure, 4–6 yr olds, support for C. Chomsky's study, 58:9294
comprehension & social communication, 57:9912
comprehension & use of prepositions to describe spatial relations, aphasic patients, 54:3445
comprehension, long term retention of prose passages, 58:8809
comprehension of & response latencies to relative vs contrastive vs absolute adjectives in standard vs comparative contrasts, preschool children, 53:7374
comprehension of age-appropriate informational TV program, preschoolers, 57:2907
comprehension of double meaning verbal jokes vs control jokes vs nonjokes, schizophrenics, 58:7659
comprehension of spatial antonym pairs, 3–5 yr old nursery school children, 54:4989
comprehension of 1 item from Choice Dilemma Questionnaire, college students, implications for standard instructions, 57:4727
comprehension training vs production via imitation training, acquisition of morphological rules, young children, 58:3098
conceptual tempo & cartoons varying in cognitive complexity & affectivity level, spontaneous mirth & humor comprehension & appreciation, 8 & 10 yr old males, 55:6721
construct validity, test items assessing information acquisition from line graphs, 58:6835
construction of cognitive representations based on conceptual relations, learning & comprehension, 54:291
context-induced processing operations, semantic information acquired from discourse, college students, 54:6719
conversational theory, computerized investigation of learning complex structured subject matter with strict demonstration of understanding, 57:416
deficits in comprehension & nonverbal expression of creative thinking & spatial visualization & impatient behavior & irrelevant responsiveness & classroom disturbances, disadvantaged primary-school-age students with auditory language deficits vs body dysfunction of left side, 53:5745
development of metaphoric understanding in children, 58:7247
development of word understanding of connectives "and" & "or," 2–7.5 yr olds, 54:5000
developmental analysis of propositional logical thinking, comprehension of language connectives, book, 56:7666
developmental study, understanding of biblical parables, 7–11 yr olds, 55:11925
developments in clarification of skills & abilities & perceptual & cognitive processes, comprehension & production of art, 54:9718
difficulty of paragraph completion task, expectations & effort & performance & disconfirmation, 4th–5th graders of different achievement levels, 58:12596
explicit specification of relevant attribute vs traditional questioning, comprehension of "same" & "different", 2–3 yr olds vs male college students, 57:7946
exposure to model who consented or refused to participate & comprehension of request, volunteering to participate in psychological experiment, chronic hospitalized male psychiatric patients, 55:4776
facet design in construction of nonverbal classification test items, analysis of item difficulty & correlation between subtests & measures of perceptual speed & induction & classification & flexibility of closure & verbal comprehension, 11th & 12th graders, 58:4652

grade level & sex & language spoken, imitation & comprehension & production of morphological language constructs in native & 2nd language, bilingual public school students, 55:4167
hermeneutical mode of linguistic interpretation & application to psychological research, value of P. Ricoeur's approach to language development & thought processes & content analyses, 57:9905
hypnotism, literalism in response to instructions, 55:3821
imitation & production & comprehension, acquisition of passive voice, 3–8 yr olds, 58:9241
inductive-like & deductive-like teaching approaches, construction of test to evaluate literary comprehension using positive & negative & noninstances of conjunctive & disjunctive & relational concepts, junior college students, 57:6991
information theory models, comprehension process & semantic memory, 57:2361
instructions to image vs to comprehend proverbs during acquisition, facilitation of recognition of proverb interpretation, implications for dual coding & conceptual propositional storage hypotheses, 57:7408
integrated learning strategy program emphasizing connection techniques employing visual imagery vs paraphrasing vs question answering, comprehension & retention, 55:10744
intrinsic vs induced arousal, comprehension of film content with short & long term retention intervals, elementary school children, 55:6183
IQ & auditory vs visual modality of task presentation, following directions in traveling from one geographic location to another, 6th graders, 56:5267
language development from dumping messages to role playing attitude, reconciliation of communicative obstacles arising from speaker-listener discrepancies, 55:541
language reinforced by simultaneous action in bilingual educational TV programs, comprehension of TV segments, Spanish vs English vs bilingual speaking 4–8 yr olds, 58:2005
language switch concept, speed of processing bilingual messages composed of discrete words vs sentences, 57:11990
lecture vs reading study methods & method preference, comprehension of verbal material, college students, 57:13713
linguistic structures & contexts as measured by comprehension & imitation task performance, language-delayed preschool children, 56:4307
literal & figurative vs anomalous sentences, truth value & subject-predicate similarity judgments, college students, 58:11390
long vs short term day care enrollment, vocabulary & language comprehension & production, low income children, 57:12514
maturational development & socialization & TV exposure, cognitive understanding of & attitudes toward TV commercials, male 1st vs 3rd vs 5th graders, 58:3078
maturational development & TV exposure & parental education & birth order & number of siblings, TV advertising cognitive & attitudinal defenses, male Catholic primary school students, 57:11690
modes of adult explanation, measurement of perceived meaningfulness of & satisfaction with explanation, 57:4950
negation, comprehension of fallacious conditional & disjunctive arguments, adults, 53:6623
negative vs affirmative & particular vs universal phrases, RT for true-false estimation & phrase comprehension, implications for 2-stage memory retrieval model, 57:2447
neuropsychological analysis, word comprehension following picture presentation, aphasia patients with vs without motor component, 56:10203
nonegocentrism, development of comprehension & production of spatial deictic terms, 2.5–4.5 yr olds & college students, 53:9259
nonlinguistic strategies, acquisition of word meanings of "in" & "on" & "under," 1.5–5 yr olds, 53:848
normal vs deviant language development, comprehension of spatial adjectives, 4–12 yr olds, 58:1422
objective word frequency counts, subjective estimates of frequency & familiarity & associability & pronounceability & comprehensibility, college students, 58:5056
organization of conceptual materials & measurement & evaluation of comprehension of concepts using cognitive maps, 54:6383
parent sex & child sex & structured vs unstructured parental speech stimulus statements with parents active as testers, measurement of language comprehension, 15–25 mo olds, 58:874
perception of reality & understanding & words as carriers & barriers of meaning, communication as process of exchanging meanings, 53:11676
perceptions & conceptualizations about their mothers' psychosis, lower socioeconomic status 5–12 yr olds, 58:5521
perceptual & linguistic understanding, 54:290
phrase context & level of processing, phrase comprehension, 57:2388
picture–word formats & multiple channels & redundancy & type of information in channels, comprehension of instructions on 3 tasks, US Navy enlisted personnel, 54:11740
prenominal adjective ordering, comprehension & production of triple-adjective phrases, adults vs 3–7 yr olds, 57:2951
provision of explicit grammar information before vs during vs after exemplar presentation, implicit & explicit learning processes in artificial language rule apprehension, 58:2673
qualitative differences, learning processes & strategies & outcomes, college students, Sweden, 57:401
question-asking behavior, problem solving & comprehension of written material, black 6th graders, 55:5543
receptive & productive stages, vocabulary development, 2.5 yr olds, 56:9661
semantic & syntactic constraints, processing of natural language stimuli, adult female chronic schizophrenics vs psychiatric aides, 58:3445
semantic constraints & ambiguity resolution, 2-process decision model of language perception, 57:7848
semantic relations presented in different verbal contexts, verbal comprehension test performance, mentally retarded language disordered vs normal 1.6–7.9 yr olds, 58:1393
semantic vs syntactic determinants, phrase comprehension, 57:2386
set to integrate vs differentiate story information & evaluative distinctiveness of characterization & S's conceptual relatedness level, comprehension of social situations, college students, 57:10223
sex & age, understanding & use of affect terms, 6 vs 9 vs 12 yr olds, 58:7190
sex & socioeconomic level, imitation & comprehension of syntactic structures, kindergartners, 55:524
situational context, comprehension of words "same" & "different", college students, 57:2367
social class, comprehension of emotional meaning, 4th graders, 55:4255
spouse's understanding of partner's communication disabilities, aphasic patients, 57:6154
staff vs patient model & noncontingent vs contingent reinforcement & neutral vs sensitizing set, comprehension & acceptance & imitation, male vs female chronic mental patients, implications for treatment programs, 56:10310
stage of spatial development, comprehension & production of spatial locatives, 2.5–7.5 yr olds, 57:12550
structure & content manipulations, memory & comprehension of prose passages & cognitive structures, college students, 58:361
structure & content variables, story comprehension & memory, process model interpretation based on encoding in hierarchical organizational framework, 58:10960
structure of problem representation, comprehension of complex & less complex questions, college students, implications for development of computer programing languages, 56:3325
symbolic gesture & verbal comprehension & reproduction of symbolic gestures, aphasics vs nonaphasic left vs right brain damaged patients, 56:10182
text's descriptive style & sentence construction & presentation speed & social class background, decoding success, trade union school vs business school students, 57:11359
time comprehension of counseling dialogue, evaluation of content comprehension & counselor empathy & warmth & genuineness & self exploration, counselors & counselor educators, 57:6623
time compressed videotape presentation, comprehension, 4th graders, 58:12552
training in use of double-function words, understanding & trainability of words with visual & tactual referents, 1st–3rd graders, 55:537
understanding & learning strategies & cognitive styles & transfer effects, analysis of dialogue & behavior used in learning tasks, students, 57:1966
understanding of own phonological forms & adult speech & other childrens' speech, 2–4 yr olds, 54:7201
understanding of structural problem solutions, recall of solutions, college students, 53:8806
understanding of TV commercials, attitudes & purchase request tendencies within attribution theory framework, children, 53:5279
understanding written task instructions, problem solving, 54:323
utterance length & type of semantic relation, comprehension & production in natural & artificial situation, 20–31 mo olds, 57:8003
verbal imitation &/vs comprehension training & imitation/comprehension sequence, verbal production, 1st & 2nd graders, 58:864
videotapes depicting pairs of motions varying in semantic features, developmental trends in comprehension & action-verb naming & semantic feature basis of errors, 2.5–5.5 yr olds, 58:3106
visual synthesis/visual closure skill & visual training, speechreading performance, college students, 58:2169
vocabulary item presentation method, recognition of verbal labels of pictured objects & events as measure of vocabulary comprehension, 17–30 mo olds, 58:799
word comprehension of frequently employed medical terms, lower working class users & underusers of maternity services, Scotland, 54:3957
written vs audiotaped vs videotaped communication modalities, persuasion & comprehension of easy & difficult-to-understand messages, college students, 58:1082

Comprehension Tests

clozentropy procedure, measurement of monolingual international communication comprehension, 56:7572
development & validation, listening comprehension tests, kindergartners & beginning 1st graders, 53:4123
Rasch item analysis model, arithmetic computation subtest of Comprehension Tests of Basic Skills & word knowledge subtest in Metropolitan Achievement Tests, black & white 8th graders, 55:8654

Compressed Speech

amplitude compression, speech perception, literature review, 53:1150
auditory compressed speech, reading skill, college students, 55:5491
cognitive style & audiotape instruction varying in difficulty level & speech rate, criterion test performance, high school students, 58:8259
comprehension of expanded & normal & compressed speech, learning disabled primary school students with identified auditory vs visual strengths, implications for use of advantaged auditory instruction, 57:13907
dichotically presented time compressed digits & visual report cue delay, immediate poststimulus processing, implications for multiple trace memory model & processing level, 57:7414
distorted speech sounds using frequency & time expansion & compression, age differences in monosyllabic intelligibility, 4–11 yr olds & 21 yr olds, 57:4904
efficiency of braille vs normal recording vs compressed speech, visually handicapped, 53:6223
frequency & time distortion, intelligibility of speech sounds, normal vs mentally retarded 6–17 yr olds, 53:11956
frequency-shifted/time-compressed speech training, score gains on intelligibility measure, hearing impaired 6–9 yr old students, significance for special education techniques, 57:2000
intelligence level & compression rate & retention intervals, retention of compressed speech message, 8th graders, 55:11448
intonation & acoustic redundancy, perception of time-compressed sentences, college students, 54:212
irrelevant concurrent psychomotor activity, ability to comprehend compressed speech, 58:8751
listening comprehension of time compressed speech, reading comprehension using speeded reading, junior college students enrolled in speed reading, 58:6277
listening to accompanying expanded or compressed speech tapes related to normal reading rate, comprehension & eye movements, incarcerated undereducated adults, 58:9691
listening to compressed speech, WISC & listening ability & improvement in abstraction, lower socioeconomic status 3rd & 6th graders, 55:3712
normal recorded speech vs compressed speech vs oral speech as presentation mode, comprehension of content material, children with visual perceptual handicaps, 55:3191
oral reading skill, comprehension of time-compressed speech, 55:3669
presentation rate of time-compressed speech, information retained, junior college students, 56:5302
rate of aural message, reading & listening comprehension, 11–12 yr old girls vs boys of normal reading ability & remedial readers, 55:10786
rate of presentation & introduction method, comprehension of time-compressed speech, college students, 55:6087
Reading Versatility Test in braille vs normal reading vs compressed speech forms, comprehension, 14–21 yr old blind braille readers, 53:1574
selective frequency filtering of sidetime noise, comprehension of rate-controlled recorded speech, college students, 57:324
simultaneous audiovisual presentation vs 2 unitary audiovisual presentations using compressed speech, subject matter learned & retained, high school science students, 58:10309
speaking rates, perception of 1st & 2nd order sentential approximations, normal vs aphasic 6–9 yr olds, 54:9977
telegraphic prose & compressed speech & modality, comprehension, college students, 55:11410
time comprehension of counseling dialogue, evaluation of content comprehension & counselor empathy & warmth & genuineness & self exploration, counselors & counselor educators, 57:6623
time compressed speech discrimination performance, children with auditory perceptual disorders, 58:5698
time compression, perception of auditory test monosyllables, non-native speakers of English, 58:270
time-compressed speech, Air Force technical training, 53:12626
time-compressed speech, listening rate preferences & listening comprehension skills, 57:315
training procedures with characteristics analogous to prompts & feedback of programed instruction, comprehension of compressed speech, 55:10761

Compulsions [See Also Compulsive Repetition]

anxiety & fear, anatomico-pathological substrate & biochemistry & motivation & types & incidence in different syndromes & relation of phobias to obsessions & compulsions & delusions, 53:7447
authoritarianism & obsessive compulsiveness & psychomotor speed, behavioral rigidity, college students, 54:7656
aversion therapy technique using self-administered snapping of wrist-worn rubber band, 15-yr-old female compulsive hair-puller & 27-yr-old male homosexual, 53:12215
behavior therapy, compulsive exhibitionism & homosexuality, 54:10219
behavior therapy techniques, ruminations, review, 58:5900
chlorimipramine, obsessive compulsive neurotics & psychotics with obsessive-compulsive symptomatology, 57:10969
compulsive behavior, children whose preschool age diagnosis was early infantile autism or childhood schizophrenia, 56:10060
compulsive gambling, interpretation of personality development through hand activity, 53:9657
correlations between compulsivity & anxiety & gullibility, college students, 55:4641
covert aversive contingency & awareness training procedure, stealing compulsion, young male, 55:5102
covert aversive contingency & Premack principle, compulsive stealing, young adult white male, 53:10173
diphenylhydantoin, symptoms of compulsive eating & abnormal EEGs, human patients, 54:1581
freedom & determination & compulsion in psychic life, 57:5965
group therapy, compulsive homosexuality, male & female patients, 55:12660
group therapy, compulsive homosexuality, male & female patients, discussion of H. Gershman's study, 55:12665
hypergraphia, temporal lobe epileptics, 53:1579
hypnotic treatment, trichotillomania, 21-yr-old male & female, 53:3582
increasingly lengthy scheduled durations of relaxation, ritual re-checking, 27 yr old male, 56:10285
neurological approach, compulsive eating, 56:4203
operant treatment, visual hallucinations & obsessive compulsive behaviors, 26 yr old male schizophrenic, 54:1631
phenomenological analysis of forms & frequencies & effects & contents of obsessions & compulsions, obsessional neurotics, 55:4697
psychopathology & related theories, compulsive wandering, literature review, 54:5507
self-control procedure using automated aversion device, 49-yr-old male with history of compulsive handwashing, 53:12210
time restriction, compulsive rocking, 19 yr old female college student, 55:5116

Compulsive Neurosis [See Obsessive Compulsive Neurosis]

Compulsive Repetition

differential diagnosis of palilalia, case reports of mother & son, 55:7413
emotional responsivity, emotional responses & repetitive thought to stress films, 57:12085
experimental stress, intrusive & repetitive thoughts, 56:3454
facade compulsive characterized by repetitive & compulsive action tendencies but not obsessive thoughts, identification through differential interest patterning on projective techniques, 56:10069
fluctuations of compulsive urges, obsessional patients with compulsive checking rituals, 57:10491
psychoanalytic perspective, drug dependent personality & repetitive compulsive mechanism, 57:3560
repetition & fantasy & reality & analytic space, discussion of ideas of S. Viderman vs F. Padsche & M. Renard, 56:4387
repetition compulsion & death instinct, late writings of Freud, 55:2439
repetition compulsion role in reconstructing past during psychoanalytic treatment, 56:4414
verbal & paraverbal features of utterances & structure of sequences & repetitions in analytic situation, understanding unconscious fantasies, 38 yr old male patient with repetition compulsion, 57:12909

Computer Applications [See Also Computer Assisted Diagnosis, Computer Assisted Instruction, Computer Simulation]

accuracy & reliability & right to privacy, legal & social problems in computerization of hospital records & Automated Multiphasic Health Testing, 54:5389
accuracy evaluation in terms of classification criteria following translation into computer programs, clinical & actuarial decision making strategies, psychology doctoral students, 54:7745
accuracy of Peabody Picture Vocabulary Test administered manually vs by automation, intelligence scores, 12–17 yr old psychiatric inpatients, 57:107
adaptation of algorithms to detect bright & dark spots & streaks in pictures, digital detection of pits & peaks & ridges & ravines, 54:8656
adaptation of computer system, control of experimental processes & instrumentation in speech processing & psychoacoustic experiments, 58:2486
adaptive computer aiding, dynamic decision processes for tactical operations, US Air National Guard reservists, 58:8493
Adaptive Dynamic Decision Aiding Mechanism system, individual differences in strategies & decision outcomes, 54:66
additions to Comprehensive Occupational Data Analysis Programs, assignment of training priorities based on task factor information, 58:8580
advantages & cost analysis, computer generation & scoring of tests, large introductory psychology class, 54:79
advantages of polygraphic recording & data analysis done by computers, 58:6613
Algorithmic Logic of Pattern Extracting Crosscorrelations, determination of visual receptive fields, 53:8702
alpha & beta errors, objective attainment tests, 53:64
analytical & interactive computer applications in physiological psychology laboratory, 57:55
application and test of computer-generated troubleshooting trees, 55:8624
application microprograming in psychology, 56:5127
application of computer-controlled program for stimulation of language behavior, objective measurement of performance & progression toward normal behavior, nonspeaking autistic children, 57:1311
assembler-written programs for PDP 12 computer, use in vision experimentation, 58:2474
automated computer-based system, analysis of evoked potentials, 57:2174
automated pilot aptitude measurement system, training program success prediction, air force pilot trainees, 55:11122
automated psychophysiology laboratory, online processing of psychophysiological data from patients receiving biofeedback, 56:5147
automated system for selecting valid trials from analog recorders, analysis of data on evoked potentials, 56:7003
automated testing system, administration & scoring & recording of multiple choice tests, 54:92
automatic apparatus, testing of human performance on complex tasks, 54:10778
automatic control allocation, man machine interaction in adaptive computer assisted control, 54:10754
automatic production of chain codes, 55:5957
automatic suppression of eye blinks & muscle artifacts from evoked potentials averaged from tape recorded EEG data, 53:8869
BASIC subroutine to generate random Greco-Latin squares, 57:4702
calibration & evaluation of verbal ability bank, computer assisted testing, 55:8661
campus-wide time-sharing computer, control of running online RT experiments, 56:5142
capabilities & methods & projections for future, computers & artificial intelligence, book, 56:6999

career exploration laboratory using computerized System of Interactive Guidance & Information, career maturity, community college students, 58:2332
Category Test administered by on-line computer, brain damaged vs psychiatric patients, 56:8985
change agent game, computerized game in BASIC for time sharing terminals, 53:6435
clinician's judgment vs computer multivariate formulae in assignment of psychotropic drugs, 19–69 yr old hospitalized psychiatric patients, 55:12721
CLIQUE, computer program for extraction of maximal complete graphs from binary symmetric matrix representing continuous similarity–difference or binary relation among entities, 54:10846
comparative study of applicability, taxonomic programs & automatic classification, 55:1751
computational & noncomputational computers, use in profile analysis & interviewing & personality assessment & medical/clinical data processing & simulation, 57:36
computational starting point for Rao's canonical factor analysis, implications for computerized procedures, 54:124
computer aid to interactive decision making in an industrial problem–production scheduling, 54:4300
computer algorithm, real-time detection of attention shifts between control & monitoring tasks, 58:8530
computer analyses of EEGs & evoked potentials, evaluation of psychopharmacological effects, 54:2549
computer analysis, champion athletic performance, 56:3198
computer analysis of EEGs, 5–15 yr old psychotic males before & after pharmacotherapy vs normal Ss of schizophrenic mothers vs normal Ss of normal parents, 57:1383
computer analysis of verbal contexts, measurement of meaning in psychoanalysis, 53:8007
computer analysis of voice abnormalities caused by changes in autonomic functions of nervous system, prediction of canned dog food preferences, 58:6520
computer analysis, thematic content of free speech, schizophrenics, 54:5505
computer animated & textured film, presentation of language for deaf, 56:22
computer applications, behavioral research, summaries from Malmo conference, 55:29
computer applications, psychiatric practice, 53:1597
computer assisted & branched test administration, 55:3504
computer assisted actuarial procedure, retroactive analysis of appropriateness of drug treatment, psychiatric patients, 57:6397
computer assisted analysis, Machiavellian behaviors in group discussion, low vs middle vs high Mach Ss, 55:2321
computer assisted data collection, token economy program monitoring & recording, ambulatory hospitalized patients, 54:1809
computer assisted goal oriented psychiatric progress note system, 58:1521
computer assisted instructional system, automatic question generation, 56:7010
computer assisted message inputting aid & checklist method format, speed & accuracy of on-line tactical data inputting in automated information system, enlisted men, 55:3385
computer assisted system for extraction & visual display of pitch, 57:11746
computer assisted test administration & branched testing techniques, 55:1760
computer averaged visual evoked response, technique for assessment of cerebral death, cats, use in medical diagnosis, 55:6367
computer classification of single evoked potential waveshapes, electrophysiological signs of readout from memory, cats, 54:11078
computer constructed questionnaires, attitude measurement, 58:8624
computer content analysis, student characteristics, college students, 55:13563
computer data evaluation, eye movement research, 57:4666
computer developments & applications & federal funding & tabulation of journal articles, cognitive psychology research, 56:5105
computer estimated alpha attenuation during mental arithmetic & immediate recall, 10–12 yr old boys with learning disabilities, 58:11911
computer evaluation, H. Heckhausen's Thematic Achievement Motivation Test, literature review, 53:10710
computer feedback, long term value change, college students, 54:11625
computer generated & cathode ray displayed geometric patterns, recognition RT, 54:8796
computer generation of letter sequences varying in approximation to Japanese, 53:1134
computer graphics, system structure & construction of image-processing system, 57:52
computer models of personality, review of research & implications for personality measurement, 57:12812
computer networking, implications for psychological research, 56:5145
computer processing of clinical data, enhancement of clinical understanding, school phobic boy & delinquent girl, 55:12345
computer profile analysis, assessment of patient care quality in psychiatric hospitals, 57:2172
computer program, facilitation of interpretation of factor analysis solutions, 54:121
computer program for deterministic & probabilistic models of order analysis, 54:125
computer program for Hotelling's T-2 for single or related samples with optional post-hoc & contrasting univariate analyses, 54:130
computer program, solution of problems of profile analysis, 54:6573
computer program to read & edit alphanumeric narrative text, 57:4695
computer programs, facilitation of compliance of community mental health centers with utilization review requirements, 57:4087
computer prototype system, operation of community mental health centers, 53:3832
computer sampling, Type I error probabilities for pairwise comparisons between ordered means, 53:10720
computer simulation of individual & aggregate human behavior, implications for training & future role of public health educators, 56:7009
computer study of data in psychoanalytic journal indexes, changes in psychoanalytic practice & experience, 57:13186
Computer Study Section of National Institutes of Health, description of grants review system, 56:6604
computer system, generation of random-dot stereograms for study of binocular depth perception, 56:7152
computer system, placement of students in nongraded team-taught elementary school, 58:8255
computer system, production of natural-speech on software-generated stimuli for monaural & binaural & dichotic auditory presentation, 56:5141
computer tabulations of biographic data, deceased individuals in history of psychology, 56:8923
computer transformation of samples of random normal deviates to sample observations from normal distribution with specified mean & variance, 53:8603
computer vs counselor-based counseling system, selection of courses, 9th–11th graders, 53:4113
computer vs traditional administration of California Psychological Inventory, test scores, male vs female college students, 56:1514
computer-assisted analysis, demographic study of case history data, 1st admissions to children's psychiatric center, 57:10431
computer-assisted counseling centers, career change & continuing education & reentering work field, adults, 57:11608
computer-based adaptive testing model, measurement system for individualized technical training, Air Force personnel, 53:12642
computer-based adaptive testing models, Air Force technical training, review, 53:4183
computer-based analysis system, evaluation of electro-oculographically recorded eye movements during reading, 53:6720
computer-based career counseling program, vocational maturity, community college students, 57:6957
computer-based clinical review system, psychiatric treatment program evaluation, 53:8170
computer-based content analysis of interview data, numerical description & multivariate analysis, 58:4559
computer-based educational & occupational exploration system, vocational maturity, 10th graders, 54:1989
computer-based electrical brain stimulation system, investigation of sensory prostheses for blind & deaf, 56:6997
computer-based research & development project selection techniques, attitudes & suggestions for organizational use, 54:12732
computer-based system of interactive guidance & information, career decision making, 54:12701
computer-based technique, analysis & synthesis & perceptual scaling of musical timbre, 57:7145
computer-compatible multichannel event counting & digital recording system, 56:8947
computer-controlled experiments in real time, stages in use of PDP 12 computer in psychological research, 58:2461
computer-controlled system, recording modification & presentation of 2-channel musical stimuli, 56:1600
computerized analysis of displacement effects, ESP process in card guessing, 53:156
computerized analysis technique, evaluation of eye movements during static display visual search, 58:6623
computerized content-analysis system for therapeutic interviews, detection of improvement in psychotherapy & determination of differences between gross pathologies, 56:5140
computerized educational guidance system, education & career development planning, high school students, 56:1498
computerized information-gathering system in social service agency, 54:10332
computerized interpretation of EPPS, career potential output for use in counseling, 58:2315
computerized interpretation system, 16 PF, 54:6591
computerized judgment scaling system for encounter groups, 55:7602
computerized kinesthetic simulator, pilot training, US Air Force trainees, 55:8472
computerized scoring system, speech content analysis of meaning carried in clauses & sentences, 54:1073
computerized statistical service for Mental Deficiency Division, Mental Health Services, western Australia, 58:2460
computerized study, night-to-night & epoch-to-epoch variations in frequency of activity of sleep sigma spindles, 10–15 & 20–40 yr old & Ss over 65 yrs of age, 53:4548
computerized system for content analysis, psychodynamic interpretation of Schreber's "Memoirs", 56:5733
computerized tests, prediction of job performance, naval trainees, 53:2055
computerized tomography, assessment of intellectual impairment & degree of cortical atrophy, 62–90 yr old mentally normal patients, 57:13082
computerized verbal analysis, contentive categories of verbal language, black 3–5 yr olds, 56:2143
computerized vs group booklet modes of Minnesota Multiphasic Personality Inventory administration, equivalent validity & state anxiety levels, female college students, 53:60
computerized WISC report, rules for making descriptive statements of intellectual functioning, 56:8955
computer-measured social motives, verbally stated reasons for utility of social outcome, college students, 57:8245
computer-mediated vocational guidance procedures, appropriateness of vocational preference, male 11th graders, 53:12668
computer-monitored group test vs conventional paper-&-pencil method, test performance & test taking behavior, pharmacy students, 57:13993
computer-produced hierarchy of psychotropic drugs based on disinhibiting &/or sedative action, prescription, 55:2100
conceptual design & principal features & mathematical model, Total Objective Plan for the Officer Procurement System computer-based linear model, 53:10584
configuration & potential uses & software requirements & application examples, minicomputer in laboratory automation, 57:20
CONSTEL, FORTRAN IV program for factor & cluster analysis of mixed data, 53:6499
construction & application of coding rules, computer-based content analysis of interview data, 54:2130
control card writeups for main programs in UNIVAC 1108 version of CODAP, organization & reporting of occupational information, 53:10693
cost minimization & accession quality maximization through computer applications, Air Force officer procurement, 53:8443
data acquisition & processing & personnel requirements & implementation, crew performance measurement system, US Air Force combat crew trainees, 55:1663
demand revelations presented by computer terminal vs instruction booklet, decision making process for pricing public goods, college students, 58:4784
demographic balancing equation computation on computer terminal, BALANCE as FORTRAN IV program, 53:6437
description & research applications, university time-shared control system, 57:35
description of computer-managed experiment, thought processes of children in applying mathematical concept of ordered set, 58:2455
design & development & implementation, computerized student evaluation information retrieval system, medical school, 54:1237
design of automated system for administration & scoring & recording of results of multiple choice tests, 55:8630
development & test of computerized language measures, syntactic density & vocabulary intensity in writing, elementary school students, 56:6855
development & use of computerized census track look-up program, matching patient characteristics & socioeconomic & demographic characteristics of their neighborhoods, 56:10399
development of algorithms, prediction of readability levels, 55:13524
development of computer programs, filing medical examination records, pilot's health care, 54:5384
development of prototype computer assisted system, applicability to facial recognition tasks, 58:8604
development of social worker oriented computerized case review & record system, accountability, 56:4563
development of system of automated decision aids, application to decision making in Department of Defense, 58:8497
developmental problems & potential, computer-based psychiatric information systems, 54:9648
discussions by users of digital computers & future computer applications, National Conference on Use of On-Line Computers in Psychology, 57:4657
dynamic utility convergence & decision aiding, adaptive computer aiding in dynamic decision process, 56:8900
electrical field theory, application to localization of equivalent dipoles of EEG sources, 55:318
electronic circuit, detection of EEG seizures recorded with implanted electrodes, 53:5694
elimination of diagnosed alcoholics from sample, computer prediction of psychotropic drug assignment, inpatients from state institutions, 53:10080
empirical investigation, stradaptive testing model for measurement of ability, 56:7067
empirical investigation, stradaptive testing model for measurement of human ability, college students, 58:132
evaluation of computerized EKG, comparison with physician diagnosis, 58:9835
examination instrument K 121, evaluation of achievement of engineering students, 57:6961
examiner race, computer content analysis of verbal response to school-related task, male vs female Black 1st graders, 58:10644
exposure to computer assisted testing, attitudes toward computer assisted instruction, graduate students in elementary teacher education program, 57:1917
extensible touchboard for on-line experimentation, 55:5882
extreme groups designs & calculation of statistical power, identification of aptitude-treatment interactions, 54:113
feasibility of computer content analysis of printed media, identification & measurement of public interests & changing social values, 57:12441
flight-mill system, automated data processing of measurement of flight parameters, flying insects, 57:4669
FORTRAN IV program for optimally ordered paired comparison stimulus presentation, 53:6405
FORTRAN program for analysis of results of Flanders Interaction Matrix, 54:137
general linear regression methods, multivariate analysis of variance computer program, 54:2216
Glace-Holmes speech synthesizer control program, 53:6529
graphic production study, use of computer equipped with visualization screen & description of accompanying FORTRAN program capabilities, 58:2477
Hill Interaction Matrix scoring & analysis programs, quantitative evaluation of interactions within therapy groups & other group settings, 58:2480
hippocampus lesions, minicomputer monitoring of social behavior, male mice, 56:356
historical review, application of computer technology in mental health care delivery, 56:5128
history & current problems, computer use in education, 53:12357
human performance technology, computer-based systems, 58:8531
identification & representation of knowledge, artificial intelligence research & speech understanding system, 54:46
immediate electronic feedback on multiple choice or true-false questions through student response systems, students in human communication course, 57:9056
implementation of computerized vocational information system, Canada, 58:4485
implementation of experimental designs & storage of results in PACER system of on-line control, 56:8940
inclusion of interaction effects in computer generated pattern analysis, prediction & evaluation of rehabilitation outcomes, clients in sheltered workshop, 55:10533
individual guidance from computer-baseline vs counselor-based occupational information system, information learning, disadvantaged vocational students, 56:1507
influences & applications & instrument purchase guidelines, instrumentation & computer technology, 57:59
intelligent experimental stations controller for extensible multiprogramming system for human experimental psychology, 57:4667
interactive program for solution of linear models, 54:135
interrelations among computer applications & history & acceptability of computer uses, development of computer managed instruction, 54:8352
INTERSCAL, TSO FORTRAN IV program for S-computer interactive multidimensional scaling, 58:8582
intracranial self stimulation, design & performance characteristics of computer interfaced programed stimulator, 57:4710
intuitive computer system, cognitive approach to management learning process, 55:13684
item pool & reinforcement & flexibility & humanity, computerized test assembly system design, 54:4448
laboratory environment use & interfacing & control strategies, research & development center time-sharing computer system, 57:27
length & weight & hidden length seriation task performance, performance model construction & computer program of production rules, 5–10 yr olds, 53:11391
linguistic statement of control strategy & its implementation for steam engine & boiler combination, 54:2112
man-machine interactive computer based displays, automatic data processing applications in army tactical intelligence, 56:10892
measurement system, crew performance, US Air Force combat crew trainees, 55:1662
method based on decision making principles & employing computer analysis for initial ranking, selection of medical residents from large number of applicants, 56:6593
methodological issues, Logic Teacher model of tutorial instruction using computer generated dialogue, 55:5532
micro-kinesic signals of word segmentation, proposed application in automatic speech understanding systems, 58:10737
mobile data acquisition system, remote measurement of driving performance on public highways, 55:11253
modification of H. Gilberstadt's codebook, development of automated MMPI interpretation system, male patients, 56:5158
movement detection in computer-driven visual displays, 56:5240
multiserial correlation on computer, PL 1 program, 53:6485
multivariate study of 3 computerized adaptive testing models, measurement of attitude toward teaching effectiveness, 9th & 10th graders, 55:8427
neural spike window discriminator with digital readout, 56:17
nitrazepam & flurazepam monohydrochloride, automated assessment & scoring by Assisted Psychometric System of Mood State, healthy females, 54:7050
obstacles in acceptance & solutions, computers in education, 53:12356
on-line automatic analysis of polygraphic records, sleep stages, male rats, 53:8864
on-line computer application, psychology, 54:2126
on-line computer assisted assessment technology in mental health admitting systems, patient care & design of treatment programs & patient progress measures, 57:33
online computer program, studying bargaining & coalition formation processes in n-person characteristic function games, 56:5129
on-line computer support system, computer-assisted psychiatric intake decision making, 55:7754
on-line computer systems, development of optimal juvenile investigation, 54:2947
online computers in psychophysiological research, 56:5109
on-line integration for EEG alpha quantification, 53:433
on-line system for data collection, analysis of hand movement, 54:275
online use of laboratory digital computers, citation in research reports, 56:5125

open format event recording system with computerized high speed transcription, senders & signals & receivers system, 55:11266
pattern recognition techniques, on-line quality control monitoring, 54:8761
population pyramid construction on computer terminal, PYRAMID, 53:6436
prediction of learning disability by computerized pattern analysis & comparison with clinically classified sample, implications for special education student selection procedures, 57:11564
principles & procedures & progress, scientific classification, 53:6432
problem generators based instructional system, 54:4296
problems & prospects & scoring & evaluation, computerized adaptive trait measurement, 56:7012
process-control computer based procedure, automatic analysis of speech behavior in psychotherapy, 57:3788
program for 3-factor analysis of variance with repeated measures on 2 factors, 54:110
programable tone generator for presenting melodic & harmonic patterns in music research, 57:11755
programing automized experiments, selection of appropriate computer language, 58:2458
psycholinguistic model & theoretical & psychometrical problems, development of computer-based analysis of interview texts, 57:2171
psycholinguistics, description of computer programs employed for stimulus presentation & data analysis, 58:2479
quantitative method using slow-motion cinematography & tracing equipment for data conversion & high-speed computer, analysis of human motion, 53:263
rating of direction & degree of beliefs & attitudes connected with personal problems & computer calculation according to F. Heider's model, assessment of psychological conflict, 54:1136
rationale from user's view point, open format event recording system with computerized transcription, 56:8961
refinement & adaptation & testing of computer-generated troubleshooting trees, isolation of equipment faults, job performance aids, 54:2016
remote minicomputer oculometer, measurement of eye-direction output information over 1 cubic foot of space, 53:2292
scoring methods, computer-administered pyramidal adaptive vs conventional peaked tests, 53:6459
sequentially-ordered probability & list-structured interactive system, demonstration of teachable & computerized attitude assessment technique, 55:5904
significance testing on randomized mean differences with small computer, 54:2213
Simple Information Management system, provision of online information about experimental procedures, 56:5117
solid state unit, programing free-operant avoidance schedule, 56:1620
sound synthesis by minicomputer, technique to produce & reproduce sound patterns, 57:4705
state notation as programing language, description of SKED minicomputer operating system, 56:5114
statistical computer vs clinical approaches, identification of marital risk, married college students, 55:12125
stratified adaptive computerized testing model, ability measurement for groups, college students, 55:11054
structure of event-related potential experiments & installation problems of computer-based signal averaging laboratory, 57:25
successful computer information system, identification of behavioral conditions & impact on decision making, 57:4504
system for collection & computer analysis of sociometric data for research & classroom purposes, 57:7155
system for monitoring development of individualized learning materials, 55:13176
tactics for increased effectiveness, counseling disadvantaged high school students, 56:8779
technique for on-line classification of evoked potentials into groups according to subjective interpretation of stimulus, 55:3968
test scores & reliability, computer administered stradaptive ability testing, college students, 56:7062
test-retest & interanalyst reliability of Automated Readability Index & Flesch Reading Ease score & Fog Count, female paid pretrained analysts, 57:4775
text & concept & relation's coding & system of rules & capacity for analysis on different hierarchical levels, computer-based content analysis research, Sweden, 58:2456
theory & structure & implementation, computer assisted techniques for operator performance measures, 55:13666
time-sharing & system configurations & applications & potential use, large scale computer systems, 57:30
TI-700 cassett terminal, magnetic tape capability for INTERACT user, 56:5106
tone-count audiometric computers, 57:42
Totally Automated Psychological Assessment Console test battery & computerized report writing, development of automated system of intelligence testing & report writing, VA hospital patients, 57:7143
training & research applications & programing systems & personnel & physical facilities, university computer laboratory, 57:18
use & misuse of computers in education, book, 54:8270
use of computer speech understanding in training, demonstration training system for ground controlled approach controller, 58:77
use of computers in psychology for data analysis & model simulation & experimentation & teaching assistance, 58:8591
validation, automated test anxiety reduction program, 55:10177
validation of vocational aptitude battery, application of computer assisted–vocation-oriented test interpretation, 55:3510
validity of automated MMPI, atypical response sets, 56:7035
video scan-conversion, visual display system in multipurpose laboratory, 56:5134
vocational aptitude battery & validation & use of results in computer-assisted vocation-oriented test interpretation, Air Force recruits, 54:4461
WORDS computer analysis system applied to Schreber's "Memoirs," reply to criticism by J. Taffal & J. C. Nemiah & J. E. Overall, 56:5732
WORDS computer program, content analysis of Schreber's "Memoirs," criticism of R. H. Klein's report, 56:5736
WORDS method of content analysis applied to Schreber's "Memoirs," criticism of R. H. Klein's technique, 56:5735
WORDS system of content analysis applied to Schreber's "Memoirs," criticism of R. H. Klein's paper, 56:5734

Computer Assisted Diagnosis

accuracy of automated MMPI interpretation system in psychiatric setting, inpatients & outpatients, 56:8099
automated clinical interpretation of Halstead-Reitan test battery, determination of presence-absence of brain damage & lateralization of damage, 58:1429
automated diagnostic process, sulpiride vs haloperidol comparative trial, 19–75 yr old schizophrenic inpatients, 57:3980
automatic interaction detector program, development of short screening interview, diagnosis of alcoholism, 54:9946
biographical indices & CHAROSEL computer program, behavioral identification of giftedness, disadvantaged minority primary children in urban school, 55:13581
clinical diagnosis vs computerized classifications, agreement in diagnosis of functional psychoses, 57:10495
collection of suicide risk factors by computer interview, prediction of suicide attempt, outpatients with thoughts of suicide, 54:3374
computational & noncomputational computers, use in profile analysis & interviewing & personality assessment & medical/clinical data processing & simulation, 57:36
computer assistance, diagnosis of learning disabilities, children, 55:4853
computer derived mental health ratings vs original psychiatrist's ratings, prediction of subsequent self reported mental impairment, adults from 1954 study, 58:7638
computer system for online psychiatric patient assessment, interaction with unskilled psychiatric patients, 56:5112
computer vs clinical psychiatric diagnoses, 53:3272
computerized classification program & psychological or behavioral abnormalities, differential diagnosis of schizophrenia, 54:9909
computerized tomography, determination of permanent structural damage, 17–56 yr old patients with tardive dyskinesia, implications for differential diagnosis, 56:922
computer-supplemented medical decision-aiding systems, guidelines for analyzing field tests of medical systems, 53:6389
derivation of new linear discriminant functions for computerized psychiatric diagnosis, state hospital & mental health center inpatients, 57:17
diagnostic classification of Brief Psychiatric Rating Scale profiles, psychiatrists vs computer, 55:2428
evaluation of strategies, evaluation of online computer assisted unit for intake assessment of mental health patients, 56:5130
MMPI computer services' reports vs therapists' descriptions, assessment of accuracy of patient descriptions, 27–35 yr olds entering group or individual psychotherapy, 58:1286
on-line computer assisted assessment technology in mental health admitting systems, patient care & design of treatment programs & patient progress measures, 57:33
on-line psychiatric diagnosis by computer, implications for psychiatric training & research & patient care, 57:13115
rationale & design & cost & extensions, Automated Psychological Evaluation System, 56:5119
spectral parameter analysis vs visual evaluation, reliability for revealing artifacts in EEG, 54:448
strategies for designing dynamic psychological assessment system using online computer technology, 56:5124
traditional vs computer diagnosis based on data from personal interviews, psychodiagnostic agreement, clinicians, 57:10427
trilevel computerized system, psychodiagnosis of juvenile delinquency, 53:1442
validity, computerized psychodiagnosis, 53:3554

Computer Assisted Instruction

adaptive training models, development of automated system for instrument flight training, with capabilities for recognizing malfunction patterns & diagnosing trainee's difficulties, literature review, 57:2066
administrative perspective, computer assisted instruction, state university, 53:12409
animated computer graphics for illustration of internal & external digital & analog representational systems, 53:6622
application & effectiveness of PLATO IV computer assisted instruction, interpersonal skills training, US Navy company commanders, 56:5024
application of artificial intelligence techniques to computer assisted instruction, 54:8361
automated adaptive flight training system vs conventional training with instructor pilots & simulator operators, ground controlled approach & tactical air navigation task performance, US Air Force pilot trainees, 55:11087
automated instruction & teaching by objectives & educational systems & machines on current market, review & bibliography, 57:11341
automated tutoring program, learning of practical reading skills, disadvantaged 6th graders, 56:4930
BASIC Instructional Program, program for teaching BASIC programing language, 54:6224
behavioral objectives & instructional sequence & test & state anxiety in computer-assisted instruction, score achievement, students, 53:8315
CLIENT 1 computer program simulation of client behavior in initial counseling interview, training & evaluation in counselor education, 53:11793
comparison of modes of computer assisted instruction, attitudes & classroom performance, college students, 55:13113
computer aided mathematics instruction, low achieving mathematics students, 55:1333
computer assistance, achievement using curriculum based on individually prescribed instruction mathematics, 5th & 6th graders, 55:8085
computer assisted approach, specification & retrieval of performance objectives in instruction, 54:10482
computer assisted feedback, performance in televised course, college students, 58:10376
computer assisted instruction in biochemistry, 58:6258
computer assisted instruction program, introductory genetics course, 58:6249
computer assisted instruction using cross cultural data, data verification procedures & interpretation of ethnographic accounts, anthropology students, 56:2907
computer assisted instruction using prompting vs confirmation sequence, number of trials & time to criterion learning, college students, 55:3003
computer assisted instructional strategies varying in information content of correctional feedback & mathematical ability & prerequisite knowledge & anxiety, acquisition of introductory calculus concept, preservice elementary school teachers, 55:13181
computer assisted instructional system, automatic question generation, 56:7010
Computer Assisted Study Management System, individual study of instructional materials, college students, 54:12517
computer assisted teacher training system providing immediate feedback of teaching behavior, shaping of teacher behavior, naive trainees, 58:10241
computer assisted teaching programs, elementary physics, 54:4091
computer based instruction, attitudes & feelings of depersonalization, students & instructors, 55:1370
computer managed study, student learning & evaluation, secondary school students & teachers & administrators, 54:10489
computer simulated workshop, teaching informal reading inventory techniques, college students, 56:10641
computer use as a problem solving tool, mathematics achievement & attitude, 10th graders, 55:8067
computer-aided procedure, generating interesting assignments in applied statistics, students, 57:6799
computer-aided speech training, deaf, 57:2012
computer-assisted instruction by mobile laboratory, inservice mathematics education, Appalachian elementary school teachers, 53:10394
computer-assisted instruction lessons in teaching concepts of Flanders Interaction Analysis method, students in teacher education program, 56:8645
computer-assisted instruction systems, processing natural language, 53:10441
computer-assisted rhythm perception lesson, students in elementary education, 53:6165
computer-assisted testing system, examination performance, medical students, 56:8584
Computer-Assisted Vocational Counseling System, male vs female 10th–12th graders, 53:4086
computer-based instruction, attitudes toward computer-based instruction, students & teachers, 55:10772
computer-based instruction frame style, performance in statistics, students in introductory course, 58:10302
computer-based simulation model of pathologies, medical diagnosis education, 54:4141
computer-based system programs, speech training, profoundly deaf students, 54:4178
computer-based vs individualized workbook instruction in basic oscilloscope procedures, transfer of training performance, US Navy trainees, 56:8851
computerized-managed vs traditional approach to geometry, attitudes toward mathematics, high school students, 55:3023
computer-managed individualized behavioral objective instructional units vs lecture-demonstration methods, achievement in geometry, high school students, 55:3031
computer-presented verbal vs graphic analogies of complex concepts, acquisition & application of concepts & attitudes toward graphics version, college students in chemistry course, 56:2898
computers, feasibility of use in teaching college mathematics, 56:4763
computer's potential and practical aspects of computer instruction, 55:3065
courseware design strategies, computer assisted instruction, 53:12417
curriculum development, computer assisted instruction, 53:12469
curriculum evaluation using models of individual trajectories, prediction of student progress in computer assisted instruction, deaf 1st–7th graders, 56:3035
design & implementation & costs, machine independent computer assisted instruction language & system, 53:12418
design philosophy & mechanisms of SOPHIE, operational computer assisted instruction system producing "reactive" learning environment, 55:19
development & evaluation of computer assisted instruction for hearing impaired students, 58:6361
development, computer assisted instruction, 53:3994
development of Experiment Simulation system for instruction in analysis & construction of research design, 57:1946
development of intelligence & motivation screening devices for use with programs on PLATO IV, community college students, 58:12735
dogmatism & trait anxiety, state anxiety & errors during computer assisted learning of difficult mathematics problems, female college students, 56:4831
Dynamic Learning System design, fulfillment of human learning needs throughout life span, 54:6154
educational benefits & cost effectiveness, computer-related learning systems, 54:4059
educational program evaluation, computer assisted instruction in mathematics, secondary & high school & mentally retarded students, 53:12461
effectiveness, automated flight training system vs fly ground controlled approaches, US Navy students in basic jet training program, 56:3120
effectiveness of alternative instructional media, literature review, 53:3985
effectiveness of computer assisted instruction vs conventional classroom method, paired learning, US Army Infantry students, 55:3045
efficient educational practices, computer-assisted instruction, 53:10462
exposure to computer assisted testing, attitudes toward computer assisted instruction, graduate students in elementary teacher education program, 57:1917
features & types of easy author-entry systems for computer assisted instruction, 53:3970
functional components & equipment & system features, automated teaching, USSR, 54:4061
history tutor system using natural language, basic knowledge acquisition, elementary students, 55:10822
immediate feedback from electronic calculator vs pencil & paper exercises, acquisition & short & long term retention of basic multiplication facts, 5th graders, 55:8041
implementation of mixed-initiative computer assisted instruction within simulated electronics troubleshooting training laboratory interaction, Sophie program, 55:10733
incentive reinforcement schedules, computer-managed Air Force technical training & attitudes toward training, civilian Ss, 53:12671
individual differences & learner control over mnemonics, computer-assisted instruction task performance & anxiety, 53:12426
individual differences & learner control over pictorial mediators, computer-assisted instruction task performance & anxiety, 53:12427
individual vs small group learning with computer assisted instruction, cognitive criterion test performance & attitudes & length of study time, college students, 57:9041
individualized instruction using computer-generated instructional guide & student-selected objectives, number of objectives mastered & overall physics achievement & attitudes, high school students, 55:5485
instruction with vs without computer-managed instruction & sex & grade & ethnic origin, anxiety & self esteem, 4th–8th graders, 57:6804
instructional algorithms derived from mathematical learning models, application in computer assisted instruction of paired associated items, 55:13117
interactive graphics, performance-structure-oriented computer-assisted instruction, 53:4196
interrelations among computer applications & history & acceptability of computer uses, development of computer managed instruction, 54:8352
intuitive computer system, cognitive approach to management learning process, 55:13684
learner control & entry characteristic variables, effectiveness & efficiency of tutorial computer administered instruction in COBOL course, civilian & military students, 54:12704
learner control of mnemonic devices, performance & anxiety in computer-assisted task, college students, 53:3988
learner control of pictorial mediators & personality variables, performance on computer-assisted task, college students, 53:3987
locus of control & controlled selection vs choice of arithmetic problems in computer assisted instruction, choice patterns & task engagement, 4th & 5th graders from low-income school, 55:8021
memorization of rule statements, performance & retention & transfer in computer-based learning task, high school students, 55:10823
microcounseling model with vs without computer assisted instruction vs classroom instruction, ability to communicate & discriminate & identify verbal counseling skills, guidance students, 57:6680
modeling learner, adaptation of computer instruction to individual, 55:10753
modularized computer programs, computer-aided performance training for diagnostic & procedural tasks, 58:86
on-line computer-based model, facilitation of teaching research methods, 57:1945
operational effectiveness of general purpose simulator in training checkout & troubleshooting tasks for aircraft radar system, students in technical training course, 56:10835
optimal presentation strategies, computer-based spelling instruction, elementary school students, 55:5512
Papy-Lamon minicomputer, aid to learning mathematics, blind & visually handicapped children, 55:5653
partially observable Markov decision process over infinite time horizon with discount factor, instructional sequence optimization in computer aided instruction, 58:10848

Performance-Structure Oriented computer-assisted instruction, naval training, 53:4195
PLATO IV computer based instructional system, changes in job-related behaviors & intentions, US Navy company commanders, 57:2086
PLATO IV computer-assisted instruction system, interpersonal skills training, 54:6471
practice amounts, success in computer assisted instructional programs for electronics & trigonometry, college students & military technicians, evaluation of R. D. Wollmer's Markov model for instructional sequence optimization, 56:4803
predictive-control models integrated into computer assisted instruction as described by P. Suppes et al, performance, American Indian 4th & 5th & 6th graders, 55:1404
presentation of cognitive objectives for study units in computer-managed courses, test item latency & study time & achievement & anxiety, graduate students, 57:13738
program development of mobile computer assisted instruction, teacher education, teachers of handicapped children, 53:12375
Program for Learning in Accordance with Needs, individualized instruction utilizing computer terminals in different schools, 53:10426
Programmed Logic for Automatic Teaching Operation system, interactive computer simulations technique for training & evaluation in teacher education, 54:10435
purpose & function of adaptive instructional models, individualized Air Force technical training, 53:12643
reading instruction employing programed text vs computer based display unit, reading achievement, semiliterate 14–18 yr olds, 55:13466
resource & management problems, introduction of PLATO computer-aided instruction system into community colleges, 56:2859
rule complexity & rule vs higher-order unit vs whole word approaches, decoding in simulated reading task using computer assisted instruction, 5th & 6th graders, 58:4229
selection of programing language, statement of instructional problem in computer assisted instruction, 54:4124
social influence & conformity, computer-human interactions, implications for use of computers in educational contexts, 55:10784
sociometric structures, application of interactive computer graphics for instruction & analysis, 58:81
speech pitch frequency, emotional state, drama students, implications for 2-way audio component for computer-based learning systems, 54:8633
student responsibility & personality types, correctness of response & response time & attitudes toward media & materials & content in computer based instruction, college students, 55:3094
student-controlled learning in computer-assisted instruction, teaching concepts, children, 53:10456
student-initiated reports, operational analysis in evaluation of computer-assisted instruction course, 53:6155
tactical data systems, feasibility for use in supporting unit & individual training, 57:11631
traditional class instruction vs computer-managed instruction program & age & intelligence & sex & ethnic group, Peabody Individual Achievement Test performance, learning disabled students, 57:6924
training & research applications & programing systems & personnel & physical facilities, university computer laboratory, 57:18
training with computer-based graphic simulation of operational equipment vs self paced booklet instruction, electricity & electronic naval trainees, 56:8838
underlying values, B. S. Bloom's theory of mastery learning vs computer assisted instruction, 57:9017
use of computers in psychology for data analysis & model simulation & experimentation & teaching assistance, 58:8591
verb checking prior to entry & logic separation from data & self-documentation of course & machine independence from course, interrogative authoring system, 53:4153
verbal vs pictorial versions of computer assisted instruction in interactive graphic analogies, learning of concepts in electro-chemistry as measured by recall tests of knowledge & comprehension & application, college students, 56:4789
2-person computer game, tutorial exercise, computer assisted instruction authors, 54:4051

Computer Programing Languages
algorithm in computer language, simultaneous homomorphic correspondences between graphs & image graphs of networks of ties among Ss in small groups, 57:2265
application microprograming in psychology, 56:5127
approaches to debugging of computer programs, replication of J. D. Gould & P. Drongowski's results, 54:4284
BASIC Instructional Program, program for teaching BASIC programing language, 54:6224
BASIC programing language, numerical ability & attitudes towards mathematics, 10th graders, 53:3963
change agent game, computerized game in BASIC for time sharing terminals, 53:6435
COBOL program, published article information retrieval from own data base on joint information set, 58:2466
computer programing language training with vs without diagram model of computer, performance on problems requiring looping & program interpretation & generation, college students, 55:8070
CONSTEL, FORTRAN IV program for factor & cluster analysis of mixed data, 53:6499
construction of SP-12 special-purpose language for small computers, 53:10684
demographic balancing equation computation on computer terminal, BALANCE as FORTRAN IV program, 53:6437
development & uses, application language for biosignal processing & experimental control, 55:11256
developmental level determined by performance on Piagetian tasks, learning & use of LOGO computer programing language, 4th graders, implications for teaching of programing to children, 55:3032
EMPP, problem-oriented language for programing of psychological experiments on minicomputer, 56:5107
FOCLAB system, language for computer controlled psychology research, 56:5139
FORTRAN IV computer program for performance of G. G. Watson's nonparametric 2-sample test, 58:2492
FORTRAN IV functions, calculation of exact probabilities associated with basic statistics, 53:10660
FORTRAN IV program for optimally ordered paired comparison stimulus presentation, 53:6405
FORTRAN procedure, facilitation of graphic display of 2-dimensional simplicia, 58:2467
GLUE language, computer control of complex experiments, 53:17
interactive command language design, 54:2123
learner control & entry characteristic variables, effectiveness & efficiency of tutorial computer administered instruction in COBOL course, civilian & military students, 54:12704
online computer program, studying bargaining & coalition formation processes in n-person characteristic function games, 56:5129
pretraining vs no pretraining with concrete model of computer & advance organizers & Ss' control of frame order, pattern of transfer for meaningful learning of computer programing language, college student nonprogramers, 56:2878
programed instruction vs audio cassettes & workbook & personality-aptitude variables, achievement in learning computer programing language, 56:10604
programing automized experiments, selection of appropriate computer language, 58:2458
selection of programing language, statement of instructional problem in computer assisted instruction, 54:4124
state notation as programing language, description of SKED minicomputer operating system, 56:5114
structure of problem representation, comprehension of complex & less complex questions, college students, implications for development of computer programing languages, 56:3387

Computer Programs [See Computer Software]

Computer Simulation
analog simulator, objective clinical interpretation of EEG, 55:3459
analysis of concept identification performance with varying proportions of position instances, adequacy of 3-process computer simulations, 58:2478
apathetically- & neutrally-oriented computer-generated messages, attitude change, high school students, replication & extension of C. Hylton & W. B. Lashbrook's study, 53:3031
artificial intelligence programs simulating intelligent vision systems, review & critique, 57:9340
aversion to mathematical & computer-simulated models & addiction to verbally stated theories, social psychologists, 56:2289
CLIENT 1 computer program simulation of client behavior in initial counseling interview, training & evaluation in counselor education, 53:11793
cochlear model, skin stimulation representing auditory perception, 53:4329
cognitive learning style components, achievement on computer simulation games & pre- & postgame content mastery, college students, 57:6857
cognitive vs affective gains, computer simulation, 55:5878
comparison of alternative models, pattern processing by random adaptive module system, 58:10926
comparison of repetitive-firing behaviors of 2 types of sensory neurons with 2 mathematical models, crayfish & cats, 53:11006
computational & noncomputational computers, use in profile analysis & interviewing & personality assessment & medical/clinical data processing & simulation, 57:36
computer implementation & application of psychosocial model for digitally simulating crew performance, submarine crews, 56:3142
computer methods for physical parameter extraction, reliable & valid linguistic analysis of intonation, book, 53:7382
computer models of personality, review of research & implications for personality measurement, 57:12812
computer program for random sample generation & evaluation of psychological & behavioral models involving random error components, application for Monte Carlo work, 56:1628
computer simulated workshop, teaching informal reading inventory techniques, college students, 56:10641
computer simulation approach, prediction of manning factors in postyear 2000 ships, 56:3144
computer simulation, behavioral homeostasis, 54:670
computer simulation, copulatory behavior, male rats, 54:735
computer simulation, dynamic model of visual perception, 55:3618
computer simulation, eye movements & visual perception, 55:3623
computer simulation for evaluation of alternative government housing actions & policies, decision to move & search & selection process components, 56:8953
computer simulation in examination system allowing 2nd test for courses, calculation of student success & mean capacity, 58:10794
computer simulation method, feasibility for evaluation of human effects on nuclear systems safety, 56:6940
computer simulation model of shame-humiliation theory of paranoid processes, clinical implications for understanding & treatment & management & prevention of paranoid disorders, 56:8110
computer simulation of behavior & information theory, 58:8583
computer simulation of compound muscle action potentials, analysis of motor conduction velocity in human median nerve, 55:321
computer simulation of E. Jaques' theory of equitable payment, empirical findings of career pay studies, 53:4152
computer simulation of expert problem solver & cues to induce information about solutions for class of problems & inter-problem transfer, structure of experience acquired while learning to solve class of problems, 57:334
computer simulation of general model based on T. Leary's personality theory, dyadic interactions, 55:4511
computer simulation of individual & aggregate human behavior, implications for training & future role of public health educators, 56:7009
computer simulation of motivational systems, circadian & homeostatic properties of drinking behavior, rats, 54:706
computer simulation of natural language processing, cognitive process model of person evaluation & impression formation, 58:6629
computer simulation problems, social sciences, 53:2110
computer simulation procedure, assessment of individual educational growth, 53:8408
computer simulation program, evaluation of goodness of fit in targeted rotation of factors, 58:10793
computer simulation, student performance in elementary classroom, 53:8345
computer simulation, tailored testing strategies for objective-based instructional programs, 58:8676
computer simulation, visual Y-system mediating scanning & focusing control of eye muscles, 55:8608
computer-generated vs simulated moton picture displays, human psychomotor & vehicle response in driving simulation, male college students, 56:10906
computerized simulation game, realization of future educational possibilities, college students, 53:1912
construction & use of internal representations for rapid problem solving during playing of board games, computer simulation model of internal representation, 57:7141
creation & evaluation of computer simulated counseling interviews, counseling responses & effectiveness, counseling students, 55:2849
decision rule & similarity of S's initial preference position to group & group members' preferences & preference strengths, computer simulation of triad decision making, 58:1098
development & computer implementation & evaluation, algorithmic approach for identifying instructional content sequences in curriculum construction, 7th graders, 57:9058
development of computer simulation procedure, assessment of educational growth or change based on correlations between true & estimated growth scores, 56:10791
development of Experiment Simulation system for instruction in analysis & construction of research design, 57:1946
development of operational model of conflict, ecological generality & computer simulation of Prisoner's Dilemma, 58:7449
diagnosis of computer-simulated cases, training of learning-disabilities specialists, 53:6117
digital computer simulation of US Army operational field actions personnel performing message processing tasks during tactical operations systems mission, 54:8540
digital simulation model of human performance in information systems, 54:8539
empirical investigation of symbolic imagery hypothesis, computer simulation of production system in visualization tasks, 57:352
ESP experiment of J. G. Pratt & J. L. Woodruff, computer simulation & viable explanatory hypothesis, 55:5863
evaluation of computer models of asymptotic reversal learning, pigeons, 56:1878
experiential approach using intentionally misdesigned computer simulation model, teaching about usefulness of simulation models & detection of inadequate models & procedures for employing consultants, middle managers in executive development seminar, 55:3356
frequency & conceptual structure & pattern recognition in computer programs modeling human conceptual/recognition systems, 56:8963
generalized cybernetically-based artificial intelligence model, simulation of output responses of decision making processes employed by managerial personnel, 55:13691
human disparity-vergence eye movements, heuristic feedback system model & fit of simulation studies to research data, 58:2625
Human Engineering Electronic Countermeasures, communication problems & filtering of analog changes, 53:2122
human semantic processing, elaboration of M. R. Quillian's spreading-activation theory, 55:3421
hypothesis testing by computer simulation, inferential simulation, 56:5150
identification of cognitive subprocesses from computer simulation & process training vs additional task practice & grade level, performance in letter series completion problems, 1st–6th graders, 57:2372
implementation of mixed-initiative computer assisted instruction within simulated electronics troubleshooting training laboratory interaction, Sophie program, 55:10733
implementation of model of short term memory as computer program, 58:76
interactive management information system, mathematical model & computer simulation for planning & management of individualized instruction, 56:10658
knowledge of computer simulation of opponents, choice behavior in non zero sum game, students, 58:7440
language & memory & thought, theory of & experimental tests of human cognitive functioning embodied in computer simulation model, book, 57:7130
language in which problem instructions are written, object naming in puzzle isomorphs & structuring internal problem representation, graduate students & college faculty members, implications for computer program UNDERSTAND theory, 56:5273
letter segmentation of cursive scripts, kindergartners without knowledge of alphabet, segmentation model simulated by digital computer, 55:4266
MANMODEL program, system performance measurement under different mixes of equipment & personnel & procedures, 54:2110
Manpower Planning Quotas model, human resources forecasting system using computer-based modeling & simulation techniques, 54:8546
mathematical analysis & computer simulation of circuit model based on R. F. Thompson's 2-process theory of habituation, 56:3201
mathematical framework, perceived behavior patterns of dynamical man-machine systems, 53:10650
mathematical model, decision making neural circuits controlling mammalian food intake, 54:6835
mathematical models of attitude change & conditioning of meaning paradigms, computer simulation of conditioning of meaning, 56:6998
Monte Carlo investigation, error of estimate associated with 6 item-examinee sampling plans, 55:11268
Monte Carlo program, simulation of selection decisions from personnel tests, 57:50
Monte Carlo simulation, test fairness of conventional & Bayesian adaptive ability testing models, minority & majority subgroups, 57:2201
multidimensional evaluation, simulation of paranoid thought processes, 54:1270
multimethod-multitrait validation of digital simulation model of intermediate size crew performance, patrol gunboat class navy ship crews, 56:3143
multivariate association among set of variables, computer simulation of test statistics sampling properties & distribution, 53:6483
network analysis & simulation programing using Graphical Evaluation & Review Technique Simulation, application to problem areas in psychology, 57:4703
neural model & computer simulation, perception of depth surfaces in random dot stereograms, 55:3622
nomothetic & idiographic approaches & methodology of computer simulation, study of individuality & individual, 57:11741
operational effectiveness of general purpose simulator, technical training for checkout & troubleshooting procedures for sophisticated aircraft radar system, airmen, 55:1642
operational effectiveness of general purpose simulator in training checkout & troubleshooting tasks for aircraft radar system, students in technical training course, 56:10835
previous performance & goals & competitor's performance, aspiration levels in simulated firm environment, graduate business students, 53:2034
Programmed Logic for Automatic Teaching Operation system, interactive computer simulations technique for training & evaluation in teacher education, 54:10435
real vs simulated experiments, academic learning, introductory psychology students, 55:8058
research & contribution to other fields, artificial intelligence, 54:6437
SIMCOL, FORTRAN IV simulator program for use in study of coalitional behavior, 57:11736
simple averaging model program, impression formation simulation, 57:40
simulation methodology, procedures for verification & validation of computer models, 58:4570
simulation model of psychological epistemology & function programs explicating styles of rationalism & empiricism & metaphorism, implications for behavioral study of acquisition of knowledge, 56:3189
simulation of feature detectors in human visual system, models for line detection in noise, 56:9102
sociometric structures, application of interactive computer graphics for instruction & analysis, 58:81
stereotype approach, modeling & computer simulation of evolving societies & hypothetical elementary school, 54:8642
stochastic mathematical model, digital simulation of closed man-machine systems operated by 4–20 member navy crews, 57:14132
stress & cognitive style & trait anxiety, computer simulation game-produced state anxiety, 8th & 9th graders, 53:7510
structure & strategies & soft- & hardware design characteristics, prototype generalized tactical decision making training system, 53:12768
system design model, application to development & testing of computer-based simulations in civil procedure, 57:9330
theoretical concepts & methods of computer simulation for theory of motivation & action proposed in "The Dynamics of Action", 56:26
theoretical models in environmental psychology, areas of application & methodological contributions & description of simulation models in vision, 58:2470
theory development & computer simulation, mathematical psychology, 55:5903
training with computer-based graphic simulation of operational equipment vs self paced booklet instruction, electricity & electronic naval trainees, 56:8838

use of computers in psychology for data analysis & model simulation & experimentation & teaching assistance, 58:8591
worker productivity & job satisfaction & group cohesiveness, computer simulation study of leadership style & worker orientation, 55:13699

Computer Software

adaptation of computer system, control of experimental processes & instrumentation in speech processing & psychoacoustic experiments, 58:2486
additions to Comprehensive Occupational Data Analysis Programs, assignment of training priorities based on task factor information, 58:8580
algorithm, assessment of factor structure congruence, 58:8683
ALICE, program for S- & item-based analyses of randomly ordered sets of data, 58:6630
analysis & comparison of software available to behavioral scientist, 57:65
analysis of higher order subjective organization units in free recall, criticism of J. W. Pellegrino's computer program, 53:8576
analysis of variance & fiducial reference & corresponding computer programs, 58:6727
analysis of variance with repeated measures programs, utility for estimating reliability, 55:5899
ANOVAR program, 1- & 2-way analysis of variance for equal & unequal & proportional cell sizes, 53:2162
application of 3-state model for analysis of data, estimation of item & order information in serial recall procedure, 57:2185
approaches to debugging of computer programs, replication of J. D. Gould & P. Drongowski's results, 54:4284
assembler-written programs for PDP 12 computer, use in vision experimentation, 58:2474
ATSCALE computer program, evaluation of unidimensionality & internal consistency of responses to scale items, 53:61
automated hardware–software system, behavioral neurophysiology research, 53:8561
automatic procedure & computer routine, determination of underlying dimensionality of empirically obtained matrix of proximities, 53:2180
background & development of MERLIN, computer program for understanding & artificial intelligence, 54:38
basic equations & computer programs, G analysis, 57:143
BASIC program for minicomputers, multiple analysis of variance for between-groups design & N-way factorial arrangement, 57:4687
BASIC subroutine to generate random Greco-Latin squares, 57:4702
BOOKBAG, computer program for calculation of parameters of "book bag & poker chips" Bayesian task, 58:6626
canonical correlation computer programs, comparative analysis of run characteristics & limitations & analysis features & options, 57:156
change agent game, computerized game in BASIC for time sharing terminals, 53:6435
CIRDIS, computer program for computation of interindividual distances within circular area, animals, 58:6586
CLIQUE, computer program for extraction of maximal complete graphs from binary symmetric matrix representing continuous similarity–difference or binary relation among entities, 54:10846
COBOL program, published article information retrieval from own data base on joint information set, 58:2466
COCOA FORTRAN program, concordance & word-count processing of natural language texts, 53:8536
coding answers for optical mark reading, errors in answering multiple choice questions, paid adult volunteers, implications for computer software design, 58:10738
COMPAR, computer program providing fictional information about others, study of attitude similarity & deviance & feelings of indistinctiveness, 56:3183
Comprehensive Occupational Data Analysis Programs & Ordering of Hierarchically Grouped Case Data & Print KPATH programs, analysis & retrieval of occupational survey information, US Air Force, 55:8462
Computer Assisted Study Management System, individual study of instructional materials, college students, 54:12517
computer constructed questionnaires, attitude measurement, 58:8624
computer FORTRAN program, item evaluation & reliability estimation & test scoring, 57:87
computer model of linguistic segmentation, application to natural language, significance for development of language acquisition model, 58:10795
computer program & manual, analysis of digitally coded behavior observational data, 58:6607
computer program, algorithm for segmentation of artificial language, 54:5300
computer program ALICE, manipulation & statistical analysis of multidimensional data in form they are generated, 57:4709
computer program, analyses of variance for data from round-robin experiments, 57:7144
computer program, analysis of free-recall experimental data, 53:10664
computer program, analysis of variance & cross-products, 53:2170
computer program analysis of student autobiographies, accountability of affective educational programs, 58:6227
computer program based upon mathematical relationships between variables, creation of unique multiple linear regression problems for each student, 56:65
computer program, calculating power of F test, 57:169
computer program, calculation of adjusted & unadjusted interrater reliabilities for sets & subsets of judges, 55:3552
computer program, calculation of multiple correlations using predictive variables to predict dependent variable, 53:83
computer program, calculation of A. M. Mood's dispersion test statistic using P. W. Mielke's adjustment for ties, 57:11757
computer program, calculation of Phi & G coefficients, 55:3548
computer program, classification by linear & quadratic discriminant scores, 53:2168
computer program, comparison of individual & group profile similarity for classification purposes, 53:75
computer program, computation of nonparametric analysis of variance statistics, 58:6620
computer program, computation of scores & correlations on ordered multicategory test items, 53:68
computer program, correction of correlation coefficient for restriction of standard deviation, 57:165
computer program, creation of population with desired size & centroid & covariance matrix, 55:3467
computer program, deriving measures of verbal relatedness, 57:45
computer program, determination of correct formulas for entries in analysis of variance tables, 53:73
computer program development, interpretation of neuropsychological test battery, 55:8603
computer program, facilitation of analysis of interpersonal perception method of R. D. Laing et al, 57:11753
computer program, facilitation of interpretation of factor analysis solutions, 54:121
computer program, Fisher's Exact Probability Test & coefficient of association for n times m contingency tables, 58:8578
computer program for analysis of behavioral data gathered from insect flight-mill system, 57:4658
computer program for analysis of categorical data, 57:7163
computer program for analysis of signal detection data, 55:3458
computer program for deterministic & probabilistic models of order analysis, 54:125
computer program for Hotelling's T-2 for single or related samples with optional post-hoc & contrasting univariate analyses, 54:130
computer program for identification of recurrent clusters, analysis of sequential organization, 57:4712
computer program for item selection based on maximum internal consistency, 57:7162
computer program for latent partition analysis, 53:10670
computer program for performing generalizability study analysis for 2- & 3-facet designs, 57:4674
computer program for small & large samples & mathematical discussion & algorithm, Fisher's exact probability test, 55:3570
computer program, generation of autoregressive integrated moving averages data, 58:8589
computer program, generation of Hudson's Variance Index for categorical clustering performance, 53:10656
computer program ITEMAN, test & questionnaire & scale item analysis, 57:83
computer program, Likert format questionnaire analysis, 58:6583
computer program, linear models for describing dominance & composition judgments, 57:4789
computer program, management of behaviorally oriented curriculum objectives, 54:6255
computer program, measurement & statistical analysis of higher order units of subjective organization in multitrial free recall learning, 58:6619
computer program, nonhierarchical clustering technique, 53:2177
computer program operating on rectangular data matrices, collection of checklist person-perception data, 57:4689
computer program, ordering-theoretic data analysis, 57:4660
computer program, performance of multiple-group factor analysis, 58:8612
computer program, point-biserial coefficients of correlation, 58:8614
computer program, preparing troubleshooting trees, 53:10683
computer program, probabilities for Kolmogarov-Smirnov one-sample test statistic, 53:2186
computer program, probabilities of Rayleigh's test statistics for circular data, 53:2185
computer program, readability measurement of textbooks using optical scanning device to count letters & sentences, 54:2007
computer program, relating factors across separately factor analyzed variable domains, 57:151
computer program, reliability assessment using analysis of variance, 57:133
computer program, rotation in canonical variate analysis, 57:4685
computer program, rotation of pattern of structure matrix from multiple discriminant analysis to varimax criterion, 58:6611
computer program, scoring & analysis of Free Association Test, 58:6616
computer program, selection of optimum sample size & number of levels in nested random-effects designs, 53:70
computer program, solution of problems of profile analysis, 54:6573
computer program, test for mixture of 2 normal distributions, 58:8620
computer program, test of differences between comparison & criterion groups on Minnesota Multiphasic Personality Inventory, 53:76
computer program to execute algorithm, trial-by-trial identification of S's hypothesis in concept learning, 53:10668
computer program to read & edit alphanumeric narrative text, 57:4695
computer program, univariate & multivariate judgment analysis, 58:8606
computer program using monotonic & linear fitting criteria, generalization of Schonemann-Carroll Matrix Fitting Algorithm, 53:101
computer program, variable analysis of scored sleep data, 56:3204
computer programing language training with vs without diagram model of computer, performance on problems requiring looping & program interpretation & generation, college students, 55:8070
computer programs, assessment of rater agreement & rater bias for qualitative data, 58:8581
computer programs, construction & analysis of custom-designed questionnaires & rating scales for student evaluation of instruction, 58:8584
computer programs, facilitation of compliance of community mental health centers with utilization review requirements, 57:4087
computer programs for reprint-reference system for minicomputers with auxiliary mass-storage capabilities, 57:4704
computer resources, application to employee remuneration program, 53:4226
computer subroutine, generation of all permutations of N integers, 53:10681
computer system, production of natural-speech on software-generated stimuli for monaural & binaural & dichotic auditory presentation, 56:5141
computer-aided procedure, generating interesting assignments in applied statistics, students, 57:6799
computer-assisted instruction systems, processing natural language, 53:10441
computerized approach, determination of equal appearing interval attitude scales, 57:11740
configuration & potential uses & software requirements & application examples, minicomputer in laboratory automation, 57:20
CONGR, FORTRAN IV program to compute coefficients of congruence for factor analysis, 57:4697
CONJOINT user's manual, computer program for evaluation of CONJOINT measurement axioms, 56:1612
CONSTEL, FORTRAN IV program for factor & cluster analysis of mixed data, 53:6499
control card writeups for main programs in UNIVAC 1108 version of CODAP, organization & reporting of occupational information, 53:10693
CORALL program, computation of correlation measures, 55:3572
demographic balancing equation computation on computer terminal, BALANCE as FORTRAN IV program, 53:6437
design & implementation & costs, machine independent computer assisted instruction language & system, 53:12418
development & computer implementation & evaluation, algorithmic approach for identifying instructional content sequences in curriculum construction, 7th graders, 57:9058
development & uses, application language for biosignal processing & experimental control, 55:11256
development of computer program to transcribe classical melody into musical notation, psychological theory of perception of melodies, 57:7153
development of intelligence & motivation screening devices for use with programs on PLATO IV, community college students, 58:12735
developmental level determined by performance on Piagetian tasks, learning & use of LOGO computer programing language, 4th graders, implications for teaching of programing to children, 55:3032
extreme groups designs & calculation of statistical power, identification of aptitude-treatment interactions, 54:113
factorial-univariate analysis of covariance, relative performance of commonly available computer program packages, 58:8617
features & types of easy author-entry systems for computer assisted instruction, 53:3970
FNEW program sequence for execution of multiple user-written machine language subprograms in FOCAL program, 53:6434
FORTRAN computer program, construction of isodensity ellipses for bivariate normal correlational analysis, 57:7166
Fortran Extended computer program, large sample confidence limits for Goodman & Kruskal's proportional prediction measure TAU sub beta, 57:7133
FORTRAN II PROBAL program, prediction of high blood alcohol levels for animals in group situation, 57:11747
FORTRAN IV computer program for performance of G. G. Watson's nonparametric 2-sample test, 58:2492
FORTRAN IV computer program, partitioning chi-square contingency tables, 57:7151
FORTRAN IV functions, calculation of exact probabilities associated with basic statistics, 53:10660
FORTRAN IV program, analysis of covariance with a priori or a posteriori mean comparisons, 58:8587
FORTRAN IV program, assessment of reliability & systematic bias of individual measurements, 57:7135
FORTRAN IV program, calculation of regression equation without factor scores, 56:5209
FORTRAN IV program, calculation of unpooled error term & determination of statistical significance in testing difference between mean of 2 groups, 53:110
FORTRAN IV program, commonality analysis, 57:4696
FORTRAN IV program, computing all possible multiple regressions, 57:4679
FORTRAN IV program, detection of statistical outliners, 57:153
FORTRAN IV program for optimally ordered paired comparison stimulus presentation, 53:6405
FORTRAN IV program, J. S. Rao's test of uniformity in circular distributions, 57:11738
FORTRAN IV program, multiple choice tests with predetermined minimal acceptance performance levels, 57:7156
FORTRAN IV program, test of differences between response groups on sets of items, 53:114
FORTRAN IV program, 1-way analysis of variance with a priori or a posteriori mean comparisons, 58:8588
FORTRAN IV programs, subscale scoring of Group Atmosphere & Class Atmosphere Scales, 57:4698
FORTRAN IV test scoring programs, scoring items of single-response type, 53:112
FORTRAN procedure, facilitation of graphic display of 2-dimensional simplicia, 58:2467
FORTRAN program, computation of ridge regression coefficients, 53:72
FORTRAN program for analysis of results of Flanders Interaction Matrix, 54:137
FORTRAN program for discrete discriminate analysis, 57:4665
FORTRAN program for J. Cohen's kappa coefficient of observer agreement, 57:4663
FORTRAN program, full rank regression model of statistical hypothesis testing, 53:88
FORTRAN program, linear & area test score transformations & T scale origin, 58:8600
FORTRAN V computer program, clustering large matrices into hierarchical structures of interassociations between objects, 57:145
FORTRAN V program, administration & interpretation of Interpersonal Check List, 58:8602
frequency & conceptual structure & pattern recognition in computer programs modeling human conceptual/recognition systems, 56:8963
function written in APA/360 for analysis of variance table for experimental designs, 57:4692
general data processing & specific statistical criteria & accuracy & validity, SPSS vs Data-Text vs BMD vs SAS statistical software packages in computation of factorial univariate analysis of covariance & stepwise multiple regression & principal-axis factor analysis, 57:7159
general linear regression methods, multivariate analysis of variance computer program, 54:2216
generalized analysis of variance computer program, repeated measures designs with unequal group size, 53:10678
Glace-Holmes speech synthesizer control program, 53:6529
graphic production study, use of computer equipped with visualization screen & description of accompanying FORTRAN program capabilities, 58:2477
GSCALE FORTRAN IV program, scalogram analysis for dichotomously scored items, 57:11754
GUIDCOUN, item & test analyses & standard scores distribution, 58:8613
Hill Interaction Matrix scoring & analysis programs, quantitative evaluation of interactions within therapy groups & other group settings, 58:2480
human communication processes, design of man machine language, 53:2090
human factors engineering & software interface in man-computer systems & display formats, 57:4585
implementation of experimental designs & storage of results in PACER system of on-line control, 56:8940
implementation of experimental procedures in PACER system of on-line control, 58:2468
implementation of mixed-initiative computer assisted instruction within simulated electronics troubleshooting training laboratory interaction, Sophie program, 55:10733
implementation of model of short term memory as computer program, 58:76
INDSCAL, individual differences in multidimensional scaling, 53:43
intelligent experimental stations controller for extensible multiprograming system for human experimental psychology, 57:4667
interactive computer program, quantification of decision maker's preferences for multiple objectives in terms of multi-attribute utility function, 57:4684
interactive monotone distance analysis, APL/360 program, 54:119
interactive program for solution of linear models, 54:135
INTERORD program, development of simple orders, 55:3462
INTERSCAL, TSO FORTRAN IV program for S-computer interactive multidimensional scaling, 58:8582
IRIS program, recovery of simple ordering of set of stimuli in as few paired comparison preference judgments as possible, 55:3468
ISTANDR FORTRAN IV program, indirect method of calculation of age-standardized death rates, 53:8580
ITANA–III program, computation of psychometric characteristics of multiple choice tests including test statistics & item statistics, 55:3491
item analysis computer programs, comparative analysis of run characteristics & limitations & analysis features & options, 57:155
ITEMA computer program, item analysis & test scoring procedure, 57:112
job analysis & trait profiles, computer programers & systems analysts, 56:1538
language in which problem instructions are written, object naming in puzzle isomorphs & structuring internal problem representation, graduate students & college faculty members, implications for computer program UNDERSTAND theory, 56:5273
LEXSTAT program, computation of statistics to describe lexical diversity of natural language texts, 53:8558
Little Jiffy Mark IV method, computer program for exploratory factor analysis, 53:90
MANMODEL program, system performance measurement under different mixes of equipment & personnel & procedures, 54:2110
manual of system functions & modules & user instructions, training line simulator for evaluation of policy interactions impact on basic & technical US Air Force training, 55:8474
mechanized procedures & computer programs, construction of representations of domains of tutorial conversations & structuring academic subject matters, implications for learning style, 54:2117

methodology & computer program, selection of multiple regression equation by maximizing double cross-validation correlation, 57:7154
microcomputer program for analysis of variance using tape unit, 57:7140
microcomputer program, matrix multiplication using tape unit, 57:7139
minicomputer programs, stimulus event control & response recording data using nictitating membrane & jaw-movement response in classical conditioning, 53:2727
models of different forms of learning in connection with problem solving computer programs, 57:348
modification of computer program so stop consonant generation rules depend upon context, intelligibility of stop consonants in isolated consonant-vowel syllables, 57:16
modifications for computer program to study longitudinal process of colony of macaques, 57:4672
modular package of programs for filling model parameters to data & plotting fitted curves, 57:7160
modularized computer programs, computer-aided performance training for diagnostic & procedural tasks, 58:86
Monte Carlo evaluation, computer-interactive extended transitivity dominance scaling model, 57:9396
multilevel programing, artificial intelligence, 54:8654
multiple regression & analysis of variance techniques for use with prepared computer programs, book, 57:11834
multiserial correlation on computer, PL I program, 53:6485
new occupational data analysis programs, analysis of occupational task factor data, 57:14035
nonmetric multidimensional scaling, comparison of analysis programs & use of different Minkowski models, 58:4684
nonparametric ranking method, statistical evaluation of sensory data, computer program, 56:67
normal scaling of unidimensional dominance matrices, domain referenced model, 58:8601
observer procedures & computer programs, 3-dimensional graphic method for qratification of body position, 56:1624
ORGAN & ORGY programs, analysis of organization structures, 53:8553
PATHL program, path analysis of complex recursive systems, 55:3571
POLARI, FORTRAN IV program for attitudinal polarization measures, 57:4708
population pyramid construction on computer terminal, PYRAMID, 53:6436
POSTHOC FORTRAN IV program, computation of 1-way analysis of variance & mean comparisons, 53:8570
principal-axis factor analysis, comparison of selected computer program packages, 58:8618
problem complexity & quality of expression, formulation & planning & coding of problems using Interactive Query Facility-like query languages, college students & middle aged file clerks, 55:11185
program for generation of random-dot stereogratings in Cyclopean stimulation, 53:10698
program for rapid sequential visual presentation on videoterminal, 56:5122
program for 3-factor analysis of variance with repeated measures on 2 factors, 54:110
psycholinguistics, description of computer programs employed for stimulus presentation & data analysis, 58:2479
rationale from user's view point, open format event recording system with computerized transcription, 56:8961
RECDIS, program for computing interindividual distances within rectangular area, animals, 58:6585
recording of interval histograms of EEG half-wave durations, period analysis of EEG, 54:8967
refinement & adaptation & testing of computer-generated troubleshooting trees, isolation of equipment faults, job performance aids, 54:2016
review of outputs, selected discriminant analysis computer programs, 58:8594
revised FORTRAN IV program, 3-mode factor analysis, 57:168
selected test items & score statistics based on simulated mental test data, development of computer program system for generation of expected sampling distributions, 58:8637
series of computer programs, analysis of coded statements describing interactive behavior between parents & children, 58:2485
SIEGEL program, performance of nonparametric statistical methods, 55:3573
significance testing on randomized mean differences with small computer, 54:2213
SIMCOL, FORTRAN IV simulator program for use in study of coalitional behavior, 57:11736
simple averaging model program, impression formation simulation, 57:40
SINFA computer program, multivariate uncertainty analysis for confusion matrices, 58:89
sociometric structures, application of interactive computer graphics for instruction & analysis, 58:81
software system for sleep stage data handler, 56:7006
software timing management, computer-controlled on-line experiments, 53:6406
SPAN III computer program, addition of confidence weighting to collecting participants' judgments & synthesizing group decisions, 57:4690
statistics & computer programing, computational handbook, 58:194
structure & strategies & soft- & hardware design characteristics, prototype generalized tactical decision making training system, 53:12768
subroutine for computer program, multiple logistic discriminant function analysis, 53:8545
subset scaling program, multidimensional scaling of objects & variables, 53:109
system for collection & computer analysis of sociometric data for research & classroom purposes, 57:7155
test items with given estimates of difficulty & discrimination, program system for estimation of characteristics of test scores distribution, 55:3495
TGDA computer program for nonparametric discriminant analysis within Bayesian framework, 57:7158
time & information aids & strategies, computer program debugging, FORTRAN programers, 53:6388
training & research applications & programing systems & personnel & physical facilities, university computer laboratory, 57:18
trilevel computerized system, psychodiagnosis of juvenile delinquency, 53:1442
understanding & planning & coding, model of cognitive behavior in writing code for computer programs, implications for teaching programing, 58:8579
UNIVMX program using univocal varimax strategy, achieving optimal simple structure, 55:3554
validity of application of computer program to Raven's Progressive Matrices, 54:1122
verb checking prior to entry & logic separation from data & self-documentation of course & machine independence from course, interrogative authoring system, 53:4153
VOTEORD program, algorithm for analysis of power ordering sets, 53:8574
WORDS computer system, elicitation of content themes, 53:2117
02 search algorithm, function minimization for small computers, 54:10772

Computers [See Also Analog Computers, Digital Computers]
attitudes toward & knowledge about computers, psychiatric hospital staff members, 55:7830
automated hardware–software system, behavioral neurophysiology research, 53:8561
BASIC program for minicomputers, multiple analysis of variance for between-groups design & N-way factorial arrangement, 57:4687
behavioral factors, training to use interactive computer system, clerical personnel, 55:8471
capabilities & methods & projections for future, computers & artificial intelligence, book, 56:6999
computer graphics, system structure & construction of image-processing system, 57:52
computer power, scientific rationality, man's self image, book, 55:11270
computer programs for reprint-reference system for minicomputers with auxiliary mass-storage capabilities, 57:4704
computer translator, decoding of source language into target language, 55:11254
configuration & potential uses & software requirements & application examples, minicomputer in laboratory automation, 57:20
construction of SP-12 special-purpose language for small computers, 53:10684
description & research applications, university time-shared control system, 57:35
electronic desk computer assets & use, psychological experiments, 53:10657
ergonomic aspects, man–computer problem solving, 53:10647
influences & applications & instrument purchase guidelines, instrumentation & computer technology, 57:59
integration of microcomputer kit into system application useful in chemical & research laboratories, application to on-line analysis & feedback of heart rate, 58:2472
intelligent experimental stations controller for extensible multiprogramming system for human experimental psychology, 57:4667
laboratory environment use & interfacing & control strategies, research & development center time-sharing computer system, 57:27
logical requirements of intellectual tasks & similarities between computers & people in problem solving, cognitive viewpoint, 54:4551
maintenance-related human factors technologies & topics, reduction of life cycle costs of hardware systems, 57:4576
partial order scalogram analysis, worries about job security & stability & proficiency & interest following computerization, skilled employees of government accounting departments, 57:14049
problem solving faculties of brain vs computer & limitation of concept of intelligence, 56:1625
programable relay & amplifier input/output interface for PDP-8/E computer, 58:2483
social impact & significance, computer technology, 53:2930
sound synthesis by minicomputer, technique to produce & reproduce sound patterns, 57:4705
structural analysis, attitudes toward work & toward introduction of computer, computer staff & management & supervisors & colleagues & other government employees, 57:14037
task characteristics, patterns of selections & performance characteristics on on-line computer terminal on concept attainment tasks, college students, 55:198
time-sharing & system configurations & applications & potential use, large scale computer systems, 57:30
training & job analysis, systems programer, 55:3318
training & research applications & programing systems & personnel & physical facilities, university computer laboratory, 57:18
training for teaching of computer technology, secondary school teachers, 57:6667
truncation errors & statistical formula selection in computer operation, 55:30
working conditions & fatigue & consideration of human factors in CRT design, CRT task performance & satisfaction, 54:6513
02 search algorithm, function minimization for small computers, 54:10772

Concentration Camps
concentration camp experience of parents, emotional development of children, 54:9363
coping behavior & effectiveness, healthy survivors of Nazi concentration camps, 53:1183
coping mechanisms, aggression & conditions of social anomie, concentration camp survivors, 58:7568
excessive stress, mortality & morbidity, non-Jewish Norwegian Nazi concentration camp survivors, 1945–1966 follow-up, 54:5419
Jewish concentration camp survivors, Norway, discussion of practical & theoretical implications of findings, 56:553
operation & political & pathological ends, all-women's concentration camp in Third Reich, book, 54:9425
pathological patterns of identification in families of concentration camp survivors, Israeli soldiers in psychiatric outpatient clinic, 56:791
prolonged captivity, long term psychological & physical effects, literature review, 57:1292
psychoanalysis, children of survivors from Nazi persecution, survey of child psychoanalysts in Europe & US & Canada & Israel, 53:3789
psychohistorical life themes, young adult children of concentration camp survivors, 58:7361
second generation effects of Nazi Holocaust, offspring of parents incarcerated in concentration camp vs offspring of 1 parent incarcerated in concentration camp & other parent escaped vs offspring of parents who escaped, 55:6963

Concept (Self) [See Self Concept]

Concept Formation
abilities in mathematics & arithmetic, educable mentally retarded children, implications for curriculum development, 56:8773
ability to utilize pictorial symbols as representatives of real objects in classification & identification tasks, 3 vs 8 yr olds, 58:873
abstraction vs identification tests, superordinate & subordinate concepts, 4 & 6 yr olds, 55:2190
acquisition of language & semantic representations, children, 57:2897
acquisition of specific & generic concepts involving class inclusion, 2.4–4.10 yr olds, 55:4274
activity oriented science class, representation of conceptual frameworks, 11 yr old students, 55:13289
adjective language development & seriation, 4–8 yr olds, 58:9257
age & degree of discrepancy between disappearing & reappearing object, development of object conception, 6 vs 9 vs 12 vs 18 mo olds, 58:9303
age & hypothesis verbalization & memory support, concept attainment vs problem solving efficiency, 7 vs 9 yr olds with normal & high intelligence, 56:7620
age & sex & bottle position, adjustment of water level in bottle to correct horizontal position, nursery school through college student Ss, 54:9356
age & socioeconomic status, awareness of death as universal & understanding of irreversibility, 3–9 yr olds & parent interviews, 53:4938
age, ability to derive concepts from various visual figures, 7–11 yr olds, 54:2725
age, development of concepts of heat & temperature, 4–9 yr olds, 56:5766
age level & hearing loss degree, basic concepts test performance, hard-of-hearing vs normal-hearing 6–8 yr olds, 53:5706
age, perceptual & conceptual aspects of perspective coordination, 4–12 yr olds, 53:4928
age, use of prototypes in pattern classification, 2nd & 5th graders, 53:853
age-linked intellectual development & health experiences, development of concepts of illness, 6–12 yr olds & their mothers, 57:904
application of new scoring principle to M. D. Braine's & J. Smedslund's & S. L. Lindenbaum's & A. Blum's tests for transitivity of length, 4–8 yr olds, 57:7298
arrangement of objects at initial & new locations in vertical plane, patterns in manual search for hidden object spatial generality of perseverative errors, 8–11 mo olds, 57:7929
assessment of conceptual understanding, blind students, 55:10159
attainment of formal operations, probability concepts, deaf vs hearing adolescents, 54:1477
attentional disturbance & thought disorder as measured by visual behavior during concept formation problem solving, schizophrenics, 57:5969
attitude toward & proficiency in reading & understanding of reading purposes & functions & literary concepts & writing ability & Piagetian task performance, kindergarten vs 1st grade readers vs nonreaders, 57:13814
auditory presentation, conceptual understanding of spoken word, preschool & kindergarten & 1st grade children, 53:11398
automation & competence variables, performance on Piagetian logical tasks, 1st & 2nd graders, 55:4286
awareness vs unawareness of reward schedules & relationship between syllables, understanding of concept of probability on Piagetian tasks, 7–11 yr olds, 54:11384
basic vs learning vs transition vs sampling of single hypotheses vs sampling of groups of hypotheses in guiding Ss' responses, concept identification, 53:4404
bilingualism, concept formation, mono- vs bilingual elementary school students, 56:7674
CA & MA & vocabulary & reading comprehension & social class, musical conceptual listening skills, middle vs lower class 4th graders, 54:6316
category theory, interpretive framework of cognitive structures, 53:4388
challenging adult view that children are innocent of concept of death, 53:4916
change in absolute location of object vs relationship between old & new hiding place, errors in searching for object & interaction of spatial location codes, 8–11 mo olds, 57:7930
children's concept of death, conversation with nursery school mothers, 53:4921
classroom instruction in formation of superordinate classes in union of sets, Piagetian class inclusion task performance, kindergartners, 54:6323
cognitive aspects, development of concept of death, 4–5 vs 7–8 vs 11–12 yr old males, 55:4246
cognitive conflict vs concept formation vs didactic training & logical similarity between tasks, transfer of formal thinking, college students, 56:5321
cognitive development stages & concepts of physical development, concepts of where babies come from, 3–4 vs 7–8 vs 11–12 yr olds, 57:898
cognitive processes during developmental stages, comprehension of chance, children, translation of Piaget's 1951 work, book, 56:3838
cognitive use of language, disadvantaged vs nondisadvantaged 6th graders, 57:12449
combined instances of cue trait & judgments, impression formation, college students, 53:10900
component selection in paired associate learning, implications for research & theory, 57:422
comprehension of terms, "yesterday" & "tomorrow," 2–4 yr olds, 55:6754
concept attainment & logic tests, identity crisis vs noncrisis, female college students, 54:790
concept attainment & Piagetian conservation tasks, educational implications, 53:11411
concept discovery, classification by color & class, 1st & 3rd & 5th graders & unschooled children in Uganda vs Colombia, 55:6735
concept finding & intelligence, literature review, 55:1821
concept formation, application in teaching practice, 54:4123
concept formation, arithmetic achievement, emotionally disturbed 7th–9th graders, 55:13462
concept formation task performance, heart rate component of orienting reflex, college age males, 55:9153
concept knowledge attainment, deaf 10–20 yr olds, 54:7919
concept of horizontality with water levels, 2nd & 3rd graders, 54:5015
concept of units in length & weight & quantity of water, 6–10 yr olds, 54:11381
concept organization & visual stimulus availability & art application task, art conceptual behavior, college students, 55:13229
concept usage & concept formation, educationally handicapped vs normal achieving 7 & 9 & 11 & 13 yr olds, 57:8491
concepts formed in imaginal-concrete vs verbal mode & semantics vs syntactic memory structure, time of information processing & sentence comprehension, 14 yr old females & 16–17 yr old students, 56:9158
conceptual approach, music education, 54:4088
conceptual hierarchy theory of cognitive development, formation of class & identity concepts, 57:9968
conceptual level functioning & classroom climate, self concept & academic achievement, Afro-American high school students, 55:8277
conceptual structures, comprehension of comparative sentences, 2–6 yr olds, 55:9456
conceptual vs associative abilities, learning & recall of factual vs inferential information based on listening comprehension & social studies lesson, 10–11 yr olds, utility of A. R. Jensen's dual process theory of cognitive functioning, 57:12548
conceptualization, incidental learning & selective attention, kindergartners vs 3rd vs 5th graders, 56:522
conceptualization of "middle-size" & acquisition of linguistic comparative, 4.5–10.5 yr olds, 55:4254
conceptualizations & diagnosis of hysteria, 53:3276
conceptualizations of mathematical terms, 8th grade Navajos attending all-Indian vs mixed school vs Caucasians in Southwest US, 55:13293
concrete manipulation, inductive & deductive processes in acquisition of general principles of magnetic attraction & application, 5th graders, 58:5171
conservation & verbal conceptualization ability & age & subjective responsibility, conceptions of psychological causality & relationship to intentionality in moral judgments, 6–12 yr olds, 56:5831
conservation of weight training in 1st language & testing in 2nd, concept acquisition, 5 yr olds bilingual in English & Malay or Chinese, Malaysia, 57:941
consistent covariation & temporal contiguity, causal attribution for physical effect, 4–7 yr olds, 57:7971
context effects, comprehension of "less" & "more," 3–4 yr olds, 53:4929
context variation, comprehension of "same" vs "different", 3–4 yr olds, 58:11454
control & limitation in patterns of referent object encounter & adult naming for objects, acquisition of concept names, male & female white middle-class 16.2–17.5 mo olds, 53:11413

covariation of development of polar spatial coordinate system & seriation ability, children, 55:11944
culture & rural/urban setting, graphic modes of conceptualization, Indian vs Metis vs White 5th & 6th graders, Canada, 57:5674
deficit in abstract conceptualization, schizophrenics, methodological criticism of D. Wright's study, 55:12427
depressive process conceptualization in children, 53:1336
development of ability to integrate class information, 4 vs 9 yr olds, 55:9452
development of color & form concepts & discrimination, 3 yr olds, 2-yr longitudinal study, 58:866
development of comprehension of unidirectional relation existing between cause & effect, kindergartners through 2nd graders, 56:7648
development of concept of natural number, 54:11414
development of mathematical infinity & limit concepts, 9–15 yr olds, 55:11962
development of number understanding, criticism of Piaget's account, implications for teaching arithmetic, 57:2934
developmental asynchrony between conceptual identity & seriation & transitivity of color & number & length, preschoolers, 57:7914
developmental changes in semantic structure, concept formation, 6 vs 9 vs 12 yr olds vs college students, 57:7994
developmental differences, abstraction & complimentary factors of concept utilization in pairing of objects, 5–11 yr old normal vs retarded children, 54:3417
developmental level of gender constancy & selective attention to same-sex adult model, male vs female 4 yr olds, 57:7909
developmental levels of concept formation, speaking autistic female 8.9–14.4 yr olds, 55:854
developmental stages, psychosexual concepts & attitudes, 53:11407
developmental trends, conception of organization & recall assessed by composition of word lists that would be easy to recall, kindergartners & 3rd & 6th graders, 54:2726
differentiation & discrimination processes, formation of color concepts, 2.1–4.6 yr olds, 55:2171
direct vs vicarious feedback, acquisition of novel language concept, kindergartners vs 1st vs 4th graders, 54:8865
disconfirmation in concept identification, reversal transfer, 53:10904
early attainment of common & proper names & later conceptual notion of names, 6–8 yr olds, 58:3129
evolution of number concept in describing mathematical set, 4–7 yr olds, 54:11390
existence of certain kinds of spatiotemporal individuals, perception & conceptualization of everyday world, 56:5096
expected vs obtained grades, teacher evaluation & attribution of performance, college students, 55:6149
experience & age, development of death concepts, 3–12 yr olds, 58:3103
experience, concept formation within framework of F. Klix's theory, 55:3682
experientially advantaged vs disadvantaged, differences in conceptualization, 3rd graders, 55:12004
experimental methods used by Georgian school of psychology, concept formation, 55:1838
expression in native language vs school language of English, expression of concept formation & conceptual level, 6th graders, Ghana, 53:7021
extended practice, attribute identification with conjunction & inclusive disjunction & conditional & biconditional conceptual rules, 53:8799
factorial structure & differential diagnostic accuracy, battery of concept formation tests, brain damaged & schizophrenic male inpatients, 58:1292
feedback & redundancy level & phases, schematic concept formation, college students, 54:6767
formation of equivalence class groupings & strategies used in seeking information about E-chosen stimulus & subsequent questioning strategies used in rationalization of E-established stimuli groupings, male learning disabled vs normal 10–12 yr olds, 57:13002
free vs controlled word association tests vs tree-construction test, methods of mapping cognitive structure, graduate science students, 55:6115
frequency & conceptual structure & pattern recognition in computer programs modeling human conceptual/recognition systems, 56:8963
full sort procedure, acquisition & integration of information in complete learning concept identification performance, 57:381
generalized vs situation-specific expectancies for locus of control, concept formation task performance following noncontingent reinforcement, 58:8821
grade & academic achievement, concept formation, 1st–5th graders, 53:4893
habituation, stimulus bound behavior in concept formation, minimally brain damaged vs cerebral palsied children, 55:10134
hierarchical model of science concept attainment levels, 6th graders, 56:488
homogeneous vs heterogeneous arrays & color & identity substitutions in expected arrays, counting when making absolute estimates of small set sizes, 3–5 yr olds, 57:928
human semantic processing, elaboration of M. R. Quillian's spreading-activation theory, 55:3421
hypothesis testing in development of conceptual structures, 57:11983
identification of writers of letters written by unknown writers, concept identification with natural materials, Japanese housewives & white collar workers & college students, 54:10958
identifying basic concepts with different symbols presented alone & compoundly, selective attention information processing time, 55:1814
impairment in abstract conceptualization, schizophrenics, criticism of K. Goldstein & L. Vigotsky's theories, 53:9828
implications of Piaget's theories of child's intellectual & concept development & reactions to his tests, parents & teachers, book, 54:817
inconsistent distinctiveness of artificial semantic features, retrieval speed, 55:152
initial knowledge state, inductive judgments, implications for psychological study of concepts, 57:9501
instruction & sex, comprehension & perception of horizontality, male vs female 8–9 yr olds, 55:4263
interaction of conceptual development of parents & teachers, creativity & home play conditions, 4–5 yr olds, 55:12006
interpersonal conceptual structures, emotionally disturbed vs normal boys, 55:12435
intuitive correlation in 2 by 2 paradigm, quantitative data from prediction behavior & qualitative data from inquiries about probability concept, college students, 56:9155
language ability, formation & use of conceptual categories, 1st vs 3rd vs 6th graders, 56:7659
language, concept formation, 1st & 4th graders, 55:11918
language development, numerical concept formation & abstraction & integrative abilities development, 5–19 yr olds with Down's syndrome, 53:3426
learning set training procedure, concept formation, blind vs sighted 5–6 & 8–13 yr olds, 55:4925
length cues to number, development of ordering & correspondence operations, 3–5 yr olds, 53:4935
"less-more" training, "less" comprehension & conservation performance, kindergartners, 57:2917
levodopa, concept formation, parkinsonian patients, 55:1063
linear & areal scale concept development, urban Caucasian elementary school students, 55:4247
locus of feedback & neutral vs aversive intensity of feedback, strategy acquisition, college students, implications for behavior therapy, 53:297
MA & perceptual development, stage & rate of progress in logical number concept formation, children with MAs ranging from 4–8 yrs, 56:9668
manikin assembly performance, understanding of representational significance of body parts & nonoccurrence of syncretism, 2–4 yr olds, discussion C. Golomb's study, 57:8009
manipulation of sequences of instances by Ss, solution of conjunctive concept problems, 6th graders, 55:11464
Matching Familiar Figures Test evaluation, conceptualization & operationalization discrepancy of J. Kagan's reflection-impulsivity, children, 53:3118
matching-to-sample procedure, visual perception & concept formation using up to 8 comparison stimuli, pigeons, 53:2
mathematical analysis, Piaget's hypothesis concerning topological relations in spatial representation, 4 & 6 & 9 yr olds, 57:9984
mathematical models of concept identification, 53:2321
measurement of development of concept of temporal extension, 7 & 9 & 13 yr olds, 55:11975
measurement of intelligence & conceptual thinking, clinical psychology, 56:2542
memory in human information processing, overcoming particular concept formation demands, 57:342
memory support, concept attainment, reflective & impulsive white 4th graders, 55:6775
methodological study, concept formation, mentally retarded adults, 56:875
modalities of intellectual activity, acquisition of knowledge, 4th graders & college students, 53:8802
model of development of concept of seriation based on information processing paradigm, recognition & reconstruction length seriation tasks with number of stripes & shapes varied, kindergartners vs 1st vs 2nd vs 3rd graders, 58:3085
modification of Boehm Test of Basic Concepts, usefulness in programs for disadvantaged preschoolers, 55:1581
motor reproduction of geometric designs, generalization of categorization principle, 5th graders, 55:2182
nonverbal discrimination of cards with more vs fewer elements, 50–61 mo old prekindergartners & kindergartners, 56:5783
normal vs deviant language development, comprehension of spatial adjectives, 4–12 yr olds, 58:1422
number conservation criterion, emergence of number concept from ordination to natural number to cardination, kindergartners & 1st graders, examination of C. J. Brainerd's findings, 55:4228
number of attributes exemplified greater than number for which information is available, concept attainment, college students & 18–35 yr olds, implications for orthodox concept attainment paradigm, 57:64
objects vs collections vs classes, part-whole comparison difficulty in modified Piagetian class inclusion paradigms, nursery school & kindergarten & 1st & 2nd grade children, implications for internal organization & holistic properties, 57:5554
operative level in comprehension of horizontality & correct vs incorrect stimulus characteristics, correctness of long term memory of horizontal stimuli, male vs female 5th graders, 57:2933
organization & observation & guided practice, concept attainment & generalization, 3rd & 5th graders, 53:889
organization of language concepts, 4–9 yr olds, 55:6716
overinclusive thinking, mediation in concept identification task, psychiatric patients, 57:1324
passive viewing vs sorting vs concept formation task experiences & experience with complex stimuli, preference & complexity judgments for random shapes & test of complexity-based model of intellectual growth, college students, 57:341
perceptual attentive view vs Piaget's construction theory, object concept, infants, exploratory descriptive observational study, 55:4268
perceptual features & semantic aspects manipulated by verbal contexts, distinguishing animate & inanimate items, children, 58:9291
perceptual support for correspondence, provoked vs spontaneous one-to-one correspondence in conservation of number conditions, kindergartners, 56:5793
perceptual supports, facilitation of conservation of number, 3–5 yr olds, 54:810
perceptual-motor intervention with individualized vs group vs Distar approaches, development of space & time & quantity concepts, kindergartners & 1st graders, 58:4259
performance on logical discovery task, deaf vs hearing school age children, 53:11982
Piagetian conservation task success, performance on concept attainment problems, 2nd graders, 56:2156
Piagetian number concept, arithmetic achievement, normal vs mentally retarded vs congenitally blind 6–10 yr olds, 58:7637
Piagetian study, spatial-temporal concepts, adult males who never attended school & adolescents, African village, 55:4226
Piagetian tasks of number concept, performance & interrelationship between number concept aspects, 1st graders, 54:9342
Piagetian theory research on stability of conceptual knowledge over time & generalization & acquisition of more complex concepts, empirical designs & statistical formulas for analysis of experiments, 53:4860
Piaget's model of conceptual development of space, spatial organization, perceptually handicapped children, 53:11945
picture discrimination, pigeons, support for partial isomorphy in inferred classes between pigeons, 56:9312
picture sorting according to class labels, development of natural language concepts, 2nd vs 6th graders vs college students, replication of study by E. Saltz et al, 57:2943
preconcepts of conservation of weight & voluminosity & density, children, 55:11928
prerequisite principles & conceptualization treatment & problem solving ability, cognitive achievement, high school students, 54:4099
presence vs absence of clear differential feature of object, behavior determination of "in front of," Japanese 4 & 5 yr olds, 54:811
presentation of pictures involving seriation & horizontality & verticality & level of operational development, long term memory for pictures, kindergartners & 4th graders, 55:6769
previously held culturally based categorization, conceptual schemes in organizing perceptions of mediators of new culture, Venezuelans in US vs US natives, 58:11540
procedure of contrastive classification, perceptual set induction, 4 & 5 yr olds, India vs US, 58:7176
qualitative-nominal & quantitative-metric & deterministic-stochastic & discrete-constant concept formation based on relational constant characteristics, human information processing techniques, 54:4555
race & sex & reexamination of Piaget's & Voyat's theories, developmental stages for qualitative identity, children, 55:4279
race & sex, analysis of level of abstraction of verbal responses to missed items on Peabody Picture Vocabulary Test, black vs white 8 yr olds, 56:10788
race & sex, free recall of organized vs unorganized lists & digit span performance, black vs white 1st graders, test of A. Jensen's theory of racial differences in conceptual & associative learning abilities, 55:1437
reading & mathematics achievement, comparisons of speeds of moving objects & distance predictions as measures of development of quantification of concept of speed, 7th vs 9th vs 11th graders, 58:9272
reciprocity vs reversibility vs discrimination training, induction of linear-order concepts, kindergartners, 53:886
relevancy of mass & shape & continuity & context & temperature & position of clay ball, concept of weight, 2nd graders, 55:4267
religion & age & sex, development of concept of God & scientific concept of rain, 4 & 7 & 11 yr old Roman Catholic & Protestant & Conservative Jewish boys & girls, 55:6765
respective composition & reverse operations emergence, predictions of Piaget's groupement model of emergence of speed & time concepts, 1st–3rd graders, 57:993
reverse vs forward instructional sequencing & elicited verbalization vs nonverbal practice, learning problem solving algorithm, 1st & 2nd graders, 57:7429
scalogram analysis, development of use & comprehension of "because" concepts, 3–7 yr olds, 57:909
self concept, ethnic identification & conceptualization, black graduate & college students, 55:9586
sensory-motor intelligence & constraints on expression of relational meanings, concepts of possessive relations between persons & objects & attributes of objects & use of apparently experiential verbs, young children, 53:11399
sentence-type variables & education level & sex, aural conjunctive concept formation, college students, 53:4454
seriated stick array, age differences in recognition vs memory drawing & encoding & comprehension of seriation, 3–9 yr olds & adults, 58:9295
sex & age, understanding & use of affect terms, 6 vs 9 vs 12 yr olds, 58:7190
sex & intelligence, perceptual decentering training performance & subsequent generalization to social role taking, 6–8 yr olds, 56:9637
sex & racial differences, identification & naming of colors as function of shape, black vs Mexican American kindergartners vs Ss of other ethnic groups, 55:11924
short term vs long term vs intermediate term memory, concept formation, task performance, high school seniors, 56:1814
social class & maternal level of conceptual development & maternal regulatory styles, level of abstract concept formation, 10 & 11 yr olds, 55:9437
solubility & blending & flotation of bodies varying in density, children, 55:11983
specificity of information during feedback, schematic concept formation, college students, 53:345
Ss' meanings of "more", incorrect responses to questions about quantity differences, children, 57:902
stage of concrete operational thinking, development of concept of development, 2–8 yr olds, 57:5549
stage of spatial development, comprehension & production of spatial locatives, 2.5–7.5 yr olds, 57:12550
stimulus & response item relevancy & feedback ambiguity & self controlled selection vs fixed reception strategy, word learning concept formation task simulating natural language acquisition, college students, 58:2671
structure & content of conceptualizations & organization & selection of air pollution information, specialists in 5 different professions & disciplines, 53:12583
structure of thinking about heat & temperature & cognitive development, 9–13 yr olds, 57:9999
structure underlying types of set operations & relations & concepts & patterns & logical connectives, relationship to studies of concept formation & logical thinking, 53:8779
structure-of-intellect abilities, prediction of achievement in science activities sequence to develop molecular bonding concept, male vs female 5th graders, 56:10679
task complexity & use of strategy instructions & partial reinforcement, concept attainment task performance, hyperactive boys vs boys with impulsive vs reflective conceptual tempos, 57:6143
task difficulty, initiation of concept formation process in nondirected situation, children, 57:964
team vs individual success-failure experiences in throwing task, movement concept & aspiration level, 3rd vs 4th vs 5th graders, 55:8001
textbook incorporating "concept programming", concept formation, college students, 57:6772
theories of Piaget vs J. Bruner vs new models, development of judgmental ability & reality, children, book, 54:7223
theory of component-by-component acquisition as alternative to developmental stage theories, conceptual development, 53:2850
thinking & concept attainment, review of English language literature, 1970–1973, 54:2337
training exercises to nurture discrimination & generalization operations, concept attainment using Silverman Triple Mode Test of Categorization, severely & profoundly hearing impaired children in residential school, 55:1534
training to respond in concrete vs functional vs abstract manner using verbal learning set & social reinforcement & prompting, modification of cognitive levels, kindergartners, 56:501
type of description & sentence complexity & number of & relationship between sentences & age, ability to form verbal concepts, 4–9 yr olds, 57:8012
understanding of implied motion in 2-dimensional pictures employing isomorphic vs conventional cues, preschoolers vs 1st vs 6th graders vs college students, 57:5537
verbal & picture sorting concept formation tasks, strategies, low vs high ability readers in 3rd vs 6th grade, 58:12630
verbal reports of perception of space between objects, 3–4 yr olds, 54:9349
verbal vs nonverbal training, concept formation, preschool age children, 58:7234
visual motor integration & visual & auditory discrimination & basic concept strength, reading & arithmetic skills, 2nd–4th graders, 57:13790
visual vs visual & motor vs visual & verbal vs visual & motor & verbal training experiences, concept development, 3 vs 5 yr olds, 56:7661
vocabulary conceptualization, vocabulary comprehension & reading achievement, 5th graders, 53:8328
vocalization vs nonvocalization, concept attainment in problem solving processes, pairs vs individual female college students, 55:6150
word order & formation of color concepts, preschool children, 54:9336

Concept Learning [See Also Nonreversal Shift Learning, Reversal Shift Learning]
ability to avoid shock following syllable presentation, correct classification of nonsense syllables, college students, 57:12023
ability to learn basic probability concepts & relationships between achievement in probability & understanding mathematical concepts & reasoning ability & computational skill & reading comprehension, 7th–8th graders, 56:2962
academic achievement & curricular differences, verbal habits before & after instruction in physics using word association & concept similarity rating tasks, high school students, 55:5483
acoustic vs concept attainment instructional procedures, free recall of numerals in African Loko tribal language & serial position effects, 5th grade US students, 57:6763
acquisition & application of verbal representations in problem solving, college students, 54:6775
acquisition & generalization of general strategy in conceptual rule learning, 55:3743
acquisition & transfer of analytic concepts & processes hierarchy of geographic inquiry, 2nd graders, implications for reform movement in social studies curriculum, 57:13793

acquisition of artificial implicational rule, cognition & recall of confirmatory vs contradictory vs incomplete vs irrelevant items, college students, 57:2350
active training, conjunctive concept attainment, 3rd graders, 54:2721
activity & conceptual tempo & diagnostic category, concept learning & transfer task, hyperactive 8–11 yr old males, 53:7665
adaptive instructional models for concept acquisition, 54:10552
age & intelligence, redundant choices in selection concept attainment task, 12–15 yr olds, 58:11476
age & IQ & stimulus complexity & practice, attainment of conjunctive concept, 2nd & 4th & 6th graders, 55:547
age & sex & stimulus difficulty, discrimination learning using motion picture media, 6–11.5 yr olds, implications for film production, 58:12560
age & sex differences, visual symbol reversals, 6–10 yr olds & minimal brain dysfunction Ss, 53:865
age calibration of conceptually related categories & concept availability, conceptual organization measured by reversal vs half-reversal shift performance following discrimination learning, 4 vs 5 vs 8 vs 18 yr olds, 58:5181
age differences, learning sets for simple concept identification & reversal shifts, kindergartners & 1st graders, 54:2714
age, knowledge of selected concepts, 10–14 yr old deaf vs 10–20 yr old normally hearing students, 55:4891
age, order of acquisition of spatial & temporal word meanings, 3–5 yr olds, 58:825
age references for Piaget's horizontal reference task, development of concept of horizontality, rural 6–10 yr olds, 58:9264
age variability, spatial task performance, 3 & 6 & 13–14 day old chicks, 53:11276
alternation vs preservation, concept identification tasks, 3 vs 5 yr olds, role of attending & encoding processes, 55:9459
amount of information processing in concept learning, skin conductance response & heart rate, college students, 56:5536
amount of relevant information & placement of irrelevant information, learning concepts introduced in short prose passages, high school students, 55:10840
analysis of code system by paired presentation method, structure of responses in learning concepts containing inclusive relations, 57:2469
analysis of concept identification performance with varying proportions of position instances, adequacy of 3-process computer simulations, 58:2478
analysis of focusing & scanning strategies in selection vs reception paradigms, 57:7385
analytic & reflective cognitive styles, cognitive strategy of focussing in concept attainment, 3rd graders, 55:4240
analytic/global dimension of cognitive style, effectiveness of instructional strategies varying in amount of written guidance, 8–9 yr olds, 57:4354
application of Celia Stendler Lavatelli Preschool Curriculum, gain in measured intelligence & basic concepts, 4 yr olds, 1-yr longitudinal study, implications for special education placement, 57:6828
application of J. Piaget's process of construction of system of representation, adult learning, 54:2334
aptitudes & preinstructional experience & instructional method & differences among posttest items, acquisition of understanding & computational skill, college students, 54:4110
attainment of ordination before cardination concepts, children, reply to R. Williams's criticism, 56:7624
attribute identification, 53:311
attribute identification & role-learning techniques, facilitation of complete concept learning, adults, 55:3785
attribute identification pretraining, rule effects, 12th graders, 53:2328
averaging vs multiplying combination rules, inference judgment, college students, 54:302
awareness of concept & contingency between responses & reinforcement, concept conditioning, high school students, 55:3793
awareness of learning steps, performance gains in concept conditioning, 6th graders, 55:3792
awareness of learning steps, performance gains in concept conditioning task, 6th graders, discussion in terms of cognitive control, 57:9088
Bayesian decision processes, subjective probabilities in relation to conditional independence, 55:8808
blocking design in sorting multidimensional stimulus cards with dimension A relevant, acquisition of stimulus control by dimension B, kindergartners & 1st graders, 57:950
booklet-administered vs written task presentation & medical vs geometric domains, achievement in & transfer between domains for conjunctive & disjunctive attribute identification, college students, 55:6186
category attention & relative frequency of relevant values & practice, attribute identification problems, college students, 53:323
change in irrelevant facial features, loss of concept identification, 1st vs 4th vs 6th graders, 58:340
class complexity & frequency, preexperimental bias on conceptual rule learning, college students, development & test of modifications to Sawyer-Johnson rule difficulty model, 57:7487
classical aversive heart rate conditioning & solution-shift concept identification, approach vs avoidance responses, 56:7094
classification of concept representations, application to teaching concepts, 53:12421
cognitive conflict vs concept formation vs didactic training & logical similarity between tasks, transfer of formal thinking, college students, 56:5321
cognitive conflict vs reversibility vs cognitive conflict-reversibility treatment, conservation of continuous quantity, 5 yr olds, 58:11448
cognitive strain & random vs ordered instances, use of successive scanning vs conservative focusing strategies, college students, 57:2396
cognitive style as measured by verbal analogies, school learning as reflected by standardized achievement test, 5th graders, 58:2107
cognitive style, solution strategies for categorization in mathematics concept attainment task, 6th graders, 54:10596
cognitive tempo & memory aid, conjunctive concept attainment, male Black educable mentally retarded 9–12 yr olds, 58:8390
comic strips, remediation, children with learning disabilities, 55:13478
compound & component cues, control of discriminative learning, retardates, discussion of attention therapy framework, 58:9715
comprehension of deformations of liquid, 4–8 yr olds, 58:5129
comprehension of linguistic reference to past & future, 1–4 yr olds, 57:933
comprehension of need-for-nutriment & respiration & reproduction concepts, animistic thought, 2nd graders, 53:871
comprehension of spatial antonym pairs, 3–5 yr old nursery school children, 54:4989
comprehension training vs production via imitation training, acquisition of morphological rules, young children, 58:3098
computer program to execute algorithm, trial-by-trial identification of S's hypothesis in concept learning, 53:10668
computer simulation of expert problem solver & cues to induce information about solutions for class of problems & inter-problem transfer, structure of experience acquired while learning to solve class of problems, 57:334
concept abstraction from visual sequence observation, 57:9546
concept attainment & reading achievement, 1st–3rd grade disabled vs nondisabled readers, 58:4300
concept definition &/or varying number of examples & nonexamples, concept attainment, 4th grade children, 54:10509
concept formation, identification of poetic style, college students, implications for study of verbal learning & aesthetic issues, 56:7230
concept identification situations, consistency of "switch" & "stay" strategies, college students, 57:7391
concept instance vs noninstance changes in programed booklets, concept attainment, primary school students, 54:4144
concept learning & concept identification in double solution tasks, searching & decision making procedures, 57:7399
concept learning tasks with 2 & 4 & 6 values per dimension, RTs & inspection times & confidence ratings & success-error measures, college students, 54:10990
concept rule & pretraining & presentation paradigm, concept attainment, college students, 53:10896
concept rule & spatial distribution of stimulus, use of positive & negative information, 56:132
concept-shift & sort & hierarchization development, kindergartners, & 1st- & 2nd-grade females, 53:4919
conceptual ability & frequency of instances, performance on conceptual sorting task vs half conceptual sorting task, nursery school students, 57:985
conceptual ability, learning rate of conceptual vs half conceptual sorting tasks, kindergartners, 58:6878
conceptual complexity vs simplicity, concept learning of painting styles, 54:6724
conceptual learning & development & concept & educational achievement & selected cognitive abilities, 4th vs 7th graders, 58:12622
conceptual level & age & similarity between incidental & relevant information, visual recognition memory, 6 vs 9 vs 12 yr olds, 57:7944
conceptual tempo & activity level & diagnostic category, concept learning, normal vs hyperactive 8–12 yr olds, 55:7444
conservation & self concept development & role of training, 5.5–8 yr olds, 55:6696
content & task dimensions analysis, mathematics items designed to measure concept attainment level, 56:2139
contiguity hypothesis, multiple-concept-attainment task, college students, 53:6613
contingent external vs noncontingent external vs self reinforcement, acquisition & maintenance & extinction of concept identification task, college students, 57:2441
conventional reinforcement procedure vs reward as inseparable part of stimulus object, information processing analysis of discrimination learning performance, 4–6 yr olds, 57:5531
coordination of actions between Ss vs working alone, task performance involving spatial coordination & acquisition of conservation, 5–7 yr olds, 58:3093
correct rule information & attribute learning, identification of concepts involving binary rules, college students, 57:415
criteria levels of original training, conceptual shift learning, kindergartners, 54:319
criterion level training vs overtraining with nonpreferred dimension relevant, dimensional preference changes, preschool children, 58:8813
cue validity & task predictability, interpersonal learning of linear inference tasks, undergraduates, 53:2319
cue validity, learning of positive & negative J-shaped relations in single-cue probability learning, college students, 58:10972
cultural background, elements perceived in physics concepts of mass & weight, US vs Taiwan students, 57:6817
deduction of instances from concepts, "concept instantiation", 54:8853
deduction rules vs no rules given, deduction of concept instances, college students, 55:8842
definition & instance presentation, acquisition of ordered classification rule, college age volunteers, 58:8270
definition of concepts by change in relevant stimulus dimensions, conjunctive & disjunctive concept learning, college students, 54:6763
degree of divergence between instances & simultaneous vs successive learning of contextually similar rules & analysis of instance, rule acquisition, 10th graders, 55:8110
degree of stimulus organization, dial-like concept acquisition & generalization, 4th graders, 56:7671
development of color & form preference & relation to acquisition of color & form concepts, 2–5 yr olds, Israel, 58:849
development of word understanding of connectives "and" & "or," 2–7.5 yr olds, 54:5000
developmental & task variables, retention & transfer from discovery & verbal reception learning, 5.5–9.5 & 10.5–11.5 yr olds, 55:6740
developmental study, conceptual ability as assessed by 2 rule-learning tasks, 2nd & 4th & 6th graders & adults, 55:5998
diagnostic questioning & corrective feedback & instructional feedback, concept attainment, college students, 57:6782
differences in structured instructional sequences & inclusion of apply-with-feedback step, total mastery scores & detection of analytic attribute in hexagon concept learning task, 4th–6th graders, implications for mathemagenic mechanisms in inductive learning, 57:377
difficulty level & development of hypotheses, sameness-difference matching from sample, adult chimpanzees, 55:6306
difficulty of concept learning task, impulsive pupillar response & optically evoked potentials, applicability to industrial settings, 57:7396
discovery vs verbal cue vs response vs motor response instructional modes, volume & tempo & pitch & duration musical concept task performance, kindergartners & 1st & 2nd graders, 54:6286
discovery vs verbal reception methods & instructional language, concept learning, bilingual & unilingual 1st graders, 55:8126
discrimination training on number vs length vs number & length problems, number & length conservation, preschool age children, 57:2967
duration of delay & feedback consequence, discriminative learning with geometric figures, emotionally disturbed children, 58:3453
educational level & concept maturation & intelligence, levels of concept acquisition in terms of concrete/abstract attribute perception, 14–16 yr old secondary school students of chemistry, 57:13803
environment & age & socioeconomic level, utilization of perceptual & abstract bases for equivalence grouping, 1st & 3rd & 5th graders of varying urbanization & social class, Colombia, 55:6736
evaluative feedback & social desirability, concept attainment, 58:5375
exemplars & nonexemplars, concept learning, Ss at 4th & 5th grade reading level, 55:3000
experimental methods & mnemonic capacities, operational memory in concept identification, recent research with adults, 57:7378
expository vs meaningful context vs overlearning of rules, retention of rules, college students, implications for retention of school subject learning, 56:9200
extra- vs intradimensional paradigms for simple vs complex unidimensional concept shift problems, transfer performance, 58:6848
extraversion-introversion, conceptual recall & behaviorally-defined tasks, 6th graders, 55:12291
extreme values & position of class border, concept learning, college students, 53:6610
factor analysis, semantic differential measurement of acquisition of learning disabilities concepts, college students, 57:1448
feedback percentages & task difficulty, performance on E. Heidbreder's concept attainment tasks, 58:10966
field dependence & locus of control & intelligence, concept identification task of discrimination learning, significance for hypothesis sampling research, 58:11024
field dependence/independence, hypothesizing behavior on learning set problems with vs without feedback, college students, 57:12815
frequency differentials among values in attribution identification tasks, rule & problem difficulty & cue potency within positive vs negative categories & relative vs nonrelevant values, college students, 56:9181
full sort procedure, acquisition & integration of information in complete learning concept identification performance, 57:381
generality of hypothesis-testing models, simple linear & configural rule learning in stimulus integration task, college students, 53:6619
generalized learning curves, concept attainment strategies, college students, 55:3755
genetics instruction, cognitive characteristics thought to be involved in genetics learning, high school students, 55:5549
grade & age & sex & levels of left-right conceptualization & teaching of concept of integers as a directed distance, achievement, 3rd–5th graders, 57:13718
grade placement feasibility of advanced program involving equality & inequality concepts, 3rd grade children, 55:3057
guidance amount & instructional sequence & attribute-treatment interactions, learning speed & retention & transfer of hierarchically ordered skills commonly taught in high school physics, 57:1953
homologous & context-transfer examples, application of concepts to similar & different contexts, male 12 yr olds, 53:2363
hypothesis behavior in concept identification, undifferentiated chronic schizophrenic male adults, 57:12917
hypothesis evaluation in concept identification, college students, 53:10913
hypothesis testing in development of conceptual structures, 57:11983
hypothesis testing strategies during acquisition of attribute-identification problems, institutionalized moderately retarded adults, 55:7379
identifying objects, concept-matching task performance, retarded & brain injured & normal & disadvantaged preschoolers, 54:7743
identity-difference vs similarity vs similarity-difference oddity problems, sequential transfer, nursery schoolers, 58:5175
imagery & concept learning, reply to J. M. Mandler's criticism, 57:7993
imagery mnemonic instructions & successive vs concurrent problem presentation, concept identification strategies & performance, college students, 57:7444
imagery value of stimulus materials, concept acquisition, lower socioeconomic status 1st & 3rd graders, comparison with middle socioeconomic status children, 58:6856
increased teacher support in instruction, improvement in acquisition & conservation of substance, preschoolers, 57:9036
individual differences, dimensional preference & saliency in concept identification, adults, 56:9151
individual differences induced by learning process assuming identical organisms, reliability coefficients, 56:5197
individual-to-group vs group-to-individual transfer & problem difficulty, concept attainment task preference, college students, 58:8800
induced learning of logical concepts, review of research conducted by Piagetian group, Geneva, Switzerland, 56:5304
induced tension through failure prior to drinking alcohol, efficiency on concept identification & physiological arousal, adult males, implications for etiology of excessive drinking, 58:697
induction vs deduction & discovery vs utilization of rules, transfer performance, college students, 55:6136
inductive & deductive sequences & cognitive styles interaction, acquisition of higher order concept in English literature, college students, 55:13341
inductive vs deductive teaching method, styles of concept learning, 6th graders, 58:4290
inference model, conceptual rule-learning problem solving, 53:303
inference of rule of direction & new relations from proven relations & concept of representation, mathematics education, 54:4142
information feedback manipulation, matrices learning, low & middle socioeconomic status 1st & 3rd graders, 56:521
information feedback, matrices learning, low vs middle socioeconomic status white male 1st & 3rd graders, 54:8862
information-processing theories, problem solving & verbal & serial pattern learning, 53:4464
initial classification rule bias & measurement of category information received in study-test cycles, transfer in subsequent classification tasks & rules used, college students, 55:11419
Initial Fraction Sequence in small group instruction, learning of initial concept & oral/written symbols for fractional numbers, 3rd & 4th graders, 58:4262
inner directed vs information seeking vs cue dependent task approach vs relevant vs irrelevant external cues, concept identification task performance & self perception, kindergartners through 5th graders, 57:7904
instruction on concepts related in principle & number of correct & incorrect examples, acquisition of mathematics & language arts principles, 5th graders, 57:11329
instruction on hypothesizing & evaluating defining attributes, concept attainment, children, 58:11462
instruction relative to importance & use of behavioral objectives & type of feedback, concept learning, 4th graders, 58:8289
instructional design strategies with organized vs random instance sequences & analysis of instance attribute, concept acquisition, college students, 55:8111
instructional designs matched to individual differences in cognitive styles, concept learning in geometry, 3rd graders, 58:12496
instructional program, learning to read clock, institutionalized mentally retarded, 55:13494
instructional sequences employing nonsymbolic embodiments, attainment of concepts embodied symbolically, students, 57:11392
instructional strategies for teaching bilateral & rotational symmetry, concept attainment, 2nd graders, 57:11375
instructional strategy, teaching abstract social studies concepts, 5th & 6th grades, 55:8080
instrument development as measure of student's comprehension of physics & chemistry concepts, high school students, 55:1570
intelligence & task complexity & instruction, verbal concept attainment, college students, 54:4578
intense program to aid learning & spatial & temporal concepts, measured intelligence, preschool age children, 55:3071
intentions & activities of S, concept learning, 12–13 yr olds, 54:349
interaction of stimulus dimensions, concept & choice processes, 56:3376
interpolation of secondary task during intertrial interval, concept identification problem performance, college students, 55:11439
intervention program training parents to provide organized environmental learning situations, facilitation of sensorimotor concept acquisition, cognitively delayed infants, 58:3128
intra- vs extradimensional conceptual shifts with same vs different materials, learning rate, 5 & 7 & 11 & 15 & 22 yr olds, 53:2856
intraclass variability of relevant values of instances, concept learning, college students, 53:6609
intrinsic sources of individual differences in concept learning, Ss, 55:4260
IQ & cognitive & personality rigidity, concept learning ability, college students, 53:1179
IQ vs MA, prediction of learning rate for dimension-abstracted oddity task, mongoloid vs nonmongoloid retarded 7–20 yr olds, examination of E. Zigler's & M. Weir's opposing hypotheses, 55:4870
knowledge acquired in concept learning & serial pattern learning & problem solving, theory of rule induction, 54:317
knowledge of integration &/or evaluation processes for triangle area computation, ability to make special adjustments for problem solution, 6th graders, 57:9491

language & manipulation & demonstration, acquisition & retention & transfer of conservation, 1st graders, 53:7041
language abilities & short term memory & outerdirectedness & intelligence & hypothesis testing, concept attainment skills, mentally retarded children in special classes, 58:7731
language concept presentation via videotape playback & sex & socioeconomic levels, language concept learning, 1st graders, clinical implications, 58:10381
language used for verbalization & grade level & bilingual vs monolingual classroom instruction, learning rate of 2-stimulus transposition task, kindergarten through 3rd grade native Spanish speakers with conversational knowledge of Spanish & English, 56:4765
learning concept of painting style, college students, 55:13337
learning of hierarchically vs non-hierarchically structured concepts, 55:8858
learning set acquisition, autistic 5–13 yr olds vs normal vs mentally retarded Ss, 55:7312
left-right concept acquisition & conservation, 3–4 yr olds, 57:7997
length conservation & speed concepts, organizational disequilibrium training between concepts, middle class Israeli 6–7 yr olds, 54:9354
letter pattern concepts & memory span & memory scanning in auditory vs visual modalities, 10 yr old poor vs good readers, 54:6306
level of intellectual development, comprehension of concrete & formal operational science subject matter, high school biology & chemistry & physics students, 55:5563
linear & areal scale concept development, urban Caucasian elementary school students, 55:4247
live vs target modeling & array complexity, observational rule attainment responses, college students, 55:11485
locus of control & evaluation apprehension & task attribution, concept acquisition, 58:8812
logical abilities measured by Piagetian tasks & verbal intelligence, performance on intra- & extradimensional shift problems, 3–12 yr olds, 55:4248
logical structures & information quantity & code used to express information, operational strategies during development, 55:9400
low vs medium vs high level concept attainment problems, direct learning & transfer of models vs vicarious learning & transfer of Os, graduate students, 55:11491
matches & mismatches between number of values of relevant & irrelevant dimensions & response category number, concept identification, female college students, 53:8792
match-to-sample training with class stimuli, subsequent name acquisition & generalization, developmentally delayed vs nondelayed preschool children, 58:11477
mathematical theories, concept identification, 53:4441
memorization of rule statements, performance & retention & transfer in computer-based learning task, high school students, 55:10823
memory aid, qualitative & quantitative & equivalence conservation judgments, 4 & 5 & 6 yr old males & females, 54:5012
memory load & rule frequency & rule arrangement of linear & hierarchical patterns, prediction learning of serial patterns, college students, 54:2356
methodology for observating developmental sequence of ordination before cardination in number concept development, note on alternative to C. J. Brainerd's procedures, 56:7687
model demonstrating correct vs incorrect solution, eye movements during observational learning & concept acquisition, college students, 57:2283
model for facilitation of motivation, concept attainment, high school & college students, 55:13323
modeling & corrective feedback, conceptual rule acquisition & retention, 3 vs 4 yr olds, 53:9291
modeling vs verbalization, rule learning, kindergartners, 58:810
modified selection paradigm, validity of assumption of majority rule of M. Levine of hypothesis testing in concept identification, college students, 58:6825
modifying color-meaning concepts, racial concept attitudes, 5 vs 8 yr olds, 56:520
Monte Carlo study of C. Hoyt reliability coefficient in G. H. Bower & T. R. Trabasso's model, 58:2514
motivational instructions & time to reinforcement, double alternation learning through time discrimination, college students, 57:4955
multidimensional scaling approach, concept sets operationally defining cognitive structures & stability & utility for predicting classroom performance, college students, 57:9066
multidimensional scaling, individual differences in concept learning in developmental psychology course, college students, 53:2011
multimedia instruction modules, time-telling acquisition, mentally retarded children, 56:3013
musical stimuli tones & rhythms & melodies, same-different auditory discrimination & verbal descriptions & comprehension of terminology, male vs female kindergartners with varying socioeconomic status, 58:6256
nature of rule & type of information given by E & S's knowledge of nature of rule, hypotheses testing on rule identification task, college students, 58:11017
nature of task, interpretation & falsification of rules, 55:8803
negative instances in mathematical concept acquisition, transfer effects between commutativity & associativity, 9th graders, 58:11019
negative instances, subsequent resampling of hypotheses in conjunctive concept identification, college students, 55:6112
negative reinforcement, hypothesis testing in simple concept identification task, college students, 54:6762
new graphic display system for data presentation vs verbal-numerical formats, effective portrayal of quantitative & concrete concepts, college students, 56:2888
nonexemplar initial instances, experience & success criteria & irrelevant dimensions & values for dimension of stimulus universe & history of all exemplar or nonexemplar initial instance, concept attainment, college students, 55:1860
non-food directed tasks, new concept mastery & negative transfer, obese vs normal weight Ss, 57:8548
nonreinforced choices on either stimulus dimension, establishment of discriminative stimulus control within generalized oddity performance, 8–12 yr old short term psychiatric patients, 55:3722
novel stimulation, learning of redundant relevant cues with intradimensional shift control, college students, 58:10969
novelty & familiarity, identity & difference learning, retardates, 57:6106
number of alternatives & rule structure & concept attributes, rote & concept learning, significance of performance & observation, 55:6195
number of dimensions & pretraining in attending & memorizing, concept learning & attentional broadening, 6 yr olds, 57:974
number of letter-number exemplars & irregular forms, rule acquisition in paired associate learning, college students, 57:2452
objective method with automated measurement, acquisition & maintenance of tool using behavior, crows, 55:11570
observation vs videorecording vs audiorecording & task complexity, performance on concept attainment problems, college students, 55:8911
oddity & discrimination tasks, rule learning & transfer performance, 57:7484
oddity concept acquisition in haptic & visual modalities & crossmodal transfer of conceptual responding, 3rd graders, 53:9289
open sentence type & context & number size, performance when solving selected open distributive sentences, 5th graders, 58:12604
optimal instructional information sequences development, optimal technical material training, low vs high aptitude college students, 53:3967
optional shift & discrimination learning & redundant relevant dimensions, predictions of Zeaman-House-Lovejoy attentional model, 57:7283
order of comprehension & rote methods of mathematical instruction & mathematics related abilities, mathematic concept acquisition & transfer, learning disabled 7th & 8th graders, 57:13921
organization of conceptual materials & measurement & evaluation of comprehension of concepts using cognitive maps, 54:6383
organizational structure of 1st list, transfer & learning of 2nd word lists with same taxonomic categories, 57:364
overlearning & conceptual vs nonconceptual learning mode, intra- & extra-dimensional shift performance, college students, 55:3757
overtraining on initial &/or shift problems vs no overtraining on optional intradimensional–extradimensional shift task, type of solution & breadth of learning, nursery school & 2nd grade Ss, significance of breadth of attention, 55:4217
paired vs single presentation of examples & nonexamples & repeated vs varied concept instances, geometric concept learning, educable mentally retarded elementary & middle school students, 57:11532
paired-associate learning & false recognition, acquisition of simple vs complex concept in hierarchically arranged task, college students, 53:10908
pattern recognition & abstraction & concept learning, representation & organization & acquisition & use of structured knowledge in perception & cognition as fundamental mechanisms of intelligence, 58:289
peer tutoring, facilitation of learning using conservation of substance as measure, male 1st & 2nd graders, 55:1395
perceptual training employing nonreinforced same-different judgments to dowels varying in height &/vs brightness, facilitation of height & brightness seriation, kindergartners, 57:8005
performance on ability measures & academic gains following perceptual-motor & perceptual-language & language-conceptual training, 1st graders, implications for diagnostic-prescriptive teaching, 58:4292
Piagetian theory research on stability of conceptual knowledge over time & generalization & acquisition of more complex concepts, empirical designs & statistical formulas for analysis of experiments, 53:4860
pictorial vs verbal presentation of concept identification task, development of hypothesis testing process, 2nd vs 4th graders, 57:9978
plasticity in memorial networks, college students, 55:8901
position of negative instances within problem & length of postfeedback interval, simple concept identification problems, college students, 55:8961
positive & negative 2 dimensional value labeling & abstraction ability, concept identification in original & reversal & nonreversal shift learning, 1st & 4th graders, 53:2858
postfeedback conditions, acquisition of conjunctive concepts, college students, 55:11486
practice & memory & information type & number of trials, concept & inference task performance, 5 yr olds, 57:9503
practice & order of rule difficulty, verbal solutions using reception procedure with neutral labels in complete learning task, 13–14 yr olds, 57:7381
practice, learning & transfer of nonlinear rules in inference tasks, college students, 58:10971
precriterion stationarity in Markovian learning models, comparison of model definitions & conditions & application consequences, 57:7569
preexperimental experience with conjunctive concepts, rule difficulty order & error distribution in learning conceptual rules, college students, 53:2359
presentation of stimulus–response pairs, rule matrix before vs during vs after learning, paired associate learning, college students, 53:10891
pretraining variations, hypothesis testing & associative learning styles in concept identification learning, 55:3723
prior relevance information, conjunctive concept learning, 53:6617
problem composition & positional cues & past instances, conceptual learning, college students, 58:4798
problem difficulty & saliency, errors to solution in concept identification problem, college students, 54:6752
procedure for arranging & sequencing examples & nonexamples, concept teaching in classroom, 54:4138
programed text vs traditional teaching methods, acquisition of concepts relevant to map representation, 7th graders, 54:12520
prototype vs common feature vs distinctive feature models of learning & generalization, learning rate & abstract category learning, college students, 54:10980
provision of explicit grammar information before vs during vs after exemplar presentation, implicit & explicit learning processes in artificial language rule apprehension, 58:2673
reading about probability & discussion with partner in learning cell, acquisition of principles of probability, 5th & 9th graders & college students, 54:10542
relational concept in analogy & individual differences in processing relationships, cognitive aptitudes reflected in analogy item performance & individual differences in solving analogies, college students, 56:7201
relationship between imagery & concept learning, young children, criticism of E. Saltz & C. Finkelstein's examination of C. K. Hollenberg's study, 57:7966
resistance to extinction of Piagetian concepts, methodological differences, 58:8805
response mode instructions, concept identification task performance, female college students, 57:2416
reward alone vs with penalty, learning strategies on 2-choice size discrimination task, learning disabled vs educable mentally retarded vs normal children, implications for special education curriculum, 58:9745
role potential of TV as instructional medium for conceptual learning & cognitive growth, "Sesame Street" & "The Electric Company", 54:8339
rule induction & problem solving, 54:347
rule satisfaction beliefs, belief in evidence using rule learning task, students, 58:10964
rule-governed behavior as psychological process, cognitive psychology, 54:4561
saliency of political stereotype attached to nonsense syllables, concept-mediated generalization, college students, 57:2397
self ideal–self concept discrepancy, ability to apply principles of dynamics to new situations, male adolescents, 55:1461
semantic change in action role relationship & perceptual change in relative position of puppets, visual fixation, preverbal vs early verbal infants, 55:11974
semantic structure of words in pair, strategies used in descriptions of similarity, college students, 56:5275
sequential training using operant & cumulative learning hierarchy principles, modification of concept identification performance, 63–83 yr olds, 55:6800
single & multiple training strategies, grouping-conservation framework on far transfer, children, 55:9396
single attribute & conjunctive hypothesis domains & solution domain instruction, hypothesis sampling behavior in concept identification problems, college students, 56:9213
single cue vs compound cue problem with conditioned vs color rule & global vs analytical cognitive style, concept learning, female high school students, 54:6753
single or multiple auditory &/vs visual cues & same vs nonidentical cues, concept identification, male college students, 58:4768
single- vs double-array reception training & feedback, conceptual learning & transfer performance, children, 58:362
single- vs multiple-cue focus & stimulus duration, redundant relevant cue learning strategies in concept identification, college students, 53:10889
single-concept instructional variables & advance organizers & within-text questions, learning of concepts in taxonomy of behavior management, 12th graders, 58:12475
slides & motion pictures & live demonstrations, instructional techniques, action-concept learning, mentally retarded 12 yr olds, 55:10994
social class differences & IQ, associative vs conceptual learning & retention, 5th graders, test of A. R. Jensen's corollaries, 56:4836
social reinforcement direct & rule-governed imitation, nonretarded 7–9 yr olds vs mentally retarded 9–14 yr olds, 58:5606
socioeconomic level & reinforcement schedule in 3-phase simultaneous discrimination task, blocking, 4 yr olds, 57:7927
socioeconomic status, cognitive functioning, 3–5 yr olds, 53:9273
solution strategy similarity or use of some instance type, transfer between conjunctive & disjunctive attribute identification problems, college students, 58:11018
spatial concept acquisition, 3–5 yr old retarded children, 53:11958
spatial order & temporal duration & simultaneity concepts as reflected in linguistic structures, 3 vs 5 vs 7 yr olds, 58:820
spatial visualization & general reasoning & inductively vs deductively structured instruction, learning inequalities, high school geometry students, 56:4755
special training vs natural conditions, acquisition of conservation concepts, kindergartners & 1st & 2nd graders, 53:2847
specificity of rule & stimulus information, acquisition of social concept & transfer to learning new concept, 58:8785
speed instructions & spatial vs verbal stimulus performance, attribute identification task performance, secondary school students, implications for applying results from geometric stimuli to normal concept learning situations, 57:4988
still pictorial illustrations & systematic instruction package, acquisition of action concept usage, institutionalized mildly & moderately mentally retarded, 55:3195
stimulation format for language clinicians & teachers, teaching directional & relational prepositions to kindergartners having difficulty with complex spatial concepts, 58:10515
stimulus & response item relevancy & feedback ambiguity & self controlled selection vs fixed reception strategy, word learning concept formation task simulating natural language acquisition, college students, 58:2671
stimulus differentiation training with vs without feedback, hypotheses & strategy & stereotype discrimination learning & transfer, kindergartners, 53:318
stimulus presentation after success or error feedback, role of memory for stimulus in concept identification, female college students, 55:1862
stimulus presentation method & shifts & strategies, concept learning, normal vs language-learning disabled 9–13 yr olds, 58:11909
stimulus-response compatibility & extended practice, persistence of rule use in miniature artificial language, 56:1750
stimulus-response hypothesis testing, Piagetian interpretations of conceptual behavior, 5 & 9 & 13 yr olds, 56:503
strategies in conjunctive concept attainment, college students, 54:325
strategy selection, attribute identification of unidimensional & conjunctive concepts, college students, 55:8833
structure of knowledge & selection of preferred learning materials, acquisition of new information, students, 57:7448
structured concrete vs abstract situations, acquisition of logico-mathematical concepts, 6th graders, 58:5151
structured task administration & praise, use of functional or action based concepts, educable & trainable mentally retarded vs nonretarded children, 56:2513
structure-of-intellect & visual vs figural concept presentation, retention & transfer in modulus 7 arithmetic unit, college students, replication of M. J. Behr's & P. M. Eastman's aptitude/treatment interaction studies, 56:4748
student conceptual level & inductive & synectics & role playing teaching methods, teaching–learning process in K. Lewin paradigm, 54:8405
student-controlled learning in computer-assisted instruction, teaching concepts, children, 53:10456
subjective & empirical analysis, selection of number of instances & range of difficulty for concept teaching, 53:1927
superimposition of tray brightness stimulus-response contingency on acquired 1-trial oddity performance, conceptual interpretation of conditional discrimination, monkeys, 57:5069
synthetic judgment, acquisition of conservation concept, kindergartners & 1st graders & mentally retarded children, 53:2869
task characteristics, patterns of selections & performance characteristics on on-line computer terminal on concept attainment tasks, college students, 55:198
task demands & subjective meaning of basic economic concepts, categories of description in nonverbatim learning, college students, 57:402
task difficulty, 2-choice size discrimination learning, learning disabled vs educable mentally retarded vs normal 7–9 yr olds, 58:9630
task similarity using concept identification & serial learning tasks, task-free transfer, 55:8924
task size & type of concept name, hierarchy of difficulty in concept learning task, college students, reexamination of E. Heidbreder's results, 53:6612
teacher training in empathic responsiveness & democratic decision making, providing participative concept learning experience for students, 1st & 3rd & 4th & 6th grade students & teachers, 55:10675
teaching anatomy laboratory classes using vs not using behavioral objectives, learning & concept development & retention, college students, 57:6800
teaching concept of weight, shift process from visual-motor thinking to visual-figurative & verbal thinking, kindergartners, 53:2872
teaching mathematics concept via positive vs negative vs alternate positive & negative instances, concept attainment, high vs low IQ 8th graders, 55:8040
teaching methods & cognitive levels, acquisition of complex concepts, 8th graders identified as concrete vs abstract thinkers, 55:13151
teaching methods, identification & transfer of principle, boys & girls, 53:12472
televised modeling of hierarchically sequenced rule components, training seriation responses, 3–5 yr old Papago Indians, 55:13165
television image definition level, affective & cognitive learning, 8th graders, 55:13126
test anxiety & instructions & grouping, concept attainment task performance, behaviorally disordered boys in special school, 58:10571
test stress, acquisition & resilience of structurally different problem solving procedures, 55:8922
theoretical transfer hypothesis, learning-to-learn & Einstellung & partial reinforcement extinction effect & reversal–nonreversal shift effects, 53:331

training & practice designed to promote use of specific problem solving strategy, complex concept identification task performance, community-dwelling elderly females, 57:975
training by successive approximation alone vs with verbal rule instruction, conservation of melody & cross-modal transfer, nonconserving black 1st graders, 54:6226
training conditions in 2-choice discrimination, establishment of dimensional mediating response, mentally retarded children, 58:10559
training employing verbal feedback contingent upon judgment responses, acquisition & transfer of transitivity & conservation & class inclusion of length, 4–5 yr olds, 57:2894
training on color relevant oddity problem, cross-dimensional form oddity transfer, preschoolers, 55:8930
training, understanding temporal constructions, kindergartners, 56:2149
training with perceptually based apparatus, performance on Piagetian measure of horizontality concept, adult females, 58:4567
treatments at different scientific verbal levels, conceptual development in science education, male vs female Anglo Saxon vs Negro vs Mexican American 8th graders, 55:13132
type of concept & number of irrelevant dimensions, postfeedback & response latencies in concept identification, college students, 58:4817
type of modeling & rule verbalization & O's sex, concept matching & transfer task performance, male vs female trainable mentally retarded children, 56:4290
typefaces & discrimination of "A's" & "2's", transfer performance to different typefaces, pigeons, 57:514
understanding of logical connectives, 14–19 yr old students, 56:7618
unfamiliar labels in defining attributes, concept learning, 12–13 yr olds, 54:5019
use of stimulus-organism-response model, adapting learning activities developed to teach concept of names & order of days of the week, 57:11309
validity judgments of 5 varieties of argument in isomorphic class & conditional forms, preservice elementary school teachers, 54:8285
variability of irrelevant information, concept transfer, 1st vs 4th graders, 58:341
varying S vs E control of successive instances of information, concept attainment performance, 54:2333
verbal factors, intermediate-size transposition, kindergartners, 54:803
verbal format & reading ability, performance & learning time in principle learning, 10th–12th graders, 55:13317
verbal instruction variations & cognitive style, facilitation of concept problem solving performance & quality of hypotheses utilized, 18–23 yr olds, 57:9499
verbal learning & language characteristics, learning of phonics pronunciation principles, retarded special education students vs normal students, 58:10541
verbal reports in concept learning research, inference of covert hypothesis, college students, 54:6779
verbal reports of concept as representation of underlying concept-learning process, college students, 56:9170
verbal vs nonverbal conditions & particle use vs nonuse & normal vs reversed word order & number of words & age, conceptual generalization, 4–5 yr olds, 54:798
verbalization of newly acquired mathematical concepts, interference with ability to use concept, college students, 55:1416
verbalization training via role taking within context of conservation of area, Piagetian task performance, nonconserving white kindergarten children, 55:6755
verbal-symbolic vs verbal-spatial-numeric presentation & spatial visualization vs general reasoning aptitude, learning quadratic inequalities, high school algebra students, implications for adapting instruction to learner characteristics, 56:4839
visual inspection vs verbal orientation to physical properties vs haptic play & tactile-kinesthetic training, concept acquisition, 3 vs 5 yr olds, 55:9449
visualizing ability, sequenced vs nonsequenced concept learning of symmetry, 4th graders in art education, significance for instructional design, 57:1967

Concepts
ability to understand concept of function, 7 vs 9 vs 12 yr olds, 55:11979
age & sex & social class & social maturity, awareness of concepts of universality & irreversibility & causality & fear of death, 3 & 5 yr olds, 56:2157
age, learning rate of conceptual vs half-conceptual vs nonconceptual sorting task, 3–6 yr olds, 58:7238
algebraic representation, concept definition, 53:4389
analysis of ideological factors, conceptualization of etiological & programatic & delivery issues in provision of human services, graduate students, 55:9534
classification as good vs poor readers on Gates-MacGinitie Reading Tests, concepts of reading, 4th & 5th graders, 53:8339
clues used to identify life, 5–11 yr olds, 53:7027
comparison of scales for object permanence & spatial relationships, measurement of cognitive development, severely & profoundly mentally retarded Ss with mean age of 14 yrs, 55:10075
concept of basic level objects, implications of cognitive representations of categories & perception & development of classifications & linguistic usage & evolution of category labels, 56:7194
concept of soul in psychology & theology, 54:7318
concept organization & visual stimulus availability & art application task, art conceptual behavior, college students, 55:13229
concept rule & pretraining & presentation paradigm, concept attainment, college students, 53:10896
concept rules with directional vs neutral labels for response categories, problem solving, college students, 53:10899
concept word associations in mechanics, hierarchical model structure, secondary school & university science graduates, 57:1948
conception & thought processes concerning physical phenomena, 11 yr old girl, implications for science education, 55:162
Conceptual Congruence Inventory, assessment of degree of overinclusion & underinclusion of common affective concepts, college students, 56:7023
construct organization & content & theological conservatism, Lutheran pastors from 2 opposing groups, 57:8069
cultural background, elements perceived in physics concepts of mass & weight, US vs Taiwan students, 57:6817
definition of concepts by change in relevant stimulus dimensions, conjunctive & disjunctive concept learning, college students, 54:6763
developmental & intelligence & achievement & sex variables, concept expression in drawings, 1st–3rd graders, 55:9468
epistemological structure imposed upon set of concepts by their definitions, memory, 56:157
factor pattern of semantic differential instrument, structure of attitude toward quantitative concepts, graduate students, 53:2146
fuzzy-algorithmic approach, definition of complex or imprecise concepts, 56:5730
historical development, concept of "experience", 54:2171
history of idea & meaning of word & in framework of psychoanalytic psychopathology, depression, 55:1729
individual differences analysis of J. D. Carroll & J. J. Chang, method of differentiating cognitive structures of concepts, 54:10850
inductive-like & deductive-like teaching approaches, construction of test to evaluate literary comprehension using positive & negative & noninstances of conjunctive & disjunctive & relational concepts, junior college students, 57:6991
information per item, ability to randomize sequences, college students, 53:290
instructional information on principle of refraction, transfer of previous learning to subsequent task, Black 6th grade male, 58:8782
instructions to image vs to comprehend proverbs during acquisition, facilitation of recognition of proverb interpretation, implications for dual coding & conceptual propositional storage hypotheses, 57:7408
interpretation & application & evaluation, operant terms & concepts, 55:3433
knowledge of political events & level of attitude constraint & confrontation of attitude inconsistency, attitude change, 57:12778
linguistic features & disease concepts, Eskimos vs Navahos vs Chinese, 57:5440
logical description of deduction of instances from concepts, advantages of scheme & practical usefulness, 56:1767
Marxist-Leninist criticism & revision of bourgeois concept of social role, 58:6558
memory representation, explicit & implicit information in picture stories, college students, 55:8863
memory set size for letter vs dot-pattern stimuli, analysis of number of memory representations for perceptual concepts, college students, 57:11994
metric properties, symmetric set differences in concept hierarchies, 57:9409
multidimensional scaling analysis, semantic space of physics concepts, 12 yr olds through graduate students, 58:5064
negation as iterative or reflective process of critical thought, 53:4264
normal vs deviant language development, comprehension of sentences describing temporal & spatial order, preschoolers through adolescents, 58:1415
passage subtopic concepts & units, memory structure for prose, high school students, 58:10981
perception of intensional & extensional meaning domains in semantic differential application, junior speech students, 53:3091
phonological phases & conceptual chunks, speech production processing, 55:487
preexperimental experience with conjunctive concepts, rule difficulty order & error distribution in learning conceptual rules, college students, 53:2359
presentation of stimulus–response pairs, rule matrix before vs during vs after learning, paired associate learning, college students, 53:10891
quasi-polar & concept-scale interaction, reliability of semantic differential, college students, 57:7238
redundant information & development of correction factor, patterns of information & psychodiagnosis of common syndromes, 58:5757
relevant vs irrelevant transformations, survival of concept, 53:8530
rule-governed behavior as psychological process, cognitive psychology, 54:4561
semantic differential concept ratings, separation of affective & denotative dimensions in semantic space, Brazilian vs Hungarian male teenagers, 57:2832
semantic differential investigation of "judging people," measurement of ethnic differences, 54:11520
short melodies structured to conform with Gestalt features of line-schematizations representing emotions & concepts, auditory perception of physiognomic properties, blind vs sighted college students, implications for similarity of physiognomic properties across modalities, 57:7363
similarity among concept profiles, assumption of distance in interconcept space using semantic differential technique & token manipulation, graduate students, 54:6725
small group instructional programs, classification &/or seriation skill learning, urban middle class 4–5 yr olds, 54:4060
subjective differences between magnitudes of 2 concepts, decision time in comparing magnitudes of pairs of concepts from semantic orderings of time & quality & temperature, college students, 56:7178
task size & type of concept name, hierarchy of difficulty in concept learning task, college students, reexamination of E. Heidbreder's results, 53:6612
thematized vs non-thematic concepts, speed & accuracy of verifying information in discourse, 57:2362
understanding of selected topological concepts, mentally handicapped 10–13 yr olds, 55:12508
uniformity of color names among different languages, 54:11735
validity tests for componential analyses of conceptual domains, cross cultural study in methodology, 56:3221
variability information, memory for concepts & models of memory, 58:6880

Conceptual Imagery
abstract vs concrete sentences followed by verbal vs perceptual coding task, recall, 16–45 yr olds, 56:9192
age & religious affiliation & order of drawing picture of God vs person, anthropomorphism & religious vs nonreligious imagery scores in drawing God, Lutheran vs Mennonite vs Methodist vs Mormon vs Roman Catholic vs Unitarian 1st–3rd graders, implications for religious education, 57:12535
animated computer graphics for illustration of internal & external digital & analog representational systems, 53:6622
auditory vs visual stimuli & instructions to form auditory vs visual images & oral vs written responses, paired associate learning, 55:6164
autonomous imagery, creative self perception, college students, 54:9702
belief systems & conceptual images of parents & God, college students, 56:570
conceptual complexity & imagery, verbal comprehension & memory, college students, 55:3713
conceptual vs passive imagery stimulation, motor performance, sighted vs adventitiously vs congenitally blinded Ss, 56:6268
creative imagery & analogy, 54:11805
developmental rates of change, verbal processes & cognitive & subjective components of imagery, 1st–5th graders, 54:2697
encoding strategy, recognition memory for shapes, college students, 53:6650
high vs low imagery & color of noun lists, free recall & facilitation of learning, college students, 55:205
imagery & theme, connected discourse recall, college students, 54:366
imagery instructions &/or drawings, learning prose, college vs high school vs elementary school students, 54:10599
imaginal vs verbal mediation, observational learning, 2nd–4th graders, 56:3383
keyword method of connecting foreign word to English translation through acoustic & imagery links, second language learning, 54:10979
mediation instruction, tactile recognition, college students, 55:174
mental imagery instructions vs picture mnemonics accompanying aurally presented sentences, free vs cued recall vs retention of sentences, 1st vs 4th graders vs college students, 55:6759
mental imagery vividness & ego permissiveness levels, hypnotic responsivity, college students, 54:1110
psychoanalytic interpretation, imagery & symbolic expression in dreams & art, 53:1151
rate of auditory presentation of object descriptions, simultaneous visualization of objects, males vs female college students, 57:4913
semantics of locative information in pictures & mental images, college students, 56:7180
spatial perception measured by subtest 8 of W. Horn's Leistungsprufsystem & elicited information processing, 55:8772
systematic presentation & withdrawal & representation of covert response cost, maladaptive eating, overweight adult females, 54:10250
verb imagery & noun phrase concreteness, sentence imagery & recall of sentences, male & female college students, 53:4525
vividness of active thought & passive spontaneous mental modes of visual imagery, college-age females, 53:163

Conceptualization [See Concept Formation]

Concussion (Brain) [See Brain Concussion]

Conditioned Emotional Responses
age & amount of conditioned fear, acquisition & extinction of active avoidance responding, rat pups & adults, 58:482
alcohol, fear of stimulus warning of shock & general environmental fear, male rats, 58:7086
amnesic effects of ECS, vulnerability of skeletal & autonomic manifestations of conditioned emotional responses, 55:6484
amygdalectomy, classically conditioned fear response acquisition, male rats, 53:8985
amygdalectomy, habituation & conditioned emotional response, male rats, 55:11750
amygdalectomy, long-term retention of undertrained classically conditioned fear response, male rats, 53:11123
aversive conditioned stimuli, suppression of lever pressing for food vs eating of free food, male rats, 53:6921
background cue levels during classical fear conditioning, conditioned fear response, rats, 53:695
backwards & 1-trial simultaneous fear conditioning, conditioned suppression of licking, rats, 58:454
behavioral stimulus similarity between conditioned fear & frustration in incentive shift paradigm, 56:9336
bioelectrical & vegetative components, negative-emotional conditioned reflexes, rabbits, 54:9116
caudate nuclear stimulation, disruption of conditioned emotional response development, rats, 55:11710
chlordiazepoxide & diazepam & chlorpromazine, conditioned emotional behavior & conditioned neuronal activity & limbic & hypothalamic & geniculate regions, male rats, 54:7067
chlorpromazine during acquisition & extinction training & postacquisition & postextinction under nondrug conditions, conditioned fear, mice, test of J. Wolpe's hypothesis, 53:634
classical conditioning of emotional responses with neonatal ultrasounds prior to mating, subsequent mother-infant interaction, virgin female rats, 57:2529
combinations of controlling stimuli, interaction of Pavlovian conditioned fear processes, rats, 55:9040
conditioned attention theory, experimental application, male rats, 58:8937
conditioned emotional responding, humans, 55:3776
conditioned emotional response facilitation–suppression, comment on D. A. Sachs & J. G. May's paper, 53:344
conditioned emotional response procedure, preference for components of concurrent random interval schedule, male 15–16 yr olds, analog of aversion therapy, 56:5319
conditioned emotional response training followed by intracranial injections of KCl, EEG activity & response retrieval, rats, 57:774
consultation in general hospital by psychiatrist & clinical nursing specialist, nursing management of patient's behavioral problems, 55:5252
cortical spreading depression, conditional emotional response acquisition between steady cortical potential shifts & electrophysiological analysis, rats, 55:11686
diazepam & Pavlovian discrimination fear-conditioning procedure, fear-dependent variations in continuous avoidance behavior, female & castrated male pigs, 58:11243
discrimination training with vs without shock followed by fear conditioning using tone as positive vs negative CS for shock, anticipation of shock as discriminative stimulus in barpressing for food behavior, male rats, 57:519
drive & reward combination, aversive learning situation, male rats, evidence for energizing properties of conditioned fear, 54:11287
ECS-induced amnesia, recovery of memory for classically conditioned fear, male rats, 57:666
EKG T-wave amplitude & masseter muscle tension & heart rate, physiological indices of conditioned suppression, humans, support for interference theory, 57:9712
electroconvulsive shock, conditioned immobilization & defecation, male rats, 53:587
electrodermal lability, acquisition & extinction of conditioned autonomic fear response to snake vs rope as CS & escape behavior & verbal discomfort ratings, nonphobic male college students, 58:7032
emotionality &/vs prior experience with inescapable shock, conditioned helplessness & escape conditioning, rats, 53:11308
escape from black to white vs escape from white to black, fear conditioning & extinction, male rats, 54:7096
exposure to apparatus cues &/vs noncontingent footshock &/vs epinephrine injections following classical fear conditioning, reinstatement of learned fear, male rats, 58:4964
extended exposure to truly random sequences of tone CSs & shock UCSs, excitatory fear conditioning, male rats, 57:12150
extinction of discriminative avoidance to CS, CS's ability to control 2nd independent avoidance response, dogs, support for independence of CS-fear & fear-avoidance response links, 58:8921
factor analytic study, conditioned emotional response acquisition, male rats, 53:11313
fear conditioning, conditioned suppression of responding for hypothalamic electrical stimulation, male rats, 56:5598
fear conditioning, differential preference for & activation by odoriferous compartment of shuttlebox, male rats, 53:11286
fear-withdrawal & relaxation-approach, contributions to avoidance responding, 57:12123
frustration conditioning trials with vs without CS-UCS pairings, learning of hurdle-jumping response, male rats, 58:471
generalization of fear & delay & apparatus cues, incubation in response suppression paradigm, male rats, 57:7582
informational properties of stimulus 1 & stimulus 2 & sequence of stimuli in conditioned emotional response training, conditioned suppression, rats, 58:8933
intensity shift of preexposed tone, subsequent conditioned emotional response, male rats, implications for generalization of nonreinforced stimuli, 56:3502
intertrial interval & foreperiod duration, acquisition of conditioned emotional response, male rats, 57:2592
intertrial interval & stimulus intensity during nonreinforced preexposure, latent inhibition in escape-avoidance & conditioned emotional response tasks, rats, 57:12171
introduction of person previously paired with unpleasant event in conditioned emotional response paradigm, conditioned suppression as measured by task response decrements, female college students, 56:7922
learned feeling of helplessness, development of depression & anxiety, book, 54:1316
limbic lesions in infancy, weight gain & conditioned emotional responses & conditioned avoidance, male rats, 55:402
long term retention of early Pavlovian fear conditioning, infant rats, 56:1862
medial archistriatal lesions, conditioned suppression of food-motivated keypecking & auditory discrimination, pigeons, 57:12352
misattribution of conditioned source of physiological arousal of fear, acquisition & extinction of conditioned emotional response, female college students, 53:6693

neutral geometric stimulus paired with similar vs dissimilar attitudes & number of trials, affective evaluation of figures, college students, 54:8860
number of compound CS conditioning trials, loss of element strength & configural conditioning in conditioned emotional responses, male rats, 57:12142
number of CS-UCS pairings, long term retention of conditioned emotional response, rats, 58:8874
orienting response of electrodermal response, increase of electrodermal response to CS after rest period, 18–32 yr old males, 58:9029
parameters of conditioned stimulus exposure, extinction of conditioned fear, female rats, 53:2767
pentylenetetrazol immediately vs 4 hrs after single trial conditioned emotional response training & watering session time, time dependent performance impairments, male rats, 57:9869
posttrial hippocampal stimulation, conditioned emotional response consolidation, rats, 55:4041
predictability of shock & probability of conditioned stimulus–shock pairings, suppression of licking behavior, male rats, 53:11302
preexposure to CS & amount & delay, anticipatory modification of conditioning of fear response, children, 55:5124
preexposure to uncorrelated presentations of noises & shocks, acquisition of conditioned emotional response & signaled punishment suppression, rats, 56:7301
probe-stimulus technique, strength of fear response during conditioning & extinction, college students, 57:7442
response prevention after avoidance or classical defensive conditioning, residual fear of CS, female rats, implications for implosive therapy, 56:3506
response prevention after avoidance or classical defensive conditioning, residual fear of CS, rats, discussion of P. M. Monti & N. F. Smith's research, 56:3519
response prevention after avoidance vs classical conditioning, residual fear of CS, female rats, 58:461
retrospective misattribution, extinction of conditioned galvanic skin response, female college students, replication & extinction of J. Loftis & L. Ross's experiments, 53:6694
scopolamine & mecamylamine, differential dissociation in conditioned suppression task, rats, 53:4742
scopolamine & physostigmine, operant responding, rats, 55:4136
septal lesions, acquisition of classically conditioned fear response, male rats, 56:3668
shock object discriminability, duration of instrumental avoidance & conditioned emotional response periods in passive avoidance, hooded vs albino rats, 57:12139
shock presentation associated with food, conditioned suppression during conditioned emotional response training, rats, 54:707
shock probability of auditory warning signals preceding unavoidable shock & probability alterations, conditioned emotional responses & stimulus interaction & relative safety contributions, rats, 58:2768
shock reduction, unblocking in conditioned emotional response procedure, male rats, 57:9589
shock-escape-trials & subsequent extinction with vs without punishing shock for running, conditioned fear & postshock emotionality in vicious circle behavior, female rats, 53:705
shuttlebox avoidance behavior, Pavlovian conditioned inhibition of fear, rats, 53:6935
simultaneous compounding vs unpairing vs order of presentation of 1st-order & 2nd-order CS, 2nd-order conditioned emotional response conditioning, rats, 58:8898
stimulus generalization of conditioned emotional response, female rats, 54:2616
stimulus salience levels & compounded stimulus reinforcement, conditioned emotional response strength, rats, test of R. Rescorla & A. R. Wagner's model, 53:2747
time interval after conditioning in acquired drive experiment, persistence of conditioned fear, male rats, 53:4786
trace vs delay procedures, acquisition of conditioned eyelid & emotional responses, infants, 55:11474
ultrasonic motion detector, use as conditioned stimulus in conditioned emotional response paradigm, female rats, 53:9148
unconditioned stimulus following extinction, reinstatement of conditioned fear response, rats, 53:9175
ventromedial hypothalamic lesions, fear acquisition & passive avoidance, female rats, 56:1983
Conditioned Reflex [See Conditioned Responses]
Conditioned Responses [See Also Conditioned Emotional Responses, Conditioned Suppression]
ablation of peripheral ends of vestibular & visual analyzer, functions of visual & proprioceptive & tactile analyzers & recovery of spatial-motor conditioned reflexes, hens, 55:2046
acoustic conditioned reflex elaboration & re-elaboration rate & RNA content of neurons & interneurons & glia in limbic system, mouse-killing male rats, 53:10995
acute chemical sympathectomy by 6-hydroxydopamine, conditioned & unconditioned cardiovascular responses with intracranial stimulation, rabbits, 55:6456
age, modifiability of response pattern, young adult vs senescent male rats, 56:5384
alimentary conditioned reflex paradigm, analysis of EMG recordings according to specificity of backward connections, dogs, 54:11085
alpha-methyltyrosine, attentuation of amphetamine-induced conditioned taste aversion, female rats, 56:2022
anterior vs posterior hypothalamic electrical stimulation, conditioned reflex activity & delayed responses, adult monkeys, 57:5265
anxiety level, conditioned scratch response, atopic dermatitis patients, 53:9776
associative connections in 1st- vs 2nd-order conditioning & discrepancy principle, 2nd-order conditioning, 58:2772
attachment acquisition process in early human social development, attachment as label for operant response patterns & maternal conditioning of cued infant responding & attachment indices, 58:3144
avoidance conditioned activity, heart rate in active- & immobile-avoid periods, male rats, 56:5389
behavioral contrast without response rate reduction in extinction component on multiple variable-interval schedule, male pigeons, 53:6918
behaviors to light & tone CSs, form of Pavlovian conditioned response, male rats, 57:12147
bilateral lesions of dorsomedial part of amygdaloid complex, conditioned salivary reactions, dogs, 55:2048
blocking of excitatory appetitive classical conditioning using auto-shaped pecking responses, pigeons, 55:9025
blocking of robust conditioned drinking response following conditioning, isotonic procaine vs hypertonic procaine vs saline conditioned response, male rats, 53:9168
carbachol injection into anterior hypothalamus or thalamus & hippocampus & amygdala & pretreatment with atropine & nicotine & noradrenaline, alimentary conditioned reflex performance, cats, 56:2059
cerebrolysine, elaboration & fixation of CRs in avoidance situation, adult rats, 57:5384
chemical & electrical stimulation of thalamic region, conditioned reflex behavior, cats, 55:2107
chemical stimulation of dorsal & ventral segments of caudate nucleus head, alimentary conditioned reflexes, dogs, 55:2114
chlordiazepoxide & ripazepam & dextroamphetamine, accelerated responding during preshock stimulus & response on DRL baseline, male rats, 58:11345
classical conditioning & pseudoconditioning, autonomic responses, alert & drowsy 17–24 yr old male US Naval Hospital Corps students, 55:3760
classical conditioning of nictitating membrane response, lemon sharks, 55:6266
classical conditioning procedure using stimuli related to Black relatedness & non-Black-relatedness, evaluation of cognitive component of political issues with skin conductance CR, White college students, 57:12304
cocaine dosages, time course for effects on FR water-reinforced response rate, male rats, 55:6598
color stimuli, differentiation of visual stimuli & EEG & autonomic CRs, young monkeys, 55:1957
compound conditioning, nonassociative modification of behavior, flies, 57:7580
compound stimuli controlling simultaneously present topographically different responses, summation response effect, rats, 58:438
concepts & definition, autokinesis & schizokinesis & centrokinesis & organ-system responsibility, 53:9131
concurrent responding & reinforcement, accuracy & controlling effects & self monitoring, nonpsychotic psychiatric inpatients & 22–25 yr old normals, 56:2617
conditioned connections in structure of instrumental avoidance reflex, dogs, 55:9041
conditioned motor reaction, alpha rhythm depression in occipital area & GSR & heart rate changes anticipating & during CS stimulation, college students, 54:8987
cortical ablations vs brain extirpation & conditioned neurosis, conditioned activity & vegetative processes, baboons, 55:9230
cortical divaricate depression, conditioned cleaning reflex, rabbits, 53:8997
cross modal transfer of conditional flexion response, dogs, 58:8935
CS-UCS pairings & CS plus new element-UCS pairings, suppression & acceleration in avoidance response rate, test of neocontinuity model, 57:7584
current research & theory on conditioned reflexes, 54:6907
delayed reward learning, stimulus generalization of conditioned reinforcing properties, pigeons, 58:11089
delta-9-tetrahydrocannabinol vs diazepam vs chlorpromazine vs morphine, suppression of cardiac CR, male monkeys, 58:11315
development & constraints in infant classical conditioning, 56:7634
development & performance of cortically reinforced CR, changes in cortical excitability, cats, 55:6472
dextroamphetamine vs methylphenidate vs pipradrol vs phenindamine, enhancement of leverpressing performance, male rats, 56:2091
different stimulation modes, higher nervous activity in formation of 2 CRs, rats, 55:9030
differential classical conditioning of somatic response systems, heart rate, rabbits, 54:487
differential classical conditioning with tones as conditioned stimuli & eye shock as unconditioned stimulus, corneo-retinal potential & heart rate & hippocampal EEG conditioned responses & general somatic activity, rabbits, 53:4593
differential eyelid conditioning with airpuff vs intraorbital shock as UCS & signaled vs unsignaled trials, UCS aversiveness ratings & CR magnitude, high school & college students, implications for operation of informational control & preparatory response factors, 57:2417
differential reinforcing properties of complex visual stimuli, running response, female rats, 57:12159
differential-reinforcement-of-other schedule & extinction, within-S comparison of response elimination, male pigeons, 53:9186
direct electrical stimulation of neocortex & caudate nucleus, conditioned motor reflexes, dogs, 55:9215
discriminated punishment contingency, acquisition of classically conditionable skeletal response, college students, 53:10909
discrimination training & reinforcement to satiation for responses in presence of negative stimulus, responding to reintroduced positive stimulus, pigeons, 57:529
duration of 2 components of multiple schedule, behavioral contrast, pigeons, 53:4801
durations of reinforcement delay during multiple reinforcement, response rates, pigeons, 56:5406
ECS, conditioned skeletal & heart rate responses, rats, 55:9206
EEG correlates during natural night sleep, conditioned reflex to time, 17–25 yr olds, 55:1980
effector manifestations of dominant drive, experimental procedure for studying instrumental reflexes, dogs, 54:9240
electrical brain stimulation & brain lesions, midbrain & brain stem neural mechanisms of conditioned inhibition of nictitating membrane response, rabbits, 58:11186
electrical hippocampal stimulation, conditioned reflexes & delayed reactions, cats, 55:9205
electrical stimulation of midbrain central area, avoidance conditioning for food & compartment, cats, 53:711
electroconvulsive shock, vulnerability of skeletal & autonomic manifestations of memory, male rats, 54:560
electrographic characteristics, delayed conditioned reflex, 54:8963
eserine & nicotine & atropine & methylatropine & clonidine & phenoxybenzamine & apomorphine & haloperidol, shuttle responses to buzzer in 2-way avoidance sessions, rats, 58:11286
ethanol & isopropanol, schedule-controlled responding, male pigeons, 58:11302
ethological limits, possibility of conditional relationship in classical or operant conditioning, 58:11078
evocation rate & age, formation & preservation of avoidance reaction, rats, 53:9151
experimental neurosis, CRs & electrical activity & enzymatic state in neuronal cells, dogs, 55:1964
exposure to color-form compounds & intermittent grain reinforcers for specific compound or single form, keypecking during test utilizing single compound element with no reinforcement, pigeons, reevaluation of attentional interpretations of nondifferential responding, 57:5075
exposure to escapable vs inescapable signaled shock, measurement of classically conditioned fear, male rats, 55:3889
extinction of discriminative avoidance to CS, CS's ability to control 2nd independent avoidance response, dogs, support for independence of CS-fear & fear-avoidance response links, 58:8921
extinction of vasodilator response to threatened aggression, cats, 53:9183
extinction vs omission training, positively reinforced response elimination, chronic psychiatric patients, 54:10238
extraversion & negative & positive reinforcement, verbal operant conditioning, graduate & postgraduate students, 57:12820
false feedback, conditioned galvanic skin response during extinction, college students, 53:2334
finite integer analysis of individual S protocols during classical & avoidance modes of eyelid conditioning, college students, 56:5294
FR value & stimuli correlated with postreinforcement pause & run responding patterns, facilitation & suppression of VI response, male pigeons, 57:2553
functional basis of elementary model of counting in dogs, local conditioned reflex, 54:8830
H reflex, recurrent inhibition by discharge of motoneurons, humans, 55:6480
heat reinforcement, stimulus-directed pecking in Pavlovian conditioning, chicks, criticism of E. A. Wasserman's conclusion, 53:4790
hemidecortication or neodecortication, acquisition of Pavlovian conditioned responses of nictitating membrane, rabbits, 58:7060
heuristic model of brain based on algorithms for solving problems of image discrimination using CRs, 55:9109
high vs middle vs low 1 minute Apgar scores, prediction of head-turn conditioning responses, healthy newborns, 58:3059
hypnosis, discovery of causes & treatment of panic attacks as kind of conditioned reflex, cases of patients with anxiety neurosis, 58:1712
hypoglycemic conditioned reflex to insulin, role of nervous mechanism, female rats, 53:8891
hypoxia & pressure-chamber training, conditioned chain motor reflexes, rats, 53:8942
imagined paired vs unpaired conditioned &/vs unconditioned stimuli, frequency of post-conditioned stimulus responses during real extinction, 53:8804
immobilization with curare during pairing of conditioned stimulus with rewarding intracranial stimulation, activity response before & after Pavlovian conditioning, male rats, 53:640
infrasound exposure, acquisition & retention of conditioned avoidance response, female rats, 58:8922
interference introduced before & after original conditioning, retention of CR, cats, 58:6947
interpolated continuous reinforcement, extinction of response established by partial reinforcement schedule, adults, implications for behavior therapy, 55:6169
left optic tectum removal, visual CRs using visual stimulus & AC shock & respiration rate & visual thresholds, goldfish, 56:376
lethal doses of irradiation at young vs older age, conditioned activity, rats, 55:9187
limb deafferentation, performance of conditioned reflexes, dogs, 53:8970
lithium chloride poisoning & taste stimulus novelty vs conditioned taste aversions, neophobia & enhanced neophobia, rats, 58:11234
local cortical excitation during conditioned reflex formation & transition to spreading excitation & effect of etimizol on action potentials, mollusks, relationship to mechanisms underlying retention, 57:5152
low level microwave radiation, response rates established by DRL & FR schedules, male rats, 55:2022
MA & stimulus presentation sequence, transient & sustained contrast effects, educable mentally retarded vs normal adolescents, 55:10070
magnitude increase of CR following exposure to CS, paradoxical enhancement of learned anxiety response, literature review, 56:7250
magnitude of appetitive UCS & CS duration, response during CS terminating with appetitive UCS, rats, 57:2563
medial forebrain bundle lesions, lateral hypothalamic self stimulation for tail movement & barpressing, rats, 54:6979
medicinal use of hypodermic needles, deleterious effects & possibility of precipitating withdrawal or inducing craving for heroin as CR response, methadone maintenance patients vs controls, 58:1830
mediodorsal thalamic stimulation & lesions, responding under multiple schedule, rats, 54:11188
menstrual cycle, susceptibility to acquisition of conditioned GSR, premenstrual vs intermenstrual female phobic patients vs nonpatients, 56:1788
midbrain raphe nuclei stimulation & methysergide, maintenance of conditioned avoidance reflex, rats, 58:11180
modified DRL procedures, efficiency & durability in keypress response conditioning, college students, 58:6849
morphine & chlorpromazine doses, acquisition of conditioned avoidance response in tasks of varying difficulty, rats, 57:7764
n-dipropylacetate, acquisition of conditioned reactions with negative & positive reinforcement & spontaneous activity, goldfish & mice & rats, 57:2773
neutral hypnosis, conditioned physiological response to shock, college students, 56:3463
no vs 72 hr vs 25 min preexposure to novel odor & difference of preexposure environment to runway, response decrement produced by novel odor in trained running response, albino rats, 55:240
noncontingent footshock, restoration of memory for learned response, amnesic animals, 53:9007
noradrenaline vs serotonin vs dopamine injections into septum, spontaneous motor activity & conditioned response patterns, rats, 57:826
novel shock stimulus, disinhibition of conditioned nictitating membrane response, rabbits, 58:11097
number of different amounts of reinforcement in concurrent schedules, acquisition & extinction of responses, children, 55:8888
pairing of tone with morphine administration, acquisition & extinction of conditioned rectal temperature increase, male rats, 58:11320
partial & continuous reinforcement, conditioned heart rate & corneoretinal potential responses, rabbits, 54:9241
peak force response requirements, force & rate relations during VI reinforcement, male rats, 58:460
peripheral pathway transmitting UCS, learning visually conditioned heart rate change, pigeons, 55:11560
postneurotic changes in higher nervous activity using method of motor alimentary conditioned reflexes, baboons, 54:8944
prefrontal lesions, avoidance reflex differentiation with symmetrical or asymmetrical reinforcement, dogs, 55:2035
pretrial injection of cocaine, performance & retention of conditioned avoidance response, male rats, 56:449
prior stimulation conditions, conditioned responding to well-trained CS in eyelid conditioning, rabbits, implications for effects of priming, 57:7591
propranolol & phentolamine & atropine methylnitrate, selective autonomic blockade & peripheral autonomic innervations of cardiovascular CRs & UCRs, monkeys, 55:447
rate & duration of reinforcement, rate of responding on keypecking & treadle pressing operants maintained by VI schedules, 58:8872
ratio of completion of required number of keypecks on 2 keys, response & time allocation ratios in 2-key concurrent VI schedules, pigeons, 58:11076
reinforcement as opportunity to enlighten another person in trouble situation & acknowledgment of enlightening information & reinforcement schedule, Ho Chi Minh effect in instrumental learning, 57:8262
reinforcement conditions, response rate & response topography development in eyelid conditioning, college students, 53:4422
reinforcement magnitude of previous auditory stimulus, conditioned response to stimulus paired with reinforcement, male rats, 56:5372
relative vs absolute cues, stability of conditioned reflexes, bears, 55:9059
reproduction of conditioned reflex reactions, noradrenaline content of limbic system & anterior hypothalamus, male rats, 57:2651
response discriminative & reinforcement factors, stimulus control of performance on multiple & chained reinforcement schedules, male rats, 53:6956
response to positive incentive value of CS, cortical evoked potential, monkeys, 58:8981
response-produced electric shock, responding during FI chain schedule of food reinforcement, 57:492
response-produced vs free food, preferences, female rats, 58:11085
retention of conditioned reflexes of previous experience after regeneration planaria, 54:9074
reversal of conditioned reactions, comparative analysis of electrical activity of cortex and subcortical formations, rabbits, 54:8969
reversal of partial reinforcement effects in acquisition goal speed, methodological discussion, 55:11550

scopolamine & methylscopolamine, response conditioned inhibition, male rats, 57:783
scopolamine, operant vs aggressive responses, male squirrel monkeys, 55:11803
semantic generalization of conditioned autonomic responses, use as bidirectional indicators of racial attitudes, white college students, 53:9447
semantic vs formal features of stimulus words, transfer of differential eyelid conditioning, college students classified according to conditioned response topography, 53:6642
sensory cuing & CR patterns, acetylcholine release from visual & sensorimotor cortices, rabbits, 56:275
septal lesions, eyeblink & EMG & heart rate conditioned responses to differential classical conditioning, rabbits, 58:7061
serotonin implantation in amygdaloid complex, avoidance reaction, rats, 53:9010
similarity of freely available response to contingent response & time of availability, instrumental performance, rats, test of motivational interpretation of response deprivation theory, 57:2571
simultaneous vs backward conditioning & single vs multiple task training & week of test & massed vs distributed test sessions, durability of secondary reinforcement, rats, 58:2747
small vs large pre- & postshift rewards, successive contrast effects, rats, 53:745
stimulation of different cerebellar nuclei as CS, electrophysiological analysis of conditioned reflexes, cats, 54:529
stimulation of dorsal hippocampus, defensive shaking-off conditioned reflexes, rabbits, 53:9014
stimulation &/or lesions of claustrum, inhibition of conditioned alimentary motor reflexes, cats, 53:8991
stimulus control of pupillary behavior, neural activity in auditory & somatic systems, paralyzed cats, 55:9165
sydnocarb dosages, conditioned responses & bioelectric activity & general behavior, dogs & rabbits, 58:705
taurine & structural analogs, conditioned responding for water reinforcements, male mice, 55:4119
television recording technique, quantification of CRs & UCRs, planarians, 54:11291
temporal variations between contingent & probabilistic noncontingent reinforcement, response rates, pigeons, 56:5364
timing of added stimulus in multiple schedule reinforcement & probability of noncontingent reinforcement, response rate, pigeons, 57:2559
tone correlated with unavoidable shock, conditioned suppression of – schedule-induced polydipsia, male rats, 55:243
tone onset & offset times, excitability of reflex nictitating membrane response to air puff & abducens motoneurons to electrical stimulation, rabbits, 56:3649
topography of conditioned responses during differential eyelid conditioning, college students, 53:6641
training on multiple VI reinforcement schedules & witholding reinforcement on 1 component schedule, behavioral contrast, male rats, 55:244
training on multiple VI-extinction schedule with vs without shared visual stimulus feature signaling reinforcement availability in components, behavioral contrast, pigeons, support for autoshaping explanation, 57:12161
transfer of operantly conditioned visual fixation, hyperactive severely retarded 6–10 yr olds, 53:10179
UCS intensity on CR trials, operator limit & response probability in classical eyeblink conditioning trials, college students, 56:3402
unavoidable nociceptive stimulation, motor conditioned reflexes, dogs, 54:9117
unilateral ablation of thalamic nuclei, taste sensitivity & conditioned & unconditioned salivation, dogs, 53:8982
varying temporal placement during CS of added stimulus correlated with nondelivery of UCS, form & latency of cardiac rate, male monkeys, 54:9016
vicarious reinforcement, development of conditioned reinforcer, preschool age children, 57:9510
vicarious vs direct instigation, conditioning of skin conductance response in successive component long interstimulus interval paradigm, college students, 57:7685
visual reinforcer complexity shifts, footkicks & visual attention as measures of conditioned instrumental response rates, 3 mo olds, 56:3808
2nd-order multiple reinforcement schedule, behavioral contrast, pigeons, 53:4782
6-hydroxydopamine lesions of substantia nigra, acquisition of conditioned avoidance response, male rats, 54:4765

Conditioned Stimulus

adrenocorticotrophic hormone injections & time of training & conditioned stimulus duration, acquisition & retention of conditioned-suppression response, male rats, 53:4751
association of neutral stimulus with morphine doses, development of secondary reinforcer & drug seeking behavior, rats, 57:12373
auditory stimulus & manipulation of conditioned stimulus–unconditioned stimulus dynamic stereotype, conditioned visual afterimages, 53:8693
averaged evoked potentials & EMG recordings of CSs & UCSs, role in functional system of conditioned behavioral act, rabbits, 54:8970
aversive Pavlovian CS, evocation of escape & avoidance instrumental responding, mongrel dogs, 57:5048
avoidance conditioning, anticipation of periodically scheduled signaled vs unsignaled free shock, female rats, 57:12166
awareness & transfer of affect using embedded CS in classical conditioning procedure, male college students, 57:367
awareness of CS-UCS relationship, autonomic classical conditioning, 55:8877
backward masking of conditioned stimuli, single-cue & differential classical conditioning performance, college students, 53:4457
behaviors to light & tone CSs, form of Pavlovian conditioned response, male rats, 57:12147
buzzer-light vs tone-light vs light only CS, Y maze avoidance performance & activity change, male rats, 55:3890
characteristics of heart rate as discriminative stimuli, college students, 58:7033
classical conditioning of eyelid to verbal vs visual vs auditory stimulation, aphasic vs normal adults, 58:1416
classical nictitating membrane conditioning under single-CS dual-interstimulus interval paradigm, double responding, rabbits, 57:7575
click as CS & electrical stimulation of facial nerve as UCS, conditioned eyeblink, cats, 54:9090
combinations of controlling stimuli, interaction of Pavlovian conditioned fear processes, rats, 55:9040
compound conditioning, nonassociative modification of behavior, flies, 57:7580
conditioned aversive stimuli & CS presentation with vs without UC, avoidance behavior & gross motor activity, male rats, support for acute/chronic fear interpretation & Rescorla & Wagner conditioning model, 57:7579
conditioned motor reaction, alpha rhythm depression in occipital area & GSR & heart rate changes anticipating & during CS stimulation, college students, 54:8987
conditioned photic stimuli, visual evoked responses of lateral geniculate nucleus, cats, 57:565
conditioned stimuli, morphine withdrawal syndrome, rats, 57:12395
conditioned stimulus intensity, visually-conditioned heart rate change, pigeons, 53:2731
conditioned stimulus only with music vs punishment with music omission response contingent vs unavoidable & inescapable music omission, extinction of avoidance responses, preschoolers, 53:2347
conditioned stimulus preexposure, age-related differences in avoidance behavior, rats, 53:4805
conditioned stimulus preexposures, inhibitory summation of nictitating membrane response, rabbits, 53:11310
conditioned stimulus properties, Pavlovian conditioning vs autoshaping outcomes, 58:2762
conditioned stimulus-free food contingencies, subsequent acquisition of conditioned suppression, male rats, 53:9160
conditioned stimulus–unconditioned stimulus presentations & lever presence, autoshaping, college students, comparison with animal responding, 53:6639
conditioning paradigm embedded in masking task, temporal onset of awareness of CS/UCS contingencies during acquisition & extinction of skin conductance responses, college students, 58:7027
conditioning vs new environment, barpressing to conditioned stimulus, male rats, 53:2737
continuous presentation of CS & varying response prevention durations, extinction of avoidance responses, rats, implications for treatment of neurosis in humans, 57:525
CR interactions involving appetitive & aversive CSs & UCSs, classical-classical transfer, rabbits, 55:6302
CS & UCS presented in random temporal order & with random intertrial intervals, activity & excitability to electrical current of cortical auditory receptive neurons, naive vs blink-conditioned vs "randomization" cats, 57:12348
CS & USC pairings &/or removal of response contingencies in extinction, extinction of shock avoidance responding, goldfish, 58:8939
CS duration in acquisition & extinction & total nonreinforced CS exposure, extinction of conditioned suppression of licking, rats, 55:6305
CS for shock, selective finding of brainstem neurons, male rats, 56:279
CS input recruitment & trace decay processes, trace conditioning deficit, 12–18 yr old severely & profoundly mentally retarded, 54:9976
CS intensities equal to & greater than UCS intensity, skin conductance response conditioning, college students, 54:8857
CS, reduction of morphine-withdrawal body shakes, male rats, 57:795
CS tone with morphine injections, morphine withdrawal, male rats, 56:5714
CS-onset vs CS-offset & intensity, acquisition & extinction & interference of conditioned suppression of licking response, rats, 55:9058
CS-UCS pairings & UCS intensity, shock-elicited aggression, male rats, 57:506
decrement in distress to aversive event during conditioned positive opponent-process, male rats, 58:446
delayed conditioned stimulus termination, avoidance response extinction, rats, 53:701
delayed conditioning of water licking response with compound stimulus & number of interspersions of 1 stimulus component, response suppression & informative-redundant stimuli properties, male rats, test of M. D. Egger & N. Eller's information hypothesis, 57:2591
devaluation of food reinforcement after appetitive conditioning by satiation vs pairing with high speed rotation, extinction of conditioned appetitive response, male rats, 55:3871
development & constraints in infant classical conditioning, 56:7634
differential cue availability in CS & preexposure, acquisition & extinction of 1-way avoidance, young vs adult rats, 56:9289
differential reinforcement of conditioned stimuli, response inhibition in electrodermal conditioning, college students, 53:4419
discrimination training & reinforcement to satiation for responses in presence of negative stimulus, responding to reintroduced positive stimulus, pigeons, 57:529
discrimination training with vs without shock followed by fear conditioning using tone as positive vs negative CS for shock, anticipation of shock as discriminative stimulus in barpressing for food behavior, male rats, 57:519
distinct flavors as stimuli, establishment of sensory preconditioning, rats, 55:9043
duration of CS, classical conditioning of systolic blood pressure, male & female college students, 58:7039
engram vs bias hypotheses, neuronal short latency associative changes during conditioning, 57:9721
expected vs surprising UCS, subsequent backward conditioning to CS, male rabbits, 55:6315
exposure to conditioned stimulus & control of its termination, extinction of avoidance behavior, female rats, 53:702
exposure to potentially phobic & neutral objects as CS & shock as UCS, skin conductance & finger pulse volume acquisition & extinction in Pavlovian conditioning, 54:337
extended exposure to truly random sequences of tone CSs & shock UCSs, excitatory fear conditioning, male rats, 57:12150
extinction of discriminative avoidance to CS, CS's ability to control 2nd independent avoidance response, dogs, support for independence of CS-fear & fear-avoidance response links, 58:8921
flashing light associated with provocator's pain, subsequent shock intensity given to uninvolved other during flashing light presentation, male college students, 56:4079
forward conditioned stimulus–unconditioned stimulus & backward unconditioned stimulus–conditioned stimulus conditioning paradigms, taste aversions induced by radiation & lithium chloride, male rats, 53:2531
forward defense conditioning followed by backward conditioning, efficacy of CS-alone vs backward procedures in CR extinction & spontaneous recovery, male rats, 57:478
FR vs VR schedules & discrimination stimuli in concurrent chain FR schedule & systematic variation in reinforcement probability, response preference, 4–10 yr olds, 55:8981
frustration conditioning trials with vs without CS-UCS pairings, learning of hurdle-jumping response, male rats, 58:471
illumination onset & color change as CS & location, photoactive explanation of conditioned avoidance shuttle response, goldfish, 57:12183
imagined paired vs unpaired conditioned &/vs unconditioned stimuli, frequency of post-conditioned stimulus responses during real extinction, 53:8804
intense tone bursts alone vs previously associated with shock vs shock without tone bursts, duration & susceptibility to tonic immobility, guinea pigs, 53:2752
intensity of CS when intensity is manipulated within Ss, classical eyelid conditioning, humans, 55:3584
intertrial intervals & discrete conditioned stimulus & situational cues, conditioned fear, female rats, 53:2758
keylight vs tone as 1st stimulus & extinction of responding to 1st stimulus, 2nd order conditioning of keypeck, pigeons, 58:8925
locus & modality of CS, positive & negative conditioned suppression, male pigeons, 57:520
magnitude increase of CR following exposure to CS, paradoxical enhancement of learned anxiety response, literature review, 56:7250
magnitude of appetitive UCS & CS duration, response during CS terminating with appetitive UCS, rats, 57:2563
morphine injections paired with anise odors, retention of original 2-choice discrimination, rats, 57:12400
neocortical & dorsal hippocampal biopotentials, internal inhibition, rabbits, 55:9099
nonreinforced preexposed & nonpreexposed elements of compound CS, conditioned suppression barpressing, male rats, 55:1924
number & similarity of stimuli, local contrast & Pavlovian induction, pigeons, significance for classical & operant discrimination learning, 58:455
number of compound CS conditioning trials, loss of element strength & configural conditioning in conditioned emotional responses, male rats, 57:12142
number of CS-UCS pairings, long term retention of conditioned emotional response, rats, 58:8874
number of CS-UCS pairings, suppressive tendencies in simultaneous & backward fear conditioning, rats, 56:7322
number of CS-UCS pairings, acquisition & conditioned suppression & excitatory conditioned tendencies, rats, 58:437
number of exposures to CS, immunosuppressive effect of saccharin exposures followed by cyclophosphamide, male rats, replication of R. Ader & N. Cohen's study, 58:3023
odor cues vs chamber brightness & reward associations vs agreement of initial chamber preferences with positive stimulus, visual discrimination learning, rats, reply to criticism by B. T. Lett, 58:8929
omission of scheduled stimulus & attention, duration of alpha blocking, males & females with consistent alpha rhythm, 57:9730
onset & control of appetitive drives & modality of CS conditioned hunger, rats, 54:701
orienting response of electrodermal response, increase of electrodermal response to CS after rest period, 18–32 yr old males, 58:9029
pairing of response prevention period with safety signal vs novel stimulus vs preexposed noncontingent tone, extinction of avoidance response, rats, implications for behavior therapy techniques, 58:4877
parameters of conditioned stimulus exposure, extinction of conditioned fear, female rats, 53:2767
partial vs continuous reinforcement & CS termination delay combined with shock omission, extinction of shuttle avoidance response, male gerbils, 57:7565
partially overlapping compound stimulus, recovery from conditioned suppression, male rats, 53:678
Pavlovian conditioning & signaling, higher order conditioning & transfer, female rats, 58:8873
Pavlovian CSs with vs without noncontingent shock, suppression of food-reinforced responding, male rats, 57:5056
percentage of conditioned stimulus-unconditioned stimulus pairings & conditioned stimulus duration, conditioned enhancement, male rats, 53:9166
percentage of signaled vs unsignaled outcomes of chained schedule, number of chained FR 15 FI 25-sec schedules completed, male pigeons, 58:11079
physical location of CS & appetitive vs aversive UCS, positive vs negative conditioned suppression, male rats, 58:8899
pictures of potentially phobic objects as CSs for electrodermal responses, validity of equipotentiality in classical conditioning, college students, 58:589
preconditioning preexposure to CS, classically conditioned heart rate, rats, 56:9302
predictability of shock & probability of conditioned stimulus–shock pairings, suppression of licking behavior, male rats, 53:11302
preexposure to CS & amount & delay, anticipatory modification of conditioning of fear response, children, 55:5124
preexposure to nonattended stimulus, subsequent learning & latent inhibition, college students, 54:321
pre-exposure to warning signal or safety signal, acquisition of 2-way avoidance response, rats, 58:8884
presence of UCS during extinction vs conventional CS-alone extinction procedure, acquisition or reacquisition of eyelid conditioning, rabbits, 58:8888
presence vs absence of explicit buzzer CS during shock escape training & extinction in automated 2-way locomotor device, self punitive locomotor behavior, female rats, 58:4871
pretraining on 1 element of compound stimulus, attenuation of blocking in conditioning to other element with conditioned suppression procedure, male rats, 56:9297
pretreatment with mecamylamine & phenoxybenzamine & haloperidol & benztropine & cyproheptadine & propranolol, blockade of morphine-withdrawal hypothermia by morphine & CS, male rats, 56:5653
prior stimulation conditions, conditioned responding to well-trained CS in eyelid conditioning, rabbits, implications for effects of priming, 57:7591
prior training consisting of nonreinforced presentations of to-be-continued stimulus & reinforced/nonreinforced presentations of different stimulus, specific & generalized adaptation of salivary conditioning, dogs, 57:7574
punishment & role of CS, species-specific defense reactions in escape-from-fear situation, rats, 58:8878
pure tone vs speech sound CS conditions, trace classical conditioning performance, 15–24 yr old profoundly & severely retarded vs normal college students, 56:6230
random control procedures differing in initial- or late-session CS-UCS contingencies, primacy & recency effects, male rats, 54:9234
random sequences of tone as conditioned stimuli & shock as unconditioned stimuli, conditioning, male rats, 53:9136
rat fastened to platform as predictive stimulus for food, autoshaping social feeding, rats, 55:6311
relaxation training & conditioned stimulus following systematic desensitization, anxiety associated with epileptic seizures, 12 yr old boy, 56:8399
response prevention after avoidance or classical defensive conditioning, residual fear of CS, female rats, implications for implosive therapy, 56:3506
response prevention after avoidance or classical defensive conditioning, residual fear of CS, rats, discussion of P. M. Monti & N. F. Smith's research, 56:3519
response to positive incentive value of CS, cortical evoked potential, monkeys, 58:8981
response vs no response to cues signaling availability of reward & reinforcement rate & food deprivation, late negative wave evoked in cortex, monkeys, 58:8983
response-produced preshock conditioned stimulus, changes in unsignaled avoidance behavior, rats, 53:11293
responses of neurons in brain stem reticular formation to conditioned aversive stimuli, rats, 58:9003
shock avoidance conditioning with tone-shock pairings & subsequent tone only presentations, conditioned stimulus control of postshock responding, female rats, 53:11282
shock intensity & 3 different warning signals, response rate in signaled & unsignaled avoidance, female rats, 58:8919
shock UCS with white noise as positive vs aversive vs neutral CS, transfer effects & signaling properties of aversive CSs, male rats, 57:499
shock-avoidance procedure, low frequency sound localization, kangaroo rats, 58:4882
short interval autonomic conditioning, orienting reaction-recovery account, paid college students, 55:3737
signaled vs unsignaled noise stressor, T-wave amplitude, female clerks, 57:7691
similarity of location & temporal intensity pattern of CS & UCS, conditioned suppression acquisition, rats, 54:720

simultaneous compounding vs unpairing vs order of presentation of 1st-order & 2nd-order CS, 2nd-order conditioned emotional response conditioning, rats, 58:8898
single component extinction of 3-component serial CS, resistance to extinction of conditioned avoidance response, male rats, 57:12129
social cues as CS, avoidance conditioning, male rats, 54:4916
spatially located color change as CS & single day vs consecutive day acquisition trials, conditioned avoidance shuttle response acquisition, goldfish, 57:7604
stereotype presentation stimuli, heart rate activity, dogs, 55:1993
stimuli correlated with nonreinforcement, application of reinforcing properties to stimulus as measured by response rate, male pigeons, 56:7325
stimulus compounding, classical fear conditioning, male rats, 56:3492
stimulus intensity, overshadowing between visual & auditory components of compound conditioned stimulus, rats, 58:8905
superimposition of stimulus correlated with response-independent food, operant behavior using delayed & simultanous conditioning procedures, male rats, 55:6288
temporal contingency & percentage of pairing, conditioned reinforcement, pigeons, 55:1916
tone correlated with unavoidable shock, conditioned suppression of schedule-induced polydipsia, male rats, 55:243
type of stimulus change & CS location, shuttle box avoidance acquisition, goldfish, 56:9350
UCS intensity & number of & intervals between successive CS-UCS pairings, acquired drive strength as measured by hurdle-jump response latency, male rats, 57:7566
UCS intensity & number of CS-UCS pairings, acquired drive strength, male rats, comparison of aversive learning with findings for instrumental appetitive learning & historical review, 58:6931
UCS intensity, signaling & affective functions of aversive CS in appetitive choice discrimination, male rats, 57:497
UCS mode & intensity & CS duration, delay & trace eyelid conditioning, severely vs profoundly mentally retarded, 58:5598
ultrasonic motion detector, use as conditioned stimulus in conditioned emotional response paradigm, female rats, 53:9148
unsignaled avoidance training & subsequent classical conditioning using signals paired vs unpaired vs randomly related with shock, timing & rate of unsignaled avoidance responding, male rats, 57:507
use of drugs as CS, conditioned suppression of operant response, animals, 58:9177
variations in type of food pellet & change in reinforcement schedule, amplitude of M-wave evoked from cortex, monkeys, 58:8982
varying temporal placement during CS of added stimulus correlated with nondelivery of UCS, form & latency of cardiac rate, male monkeys, 54:9016

Conditioned Suppression

adrenocorticotrophic hormone injections & time of training & conditioned stimulus duration, acquisition & retention of conditioned-suppression response, male rats, 53:4751
age-dependent changes, learned stimulus inhibitory control using combined-cue test, domestic chicks, 57:9611
alternative response training vs differential reinforcement of other behavior vs extinction, behavior suppression, male monkeys, 56:5401
amount of training, response suppression induced by superimposing novel stimulus on positive stimulus, pigeons, 53:746
amygdalectomy, habituation & conditioned emotional response, male rats, 55:11750
auditory stimulus frequency & stimulation modality, long-term retention of habituation of lick suppression, male rats, 53:11291
aversive conditioned stimuli, suppression of lever pressing for food vs eating of free food, male rats, 53:6921
aversively motivated instrumental vs Pavlovian training, stimulus generalization of suppression, male rats, 54:675
"aware" vs "naive" conditions, suppression of galvanic skin response activity & inhibition of learning, college students, 53:6728
backwards & 1-trial simultaneous fear conditioning, conditioned suppression of licking, rats, 58:454
bilateral prefrontal lobectomy, conditioned suppression & associated cardiovascular variables, male monkeys, 53:8998
brief aversive stimulus in FI schedule, discriminative control & response maintenance, rats, 58:442
chain schedule & clicker &/or light vs neither as terminal-segment stimuli, additive & suppressive response summation, male rats, 53:6933
changes in levels of acetylcholine & serotonin & dopamine & norepinephrine in telencephalon & diencephalon & mesencephalon during conditioned suppression of food-reinforced leverpressing, male rats, 57:602
chlordiazepoxide, heart rate & behavioral suppression during operant conditioning procedures, male pigs, 53:2625
chlorpromazine during acquisition & extinction training & postacquisition & postextinction under nondrug conditions, conditioned fear, mice, test of J. Wolpe's hypothesis, 53:634
chronic kanamycin, conditioned suppression to auditory stimulus, male rats, 57:7772
concurrent schedules of electric shock presentation, maintenance & suppression of responding, monkeys, 58:2770
conditioned & latent inhibition in taste-aversion learning, rats, 54:674
conditioned emotional response facilitation–suppression, comment on D. A. Sachs & J. G. May's paper, 53:344
conditioned immunosuppression, rats, 54:11283
conditioned stimulus-free food contingencies, subsequent acquisition of conditioned suppression, male rats, 53:9160
conditioned suppression, heart rate & muscle tension correlates, college students, 53:4576
conditioned suppression paradigm, use of untrained index response, rats, 55:6265
conditioning suppression to food-rewarded response in presence of grating pattern, visual resolution of spatial detail, cats, 53:6981
cortical spreading depression, conditional emotional response acquisition between steady cortical potential shifts & electrophysiological analysis, rats, 55:11686
criticism of traditional interpretations, observed reduction in food-maintaining responding due to presence of discriminative stimulus terminated with response-independent shock, 54:9228
CS duration in acquisition & extinction & total nonreinforced CS exposure, extinction of conditioned suppression of licking, rats, 55:6305
CS-onset vs CS-offset & intensity, acquisition & extinction & interference of conditioned suppression of licking response, rats, 55:9058
CS-UCS pairings & CS plus new element-UCS pairings, suppression & acceleration in avoidance response rate, test of neocontinuity model, 57:7584
CS-UCS training & method of baseline shock delivery & initial Pavlovian training, conditioned suppression of shuttle avoidance, female rats, 57:7594
decrement in distress to aversive event during conditioned positive opponent-process, male rats, 58:446
developmental analysis, relationship between response strength & effects of punishment, 34 vs 95–110 days old male rats, 54:7104
dextroamphetamine as CS, conditioned suppression of operant response, male rats, 58:11365
dextroamphetamine, temporal control of operant responding during preshock stimulus, male rats, 58:468
diazepam, tranquilizing effects following exposure to punishment procedure, male pigs, 54:593
differential conditioning procedure, levels of suppression to stimulus paired with shock 100% vs 25% of presentations, male rats, 54:2610
differential response suppression, pigeons, 53:2757
discriminated punishment situation, stimulus vs response learning, female rats, 55:6246
dorsal hippocampal lesions, blocking & conditioned inhibition of nictitating membrane response, rabbits, 58:9094
dorsal hippocampal lesions, conditioned suppression of licking response, male rats, 53:4627
EKG T-wave amplitude & masseter muscle tension & heart rate, physiological indices of conditioned suppression, humans, support for interference theory, 57:9712
extinction duration, pre-extinction suppression & post-extinction acceleration of responding, male rats, 56:215
extinction vs omission training, positively reinforced response elimination, chronic psychiatric patients, 54:10238
fear conditioning, conditioned suppression of responding for hypothalamic electrical stimulation, male rats, 56:5598
footshock during response component intervals, attenuation of conditioned suppression during intracranial stimulation vs during food reinforcement, rats, 58:11205
footshock following septal lesions, suppressive & enhancing effects on food-reinforced operant responding, male rats, 54:525
forward defense conditioning followed by backward conditioning, efficacy of CS-alone vs backward procedures in CR extinction & spontaneous recovery, male rats, 57:478
functions of aversive stimulus, reinforcement of escape-like behavior using conditioned suppression procedures & time-out conditions, pigeons, 58:8893
generalization of fear & delay & apparatus cues, incubation in response suppression paradigm, male rats, 57:7582
hippocampal stimulation, acquisition & extinction & generalization of conditioned suppression, male rats, 55:6477
hypophysectomy with vs without ACTH replacement, acquisition & retention of active avoidance response & conditioned suppression, rats, 58:623
informational properties of stimulus 1 & stimulus 2 & sequence of stimuli in conditioned emotional response training, conditioned suppression, rats, 58:8933
intermittent vs constant punishment, resistance to punishment during free operant conditions, male albino rats, 53:2765
interstimulus interval duration, conditioned suppression, male rats, 53:2811
introduction of person previously paired with unpleasant event in conditioned emotional response paradigm, conditioned suppression as measured by task response decrements, female college students, 56:7922
irradiation, suppression of mousekilling, male rats, 58:4970
lithium chloride, suppression of drinking novel vs familiar solutions, rats, 57:12376
locus & modality of CS, positive & negative conditioned suppression, male pigeons, 57:520
low-level transcranial DC polarization, conditioned suppression, rats, 58:638
measurement of inhibition & inhibitory stimulus control in successive discrimination tasks, pigeons, 56:7316
medial archistriatal lesions, conditioned suppression of food-motivated keypecking & auditory discrimination, pigeons, 57:12352
mescaline, conditioned suppression of sucrose drinking, female rats, 57:2730
mixed & multiple schedules of signalled & unsignalled response-dependent shock delivery, response rates & patterns, male rats, 56:5394
morphine vs chlorpromazine, moderately & severely suppressed punished responding, pigeons, 56:2085
nonreinforced preexposed & nonpreexposed elements of compound CS, conditioned suppression barpressing, male rats, 55:1924
nonreinforced vs randomly reinforced stimulus familiarization training, conditioned suppression, male rats, 57:12154
number of CS-UCS pairings & CS modality & prior CS habituation, discriminated condition suppression, rats, 56:7312
number of CS-UCS pairings, suppressive tendencies in simultaneous & backward fear conditioning, rats, 56:7322
number of CS-UCS pairings, acquisition & conditioned suppression & excitatory conditioned tendencies, rats, 58:437
number of preexposures & presence of 2nd stimulus & interstimulus interval, inhibition, Israeli 2nd graders & college students, 54:332
off- & on-baseline differential aversive classical conditioning, conditioned suppression of positively reinforced shuttle response, male rats, 56:9323
olfactory bulbectomy, response acquisition & suppression, male rats, 57:7757
omission vs extinction training, overall suppression scores in response-elimination criterion, institutionalized Down's syndrome Ss, 57:8503
pairing electric shock with reinforcement delivered on VI schedule, response rate & pattern, female pigeons, 57:7561
pairings of stimulus with narcotic antagonists, conditioned suppression or maintenance, morphine-dependent monkeys, 57:12382
partial vs continuous reinforcement during avoidance acquisition & classical trials vs punishment in extinction, avoidance response suppression & resistance to punishment, male gerbils, 56:206
partially overlapping compound stimulus, recovery from conditioned suppression, male rats, 53:678
Pavlovian CSs with vs without noncontingent shock, suppression of food-reinforced responding, male rats, 57:5056
physical location of CS & appetitive vs aversive UCS, positive vs negative conditioned suppression, male rats, 58:8899
positive reinforcement contingencies, behavior suppression during extinction, monkeys, 58:8918
positive vs negative correlations between shock & positive reinforcer, response suppression & preference for food alone in end of shuttle box, male rats, 57:491
predictability of shock & probability of conditioned stimulus–shock pairings, suppression of licking behavior, male rats, 53:11302
pre-exposure to tone paired with response-independent food, aversive conditioning, male rats, 58:428
preexposure to uncorrelated presentations of noises & shocks, acquisition of conditioned emotional response & signaled punishment suppression, rats, 56:7301
pretraining, compound conditioned-suppression situation, male rats, selective attention hypothesis vs simple classical conditioning hypothesis as explanation for L. J. Kamin's blocking effect, 57:2586
pretraining on 1 element of compound stimulus, attenuation of blocking in conditioning to other element with conditioned suppression procedure, male rats, 56:9297
prior social experiences, acquisition & persistence of barpress response, rats, 58:4869
prior training to peck for food during red & nonpeck during green periods & response-independent shock & shock intensity, rate of pecking & nonpecking, pigeons, 58:4868
psilocybin vs LSD vs pentobarbital vs methyl atropine nitrate as UCS paired with light as CS, conditioned suppression, male rats, 57:718
punishment, consummatory & instrumental behavior, literature review, 56:1856
punishment of criterion releases, bar holding response chains, rats, 54:4915
punishment schedule & intensity of verbal rebuke & availability & types of alternative responses, immediate & enduring response suppression, 1st–3rd graders, 55:8969
radiation vs lithium chloride, conditioned suppression of mouse killing, rats, 56:9480
random sequences of tone as conditioned stimuli & shock as unconditioned stimuli, conditioning, male rats, 53:9136
rearing in enriched vs isolated environment, heart rate conditioning & response suppression, rats, 53:11036
reinforcement of 1 compound stimulus, blocking of conditioned suppression to other component of compound stimulus, rats, 55:3879
response prevention after avoidance vs classical conditioning, residual fear of CS, female rats, 58:461
response-contingent shock in clinical self injury analog & response-shock values, response & shock rate & shock intensity at which suppression or self injury occurred, 58:12122
response-contingent vs noncontingent shock & chlordiazepoxide, response suppression, male rats, 55:6582
response-produced electric shock, repeated suppression & recovery of responding, pigeons, 53:11274
response-produced preshock conditioned stimulus, changes in unsignaled avoidance behavior, rats, 53:11293
response-punishment contingency, suppression of positively reinforced operant, rats, 55:252
scopolamine & mecamylamine, differential dissociation in conditioned suppression task, rats, 53:4742
scopolamine & methylscopolamine & physostigmine & neostigmine, ontogeny of response inhibition, developing mice, 57:12418
scopolamine, activity level & shock-induced suppression & spontaneous alternation behaviors, A/J vs DBA/2J vs C57BL/6J mice, 55:4074
selective autonomic blockades, classical conditioning of heart rate & lever-lift suppression, female hares, 53:4749
septal damage, response suppression ability on omission training task or extinction, male rats, 55:11722
septal lesions, free operant avoidance & punishment & conditioned suppression, cats, 56:368
septal lesions, response suppression using extinction vs differential reinforcement of other behaviors, male rats, 55:6489
shock avoidance conditioning with tone-shock pairings & subsequent tone only presentations, conditioned stimulus control of postshock responding, female rats, 53:11282
shock presentation associated with food, conditioned suppression during conditioned emotional response training, rats, 54:707
shock-induced suppression, potentiation of instrumental responding, female rats, 54:703
short pretimeout stimuli, response facilitation in conditioned suppression paradigm, 10 & 12 yr olds in special education program, 56:8765
signals preceding & following shock, baseline responding during conditioned suppression procedure, rats, 56:3488
similarity of location & temporal intensity pattern of CS & UCS, conditioned suppression acquisition, rats, 54:720
simultaneous compounding vs unpairing vs order of presentation of 1st-order & 2nd-order CS, 2nd-order conditioned emotional response conditioning, rats, 58:8898
single auditory stimulus, long term retention of habituation of lick suppression & startle response, male rats, 56:5397
stimulation intensity, conditioned suppression of behavior maintained by intracranial stimulation, male rats, 54:4767
stimuli consisting of 2 weak vs 1 weak & 1 intense vs 2 intense, inhibition of startle reactions, male rats, 55:3873
stimulus intensity, overshadowing between visual & auditory components of compound conditioned stimulus, rats, 58:8905
subcutaneous vs iv epinephrine administration, conditioned suppression, rats, 57:7776
sucrose concentration, conditioned suppression of dipper licking, rats, 53:696
suppression of drinking following rotational stimulation, indication of duration & magnitude of motion sickness, male rats, 58:2862
temporal distribution & response dependence of shock in temporally defined negative reinforcement schedules, lever pressing response rates & suppression, rhesus monkeys, 55:11558
tone correlated with unavoidable shock, conditioned suppression of schedule-induced polydipsia, male rats, 55:243
tryptophan-free vs normal diet & shock levels, anticonflict activity of chlordiazepoxide in conditioned suppression-of-drinking test, male rats, 58:11166
UCS durations of avoidable shock, conditioned suppression & enhancement of avoidance, female rats, 58:6940
uncorrelated vs negatively correlated presentations of noises & shocks, conditioned inhibition measured by summation & retardation tests, male rats, 58:8864
use of drugs as CS, conditioned suppression of operant response, animals, 58:9177

Conditioning [See Also Avoidance Conditioning, Classical Conditioning, Conditioned Emotional Responses, Conditioned Responses, Conditioned Stimulus, Conditioned Suppression, Counterconditioning, Escape Conditioning, Eyelid Conditioning, Operant Conditioning, Unconditioned Responses, Unconditioned Stimulus]

activity level changes before runway trials, conditioned-fear level motivating shock-runway behavior, male & female rats, 53:11287
aggressive vs nonaggressive response reinforcement, aggressiveness conditionability, male college students with high vs low aggression–guilt, 53:1093
alteration in alpha, parameters of alpha block conditioning, 18–25 yr old males, 55:11670
assimilation theory of anxiety & relationships between anxiety & cognitive processing & conditioning & arousal & novelty-seeking motivation, implications for psychopathology & psychotherapy, 58:2724
associative process variations vs selective attention, stimulus selection in animal conditioning & paired-associate learning, 53:731
auditory stimulus & manipulation of conditioned stimulus–unconditioned stimulus dynamic stereotype, conditioned visual afterimages, 53:8693
autoshaping with differential conditioning of response key illumination & grain inaccessibility & overt movements, transfer in keypecking with grain availability & acquisition of stimulus-stimulus relations, pigeons, discussion of role of latent learning, 57:2552
aversion-relief procedures, attitude change toward stimulus following pairing with shock termination or reinforcing role of neutral stimulus paired with shock termination, humans, 58:2716
avoidance conditioning & pseudoconditioning, RNA metabolism of hippocampus & neocortex, rats, 53:2494
awareness–unawareness of stimulus relationships, conditioning & extinction of galvanic skin responses, male college students, 53:8785
blocking of robust conditioned drinking response following conditioning, isotonic procaine vs hypertonic procaine vs saline conditioned response, male rats, 53:9168
caudate nucleus neostriatal lesions, delayed alternation, cats & rats, 57:692
chlorpromazine vs diazepam, conditioned approach, monkeys, 57:785
cognitive vs behavior theory, conditioning process, 54:315
conditioned stimulus–unconditioned stimulus presentations & lever presence, autoshaping, college students, comparison with animal responding, 53:6639

conditioning electrical stimulation, pain threshold, 21–29 yr old dental students, implications for electro-acupuncture pain suppression, 54:11191
conditioning methods, childhood asthma, literature review, 54:3748
conditioning, neuroelectric correlates, 56:7393
conditioning of optokinetic nystagmus response, study of higher nervous activity, 57:4972
conditioning &/or training, sensoristatic effects on visual perceptual dysfunction, 56:10754
conditioning processes at neuronal level & models of postulated connections between brain centers, 56:9385
conditioning to auditory cues & subsequent visually evoked cortical potentials, cats, 55:6368
conditioning to dry bulb air temperature, temperature estimation, male college students, 55:6010
conditioning view of development of morphine tolerance, male rats, 54:11263
conditioning vs psychotherapy, negative psychological changes, enuretic children, 56:4487
counterconditioning, alteration of positive or negative value acquired by neutral stimulus in conditioning situation, 8–9 yr olds, 53:826
cycloheximide or diethyldithiocarbamate prior to training & strength of learned response, memory-altering drug effect, mice, 58:11273
defensive conditioning to continuous light or sound, spatial synchronization of cortical biopotentials, rabbits, 54:8950
delimitation, fields of application of conditioning & information processing models, 57:179
delta-9-tetrahydrocannabinol & pentobarbital, cortical response evoked during conditioning, male monkeys, 58:11232
depression inhibitor selection procedure in counterconditioning, depressed female patient, 54:10247
developmental & individual differences, rate of conditioning to turn heads towards source of milk & learning rate & latency length, neonates vs 1 mo old infants, 58:7209
dextroamphetamine sulfate dosages, FI panel pushing with vs without clock condition, males with vs without Down's syndrome, 58:690
differentiation of neuroelectric events associated with conditioning from those not specific to learning, plasticity of evoked potentials in pulvinar, cats, 55:1968
discriminative conditioning of vocalizations, male lemurs, 54:11307
dose & administration & secondary cues as environmental factors, voluntary intake of drugs, animals, 55:9317
early experience in hospital stimulation program & parental education, learning & visual attention over 1st mo of life, newborns, 58:9307
electrical stimulation of lateral hypothalamus, conditioning of evoked potentials, rats, 54:9104
ethological & conditioning & learning approaches, imprinting, overview, 54:11279
exposure to uncontrollable vs controllable aversive events, learned helplessness effect, review, criticism of S. Maier & M. Seligman's stimulus-response position, 56:76
exposure to uncontrollable vs controllable aversive events, learned helplessness effect, review, 56:159
exteroceptive feedback, controlling electrodermal activity in preconditioned fears, male & female 18–25 yr olds, 54:9032
extreme stress, conditioning of alpha & gamma globulin in serum, rats, 53:527
factorial study of GSR conditioning, diagnostic classification & equivocal neurological signs in childhood schizophrenia & minimal brain dysfunction, 55:9926
feedback, modification of relative frequency of positive self references in conversational conditioning paradigm, 55:7041
fixed interval reinforcement & time estimation training, psychological modeling in learning, medical students, 53:6624
food unconditioned stimulus, 2nd-order conditioning, male rats, 53:9156
heart rate changes in temporal auditory conditioning & individual differences on Brazelton Neonatal Behavioral Assessment Scale, learning ability, newborns, 58:823
high vs middle vs low 1 minute Apgar scores, prediction of head-turn conditioning responses, healthy newborns, 58:3059
hippocampal lesions, general activity during classical & pseudoconditioning, rats, 55:4065
hippocampal role, inhibition & learning & memory consolidation in shuttle box conditioning & pseudo-conditioning tests, weanling vs adult rats, 54:9233
hypnotic susceptibility & capacity for absorbed & imaginative attention, voluntary control of peripheral skin temperature & autonomic learning & performance, 54:4689
hypotheses evaluation, difficulties in conditioning newborn infants, 53:7046
illness-induced taste aversion paradigm using cyclophosphamide, conditioned adrenocortical steroid elevations, rats, 57:9765
illuminated key-tone pairings vs random key presentations, keypecking in autoshaping situation, male pigeons, 53:11278
incentive motivational stimuli, acquisition of runway response & choice behavior & heart rate, rats, 55:9055
insulin, conditioning of behavioral effects to injection procedure & role of hypoglycemic state, male rats, 54:7055
interstimulus interval, discriminative conditioning of GSR under masking conditions without awareness, 18–30 yr old students, 54:311
learning & animal learning & learning & behavior modification, textbook, 57:4983
learning & conditioning & behavior theories, implications of animal studies for human learning & behavior, book, 56:1569
learning & conditioning research, resistance to rehabilitation applications, rehabilitation personnel, 58:6602
localized startle reaction conditioned to click, latency of postsynaptic responses in sensorimotor cortical units, rabbits, 54:6873
LSD-25 & 1-methyl-d-lysergic acid butanolamide, cerebral serotonin levels & conditioned behavior, male rats, 54:4863
masking task during interstimulus & intertrial intervals, differential conditioning of electrodermal responses, college students, comparison with M. J. Fuhrer & P. E. Baer's findings, 53:2366
mathematical models & Markov chains, learning & conditioning, 53:4417
model interstimulus intervals, mean response latency in pseudoconditioning, college students, 56:9214
modeling &/or presentation of information concerning hypnosis, hypnotizability, large groups of college students, 55:3741
neurophysiological predictions of variable & fixed synapse in neuron, 2-pathway informon theory of neural conditioning, 58:2848
number of conditioning & extinction trials & food during extinction, extinction persisting through reconditioning, 58:2750
odor & molecular vibration, response to nitrobenzene-d sub 5 following conditioning with nitrobenzene, honey bees, 54:9301
orienting response level & classification as voluntary vs conditioning responders in eyelid conditioning, semantic conditioning & generalization task & differential eyelid conditioning performance, male Ss, 58:2584
orienting response magnitude, individual differences in autonomic conditionability, infants, 53:820
overtraining & successive reversal training, strategic behavior, male monkeys, 54:9238
pairing of electric shock applied to 1 hand with visual presentation of triangle, establishment of bilateral electrodermal responsivity of skin on digits, male college students, 54:8976
perceived susceptibility to conditioning, males, 57:6337
performance of food attainment behavior by leverpressing by 1 S while mate received reinforcement in adjoining cage, formation of complex chain reflexes between Ss, monkeys, role of physiological mechanisms, 55:1905
phobic conditioning, laboratory analogue study for experimental treatment & research, 58:9660
post-consummatory arousal of drive, incentive motivation mechanism in energizing of instrumental behavior, 56:9341
predictable vs unpredictable low frequency whole body vibration & incremental training, escape learning & taste conditioning using vibration as UCS, male rats, 54:4938
previous experience with inconsistent feedback, tendency toward error repetition, college students, 53:6627
previous exposure to aversive shock associated with reinforcement, acquisition of reinforcing properties by shock & self punitive behavior, human Ss, 58:11028
prior context conditioning & extinction of context, interference with autoshaping, pigeons, 56:9344
prior exposure to repeated presentations of another stimulus, latent inhibition effect in conditioning, rats, 56:5408
procedures & results & analysis, animal learning & conditioning book, 53:11296
psychology experiments as interbehavioral systems, case study of P. S. Kupalov's "situational-place reflex", 58:6939
reinforcement property of morphine injection paired with conditioned tone stimulus, extinction behavior with tone consequence only, male rats, 58:709
response-contingent audiovisual stimulation, visual attention & other response patterns, 5–7.5 mo old infants, 58:7193
retardation of Pavlovian conditioning, blocking by previously conditioned contextual stimuli, animal Ss, 58:11105
scopolamine & chlordiazepoxide & caffeine, spontaneous alternation, ferrets, 55:2080
scopolamine vs amphetamine vs LSD vs chlordiazepoxide vs physostigmine vs chlorpromazine, pharmacological analysis of processes underlying differential responding, male rats, 57:5321
skin resistance response conditioning, orienting responses & anticipatory responses & UCRs & UCR-latency responses on acquisition test trials, 54:8954
state of consciousness & latent inhibition, hippocampal unit activity during conditioning, male rats, 56:7375
stimuli paired with response-independent food presentations, maintenance of responding, pigeons, 54:697
stimulus dimensions, adaptation & extinction of stimulus control, 4 yr olds from 2 socioeconomic levels, 56:5280
success or failure priming under timed or untimed conditions, perceived task proficiency & goal setting for subsequent performance & verbal analogy test performance, female college students, 54:8916
techniques, analysis of shifted generalization gradients & extension with multidimensional stimuli, 55:8936
test trial sequences, backward conditioning of skin conductance response, 53:6732
theory of learning with sensitization as basic construct, neurophysiological processes in conditioning & sensitization, 58:2431
training in new swimming skill, incorporation of labeled valine into brain proteins, goldfish, 57:608
training in vestibular conditioning task, labeling studies of changes in protein synthesis in brain, goldfish, 57:5163
transfer of training through 2 cannibalisms, planarians, 56:1907
unsignaled delayed reinforcement, response rate, pigeons, implications for role of temporal proximity between response & reinforcer, 58:481
use of 4 configural conditioning paradigms, formation of discrimination between compound stimulus & its elements, male rats, 58:10780
ventromedial hypothalamus lesions, facilitation of baitshyness in acquisition of single trial long CS–UCS interval conditioning task, rats, 55:6523
verbal conditioning, measurement of expression of hostility, depressed & nondepressed Ss, 56:832
Verdun Conditioning Program prediction of drug withdrawal effects, chronic schizophrenic patients, 57:5962
visual field of presentation, differential conditioning & RT performance, 56:1922

Conditioning (Avoidance) [See Avoidance Conditioning]

Conditioning (Classical) [See Classical Conditioning]

Conditioning (Escape) [See Escape Conditioning]

Conditioning (Eyelid) [See Eyelid Conditioning]

Conditioning (Operant) [See Operant Conditioning]

Conditioning (Verbal) [See Verbal Learning]

Cones (Eye)
angle of incidence, absorption of guided & unguided light by cone outer segment, self-screening phenomenon as explanation of Stiles-Crawford color change, 53:6578
cone & rod contributions, "adaptation pools", 54:263
cone & rod population of retinal location & eye dominance, interocular light adaptation effect, visually normal Ss vs amblyopic Ss, 57:2323
cone cell distribution, pattern detection, 53:8712
extinguishing long-wavelength adapting field, interaction between cone mechanisms during suprathreshold colors illusion, 56:1728
fluttering heart illusion in color processing, rod & cone system interaction, 57:290
heterochromatic stimuli, sinusoidal flicker of primate cones, monkeys, 55:3944
illuminance & diameter of concentric continuously exposed conditioning field & wavelength, interaction of spectrally tuned mechanisms in increment threshold measurement, dark adapted Os, 58:10909
independent sensitivity-regulating processes for rod & cone systems, loss of sensitivity after strong light exposure, 56:100
intracellular recordings of evoked responses & receptive-field organization of retinal cones, walleye & sauger perch, 58:2819
light adaptation of receptors, increment threshold functions for rods & cones, frogs, 54:11345
limited wavelength contralateral preadapting fields, interocular light adaptation effect in cone & rod segments of dark adaptation curve, replication of T. G. Lansford & H. D. Baker's results, 54:10918
luminance & chromatic signals from cones, visual discrimination, 55:11382
movement of monochromatic lights from fovea toward periphery, chromaticity changes in dark-adapted state & rod & cone contributions, 57:2328
photopic & scotopic cone & rod sensitivity, monkeys vs humans, 58:2807
psychophysical test for site of retinal cone-rod interaction, test-flash thresholds induced by scotopically equated rotating windmill-shaped stimuli, 56:105
pupillometric measurement, difference spectra for color receptors & photopic spectral sensitivity, color-normal female adult & 4 yr old, 53:2240
relaxation & hypnotic induction instructions, slow eye movements & slow eye movement cone production, college students, 53:6742
rod & cone aspects, delayed responses of on–off ganglion cell, frogs, 54:432
rod & cone sensitivity before vs after removal of striate cortex, rhesus monkeys, 55:2050
rod & long-wave cone interactions, color vision, 58:10895
rod-cone interaction, dark adaptation, 58:2642
scotopic illumination below rod-cone break, McCollough color aftereffect, 54:264
scotopic stimulus superimposed on photopic test beam, rod intrusion on color-matching functions, 53:8737
spatio-temporal sine-wave response functions for red- & green- & blue-sensitive receptor mechanisms, 53:223
spectral compensation method, flicker fusion characteristics of red & green cones, color-normal male adults, 53:2249
temperature, cone pigment regeneration rate following flash vs continuous bleaches, frogs, 54:2654

Confabulation
confabulation of denial in senile dementia, patients, 55:12557

Conference Proceedings
alcoholism & drug addiction, proceedings of 6th Annual Eagleville Conference in 1973, book, 54:7862
alcoholism, conference proceedings, book, 54:7876
alcoholism detection & treatment & rehabilitation, seminar proceedings, book, 54:8058
alcoholism, proceedings of 2nd Annual Alcoholism Conference of National Institute, book, 54:7836
American Psychological Association, proceedings of 82nd annual convention, 53:11771
Christianity & psychology, proceedings of 21st annual convention, book, 54:7300
computer applications, behavioral research, summaries from Malmo conference, 55:29
concept & prevalence & advances in care & treatment, mental retardation, conference proceedings, book, 54:12077
content of research on cognitive processes, papers presented at 18th International Congress of Applied Psychology in 1974, Montreal, 55:1825
criticisms of setting & procedures of 1973 Congress of World Federation of Mental Health, 55:10559
diabetes in children & adolescents, conference proceedings, book, 54:7947
Eastern Psychological Association, proceedings of 45th annual meeting, 53:11783
Eastern Psychological Association, proceedings of 46th annual meeting, 1975, 56:2711
Eastern Psychological Association, proceedings of 47th annual meeting, 57:11099
evaluations of psychoanalysis & psychotherapy & behavior & drug therapies, proceedings of 64th Annual Meeting of American Psychopathological Association, book, 56:971
health care & sexuality, adolescents, report from Conference of Adolescent Sexuality & Health Care, 54:5689
human learning & problem solving, 1973 conference, Prague, 54:8835
industrial relations, proceedings of 26th annual winter meeting of Industrial Relations Research Association, 1973, book, 53:10581
industrial relations research, proceedings of 27th Annual Winter Meeting, 1974, San Francisco, book, 54:12690
intellectual talent, proceedings of 6th Annual Hyman Blumberg Symposium on Research in Early Childhood Education, book, 56:499
legal & educational consequences of intelligence testing movement, handicapped & minority group children, conference proceedings, 57:11758
legal problems, alternative programs to mental hospital treatment, conference proceedings, 57:4051
mental deficiency, conference proceedings, book, 54:12091
methodology of new trends in multivariate psychology, European branch of Society of Multivariate Experimental Psychology, conference proceedings, 54:8671
Midwestern Psychological Association, proceedings of 46th annual meeting, 53:11801
Midwestern Psychological Association, proceedings of the 47th annual meeting, 1975, 56:2751
Midwestern Psychological Association, proceedings of 48th annual meeting, 57:11120
natural family planning, research conference proceedings, book, 53:1027
paramarital relationship counseling, homosexuals, conference proceedings, 53:1786
perspectives on obesity & report on 1973 conference, 57:1470
perspectives on obesity, proceedings of 1973 conference, book, 57:1471
Piagetian theory & implications for helping professions, conference proceedings, book, 53:11378
proceedings from 1975 Conference on Reading & Readability in US Armed Services, 57:14051
proceedings of 168th Annual Meeting of House of Delegates of Medical Society of the State of New York, 54:1225
psychological & social factors in legal processes, book of papers from 1975 conference, 57:8122
psychotherapy & methods, proceedings of 9th International Congress of Psychotherapy in 1973, Norway, book, 54:8033
psychotropic action of hormones, 1974 proceedings of First World Congress of Biological Psychiatry, Buenos Aires, Argentina, book, 57:2650
reading & perception & language, World Congress on Dyslexia, book of papers, 57:12999
reassessment of psychoanalytic education with future viewpoint, conference proceedings, 58:6085
recombination procedure by Weiss & visual perception research, 1973 conference proceedings, 54:10935
Rocky Mountain Psychological Association, proceedings of 45th annual meeting, 53:11813
role of nutrition in aging process & longevity determination, 1976 symposium proceedings, 58:787
Seventh International Conference for Suicide Prevention proceedings, Netherlands, 1973, 54:10068
Southeastern Psychological Association, proceedings of 20th annual meeting, 53:11818
Southeastern Psychological Association, proceedings of 22nd annual meeting, 57:11135
Southern Society for Philosophy & Psychology, proceedings of 66th annual meeting, 53:11819
Southern Society for Philosophy & Psychology, proceedings of the 67th annual meeting, 1975, 56:2731
Southern Society for Philosophy & Psychology, proceedings of 68th annual meeting, 57:11107
Southwestern Psychological Association, proceedings of 21st annual meeting, 53:11820
Southwestern Psychological Association, proceedings of 22nd annual meeting, 1975, 56:2759
Southwestern Psychological Association, proceedings of 23rd annual meeting, 57:11121
technological modernization & accompanying industrial & traffic accidents, presidential address at conference on accident & safety, 53:10643
theory & practice, teaching process, 1973 conference papers, 54:4118
training in psychology, Latin American conference report, 1974, 57:4191
values of leaders, community developmental change, India & US & Poland & Yugoslavia, conference study, 53:2948
vocational rehabilitation & alcoholism, proceedings of National Conference, book, 54:8214

Western Psychological Association, proceedings of 54th annual meeting, 53:11825
Western Psychological Association, proceedings of 55th annual meeting, 1975, 56:2754
Western Psychological Association, proceedings of 56th annual meeting, 57:11171

Confession (Religion)
confession, altruism measured by amount of donations, adults, 55:750
confession, cathartic therapy, American Indian tribes, 53:12099
psychotherapy & Roman Catholic confession, guilt & behavior change, 53:10072

Confidence Limits (Statistics)
approximately reproducing scoring scheme, alignment of random response and omission, 55:8669
area above ordinal dominance graphs & area below receiver operating characteristic graph, measures of difference between 2 populations & discrimination performance, 56:9021
computer program for Hotelling's T-2 for single or related samples with optional post-hoc & contrasting univariate analyses, 54:130
Fortran Extended computer program, large sample confidence limits for Goodman & Kruskal's proportional prediction measure TAU sub beta, 57:7133
nomograms, interval estimation of correlation coefficients corrected for restriction of range, 57:138
one- vs many-population sources of univariate confidence intervals & interpretation differences, 55:75
procedures for constructing simultaneous confidence intervals for multinomial populations, inventory of occupational & educational plans & goals, male & female black & white 8th graders, 56:5196
reliability & validity of scoring procedures based on confidence testing rationale applied to objective achievement examination & relationship to job performance & personality construct measures, male police officers, 57:4716
utility of jackknife for constructing confidence intervals & testing hypothesis about disattenuated correlation, evaluation for small samples, 57:154

Confidentiality of Information [See Privileged Communication]

Conflict [See Also Arguments, Riots, Violence, War]
ability & motivation aspects, peer conflict in play situations, kindergartners, 3-yr longitudinal study, 53:11459
activation of conflict-producing drives by environmental conditions, evocation of pathological defenses, 53:7622
active vs passive observers vs actors, attribution of behavioral responsibility of effective control in conflict situation, female college students, 54:1040
affective rule-altering model of family therapy & role of affect & conflict & demand-making, 56:4449
analysis of conflict in small decision making groups, school boards, 55:2320
approach & avoidance & conflict behavior, test of Hare's temporal conflict model of psychopathic behavior, primary psychopathic & control prison inmates, 57:3595
approach & avoidance strengths & trial repetition, RT in conflict situation, college students, 56:7263
art therapy using life review, reexamination & resolution of past conflicts & reconstruction of present experience in face of impending death, aged patients in home for aged, 56:1017
aspects of violence encountered by police & in prisons & conflict management methods & violence reduction, book, 58:3232
attributional changes, intergroup conflict, group members, 55:9723
authority relation between parents & teachers & positive & negative effects of dissonance between family & school, 56:6642
bargaining with no 3rd party intervention vs mediation vs voluntary arbitration vs compulsory arbitration under low vs high bargaining conflict conditions, resolution of bargaining impasses, male college students, 57:8197
behavior rehearsal & social reinforcement, training in negotiation of conflict, predelinquent youths & their parents, 53:5923
biological bases of conflict, applicability to war, 53:5107
causal attributions, conflict handling, college students, 55:7164
changes in political & economic environment of Arab villages & Israeli regime policy, corporate- to faction-based intracommunity conflict, 54:11516
characteristics, conflict about release, institutionalized male delinquents, 54:1356
chronic chlordiazepoxide &/vs shock removal, response rate in conflict situation, male rats, 57:832
cognitive & outcome feedback, multiple cue probability learning tasks, college students, implications for clinical judgment tasks & interpersonal conflict reduction, 57:7474
combination of behavioral decision making approach & quantitative systems theory, international conflict as decision system, 53:9422
communication & inducement of cooperation in conflicts, literature review, 53:5170
communication, game-theoretic conflict situations, 53:3108
communication in social conflict, book of selected readings, 53:5272
communication strategies & relationships & relational changes, 58:11680
communication strategies, client–institution conflict, 53:3060
communication training, problem solving verbal behaviors & improvement in communication patterns & conflict resolution & attitudes toward procedures, parent-adolescent dyads, 57:6362
compromise & zero sum models, conflict management & settlement of disputes, 54:11686
compromise vs consensus decisions, resolution of disagreement in group problem solving, college students, 55:9746
concept of conflict, adolescent adjustment & development, 54:9322
conflict & change, summaries of selected works, 54:5119
conflict & efficiency & flexibility & concealment, families in which husband/father is vs is not alcoholic, 57:8458
conflict & failure in planned change, 3-yr intervention into commercial TV station, 58:2381
conflict & negotiation & cooperation, analysis in national & international relations, 54:972
conflict & policy inaccuracy & social pressure, policy change, college students, 53:7283
conflict & territorial proximity, national stereotypes, college students, Colombia vs Venezuela, test of mirror image hypothesis, 58:9374
conflict as perceived & generated by teachers & students & strategies to resolve conflicts, principals, 56:2786
conflict between self interest & altruism & group vs individual decision making, choice of harming vs sparing victim & victim retribution, male college students, 57:3285
conflict between therapist & patient in psychotherapy, 55:4981
conflict level, 22–40 yr old neurotic patients vs convicted murderers vs normal adults, 58:11865
conflict methodology, introduction & preliminary assessment & discussion of effectiveness of consensus approaches in study of elite-controlled large-scale organizations, 58:2476
conflict reduction model, use by junior high school counselors, 56:3073
conflict resolution & social control, support for adversary system, Japan vs US, 54:5099
conflict resolution, college campus, 54:12469
conflict resolution model, emphasis on task requirements vs process orientation & workshop applications, 57:12722
conflict resolution model for delinquency management & motivational variables in delinquency analysis, 57:10534
conflict situation, acceptance of peer's opinion, students, replication of Ash's conformity experiment, 53:9544
conflict theory analysis, reactions to draft lottery in terms of post-graduation career alternatives, male college seniors, 54:11597
conflict theory, neurotic disorders etiology & treatment, 53:1399
conflicting aspects of dyad interaction, conflictual dimensions of national behavior in crises, June 1962 to July 1968, 53:7244
conflictive behavior in 3-person laboratory game, survival in multipolar power systems, 58:3294
conflicts in personal problems, correlation with mood over several months, neurotic & depressed inpatients, 54:1296
conflicts in values & attitudes of acceptance or rejection toward their children, parents of 8–13 yr old males with learning disorders vs emotionally disturbed vs normal males, 56:576
conflicts of interest & ideology, conflict resolution in interreligious decision making groups, volunteer college students, dynamic simulation of community relations, 57:5801
confrontation as core interpersonal skill, analysis of confrontation types & skill development suggestions, 58:1089
construction & test of index of competitiveness vs cooperation, uniform N-person Prisoner's Dilemma game, adults, 57:98
constructive conflict resolution, foster family care & placement, 58:3989
content & process & passive types of 3rd party intervention, bargaining behavior of group representatives, college students, 55:4493
contents of patients' conflictual decisions & Ss' strength of feeling toward content, disclosure of personal values & directive & supportive activity, psychotherapists in community mental health center, 57:1579
contribution to contemporary theories of conflict, K. Marx & G. Simmel, 54:7289
controlled communication technique, group conflict dynamics, 54:2966
cooperation & assertiveness, semantic differential ratings of conflict handling models, college students, 56:7925
crowding, incidence of disturbance & casualties during civil disorders, 54:11649
cue intercorrelations, policy conflict & change, college students, 53:1050
cue intercorrelations, policy conflict & policy change, college students, 54:4613
cultural conceptions of conflict & variability in conflict boundaries, Moroccan illustration, 58:3193
cybernetic examination of conflict as interaction of complex systems capable of thought, 54:10680
dealing with interpersonal conflicts, 18–55 yr old homosexual men & women, 56:2193
decisions of timing in conflict situation of unequal power between opponents, college students, 55:724
definition & principles, intergroup conflict management & reduction, 53:9458
degree of attitude polarization, occurrence of violence, college students, 56:2382
degree of avoidance, resolution of complex decisional conflicts, college students & graduate education students, 55:2402
demographic & personality traits, issue vs need orientation to conflict resolution, college students, general systems theory interpretation, 57:3380
depression & identity, scenario of conflict & comments, 53:7539
description & goals of unsuccessful workshop for solving problems of divided Cyprus, Greek & Turkish Cypriotes, 53:9382
descriptive analysis, secret pal ceremony as rite of intensification reducing anxiety & conflict & contributing to bureaucratic & organizational objects of public school, 58:4155
descriptive field survey, human relations & group dynamics in community functioning as alternative to mental hospital, mental health professionals, 58:3968
development of operational model of conflict, ecological generality & computer simulation of Prisoner's Dilemma, 58:7449
developmental changes, social & individual motivation in conflict situations, 1st & 2nd graders observed naturalistically over 2 yrs, 58:891
deviance & mechanisms of sanctioning, social integration within & between disputing small-scale tribal societies in Africa, 56:9762
distribution of cue validities of conflict task, policy conflict, undergraduates, 53:1049
dynamic analysis, conflict between Moses & pharaoh, 53:3115
egocentric vs prosocial orientation, extraindividual–individual goal conflict solution, college students, 54:9422
electorate behavior in community experiencing social conflict, role implications for social workers & social scientists, 57:5646
escalation vs deescalation of influence strategy, compliance in 2-person mixed-motive game, 55:4497
escalatory & deescalatory influence strategies, target compliance during 2-person mixed motive conflict simulation, college students, 54:992
evolution of personal & family styles of handling conflict, urban Jewish-American families, 55:9612
exchange-theory variables of outcome alternatives & value, multistrategy evaluations in conflict setting, college students, 57:12780
existential conflicts & adaptive abilities, 53:1037
experimental tasks, family power & conflict & activity, family triads of father & mother & 16 yr old son, 57:8120
extended Prisoner's Dilemma game, 1st trial outcome & cooperation–conflict behavior, 18–25 yr old males matched for achievement & affiliation & power needs, 53:9493
factor analysis, structural dimensions of motivation-conflict-decision-action, 53:6679
family relations & conflicts, effect on acutely mentally ill patients, 54:5479
family value fugue incident involving value conflict behavior between relatives during division of estate or monetary dealings, 58:7359
framework for analysis of social & psychological approaches to interorganizational relationships of cooperation & competition & conflict & merger, 57:14107
frequency of interorganizational relationships, interorganizational conflict, 54:12745
game theory, interpretation & prediction of prosocial behavior in social interdependency situation, 58:1097
gastric & colonic motility recordings during experimental conflicts, psychosomatic patients, 55:932
general framework & application of social judgment theory, analysis of interpersonal conflicts caused by cognitive differences, 55:715
general semantics instruction in public schools, group attitudes concerning societal cohesion, 55:12939
group conflict situations, conformity behavior & dependence & compliance, affective vs nonaffective 9 & 10 yr olds, 54:5516
group lifestyles, creation of group structures in dealing with conflict & decision making, college students, 58:9476
group norms concerning cooperation, group cohesion & reaction to conflict between individual & collective interests, Ss in Prisoner's Dilemma-like situations, 57:5781
historical materialistic analysis, concept of conflict in social psychology, rejoinder to M. Plon's study, 54:9415
historical materialistic analysis, concept of conflict in social psychology, criticism of M. Plon's study, 54:9419
historical materialistic analysis, concept of conflict in social psychology, reply to C. Nemeth's & M. Deutsch's critiques, 54:9423
historical materialistic analysis, concept of conflict in social psychology, 54:9424
hostile & violent environment, social attitudes & cognitive functioning, Catholic & Protestant 6–10 yr old males, Ireland, 56:3878
human structuring of cooperation & conflict, theoretical perspective of concept of relational control, 55:4494
humanistic theory of self in conflict intervention, 55:11239
husband-wife & parent-child & sibling-sibling patterns of conflict resolution, families, 58:11587
hypnotic treatment involving conflict identification during waking state & resolution during waking state & in hypnosis, anxiety, cases of insomnia & asthma & migraine & alcoholism, 58:1711
identity & conflict, minority groups, 53:2920
ideology & conflict, parent-run free schools, 56:1325
illicit & deceptive signaling in Prisoner's Dilemma game, purposeful character of communications & effect on cooperative behavior, male college students, 58:1115
increasing incidence & hostile or malicious intent, false fire alarm conflict, firemen & ghetto dwellers, 56:549
in-depth analysis using J. Coleman's conflict model as theoretical framework, school-community conflict over desegregation, significance for school administrators, 57:11209
individual differences in response latency, stability of behavior across experimental conflict situations, college students, 56:3459
individual vs group behavior in Prisoners Dilemma game, conflict behavior & self justification, college students, 56:2312
influence & communication patterns & decision making processes & goal differentials & normative consensus & administrative support, interlevel conflict, mental hospital staff members, 55:13700
information value theory, conflictual situations, example in 2 person nonzero-sum games, 54:9557
innovator-ritualist organizational conflict, 53:4245
institutional setting, industrial conflict & aggregate strike activity, France vs Italy vs US, 54:12753
interpersonal conflict & crisis management, role of police, 54:2852
interpersonal conflict & symptom distress & social setting, prognostic factors in attempted suicide, psychiatric patients, 53:3389
interpersonal conflict types, group cohesiveness, female college roommates, 53:5152
intra-family & intra-community & inter-cultural conflict, multi-ethnic western US community, 56:569
Israeli labor & ethnic conflicts, patterns of conflict generation & conflict absorption, 55:584
jealousy, conflict acts & verbal interaction & labeling of jealousy, intimate dating couples, 57:3216
Jungian personality correlates, interpersonal conflict-handling behavior, male graduate students, 55:12306
laboratory assessment procedures, developing clinical theory of psychoanalysis, case report of role of conflict over aggression in schizophrenia, 54:12365
laboratory paradigm, interorganizational conflict management strategies, business administration students, 54:8623
language development for interaction sequences, 55:4517
level of aspiration of both parties in 2-person bargaining game with incomplete information, concession-making behavior & underlying conflict solution in negotiation, male college students, 54:5189
level of differentiation as measured by field dependence-independence, dyadic conflict resolution & interpersonal attraction, female college students, 57:3207
level of social activity, perception of conflict/dominance, active vs passive 14 yr olds, 58:11513
literature as case study material, verification & generation of conflict theories, 53:7348
locus of control & locus of conflict, emotionally disturbed vs normal children, 56:810
major theories & research methods, aggression & conflict, book, 54:2958
mandate base & evaluation source & negotiator status, behavior in intergroup conflict reduction situation, negotiators, 55:11166
manipulated anger level & fear of confederate administration of shock, aggressive response level to confederate vs confederate friend vs nonassociated person, support for conflict theory of aggression displacement, 57:10295
meaning & scope & magnitude & resolution of conflict, 54:2930
measuring instrument development, attitudes relative to concepts associated with successful conflict management, school administrators, 55:10699
mediator behavior, group negotiation & conflict resolution, 54:11688
model of conflict reduction, use in counseling, 55:2762
modes of adaptation to school conflict resulting from community Mexican American confrontation, high school teachers vs administrators, 58:10191
mythology of conflict, essays on novels of J. O'Hara & book of Genesis, 58:7140
need & development of rationale for culture conflict training program to facilitate positive racial attitudes for college Army ROTC cadets, 56:2892
news-gathering process, validating conflict data, 55:6650
organizational conditions of school size & specialization & centralization of authority interrelationships, intra- & interstratum conflict in elementary & secondary schools, 54:6163
organizational conflict & conflict resolution, 53:10624
organizational conflict & consultant intervention approaches, organizational & interorganizational conflict, state correctional institution & educational organization personnel, 58:12837
organizational conflict models, universities, 53:2990
parental love-oriented vs power-assertive discipline, hostility & guilt & conflict over hostility, male graduate students, India, 56:5923
participant-observational field study, character & functions & symptomatology of intergroup conflict, youth groups composed of Jewish college students, 57:5802
perceived conflicts with school officials & principals & other teachers & parents, job satisfaction, teachers, 57:2093
perceived personality of other player & player sex & severity of conflict, cooperative behavior in 2-person 2-choice mixed motive game, 57:3205
perception & use of nonimmediate mode of expression, conflict-producing verbal communication of inconsistency between attitudes held & expression, college students, 57:1224
perception of specific topics as issues of conflict & sources as determinants of superior–subordinate conflict & conflict management, manufacturing firm employees, 54:8615
personal conflict, anxiety over approaching marriage, young woman, 54:5341
personal preferences for conflict management, decision quality under cooperative vs competitive conditions, male dyads, 58:7446
personality characteristics, internal group conflicts, college students, 58:11673
perspective model of attitude judgment, interpersonal conflict predictions, male college students, 55:711
persuasion in conflict situations, 53:3045
pictures depicting conflict vs cooperation between black & white figures, attributions of helpful vs blameworthy behavior, white vs black 5 & 8 & 11 yr olds, 56:7956
policy consistency levels, questions asked about others policies & interpersonal understanding, college students, 54:993
positive reinforcement procedures with mother & E present vs mother alone, suppression of sibling conflict, families with 2–10 yr olds, 58:9947

posthypnotic conflict involving sexual impulses directed towards either oedipal vs peer age female, degree of repression & type & frequency of symptoms, males, 55:8997
power & conflict, student–teacher relationship, high school & college & graduate students, 53:3946
practice in solving difficult verbal conflicts, absolute & relative bidirectional-transfer in verbal conflict resolution tasks, college students, 53:4527
preceding game experience varied by payoff matrix & chance mechanism vs human as partner, behavior in conflict game, high school students, 58:1085
predecisional cognitive processes, cognitive dissonance theory & conflict theory & choice-certainty theory & reactance theories, 53:6604
presence vs absence of crisis & conflict with parents, grades & activities & mood & autonomy & openness to new ideas & willingness to express impulses, college freshmen living away from home for 1st time, 57:5606
presence vs absence of temporal urgency & judgmental standard & correspondence vs noncorrespondence of outcomes among disputants, preferences for modes of conflict resolution, college & law students, 56:7868
present & emerging patterns of black/white relations, US, implications for reduction of interracial conflict, 57:1048
pressure to reduce disparity, competitive vs cooperative strategies, 8th–10th graders, 57:12756
Prisoner's Dilemma game, interpersonal conflict & cooperation, primary vs secondary psychopaths vs normals, 55:10045
privileged communication & conflicts threatening confidentiality, 56:1275
probability of success & payoff & attitudinal agreement between potential allies & perceived utility & anticipated conflict & coalition choice, coalition formation, college students, 54:7466
psychoanalytic interpretation & utopian view, conflict between Jupiter & Prometheus in Shelley's "Prometheus Unbound", 55:6687
psychoanalytic method, study of social conflict consequences in individuals, interviews with man & woman in West African village, 56:7778
psychoanalytic theory of conflict & symptom formation, anxiety & depressive affect, 54:3106
psychological & elimination principles covering pleasure & pain & decision processing, single-peaked functions & theory of preference, implications for conflict resolutions, 58:4589
psychological differentiation, interpersonal attraction & conflict resolution in dyads, female college students, 56:2375
psychology of cooperation in experimental conflict settings, 57:12748
psychopolitical dimensions of Middle East conflict, assessment of possibilities for cooperative conflict resolution, 56:7816
quasi-rational element in interpersonal conflict, review, 56:638
rating of direction & degree of beliefs & attitudes connected with personal problems & computer calculation according to F. Heider's model, assessment of psychological conflict, 54:1136
reciprocity & level of aspiration, concession rate & threat usage in bilateral conflict, male college students, 54:7524
relationship between value orientation & assimilation of patients in conflict resolution setting, nurses & psychiatrists, 54:5399
relevance of 2- vs 3-generation theory of society, coalition vs conflict between aged & young, 58:932
reliablity & validity & interpretation, simulation techniques of social conflict, 53:2981

sociodrama & self reinforcement as habilitation techniques, social conflict resolution, educable mentally retarded adolescents, 58:12106
socioeconomic & cultural & technological & historical & societal valuative & personal–psychological changes & conflict, effects on man & society, 54:5152
socioeconomic status conflict, interaction during Prisoner's Dilemma game, 6–8th graders, 54:2986
sociological conceptual framework, family conflict, 55:635
spatial proximity, interpersonal conflict & friendship formation, patients in intermediate-care nursing homes, 54:3948
spiritual conflicts & crises, 54:11495
status congruency in small groups, interpersonal conflict, 54:5220
structure & function & theoretical framework, spontaneous evasions constructed by individuals in conflict over choice during focused interactions, 55:9757
structure of conflict & sources of cognitive change & task characteristics, analysis of interpersonal conflicts caused by cognitive differences from social judgment theory basis, 58:1080
student group counseling vs adult education intervention programs, culture conflict, Cuban senior high school students, 58:8427
student involvement in faculty collective bargaining, avoidance of future conflict, 57:4265
survival vs educational conflict teaching methods, communication breakdown in contemporary school systems, book, 53:8271
symbol set & mathematical notation, analytical model of conflict theory, 53:5151
task structure & conflict arousal, leadership behavior & communication styles, parents of 4-person nuclear families, 57:12645
task vs affective imbalance & interpersonal vs task-related intragroup conflicts, instrumental vs expressive leadership & effectiveness, 55:9736
teacher training program & curriculum unit, attitudes on global conflict & conflict resolution, 8th graders, 55:13245
team approach to problem solving within community, interaction among various causes & sources of conflict, 54:11663
teletypewriter vs telephone vs closed circuit television communication, cooperative vs conflictive problem solving, male college students in 2-person teams, 56:9617
teletypewriter vs telephone vs closed circuit TV communication mode, cooperative vs conflictive dyadic problem solving, 57:5427
tension vs political power struggle, interpretation of collective conflict, 56:7750
therapist confrontation & confrontation frequency, client self exploration, therapy groups, 57:8672
third party consultation, resolution of social conflict & use by professional psychologist in community practice, 57:1831
time pressure & issue settlement order, conflict resolution & integrative bargaining, college students, 57:5777
topic & source of disagreement, conflict management, employees in manufacturing firms, 55:11149
topic areas of therapist high & low conflict, facilitation level of therapist responses to simulated client statements in topic areas, 57:8665
training to generate negotiated consequences to conflict situations, communication skills with authority figures, predelinquent parolees in token system, 57:13451
transactional paradigm of verbalized social conflict, 53:3088
TV viewing patterns & perceived parental discipline & media intervention & peer mode of conflict resolution, pro- vs antisocial modes of conflict resolution, high school students, 58:11679
type of feedback & feelings toward candidates, conflict in political group problem solving situation, college students, 55:7100
understanding conflict & war, the conflict helix, sociocultural dimensions of individuals acting in & as part of groups, book, 57:8214
unilateral & mixed structure & bilateral power systems, operation of power & conflict & cooperation & trust, 58:1040
use of informants for quantitative data collection & measurement error control in organization analysis, authority conflict in US Catholic dioceses, 54:6450
use of superordinate goals in bargaining situations, reduction of intergroup conflict with continued frustration & lack of achievement of superordinate goal, 55:7074
verbal conflict resolution, personality correlates, college students, 54:3103
viewing TV drama with constructive vs aggressive model response to an interpersonal conflict, subsequent social responding, 4th & 7th & 10th graders, 57:8173
yoga therapy, conflict resolution & self concept & emotional adjustment, 55:10182
3rd party intervention approach, social psychological researcher & law enforcement collaboration when dealing with interpersonal conflicts, 54:9741

Conflicts (Role) [See Role Conflicts]

Conformity (Personality)
acceptance of good-patient norms, reactions of doctors & nurses to attitudes & behavior, surgical patients in general hospital, 54:8232
adherence to female role themes of submissiveness & dependency & conformity, depression, females, implications for diagnosis, 58:7654
age & IQ & parents' occupational & educational status, development of reasoning about group interdependence & obligation, 1st & 3rd & 5th & 8th graders, 54:5013
age & sex, conformity vs compliance in yielding behavior, male vs female 1st–8th graders, 56:538
age & sex, social attitudes of conservatism & radicalism & social conformity, junior & senior high school students, Japan, 58:9333
age, conformity reduction, junior high school students, 56:7691
age level, conformity, 7–15 yr old boys, 55:6852
alpha wave biofeedback training, field dependence & role playing skill & moral development & conformity on informationally complex items & tolerance & ego defensiveness, male volunteers, 56:9446
appearance of purpose of prohibition & forcefulness of sign communicating restriction & model behavior & campus vs suburban location, conformity to prohibition against pedestrian traffic, male vs female pedestrians, 57:8260
arbitrariness of prescribed norms, norm formation & persistence & change over successive generations, male high school students, 57:12783
attentiveness to situational & interpersonal guides to social appropriateness, situational control of behavior, college students, 56:699
attitudes toward role of women, conformity behavior, male vs female college students, 53:5208
attribution processes, mediation of conformity & dissent, college students, investigation of S. E. Asch's findings, 56:4067
availability of situational knowledge & naive vs role playing vs prebriefed participation, prediction of own & other's conformity, male college students, 55:7177
averaging & extremity effects, choice shifts in autokinetic judgments, high school students, implications for social comparison views of choice shifts, 56:6021
being imitated, behavior during marble dropping task, male vs female 3.8–4.8 yr olds, 55:4194
birth order & age & sex & IQ & self esteem & need achievement & authoritarianism, conformity, research review from 1958–73, 56:9947
birth order, susceptibility to peer modeling influences, male kindergartners through 3rd graders, 58:3143
comparison of self vs peer characteristics, evolution of "superior conformity of self," 12–18 yr olds, 54:7234
composition of group based on Achievement via Conformance & via Independence personality scale scores, maximizing satisfaction & effectiveness in small academic groups, college students, 58:12689
conditions demanding self immolation, obedience, 13–14 yr old males, comparison with F. H. Allport's J-curve of institutional conformity, 58:3330
conflict situation, acceptance of peer's opinion, students, replication of Ash's conformity experiment, 53:9544
conflict with environment, adaptation mode & behavior, urban Anglo American vs rural Mexican 7–12 yr olds, 55:6925
conformism & presentation of self & enhancement of partner's value, interpersonal attractiveness, 58:5359
conformity, modeling of self administration of electric shock, college students, 57:3296
conformity to peer-sponsored misconduct, 3rd vs 6th vs 8th vs 11th graders, 56:7690
consensus-breaking & consensus-preempting partners, reduction of conformity, male college students, 54:7526
constraint of freedom & presence of other & truncation of experimental procedure at point of consensus, abandonment of referent system & acceptance of judgment of others, 57:5806
contextual determinants, opinion judgments, college students, implications for social influence research & opinion poll interpretations, 55:9708
control & labeling perspectives, contradictory predictions about effects of sanctioning on deviance & conforming behavior, 54:5165
correct & incorrect dissenters from erroneous group concensus, conformity on visual & opinion stimuli under normative & informational social pressure, female college students, 56:4006
cross cultural study, conformity, Chinese & American adults, 56:567
dependency & group consistency or unanimity & importance of freedom, conformity & relation to psychological reactance, 58:7475
development of organization model to allow idiosyncratic behavior in institutional bureacratic setting, 58:10734
drug usage & inner-other directedness & conformity, college students, 55:9686
duration of friendly interactions, conformity in estimating length in autokinetic illusion, college students, 58:1111
estimation of rod length with accuracy as norm, self-image of superior conformity to group standards, secondary school students, 53:7399
exposure to conforming influence of male vs female confederate, conformity behavior on series of perceptual judgments, male vs air force trainees, 56:9827
extraversion & neuroticism & conformity, college students, India, 58:3408
family relations, conformity to peer subculture, peer- & adult-oriented 6th graders, 54:11653
family relationships & reference others & differential identification, prediction of delinquent behavior, 9th–12th graders, 55:12465
fear of failure, conformity behavior in Asch & Crutchfield situations, male college students, 53:1077
field dependence & feedback concerning group majority, tendency to conform in judgments of tone duration, male vs female high school students, 57:1146
field dependence-independence & cultural conformity, attitudes toward aged, college female nursing students, 57:8917
formal & theoretical model of decision making processes & cognitive consistency approach, conformity, 55:4482
frustration reaction & aggression direction & superego patterns & group conformity ratings, emotionally vs behaviorally disturbed vs school age children, 53:1403
GPA & abstract reasoning ability & functional information skills & teacher ratings of student conformity to model behavior, high school students, significance for appropriateness of letter grades, 58:2235
group composition, individual decision making, college students, 53:9473
group conflict situations, conformity behavior & dependence & compliance, affective vs nonaffective 9 & 10 yr olds, 54:5516
group conformity pressures, individual attitudes & behavior, West German & Swiss & British & Austrian & Japanese managers, 53:5036
group interaction, perception of verbal transformation effect, 58:8754
group norm & cohesion & conformity & maturity level & development stage, dynamics of counseling groups & major concerns of group counselor, 54:10267
group pressure & presence of male confederates, attitude change, Chinese & American females, 54:7522
group pressure, conformity behavior, test of Cartwright's power formula, 58:11686
group size & camp environment, variance in group conformity scores, 9–16 yr olds, application of new experimental procedure, 54:9560
group size & social influence, conformity, college students, 56:6060
group size & stimulus ambiguity, conformity, female college students, 55:7085
high vs low social conformity with vs without exposure to model self administering electric shock, modeling behavior, 57:1231
impediments to & facilitation of independence as processes of conformity, free society, implications from social psychology, 55:6887
impressions of compliance vs resistance to conformity pressures of stimulus persons, subsequent attributions, male college students, 54:11712
imputation of positive & negative deviant identities, structuring evaluations & reactions based on supposed deviant identity, male college students, 56:6024
incarceration, conformity to staff role expectations, prisoners, 54:12461
incidence & social correlates, accommodation of behavior to sex role stereotypes in female chameleon syndrome, junior & senior high school students, 57:12682
incongruency of opinions with unidentified majority & locus of control, opinion change as measure of persuasability, male vs female 3rd graders, 58:3316
individual conformity to deliberately erroneous majority judgments of pitch & loudness, university music students, 55:147
infantile experiences & mother-child interaction & emotional & parental needs & society's need for conformity, individuality of cognitive & emotional composition, children, 57:7890
influence of males & females, psychophysical judgments, female college students, 54:9613
ingratiation techniques, bystander's perception of ingratiator's attractiveness, 58:11707
interaction between personal-internal growth stress & social-external growth conflicts & sexual behavior & independence & conscience & double standards & conformity, moral dilemmas of early adolescence, 53:4953
interaction of pressure sources with high vs low affiliation &/vs achievement motives, conformity, female junior college students, 56:4011
internal-external locus of control & contrived feedback concerning group cohesiveness & group choice variability, decision making in risk taking paradigm & conformity vs value effects, college students, 57:10370
interpersonal influence, norm formation & subsequent divergence, high-school-age Ss, 53:5176
interpersonal involvement & conventionality, self disclosure to stereotyping of other S, closely attached couples, 56:9836
intolerance of ambiguity, relationship to conformity, male postgraduate students, 56:9953
judgment discrepancy between S & other group members & locus of control, public compliance vs private acceptance, 58:7453
levels of pressure to conform, reduction of smoking, smoking cessation groups, 55:12206
live social pressure, conformity behavior, manic depressive vs paranoid schizophrenic inpatients vs normals, 56:8124
locus of control & authoritarianism & wanted inclusion, susceptibility to expectancy manipulations of feedback & task credibility, college students, 58:11746
locus of control & cognitive development & source status & expertise relevance, conformity to social influence, 57:3294
locus of control & cultural conformity, Mexican vs German vs American college students, 56:2206
locus of control & social conformity vs independence & sex, academic performance, college students, 54:1156
locus of control & social desirability & attitudes toward females, effects of male vs female communication sources supporting females' abilities under conformity pressure, females, 58:1093
majority opinion in small groups, conforming & innovative responses of isolated individuals, female students, 58:5324
manifest & latent influence & interindividual relations, innovation & conformity in group situation, 57:8208
modeling influences of fathers & sex-typing of reading & judgmental conformity, reading achievement, male vs female 1st–3rd graders, 58:8318
moral dilemmas of sexual behavior & independence & conscience & double standards & conformity in early adolescent development, 58:3153

morphogenic method application, conformity in interpersonal prediction & behavior of clinical psychologists in assessment task, application to psychodiagnostic practice, 54:7737
need for social approval & reinforcement for disagreement vs agreement & sex, conformity, college students, 53:7313
neurological vs psychiatric referrals & conformist vs nonconformist dress style of evaluee, bias in clinical psychological evaluation, psychologists, 56:10501
orderliness & conformity, Comrey Personality Scales, New Zealand university & teachers' college students & comparison with American sample, 53:7408
peer vs teacher vs mother pressure, developmental changes in conformity, elementary vs junior vs senior high school students, 57:10011
peer vs White prisoner vs White middle class majority group conditions, conformity, Black addict inmate Ss, implications for treatment of drug addiction, 58:7689
perceived relative competence on informational task, conformity on perceptual task, college students, 58:3318
perceptual judgment & attitude-change conformity tasks, consistency of conformity behavior, manic-depressives vs paranoid schizophrenics vs normals, 53:5528
performance of unpleasant task under high vs low external justification conditions, opinion conformity as impression management tactic, college students, 58:9535
personal novelty on attitudinal dimensions & reminder of object status of self, conformity on visual perception task, female college students, 56:7858
personal vs group choices in delay of gratification task, 6–7 yr olds, 56:7716
positive vs negative vs neutral stimuli, creativity task performance & self esteem & subsequent resistance to group pressure to conform, 4th–6th graders, 58:9615
prescriptive vs proscriptive norms, behavioral conformity, 10–12 yr old Girl Scouts, development of taxonomy on conformity effects, 57:5936
presence of violating model &/vs uniformed authority figure & S's age & sex, violaton of prohibited right turn, drivers, 57:10240
primacy vs recency of partner's response, conformity reduction, college & high school students, 58:7443
primary group conformity & group dynamics & behavior conspicuousness, consumer behavior, females, 56:9840
prior experience & transfer of training, resistance to conformity pressures, 55:9749
prior experience with task, subsequent conformity to different task, 14–30 yr olds, 54:3005
psychological differentiation & feedback discrepancy, conformity & recall & content evaluation reactions, counselor trainees, 58:12293
psychological reactance & block to anticonformity & recommendation of specific position, overcompliance, college students, 55:12245
public & private social support, conformity reduction, college students, 53:5190
quiet vs intermediate vs crowded conditions in city supermarket, adherence to vs transgression of behavioral norms, males vs females, 54:1053
range of behavior & attitude alternative & group size variation & probability of particular behavior & attitude occurrence, group conformity influence, housewives, 55:7082
rating hypothetical triads with negative P–O bond, intermediate level of tension in nonbalanced P-O-X triads, high & low conformist college students, 53:5181
rearing in family vs collective settings, reactions to social pressure, Israeli & Soviet 12 yr olds, 54:11473
rearing in structurally tight vs looser communal society vs host society, acquiescence to group pressure, Hutterite 10–15 yr olds vs Mennonite vs Canadian children, 57:1051
receptive measures, evaluation of emotional development, school age children, 55:9487
rejection vs acceptance from group, subsequent conformity to request to act similarly vs dissimilarly to group, females, 55:12266
religious attitude, anxiety & authoritarianism & conformity & dependency, male Hindu college students, 58:9574
reversal of perceived relative competence, conformity on 1st & 2nd perceptual task, high school students, 56:4084
risk-as-value vs relevant arguments vs conformity–attitude change choice shift hypotheses, college students, 54:7527
scholarship exchange year in US, personality changes, secondary school students vs friends, New Zealand, 54:1178
self esteem & defense styles, conformity behavior, female college students, 58:11767
self esteem & self concept & sex & behavior awareness, frequency of & preference for variations of ingratiation techniques, 17–18 yr old students, 55:763
self esteem, conformity to sex role stereotypes, male & female Ss, 55:4436
self monitoring & neuroticism levels, sensitivity to situationally variable cues & social conformity, college students, 57:3279
self-determination of personality within a group & concepts of conformity & stable personality & collectivism, 54:5328
self-esteem & hyperdependency & humanism & external conformity & verbal participation, Personal Belief Inventory as measure of irrational thinking, male psychiatric patients, 53:7602
sex & IQ & presence of authority figure, responses to group pressure, 20–50 yr old institutionalized retardates, 53:1505
sex & race, conformity behavior, black & white lower & middle class 9–12 yr olds, 55:552
sex & social approval & value similarity information through conformity manipulation, family size preferences, 57:3103
sex role conformity, self esteem & anxiety & motive to avoid success, college students, 55:4435
sex-related dependency & conformity variables, relationship between locus of control & Machiavellianism, college students, 56:2425
sex-related task & acceptance of sex-related stereotypes, conformity to majority type, male vs female college students, 54:925
sex-specific differences, conformity behavior, review of studies, 54:9719
small group cohesiveness, behavioral conformity under conditions promoting vs detracting from group welfare, college students, 54:11683
social influence & conformity, computer-human interactions, implications for use of computers in educational contexts, 55:10784
social pressure, inaccurate estimates of length of lines, dissenting S, replication of S. E. Asch's experiment, 54:9551
social pressure of unanimous majority & self-esteem, conformity, replication of S. Asch's experiments, 53:9524
social responsibility & moral judgment & conformity, helping behavior, 57:8222
sport locus of control model vs traditional sport activity instruction, locus of control & conformity & physical skill gain, male vs female college students, 57:6740
student evaluation of instructor's status, instructor conformity to students' norms, college students & instructors, 57:9114
study habits & attitudes & conformity & recognition & independence & benevolence & leadership, involuntary vs voluntary enrolled reading students, 55:3137
superior conformity of self behavior, college students, implications for social psychology, 57:8172
task involving collective vs cooperative & individualistic vs competitive behavior self presentation in social comparison processes, 55:4544
teaching techniques of resistance to unwarranted social pressure, review of research, 57:11382
theory of social comparison processes of L. Festinger, judgment of auditory stimuli with varying information & task difficulty levels, college students, 54:11727
togetherness & conformity & herd-mindedness as social behavior forms acting as surrogate for individual, social pathology, 53:1459
trainer disclosure level & S's identification with trainer value orientation, self disclosure & self concept & conformity of values & empathy, graduate students in psychotherapy training, 55:10581
unanimous group error, individual judgment, female high school students, 53:7341
use of synthetic models & MMPI, ego mechanisms & college achievement, college students, 56:9910
viewing photographs of conformers vs deviators, perceptions & emotional loadings, college students, 57:10332
villages of high vs low social conformity, field dependence, male & female 10 & 13 yr olds from Holland & Italy & Mexico, 53:9658

Confusion (Mental) [See Mental Confusion]

Congenital Disorders [See Also Cleft Palate, Drug Induced Congenital Disorders, Hermaphroditism]
age at initiation of galactose-free diet, psycho-educational abilities, galactosemic hospitalized children, 55:7458
age of referral & spontaneous arrest, occurrence of congenital hydrocephalus, males vs females with congenital hydrocephalus, 55:12575
birth weights & infantile growth rates, congenital defects of central nervous system associated with hyperendemic goiter, Mulia society, New Guinea, 53:3489
clinical aspects, mental retardation & developmental disabilities, book, 54:7914
cognitive & behavioral & intelligence patterns, patients with vs without congenital adrenal hyperplasia, 55:10130
congenital ophthalmoplegia, arithmetic & reading achievement, 6.5 yr old male with Moebius syndrome, 55:930
development of affect & ego, congenital vs adventitious blindness, 57:10591
developmental impairment, children with congenital rubella, 54:7927
ear asymmetry, screening for congenital central nervous system defects, mentally retarded & learning disabled & delinquent children, 53:7698
EEG classification system, prediction of later congenital disorders, premature infants, 3–8 yr follow-up study, 53:11987
epilepsy & antiepileptic drugs during pregnancy, seizures during gestation & infant congenital heart disease & cleft lip & palate, epileptic mothers, 54:7945
intellectual functions, congenital infantile hypoacusis, 53:3523
IQ, patients with congenital adrenal hyperplasia vs nonaffected siblings vs parents, 54:1466
lithium use during pregnancy, cardiovascular anomalies, infants, 54:3717
masculinity–femininity of behavior & cognitive ability, 5–30 yr old patients with congenital adrenal hyperplasia, 54:1467
maternal childrearing attitudes, developmental growth, deaf-blind rubella children, 55:7459
minor physical anomalies of congenital origin, measures of attention & school achievement, 2nd graders, 57:8563
mothers' reports of early experience regarding feeding behaviors & activity patterns, infants with congenital heart defects, 57:3688
need for early diagnosis & program of biochemical tests, congenital metabolic defects, 57:1724
number of hospital admissions & surgical procedures, intellectual status, male vs female children with spinal bifida, 58:5722
ophthalmological changes, diagnosis of cochlear hearing impairment due to fetal rubella infection, Ss with congenital hearing impairment, 58:11975
parent meeting project in day care for preschoolers with cerebral palsy & spina bifida & other congenital diseases, balance of parent & social worker contributions to care, 56:10401
pattern of abnormal projection for lateral geniculate nucleus, congenitally abnormal visual pathways, diseased cats, 54:7169
psychological development & psychotherapy, 18 yr old male with congenital absence of touch & pain & temperature & vibration & joint position & visual sensations & stereognosis, 57:8521
psychotropic drugs during pregnancy, fetal & infant development & congenital defects, 56:7491
reproductive physiology & birth defects & their causes, book, 56:8230
sources of stress, mothers of spina bifida children, 54:7964
specificity & pattern & gate control theories of pain, congenital universal insensitivity to pain, literature review, 55:9919
strabismus & cerebral palsy & adiposogenital dystrophy, 20 yr old with cutis verticis gyrata, 54:1486
treatment for congenital malformation during 1st mo of life, subsequent rates of psychiatric disorders, 8–19 yr olds, 57:5954
visual resolution, congenital pendular nystagmus, 55:7424

Congenitally Handicapped
birth of daughter with defect, emotional responses & fathering behaviors & marital relations, fathers, 58:1471
body-focused hand movements during verbal encoding & relationship to language skill, 17–21 yr old congenitally blind students, 56:2527
clinical aspects, mental retardation & developmental disabilities, book, 54:7914
impairment of motor skill, 7–10 yr olds with spina bifida cystica & hydrocephalus, 58:11939
RT & response accuracy & verbal protocols to questions about verbally described furniture arrangements, congenitally vs adventitously blind vs sighted Ss, implications for development of a 2-dimensional symbol structure of spatial representation, 56:6280
vocabulary & reading & arithmetic achievement test scores & speech intelligibility, special school students whose deafness was due to prenatal rubella vs other causes, 57:13930

Conjoint Therapy
action-oriented techniques during conjoint family therapy, case report, 55:2647
bargaining, communications in conjoint family therapy, 55:10290
behavioral contracting for each family member, conjoint family therapy, 58:3779
characteristics of cotherapy team, cotherapists' relationship & therapy outcomes, 57:13166
conjoint art therapy with verbal therapy, husband with sensory apraxia & his wife, 54:10103
conjoint family art evaluation to focus treatment & understand patient's problem, team of psychologist & social worker & psychiatrist, 55:5034
conjoint family evaluation & therapy modification, child's participation, families with 3–10 yr olds, 53:10172
conjoint hospitalization of mother & baby, treatment of postpartum syndromes, 55:7520
conjoint interview, dealing with denial in psychosomatic complaints, 54:3625
conjoint psychotherapeutic experiences, patient-therapist pairs, 55:7528
conjoint therapy, problems in measuring outcome success, families in therapy, 4.5-yr followup, 58:3783
conjoint therapy with male & female cotherapists, attitude change & therapy outcome, couples, replication of L. E. Beutler's study, 53:10245
contributions of female co-therapist to psychotherapeutic process, individual patients in conjoint psychotherapy, 57:8662
cotherapist led group therapy supplemental to milieu & individual treatment, personal growth in later adolescence, institutionalized 10–12 yr old females, 55:1009
co-therapists as adolescent's advocate, family therapy, crisis-provoking adolescents, 54:1697
cotherapy method directed at autonomous development within family & resolution of separation & loss, families with schizophrenic child, 58:3776
cotherapy using 4-way sessions, family pairs & couples in individual & conjoint treatment, 56:6373
development of conjoint family therapy, entree to new behavior therapy, 56:6371
differential relevance of criteria & variations in frames of reference, placing & terminating children from individual vs group vs conjoint family therapy, mental health teams, 55:5016
dreams, uses in conjoint marital therapy, 54:3584
dynamics of transference & countertransference, cotherapeutic group using 2 different sexed therapists, 57:6283
evaluation procedures, conjoint marital psychotherapy, 54:5954
family assessment & intervention method, early adolescent problems, adolescents & their parents, 56:6365
in vivo conjoint therapy employing extended home visit by cotherapists, evaluation of research method concerning interpersonal behavior & therapeutic technique, couple in conflict, 57:6301
interaction patterns in team approach to therapy, 53:12129
joint psychotherapy by psychoanalytically-trained psychiatrist & social psychology graduate, reaction of psychiatric patients, 54:12258
male–female cotherapy team in group psychotherapy, heterosexual shift, homosexual or bisexual males, 54:3726
monitoring changes in problematic behaviors, evaluation of conjoint family therapy effectiveness, spouses, 53:12218
multimodal psychotherapy, multiple marital couple group therapy augmented by phase-specific individual, couple & conjoint family therapy, 53:12241
multiple vs individual therapy, psychotherapeutic interactions, cotherapist pairs vs individual therapists, 55:7485
multiple-therapist conjoint therapy, folie a deux, 34 yr old identical twins, 54:5789
parent consultation & conjoint family counseling vs individual counseling, self esteem & attitudes of child & parents toward their relationship & descriptiveness of verbal response of parents toward child's behavior, 5th–9th graders & their parents, 57:8637
perception of difficulties, individual vs conjoint therapy, marital partners, 55:5014
perceptions of spouses' empathic understanding & warmth & genuineness & relationship between therapist & treatment factors & couple's communication skill, marital co-therapy outcome, 54:5924
power & coalition formation model, conjoint marriage counseling, 54:3617
predictions of process & progress in conjoint family therapy following initial diagnostic interviews, therapists, 54:12188
pretreatment marital perceptions, continuing vs terminating couples in conjoint family therapy, 55:5043
procedure for initial conjoint marital interview, marriage counseling, 53:6009
relationship between co-facilitators, self concept & self actualization, male vs female college student encounter group members, 58:7929
same- & mixed-sex subgroups, facilitation of open discussion, married couples in co-therapy group sessions, 57:8671
successful relationship between cotherapists, 53:7835
tandem psychotherapy as model for rotating student therapists, derivation from techniques of L. R. Wolberg, 54:12214
theoretical & practical advantages of multiple therapy with male & female therapists, homosexualty, case report, 56:994
therapeutic style & involvement & techniques & methods & handling sexual material & use of self & cotherapists, family therapy, 55:5050
therapist & probation officer as cotherapists, resolution of therapist-parolee-parole officer triangle difficulties in group psychotherapy, 58:5843
time-limited conjoint therapy, adolescent drug abusers & their families, 57:10811
triadic supervision in cotherapy relation & in conjunction with group supervision & in terms of group continuity, group therapists, 54:3216

Connective Tissues [See Also Bones]
parotid extract, nerve & connective distal tissue degeneration, rats, 53:4700

Connotations
affective connotations of color, review, implications for validity of interpretations derived from Rorschach test, 57:8286
association of sex-linked lexical forms with male & female attributes, male vs female adults, 56:7566
bipolarity of semantic variables, color connotations, 54:5291
componential & multidimensional scaling analyses of semantic differential ratings, idealized cultural differences in kinship conceptions, high school students from 17 language/culture communities, 58:11382
connotations & cognitive conflict, criticism of findings of C. E. Kuhlman et al, 56:2282
connotative aspects of attitudes toward commonly abused drugs as measured by Drug Rating Scale, heroin addicted detoxification clients & staff members, 58:3549
connotative meaning of emotional terms, totally & congenitally blind 9–17 yr olds & normal college adults, contribution to study of phenomenology of emotion, 55:4904
correlations between dimensions of auditory & visual experience, cross modal manifestation of connotative meaning, colored-hearing synesthesia, 56:7165
denotative word attribute overlap between control & experimental groups, prediction of release from proactive inhibition, college students, 56:3451
development of Semiprojective Scales of Institutional Evaluation & predictor scales, measurement of positive & negative connotations of educational institution & students' personal & organizational orientations, 55:1579
development of set of associative norms for words connoting aggression & violence, college students, 54:11750
ethnic variations, connotative meaning of emotions, American college students of Japanese & Chinese & European ancestry, 53:7153
evaluation & association strength of qualificatory adjectives, development of standard index of ambiguity, college students, 58:4599
evaluation of suicide play "Quiet Cries" & media presentation, audience depression & suicide potential & connotation, college students, 56:9614
evaluative word meaning, word writing speed, 57:2297
feeling of knowing, phonetic symbolism using matching of Thai & Kannada & Yoruba antonym pairs with English antonyms, college students, 54:10960
judges' attitudes & superimposed classification & connotations of response language, judgments of attitude statements, 12–13 yr olds, 55:2346
language written without forms of "to be" vs reading same communication in ordinary grammar, cognitive change measured by semantic differential, college & graduate students, 57:4944
meaning rules vs systems of inference, verbs of transfer & possession, college students, 55:9344
positive vs negative context of stereotype label, connotations attached to adjectives associated with label, college students, 58:9442

proactive inhibition release design, test of density & reality & familiarity & organization as new dimensions of C. E. Osgood's semantic space, college students, 55:6193
sex of E & S & S's need of approval, contents & latencies of responses to sexual stimuli on double-entendre word association test, female college students, 58:5057
social class & grade level & sex & race, food intake patterns & terminology & preferences & connotative meanings, Black vs White high school students, 57:5858
speaker & listener sex & vocal emotional expression, evaluation & social control & activity, 54:1084
studies of color meaning, environmental implications, 57:9273
test–retest & consistency between groups reliability & interindividual judgment stability & relevance of scale to color judged, semantic differential measurements of color connotations, 53:5284
unconscious motivation & word connotations, choice of term "girl" or "lady" vs "woman", implications for psychotherapy, 57:2823

Conscience
Christian education, conscience development, 54:7245
clinical & Christian concepts, conscience, 54:11774
guilt as distortion of self image & guilt quality as function of distortion-tolerance limit, cognitive vs affective guilt, 56:9891
guilt conscience & guilt complex, philosophical discussion & significance for hypnotherapy, 57:4026
internal-external locus of control, hostility & morality-conscience guilt, male vs female college students, 57:3299
moral dilemmas of sexual behavior & independence & conscience & double standards & conformity in early adolescent development, 58:3153
moral judgment & conscience, structural aspects & optimal value systems & theoretical empirical applications to moral development & pathology & emotions, book, 53:5341
overly strict vs lax consciences & Freud's concept of superego & therapy, 55:9830
phenomenological overview of elements & evolution & development of conscience, 57:8034
psychiatric disorders & impulsiveness & social conscience & adversity, serious traffic offenders, 53:1416
reward & punishment interactions, development of resistance to transgression, 1st graders, 56:528
role of preconscious, surface & deep analysis in psychoanalytical technique, 55:971
self concept structure, situation-specific moral behavior, college students, 55:9897
self study of nature of conscience with special reference to author's own therapy, 58:5823

Conscious (Personality Factors)
affective imagery, approach to transpersonal consciousness, techniques for use in higher education, 55:5479
autonomous ego functions & consciousness, creativity, 54:3112
carry over of metaphysical assumptions from earlier topological theory concerning accessibility to consciousness, development of Freud's structural theory, 56:5077
mental maturity as process of merging positive subconscious with positive conscious & promotion by learning of values, 55:6790
psychoanalytic approach to literature, self awareness & relationship of fantasy level to consciousness level in reality, 57:7856
psychology of "Persona" vs "Anima" in Jungian theory, 54:11773
sacrificial ritual of Yoruba tribe & rituals as conscious wishes for hope, implications for psychoanalytic theory & treatment, 58:3199
vehicular theory of consciousness & paradoxes of self deception, 58:6557

Consciousness Disturbances [See Also Autohypnosis, Delirium, Hypnosis, Insomnia, Narcolepsy, Place Disorientation, Sleep Disorders, Sleep Talking, Sleepwalking, Somnambulism, Suggestibility, Time Disorientation]
abnormalities of consciousness, suicide, 54:5523
causes & differential diagnosis, twilight states in children & adolescents, 54:11905
delirious & toxic confusional states as atropine-like psychoses induced by anticholinergic component of psychotropic drugs vs withdrawal of alcohol or drugs, 53:7757
diagnostic problems, temporal clouding of consciousness, 55:9983
experienced qualities of reality, 66–90 yr old demented patients with clear vs disturbed consciousness states, 58:1430
levoasparaginase treatment of acute leukemia, psychiatric symptoms, adult patients, 54:3672
negative & positive structures of consciousness, classification of acute & chronic mental illness, examination of H. Ey's approach, 53:7598
out-of-body experiences, review of cases, 53:6513
perceptivity & reactivity, disturbed consciousness during brain trauma, psychiatric patients, 53:3516
performance tests & polygraphic study under restricted sleep time vs ad lib sleep, male patients with hypersomnia syndrome & history of automatic behavior, 54:5422
psychodynamic background & triggering factors & reactions, 35-yr-old male with episodic disturbances of consciousness & twilight states, 53:1340
reliability & value, differential diagnosis of clinical symptoms of disturbed consciousness states, demented & schizophrenic & nonpsychotic patients vs patients with consciousness disturbances, 54:11935
stimulus overinclusion, hospitalized acutely ill psychiatric patients, 53:5575

Consciousness States [See Also Attention, Awareness, Divided Attention, Monitoring, Selective Attention, Vigilance, Wakefulness]
achievement of deep physical relaxation vs low frequency alpha brainwaves via biofeedback, alpha subjective reports, college students, 57:12089
affective imagery, approach to transpersonal consciousness, techniques for use in higher education, 55:5479
age-regression to birth process in hypnosis, sequential head & shoulder movements, 53:7816
aims & methods of psychophysiological research, 54:11118
alcohol & drug abuse model based on altered states of consciousness, implications for treatment, 56:6195
alterations in state of consciousness, analytic topoencephalogram changes, schizophrenics & psychopaths, 54:11926
altered states of consciousness in psychoanalysis, 55:2598
altered states of consciousness induction device, depth of hypnosis, 53:6509
altered states of consciousness, effectiveness of Gestalt therapy techniques, 54:5802
altered states of consciousness, theoretical approach to psychopathology, 56:8088
altered states variables, prediction of death anxiety, college students, 58:3394
analysis of actor E. Kean in J.-P. Sartre's drama "Kean", meaning of consciousness, 55:497
anesthesia & consciousness levels & access to primal pain, primal therapy, 58:1569
application of scientific method within altered states of consciousness, creation of state-specific sciences, 58:8850
Arica exercises & theory, incorporation into psychotherapy, 57:10743
assessment of categories of time & space with variables of age & perimeters of intimacy & relationship to health & fuller functioning, nature of healthy consciousness, Ss varying in commitment to transcendent & religious & spiritual disciplines, 55:7247
auto- vs heterohypnosis, subjective & behavioral differences, males vs females, implications for hypnotherapy, 57:2512
awareness of unconscious, Freud & writings of Breton, 55:11238
basic postulates of "state" psychology, 56:3173
biological awareness as state of consciousness, biofeedback communication system, 56:7275
body image as dependent upon ego & relationship to environment, representation of subjective & objective awareness & conscious & subconscious, 53:7418
brain & perception & memory & other psychological processes, consciousness, 56:9264
bridging science-values dichotomy & recent developments in concept of consciousness & mind-brain relations, 58:10777
cerebral dominance & consciousness development, discussion of R. W. Sperry's studies, 57:2632
cerebral frontal & temporal lobectomies & occipital & parietal lobectomies & brain stem lesions, behavior & consciousness, 54:517
cerebral ischemia, sleep-waking cycle, rabbits, 55:6462
cerebral lateralization, separate modes of consciousness, 54:2391
classification scheme of phenomena ranging from out-of-body experiences to dream experiences, 56:5072
completion of humanity through acquisition of new levels of consciousness, creative & self knowing control of life, 55:5871
component parts & developmental aspects & structuring of knowledge & levels of consciousness, learning & creative process, comparison of psychological theories, 55:6771
components of socialization for trance, Balinese, 55:6902
concept of conscientizacao, measurement of magical & naive or critical consciousness & validation of protocol collection instrument & coding system, Ecuadorian Ss, 58:10834
concept of consciousness & analysis of personality theory of G. Allport, reply to C. M. Allwood & T. Wikstrom's criticism, 56:9959
conscious concentration vs visualization, psychokinesis tests, 54:4511
conscious desire expressed during therapy, relationship to remembered latency period, fantasy & delusion during psychotic period, clinical observations, 55:2605
conscious wish to change self–ideal-self trait discrepancy, dream reports rated for target trait, college students, 53:1177
consciousness & objectivity, psychoanalysis, 55:2620
consciousness alteration experiences, fear of death, graduate students in religion vs psychology vs psychedelic drug users vs Zen meditators vs Tibetan Buddhists, 57:5874
consciousness controversy in behaviorism, book, 53:8579
consciousness level, right- vs left-brain-damaged patients, 56:6241
consciousness state induced by transcendental meditation, salivary electrolytes & protein & pH, 53:8917
consciousness vs unconsciousness of hidden answers, clairvoyance on academic examination, college students, 56:1573
critical evaluation of structuralism & psychoanalytic theory & consciousness, 54:8137
criticism of use of term "altered states of consciousness", 54:8653
deja vu as regression to early ego development, 58:3736
delta-9-trans-tetrahydrocannabinol vs N,N-dimethyltryptamine, altered states of consciousness, 58:2985
development of theoretical system of thought motivity as process of differentiation & integration of events as reflected by outcomes produced in brain, 56:8916
dipropyltryptamine-assisted counseling, emotional distress & guilt feelings & fear of death & peak experiences, terminal cancer patients & their families, 58:3701
disturbed state of consciousness & psychosis, definition of concepts, 54:9822
ecstatic pentecostal experience of altered consciousness, 53:10013
EEG amplitude analysis of invariability & sleep vs awake states & perceptual deprivation & field dependency & cortical overarousal, schizophrenics, 53:5582
encounter with death & life-threatening danger, interpretation of experienced depersonalization, survivors, 57:3352
experienced qualities of reality, 66–90 yr old demented patients with clear vs disturbed consciousness states, 58:1430
exposition & operation & interaction & repression, levels of consciousness & primal man, book of papers, 57:5009
field independence/dependence, report of electrosone 50-induced altered states of consciousness, college students, 55:11712
field theory of awareness, 57:2526
flashbacks or remembrance of things present, state- & stage-bound nature of consciousness, 58:11042
fluctuations between silence & verbalization in transitional states of consciousness, relationship between REM awakening & free association in psychoanalysis, 53:8011
forms of consciousness, paradox of self deception, 55:814
fundamentals of K. Wilber's "spectrum of consciousness", applications to & insights into Western psychology & psychotherapies, 57:4656
healthy & unhealthy factors composing mental states & aims of classical Buddhist psychology, 57:4629
humanistic usage of modern communications technology, formation of person's consciousness as preventive medicine, public health implications, 54:3071
hyperempiria as new altered state of consciousness induced by suggestion, 56:1837
hypnagogic & meditative & psychotoxic consciousness modification, creative process stimulation, 53:283
hypnosis or similar altered states of consciousness, pre-Columbian America, 57:3056
hypnotic vs hyperempiric induction procedures, alteration of conscious experience as measured by Harvard Group Scale of Hypnotic Susceptibility scores, college students, 56:7279
hypnotically-induced altered state of consciousness, activation of latent creative potential, 58:397
hypotheses relating consciousness & physical reality, 58:4850
impulsive acts & confusional states during incomplete arousal from sleep, criminological & forensic implications, 54:5521
individual attitudes toward death & consciousness & immortality, book, 57:1260
internal control systems of consciousness & "automatic pilot", inference of characteristics of each system based on contrasts between conscious & unconscious functioning, 58:398
internally directed body oriented & emotional & feeling component & externally oriented here & now consciousness, levels of consciousness existing in sleeping & waking states, 54:4623
interpersonal functional unit & physics, theory of victimization, 54:1399
introspective sensitization, elicitation of unusual subjective reports, college students, test of psychedelic model of altered states of consciousness, 56:7280
knowledge vs needing to know vs knowing, transformations during long distance running, 55:1900
location of consciousness in human brain, 58:6990
loss of reality oriented problem solving consciousness & similar outward manifestations, patients undergoing primal therapy vs psychotics, 54:5458
materialism, philosophical analysis of consciousness, 54:9709
metamodel construction, science of consciousness, 53:295
morality in levels of consciousness & as societal control, aims of primal therapy, 54:5762
motivation & consciousness expansion, drug use, adolescents, 53:2974
music used as projective technique, self understanding through states of consciousness evoked by music, patients, 57:13151
myth & meaning, C. Jung's concepts of consciousness expansion, book, 53:9628
neural process, nerve impulse traffic across forebrain commissures into consciousness, 57:569
neuroanatomical substrates of consciousness, implications for psychosomatic medicine, 56:7399
neurological & psychophysiological & clinical differentiation, autonomic control & alpha vs theta altered states of consciousness, implications for psychosomatic medicine & instrumentation of altered states of consciousness & biofeedback based psychotherapy, 57:621
neurophysiological aspects, consciousness states produced during Zen & Yoga meditation, reply to G. K. Mill's criticism, 53:4585
neurophysiological aspects, consciousness states produced during Zen & Yoga meditation, criticism of E. Gellhorn & W. F. Kiely's theory, 53:4591
neuropsychological approach & structural & functional capacity of brain, stages of consciousness, 53:2516
neuropsychological servosystems & consciousness & problem of embodiment, 57:5121
nitrous oxide inhalation, encoding & decoding of connected discourse with variation in semantic context vs syntactic constraints & task complexity, 20–29 yr old male US Navy corpsmen, 56:311
nonattention & contemplation states, spontaneous experiences, 55:822
non-drug-induced altered states of consciousness used with interior reflection & behavior modification, recidivist rate, borderline recidivist offenders, 55:7772
nonverbal mode of consciousness related to right cerebral hemisphere, learning to pray, 55:6944
normal or altered state of consciousness, act of murder, convicted murderers & other offenders, 56:2497
operative intentionality concept of M. Merleau-Ponty, 56:5100
paranormal phenomena & altered states of consciousness commonalities, 58:2421
parapsychological approach to mediumistic states, 57:2148
patient's perceptual registration of analyst outside of awareness, analysis of patient's dream, 58:5779
patterns of alcohol use & induction of altered states of consciousness, Admiralty Island natives of Melanesia, 54:9451
perceptual prototype of altered states of consciousness, positive & negative consequences & view of acute schizophrenia based on elements of prototype, 57:12926
personal & transpersonal or transcendent psychotherapy & human consciousness, 54:5756
personality & cognitive correlates, daydreaming & stream of consciousness, 54:8826
personality & perceptual correlates, awareness & accuracy of perception of physiological change, 56:305
phases of consciousness & symbols of archetypes, individualization process, 57:3305
phenomenological framework, mythological experience & contemporary consciousness, 58:11047
phenomenology & modality & techniques & results, transpersonal inspiration & psychological mountain-climbing, 57:5003
phenomenology of consciousness change, heroin & methylenedioxyamphetamine users, 57:9901
philosophical analysis, psychological & ontological & religious significance of altered states of consciousness, 55:1734
philosophy of self, analysis of W. James's "Principles of Psychology", 55:11224
physiology of meditation & mystical states of consciousness, 58:4844
process nature of inner space, states of consciousness based on archetypal scripts of particular knowledge, 57:12098
psychenaut program, development & use of Altered States of Consciousness Induction Device & realization of human potentials, 57:7150
psychiatric characteristics, persons haunted by poltergeist, Peru, 54:5470
psychoanalysis vs meditation, altering states of consciousness, 55:2570
psychological & physiological aspects of hypnagogic state, review of literature, 56:7284
psychometric & diurnal & electrophysiological correlates of bodily activation level, college students, 56:7276
qualitative study, prolonged positive states of being, 20–40 yr olds, 58:11730
quality of communication, occurrence of peak experiences, Ss in small intensive groups, 55:10312
quality of trance behavior during cult & threatening vs neutral content of memory material, differential recall, Yucatan crisis cult, 56:5875
questionnaire development, assessment of altered states of consciousness, 55:1767
reason & intuition as approaches to knowledge & consciousness, book, 55:9002
recall & length & dreamlike quality & intensity of preawakening mentation in sleep stages 2–4, human males & females, 53:192
responses to phenomena in intensive care unit, consciousness levels, school age children hospitalized for heart surgery, 57:1760
ritual trance, alteration of CNS mechanisms & psychophysiological effects, 56:179
sadness-arousing film viewing, activation of intrusive & repetitive thought, college students, 55:216
scientific exploration of transformation of consciousness in religion & supernatural, 54:6895
scientific process & goals of transcendental meditation, 57:9560
self induced depersonalization occurring during waking consciousness, recommendations for psychiatrists, 57:8399
sex & self esteem & personality needs, conscious & preconscious sexual motivation & behavior, college students, 55:9646
sleep stages during transcendental meditation vs during naps, EEG, 20–30 yr old males, 55:11519
spectrum-correlation analysis, alert vs awake vs somnolent patterns in neocortex spontaneous electric activity, dogs, 57:5128
spiritual rebirth process, suicide survivors, psychotherapeutic implications of egocide, 58:7711
state selection procedures in speech discrimination studies, infants, 53:7055
stimulus overinclusion, hospitalized acutely ill psychiatric patients, 53:5575
subjective & experiential elements, perception & perceptual imaginal awareness, 53:2211
subjective vs behavioral data, study of alcohol & alterations in consciousness, 53:6822
suggestion experience set & degree of enhancement of occipital alpha strength, likelihood of alpha experience during brief alpha training, male vs female unpaid volunteers vs Ss required to participate, 57:5218
survey of possession trance states & accompanying psychodynamic syndromes, semi-urban population, Sri Lanka, 57:5020
systems approach, basic nature of altered states of consciousness, 57:9569
systems approach, study of states of consciousness, book, 56:5352
techniques of achieving Kundalini, book, 54:9441
telepathic & mystical extra-ordinary experiences during trained trance state, 2 cases, 53:284
theory of images as forms of false consciousness, 55:3446
"tip of the tongue" and "don't know" states, letter serial position effect in letter detection from inaccessible word, 55:6104

transcendental meditation & yoga & Zen, states of human realization & physiological correlates, 53:10694
transpersonal concentric mapping of consciousness, 54:8667
ultradian & circadian variations in conscious awareness, biorhythmic variations, literature review, 55:6410
unconscious behavior modification, pupils & teachers, 53:12406
use of Cheops Pyramidal Form in meditation, alpha & theta production, 57:9563
volitional activity of sum of observer-participators, random behavior of particles in Brownian motion, 54:8670
yoga & states of concentration, psychological & therapeutic & anthropological implications of recent medical research, 54:10787

Conservation (Concept)

ability to conserve discrete quantities, use of English conjunction structures, kindergartners, 58:7222
ability to conserve in Piagetian tasks, mathematics achievement, 3rd graders, 55:5577
ability to conserve length, development of size concept, conserving vs nonconserving young children, 56:2147
absence vs presence of concrete to abstract stimulus attributes & anticipatory imaging ability, cognitive performance on Piagetian conservation tasks, primary school age children, 57:12507
accidental vs intentional transformation by E, length & number conservation task performance, 4–6 yr olds, implications for standardized Piagetian tasks, 55:9442
acquisition of concepts of conservation of matter, black adolescents, 53:11409
acquisition of identity conservation & equivalence conservation & compensation, kindergartners & 1st & 2nd graders, 55:4229
actual substance vs photographs vs line drawings vs verbal descriptions as presentation mode, ability to conserve, elementary school students, 54:11385
age & sex & intelligence measurement, conservation of weight, gifted vs nongifted 9–12 yr olds, 58:3086
age & sex & middle vs lower class status, conservation of continuous quantity, kindergartners, adaptation of Piaget's study, 57:12536
age & sex & socioeconomic status & testing conditions, conservation of weight vs mass vs volume, 4–8 yr olds, 58:7226
age & sex & task characteristics & scoring, gap in Piagetian conservation tasks performances, lower vs middle class kindergartners through 2nd graders, 57:12533
age & sex, conservation status, elementary school children, US vs Libya, 58:9268
age, appreciation & comprehension of conservation & nonconservation jokes, 50–59 vs 60–69 vs 70–99 yr olds, 57:5608
age, performance on tasks of haptic perception & conservation development, congenitally blind vs normally sighted blindfolded vs nonblindfolded 2–12 yr olds, application of Piaget's theory of cognitive functioning, 56:924
age, retrogression of Piaget's developmental stages, female 20–94 yr olds, 55:2169
age-related variation, topographical evaluation of numerical quantity, nonconserving 2–5 yr olds, 55:6744
analytical assessment & hierachical training, conservation of nonmetric liquid volume, kindergartners & 2nd graders, 56:7656
body parts, readiness in number conservation acquisition, preschoolers, 53:7023
cardinal-ordinal ability & conservation vs nonconservation of number & attentional preferences for stimulus dimensions, kindergartners & 3rd graders, 57:7950
chronological age &/or developmental stage, conservation acquisition, kindergartners, 53:4888
city vs rural environment & sex & age, cognitive development as shown by Piaget's tasks of conservation, 6–10.5 yr olds, Kenya, 57:5559
classification & seriation operations with problems concerning inanimate objects & social events, female 60–120 mo olds, 54:807
classroom instruction, development & retention of basic mathematics concepts, prekindergarten students from low socioeconomic background, 58:12539
cognitive conflict created by social interaction, performance on conservation of length task, 6 yr olds, 57:5558
cognitive conflict vs reversibility vs cognitive conflict-reversibility treatment, conservation of continuous quantity, 5 yr olds, 58:11448
cognitive development, differentiation of perceived from ideal self concept, 5–10 yr olds, 56:2113
cognitive development stages & concepts of physical development, concepts of where babies come from, 3–4 vs 7–8 vs 11–12 yr olds, 57:898
cognitive style, intellectual maturity & conservation ability, 1st grade boys, 55:11986
cognitive style, susceptibility to alternate forms of conservation training, kindergartners, 55:4289
community placement on demographically defined scale of manual-automated environments, conservation performance, 1st & 2nd graders, 57:982
comprehension of deformations of liquid, 4–8 yr olds, 58:5129
concept attainment & Piagetian conservation tasks, educational implications, 53:11411
concept of units in length & weight & quantity of water, 6–10 yr olds, 54:11381
conceptual structure of measurement of length, normal & learning disabled 1st graders, 58:9725
conservation & class inclusion & seriation & ordination & reordering & transitivity of length & multiple classification tasks, interrelationships & implications for Piagetian hypotheses of cognitive growth, 2nd graders, 55:6730
conservation & intelligence & reading readiness, prediction of reading achievement, 1st graders, 54:1899
conservation & language development, 53:11414
conservation & self concept development & role of training, 5.5–8 yr olds, 55:6696
conservation & seriation & classification abilities, mathematics achievement, male vs female 4–8 yr old Nigerians, 56:7664
conservation & seriation & classification abilities, acquisition of mathematics achievement, male vs female Nigerian 4–8 yr olds, 58:12617
conservation & transitivity of number & length & liquid amount & weight, Ss with mean age of 6.78 yrs, 57:959
conservation & verbal conceptualization ability & age & subjective responsibility, conceptions of psychological causality & relationship to intentionality in moral judgments, 6–12 yr olds, 56:5831
conservation ability, anticipation of result & occurrence of transformation involving static & moving figures, kindergartners & 1st graders, 58:9289
conservation capability, academic achievement as measured by Iowa Tests of Basic Skills, 5th & 7th graders, 58:4312
conservation, classification & seriation, 1st graders, 55:9473
conservation development, deaf 5–18 yr olds & normal 5–10 yr olds, 57:1467
conservation level, category clustering in recall task, elementary & junior high school students, 56:7640
conservation of continuous quantity, application & evaluation of 3-stage task mastery model, nursery school & kindergarten children & 1st graders & adults, 57:2930
conservation of length & area abilities & positioning of manipulative straws in teacher presentation & student use, achievement & retention in addition, 1st graders, 57:13763
conservation of length & volume, Canadian Indian vs white 7–8 yr olds, 55:6720
conservation of length, susceptibility to Mueller-Lyer illusion, 6 vs 7.5 yr olds, 54:9357
conservation of number & mass & continuous quantity development, 5.4–7.7 yr old kindergartners & 1st graders, 53:9276
conservation of number, prerequisite skill for arithmetic instruction, 4–6 yr olds, 55:6781
conservation of number, 8–16 yr old retardates with MAs of 2 yrs 9 mo to 4 yrs 9 mo, 56:891
conservation of numbers, judgment of length, children, 53:2849
conservation of numerical totalities, relation to conservation of continuous quantities, young children, 55:2180
conservation of weight & sensorimotor development, 6–21 mo old infants, 55:6780
conservation of weight acquisition, blind 6–14 yr olds living at home vs in institutions vs sighted Ss, 53:5701
conservation of weight in self & other humans & nonhuman objects, 2nd and 3rd graders, 53:873
conservation of weight task performance, motorically handicapped 7–22 yr olds vs 5–14 yr old normals, 56:4311
conservation of weight training in 1st language & testing in 2nd, concept acquisition, 5 yr olds bilingual in English & Malay or Chinese, Malaysia, 57:941
conservation of weight, 10–19 yr old emotionally disturbed inpatients, 55:7274
conservation, schooled & unschooled Meru 8–14 yr olds, Tanzania, implications for methodological deficits in previous research, 58:854
conservation task acquisition pattern & relationship to intelligence, 6–8 yr olds from low income background, 58:3127
conservation task, comprehension of quantifiers "all" and "more," 3–5 yr olds, 55:526
conservation training, school readiness, kindergartners, 53:12413
conservation vs set theory training approaches, acquisition of conservation of number & conservation related skills, lower socioeconomic status 4–5 yr olds at different developmental stages, 58:2007
conservation-type tasks, seriously disturbed noninstitutionalized children, 53:11853
conserving-nonconserving peer dyads, analysis of interactions during resolution of different answers on conservation tasks, 2nd graders, 57:7973
contextual cues, conservation task performance, 1st graders, 57:2953
coordination of actions between Ss vs working alone, task performance involving spatial coordination & acquisition of conservation, 5–7 yr olds, 58:3093
correct vs incorrect explanation of ruler length given by model, conservation of length, children, implications for role of social interaction in cognitive development, 57:7939
correlation among performance on measures of conservation & perceptual decentration & intelligence & reading achievement, 1st graders, 58:10430
cross cultural research model, development of conservation, 58:4572
cultural differences & age, conservation of length of 2 staggered horizontal poles, 5–11 yr old schooled urban French Canadians vs 6–16 yr old schooled vs unschooled rural Rwandese children, 54:7336
decline in concept conservation abilities, 65–83 yr old institutionalized vs community resident males, 55:1157
development of conservation & measurement concepts, 1st & 2nd graders, 56:2134
development of group film test, Piagetian concept of conservation, 1st–6th graders, 54:10674
development of seriation & conservation abilities, Black vs White retarded 11–15 yr olds, 58:1372
developmental differences, understanding proportions vs formal operations, 1st vs 3rd vs 5th graders vs college students, 57:905
developmental order of spatial concepts of conservation of area & distance & concept of horizontality, 1st & 3rd & 5th & 7th graders, Tanzania, 56:3836
developmental sequence of skills leading to conservation, male vs female kindergartners, 57:12549
direct contact in classroom vs videotape presentation of children's responses to Piagetian conservation tasks, preservice teacher training, 58:12377
discrimination & reversibility in conservation, 5 yr olds, 56:498
discrimination learning set training, control of conservation response, conserving vs nonconserving 5 yr olds, 55:2176
discrimination learning vs verbal rule method, conservation, educable mentally retarded children, 56:4903
discrimination training on number vs length vs number & length problems, number & length conservation, preschool age children, 57:2967
E expectations of results, early conservation of number, 2–4 yr olds, 57:7955
early conservation measured in kindergarten, prediction of later reading, 54:2695
early conservation of number, prediction of arithmetic achievement, 1st graders, 55:5547
egocentrism altering treatment, conservation ability, children classified as nonconservers vs transitional conservers, 58:3088
elaborative prompt condition & cognitive developmental level, performance of addition problem, kindergartners, 58:9266
emotional adjustment & sex, conservation performance, normal vs institutionalized emotionally disturbed 12 yr olds, support for interdependence of affective & cognitive development, 57:8396
empirical evidence of nonconservation of discontinuous quantity & weight, concrete operational 4–10 yr olds, 53:9285
enriched vs restricted school experience & sex & socioeconomic status, conservation attainment, Orthodox Jewish 1st graders, 57:6791
ethnic origin & urbanization & schooling, perception & conservation of length, French Canadian & Rwandese 6–15 yr olds, 56:9686
existence or nonexistence of ordered hierarchy in successful completion of selected Piaget-type conservation tasks, formation of thought patterns characteristic of adults, general education physical science college students, 58:2104
experimental methods, development of identity & equivalence conservation, review, 54:11383
eye movements, Piagetian conservation task performance, nonretarded & mildly retarded elementary school students, 53:9913
field dependence & independence, conservation of mass & weight & volume, 1st & 3rd & 5th graders, 56:493
generalizability, Concept Assessment Kit-Conservation, 1st graders, Canada, 58:4616
grade & sex & socioeconomic status & scholastic aptitude & school achievement, formal operations attainment, 7th–9th graders, 55:2193
group training in imaginative play vs extra free-play activity vs control, social role conservation & understanding of kinship relation & imaginativeness of free play, kindergartners, 58:766
height & diameter cues, volume conservation, 7–8 yr old conservers vs nonconservers, 53:11401
height- & volume-reversal judgments by inversion, 3- vs 4- vs 5-yr-old nonconservers, 53:4903
home environment & age, conservation & classification & role taking abilities & verbal egocentrism, 7–9 yr olds in rural environments, Hungary, comparison with Norwegian children in M. Hollos & P. A. Cowan's study, 57:7953
home location & differential schooling, logical thinking & reading achievement & conservation, 2nd & 4th graders, 58:12603
identification of factors of intelligence associated with solution of Piagetian liquid conservation task, 6 & 7 yr olds, 57:7984
identity & measurement & real-phenomenal hierarchically ordered training, acquisition of conservation by transfer, kindergartners, 57:4319
identity-equivalence decalage in Piaget's conservation problems, 4 vs 5 vs 6 yr olds, 57:906
Illinois Test of Psycholinguistic Abilities & Concept Assessment Kit—Conservation, psycholinguistic & conservation abilities, 5 yr olds entering kindergarten, 55:1608
imposed response latency vs impulsive responding on Piagetian tasks of conservation & class inclusion, performance quality, middle & lower class 1st & 2nd graders, 56:2150
increased S involvement, conservation of number & liquid, 2nd graders, 53:7044
increased teacher support in instruction, improvement in acquisition & conservation of substance, preschoolers, 57:9036
individual differences in adaptive coping, numerical conservation understanding, kindergartners vs 1st vs 2nd graders from low income Mexican American families, 58:11472
induced subjective uncertainty & M space & cognitive style, responsiveness to conservation training based on M. Lefebvre & A. Pinard's conflict procedure, 5–8 yr old nonconservers, 58:5127
instruction in volume formula for rectangular parallelepiped, development of conservation of volume concept, 5th graders, 56:6713
instruction on length relations, classification & seriation & transitivity performances, 1st vs 2nd graders, 56:4768
instructions to pick wanted row of candies vs "which row has more" questioning, nonverbal assessment of conservation of number, kindergartners, 57:7974
intellectual development, schooled & unschooled 8–14 yr old Meru children of Tanzania, implications for cross cultural validity of Piaget's theory, 55:11980
intelligence, concrete & formal operations, very bright 6–11 yr olds, 53:7057
interpretations of conservation expression instructions, 5 yr olds, 54:11416
IQ & MA & vocabulary & reading & arithmetic achievement, performance on Concept Assessment Kit-Conservation test, 21–55 yr old institutionalized mentally retarded adults enrolled in basic education program, 58:6384
joke vs story &/vs real event presentation of weight conservation incongruity & rate of fantasy & joke cues, ratings of incongruity surprise & humor & realistic possibility, conserving 5th graders vs nonconserving 3rd graders, 54:9313
judgment of playing time of printed musical passages, conservation of indicated rhythm, 8–16 yr old piano pupils, 58:7227
knowledge of conservation, immediate & short & long term recall of videotaped children's conserving vs non-conserving judgment of length, 4–7 yr olds, 57:7995
language & cognitive development based on Piagetian concepts, 53:9266
language & familiarity with clay, performance of tasks involving conservation of weight & quantity, Tzeltal-speaking Indian 6–13 yr olds, Mexico, 57:12545
language & manipulation & demonstration, acquisition & retention & transfer of conservation, 1st graders, 53:7041
language abilities & verbal vs nonverbal problems, development of understanding of number conservation concepts, 4.5–7 yr olds, 58:880
language development pattern, operational level of thinking, children, 54:9341
language, relationship between discrimination learning & conservation task behavior, 7 yr olds, 56:5256
language usage & role playing ability & concept conservation, 5–6 yr olds, 54:7214
learning set procedure incorporating substance conservation & subordinate concepts, accelerated conservation on acquisition & IQ gains, blind 8–13 yr olds, 56:3029
learning set training procedure, concept formation, blind vs sighted 5–6 & 8–13 yr olds, 55:4925
left-right concept acquisition & conservation, 3–4 yr olds, 57:7997
length conservation & speed concepts, organizational disequilibrium training between concepts, middle class Israeli 6–7 yr olds, 54:9354
"less-more" training, "less" comprehension & conservation performance, kindergartners, 57:2917
level of redundancy & number of equational steps in conserving operations, speed & errors in card-sorting & coding tasks, 7–8 yr old good conservers vs poor conservers & nonconservers, 57:337
linguistic subsystems & concrete operations, developmental cross cultural comparison, Geneva data results vs 1st–3rd grade Greek-English bilingual vs English monoglots, Australia, 57:2965
MA & readiness & creativity & conservation, academic achievement prediction, 1st graders, 55:13310
MA vs CA, perceptual decentering, educable mentally retarded vs normal children, 58:11927
memory aid, qualitative & quantitative & equivalence conservation judgments, 4 & 5 & 6 yr old males & females, 54:5012
mental age level, conservation of weight, institutionalized mentally retarded, 53:9884
mental age vs sex vs vocabulary vs chronological age vs IQ, conservation of volume scores, 10–13 yr old American black students, 55:6725
mental capacity & conservation task type, conservation reasoning ability, 4–6 yr olds, 57:946
methodological problems of task validity & horizontal decalogue & inference criteria, testing volume conservation task, 56:32
milieu & schooling & age, conservation ability, 6–7 & 8–9 & 11–13 yr olds & Ss over 18 yrs from rural & urban Nigeria, 53:2871
mixed-age grouping, standard conservation task performance, British vs American 5–7 yr olds, implications for organization of classrooms & schools, 57:6745
modeling &/or reversibility cues, acquisition & retention & generalization of conservation of length, 4 yr olds, 54:9360
multi-age vs same-age grouping, spatial egocentrism & cooperation & relationship to conservation development, 5–7 yr olds in US vs England, 57:11463
nonreinforced practice on conservation of quantities, conservation of large & small quantities, kindergartners, 54:7230
number conservation criterion, emergence of number concept from ordination to natural number to cardination, kindergartners & 1st graders, examination of C. J. Brainerd's findings, 55:4228
number of objects & nonlinear vs linear arrays & arrangement of harder & easier trials, facilitation of attention to number & conservation of number & density & length, kindergartners vs 3rd graders, 57:7972
observational learning of quantity conservation & Piagetian generalization tasks, 1st graders, 56:7627
participation vs demonstration of counting & motor behavior as training methods, conservation of number, nursery school age children, 57:9992
peer modeling vs social conflict over problems, gains in acquisition of conservation, nonconserving 6–9 yr olds, 57:5514
peer tutoring, facilitation of learning using conservation of substance as measure, male 1st & 2nd graders, 55:1395
perceptual salience, problem solving tasks requiring cognitive operations associated with conservation problems, 3rd graders & college students, 55:6787

perceptual support for correspondence, provoked vs spontaneous one-to-one correspondence in conservation of number conditions, kindergartners, 56:5793
perceptual supports, facilitation of conservation of number, 3–5 yr olds, 54:810
perceptual vs conceptual judgments of relative lengths of lines, 5 vs 8 yr olds vs adults, discussion of Piaget's & Taponier's views, 55:11990
perceptual/attentional training, eye movement patterns & conservation task performance, mildly retarded elementary school children, 56:4895
perceptual-motor skills & conservation ability, school readiness, kindergartners & 1st graders, 53:842
performance on conservation & transitivity tasks, preference for visual vs auditory learning modality, 2nd graders, 55:11929
performance on Piagetian liquid conservation task & reading achievement, 7 yr olds, development of predictive validity, 58:2266
Piaget-based vs traditional preschool curriculum, verbal IQ & MA & seriation & conservation, disadvantaged children, Canada, 56:4790
Piagetian assessment, conservation skills, gifted vs average 1st graders, 55:11039
Piagetian concept applicability, physical conservation, 6–18 mo old, 53:7034
Piagetian conservation task success, performance on concept attainment problems, 2nd graders, 56:2156
Piagetian number concept, arithmetic achievement, normal vs mentally retarded vs congenitally blind 6–10 yr olds, 58:7637
Piagetian number concept development & transition from nonconservation to conservation of quantity, 5–7 yr olds, book, 53:4908
Piagetian stage of intellectual development, complexity preferences, male & female 6th graders, 56:3848
Piagetian task performance, arithmetic achievement, 1st graders, 55:3130
Piagetian tasks vs WISC, measurement of mental retardation, educable retarded 7–14 yr olds, 53:12527
Piaget's provoked & spontaneous correspondence tests, number conservation, lower & middle class preoperational children, 54:802
preconcepts of conservation of weight & voluminosity & density, children, 55:11928
preferred learning materials, transfer of learned conservation of number skill, white & Oriental 5 yr olds, 56:3842
presentation sequence of Piagetian area tasks & age & sex, correlation between area conservation & area measurement task performance, 1st–3rd graders, 58:9311
quantitative invariance development, empirical test of alternative claims by P. E. Bryant & Piaget, 3–4 yr olds, 57:7960
rectangle dimensional salience, judgments of bigness, 3 yr olds, 57:7923
relationship between reading achievement & performance on Piaget's conservation tasks, beginning 2nd graders, 58:2113
relationships between Piagetian conservation tasks & selected mathematic skills, 1st vs 2nd vs 4th vs 6th graders, 57:8000
reliability & factor composition of Concept Assessment Kit-Conservation, 6.25–7.25 yr olds, 58:104
residence & socialization & educational level, cognitive conservation tasks, aged residents of dependent care facility, 53:7127
resistance to extinction of Piagetian concepts, methodological differences, 58:8805
reversal & problem diagnosis training, inducement of weight conservation, kindergarten boys, 55:5511
reversibility, conservation on Piagetian tasks & reading readiness, 1st graders, 54:9328
rewards, responses in making transitive inferences, 5 yr olds, 55:11940
role of language, conservation development, deaf children, 54:12105
role taking ability & egocentricity & cognitive complexity & conservation, relation to behavioral measures of altruism, 7 & 11 yr olds, 56:476
sensitization to concept of conservation by pretest survey, amenability to incorrect hypothesis in conservation of weight, college students, 55:1817
sensory deprivation & impoverished environment, development of conservation of liquids, rural vs urban normal vs deaf mute 6–13 yr olds, 58:11958
sex differences & postgraduate studies, weight & volume conservation, postgraduate students, 56:9164
sex of E, observed sex differences in conservation acquisition, 1st graders, 58:5155
single & multiple training strategies, grouping-conservation framework on far transfer, children, 55:9396
social isolation, development of logical operations & role-taking abilities, 7–9 yr olds from rural Norway, 53:862
special training vs natural conditions, acquisition of conservation concepts, kindergartners & 1st & 2nd graders, 53:2847
spelling strategies & word spelling demands, cognitive development measured by Piagetian concept of decentration, 1st–4th graders, 58:9316
standardized measure of conservation, prediction of reading comprehension, 1st graders, 57:11550
stimuli & order of presentation & sequence, number conservation, kindergartners & 1st & 2nd graders, reanalysis of methodology used by J. V. Kahn & M. Garrison, 57:356
stimuli significance & socioeconomic status, conservation of number, lower & middle class educable mentally retarded, 54:1418
stimulus differentiation training with vs without feedback, hypothesis sampling systems, preoperational vs concrete operational kindergartners, 56:495
stimulus dimensions, conservation of substance, kindergartners, 53:877
stimulus distortion, Piaget's conservation of number paradigm, normal & educable mentally retarded kindergartners & 1st graders, extension of discrimination-learning theory based on stimulus intensity as mechanism of cognitive development, 53:876
subsistence economy, conservation-of-mass task performance, 7–13 yr olds in agricultural vs herding culture, Kenya, 56:3900
substitution of verbal descriptions for materials, conservation & classification task performance, 4th vs 6th grade females, 57:5542
syntactical comprehension & conservation of weight & substance, disadvantaged black 7 yr olds, 55:9424
synthetic judgment, acquisition of conservation concept, kindergartners & 1st graders & mentally retarded children, 53:2869
systematic variance in number & type of perceptual cues using screening technique, conservation of liquid quantity task performance, kindergartners vs 1st graders, 57:2941
teaching operational concepts, school achievement, children, 53:12400
theoretical & methodological difficulties, experimentally induced conservation, 53:2864
training & generalization of conservation of area & weight & volume, disadvantaged black adolescents, criticism of A. E. Lawson & F. H. Nordland's explanation of failure, 54:9330
training & generalization of conservation of area & weight & volume, disadvantaged black adolescents, 54:9348
training by successive approximation alone vs with verbal rule instruction, conservation of melody & cross-modal transfer, nonconserving black 1st graders, 54:6226
training employing verbal feedback contingent upon judgment responses, acquisition & transfer of transitivity & conservation & class inclusion of length, 4–5 yr olds, 57:2894
training in conservation of number, arithmetic & number conservation task performance, kindergartners, 56:4828
training in conservation of tonal & rhythmic patterns, subsequent performance, 2nd graders, 56:4757
training in one-to-one correspondence, ability to conserve numerousness, kindergartners, 55:13163
training to conserve 1 or 2 yrs prior to normal development, 3rd grade achievement, 3rd graders, 54:12567
use of negation to justify correct judgments of conservation, conservation acquisition, male 1st & 2nd graders, 58:9315
verbal vs nonverbal judgments vs explanations as response criteria & sex & age & expressive vocabulary skills, assessment of conservation, kindergartners vs 1st vs 2nd graders, 57:5555
verbal vs pictorial presentation, class-inclusion performance & number conservation, kindergartners to 6th graders, 53:4943
verbalization training via role taking within context of conservation of area, Piagetian task performance, nonconserving white kindergarten children, 55:6755
videotaped presentation of Piagetian tasks, measurement of time perception, 53:11395
visual impairment & mental retardation & emotional disturbance, conservation acquisition, 53:11827
visual memory aid, qualitative vs quantitative vs equivalence conservation, institutionalized retarded children, 58:3600
visual perceptual ability & conservation development, normal children vs educable mentally retarded Ss with MA of 7–8 yrs, 55:4858
volumetric cues, sameness-difference judgments, male squirrel monkeys, application of Piaget's theory & methods, 55:6257
year of school enrollment, seriation & classification & conservation task performance, Montessori vs traditional nursery school 4 yr olds, 58:4284
yrs of schooling in Yugoslavia vs Australia, concrete operational performance vs multiple classification task performance, 9–13 yr old Yugoslav immigrants in Australia vs Australian children, 53:9265

Conservatism
age & educational background & family history & demographics, conservative opinions, 23–66 yr old females, 53:944
age & sex & liberal vs conservative self images & parish vs nonparish clergy & Protestant vs Roman Catholic affiliation, attitudes toward sexual involvement of adults with minors, current vs former theological school students, 56:9755
age & sex, social attitudes of conservatism & radicalism & social conformity, junior & senior high school students, Japan, 58:9333
aggregate structure of social attitudes, British 17 yr olds, support for F. N. Kerlinger's theory, 55:12058
aggression & defense & social & moral & political conservatism, humor & humor appreciation, 55:9325
American vs Gusii administrator & English vs Gusii language, measurement of traditional & modern attitudes, Gusii intermediate & secondary & postsecondary school students, Kenya, 54:7376
amount of knowledge about liberalism-conservatism, organization of political belief system & positions on issues & candidates, 18–24 yr olds, 55:12153
apparent possession of characteristics antithetical to own liberal or conservative values, conceptions of harmful groups & attribution of characteristics, adults in Colorado & New Zealand & Japan, 54:9614
attitude & personality characteristics, Australian Protestant fundamentalist college students, 55:629
attitude similarity & favorableness of information, Bayesian decision making in rating of applicants for bank loan, college students, 55:1619
Bayesian decision processes, subjective probabilities in relation to conditional independence, 55:8808
comparison of cognitive conservatism & radicalism, individual vs group decision making, college students, 55:7057
conservatism & authoritarianism, childrearing practices, Australian mothers with children between 4 & 6 yrs of age, 54:859
conservatism & divergent thinking, college students in New Guinea, 54:3160
conservatism & dogmatism & machiavellianism & faith in people, acceptance of vs resistance to psychiatric hospital innovations, hospital staff, 53:1232
conservatism & racial intolerance & attitudes toward racial assimilation, whites vs American Indians, 53:5022
conservatism, reported frequency & range of sexual experiences, college students, 54:7392
conservatism, sexual experiences & reasons for nonparticipation, college students, 57:10185
conservatism toward drinking & agreement with philosophy of alcohol education, parents & students in conservative community, 58:5284
construct validation by correlation with measured personality traits, G. D. Wilson & J. R. Patterson's Conservatism Scale, college students, 53:5337
correlation with self & peer measures & measure of culture shock, convergent & discriminant validation of traditional–modernism attitude questionnaire, Thai exchange college students, 54:6579
demographics, prediction of conservatism & racial prejudice, New Zealand vs Dutch adults, 55:2253
distance from cities & utility of urban dominance constructs, attitudes toward aspects of traditional morality, Pennsylvania adolescents living on farms & in open country & small towns, 54:2950
dogmatism & conservatism & values & personality & self actualization & years in nursing education, successful job & training performance, high vs low ability student nurses, 57:11174
dogmatism & liberalism-conservatism & environmental attitudes, glass & can recyclers vs nonrecyclers at shopping center, 57:11672
dogmatism & liberalism-conservatism, prediction of attitude intensity & latitude of acceptance-rejection, college students, 54:9712
dogmatism, political & social & moral & economic conservatism, Australians, 53:7435
educational level & experience in Anglo-Chinese vs Chinese schools, modern vs traditional attitudes, young people in Hong Kong, 53:5116
emotional stability & trusting & conservativeness, attitudes toward delegation of authority, principals of large junior high schools, 57:11291
equity, formation of revolutionary & conservative coalitions in triads, male college students, 54:9608
experience of parental conservatism effects, sex roles & expectations & decision making, immigrant girls vs boys of Italian parentage, Canada, 53:9303
experimental group training, personality traits, 22–62 yr old conservative population, 56:4453
factor analysis, Conservatism Scale, children & adults, 55:8672
group characteristics & conservatism, humor appreciation of jokes reflecting aggression & defense & conservatism, groups differing in profession & political attitudes & sex & age & physical/psychological disorder, 57:10219
liberal vs conservative socioeconomic values & beliefs, 11th & 12th graders & their parents & teachers in independent vs public high schools, 55:12959
minority vs fraternity & sorority organization membership & dogmatic orientation, conservative-liberal characteristics of value positions & preferences, college students, 56:10696
open-closed mindedness & theological conservatism-liberalism & job satisfaction & dogmatism & personal orientation, Christian ministers, extension of A. C. Webster's work, 57:10111
parental attitudes toward childrearing, attitudes toward social change, adolescents, 55:647
police academy training, conservatism & dogmatism, state patrol recruits, 53:4201
predecisional information integration strategy, cognitive conservatism in probability estimation task, college students, 53:292
psychological involvement with TV, acceptance of conventional social attitudes & values, adult residents of New England town, 58:5228
relations between conservatism & premarital sexual intercourse attitudes & experience & religious affiliation, male & female college students, 54:9731
scale development, measurement of conservatism–liberalism, college student activists, 54:1141
school & grade & sex, traditional & modern attitudes, Gusii primary & secondary & postsecondary school students, Kenya, 54:7377
sex differences, conservatism-radicalism, postgraduate students, India, 56:2438
traditionalism & progressivism & authoritarianism, child placement in classes for mentally retarded, school psychologists, 55:5691
validity & immunity to acquiescent response set, Wilson-Patterson Conservatism Scale, review of studies, 54:4469
validity, Wilson-Patterson Conservatism Scale, criticism of J. Ray's discussion, 54:4478
validity, Wilson-Patterson Conservatism Scale, black & white college & graduate students & commercial business school students, 54:6587
Wilson-Patterson Conservatism scale scores & ethnocentrism, Australian mothers, 53:9365
Wilson-Patterson Conservatism Scale scores, reactions to menstruation, female college students, 53:11751
Women's Liberation Movement & perceived childhood socialization experiences, liberal-conservativeness & sex role stereotypes in attitudes & behavior, mature female students vs housewives, 55:12162

Conservatism (Political) [See Political Conservatism]

Consistency (Measurement)
attitude–behavior consistency, criticism of A. E. Liska's threefold classification of research, 53:5104
attitude–behavior consistency, reply to S. Magura's criticism, 53:5102
convergence among measures of interpersonal distance, 53:11583
differences in MMPI response consistency measure & validation of MMPI protocol measures, 33–42 yr old brain damaged vs non-brain-damaged schizophrenic vs alcoholic vs neurotic vs normal patients, 56:9973
estimates of internal consistency & reliability of 1st principal components, 58:8690
internal consistency of Northwestern Syntax Screen Test, preschoolers with normal language development vs impaired vs mentally retarded, 54:1424
MMPI scale reliabilities & correlations over 4 trials, increase of personality response consistency by prior response, female college students, 56:5190
personality pattern consistency, vocational maturity, college freshmen, 58:12790
stability & consistency & discrepancy of self concept scores obtained by test-retest method on repeated administrations, college education majors, 56:7038

Consonants
acquisition of initial consonant clusters, phonotactic development, male from age 3–5 yrs old, 58:9240
age & acoustic cues & voice onset time, perception of vocalic-stop consonants, 2 & 6 yr olds, 56:3851
age & sex & socioeconomic level, articulation of consonant sounds, 2 vs 2.5 yr olds, 53:11415
allophonic variation & phonemic similarity & phonemic order & location of clusters, phonological fusion of stop & liquid consonants, right-handed students, 56:121
auditory & visual short term memory tasks, modality specific consonant intrusion errors in recall & encoding processes, 57:4989
auditory similarity of consonants in long & short term memory defined by stimulus duration, long & short term memory performance, college students, 56:9188
auditory–visual presentation at various signal-to-noise ratio & auditory- & visual-only conditions in quiet, perception of consonant-vowel syllables, normal-hearing 20–42 yr old lipreading teacher-students, 53:10769
boundaries between voiced & voiceless synthesized labial & velar stop consonants, speech discrimination in shock avoidance situation, monkeys, comparison with human speech perception, 56:3476
consonant array length & scattered letter fragments with varying subtended visual angles as visual noise in backward masking, target recognition thresholds & disconfirmation of feature similarity assumption, college students, 57:294
consonant confusions, patients with hearing loss above 2000 Hz, 53:12024
consonant recognition using Peterson & Peterson design & recognition in immediate memory, analysis of time-course of recognition employing latency functions of signal lag, 57:7486
consonantal differences & selective adaptation, choice RT latencies for CV discrimination responses, 58:8755
consonants vs digits vs encoding categories in short term memory, educable mentally retarded children vs 5th & 6th graders, 58:11921
dichotic presentation of differing phonemes, individual differences in phonological fusion & stop consonant bias, high school & college students, 58:2650
diotic vs dichotic forward vs backward recognition masking & mask & target duration & phonetic feature composition & interstimulus intervals, consonant processing, college students, 56:9172
discrimination of brief synthesized vowels & stop consonants, developmental aphasic children, 53:11965
discrimination of voiced-voiceless distinction in natural speech, hearing impaired vs normal hearing 8–11 yr olds, 55:4892
elimination of lower case cues, vowels & consonants as targets in search of single words, college students, 53:10834
formant transitions presented forward & backward, identification of consonants, 53:4352
initial consonant & final consonant & initial consonant with vowel & final vowel with consonant & trigram reversal as cues, matching verbal stimuli within & between auditory & visual modalities, 1st graders, 54:4171
intensity differences carried on formant transitions varying in extent & duration, intensity discrimination in speech perception & psychoacoustic vs phonemic effects, college students, 57:7361
interactionist view of lexical development, syllabic structure & acquisition of consonantal phonemes from beginning of word production, 56:5769
judgment & magnitude estimates, perceptual differences among consonants, 56:9132
linguistic experience, discrimination of voicing differences in stop consonants in English vs Kikuyu, American vs Kikuyu infants vs adults, 57:9997
lipreading screening test, visual intelligibility of consonants, female college students, implications for aural rehabilitation, 57:11863
masking noise levels, articulation & intelligibility of vowels & consonants in normal vs superior esophageal speech, esophageal speakers & college students, 55:12530
models of phonetic feature interaction in speech perception, identification of place of articulation & voicing in synthetic stop consonants, college students, 53:3101
modification of computer program so stop consonant generation rules depend upon context, intelligibility of stop consonants in isolated consonant-vowel syllables, 57:16
monaural ear differences, RTs to speech with many-to-one mapping consonant-vowel paradigm, college students, 56:9137

motor skills & consonant duration value, maximum rate of syllable repetition, American & German & Swedish & Korean linguists, 53:3104
motor theory, speech perception & perception of stop consonants & sustained vowels, review, 54:7595
multidimensional analysis, perceptual uniqueness of English consonantal clusters, 53:1116
nasal emission, misarticulation of sibilants & affricates, 8–16 yr old patients without velopharyngeal incompetency, 54:1435
oral discrimination of geometric shapes & role of orosensory skill in consonant articulation, deaf vs normal 7–16 yr olds, 57:13041
patterns of confusion, classification of Ss according to audiometric configuration, outpatients with sensorineural hearing loss, 58:1433
perceptual adaptation conditions, voice onset time values for stop consonant & vowel utterances, college students, 53:8660
perceptual analysis of stop consonants & glides, college students, 55:6031
phonetic segments in consonant–vowel syllables, failure of selective attention, college students, 54:2258
phonological category of consonant & vowel stimuli, latency of verbal reproductions in vocal paired associate learning, college students, 58:4762
preceding vowel termination, voice value of stop consonants, 53:3095
pronunciability ratings of CVCVC words, college students, 53:1142
pronunciation & spelling-pattern abstracting tasks using pseudowords with initial or final consonant clusters occurring in Hebrew &/vs English, phonological & orthographical factors in learning to read English as a 2nd language, native Hebrew-speaking 5th–7th graders, 58:3049
quiet vs noise, stop–fricative & sibilance & voicing & back–front & velarity aspects of phonemic similarity judgment of sententially embedded initial consonants, students, 53:183
retroflex stop consonants, quantal aspects of consonant production & perception, Hindi-speaking Ss, 55:8797
retroflexion vs retraction, consonant production, 53:3058
reversal shift phenomenon, acquisition of discriminations among letters b & d & p & q, kindergartners, 55:6809
same vs different consonant CV syllables, perceptual constancy in speech perception, 14–18 wk olds, 55:528
same-different judgments of English & non-English consonant sounds in polysyllabic context, 3–5 yr olds, 55:9453
selective adaptation of English consonants using real speech, college students, 55:3666
similarities & differences among pairs of syllables that differed in initial consonants or consonantal clusters, 54:195
simulation of frequency amplification present in hearing aids with distinctive feature emphasis, accuracy of consonant identifications, normal vs sensorineural listeners, implications for hearing aid selection procedures, 58:1523
singleton & cluster contexts, voice onset time characteristics of stop consonant production, 3–4 yr olds vs adults, 55:11887
speech perception & production of consonant cluster 'st', college students, 55:6030
stimulus onset asynchronies of dichotic consonant-vowel syllables & separation of distinctive features & dichotic competition, same–different response latencies & errors, college students, 54:2254
syllable sequence & sharing of place & manner of articulation, phonetic interference & context-sensitive coding in short-term memory for consonant phonemes, college students, 53:2408
target duration & interstimulus interval & forward vs backward masking & target-mask combination & mask duration, recognition of synthetic speech under diotic vs dichotic presentation, implications for consonant processing in natural listening setting, 58:6818
test–retest reliability, dichotic listening performance on consonants & vowels & music, college students, 54:4515
unaided recall, aided recall of word pairs vs CCC- vs CVC-word pairs, 58:4821
use of sonorance & sibilance dimensions in judgments of consonant similarity, adults with normal hearing vs high frequency vs flat sensorineural hearing loss, 55:12587
voice onset time, discrimination of bilabial stop consonants, 4–6.5 mo olds from monolingual Spanish speaking homes, 55:6766
vowel & consonant syllable pairs, application of distinctive feature analysis to RTs in auditory discrimination task, 57:7366
vowel-consonant ratio & sentence length, lipreading ability, hearing impaired vs normal Ss, 57:6141
word length & initial phoneme, speech disfluency, 4 yr old male nonstutterers, discussion of applicability of O. Bloodstein's model of stuttering development, 55:11847
xylocaine-induced oral-sensory deprivation, consonant production, young adults, 54:148

Constipation
mutual dependence of psychosomatic sleep disturbances & heart pains & headaches & constipation, patients, 54:5476

Consultation (Professional) [See Professional Consultation]

Consumer Attitudes
addition of attitude items & telephone reminder as followup procedure, maximization of response rate to mail questionnaire, telephone company customers, 54:3090
advantage & risk & complexity & observability & compatibility as innovation attributes, purchase outcome prediction, housewives, 53:6293
advertisement preferences, GSR during rank ordering of magazine advertisements, postgraduate students, 55:8548
advertising message source & threat level, attitude toward promoted vs neutral brand, college students, 55:13748
age & income level & education & attitudes toward ecology, consumer purchase behavior, 55:3392
age restrictions & perceived degree of pornographic content, evaluation of pornographic material, male college students, support for commodity theory prediction, 53:12617
alternative economic models, demand for outing type recreation in Connecticut state parks, consumers, 55:13749
amount of product information & type of innovation, reported probability of purchase & uncertainty & confusion & read-in time, females, 58:6521
analytical procedures, attitudinal predictions of brand preference, 53:2013
appearance & taste of coffee, perception of new coffee product, housewives, application of proximity judgments by multidimensional scaling & multivariant analysis of variance, 54:8535
application of Fishbein Behavioral Intention Model to purchase intention situation, predictive ability & role of attitudes & group influences, 57:11691
application of neo-Freudian transactional model & relationship to personality modes, choice of advertising messages concerning consumer products, 57:7097
attitudes toward & behavioral patterns in shopping, working vs nonworking wives, US vs France, 58:10742
attitudes toward all vs individual foreign products, consumers, 53:7352
attitudes toward consumerism, consumers vs businessmen vs consumerists, 55:8553
attitudes toward department stores, analysis of interval properties of semantic rating scale, marketing students, 58:12851
attitudes toward product & advertising & consumerism & source-message orientation, perception of deception in advertising messages, student & nonstudent consumers, 58:10750
attitudes toward their hospitalization & treatment & discharge, former patients of community mental health center, 57:11018
attitudes toward transportation system traits & sensitivity to perceived differences in traits, probabilistic model of choice behavior, train & automobile passengers, 55:5859
attitudes toward TV commercials, preadolescent children, 55:8552
automobile agency ownership change, subsequent consumer brand & store loyalty behavior, long term dealership customers, 57:11685
awareness & attitudes toward Arizona Home Solicitations Act, survey, 54:10690
Awareness Trial Repeat purchase vs Awareness Attitudes Behavior models, repetitive advertising effectiveness evaluation, 53:4133
Bayes' Theorem as model, opinion change, consumers, 55:11203
black &/vs white advertising models in supermarkets, sales response, white consumers, 53:4130
brand attitude satisfaction, threshold model of binary attribute satisfaction decisions using M. Fishbein's attitude model components, 53:6272
brand attribute evaluation, brand choice, housewives, longitudinal study, 53:2024
brand image & race & sex, perceived tasted-product quality, Black vs White college students, 58:10745
brand preference, individual need-based distance model, 53:11677
buyers' confidence, formation of attitudes & purchase intention, physicians, 55:5846
buyer's perception of salesman & importance of salesman's information, model of buyer-seller interpersonal communications, 57:11601
cause & effect analysis, brand preference & use & role of advertisement recall, gasoline consumers, 58:8546
characteristics, mail & telephone shopping behavior, consumers, 55:11202
claimed superiority for all vs some product features in advertisements, confidence in advertising claims & product value expectations, college students, 53:3103
cognitive maps of retail locations, preferences & actual shopping behavior, supermarket shoppers, 56:5055
cognitive structure, perception of product quality based on intrinsic & extrinsic product attributes, consumer college students, 55:13755
comparative analysis, linear & nonlinear evaluation process models, implications for consumer preference formation, 55:3492
comparative vs conventional advertisements, communications effectiveness, college students, 57:11689
conceptual framework, consumer behavior & product performance, 55:5855
conceptual framework with limited role of motivation as determinant of brand choice, generalized typology of consumer motivation, 55:3396
conceptual issues & learning & corporate & public policy formation, consumer socialization, 53:6302
consistency of attribute meaning in empirical concept testing, 55:3482
consumer & professional collaboration, neighborhood mental health program evaluation, 56:4548
consumer attitude toward product & availability & economic factors, housewives, 57:7102
consumer attitudes toward retail stores, 56:3150
consumer category width, purchase of decision making products, reappraisal of study of J. H. Donnelly et al, 53:8437
consumer decision making, comparative analysis of 3 behavioral models & facets of expected utility & weighting of positive & negative expectations, 57:11688
consumer evaluation research & model for linking social science research & public policy, participant observation of experimental citizen evaluation group, longitudinal study, 57:4503
consumer group & product type, market image, college students & male adults, 53:3097
consumer model, assessment of mental health needs & priorities of needs, 55:12778
consumer postcard survey, economical evaluation of service satisfaction, rural community mental health center clients, 58:12193
consumer reaction & use, drug abuse treatment programs, 53:10132
consumer satisfaction in mental health services satisfaction, 54:12387
consumer satisfaction measures in evaluation of mental health services, 58:3975
consumer satisfaction with prepaid group practice vs alternative health insurance plans, 54:3858
Consumer Venturesomeness measure & Consumer Estheticism-Practicality scale, new product preferences & preference between appearance- & performance-oriented product innovations & toothpaste brand choice, English-speaking Montreal area women, 58:2413
crowding & other situational & behavioral variables in bank, customer satisfaction, 55:1703
data collection & data analysis method, estimation of trade-off utility values assigned to product or brand characteristics, consumers, 58:12854
deception in advertising & role of warranties in consumer decision making, consumer information processing research to public policy issues, church members and Parent Teacher Association groups & college students, 55:1700
degree of retardation & socioeconomic status & family social functioning & age of child, seeking community services & satisfaction with services, parents with preschool age mentally retarded children, 55:1123
demographic characteristics & sensitivity to finance rate variations, credit term preferences, 53:2033
development & application, psychographic life-style & activity & attitude measures & taxonomy of consumer measurements, 53:6282
development & reliability, Likert-type measure of consumer discontent, college students, 58:161
differential levels of salesman's expert & referent social power bases, trust & attitudes & behavioral intentions, male college students, 57:7095
discrimination tests & repeated paired comparison tests, product testing methodology & prediction of market place behavior, criticism of G. P. Hyett & J. R. McKenzie's comments, 57:14150
distance model of Ss' needs & beliefs about brand's need satisfying abilities, prediction of brand attitude, college students, 55:13756
dogmatism, consumer attitudes toward foreign products, 55:3408
ego involvement & attitudinal commitment & task interest, hedonic reactions to disconfirmation of product performance, college students, 57:2136
empirically derived index scores, dimensions of consumer perceptions of doctors & health care services, 18–92 yr olds from rural area, 55:1117
estimation of consumer preferences for durable brand in established product class, 53:11671
evaluation approaches, predictive validity of consumer preference models where predictions come from 1 sample & validation data from another sample of consumers, 58:2420
expectancy-value vs M. Rosenberg vs M. Fishbein vs "adequacy-importance" multi-attribute models & product class, prediction of consumer attitudes, 54:10683
exposure to TV advertising, attitude change & choice of new brand, housewives, 53:1126
familiarity with & preferences for products presented in ads using white or black models, upper & middle & lower class South African blacks, 56:8907
favorable vs unfavorable vs neutral information following sample price information from grocery stores, relative desirability ratings of shopping at each store & paired-comparison preference choices, college students, 53:8429
feedback of information on rate of use vs feedback plus commendation for reduced fuel consumption, fuel-oil conservation, oil consumers, 56:6952
gasoline prices, gasoline consumption & attitudes & behavioral adjustment to price increase, urban consumers, 58:8547
general procedure, estimation of consumer preference distributions, 55:8558
grade labeling of consumer products, consumer decision making, 56:3149
group conformity influence, social relevance ratings of consumer products, 56:2307
high levels of print ad repetition, recall of brand name, college students, implications for marketing, 58:2412
high- vs low-commitment conditions, advertising effects on consumer behavior, 58:2419
human models in advertisements, perception of & attitude toward product, college students, 53:3079
income expectations, housing purchase & consumer decisions, Wisconsin households, 55:13746
income level, attitudes toward discount stores as source of all product categories, shoppers, 54:9657
individual analysis of attitude structure & attribute importance models, consumer attitudes & behavior, graduate & college students, 53:11669
individual consumption situations & brand attitudes, prediction of brand behavioral intentions, 57:14149
information polarity & novelty & source credibility, consumer product attractiveness ratings & predictive capability of averaging model, female college students, 57:11693
inner- vs other-directed social orientation, consumer satisfaction, spouses, 58:6526
intent to buy & ratings of brand products, actual brand purchases, consumers, 53:9567
interaction model, consumer utility, 55:5848
interaction with & attitude toward shoplifter, crime reporting, supermarket shoppers, 55:743
judgments of attractiveness & novelty & pair-wise redundancy of attributes of consumer products, female college students, application to studies of attitude formation & change, 56:1566
life-style characteristics, attitudes about business & marketing practices, women, significance for consumer activism, 53:1136
mathematical functions relating brand choice probability & joint-space distance & predictive accuracy of models, electric utility employees, 57:11675
media effects, cognitive activity & counterargument & source derogation & supporting argument & message retention & acceptance of advertising message as attitudinal responses, 25–55 yr old housewives, 53:5296
message idea expressed as subject concept, pretesting of audience interest in message for 4 media types, 56:8904
methodology, describing of behavioral patterns in consumer attitude studies, 56:6954
micro-level analysis, self & product image congruence using automobiles as product category, 57:2134
model for portraying individual associative judgments regarding brands & ideal products & product features, 55:5849
models of airline passenger comfort & satisfaction, application to aircraft design & operation, 56:3138
multi-attribute choice situation models, consumer evaluation tasks, 53:9568
multi-car ownership, use of public transit, 55:8555
number of choices & perceived decision freedom, satisfaction & consumption behavior, college student consumers, 54:8533
number of product cues & cue intervals, product evaluation, college students, 55:8551
operationalization of product newness, reply to L. E. Ostlund & B. Tellefsen's criticism, 53:8424
opinion leadership, nursing home industry, 53:4158
paired comparison scaling technique Case V of L. L. Thurstone, applicability to study of travellers' attitudes toward transportation modes, 54:8530
perceived fashion scarcity, relationship of fashion-opinion leadership to new-fashion attractiveness, females, 54:12691
perceived risk & product desirability, predictive power of approach-avoidance paradigm in consumer decision making, 56:8906
perception of information & presentation format & time cost, response to consumer information, 55:8559
perception of nutrition & nutritional labeling, buying decisions, affluent consumers, 55:11207
perception of social arrangement as unjust & conduciveness of channels for redress & grievances & orientation toward possibility for reform, support for consumer movement via R. Nader, 55:581
perceptions of self image & ideal self image & conspicuous & inconspicuous product image, male heads of household, 55:13757
perceptual & preferential agreement regarding purchase of family automobile, husbands & wives, 55:11199
personal profiles, innovator & consumer behavior groups, male consumers, 53:1180
personal values & preferences & judgment & stimuli familiarity, consumer perceptions of leisure activities, human females, 53:2028
personality & attitudinal & socioeconomic & social activity characteristics of socially conscious consumer, household customers of refuse collection service, 56:5058
personality structure, new product awareness & convenience goods purchase behavior, 55:13754
personalized vs nonpersonalized & negatively vs positively worded attitude-eliciting statements, intensity of response & statement polarity, consumers, 53:1124
phosphate detergent ban vs brand continuity, demographic characteristics & attitudes toward laundry detergents & phosphate regulation laws, housewives, 53:1008
postpurchase situation, quality & price perceptions & interrelationship, wives vs their husbands, 57:11692
prediction of preferences for tea mixes, 55:3484
Predictive Recall & Effectiveness Potential method, measurement of TV commercial recall & communication & belief & purchase intent, 54:5273
price & brand cues, perceived quality of selected products, housewives of various socioeconomic groups, 56:1568
price & brand image, perceived product quality, US vs French college students, 56:10927
price differences & brand familiarity, brand preferences, members of women's groups, 58:10744
price promotion vs advertising, buying behavior, "price" vs "brand" instant coffee buyers, 53:7345
printed ads & price & package information & comments attributed to friends vs sales personnel, purchase decisions & information acquisition for new vs established purchase alternatives, innovator vs noninnovator 20–82 yr old women, 53:6271
procedures & rationale & validity, inverse factor analysis segmentation studies, 53:6294
product attribute importance, industrial buying, purchasing agents for American vs British companies, 53:4149
product familiarity & complexity, correspondence between consumer selection judgment models & Ss' evaluative judgment, college students, 57:11686
product information & health & safety standards & repair & servicing warranties & product quality as company goals, perceptions of

consumerism & responsive marketing management, students & unemployed adult women & businessmen living in metropolitan area of large southwestern city, 54:4287
product performance, consumer satisfaction, business students, 57:11694
product price & package design & brand familarity, perceived quality & purchase intentions, housewives, 56:8909
product price vs packaging cues availability, ball point pen quality ratings, college students, 54:2017
purchase characteristics, postpurchase consumer evaluation of products prior to consumption, 53:4168
purchase probabilities, prediction of consumer purchases of durable goods, 53:9585
reactions to buyers of prepared vs nonprepared foods, housewives, 56:3151
receipt of sample packages at high vs low discount price, subsequent actual & intended product repurchase & perceived quality, grocery store patrons, 58:8548
refutational inoculation & attack by consumer testing organization, attenuation of persuasive influence, male college students, 55:13758
reliability, vector vs Fishbein model of consumer preferences, college students, 54:8521
reorganization & recovery of sources of monetary & consumer support for community mental health centers, 58:10019
repertory grid technique, measurement of attitudes toward seaside resorts, 55:3404
satisfaction with interpersonal relations, consumer dissatisfaction, 53:6299
self perception theory & prediction of individual behaviors from attitude measures, significance for marketing & role of consumer behavior prediction, 57:11695
self-designating vs sociometric vs key informant techniques, construct validity of opinion leadership in consumer products, 53:5260
semantic differential & free association, assessment of preference of rifle company names, 20–43 yr old male hunters, 56:5059
sex & age, attitude toward sex appeal use in advertising, 53:7385
simulated shopping vs paired-preference laboratory experiments in marketing research, validity of estimates of consumer reactions to price changes, 53:8435
socioeconomic & personality traits, ecologically concerned consumers, 53:4147
source credibility & message & shopping experience & social class, reactions to retail price advertisements, 53:6278
specific vs general attitudes, prediction of purchasing behavior, lead-free vs regular gasoline buyers, 56:8905
stochastic learning model of R. R. Bush & F. Mosteller, consumer brand-buying behavior, 55:3489
strategies, changing consumers' attitudes toward brand attribute possession, 18–65 yr old females, 54:4290
structural composition & dynamic nature of value-attitude system, consumer college students, 55:13759
supply & demand, ratings of value & attractiveness of object, female college students, 55:3817
television reviewing, consumer values, black 1st–3rd graders, 57:2810
theoretical antecedents & predictive validity of M. Fishbein's Behavioral Intention Model, housewives' responses to consumer questionnaire, 54:4301
theory usefulness for consumer brand purchase behavior & importance of attitude & social influence & personal norm & intention & situational determinants, M. Fishbein's adaptation of D. E. Dulany's theory of propositional control to include relationships between attitudes & behavior, 53:11641
trade-off model, measurement of consumer value systems & application to marketing, review, 53:9595
trade-offs & utilities accounting & market simulation model, quantifying value systems of consumers, 53:4145
types of "interest" in TV commercials, housewives, 53:7367
understanding of TV commercials, attitudes & purchase request tendencies within attribution theory framework, children, 53:5279
use of multiattribute models in consumer attitude research, criticism of study of J. Bettman et al, 54:4299
value & utilization of consumer opinion in formulating social policy, Britain, research reviews, 56:1567
viability & applicability of lost letter technique, attitudes toward taking blood pressures & performing physical examinations in pharmacies, consumers, 58:4583
wage rate & prices & age, expected value of future income & present time consuming activity, accumulation of sick leave, 55:13638
word of mouth analysis for new brand, marketing, 55:13751

Consumer Behavior

advantage & risk & complexity & observability & compatibility as innovation attributes, purchase outcome prediction, housewives, 53:6293
advertising & promotion, consumer response to new products, stochastic model, 53:2026
advertising, consumer decision making & buying, 53:7346
advertising within store, product sales, 55:3409
Affiliation & Aggression & Dominance & Exhibition & Social Recognition scales of Personality Research Form, product usage, college students, 53:3163
age & income level & education & attitudes toward ecology, consumer purchase behavior, 55:3392
age restrictions & perceived degree of pornographic content, evaluation of pornographic material, male college students, support for commodity theory prediction, 53:12617
alteration of life-style patterns & expectations under current stagflation/shortage economic conditions, consumer behavior, 54:4288
alternative methods of combination of predictor variables, consumers' information-seeking about purchases, housewives, 53:11685
alternative procedures, collecting consumer expenditure data for frequently purchased products, 53:4161
amount of product information & type of innovation, reported probability of purchase & uncertainty & confusion & read-in time, females, 58:6521
analysis of competitive market behavior, K. S. Palda's cumulative advertising model, 53:3076
anticipated effectiveness & alienation & values structure, planned participation in national meat boycott, full vs partial supporter supermarket shoppers, 57:11684
appearance & taste of coffee, perception of new coffee product, housewives, application of proximity judgments by multidimensional scaling & multivariant analysis of variance, 54:8535
application of Fishbein Behavioral Intention Model to purchase intention situation, predictive ability & role of attitudes & group influences, 57:11691
application of neo-Freudian transactional model & relationship to personality modes, choice of advertising messages concerning consumer products, 57:7097
attitudes toward & behavioral patterns in shopping, working vs nonworking wives, US vs France, 58:10742
attitudes toward transportation system traits & sensitivity to perceived differences in traits, probabilistic model of choice behavior, train & automobile passengers, 55:5859
audio vs print presentation of commercial & level of acute processing involvement & social & information processing confidence & peer-designated opinion leadership, cognitive resistance to message, adult females, 54:9671
Automatic Interaction Detector & canonical correlation analyses, specification of buyer behavior model, 53:2018
automobile agency ownership change, subsequent consumer brand & store loyalty behavior, long term dealership customers, 57:11685
Awareness Trial Repeat purchase vs Awareness Attitudes Behavior models, repetitive advertising effectiveness evaluation, 53:4133
Bayes' Theorem as model, opinion change, consumers, 55:11203
behavioral analysis, considerations in buying clothing, retail sellers & 16–45 yr old female consumers, 57:7098
behavioral concomitants of trial & repeat purchase, predictive validity in consumer research, 56:8910
behavioral demonstration project using monetary incentives, reduction in residential energy use, community residents & students, 57:2131
behavioral model using sociological & psychological data, discrimination between good vs bad credit risks, Ss with good vs poor credit standing, 55:8554
biographical inventory data, consumer behavior typology, housewives, 55:5851
black models in grocery store promotional display, sales response, white customers, 55:8549
black &/vs white advertising models in supermarkets, sales response, white consumers, 53:4130
bootstrapping of data & decisions, implications for consumer behavior research, 56:5054
brand attribute evaluation, brand choice, housewives, longitudinal study, 53:2024
brand image & race & sex, perceived tasted-product quality, Black vs White college students, 58:10745
brand preference, individual need-based distance model, 53:11677
buyer-behavior model, 53:9579
buyers' confidence, formation of attitudes & purchase intention, physicians, 55:5846
buyer's perception of salesman & importance of salesman's information, model of buyer-seller interpersonal communications, 57:11601
cause & effect analysis, brand preference & use & role of advertisement recall, gasoline consumers, 58:8546
characteristics, mail & telephone shopping behavior, consumers, 55:11202
characteristics, purchase of audio equipment from specialty retailer vs department store, consumers, 55:11201
cognitive complexity, experienced conflict in decision making, college students & appliance purchasers, 58:1255
cognitive maps of retail locations, preferences & actual shopping behavior, supermarket shoppers, 56:5055
cognitive structure within expectancy-value response model, relevance in predicting preferences among alternatives, 55:13631
cola consumption level, ability to identify Coca Cola vs Pepsi Cola vs Tab vs Diet Pepsi, college students, 54:2013
communication & demographic determinants, consumer learning, 6th–12th graders, 55:5854
computer analysis of voice abnormalities caused by changes in autonomic functions of nervous system, prediction of canned dog food preferences, 58:6520
conceptual framework, consumer behavior & product performance, 55:5855
conceptual framework with limited role of motivation as determinant of brand choice, generalized typology of consumer motivation, 55:3396
conceptual issues & learning & corporate & public policy formation, consumer socialization, 53:6302
conceptual-methodological weaknesses of research in diffusion of innovations, understanding of new product adoption, 57:2137
consistency between actual & expected & ideal self concepts, conceptual foundation of approach to marketing research in motivation, 57:2138
construction of study materials, consumer education for 4th–6th grade in Scandinavian countries, 55:5505
consumer attitude toward product & availability & economic factors, housewives, 57:7102
consumer behavior & lifestyle, wives of Negro blue collar industrial workers, 55:11209
consumer category width, purchase of decision making products, reappraisal of study of J. H. Donnelly et al, 53:8437
consumer decision making, comparative analysis of 3 behavioral models & facets of expected utility & weighting of positive & negative expectations, 57:11688
consumer habits & innovator traits, US vs France, 54:9639
consumer impressions & expectations resulting from advertising vs legal analysis of advertising message, control of deceptive advertising, 54:1069
consumer involvement in rehabilitation, 56:8536
consumer reaction & use, drug abuse treatment programs, 53:10132
Consumer Venturesomeness measure & Consumer Estheticism-Practicality scale, new product preferences & preference between appearance- & performance-oriented product innovations & toothpaste brand choice, English-speaking Montreal area women, 58:2413
consumer's misuse of product, firm's liability & ability of marketing to minimize misuse, 54:10691
consumption & purchase contexts, variance in selected purchase decisions, 53:4128
convenience & offering & degree of risk, catalog buying behavior, Georgia housewives, 53:6297
conversations in public places, role segmentation & compartmentalization of social discourse, pharmacy & beauty & barber shop owners & employees & customers, 58:1076
cue utilization, cognitive model of quality perception, consumers, 55:5856
deception in advertising & role of warranties in consumer decision making, consumer information processing research to public policy issues, church members and Parent Teacher Association groups & college students, 55:1700
decision making for self vs for spouse, consumer risk taking, spouses, 58:6523
degree of post-decision anxiety, cognitive dissonance level in mail order purchase, consumers, 55:11206
degrees of product newness, purchase of convenience products, 53:2017
demand artifacts problems, consumer behavior research, 54:4298
demographic & purchasing characteristics & socioeconomic status & American Dental Association endorsement, adopters vs nonadopters of Crest toothpaste, 54:8538
demographic & socioeconomic variables, purchasing behavior, development of procedure for defining market segments, 55:3407
demographic characteristics & fashion attitudes & social activities, "innovative communicators" of fashion in college subculture, single male college students, 54:8525
demographic characteristics & financial background, decision to use bank credit cards vs checking accounts, 54:10692
designing consumer information environments based on human information processing limitations, analysis of proposal for nutritional information provision, 56:5052
development of test to measure self-actualization, identification of consumer targets for social products, 55:5921
development of conceptual nonmultiplicative model of perceived risk at brand level & empirical comparison with multiplicative model, college students, 57:11687
discrimination tests & repeated paired comparison tests, product testing methodology & prediction of market place behavior, criticism of G. P. Hyett & J. R. McKenzie's comments, 57:14150
distance model of Ss' needs & beliefs about brand's need satisfying abilities, prediction of brand attitude, college students, 55:13756
dogmatism, perception of risk in consumer choice decisions, housewives, 58:6522
dysfunctional effects on brand choice resulting from more information, critical analysis of J. Jacoby et al conclusions, 53:11681
dysfunctional effects on brand choice resulting from more information, critical analysis of J. Jacoby et al assumptions, 53:11684
economic theories based on underlying characteristics of goods, consumer behavior, 55:5857
effectiveness of unobtrusive manipulation of consumer directional responses, male & female adult discount department store customers, 54:6453
Entropy model of J. Herniter vs Hendry model of consumer behavior & number of brands, predictions of total brand switching & joint conditional probabilities, 53:2021
estimation of consumer preferences for durable brand in established product class, 53:11671
evaluation approaches, predictive validity of consumer preference models where predictions come from 1 sample & validation data from another sample of consumers, 58:2420
experimental manipulation of expectancy & value components of cognitive structure, change in overall cognitive structure & attitude using consumer buying paradigm, implications for advertising & consumer protection, 55:11205
experimentally induced price changes in controlled economic environment, consumer behavior, token economy system in state hospital female ward for chronic psychotics, 53:6269
explosion & widespread dissemination of knowledge & information, decreasing knowledge monopolization & increasing refusal of clients & consumers to passively receive services of experts, 58:3174
exposure to TV advertising, attitude change & choice of new brand, housewives, 53:1126
extended or behavioral intentions model of M. A. Fishbein, consumer behavior, 55:5858
extraversion & introversion & neuroticism, brand loyalty in purchasing behavior, 56:3148
family life cycle & social class, prediction of consumer behavior, criticism of S. Rich & S. Jain's findings, 54:10678
family role structure & members involved & strategies used, household economic decision making, 57:2132
family role structure & stage in life cycle & attitudes toward previous residence & life style, husband–wife interactions in house-buying decisions, eastern US vs northwest England, 53:7206
fear research & appeals, consumer behavior, 53:11678
feedback of information on rate of use vs feedback plus commendation for reduced fuel consumption, fuel-oil conservation, oil consumers, 56:6952
female role perception, family purchasing decisions, married females, 55:5850
food deprivation & external cues & obesity, preference ratings & consumption & buying intentions, overweight & normal college students, 55:8986
gasoline prices, gasoline consumption & attitudes & behavioral adjustment to price increase, urban consumers, 58:8547
generalizability of cognitive differentiation across 2 different consumer products & interpersonal relations, male business administration students, 57:12707
grade labeling of consumer products, consumer decision making, 56:3149
gravity vs spatial interaction models, prediction of consumer shopping behavior, 58:10751
groups of strangers vs friends & perceived risk & economic vs sociopsychological risks, individual choice shifts in consumer-related buying situations, female college students, 57:7099
harmful effects of premium-oriented TV commercials, 1st–6th graders, experimental test of Federal Trade Commission's ban, 58:10748
hierarchy of needs & characteristics, consumer behavior model, 58:12852
high- vs low-commitment conditions, advertising effects on consumer behavior, 58:2419
housing environment research, need for involvement of tenants in decisions & planning that affect their housing conditions, 56:10918
husband–wife influence, family purchasing behavior, recently married couples, 53:6277
identification of buyers of rotary-engine automobile, product perception of innovators, 54:2009
income allocation & spending decision processes concerning appliances & vacations & savings & education, low vs medium vs high income families, 56:8912
income expectations, housing purchase & consumer decisions, Wisconsin households, 55:13746
individual choice models, importance of preferences of relevant others, 58:10752
individual consumption situations & brand attitudes, prediction of brand behavioral intentions, 57:14149
influence in purchase decision process for houses, husbands vs wives, 56:9767
information & feedback & incentives, consumption of electrical energy at high rates for brief periods during day, families, 56:10926
information amounts, consumer behavior, reanalysis of J. Jacoby et al research, 53:9590
information integration in consumer risk perception, comparison of J. Bettman's vs S. Cunningham's models of risk components, college students, 54:4280
information integration methodology, attitude formation & change, college students, 55:1701
information load varied in terms of brand numbers & amount of information per brand, brand choice behavior, housewives, 53:6283
information polarity & novelty & source credibility, consumer product attractiveness ratings & predictive capability of averaging model, female college students, 57:11693
information processing aspects of personality, exposure & influence of outside factors during consumer decision making, 57:2135
information seeking behavior, consumers, 58:12853
informational & normative social influences, buyer behavior using coffee evaluation paradigm, college students, 56:5053
inner-directedness & purchase of new vs established automobile model, purchasers of Ford Mavericks & other cars, 1969–72, 57:11679
in-store display, increase in sales, 55:8550
intent to buy & ratings of brand products, actual brand purchases, consumers, 53:9567
interaction with & attitude toward shoplifter, crime reporting, supermarket shoppers, 55:743
interdisciplinary overview, time & consumer behavior, 57:2133
intertemporal model of consumer behavior, 55:13752
involvement & empathy & recognized authority, resolution of preference conflict in family automobile purchasing, husbands & wives, 58:4520
latent class analysis & CANDECOMP procedure, consumer adoption of new telecommunications service, 58:2414
leveling-sharpening ability & high & low interest level product categories, recall of product comparison differences, consumers, 55:13747
life-style & psychographics as fields of inquiry, review of G. A. Kelly's theory of personal constructs, 53:6296
life-style characteristics, attitudes about business & marketing practices, women, significance for consumer activism, 53:1136
marital role dimensions, consumer decision making, families, 57:7101

market segmentation approach, analysis of purchase histories & appropriateness of stochastic brand choice models, facial tissue & waxed paper & aluminum foil consumers, 57:7094
mathematical functions relating brand choice probability & joint-space distance & predictive accuracy of models, electric utility employees, 57:11678
mathematical theory of innovative behavior in adoption of new products, 58:10743
methodology, describing of behavioral patterns in consumer attitude studies, 56:6954
micro-level analysis, self & product image congruence using automobiles as product category, 57:2134
Mini-Test Market operational procedure & models of buyer behavior, measurement & evaluation of specific marketing promotion, 55:3395
model for prediction of brand choice, 54:6455
model of organizational buyer behavior & impact of electronic data processing on decision processes, 55:1708
motivation & quantity of information, consumer choice accuracy & reliance on price information, US vs Puerto Rican students, 58:6524
multi-car ownership, use of public transit, 55:8555
multidimensional scaling algorithms, perceptual configurations of supermarket locations for consumers, 53:12604
multidimensional scaling methods, analysis of configuration recovery, consumer behavior research, 55:11204
new product distribution & buyer decisions, supermarket buyers, 55:5853
newspaper advertising, consumer buying behavior, middle vs lower class Ss, 55:13753
newspaper &/vs radio advertising, brand recall, 53:7375
no telephone call vs call thanking Ss for business only vs additional information about sale, increased purchasing, jewelery store customers, 57:11676
nonqualified vs qualified slogans & male vs female vs male & female vs no model, advertisement credibility & likeability & intention to buy product, adult male office workers, 54:5280
number of choices & perceived decision freedom, satisfaction & consumption behavior, college student consumers, 54:8533
number of options available, perceptions of choice strategies as simplifying vs optimizing, 18–22 yr old males, application to marketing, 54:8544
number of product cues & cue intervals, product evaluation, college students, 55:8551
operationalization of product newness, reply to L. E. Ostlund & B. Tellefsen's criticism, 53:8424
perceived fashion scarcity, relationship of fashion-opinion leadership to new-fashion attractiveness, females, 54:12691
perceived risk & product desirability, predictive power of approach-avoidance paradigm in consumer decision making, 56:8906
perceived risk theory, buying smaller quantities of new brands, consumers, 55:8557
perceived risk vs return vs net perceived return models, consumer decision making, business students, 54:10686
perception of information & presentation format & time cost, response to consumer information, 55:8559
perception of marital roles, economic decision processes, husbands & wives, 53:6275
perception of nutrition & nutritional labeling, buying decisions, affluent consumers, 55:11207
perceptions about relative influence in subdecision making, home purchasing decisions, husbands & wives, 54:4291
perceptions of self image & ideal self image & conspicuous & inconspicuous product image, male heads of household, 55:13757
perceptual & preferential agreement regarding purchase of family automobile, husbands & wives, 55:11199
personal profiles, innovator & consumer behavior groups, male consumers, 53:1180
personal values, consumer behavior, 55:3405
personality & attitudinal & socioeconomic & social activity characteristics of socially conscious consumer, household customers of refuse collection service, 56:5058
personality & demographic characteristics, use of advertising in car purchase decisions, Norwegian new car purchasers , 55:3397
personality characteristics & precognitive function, successful vs unsuccessful stock market speculators & nonspeculators, 58:1210
personality structure, new product awareness & convenience goods purchase behavior, 55:13754
persuasive fear appeals concerning magnitude of noxiousness of threatened event & probability of occurrence, reduction of energy consumption, college students, 55:5843
Predictive Recall & Effectiveness Potential method, measurement of TV commercial recall & communication & belief & purchase intent, 54:5273
presentation of words "Hershey's Chocolate" below forced choice detection & recognition thresholds, chocolate buying behavior, college students, 55:13750
presentation of 1- & 2-attribute brands, choice of durable & nondurable products by attribute averaging, expectant parents, 57:9278
price differentials & promotion & advertising & product availability, consumer choice behavior under semi-artificial conditions, housewives, 57:11677
price manipulations, consumer behavior in sheltered workshop token economy, 16–46 yr old institutionalized retardates, 57:6519
price promotion vs advertising, buying behavior, "price" vs "brand" instant coffee buyers, 53:7345
primary & secondary validity of predictiveness of probabilistic purchase intentions, individual & joint responses of husbands & wives, 54:4285
primary group conformity & group dynamics & behavior conspicuousness, consumer behavior, females, 56:9840
printed ads & price & package information & comments attributed to friends vs sales personnel, purchase decisions & information acquisition for new vs established purchase alternatives, innovator vs noninnovator 20–82 yr old women, 53:6271
private vs public commitment, energy conservation before & after oil embargo, homeowners, 56:1563
procedures & rationale & validity, inverse factor analysis segmentation studies, 53:6294
product class use, innovative behavior in purchasing of newly introduced packaged-goods products, significance for marketing, 58:4525
product familiarity & complexity, correspondence between consumer selection judgment models & Ss' evaluative judgment, college students, 57:11686
product information & health & safety standards & repair & servicing warranties & product quality as company goals, perceptions of consumerism & responsive marketing management, students & unemployed adult women & businessmen living in metropolitan area of large southwestern city, 54:4287
product information amounts, brand choice behavior & satisfaction, 53:1138
product price & package design & brand familarity, perceived quality & purchase intentions, housewives, 56:8909
product source & purchase behavior & drug usage & safety precautions, product injuries in the home, families, 57:7009
psychographic vs demographic data, explaining product design preference behavior, 53:6279
psychological & economic theories of human satisfaction & motivation, consumer behavior, book, 57:4600
psychological analysis, consumer spending & saving behavior, 53:6285
psychological theories of consumer choice, 58:2415
public policy programs for consumer information, 55:1707
purchase characteristics, postpurchase consumer evaluation of products prior to consumption, 53:4168
purchase probabilities, prediction of consumer purchases of durable goods, 53:9585
purchasing behavior, upper vs upper lower vs lower lower class, Brazil, 53:4131
purchasing roles, husbands & wives, 1955 vs 1973, 53:7187
purchasing with & budgeting of token economy earnings, institutionalized mentally retarded 16–46 yr olds in sheltered workshop, implications for teaching consumer behavior, 56:4598
qualitative verbal explanations, consumer durable purchase decisions, 55:3403
reactions to buyers of prepared vs nonprepared foods, housewives, 56:3151
receipt of sample packages at high vs low discount price, subsequent actual & intended product repurchase & perceived quality, grocery store patrons, 58:8548
refutational inoculation & attack by consumer testing organization, attenuation of persuasive influence, male college students, 55:13758
reinforcement value of TV commercials & amount of TV exposure at home, purchase-influencing attempts at supermarket, 3–5 yr olds, 58:729
relationship between cognitive brand loyalty & product class importance, consumer brand choice behavior, housewives, 55:3402
relationships among attitudes & beliefs & behavioral intentions & motivation to comply & confidence & behavior, purchase situations, physicians, 55:3398
relationships among stimulus & organism & response, consumer decision making task, 55:3401
reliability & validity, Howard-Sheth vs Lavidge-Steiner buyer behavior model, 57:11682
reliability of behavioral observations of actual commercial transactions, students, 57:4497
reliability, vector vs Fishbein model of consumer preferences, college students, 54:8521
risk-taking, consumer behavior in purchase decision-making, 53:4162
self actualization level, socially conscious purchases of phosphate-free detergent & lead-free gasoline, grocery store customers, 57:9276
self confidence & level of perceived risk, choice of speciality vs department store, customers buying audio equipment, 57:11678
self perception theory & prediction of individual behaviors from attitude measures, significance for marketing & role of consumer behavior prediction, 57:11695
self theory & cognitive dissonance & product attributes & pupillography & gaze direction, perceptual roles in consumer response to advertising, 55:3400
self- vs clerk-service liquor stores, alcoholic beverage purchases, 53:9593
self-image vs ideal self-image, actualizing vs perfection tendency in purchase intentions, college students, 53:6286
sensation seeking level, awareness of & decision to try new products & retail facilities, 57:9277
signed digraph analysis, gift giving & test of cognitive consistency model of gift selection, 14–65 yr olds, 58:2411
simulated shopping vs paired-preference laboratory experiments in marketing research, validity of estimates of consumer reactions to price changes, 53:8435
situational variables, measurement of consumer behavior, criticisms of R. Belk's article, 56:5050
situational variables, measurement of consumer behavior, 56:5051
small group vs traditional training, community participation in health planning agency decision-making, 55:9712
social class & family status characteristics, spatial aspects of shopping behavior, families, Canada, 56:6955
social class consumer behavior as subset of life-style, 53:6291
social class, perceptual fields & usage of spatially distant shopping centers, consumers, 58:4523
social trap analysis, territoriality vs sharing in computerized resource management game, implications for energy consuming behaviors in residential settings, 58:9470
source credibility & message & shopping experience & social class, reactions to retail price advertisements, 53:6278
specific vs general attitudes, prediction of purchasing behavior, lead-free vs regular gasoline buyers, 56:8905
stability of perceptual structure of popular soft drink brands for infrequently & frequently bought products, 58:2418
stochastic brand preference model under market conditions of independence & brand loyalty, brand choices & switches, 53:2014
stochastic learning model of R. R. Bush & F. Mosteller, consumer brand-buying behavior, 55:3489
stochastic model of individual buyer behavior vs family diaries of gasoline consumption, pricing decision making under competitive behavior assumptions in market situation, 53:8431
taxonomy, prepurchase information gathering patterns, Canadian housewives, 53:11647
test of psychological reactance theory predictions, attitudinal response to implementation of antiphosphate ordinance, housewives in middle income areas, 54:11600
theoretical antecedents & predictive validity of M. Fishbein's Behavioral Intention Model, housewives' responses to consumer questionnaire, 54:4301
theoretical considerations, modeling of children's vs adult's consumer information processing, 55:1702
theory usefulness for consumer brand purchase behavior & importance of attitude & social influence & personal norm & intention & situational determinants, M. Fishbein's adaptation of D. E. Dulany's theory of propositional control to include relationships between attitudes & behavior, 53:11641
time-path analysis & working model, retail store choice behavior, 54:10684
understanding of TV commercials, attitudes & purchase request tendencies within attribution theory framework, children, 53:5279
value hierarchies & types, identification of behavioral potentials in consumer housing decisions, female college students & parents & male friends, 53:1024
values & demographic variables, number & kinds of automobiles owned or operated, family units, 57:11681

Consumer Protection

assessing malpractice, protecting clients, adjudication of alleged sexual misconduct by certified psychologist, 54:9795
attitudes toward consumerism, consumers vs businessmen vs consumerists, 55:8553
awareness & attitudes toward Arizona Home Solicitations Act, survey, 54:10690
behavioral toxicology in food safety evaluation, utilization of neuropharmacological & psychopharmacological techniques, 57:14034
consumer protection, problems in offering & obtaining transactional analysis therapy, 55:974
consumer's misuse of product, firm's liability & ability of marketing to minimize misuse, 54:10691
coordination & improvement of communication & consumer satisfaction, corporate consumer affairs department, 53:4129
legal developments, right to treatment movement, implications for practice for psychology, 55:12915
perception of social arrangement as unjust & conduciveness of channels for redress & grievances & orientation toward possibility for reform, support for consumer movement via R. Nader, 55:581

Consumer Psychology

concept of suggestion in early history of advertising psychology, 57:11717
conceptual issues & learning & corporate & public policy formation, consumer socialization, 53:6302
consumer psychology as alternative due to diminishing job market for PhDs trained in psychological research, 57:13522
consumer psychology as social psychology in specific context, 55:5852
consumer psychology, review of literature since 1967, 56:10925
conversational vs nonconversational sales messages developed from interaction process analysis, persuasion, magazine salesmen, 54:1064
development & application, psychographic life-style & activity & attitude measures & taxonomy of consumer measurements, 53:6282
hierarchy of needs & characteristics, consumer behavior model, 58:12852
life style & psychographics, book, 53:6304
methodology, describing of behavioral patterns in consumer attitude studies, 56:6954
product attributes & consumer life-styles & psychological concepts, guidelines for construction & use of psychographic studies, 53:6276
quantity of marketable knowledge vs materials, 53:4135
relationships among attitudes & beliefs & behavioral intentions & motivation to comply & confidence & behavior, purchase situations, physicians, 55:3398

Consumer Research [See Also Consumer Surveys]

advertising research, need for more breadth in ideas of behavior & space & time, 58:6519
alternative procedures, collecting consumer expenditure data for frequently purchased products, 53:4161
attitudes toward department stores, analysis of interval properties of semantic rating scale, marketing students, 58:12851
Automatic Interaction Detector & canonical correlation analyses, specification of buyer behavior model, 53:2018
behavioral concomitants of trial & repeat purchase, predictive validity in consumer research, 56:8910
bootstrapping of data & decisions, implications for consumer behavior research, 56:5054
buyer-behavior model, 53:9579
conceptual & measurement & analytical problems, life-style & psychographic research, 53:6306
conceptual issues & learning & corporate & public policy formation, consumer socialization, 53:6302
conceptual-methodological weaknesses of research in diffusion of innovations, understanding of new product adoption, 57:2137
conjoint measurement & communication research, 55:1706
consistency between actual & expected & ideal self concepts, conceptual foundation of approach to marketing research in motivation, 57:2138
consistency of attribute meaning in empirical concept testing, 55:3482
consumer attitude toward product & availability & economic factors, housewives, 57:7102
consumer evaluation research & model for linking social science research & public policy, participant observation of experimental citizen evaluation group, longitudinal study, 57:4503
consumer habits & innovator traits, US vs France, 54:9639
consumer health research, commitment to client self determination & improvement of health delivery services, social workers, 58:8024
Consumer Venturesomeness measure & Consumer Estheticism-Practicality scale, new product preferences & preference between appearance- & performance-oriented product innovations & toothpaste brand choice, English-speaking Montreal area women, 58:2413
consumer–provider relationship, comprehensive health care, health care consumers, 53:10279
critique & methodological improvement, Haire's shopping list study as projective technique for market research, 54:6447
data collection & data analysis method, estimation of trade-off utility values assigned to product or brand characteristics, consumers, 58:12854
deception in advertising & role of warranties in consumer decision making, consumer information processing research to public policy issues, church members and Parent Teacher Association groups & college students, 55:1700
defense level & time to attack & source attack & trial levels, persuasion resistance to attack advertisement, college students, application of inoculation techniques in marketing, 53:1160
definitions & methods & problems, psychographic & life-style research, 53:6305
designing consumer information environments based on human information processing limitations, analysis of proposal for nutritional information provision, 56:5052
development & application, psychographic life-style & activity & attitude measures & taxonomy of consumer measurements, 53:6282
development of test to measure self-actualization, identification of consumer targets for social products, 55:5921
discrimination tests & repeated paired comparison tests, product testing methodology & prediction of market place behavior, criticism of G. P. Hyett & J. R. McKenzie's comments, 57:14150
economic theories based on underlying characteristics of goods, consumer behavior, 55:5857
Entropy model of J. Herniter vs Hendry model of consumer behavior & number of brands, predictions of total brand switching & joint conditional probabilities, 53:2021
environmental variables, consumer research, 58:10747
European studies, life-style & psychographics, 53:6287
evaluation approaches, predictive validity of consumer preference models where predictions come from 1 sample & validation data from another sample of consumers, 58:2420
experimental design to include callback procedure & exclude dropouts, on-air testing method, 54:6436
general procedure, estimation of consumer preference distributions, 55:8558
identification & empirical validation, dimensions of criterion of consumer installment credit risk, 53:12602
income level, attitudes toward discount stores as source of all product categories, shoppers, 54:9657
individual analysis of attitude structure & attribute importance models, consumer attitudes & behavior, graduate & college students, 53:11669
information integration methodology, attitude formation & change, college students, 55:1701
latent class analysis & CANDECOMP procedure, consumer adoption of new telecommunications service, 58:2414
market segmentation approach, analysis of purchase histories & appropriateness of stochastic brand choice models, facial tissue & waxed paper & aluminum foil consumers, 57:7094
market share model modification & interactive brand share type model, political candidate selection & voting behavior prediction, 53:6292
model for prediction of brand choice, 54:6455
multidimensional scaling algorithms, perceptual configurations of supermarket locations for consumers, 53:12604
multidimensional scaling methods, analysis of configuration recovery, consumer behavior research, 55:11204
need for broadening scope of methodological research on mail surveys to include response speed & quality, 58:2416
nonparametric vs canonical analysis techniques, dependence structure between 2 multivariate sets of measurements, application to consumer attitudes, 53:96

orthogonal & nonorthogonal designs, estimation of missing values & analysis of incomplete consumer behavior experiments, 53:9560
personal delivery & collection of self administered questionnaires vs mailings, response rates & identification of nonresponse bias & controlled samples, appropriateness for consumer surveys, 58:2417
personalization type & population sampled, mail survey response patterns, response to F. Wiseman's reanalysis, 57:7096
personalization type & population sampled, mail survey response patterns, reanalyses of 4 studies, 57:7104
phosphate detergent ban vs brand continuity, demographic characteristics & attitudes toward laundry detergents & phosphate regulation laws, housewives, 53:1008
Predictive Recall & Effectiveness Potential method, measurement of TV commercial recall & communication & belief & purchase intent, 54:5273
price promotion vs advertising, buying behavior, "price" vs "brand" instant coffee buyers, 53:7345
printed ads & price & package information & comments attributed to friends vs sales personnel, purchase decisions & information acquisition for new vs established purchase alternatives, innovator vs noninnovator 20–82 yr old women, 53:6271
procedures & rationale & validity, inverse factor analysis segmentation studies, 53:6294
product attributes & consumer life-styles & psychological concepts, guidelines for construction & use of psychographic studies, 53:6276
product class use, innovative behavior in purchasing of newly introduced packaged-goods products, significance for marketing, 58:4525
product performance, consumer satisfaction, business students, 57:11694
psychographic analysis, product distribution & distribution change, 53:6281
psychographic vs demographic data, explaining product design preference behavior, 53:6279
psychographics, development of advertising strategy & copy, 53:5297
public policy programs for consumer information, 55:1707
recall of radio & newspaper advertisements as indicator of media effectiveness, Israel, implications for measurement bias, 58:6525
relationships among attitudes & beliefs & behavioral intentions & motivation to comply & confidence & behavior, purchase situations, physicians, 55:3398
response elasticity as criterion, segmentation of markets, 58:2410
role & importance of marketing concepts & research, public policy formation, 54:9659
self-designating vs sociometric vs key informant techniques, construct validity of opinion leadership in consumer products, 53:5260
signed digraph analysis, gift giving & test of cognitive consistency model of gift selection, 14–65 yr olds, 58:2411
situational variables, measurement of consumer behavior, criticisms of R. Belk's article, 56:5050
situational variables, measurement of consumer behavior, 56:5051
socioeconomic & personality traits, ecologically concerned consumers, 53:4147
stability of perceptual structure of popular soft drink brands for infrequently & frequently bought products, 58:2418
supply & demand, ratings of value & attractiveness of object, female college students, 55:3817
test-retest reliability, K. Villani's modified personality measure constructed for consumer research, female heads of households, 56:5057
theoretical considerations, modeling of children's vs adult's consumer information processing, 55:1702
theory usefulness for consumer brand purchase behavior & importance of attitude & social influence & personal norm & intention & situational determinants, M. Fishbein's adaptation of D. E. Dulany's theory of propositional control to include relationships between attitudes & behavior, 53:11641
trade-offs & utilities accounting & market simulation model, quantifying value systems of consumers, 53:4145
types of "interest" in TV commercials, housewives, 53:7367
value & utilization of consumer opinion in formulating social policy, Britain, research reviews, 56:1567

Consumer Surveys

awareness & attitudes toward Arizona Home Solicitations Act, survey, 54:10690
collection of sensitive information using 2-stage randomized response model, application in study of frequency of shoplifting acts in shopping center, 55:11208
consumer postcard survey, economical evaluation of service satisfaction, rural community mental health center clients, 58:12193
Consumer Venturesomeness measure & Consumer Estheticism-Practicality scale, new product preferences & preference between appearance- & performance-oriented product innovations & toothpaste brand choice, English-speaking Montreal area women, 58:2413
development of method for selecting dwelling units for household surveys for community self study in Ohio, 57:21
development of method for selecting dwelling units for household surveys for community self study in Ohio, criticism reply to K. H. Flaming's criticism, 57:22
development of method for selecting dwelling units for household surveys for community self study in Ohio, criticism of M. W. Cohen's article, 57:28
increasing response rates to mail surveys, literature review, 55:8556
method for testing assumption of external validity of household surveys as relates to sampling concerns, 56:1613
personal delivery & collection of self administered questionnaires vs mailings, response rates & identification of nonresponse bias & controlled samples, appropriateness for consumer surveys, 58:2417
personalization type & population sampled, mail survey response patterns, response to F. Wiseman's reanalysis, 57:7096
personalization type & population sampled, mail survey response patterns, reanalyses of 4 studies, 57:7104
personalized cover letters vs follow-up postcard reminders vs mail questionnaire response rate, budgetary limitations & time & sample size, reappraisal of mail survey response rates, 53:11649
premium inclusion vs exclusion in mailed questionnaire, response bias in sampling, automobile purchasers, 57:7103

Contact Lenses

contact lenses, use in investigation of lateralized hemisphere functions, right handed college students, 55:1753
coping behavior & positive motivation & expectations & tolerance of pain, adaptation to contact lenses, 16–33 yr old females, 57:1264
hypnotherapy & transfer to control of technical aide, fitting of & learning to wear contact lenses, 21-yr-old male, 53:10017
self ratings of facial attractiveness, female college students wearing glasses vs contact lenses vs no correctives, 56:7982
wearing eye glasses vs contact lenses vs no correctives, attractiveness ratings of others with vs without eye glasses, college students, 58:5342
wearing of -9 diopter contact lens, voluntary monocular accommodation in absence of adequate stimulus & in presence of blurred stimulus, 16–18 yr old females, 54:251

Content Analysis (Test)

age & sex differences reliability & validity of semantic differential evaluation & potency & activity markers for American English, adults, 55:66
computer content analysis, student characteristics, college students, 55:13563
computer program, scoring & analysis of Free Association Test, 58:6616
content & construct validity & internal consistency reliability, Barth Scale measurement of open school attitudes, traditional & open school teachers, 54:10827
content analysis, anxiety inventories & rating scales, implications for selection of instrument in therapeutic trials, 53:5312
content analysis career development tests, 53:6473
content analysis, Strong Vocational Interest Blank for Women, 53:2145
content vs response style hypotheses, acquiescence & social desirability in MMPI, 55:9860
factor structure & method effects, personality inventory item properties, 55:3518
internal consistency & test–retest reliability coefficients, 2 administrations of Willoughby Personality Schedule, 53:5329
reliability & validity, revision of School Attitude Inventory, 4th & 6th & 8th & 10th graders, 55:8395
stimulus composition analysis, 3 alternative forms of Benton's Visual Retention Test, 7th graders, 53:1231
text & concept & relation's coding & system of rules & capacity for analysis on different hierarchical levels, computer-based content analysis research, Sweden, 58:2456
theoretical issues & model, quantitative content analysis of written themes, 7–9 yr olds, 55:3236

Contextual Associations

absence of contextual language cues, bilingual transfer & retroactive inhibition using paired-associate list learning, Mexican-American college students bilingual in English & Spanish, 53:385
action or spatial context-related vs general word classes, word recall, 25-yr-old with mental age of 6.2 yrs, 53:1498
adequacy of structural formulation, context as determinant of meaning & historical & ontogenetic meaning change & language flexibility in form of figurative & metaphoric language, 55:4168
appropriate vs inappropriate contextual information, unrelated sentence recall, college students, 53:374
association of rectangles with responses & serial position of cues, interserial associations in intralist intrusions & associations & paired associates tasks, college students, 54:6765
associative & nonassociative stimuli & interstimulus delay & emphasis & number of items, visual sequential recall, aphasic vs nonaphasic unilaterally brain damaged adults vs normal adults, 57:3741
associative context, recognition memory for pairs of words, college students, 56:9244
auditory vs visual vs audio-visual stimulus presentation method, estimation of transition probability in speech, college students, 58:2681
blocking related items at presentation recognition memory, college students, 54:4609
categorical relationship between context & test words & semantic expectancy, access to word presentations in memory, college students, 58:4823
color words & lists of associated words, locus of interference in Stroop color naming task, 57:11976
conceptual vs associative relationships between clue & target words, target word recognition, high school students, 57:7406
constant vs variable context & output order & rehearsal instructions, context effects, college students, 56:9184
context & comprehension & semantic flexibility, theoretical & methodological implications, 57:2351
context & imagery & original & interpolated learning, interference changes, college students, 53:6615
context & initial & final graphemes as clues, recognition of known & unknown words, 2nd graders, 55:1858
context & length of interpolated list, retroactive inhibition in free recall, college students, 54:370
context & target stimulus, schema theory for recognition of reversed letters, 53:2251
context & word frequency & stimulus quality & letter case, RT for judgment of visually presented letter strings as words vs nonwords, 57:4947
context before vs after vs around missing words, probability of correctly guessing missing word, college students, 57:358
context effects, free recall of categorized words, college students, 53:10951
context effects of words presented as ordered scale, positive vs negative ratings of adjectives, graduate & college students, 54:104
context effects, sentence comprehension, reply to T. J. Doll & R. H. Lapinski, 54:2314
context, impression formation, students, 53:5188
context meaningfulness as interlocking letter vs word vs city associations & problem length, integration of information during problem solving, college students, 57:7400
context of adjacent sentences, meaning of lexically ambiguous nouns vs verbs, 57:2352
context, processing time in sentence reading, college students, 57:361
context sentences with direct antecedents, comprehension of target sentences, college students, 53:4421
context similarity & intensity, word vs nonword decision time, college students, support for spread-of-excitation hypothesis of D. E. Meyer et al, 57:11995
context, transfer from short-term to long-term memory, college students, 53:412
context utilization in reading, educable mentally retarded children, literature review, 57:13960
context variation & intracategory variation & spacing repetition & opportunity between recalls to "think about" pictures, free recall of pictures, college students, 58:2715
context variation, comprehension of "same" vs "different", 3–4 yr olds, 58:11454
context vs form of phrase, phrase recall & recognition, high school students, 57:2435
context-induced processing operations, semantic information acquired from discourse, college students, 54:6719
contextual change produced during intertrial interval as release from proactive interference, short term memory, 55:6156
contextual changes, temporal patterning of responses on constant FI reinforcement schedule, 55:6138
contextual constraint & list length, short term recall of word lists, chronic schizophrenics, 56:2475
contextual constraints, approximations to dialogue, college students & staff, 53:3096
contextual cues, reported verbal transformations, college students, 56:126
contextual cut, understanding compound sentence, college students, 54:338
contextual dependency, problem solving set & functional fixedness, 55:6102
contextual information & recall instructions & age, comprehension & retention of orally presented prose, 1st vs 4th graders, 57:5520
contextual organization, retention of vague prose materials, college students, 58:10984
contextual scenes, identification of objects, college students, 54:10965
contextual stimuli & mispronunciation prior to deletion, phonemic restoration, college students, 53:2234
contextually congruent vs incongruent verbal instructions, comprehension of "in" & "on" & "under", 1.6–3 yr olds, 56:7685
CUI shift & change in contextual cues, Kamin blocking effect in eyelid conditioning, rabbits, 56:7330
decontextualized & contextualized responses, valid interpretation of children's tests, 53:4876
deictic context in sentences, facilitation of memory for deictic elements, college students, 53:357
depth of processing manipulated by task instructions & prose exposure duration & contextual cues influencing interpretation of ambiguous paragraphs, recall & recognition, college students, 58:4783
disambiguating prior contexts, lexical access during sentence comprehension, college students, 58:4786
ease of simile comprehension & type of memory measure, memory for nouns from similes, 57:2453
encoding including details & distinctions in senses of words, sentence recall given certain cue, college students, implications for sentence comprehension process, 54:6714
environmental context cues, word recognition in pre-reading education, post-kindergartners in summer school readiness program, 55:13251
episodic information, semantic memory representations for sentences, 58:10943
evaluative halo effect vs denotative change in trait meaning, context-induced shift in personality trait evaluation, 53:5209
experience with prior or subsequent word presentation frequency information, retention judgments of word presentation frequency, 55:8883
experimental instructions & testing methods influencing use of relational vs item information, context effects in recognition memory of word pairs, college students, 57:391
extralist associate cues, retrieval from memory, implications for principle of encoding specificity, 57:4953
familiarity & physical plausibility & belongingness, interrelating objects into organized scenes, college students, 53:2306
free recall vs recall in presence of other list vs extralist words, inhibition effects & rate of recall, high school & college students, investigation of cancellation of cue facilitative effects, 58:2707
frequency differentials among values in attribution identification tasks, rule & problem difficulty & cue potency within positive vs negative categories & relative vs nonrelevant values, college students, 56:9181
frequency of instance as concept exemplar & semantic similarity of concepts & context, judgments of logical propositions & limits of D. E. Meyer's 2-stage theory of long term memory information retrieval, 57:11961
hierarchical organization of study word & presentation context of test word, encoding & retrieval in word recognition, college students, 56:1791
hierarchical structure variables, acquisition & forgetting of information in long term memory, college students, 54:367
homographs & homophones embedded in context & biased content, written recall using Brown-Peterson paradigm & dual semantic encoding, college students, 57:7418
identification of notes & intervals, judgment reliability & independence of contextual cues, musicians, 58:6817
identity of repetition & test contexts & strongly vs weakly associated new cues, recall vs recognition memory, 58:8797
image arousing capacity in & out of context, recall of words in vs not in isolation, college students, 54:6782
imagery & theme, connected discourse recall, college students, 54:366
imagery-memorability sentence context & list cohesion, list discrimination & recognition memory, 58:8783
inference relatedness of continuation sentence in connected discourse, inference recognition, college students, support for memory storage of explicit information & inferences, 57:4945
informal reading inventory employing content clues, analysis of patterns of approach to new words, 58:4662
instructions & passage organization & stimulus contiguity & ability, learning quantitative rule & information relevant to rule & incidental information in passage, high school students, 58:2693
interference in memory for multiple contexts, college students, 53:2367
intonation grouping & meaning relations between words, free recall, humans, 56:5290
intralist & extralist cues & category names, categorized recall, college students, 53:4492
letter & word configuration cues for word recognition in context & for matching nonsense syllables in isolation & intelligence & WISC block design performance, interrelationships & reading performance, 1st graders, 57:9078
letter fragments embedded in letter contexts & familiarity & preexposure cuing, recognition, college students, 56:7098
letter probability vs conditioned probabilities of letters & letter combinations, word recognition, 19–43 yr olds, 53:4412
lexical ambiguity & semantic context, visual word recognition, college students, 57:428
linguistic context, processing of lexically ambiguous sentences, 4 vs 6 vs 8 yr olds, 58:9260
linguistic metaphor & context & conceptual similarity & imagery & semantic memory, 57:2373
linguistic microcontext, perception of monosyllabic Romanian words based on visual cues of phonic mimicry, 20–25 yr old Romanian-speaking high school students, 55:110
listener perception of speaker's intention, sentence recognition, 54:3097
lists vs paragraphs of words in meaningful vs scrambled context & list width, developmental differences & role of peripheral information & context in visual search information extraction, 3rd vs 5th graders vs college students, applicability to reading models, 57:5551
mathematical models of attitude change & conditioning of meaning paradigms, computer simulation of conditioning of meaning, 56:6998
meaning change vs halo effect explanations, context effects in impression, 56:4020
meaningful vs nonmeaningful labels of nonsense pictures, cued vs noncued recall performance, college students, 57:12039
mnemonic picture-type sequence & context, immediate & long-term retention of connected discourse, Swedish high school students, 53:6675
musical contexts, perceptual & cognitive rule learning, 56:155
narrative stories, recall of words with lists differing in interitem associative strength & delayed recall intervals, female college students, 53:10957
nature & strength of relationship of prior context to subsequent lexical ambiguity & separation distance, sentence comprehension, support for prior effect hypothesis, 57:7413
non-native speech & intelligence level, reading achievement & ability to use syntactic clues to meaning in reading English, Spanish-speaking 8th graders, 55:8137
noun thematization, recall of active vs passive topicalization of final sentence & sentence preference, college students & employees, 55:196
number of verbal modifiers paired with to-be-remembered items, free recall, 58:323
orienting task requiring judgments of relatedness of list words & word frequency, role of contextual information in list discrimination, college students, implications for contextual tagging explanation, 57:12021
orienting tasks & knowledge about relevant context, word recall & sentence recognition, 56:9245
orienting tasks manipulating nature of word encoding & word context variations, within-list distributed practice effects, college students, 57:12048
paragraph context vs word meaning & role of image instructions, theme learning from connected discourse, college students, 53:12490
passage organization & use of locative information, memory for location of sentence in passage context & retrieval of content information, college students, 57:9484

pattern of associative relationship between adjectives & noun & constitutent phrase similarity, interpretation of figurative sentences, college students, 57:852
perceptual features & semantic aspects manipulated by verbal contexts, distinguishing animate & inanimate items, children, 58:9291
performance on cloze tests, context in reading & listening, 9–10 yr old good vs poor readers, 57:13816
phrase context & level of processing, phrase comprehension, 57:2388
pictorial context, recognition memory for pictorial material, college students, 55:8777
pictorial integration, incidental learning, 8 & 11 & 14-yr-olds, 53:4904
preparatory interval duration & model of delivery & trial contextual influences, crossover effects & RT performance, process vs reactive schizophrenics vs normals, 57:1300
presentation frequency of nontarget study items, recognition memory & judged frequency of target items, college students, implications for involvement of encoding processes, 58:4816
prior context, perception of lexically ambiguous vs unambiguous sentences, college students, support for processing of alternative word meanings, 58:4775
prior contextual information defined by topic vs picture cue vs categorical information, free recall & recognition performance, schizophrenic vs normal children, 58:9680
prior knowledge of letter alternatives & strongly vs weakly constraining contexts, visual perception of letters in words, 58:2622
proportion of semantically related adjacent words, size of semantic context effects on word recognition, college students, 58:4830
propositional representation, recognition memory for words, modification of J. R. Anderson & G. H. Bower's theory, 53:2368
quantitative expressions in high vs moderate vs low frequency context, numerical definitions of expression, college students, 53:1147
question wording, eyewitness reports, college students, 55:8916
questions asked subsequent to event, reconstruction in memory of filmed automobile accidents, students, 53:4498
referent concreteness as contextual influence, acquisition of passive sentence comprehension through abstract modeling, 3–5 yr olds, 57:5516
relevance to story theme & concreteness vs abstractions of sentences & presence of names & descriptions, identification of immediate context & story which Ss had learned on own, members of Sherlock Holmes society, 55:8931
reliability of contextual cues for praise & goal orientations, compliance measured by task responsiveness & physical distance & affiliative helping response, support for informational properties of cues mediating social influence processes, 58:7414
repeated vs nonrepeated items across lists, specified list vs free recall, college students, support for list differentiation interpretation, 56:9205
response delay & information relevancy & background color, short term memory involving transformation of position, monkeys, 58:2749
retroactive definitions of ambiguous words, word reproduction, high school students, 53:380
schematic storage & thematic assimilation & retention interval, prose retention, college students, 53:410
secondary tasks varying visual clarity of materials & interfering motor task & digit recall task requiring attentional demands, context utilization, college students, 55:6219
semantic constraints in reversible sentences & constraint strength & word vs sentence meaning, sentence perception, high school & college students, 57:354
semantic context, memory for syntactic form, college students, 53:6653
semantic influences, phonetic identification & lexical decision, 57:856
semantic redundancy, context effects in personality impression formation, female college students, 56:4080
semantic "relatedness," R. N. Shepard's specific recognition memory & J. D. Bransford & J. J. Franks's integrated recognition memory, college students, 53:2400
similarity of semantic interpretation of polysemous nouns through contextual variations, recognition memory, college students, 53:6656
solution associability & time & anagram associability, anagram solving, college students, 53:2355
spacing between target items & context manipulated by meaning bias, continuous recognition memory performance, 58:11020
spelling & notational error position, word & phrase identification by inference in prose & music reading, college students & adult musicians, 58:4712
spoken sequences of monosyllabic words in nonwords, detection of initial phonemes, college students, 56:7168
St. Lucia Graded Word Reading Test vs Words in Context scores, word recognition, students, 53:4079
stimulus contexts varying in physical dimensions, comparative judgment scaling of multidimensional stimuli, 55:3587
stimulus presentation rate & knowledge of differing presentation & recognition contexts, recognition memory of homographs, 57:9525
stimulus tone isolated vs embedded in tonal sequence, recognition memory, musically trained & untrained high school & college students, implications for pattern information processing, 57:12013
structural & contextual organizational components of prose, word recall & recognition performance, 56:9248
study times & procedures & associative ability, relationships between associative RT & meaningfulness & association responses during free recall learning, college students, 55:1822
syllable sequence & sharing of place & manner of articulation, phonetic interference & context-sensitive coding in short-term memory for consonant phonemes, college students, 53:2408
target letter position & context characteristics & practice, letter identification performance, adults, 56:7127
target letter strings presented alone vs in sentence vs digit context, classification of stimuli as words vs nonwords, college students, 58:2682
target sets composed of category labels vs exemplars from same vs different categories & target & probe similarity in abstraction level, RT to verify probe presence/absence in target set & retrieval of semantic & episodic information, 4th vs 8th graders vs college students, 58:3109
test context, influence on item difficulty, 57:7297
test trait & its context, evaluative & denotative meanings of trait adjectives, college students, 55:2351
text preceded by key words vs images vs no contextual variables, reading speed & understanding, 54:2313
thematic organizers, reading comprehension, high school & college students, 58:10411
training in form class identification & recognition of types of relationships, identification of word meanings from context, retarded & normal students, 55:13148
type of context & context variability, recognition of homonyms, college students, 57:2438
unfamiliar faces paired with same vs different face vs descriptive phrase, recognition memory, college students, 58:364
utterances presented with pictorial context vs "in vacuo" vs in massed repetition, recall, college students, 55:6080
validity of paradigmatic–syntagmatic criterion, classification of associative responses, college students, 54:284
variability of word list, context & variable encoding manipulated by type of orienting task, within-list distributed practice effect, 58:11003
verbal vs pictorial organizing material, listening comprehension of paragraphs & inferences & recall, 2nd vs 5th graders, 57:11412
word context & meaning, word recognition ability, 2nd graders, 55:10863
word meaning & context sentence, numerical representation of context effects, college students, 57:2370
word presentation rate & instructions to think of word associates vs usages vs images vs rhymes, false recognition of synonyms & antonyms & nonsemantic associates & homonyms, college students, 54:6806
WORDS computer system, elicitation of content themes, 53:2117

Contiguity (Cognitive) [See Cognitive Contiguity]

Contingency Management [See Also Token Economy Programs]
architectural changes & individualized instruction & group contingencies, academic performance & social behavior, disruptive 6th graders, 54:6293
attraction toward model, subsequent learning of classroom contingency management, preservice teachers, 58:10221
aversive conditioning & contingency management, reduction in tobacco smoking, adults, 57:1638
backscratch contingency of reinforcement for table serving, social interaction, severely retarded 19–23 yr old females, 54:1716
behavior modification & contingency management, participants in graduate adult education research course, 55:10731
behavior modification techniques of contingency systems & token economies & behavioral analyses as instruments of social change, applications to natural resource regulation & school integration & environmental design & traffic problems & comparative economies studies, 53:5140
behavior therapy using reward contingent on weight gain with formula feeding & isolation, 14–15 yr olds with anorexia nervosa, 54:1665
behavioral & cognitive contingency management, obsessive compulsive hair pulling 21 yr old female, 58:3853
behavioral contingency management training, participant reaction & employee & organizational performance, industrial supervisors, 57:7055
behavioral probe into social contingencies, reinforcement of independent behavior, staff & patients of psychosomatic unit, 54:12354
child-focused contingency management program, illumination of family's maintenance of child's disturbed behavior, 7 yr old female with behavior problems, 55:2630
classroom contingency management program implemented by teacher, reduction of seizures, 11 yr old epileptic girl, 56:10737
classroom group-oriented contingencies, review, 54:12551
cognitive structuring & contingency management utilizing natural & logical consequences of parent child conflict, parental alteration of child's problem behavior, parents & children, 56:8396
concurrent behavior modification & chlorpromazine, adaptive behavior, institutionalized mentally retarded women, 56:1077
contingency & participative management & performance counseling, developing subordinates' leadership ability & initiative & permitting active role in battalion management, Army officer as performance manager, 53:8492
contingency avoidance in programed student achievement procedure, academic achievement, college students, 54:4100
contingency behavioral contracting, behavior change, heroin addicts, 57:4166
contingency contracting & communication skills training & videotape feedback, school attendance & compliance with curfew & chores & verbal abusiveness to parents, recidivist delinquent 14–17 yr olds & their parents, 54:12351
contingency contracting & covert sensitization, motivation & prosocial behaviors & drug usage elimination, 24 yr old female probationed barbiturate addict, 54:5959
contingency contracting & problem order manipulations, parental cooperation & attitudes & behavior changes & evaluation, parents of antisocial children, criticism of S. Eyberg & S. Johnson's study, 55:10340
contingency contracting & problem order manipulation, parental cooperation & attitudes & behavior changes & evaluation, parents of antisocial children, reply to S. Gordon's criticism, 55:10351
contingency contracting at home by parents, weight increase & eating behavior, 11 yr old with large weight loss, 54:8096
contingency contracting learning, mathematics achievement & personal & social adjustment & attitude toward school, elementary school students, 55:3029
contingency contracting, nailbiting, 33-yr-old woman, 53:3768
contingency contracting techniques, reading performance & vocabulary & mathematics & spelling & general information, junior high school students in educable mentally retarded classes, 58:6379
contingency contracting vs behavioral rehearsal vs modeling, acquisition of assertive skills, chronic psychiatric male outpatients, 56:10307
contingency contracting with behavior modification techniques, school attendance & GPA & self concept & discipline referral, high school girls, 58:2148
contingency contracts, work rate, juveniles on probation & under court order to pay fines, 53:8116
contingency managed instruction vs independent study vs lecture-discussion method of teaching child psychology course, test performance & child management efficiency & study time & attendance & course attitudes, college students, 57:11312
contingency management & individualized instruction & peer assistance & teacher-manager role, academic achievement, Appalachian students, 53:8294
contingency management day school program integrating vocational training with academic instruction, gains in educational skills & dropout rate, emotionally handicapped male adolescents excluded from public school, 57:2016
contingency management, hallucinations & delusions, male chronic paranoid schizophrenic, 54:10220
contingency management, inappropriate urination & masturbation in family context, home-bound 53 yr old male, 56:10335
contingency management, increasing attention in small group setting, 1st–3rd graders, 53:8325
contingency management, preparation for college attendance, correctional institution inmates, 53:10289
contingency management principles introduction method, supervisors in work adjustment program, 53:10313
contingency management principles, education, comic book format, book, 53:1877
contingency management program implementation, teacher attitudes & student achievement & attendance, elementary school, 56:10601
contingency management program, general adjustment & ward management, female chronic psychotic inpatients, 54:6138
contingency management systems, development of cognitive & affective skills, low socioeconomic minority students with academic & social adjustment problems, 55:13514
contingent & noncontingent shock presented in neutral & negative environment, phonemic repetitions, adult normal speakers, 55:4173
contingent covert reinforcement, eye contact, unmarried college students, 53:1065
contingent guitar lessons, reading behavior, 3rd graders judged as reading below grade level, 54:6237
contingent monetary loss & gain, stuttering frequency & speech fluency, male 18–20 & 17–34 yr old stutterers, 55:10430
contingent music, teaching social skills, hyperactive nonverbal 8 yr old male, 54:12340
contingent observation combined with brief timeout, disruptive behaviors, 1–3 yr olds, 57:1651
contingent reinforcement, attitudes & achievement, disadvantaged junior high school students using individualized learning packages, 55:8119
contingent reinforcement in instruction-following program, development of eye contact, institutionalized retardates, 58:3859
contingent reinforcement of eating behavior & weight gain, behavior therapy, anorexia nervosa, 54:8110
contingent reinforcement, teaching dressing skills, 8 yr old severely retarded boy, 54:1658
contingent self reward, reinforcement, college students, 55:3812
contingent use of tokens & time-outs, disruptive behavior, 8 yr old male in public school class for trainable retarded, 58:4372
contingent vs no vs noncontingent credit on weekly quizzes, mean quiz performance, college students, 56:2937
contingent vs noncontingent individual feedback assistance, classroom appropriate behavior, 6th–8th grade teachers, 55:13060
contingent vs noncontingent structured environment, behaviors & perceptions of institutional environment, inmates of federal youth institution, 57:13459
continuous reinforcement with vs without punishment contingency, mathematics achievement, special students in learning adjustment classes, 55:10966
contract grading, academic achievement & attitudes & time devoted to course outside of class, college students, 55:3067
cooperatively played board game, writing contingency contracts & resolving problems of son's bizarre behavior, mother & 14 yr old son, 56:1045
covariation within behavior repertoires at home & school & application of contingency management procedures, problem children, 54:3764
covert aversive contingency & awareness training procedure, stealing compulsion, young male, 55:5102
covert reinforcement contingent upon overestimation of circle size, size-estimation change & latency & clarity & pleasantness of imagery, college students, 53:346
elementary music methods classes using teaching techniques of contingency-managed instruction &/vs lecture discussion vs independent study, course attitudes & achievement & teaching skill performance, college students, 58:2048
emotional development & intelligence & behavior modification, teaching of time-telling & trust & attitudes toward learning, mildly retarded adolescents, 56:6829
environmental assessment & contingency management & response chaining procedures, integration of behaviors, hospitalized schizophrenics, 56:1063
evolution over 5-yr period, student-oriented contingency management system for course work & grading, college students, 57:13740
exploitative aspects of behavior modification, examination of prototypical programs of contingency management, 56:4472
family contracting exercise for development of acceptable contingency contract, movement from coercive to reciprocal interpersonal exchanges, adolescents & parents, 55:10387
feedback & reinforcement for changes, modification of verbal behavior toward son, mother & 12 yr old predelinquent youth, implications for enhancement of contingency contracting program, 56:1072
food-omission contingency at outset vs post-exposure to response-independent baseline, centrifugal selection of signal-directed pecking, pigeons, 53:2726
generality & side effects, overcorrection for self-stimulatory behaviors, 5 & 8 yr old males, 53:5907
group contingency, modification of aggressive physical & verbal behaviors in classroom, 9th graders, 57:11504
group feedback & contingencies, individual & group behavior change, 5th grade children in creative arts, 53:1933
group response-cost procedure, cash shortages, employees of small business, 56:10872
group vs individual contingencies to modify on-task behavior in educational setting, facilitating vs inhibiting verbalization to peers, 8–12 yr old behavior disordered males in residential treatment center, 58:3879
group vs individual contingent reinforcement, disruptive classroom behavior, emotionally disturbed &/or socially maladjusted 8–10 yr olds in residential school, 55:3149
group-contingency procedures, behavior modification in regular classroom, literature review, 53:12447
home token program & timeout, trichotillomania, 8.5 yr old female, 56:10305
indirect modification using negotiation in contingency contracting, interaction between S & family & drug use reduction, polydrug abusing 17 yr old male, 58:3833
individual contingency program, increased handwriting size, male 4th grader, 58:4263
individual vs group contingency reinforcement, school attendance & curfew violations, predelinquent adolescents in residential treatment center, 56:6390
individual vs group token reinforcement contingencies, control of classroom behavior & motivation to complete assignments & amount of token & social reinforcement received, 4th–10th graders, 55:10837
interrelationships between perceived contingency of teacher administered reinforcements & locus of control & academic achievement, male 6th graders, 55:8057
lectures vs requests vs teacher praise vs access to play area contingencies, increasing creativity in written stories, 4th–6th graders, 55:10776
music listening contingencies, arithmetic performance & music preference, educable mentally retarded in elementary school, 56:6823
music listening contingencies, arithmetic performance & music preference, educable mentally retarded 9–14 yr old students in special classes, 58:6374
noncontingent reinforcement in monetary economy, program participation, hospitalized alcoholics, 58:6050
operant conditioning techniques using contingent reinforcement for hand raising & answering questions & reading aloud, 8 yr old with elective mutism in classroom setting, 54:1640
operant principles, application to acquisition & generalization of nonlittering behavior, 4 yr olds, 56:143
operant procedures with contingency management, training of self care abilities & modification of deviant behavior & teaching of academic skills, multiply handicapped retarded 5–15 yr olds, 54:10257
operant reinforcement & contingency management, 11 yr old male with 6-yr history of elective mutism in school, 58:12094
operantly structured fantasies as adjunct to positive reinforcement, modification of fire-setting behavior, 7 yr old boy, 57:8765
opportunity to earn points toward options vs noncontingency condition on quizzes, academic performance, college students in psychology of exceptional students course, 54:6252
outcome data, clinical studies using response-contingent time out, 56:1055
outcome data, response-contingent time out studies, reply to criticism by P. Gottwald, 56:1056
outcome data, response-contingent time out studies, criticism of R. Forehand's & S. MacDonough's study, 56:1061
parent manual & food-group-representing colored tokens & monetary payments & daily weighings, weight loss program, 19 & 21 & 36 yr old severely retarded females, 54:6108
parental participation in systematic contingency management program, truancy reduction, Mexican American male high school student, 56:4749
parental training & contingency contracting, treating overweight children, 5–11 yr old females & parents, 54:12312

peer reinforcement program, school attendance, elementary & high school students with chronic absenteeism, 53:1901
peer reinforcement vs group contingent reinforcement, mathematics performance & attitudes & sociometric status, female elementary school students, 58:10321
positive reinforcement & informational feedback & desensitization & contingency contracting, weight & caloric intake, 28 yr old bulimic anorexic female, 58:9956
positive reinforcement & time-out contingency, out-of-seat & antisocial behavior, 8-yr-old female, 53:1981
positive verbal vs token reinforcement vs response cost technique, learning & retention of language & mathematics tasks, 5th & 6th graders, 55:13166
prediction of reinforcer item choices of new vs old inmates, prison administrators vs college students vs mental health workers with vs without penal experience, 58:10061
Premack principle of reinforcement, applicability to multiple-contingency chains, college students, 56:163
prestated contingencies & tangible reinforcers &/vs verbal reinforcers, acquisition & management of behavior, 4–6 yr olds, 53:4455
rationale & techniques & case simulation, behavioral & contingency contracts in counseling, book, 54:1651
reduction of time limits for task, academic performance, educable retarded 10–12 yr olds in contingent token reinforcement program, 57:6914
reinforcement techniques, frequency of vocational information seeking behaviors, high school students, 55:5724
release time from classroom vs free time in classroom as reinforcement, reading achievement, 4th graders, 58:10288
response contingent positive stimulation, part-word repetitions, stutterers, 55:12638
response contingent verbal praise vs correction, disfluent speech behavior, 7–9 yr olds, 55:1028
response cost, reduction of inappropriate classroom behavior, literature review, 57:13872
response-contingent vs noncontingent experiences in treatment history & prompt for impression management, interview behavior, chronic mental patients, 55:10360
response-cost procedure, academic performance, mentally retarded female adolescents, 56:10736
response-reinforcer dependence vs independence, response rates, pigeons, 53:2751
review of reported side effects of shock, validity of fears about use of contingent electric shock with autistic children, clinicians & researchers, 57:1642
role of shock-induced emotionality, reinforcing effects of response contingent shock rate reduction, rats, 55:9027
rules vs rules & feedback vs rules & feedback & group contingency & individual & group praise & group activities, classroom behavior, 1st–3rd graders, 53:6104
scheduling & instrumental reinforcement via contracting & self charting, encopresis, 6 yr old male, 56:10338
security deposit contracting program, maintenance of disulfiram treatment regimen & abstinence duration & clinic visits, male alcoholics, 56:10462
selection of random sample of questions in college contingency-managed course, 58:8260
self administered response-contingent shock treatment, aerophagia, 28 yr old male, 54:5962
self instructional vs direct training in printing with contingent social reinforcement, kindergartners with writing deficiencies, 54:1880
self management construction & contingency management, increase in work completion, nonproductive elementary school students, 55:3001
self monitoring & contingency management techniques, verbal responding, schizophrenic 16 yr old male outpatient, 54:8109
self recording & contingency management, verbal behavior during class discussions, college students, 57:9094
self recording vs contingently-awarded points, rate & content & length of verbal responses in classroom discipline & number of Ss participating, college students, 58:2127
self vs therapist controlled contingency weight reduction program, weight loss, overweight Ss rated as high vs low self reinforcers, 56:10347
short term effects of reinforcement contingency management system, chronic public drunkenness offenders, 54:10240
social contingency contracting utilizing nicotine-bearing chewing gum, elimination of cigarette smoking, long term smokers, case study, 58:3826
social learning or token economy vs social learning & milieu approach using group pressures & patient decision making responsibilities with response contingent management, generalization of adaptive inhospital behavior to community settings, hospitalized patients, 54:8226
social vs token reinforcement vs cost contingency, modification of deviant classroom behavior, 6–9 yr old problem children, 56:1407
structured learning experience in verbal communication, augmentation of contingency contracting, maladaptive 13 yr old boy & his family, 57:8772
study cubicles & contingent reinforcement procedures, study vehicles for attending behavior & academic achievement, emotionally disturbed children in residential treatment center, 56:4910
task arrangements & verbal contingencies, enhancement of social responding, moderately & mildly retarded 10–12 yr old males, 57:6355
teacher & pupil controlled individual contingency programs, classroom assignment completion, 6th grade males, 54:4113
teacher guidance & token-mediated access to play & snack contingent on completion of academic tasks, preacademic skills, deviant 4–6 yr olds, 57:2013
time contingency management, increasing membership & decreasing disruption in urban recreation center, black 7–25 yr olds, 53:5113
token economy & contract & group guidance meetings, truancy, high school students, 54:8472
token economy vs contingency contracts, reading & arithmetic performance, 6–11 yr old educable mentally retarded, 54:4194
token program using backup reinforcers contingent on accurate self ratings & control over point distribution, generalization & maintenance of appropriate academic & social behavior to regular classroom, 7–11 yr olds, 54:8518
token reinforcement & positive & negative peer interactions & teacher-student interactions, analysis of components of group contingency to control disruptive classroom behavior, emotionally disturbed 8–11 yr olds at residential school, 55:10993
tokens contingent on group participation, small group discussion, college students, 55:13241
training as reinforcement dispenser & verbal feedback for contingent point delivery to retarded target Ss, generalization of training, mentally retarded students, 55:12509
training in problem solving skills & contingency contracting, marital discord, married couples, 58:1616
training of mentally retarded residents to use contingent rewards & peer pressure techniques, modification of disruptive behavior, 29 yr old severely retarded male, 57:8738
training program for mothers in contingency management, homework completed & turned in, 7th graders in mathematics course, 55:10789
within-room vs out-of-room time-out procedures, compliance & oppositional behavior, 5 yr olds & their mothers, 54:5051
"workclock" as alternative to token economies, modification of attending behavior of entire class, 3rd & 4th graders, 57:1919

Continuing Education [See Higher Education]

Continuous Reinforcement [See Reinforcement Schedules]

Contour [See Form And Shape Perception]

Contraception [See Birth Control]

Contraceptive Devices [See Also Diaphragms (Birth Control), Intrauterine Devices, Oral Contraceptives]
contraceptive protection continuation, female hospitalized psychiatric patients, followup study, 55:9928
family interaction & contraceptive knowledge & sexuality & sexual experience & body image & role, contraceptive choice, single women, 58:11600
personality & socio-demographic & attitude & behavior & husband oriented attitude variables, use of IUD or birth control pill 2 mo after childbirth, Mexican American females, 57:1093
Rotter's Internal-External Control Scale & Cantril's Self-Anchoring Striving Scale & Rosen's Value Orientation Scale & Srole Anomie Scale scores, female college student users of risky vs safe contraceptives, 56:725

Contraceptive Methods [See Birth Control]

Control (Air Traffic) [See Air Traffic Control]

Control (Locus of) [See Internal External Locus of Control]

Control (Stimulus) [See Stimulus Control]

Convergent Thinking [See Inductive Deductive Reasoning]

Conversation
action oriented intervention techniques involving practice dating & dyadic interaction & conversational skills training & group discussion, alleviation of dating inhibition, infrequently dating college students, 58:3884
age, similarity of single speaker's speech pauses & pauses between utterances of 2 speakers, 5–6 vs 6–7 yrs olds, 56:7728
alcoholic vs nonalcoholic topics of conversation, verbal & nonverbal behavioral interactions, alcoholics vs nonalcoholics & their wives, 57:6047
altruism & authoritarianism, number of words used & referrals made over telephone, crisis center volunteers, 58:1756
analysis of forms of deception employed in dyadic conversations, 56:6015
anticipated social vs spatial density & expected social structure & sex, spatial position taken in room & withdrawal vs aggressive behavior & discomfort & initiated conversations, college students, 57:10248
aspects & mechanics, storytelling in natural conversation, mentally retarded, 55:895
audio vs face-to-face communication, personalization & orientation of conversation in negotiation-type task, college students, 57:1183
bilingualism, speech & silence behavior during conversation in each language, males with German/English fluency, 58:11393
caller-therapist interaction in conversation, showing & not showing & canceling appointments, telephone referral calls to suicide prevention & crisis centers, 55:10476
change in interviewer, code elaboration during conversation & relationship to social class, 6th graders, 55:11849
characteristic interpersonal orientation & judgments regarding aim & partner's conversation, temporal factors of talk in unconstrained conversation, college student dyads, 58:7425
coherency of referentially based conversations & sound play exchanges, 2 yr old twin boys, 55:11959
content analysis of conversations, ending process of interpersonal interaction, 56:647
contextual constraints, approximations to dialogue, college students & staff, 53:3096
conversation amount & degree of love, time spent in pure gazing, pairs of college students who were strongly in love vs strangers, 57:1161
conversation with children as techniques for educative action, 58:6129
conversational behavior in natural setting, verbalization rate & interpersonal matching & flexibility with environmental change, intermediate school children & adult supervisors, implications for equity & exchange theories, 57:8207
conversational competence over number of turns, 2.9 yr old male twins, 55:534
conversational interaction between strangers in waiting situation, utterance sequencing structure & time spent talking & role structure in conversation, 57:10268
conversational speech, vocabulary diversity & rare word loss, aphasic speakers, 57:8508
conversations in public places, role segmentation & compartmentalization of social discourse, pharmacy & beauty & barber shop owners & employees & customers, 58:1076
coordinated management of meaning, development of theory of interpersonal communication, 58:11675
copresence vs coaction vs coexperience conditions, conversation depth & breadth between strangers, 57:5789
descriptive analysis, self & interpersonal & vocational-avocational & external references made in group setting, mentally retarded adults, 56:10132
developmental trends in "trick or treat" language routine, 2–16 yr olds & adults answering door, 57:2909
drive level & reinforcement magnitude & magnitude shifts, conversational behavior in discrete trials instrumental escape conditioning paradigm, 57:2484
ecological approach, characteristics of dyadic conversation, 55:9744
engagement in brief unstructured conversation vs conversation observation, external & situational & dispositional interpersonal causal attributions of behavior, male college students, 57:10333
equal & unequal military rank, interaction distances among pairs at initiation of conversation, US Navy active duty personnel, 57:3190
exponential function of successive questioning, probability of continuation of connected conversations, 1st graders, 54:9654
feedback, modification of relative frequency of positive self references in conversational conditioning paradigm, 55:7041
formal analysis, conversational device of "demand ticket" to obtain speaker's role & obligate others to adopt listener role, 54:7587
free dyadic conversations with schizophrenic vs psychiatrically normal partner, recently admitted vs chronic long-stay schizophrenic patients, 58:9668
frequency of stuttering repetitions in spontaneous conversation, aphasic vs nonaphasic brain damaged adults, 57:1463
General Inquirer computer based content analysis system, analysis of dyadic spoken interaction occurring over several months of psychotherapy, neurotic patient & psychotherapist, 58:7871
group size & neuroticism-stability & introversion-extraversion, quantitative aspects of conversation in group context, 57:1230
high vs low communication style of dyad members, perception of own vs other's style & amount of talk & control of task outcome, college students, replication of R. Norton & L. Miller's study, 58:5309
high- vs low-accurate empathy conversations, reconstitution of serial order of dialogs, college & graduate students, 57:1141
homeostatic information processing theory development, durations of input & output information restriction in conversation, 55:7054
immediate vs delayed reinforcing opportunity to speak in reply under invariable initial disagreement, instrumental response speeds in experimental conversation, college students, 57:8218
individual & interaction & measurement partner, measurement of conversational distances, young adult women, 56:5993
initiation of conversation between unacquainted, 4-stage negotiation model framework, unacquainted college students, 58:11644
interaction distance of same sex stranger pairs, conversational intimacy & interpersonal attraction, 57:10328
interaction problems & strategies to handle conversations with dying patients, nurses, 58:10139
intermittent disagreement in conversation & motivation, instrumental response speed, college students, 58:4840
introductory remarks vs prior letter, telephone interview refusal rates, 57:12706
language spoken & conversational phase, temporal aspects of speaking style, male Cuban bilinguals, 54:9563
linguistic structure of discourse initiated by & sustained through questioning, differentials between speakers in power & authority, analysis of conversations in 1st-grade classrooms, 54:7583
male & female target pairs based on mutual popularity vs attractiveness vs friendliness vs conversational specificity as reflected in conversation, attributions of heterosexual attraction, college students, 57:10289
mother–stranger modes of social interaction, sensitivity to social contexts, 18 mo olds in unfamiliar semipublic place, 55:6826
mutual touch experience in conversation between strangers, affect & self disclosure, female graduates & undergraduates, 55:7059
need for affiliation & sex & intimacy & conversational topic, eye contact, male vs female college students, 55:12227
nonverbal cues to conversational turn taking between speakers, black Ss, support for existence of subcultural communication differences, 56:2104
ocular breaks & verbal output, college student dyads in conversation, 58:9464
pair of machines coupled through feedback, model of interpersonal communication situations, 58:11643
patterns of talkativeness between 2 males, interpersonal judgments of conversationalists, females, 58:1128
perceptions of world in terms of "place", social interactions & conversation, community of "Teamsterville", 58:1114
phrasing & logic, conditional promises & threats & warnings in conversation, 57:12448
picture-story techniques & open-ended discussion, use of suprasententials in dyadic situation, 56:2105
play vs verbalization instructions development & prior formal language training, utterance structure & purpose & length & number during mother-child conversation, mothers & their young children with normal vs delayed language development, 58:7742
postural change, structure of conversation, college student dyads, 58:9469
predispositions toward verbal behavior, duration of & number of words used in answering questions, dyads, 53:11667
professional football star moderator & achievement level & audience & situational & structural modesty & pride & conceit in conversations about athletic achievement, peers on high school & college football teams, 58:7536
racial differences, gaze behavior during conversations, black-black vs white-white vs black-white dyads, 56:5998
reconstructing approximations to dialogue, college students, methodological & theoretical implications, 58:3052
reinforcement in reversal design, generalization of increased rates of social speech, mentally retarded 27–46 yr olds, 55:5083
reinforcement vs information topic, conversation, chronic psychiatric patient dyads, 53:3363
reliability & validity of Verbal Report Form, measurement of conversational behavior, psychiatric patients, 57:9387
reward/cost ratio & number & degree of obscenities, perception of obscenities as form of self disclosure, male Ss, 55:721
self esteem & programed music & time of day, preferred conversational distance, female college students, 57:1167
sex & victim & conversation & location & size of observer group, bystander intervention in high risk situation, 53:9479
sex & willingness to disclose & topic intimacy, eye contact during dyadic discussion, replication & extension of study by R. Exline et al, 58:1074
sex, simultaneous talking in conversation & agreement vs disagreement with speaker, high school vs college students vs college teachers, 58:3308
similarity of conversation about death in institution & family group, dying children, 54:12126
social anxiety, self evaluation of social skills & female confederate's response favorability in conversation, male college students, 54:7451
social desirability & convergence of noncontent temporal speech, dyads of male & female college students, 54:7474
social validation & training of conversational skills, conversational abilities & behaviors with adults, junior high school & college students, 56:6420
speaker utterances ending with vs without filled pauses & grammatical closure, latency of listener's next vocalization as measure of assumption of conversational floor, college students, 56:461
speech & conversation, characteristics of human communication, 54:1067
storytelling training employing modeling & token reinforcement, use of correct verb tenses & acquisition of conversational speech, mentally retarded children, 58:7963
structural & evaluative attitude similarity, communication effectiveness & interpersonal attraction in semistructured conversations, male-female dyads, 57:8209
synchrony in conversation, theoretical explanations & research methods, 57:7845
target's role defined as doctor vs role uncertainty, time spent speaking to target, medical patients, 56:7937
technique for development of normal language & conversation, children with language learning problems, 54:10622
time series analysis, duration of vocalization periods during casual conversation, dyads of male college students, 55:2137
token reinforcement during camping trip, increased verbal productivity in recreational & discussion group contexts, shy male adolescents, 58:1651
topical experience & attitude polarization & agreement & confrontation & consideration, opinion exchange in conversation, college students, 53:1079
training institutional staff to use prompts & social contingencies, alteration of conversation about prosocial & antisocial behavior, 14–18 yr old delinquent girls, 57:8759
transcriptions of language & paralanguage & body-motion behaviors, structure of speaker–auditor interaction during speaking turns in dyadic & face-to-face conversations, 53:11652
transferable communicative routines in narration & joking conversation, 5–7 yr old Hawaiian children, 54:9666
types of word retrieval behavior in conversation & production of intended words, aphasic adults, 57:13074
understanding & drawing deductions from conversationally conveyed requests, college students, 54:3061
unfamiliar natural vs artificial dialogue devoid of syntactic cues, reconstitution of original passage order, college students, 56:2101
use of architectural scale-models in spatial-behavioral research, 58:12847
visual interaction behavior in free dyadic conversations, recently admitted vs chronic long-stay schizophrenics vs depressive vs neurotic vs personality disordered patients vs normals, 57:8417
word of mouth analysis for new brand, marketing, 55:13751

Conversion Hysteria [See Conversion Neurosis]

Conversion Neurosis [See Also Hysterical Anesthesia, Hysterical Paralysis, Hysterical Vision Disturbances]
admission & observation & therapeutic decisions during hospitalization, staff members & child's family & institutional organization, 10 yr old female with hysterical conversion, 54:12458
Bender Gestalt Test z-scores vs time taken for Bender Gestalt reproductions, usefulness as prognostic indicators of therapeutic outcomes, schizophrenics & affective & organic psychotics & obsessive compulsive neurotics & Ss with anxiety & conversion reactions, 56:6177
childhood experience & love overload or deprivation, psychogenesis of hysteria within context of family, 57:3425
clinical & epidemiological aspects, conversion type of hysterical neurosis, New York & Iceland, 1960–69, 57:1387
cognitive performance under stress & nonstress conditions, hospitalized patients with hysterical conversion reaction, 57:5964
development of interpersonal roles & resulting conversion symptoms & dissociative reactions, etiology of hysteria, 57:10428
handedness, lateral distribution of conversion reactions, adults diagnosed as having conversion type of hysterical neurosis, 58:5542
history of hysteria, 53:9787
incidence of diagnosis of hysteria & hysterical fits & mental conversion symptoms & mixed conversion symptoms, 1948–50 vs 1958–60 vs 1969–70, Greece, 57:1386
instructions & social reinforcement & sex of therapist administering reinforcement contingencies, 54 yr old male with astasia-abasia, 54:8115
lithium carbonate, diabolical behavior & conversion symptoms & diffuse violence & cruelty, 20 yr old female with hysteria, 58:12174
obsessive-compulsive personality, etiology & treatment of prolonged LSD flashbacks, 20 yr old male, 57:10758
oedipal resolution & pathological regressions & defenses, idrosophobia as form of pregenital conversion, young male, 54:7773
portrayal of inauthenticity & flight from freedom & despair, comparison of dream with F. Kafka's "The Trial", 45 yr old male patient treated for disabling phobic & conversion symptoms, 58:11814
psychiatric consultation, hysterical syndromes among referred outpatients, nonpsychiatric physicians, 55:12907
psychosomatic approach, globus hystericus syndrome, 21–55 yr old patients, 56:2538
structure & use & universality of verbal politeness routines, 57:2819
traditional psychoanalytic explanation of conversion reactions, 8 yr old male with functional sleep seizures, 58:11810
validity of diagnosis & prevalence & personality traits & genetic factors & behavior disorders, conversion disorders, literature review, 54:1324

Conviction (Criminal) [See Criminal Conviction]

Convulsions
absence seizures in slow wave sleep, photically sensitive spike-wave paroxysms, 10–15 yr olds, 55:10147
acoustic stimulus intensity & duration during priming, audiogenic seizure susceptibility, mice, 58:4975
adenosine & nicotinamide, protective effect against audiogenic seizures, male mice, 53:6849
adrenalectomy, retrograde amnesia following amygdala-kindled convulsions, rats, 58:4968
age & prime-to-test interval & index of seizure, audiogenic priming, DBA/2J & C57BL/6J mice, 56:1909
age, mechanisms of monoamine neurotransmissions in audiogenic seizures, sensitive vs resistant mice, 56:7395
age of peak convulsion risk & audiogenic priming & locomotor activity, susceptibility to sound-induced seizures, C57 vs DBA mice, 56:9483
alcohol, audiogenic seizure suppression, mice, 55:9322
alcohol, convulsant & psychotomimetic properties, review, 54:11247
alternating unilateral electrical stimulations of amygdala & number of convulsions per phase, oscillation tendency, male rats, 57:12343
aminergic drugs & glutamic acid, audiogenic seizures induced by early exposure to ethanol, mice, 54:7073
aminooxyacetic acid, audiogenic seizure priming, SJL/J & C57BL/6J mice, 56:3764
ampheprامone, behavior & locomotion & pentetrazol seizures & EEG, mice & rats & chinchilla rabbits, 58:11344
amphetamine & benzphetamine, effect of social aggregation on audiogenic seizures, male mice, 57:9831
amphetamine during pregnancy, acquisition of conditioned avoidance responses & seizure threshold in offspring, rats, 53:9088
amygdaloid stimulation, increases in paradoxical sleep, male rats, 55:6483
audiogenic seizures during ethanol withdrawal, EEG correlates, male mice, 58:11313
behavior modification techniques, control of seizures, 22 yr old male epileptic & psychomotor retardate, 54:3729
bilateral stimulation during sequential alternation of unilateral amygdaloid stimulation, oscillation, rats, 56:3654
bilateral vs unilateral kindled amygdala foci, inhibitory avoidance behavior, male rats, 58:9057
brain homogenate supernatant injections from previously convulsed rats, retardation or suppression of convulsions induced by amygdaloid electrical stimulation in naive recipients, rats, 56:5567
brain seizures induced by transcorneal electroshock stimulation, retrograde amnesia on inhibitory avoidance tasks, DBA/2J vs C57BL/6J, 56:3571
central catecholamine activity, sensitivity to tonic extensor seizures & response to anticonvulsant effects of levodopa, spontaneously hypertensive vs normotensive rats, 55:4019
chlorpromazine & gallamine & C-28 prime 882-BA & pentylenetetrazol & dantrolene & MI-65-S, blockade of tonic hindlimb extension during maximal electroshock seizure, male mice, 58:3019
cholinergic stimulation, seizure development pattern & sensitivities of amygdala & caudate & hippocampus, male rats, 54:2521
cholinergic system enzyme activity in cochlea, audiogenic seizure susceptible mice, 53:9221
chronic administration & withdrawal of amphetamine, seizure threshold & endogenous catecholamine concentrations & their rates of biosynthesis, male mice, 58:9159
chronic barbital treatments, interaction between electrically induced convulsions & tolerance in abstinence period, male rats, 58:9180
chronic carbamazepine medication, focal seizures & associated interictal EEG abnormalities, monkeys with alumina-induced foci, 58:2984
chronic electrode implantation & EEG operant conditioning, seizure susceptibility following monomethylhydrazine administration, cats, 57:656
chronic lidocaine, progressive behavioral changes & relationship to kindling, male rats, 55:4148
chronic recording of neurons in epileptogenic foci during seizures, monkey, 57:2696
clinical & cinefilm & EEG observations, seizures with laughter & verbalization & upper limb movements, 13 yr old male, 54:3458
clinical & EEG characteristics, laughing fits caused by aseptic meningoencephalitis, 44 yr old male epileptic, 55:936
color, photoconvulsive response, photosensitive patients, 56:6292
convulsive disorders, families of epileptic children, 54:1474
cortical seizure patterns, equipotential maps, rabbits, 53:8882
corticosteroids, acoustic induction of audiogenic seizure susceptibility, mice, 56:2087
cycloheximide & puromycin & actinomycin & diaminopurine, protein synthesis & auditory priming, C57BL/6Bg mice, 57:5359
daily repeated electrical stimulation of limbic structures, seizure activity & characteristics, rabbits, 54:4749
daily saline vs drug vs blank injections, susceptibility to convulsant effect of drugs, female rats, 55:4122
delta-9-tetrahydrocannabinol & delta-8-tetrahydrocannabinol & cannabinol & cannabidiol & 11-hydroxy-delta-9-tetrahydrocannabinol, anticonvulsant effects on maximal electroshock & pentylenetetrazol seizures, male mice & rats, 53:4724
delta-9-tetrahydrocannabinol, depression of spontaneous motor activity & severe toxic effects, seizure-sensitive gerbils, 54:648
development of audiogenic seizure susceptibility, aged BALB/c mice, 54:4707
developmental patterns, seizure susceptibility, inbred strains of mice, 56:1904
device for protection against injury during convulsions, severely retarded, 58:4561
diagnostic tests & treatment with anticonvulsants & penicillin & prognosis, patients with seizure disorders associated with neurosyphilis, 56:1115
dichloroethane poisoning with myoclonic syndrome & seizures & irreversible cerebral defects, 48 yr old male, 55:12549
differentiation of hysteria from hysterical personality & epileptic seizures from hysterical seizures, 57:12861
diphenylhydantoin & phenobarbital & 1 psychotropic drug, anticonvulsant drug–serum levels, psychiatric patients with motor seizure disorders, 53:10135
diphenylhydantoin, alcohol withdrawal seizures, patients entering alcoholism detoxification unit, 53:10131
diphenylhydantoin vs phenobarbital, seizures & EEG & blood & behavior, male monkeys with focal cortical alumina-gel lesions, 56:5681
diphenylhydantoin vs phenobarbital, seizures & EEG & blood & behavior, male monkeys with focal cortical alumina-gel lesions, 4-mo followup study, 56:5682
dipropylacetate, prevention of ethanol withdrawal seizures, rats, 55:9276
distributed vs massed electrical brain stimulation, kindling rates & rekindling rates 3 wks later, inbred mice, 56:5594
disulfiram in absence of challenge with alcohol, grand mal seizures, 50 yr old female alcoholic, 57:4186
dosages & withdrawal from ethanol vs cannabis extract, pentylenetetrazol-induced convulsive threshold, mice, 53:11162
economy of libido & situational relevance of cerebral seizures, 58:1482
ECS, behavioral responses to brain 5-hydroxyindoleacetic acid & 5-hydroxytryptamine or tryptophan concentrations & tranylcypromine & levodopa, rats, 56:9460
EEG recordings before & during & after audiogenic seizures & chemoconvulsive seizures with picrotoxin or thiosemicarbazide, inbred mice susceptible to audiogenic seizures vs resistant to them vs acoustically primed, 56:9477
EEG records of seizures, Mongolian gerbils, use as model for study of epilepsies, 54:6859
electrical stimulation, kindling rate in hypothalamus & transfer to ipsilateral amygdala, male rats, 55:4036
electrically induced convulsions & rearing in normal vs socially deprived environment, social behavior, juvenile monkeys, 58:4986
electroconvulsive shock, tardive seizures elicited from amygdala & septum & sensorimotor cortex, rats, 55:2025
ergot alkaloids & apomorphine & piribedil, audiogenic seizures & circling behavior, mice with nigrostriatal lesions, 56:9449
ethosuximide, petit mal seizures, 5–15 yr old patients, 56:6431
etiology, hysterical seizures, 54:5499
etiopathogenic factors, alcoholic epilepsy, 41-yr-old male, 53:3373
familial distribution, inherited susceptibility to spontaneous & primed audiogenic seizures, mice, 53:11071
fluphenazin decanoate, seizures, schizophrenic patients, 53:10102
frequency & characteristics of photoconvulsive response during intermittent luminous stimulation, patients, 57:1485
genetic & biochemical & pharmacological correlates, priming responses, mice selected for susceptibility vs nonsusceptibility to audiogenic seizures, 58:11170
genetic factors, selective breeding for acoustic priming, mice, 57:7628
genetically determined age-dependent deficit in brains, susceptibility to seizures, mice, 54:6923
haloperidol vs chlordiazepoxide withdrawal convulsions, ethanol dependent mice, 57:710
handling following differing doses of reserpine vs picrotoxin vs pentylenetetrazol vs strychnine, convulsions, male mice, 57:5326
high- & low-frequency cerebellar stimulation, cortical seizures, monkeys, 54:4746
hippocampal seizure afterdischarge, retention of passive or active avoidance or barpressing habit, rats, experimental model of transient global amnesia, 55:11711
histaminergic agents, seizure susceptibility, male mice, 56:3710
imipramine therapy, seizure disorder reaction, psychotic 3 yr old male, 54:3688
implantation of brain pacemaker, muscular hypertonia & seizure related to stroke & cerebral palsy & brain injuries & epilepsy, 56:4358
incidents & personality characteristics & diagnosis, permanent & episodic childhood psychomotor disturbances associated with epilepsy, literature review, 53:3510
injections of brain homogenate supernatant from kindled rats, development of clonic convulsions, recipient male rats, 57:728
intermittent diffuse & patterned photic stimulation, selective photoconvulsive EEG responses, epileptic & nonepileptic patients, 53:5708
intracerebral vs intraperitoneal injections of brain homogenate supernatant, shock-induced clonic convulsions, rats, 55:6445
intraperitoneal injections of supernatant fractions of brains from donor rats kindled to clonic-convulsion stage, negative transfer of kindling effect, rats, 53:4603
kindling effect, model of epilepsy & taurine suppressant role, 58:637
kindling effect, sleep organization, cats, 55:9214
kindling of motor seizures from hippocampal commissure, male rats, 56:342
light-induced myoclonic jerking & generalized convulsions & pentetrazol-induced generalized seizures, sleep organization, baboons, 57:12334
linear relationship between stimulus intensity & audiogenic seizures, male inbred autosensitive mice, 57:5120
long term administration of tetrahydrocannabinol, cannabinoid-induced behavioral convulsions, rabbits, 57:7806
low intensity amygdaloid electrical stimulation, progressive development & intensification of stimulus-induced epileptic activity, male rats, 55:387
low-intensity unilateral electrical stimulation to amygdala & other brain sites, automatic behaviors & convulsions, literature review, 53:555
LSD & reserpine & 5-hydroxytryptophan, audiogenic seizure incidence & severity, audiosensitive male mice, 57:701
magnesium deficiency, nonspecific excitability level & audiogenic seizure susceptibility & cerebrospinal fluid & serum magnesium concentration, male weanling rats, 58:4933
methionine-enkephalin, behavioral effects of DOPA & serotonin & footshock-induced fighting & audiogenic seizures, 3 strains of male mice, 57:7815
methylmercury dicyandiamide during embryogenesis, development, young chickens, 56:436
methysergide, dextroamphetamine-induced excitation measured by convulsions elicited by handling, male mice, 58:7074
midbrain reticular stimulation, EEG & behavioral indicants of epileptic activity kindled from amygdala, male rats, 55:6471
morphine or alcohol or dopamine, suppression of convulsions during ethanol withdrawal, mice, 57:711
morphine proconvulsant action, opiate receptor mediated process, mice, 54:619
morphine vs phenobarbital vs ethanol treatment, CNS sensitivity to flurothyl as measure of drug dependence, male mice, 56:9568
noise-induced hearing loss & anoxia, postictal refractory period for audiogenic seizures, DBA/2J mice, 56:1935
noise-induced hearing loss, auditory evoked potentials from inferior colliculi & protection from audiogenic seizures, mice, 54:468
number of trials per day, oscillation tendencies in sequential alternation of unilateral amygdaloid stimulation, male rats, 56:3653
open field tests, convulsive seizures, grasshopper mice, implications for animal model of human epilepsy, 55:6233
paleocortical & subcortical & anterior neocortical electrical stimulation, electrographic & motor seizures, rats, 54:552
para-bromomethamphetamine, convulsive seizure excitability threshold, male mice, 58:2993
parents' consumption of ethanol, audiogenic seizures at 28 & 45 days old, inbred strains of mice, 57:12439
pathogenesis of severe stress, convulsive attacks, patients with convulsive disorders & their children, 1–12 yr follow-up, 53:5712
penicillin-induced neocortical epileptogenic focus, bioelectrical activity, male rats, 53:11130
pentylenetetrazol, REM sleep, naive & cobalt-epileptic female rats, 53:2533
pentylenetetrazol, retrograde amnesia & role of overt convulsions, male mice, 58:9155
pentylenetetrazol-induced convulsions, delayed development of retrograde amnesia, mice, 55:11821
pentylenetetrazol-induced retrograde amnesia, brain seizures, 3 strains of mice, 53:9121
personal & family history & clinical & EEG & psychological data, incidence of epilepsy, 6–7 yr olds who had vs had not experienced convulsive attacks, 58:1474
pharmacological & biochemical & electrophysiological concomitants of acoustic priming, C57BL/6J mice, 58:9050
photic &/or acoustic stimulation parameters & intermodal inhibitory interaction of sensory inputs, flurothyl-induced seizures, male rats, 56:316
photic or tonic stimulation vs bilateral lesions of cerebral cortex, flurothyl-induced seizures, male rats, 53:4604
polydipsia & hyponatremia & seizures, psychotic patients, 57:3491
polydipsia-induced schedule of alcohol consumption, alcohol dependency & audiogenic seizures, male rats, 56:406
polygenic inheritance of epilepsy & febrile convulsions, analysis based on E. Slater's computational model, patients, 57:8565
prenatal maternal dextroamphetamine, water-wading emotionality & audiogenic seizure behaviors, rat offspring, 54:7052
prenatal thienylalanine injection vs material handling vs nonhandling, susceptibility of offspring to audiogenic seizures, mice, 56:9537
priming duration & tympanic membrane perforation, development of seizure susceptibility, 13 vs 26 day old mice, 58:9041
priming for seizures at various ages, cochlear microphonic sensitivity, mice, 56:329
procaine hydrochloride & diazepam & diphenylhydantoin, seizure development in cortical & subcortical structures, male rats, 54:4843
prostaglandin E2, EEG, normals & epileptic patients, 58:3905
psychogenic convulsions & Adams-Stokes attacks, undetected heart disease, 55-yr-old female, 53:3525
puromycin & puromycin aminonucleoside & cycloheximide & diphenylhydantoin & dextroamphetamine, priming-induced audiogenic seizures, mice, 56:9474
pyridoxine deficiency & supplemental vitamin B sub 6 administration, audiogenic & electroconvulsive seizures, mice, 54:6944
rapid iv administration of small doses of diazepam or methohexitone, EEG monitoring & seizure control, infants & school age children & adolescents, 54:8065
rate of development of electrically kindled convulsions vs audiogenic seizures, learning ability, mice, 55:4045
rearing in social & perceptual isolation vs with nonlactating foster parents & siblings, territorial marking & aggression & open field activity & spontaneous seizures & adrenal gland & testes & body weights, gerbils, 54:9212
repeated amygdaloid stimulation below & about initial afterdischarge threshold followed by alcohol intubations, intensity of alcohol withdrawal symptoms & seizure susceptibility, male rats, 57:652
repeated electrical amygdaloid stimulation & hunger, predatory behavior & epileptic excitability of basolateral amygdala & limbic structures, rat-killing vs non-rat-killing cats, 56:7461
reperfusion of neurotransmitter perfusates from donors, REM sleep latencies, cats, 53:4623
repetitive administration of CNS stimulants & cocaine, progressive effects related to electrical kindling & motor seizures & pathological behavior, 56:5699
reserpine & ECS, electroshock seizure threshold, female mice, 56:7436
rest interval length, oscillation effect induced by unilateral amygdaloid stimulation, male rats, 58:636
seizure & subseizure posttrial hippocampal stimulation, appetitive operant behavior, male mice, 55:11719
septal & caudate & accumbens stimulation, amygdaloid activity after induction of acute epileptogenic focus in nucleus bassalis amygdala, cats, 56:7462
sequential alternation of amygdaloid stimulation, subsequent exploration & automatic behavior & clonic convulsions, male aged rats, test of oscillation effect, 58:9063
serum anticonvulsant drug concentrations, EEG paroxysmal activity & sleep–wake state, patients with poorly controlled convulsions, 54:5880
single & multiple induced convulsions in electroconvulsive therapy, corticotropin secretion patterns, psychiatric patients, 53:5778
single-gene albino mutations, auditory physiology & audiogenic seizures & developmental processes, congenic C57BL/6J mice, 54:498
sodium phenobarbitone withdrawal, audiogenic seizure susceptibility, mice, 53:9057
sodium valproate combined with standard anticonvulsant drugs, convulsion frequency & alertness & school performance, children with intractable epilepsy, 54:12267
solvents & chromatographic plates in thin layer chromatography, chemical changes in kindling process, kindled vs nonkindled rats, identification of interanimal retardation effect, 56:5515
stimulus exposure duration & age, priming for audiogenic seizures, BALB/c mice, support for age related differential susceptibility of cochleas, 56:7389
stimulus exposure duration & intensity, priming for audiogenic seizures, BALB/c mice, 54:416
stimulus intensity, effect of priming & testing for audiogenic seizures, BALB/c mice, 53:8901
stimulus intensity, oscillation tendency in sequential alternation of unilateral amygdaloid stimulation, male rats, 58:4980
subcutaneous vs iv administration of dipropylacetic acid, protection from bemigride-induced seizures, alert cat, 54:7068
taurine dosage at various stages of kindling process, clonic convulsion stage in response to amygdaloid stimulation, rats, 56:3628

techniques & problems, behavioral treatment of reflex or sensory evoked seizures, 56:10284
temporary conductive hearing loss during critical period for acoustic priming, susceptibility to audiogenic seizures & auditory evoked potential changes, C57BL/6J mice, 54:7173
testing age & fostering experience, offspring seizure susceptibility, rats prenatally treated with chlorpromazine, 55:6571
thought-stopping treatment, anxiety attacks following seizure-related obsessive ruminations, 24 yr old female, 56:1038
traditional psychoanalytic explanation of conversion reactions, 8 yr old male with functional sleep seizures, 58:11810
tympanic membrane perforation, development of seizure susceptibility, mice bred for spontaneous vs priming-induced audiogenic seizure susceptibility, 56:9454
ultrasonic sound, aversive stimulus & seizure producing qualities, implications for rat control, professional criticism of J. P. Pinel's theory, 56:7295
unilateral electrical stimulation of amygdala, seizure development & persistent susceptibility & recurrent spontaneous seizures, cats, 53:9021
unilateral hemicordotomy & outer ear occlusion, audiogenic seizures, mice, 55:11753
zinc & taurine metabolism, seizures, mice & cats & rats, 53:2482
6-methoxy-1,2,3,4-tetrahydro-beta-carboline, anticonvulsant effects on audiogenic & electroconvulsive seizures, mice, 53:11077

Cooperation

academic functioning & cooperativeness selection criteria & human resource development training, effectiveness within residence hall environment, college student resident hall assistants employed at university, 57:6710
achievement motivation & fear of success & sex role orientation, success expectancy & causal attributions for performance outcome under cooperative vs competitive conditions with male vs female partner, female college students, 58:11637
acute crowding & seating position & sex of group, social behavior & physiological arousal, males vs females, 56:7905
age & motivational orientations, acquisition of information about partners in bargaining game, 6th vs 8th graders, 57:12770
age & sex & outcomes afforded self & others, individualistic & cooperative & competitive behavior in 2-choice decomposed game, 5–8.5 yr olds, 58:1059
age & sex, cooperation & competition, 8 vs 11 yr old males & females, 55:6854
age, attitudes toward competition & cooperation & various aspects of schooling, 2nd–12th graders, 55:8230
age, cooperative & competitive behavior measured by Maximizing Difference Game, male vs female children in varying castes, India, 58:881
age, development of trust & trustworthiness & repentance & retaliation & forgiveness & exploitation in cooperative & competitive game behavior, students from differing subcultures, India, 56:7718
age differences, group vs individual performance using "Cooperation Game," children, 55:2198
aggressive vs supportive activity during "Twenty Questions," same-sex dyads, 53:5159
anticipation of cooperative vs competitive interaction, desire to see other & be seen by other, male college students, 53:3026
art vs mood music vs adult reading aloud vs no sound, cooperative behavior, 6–9 yr olds, 53:9470
assumptions & bases, collaboration among psychologists & teachers, 58:8236
asymmetry of payoff & asymmetry of information, cooperation in Prisoner's Dilemma game, college students, 58:3304
attribution theory explanation, foot-in-the-door effects, housewives, 56:4019
bargaining game, verbal interaction in marital therapy, dominant-submissive vs cooperative vs competitive couples, 55:7570
bargaining set concept, extension to cooperative games without side payments, 55:12189
behavior shaping, development of cooperative behavior, pairs of severely & profoundly retarded Ss, 55:5113
behavioral exchange program, teaching cooperative negotiation skills for management of marital conflicts, spouses, 58:7909
causal attributions, conflict handling, college students, 55:7164
chamber length preventing physical contact, cooperative problem solving, rat pairs, 55:3915
children's cooperation & helping behaviors, review, 58:5192
choice profitability & outcome information & partners' communication & attitude similarity, cooperation in N-person nonconstant-sum games, high school students, 53:5167
class of experimental game, expectations of choice behavior held by cooperators & competitors & individualists, college students, 56:5997
classroom reward structure, academic performance & social connectedness, review, implications for Teams-Games-Tournament teaching method, 55:10948
coalition formation in experimental 3-person cooperative games, support for individually rational bargaining set model, 56:6008
collaboration difficulties, physician & social worker co-therapists working on inpatient unit with patients & families, 53:7805
college sports, development of self esteem & cooperation & leadership, college students, 54:8418
communication & inducement of cooperation in conflicts, literature review, 53:5170
communication & problem skill training, empathy & skill acquisition & usage & problem solving cooperation, mothers & their 10–13 yr olds, 58:9924
communication & sex of S, cooperation in expanded Prisoner's Dilemma & Chicken games, 55:2324
communication & sex, 5-person Prisoner's Dilemma game, college students, 56:2298
communication modes, team behavior during cooperative problem solving, 57:5804
communication variations & confederate strategies, cooperative & competitive & escaping decisional behavior in Prisoner's Dilemma type 2-person non-zero-sum simulation game, schizophrenics vs nonschizophrenic psychiatric vs nonclinical Ss, 57:10434
competition & reward cooperation as function of boredom in Prisoner's Dilemma game, male college students in Swedish colleges, 54:5214
competition vs cooperation & amount of monetary rewards & degree of instrumentality & Machiavellianism, use of physical instrumental aggression, male high school students, 55:9796
competition-facilitating vs competition-inhibiting environmental forces & cooperative vs competitive game strategy, causal attributions for others' behavior, female college students, 53:9507
competitive & cooperative groups, memorized story recall, introverted & extraverted high school students, 53:2998
competitive & cooperative intergroup orientation, within- & between-group behavior, 53:2985
competitive & cooperative learning environment, comprehension of cognitive task, college students, 54:4150
competitive fragmented orientation vs cohesive cooperative group formation, sex-specific group responses to crowding, 18–55 yr old male & female evening college students, 54:5193
competitive motivation vs individual outcome maximization, competitive behavior in Prisoner's Dilemma game, 56:9856
competitive vs cooperative problem solving situation conjunctive & disjunctive attributional patterns, cross race dyads of Black & White male 5th–6th graders, 57:8230
competitive vs cooperative vs individualistic reinforcement contingencies, level of arousal & interpersonal attraction & task attractiveness, college students, 53:9490
competitive vs cooperative work conditions & age & sex, development of social behaviors, kindergartners to 5th graders, 57:12565
compliant vs defiant target replies to threatener & reply credibility, cooperative & competitive reactions of high vs low trust threateners in Prisoner's Dilemma game, 58:5340
conceptual issues & programs, cooperation between social scientists & police, book, 58:8098
conflict & negotiation & cooperation, analysis in national & international relations, 54:972
congruent vs contradictory verbal & nonverbal communications indicating cooperativeness or competitiveness, negotiation outcomes, junior high school students, 57:5819
constituent trust & representative bargaining orientation, intergroup bargaining, male college students, 54:9582
construction & test of index of competitiveness vs cooperation, uniform N-person Prisoner's Dilemma game, adults, 57:98
contingencies, cooperative responding in Prisoner's Dilemma game with anticipated shock outcomes, male college students, 56:4025
contingent reinforcement, development of cooperative behavior, 6–11 yr old students with & without autistic traits, 58:12716
cooperation & assertiveness, semantic differential ratings of conflict handling models, college students, 56:7925
cooperation & competition, "primus inter pares" effect in competitive game situation, male 17 & 18 yr olds, 54:7452
cooperation & competition using Madsen Cooperation boards, Anglo- & Cuban-American 10 & 13 & 17 yr olds, 54:2817
cooperation & competitive proneness, preadolescents, India, 53:4988
cooperation between school & home & leisure activities in Swedish comprehensive school, 58:8172
cooperation contingency vs noncooperation, individual & group behavior in continuous 3-person environment, male college students, 56:5991
cooperation vs competition & opportunity for discussion, group solving of concept problems, 58:1119
cooperation vs mental health instructional set, experimental task performance & S's motivation, students from E-instructor's class vs other college students, 57:2491
cooperation within groups, self report of perceived attractiveness & cohesiveness of groups, emotionally disturbed summer campers, 54:7528
cooperative & competitive behavior, urban vs rural 8–9 yr olds, Korea, 58:7454
cooperative behaviors & empathy & affiliation, 4 yr old females in nursery school, 57:2997
cooperative game set, physical closeness & eye contact & attitudes & verbal interaction with able-bodied vs physically handicapped, college students, 55:761
cooperative interethnic learning experiences, cross-ethnic relations & attitudes, black & white & Mexican American high school students, 55:7604
cooperative learning experiences, cross-ethnic relations & attitudes, white & black & Chicano high school students, 55:6943
cooperative motivation in Prisoner's Dilemma game & normative vs attitudinal communication advocating competition, behavioral effects & application of Ajzen & Fishbein's linearity index, 57:10302
cooperative social structure in classroom, class participation & activity level & academic self concept & achievement & consensus of academic "goodness," 8th graders with poor achievement records, 55:1373
cooperative vs competitive attribute statements influencing self perception, cooperativeness & competitiveness on tower building task, 7–12 yr old boys, 58:7448
cooperative vs competitive context of harm producing action & magnitude of harm, perceptions & evaluations of harm-doer & victim, female college students, 58:5348
cooperative vs competitive game board playing behavior, 5–10 yr olds from peri-urban semitraditional community in Kenya vs suburban US, replication of S. Kagan & M. C. Madsen's study, 58:9372
cooperative vs competitive group interaction followed by cooperative task effort resulting in success vs failure feedback, intergroup attraction, college students, 58:9501
cooperative vs competitive intergroup situations, evaluation of accent convergence vs divergence, 15–16 yr olds from Swiss regional ethnolinguistic group, 57:8229
cooperative vs competitive problem solving condition, evaluation of seeking vs volunteering information, high school & college students, 57:1206
cooperative vs competitive reward structures, performance motivation in school task, high vs low achieving 6th graders, 58:10405
cooperative vs competitive social orientation & restricted vs moderate vs unrestricted communication opportunity, imaginary-reward bargaining, college students, 53:5166
cooperative vs competitive strategic context & presence, 58:7518
cooperative vs individualized instruction, prosocial behavior & attitudes toward learning & achievement, 5th graders, 56:8673
cooperative vs resistive attitude, acquisition of reinforced response when aware of contingency, nonpsychotic alcoholics, 55:10364
cooperative vs uncooperative subordinate behavior in group discussion, leader choice of consideration or initiating structure behavior, 55:4504
cooperative work experience program, attitudes & persistence & performance, community college students, 55:3005
cooperativeness & ability to take physical & emotional perspective of others, 4th graders, 53:11609
cooperativeness & affective perspective taking, white working & middle & upper class 5th graders, 55:6833
coordination of actions between Ss vs working alone, task performance involving spatial coordination & acquisition of conservation, 5–7 yr olds, 58:3093
coworker approach, social work with families, 53:10327
cross cultural study, motivation in asymmetric bargaining situation, Canadian vs East Indian college students, 55:4534
crowding, blood pressure & heart rate & task performance & tolerance for frustration & group cooperation & sex differences, humans, 58:10853
cue intercorrelation & task predictability & distribution of cue validity among pair members, interpersonal learning of probabilistic inference tasks, college students, 57:9513
definition of social motives & relationship to preferences & decision making, 56:3979
definitions & theories, cooperative behavior, children, literature review, 53:7087
dependency & fight/flight as covert aspects, interference with intercommunity cooperation & communication in development of multicommunity health care delivery system, rural region, 58:10009
developmental differences, cooperative & competitive behavior during game playing in dyads, 4–11 yr old kibbutz vs urban Israelis, 56:2171
differential rewarding of groups, group performance in cooperative math task & satisfaction, college students, 58:7456
educational programs to increase sexual equality & age & school level & sex, perception of sex roles & equality & cooperation readiness, 4th & 6th graders, 53:1932
egalitarian attitude, collaborating careers, college students, 55:11080
elicitation of emotional responses, empathy & cooperation, 4 yr olds, 54:5043
equity, affective reactions to threat vs suggestion, 53:5216
ethnic background & reward contingent upon group vs individual achievement, academic & cooperative behavior, Anglo vs Mexican American 5th graders, 55:5579
exchange theory framework, attraction & helping behavior & verbal conditioning & cooperation, 53:7304
experiencing perspective of another, egocentrism & cooperative communication, 5.4–8.5 yr olds, 55:4305
exposure to male & female modeling of equalitarian cooperative interaction, age differences in cooperative boy-girl task behavior, male vs female 5–7 yr olds, 58:9323
extended Prisoner's Dilemma game, 1st trial outcome & cooperation–conflict behavior, 18–25 yr old males matched for achievement & affiliation & power needs, 53:9493
facilitation of intraorganizational dialog & cooperation in merger situations, 53:12744
field dependence, group task performance, male college students, 56:2318
framework for analysis of social & psychological approaches to interorganizational relationships of cooperation & competition & conflict & merger, 57:14107
free vs cost vs no voice communication, acquisition of simple 2-person cooperative response, dyads of male college students, 55:732
freedom to innovate & cooperation from ward staff, introductory playleaders in 2 children's wards of 2 hospitals, 58:8040
friendship, interpersonal feelings & distance in cooperative & competitive interactions in success & failure conditions, male college students, 57:10311
game structure & S's behavior, attitudes toward cooperative opponents, college students, 53:9548
grade level & practice effects & coaction, time & errors on etch-a-sketch cooperative learning task, 4th vs 5th vs 6th graders, 56:2305
group goal & task requirements & task roles & group roles, patterns of interdependence in cooperative work, triads of 4th & 5th graders, implications for instructional practice, 58:4266
group guidance with cooperative game, self concept & self esteem & attitudes toward hypothetical peer group, elementary school students, 57:4456
group homogeneity & cooperation & competition & length of group association, positiveness of in- vs out-group judgments & like/dislike for group & cohesion, college students, 58:7463
group homogeneity vs heterogeneity & cooperative vs competitive group attitudes, allocation of duties to 4-member group representative, males, 58:7464
group norms concerning cooperation, group cohesion & reaction to conflict between individual & collective interests, Ss in Prisoner's Dilemma-like situations, 57:5781
group size & cooperation, college students, 55:4503
group size & proximity under cooperative & competitive condition, group performance, college students, 56:6011
group size & task competitiveness, cooperation, males, 55:9727
group size, cooperative behavior in Prisoner's Dilemma game, college students, 58:3288
group success & failure, interpersonal attraction in cooperating interracial groups, 18–21 yr old white males from small southern US towns, 54:9586
helper role & status, therapeutic milieu in residential home, male delinquents, 53:8169
hierarchical nature of American culture & interdependent values & freedom, 55:2261
high vs low scores on Paired Hands Test measuring interpersonal feelings on friendliness-hostility dimension, predictability of friendly cooperative behavior in group task assignment, 4th–6th graders, 57:10247
honest vs deceitful & compliant vs defiant intentions of target, influence in Prisoner's Dilemma game, male college students, 53:9486
human figures drawing, expressions of cooperation & group values & attitudes, 11–12 yr old Australian vs Canadian vs English vs New Zealander vs US children, 55:7092
human relations training, cooperative classroom behavior & ratings of classroom environment, 4th graders, 57:11320
human structuring of cooperation & conflict, theoretical perspective of concept of relational control, 55:4494
illicit & deceptive signaling in Prisoner's Dilemma game, purposeful character of communications & effect on cooperative behavior, male college students, 58:1115
imbalance between power & motivation, problem solving in cooperative dyads, male college students, 56:2317
incentive schemes, conservation of shared resource by 5 person groups, high school students, 54:7478
individual differences, game motives of own & relative & joint game, college students, 55:2395
individual differences in game motivation, preprogramed strategy effects in Prisoners Dilemma game, college students, 55:4565
individual vs group behavior in Prisoners Dilemma game, conflict behavior & self justification, college students, 56:2312
individualistic & competitive & cooperative motives in non-zero-sum games, identification of motivational goals through payoff consideration & choice behavior factor, 57:2487
individualized vs cooperative goal structures, reading achievement & social skills & social status, learning disabled vs normal 5th & 6th graders, 58:12512
inequity, distributing & cooperative behavior, 3rd grade children, 55:2204
information about opponent's past game behavior, cooperation in Prisoner's Dilemma game, male college students, 56:7940
information about partner's goal orientation, cooperative behavior on Prisoner's Dilemma game, cooperative vs competitive male college student dyads, 53:9474
instructions &/vs modeling &/vs role playing &/vs social reinforcement, acquisition & retention of cooperative behavior, young boys, 58:3137
inter- vs intragroup competition vs cooperation & task means-interdependence, team performance & analysis of motives produced by group's reward structure, male college students, 58:3293
interpersonal trust & internal-external locus of control, differential responsiveness to believability of rationale & debriefing procedures & motivation to cooperate with E's demands, college students, discussion of ethical & methodological issues concerning use of deception, 57:5761
joint vs asymmetric dependency, frequency of exchange, dyads, 55:4513
judgments between group goal & their outputs, cooperative & competitive behaviors of group members, male college students, 54:5215
knowledge about remote social events, prosocial behavior & social conception & mood, college students, 55:9784
knowledge of computer simulation of opponents, choice behavior in non zero sum game, students, 58:7440
lapsed saint vs reformed sinner feedback conditions & sex, cooperation & competition on Prisoner's Dilemma game, hospitalized acting out vs normal 15–18 yr olds, 55:12459
large & adjusting response requirements, production of change from competition to sharing, high school students, 58:1110
level of others-concept, friendly & cooperative group task behavior, 4th–6th graders, 55:10888
locus of control & perceived ability level, selection of partners & opponents for cooperative vs competitive tasks, females, 53:5226

Machiavellianism & impulsivity & field dependence-independence, performance on Prisoner's Dilemma game, male college students, 56:752
macrolevel structural & microlevel behavioral social psychology, analysis of colleague relations among real estate agents, 55:589
male threat from female competence, performance on verbal facility task cooperatively vs competitively with female dating partners, male college students, 56:7918
male vs female & cooperative vs competitive pairmate, stereotypes & expectations & cooperative & competitive return behavior, male vs female high school students, 55:733
maternal attitudes toward women's liberation & group vs individually oriented achievement preference for child & age-behavior expectations, child's social achievement orientation measured by cooperation/competition & aspiration level & group vs individual incentives, 4th graders & their mothers, 58:7289
measurement scales for quantification of cooperative–uncooperative behavior, patients in rehabilitation program, 53:3880
methodological influences, cooperation & realistic partnerships in experimental games, 57:12739
model facilitators, cooperative behavior in ball tossing, regressed schizophrenic patients, 54:9827
model's performance vs verbalization of winnings dispersement & aggressive behavior, subsequent sharing & division of winnings & novel aggression, 7–10 yr olds, 57:3210
motivational orientation & reciprocal vs cooperative vs noncooperative strategy of other, behavior in social interdependence situation, 58:9485
motivational orientation of players & predictions about motives & behavior of opponent, cooperation & competition in Prisoner's Dilemma game, college students, 56:7890
multi-age vs same-age grouping, spatial egocentrism & cooperation & relationship to conservation development, 5–7 yr olds in US vs England, 57:11463
multidiscipline group facilitation training, communication skills & perceptions of others & others' professions, professional staff members in rehabilitation settings, 53:5373
mutual dependency & dependency asymmetry, social exchange among dyads from game theoretic approach, college students, 57:12752
needs for achievement & affiliation & power, cooperative/competitive behavior, senior high school students, 58:1130
nonpunitive vs deterrent strategies with vs without increasing vs decreasing trust, competition in allocation game, college students, Belgium, cross cultural implications, 54:9568
observed behavior & placement of silhouette figures in projective condition & age & sex, cooperation & territorial dominance & subordination, male vs female 4–5 yr olds vs 11–12 yr olds vs college age adults, 55:4479
observing mutually cooperative vs competitive modeled game, cooperation in Prisoner's Dilemma game, male college students, 56:661
open vs closed space school design, proximal & cooperative responses & locus of control, 8th graders, 57:6866
ordering values & educational purposes, understanding & cooperation, advisory councils vs principals, 57:6683
participation in contemporary interfamily cooperation with friends, married college alumni, 58:11588
past group participation rate, triadic problem solving performance under cooperative & competitive conditions, males, 57:12740
patterns of cooperation & trust vs exploitation & distrust, group decision making, 55:12222
peer cooperation & practice, learning of gross-motor whole-body task, 17–22 yr old college females in physical education course, 57:6820
peer reporting of cooperative or friendly vs unfriendly behavior, cooperative play & aggression, kindergartners, 58:4340
perceived intent & causal attribution & individualistic vs cooperative instructional set, cooperative responding in Prisoner's Dilemma game, male college students rated high vs low for interpersonal trust, 58:1160
perceived personality of other player & player sex & severity of conflict, cooperative behavior in 2-person 2-choice mixed motive game, 57:3205
percentage of Ss who signed & number of previous signatures & forcefulness of solicitor's approach & sex, petition signing, 21–50 yr olds, 57:8258
perception of opponent's goals & incentives, cooperation in mixed-motive game, male college students, 53:9498
perceptions of & preferences for cooperative & competitive school environment, 6th graders in traditional school vs open school vs high school students in traditional school, 56:10709
personal correlates, cooperative game behavior, preadolescent males & females, 53:4987
personal preferences for conflict management, decision quality under cooperative vs competitive conditions, male dyads, 58:7446
personality & racial & biological sex factors, cooperative vs competitive social interaction, 8–12 yr old white vs black students, 55:2216
perspective taking vs self presentation & heterogeneous vs homogeneous group composition, group problem solving, 58:1090
phasing of concessions & differential power & communication media, negotiation success & attributions of opponent, college students, 56:2319
pictures depicting conflict vs cooperation between black & white figures, attributions of helpful vs blameworthy behavior, white vs black 5 & 8 & 11 yr olds, 56:7956
"play & win" vs "resolution of problem" situations, Prisoner's Dilemma game behavior & methodology for study of social perceptions, college students, 57:10217
positive &/vs negative verbal reinforcement, sharing, 3rd graders, 56:2371
power of cooperative vs competitive players, group decision about Prisoner's Dilemma game strategy, college students, 58:7460
praise vs criticism by peer vs E & opponent strategy, cooperative game behavior, college student pairs, 53:1062
preadmission personal & social characteristics & immediate precipitants of admission, cooperative behavior in hospital & outcome, 15–64 yr old male admissions to psychiatric hospital, 53:1834
presence vs absence of temporal urgency & judgmental standard & correspondence vs noncorrespondence of outcomes among disputants, preferences for modes of conflict resolution, college & law students, 56:7868
pressure to reduce disparity, competitive vs cooperative strategies, 8th–10th graders, 57:12756
prior reward experiences & future reward expectation levels, sharing behavior of dyads, 6–7 vs 9–10 vs 12–13 yr old male Israelis, 56:7697
Prisoner's Dilemma game, interpersonal conflict & cooperation, primary vs secondary psychopaths vs normals, 55:10045
Prisoner's Dilemma game, moral reasoning & cooperative or competitive contract keeping or breaking behavior, females, 57:5793
Prisoner's Dilemma game played with vs without communication, cooperation & interaction & behavior predictions & intentions & role perceptions & willingness to resist temptation, primary vs secondary male psychopaths, 56:4264
psychology of cooperation in experimental conflict settings, 57:12748
psychosocial variables, cooperation during dialysis, patients with terminal renal disease, 55:10442
psychosomatic & primary care medicine collaboration, better technique development for clinical teaching & patient care, 53:3547
psychotherapeutic techniques, direct expression of negative feelings vs noncooperation with treatment, 57:13146
quality & similarity of dress & sex of E & S, cooperation in signing noncontroversial petition, college students, 57:8244
race & modeling cues, play patterns of dyads, 5th grade boys, 55:4532
race of E & comparison norm & racial composition of dyad, social influence & interpersonal attraction during cooperative problem solving, black & white 7th & 8th grade males, 55:9735
racial similarity, adult modeling of uncooperative behavior, black vs white attendants at southern state mental hospital, 56:8507
racial similarity vs dissimilarity of model & S, modeling of noncooperative behaviors, Black vs White male mental hospital attendants, 57:3230
rearing in commune vs nuclear family, cooperation & competition & self reliance over 1 yr, preschool age children, 57:10037
reciprocity & cohesiveness, cooperation in 2-person games, college students, 54:7446
reinforcement, development & maintenance of cooperation responses during operation of cooperation machine, profoundly retarded institutionalized male adults, 54:10390
reinforcement inequity for cooperative responding, follower behavior, mentally retarded adult males, 55:5100
reinforcement of cooperation, profoundly retarded adults, 55:12710
relative competence of group members, interpersonal attraction in cooperating interracial groups, military servicemen from southern small towns & rural areas, 54:11692
resident outdoor training program, self reliance & group cooperation & transfer of positive values back to classroom, economically disadvantaged vs advantaged 6th graders, 55:13146
response contingent payoffs, cooperative behavior in Prisoner's Dilemma game, male college student dyads, 57:12755
response contingent rewards, cooperative game behavior, male college students, 56:6012
retaliation level, subsequent cooperation by opponent in modified Prisoner's Dilemma game, college students, 57:3257
reward structures & dependency relationships between cogroups, competition & cooperation, college students, 54:11680
role taking skill & associative & cooperative play, preschoolers, 58:906
same- vs mixed-sex dyads & random cooperative strategies, cooperation in Prisoner's Dilemma game, male vs female college students, 56:7930
school related problems concerning authority & sex & honor & shame & anger, Mexican American adolescents, 56:6776
self concept & race & sex, cooperative-competitive behavior & relationship to realistic & impulsive & inhibitive behaviors, Black vs White 8–12 yr olds, 57:8046
self concept congruence, cross-racial conflict management style, Black & White males, 58:7450
self esteem & group performance feedback, perception of personal responsibility for cooperative group problem solving performance & influence of other group members, male college students, 58:3301
self esteem & sex & race, cooperative & competitive behavior, 8–12 yr olds, 55:576
seminar with goal of training cooperative behavior, use of role playing & group dynamic exercises & occupational setting, post office management personnel, 58:2342
sequential & distributional structures, cooperative & competitive group discussions, examination of D. S. Gouran & J. E. Baird's study, 54:2961
"Sesame Street" social goals programs, learning cooperation, inner-city preschool children, 53:10455
sex & age & social models, development of cooperative & competitive behavior, 5–8 yr olds, 55:4310
sex & communication, cooperation & competition in 3-person mixed-motive game, 58:9487
sex & competence & competition, sharing behavior, 4th & 5th graders, 54:11710
sex & cooperative vs competitive conditions, reward allocation to hypothetical opponent vs self, 5th & 6th graders, 58:5345
sex differences & communication opportunities, cooperation & imitation during Prisoner's Dilemma game, college students, 53:1092
sex of S & competitive vs cooperative vs observed interaction & sex & competency of others, discrimination against competent women, male vs female college students, 57:1162
sex of S & confederate & S's dominance, cooperation & competition in Prisoner's Dilemma game, graduate students, 56:9843
sex role orientation, self sacrifice & cooperation & aggression during modified Prisoner's Dilemma game, female college students, 56:2297
sex roles & responsiveness & exploitativeness of simulated other, cooperation during Prisoner's Dilemma game, males vs females, 56:2306
shaping procedures, cooperative play, severely retarded 4–12 yr olds, 53:10529
shock onset conditions during acquisition of cooperative responding in mixed-motive situation, extinction, female rats, 54:683
simulated competitive-cooperative game, interpersonal attitudes, college students, 55:12261
situational & relational aspects, interpersonal communication, female adults, 56:2322
situational factors & sex of bystander & wrongdoer & authority figure, bystander intervention in response to culprit's dishonesty in competitive vs cooperative task, college students, 56:7938
situational meaning, cooperation & behavior in Prisoner's Dilemma game, male & female college students, 54:2968
situational restrictiveness, self fulfilling prophecy effect in Prisoner's Dilemma & Extended Prisoner's Dilemma game situation, female college students, extension of H. H. Kelley & A. J. Stahelski's perceptual triangle hypothesis, 54:11678
situational variables, weighting of predictor components in Fishbein regression model, pairs of college students, 56:7882
skill level of simulated opponent & success or failure feedback, competitive & cooperative behaviors during Prisoner's Dilemma games & self esteem, female athletes vs nonathletes, 57:5825
smartness of clothing style of interviewer, willingness to answer questions, Ss in railway station, 56:6040
social class, cooperation & competition, 11–12 yr old males, 56:4881
social facilitation, observational learning of individuals & cooperative pairs, female college students, 55:7078
social psychology of small groups, interaction in cooperative & mixed-motive & competitive relationships, literature review, 57:1152
social reward & task cooperative characteristics, need satisfaction sources & coping responses to crisis extinction analog of instrumental learning paradigm, Papua New Guinea vs Australian preschoolers, 57:10110
social structuring & restructuring in groups of perceptions & evaluations & action possibilities & decision procedures & likely interaction patterns, achieving cooperation in groups & higher levels of social systems, 53:5160
spatial density & interpersonal attraction, affective responses & task performance & verbal behavior in cooperative group construction task, male high school students, 57:1156
sport skill level & teaching method, modification of social attitude, college students, 55:8081
Ss' cooperation & apprehension about evaluation by E, 54:6541
strategy choices & power conditions, cooperation in mixed motive game, 58:1116
structural & functional variations of interorganizational relationships, interinstitutional cooperation in higher education, 54:4043
systematic human relations training, learning to discriminate between helpful & nonhelpful communication & cooperative work behavior, male prisoners, 57:13468
systematic psychological preparation & stress-point nursing care, upset behavior & cooperation in hospital & posthospital adjustment & parental anxiety & satisfaction with information & care, 3–14 yr old surgical patients & their parents, 55:1175
task choice contingencies & magnitude of reinforcers, choice of individual activity vs composition vs cooperation, male & female college students in pairs & triads, 56:4071
task interruption & cooperative vs competitive vs individualistic relationship of S to task executor & resumption of task & ego-involving instructions, promotive tension using recall of uncompleted items, test of socially mediated Zeigarnik effects, 57:8206
task involving collective vs cooperative & individualistic vs competitive behavior self presentation in social comparison processes, 55:4544
task organization as coordination vs collaboration & member interchange compatibility, leader-member relations, male college students, implications for Contingency Model of Leadership, 57:10257
teletypewriter vs telephone vs closed circuit television communication, cooperative vs conflictive problem solving, male college students in 2-person teams, 56:9617
teletypewriter vs telephone vs closed circuit TV communication mode, cooperative vs conflictive dyadic problem solving, 57:5427
theoretical view based upon man as product of his evolution, between-group aggressiveness & within-group cooperativeness, 55:9696
theory & practice & dynamics, collaborative effect of networking, helping-service agencies, 58:12002
time pressure, cooperation & competition in bargaining, Canadian vs Indian vs college student dyads, 53:5153
token-praise-feedback procedure, development of cooperative & competitive social play, educable mentally retarded 8–10 yr olds, 55:10357
training procedure for cooperative chained responses & adult cuing & physical prompting & reinforcement types, development & maintenance of cooperative play, autistic children, 58:12100
treatment combining modeling & role playing & reinforcement, changes in sharing behavior & attitudes toward friends, emotionally disturbed children, 58:12089
trial-&-error vs observation conditions & individual vs cooperative practice & grade level, learning to spell difficult words, 4th–6th graders, 57:9074
type of communication & possibility of money loss, defecting vs cooperating responses in 8-person commons dilemmas game & expectations about others' decisions, 58:5298
unilateral & mixed structure & bilateral power systems, operation of power & conflict & cooperation & trust, 58:1040
urban vs rural place of residence, cooperation, Colombian 1st graders, 54:2905
urbanization & cross cultural differences, cooperation & competition, Maori children from urban vs rural New Zealand vs Polynesian vs European areas, 57:8089
use of small task-oriented groups to alter classroom social structure, cooperative achievement of joint educational goals & attitudes toward groups, college students, 56:10632
validity & construction of classroom observation assessment technique, independence & cooperation in group-work situations, 4th & 6th graders, 53:2002
validity & reliability of Likert-type attitude scale, measurement of competitive-cooperative attitudes, college students, 57:2234
verbal & behavioral cooperation & noncooperation, instigative aggression, 56:2303
verbal & motoric techniques of encounter groups, interpersonal attraction & interpersonal cooperation & connotative evaluation & mood & projective interpersonal spatial distance, 18–30 yr old females, 57:3189
vicarious vs direct reinforcement, cooperation in non-zero sum games, male 4th & 5th graders, 57:1170
video-mediated visual contact vs visual isolation from confederate & feedback indicating confederate's cooperative vs competitive game behavior, attributions of causality, female college students, 58:1142
viewing of segments from "Misterogers' Neigborhood" TV program, helping & sharing & cooperation & aggression, 3–6 yr olds, 58:7125
viewing of 4th grade models explaining &/vs performing task, cooperation during hanging of picture, male vs female kindergartners, educational implications, 57:12733
vocal expression & instructions to sound pleased vs angry, cooperation & bargaining in Prisoner's Dilemma game, male 22–46 yr olds, 58:3350
voice vs face-to-face vs handwriting vs teletypewriting communication mode, language structure used during cooperative problem solving of dyads, male high school students, 57:9910
westernization, cooperative behavior in Prisoner's Dilemma game, dyads of traditional Tonga men & women in Zambia vs westernized Tonga people vs Asian students, 58:7329
winning cooperation of parents, opportunity for growth in conferences with parents, school counselors, 56:10773
work schedules & FR schedules of payoff, distribution of money & work in dyadic task, adults, 58:7466

Coordination (Motor) [See Motor Coordination]

Coordination (Perceptual Motor) [See Perceptual Motor Coordination]

Coping Behavior
ability to cope with practical problems of dialysis & existence of functional support systems, ability to accept chronicity of renal disease & adjust to dialysis, 29–61 yr old patients, 58:1515
accuracy of prediction of depression & antidepressive behavior of self & others, college students, 58:5533
achievement–orienting vs neutral instructions & E's self disclosing coping model, learning task performance, female college students in high- & low-test-anxiety groups, 54:1165
adjustment & coping strategies in deteriorating neighborhood with high-crime & low-income rates, elderly single-room occupants in large city slum hotel, 54:977
adjustment in daily living & informal social activities & formal learning, deaf-blind children, 54:7929
adjustment to American society & adaptation to social & cultural changes & attitudes toward filial responsibility, Mandarin-speaking aged Chinese in Los Angeles, 54:7281
adjustment to fatal illness & death of her 11 mo old child, mother, 57:6142
adult basic education strategies, coping behavior & self concept, undereducated adults, Appalachia, 58:6140
advice & information, self improvement in coping with own problems, 55:9898
age & level of retardation, factor structure of responses on Part One of Adaptive Behavior Scale, institutionalized mentally retarded children & adults, 58:3595
age & sex & family's socioeconomic status & size & severity of disease & residence, psychosocial adjustment & coping, children with chronic kidney disease & their families, 58:11963
age & sex & university enrollment, perceptions of pathology & coping, clinical vs industrial psychology graduate students, 57:8369
age & sex of child & sex of parent, coping abilities & personal adjustment & success in parental role, parents of moderately retarded children, 55:4857
allergies & brain dysfunction, environmental task coping, children, book, 53:1582
amount & type of parental stress during child's infancy & early coping resources, social & personality adjustment during adolescence, 12–14 yr olds, followup study, 58:899

anticipation & learning periods in intensive care unit experience, descriptive study of stressors & stress reactions & coping mechanisms & performance effects, student nurses, 57:8932
anxiety & pain & coping, research review, 57:8319
art therapy, coping with mother's death, 5-yr-old boy, 53:3578
attachment & confidence & coping, development & assessment of instruments to identify deviant emotional development, low vs high risk 1 yr olds, 57:8048
attentional diversion vs situation redefinition for coping with stress due to nonambiguous threat, stress reduction, female college students, 58:8825
avoidant thinking & reappraisal, coping with threat under temporal uncertainty, male college students, 53:1197
basic needs & belief system & coping patterns interaction with situational & societal & cultural constraints, political belief & activity, graduate students, 55:9642
behavior & labeler & label & actor's account, parental control & emotional strain in reaction to mental illness label of adolescent son, parents, 58:7656
behavior modification program, coping skills, female alcoholics, 53:1715
behavior modification techniques, problem solving & communication with family & staff, terminally ill patients, 54:10254
behavioral modeling combined with covert coping self statements & coaching by therapist & rehearsal practice, modification of aggression, hyperactive impulsive male 6–11 yr olds, 55:10339
behavioral training, evaluations of inmates by prison staff & inmate attitudinal & behavioral change & coping behavior, prisoners, 58:1802
biofeedback & progressive relaxation therapy, self control of blood pressure & change in personality & lifestyle & coping strategies, Ss with chronic essential hypertension, 58:3863
biorhythms, physical & emotional characteristics & coping with daily problems, book, 54:11130
body image & pregnancy as time of vulnerability & coping mechanisms, illustration through description of woman's feelings during 3rd pregnancy, review, 58:1276
body image & psychic boundary permeability, evaluation of ability to cope with stress of radical cancer surgery, patients, 58:9994
brief psychotherapy during hospitalization period, coping during recovery process, patients with 1st heart attack, 54:1532
changes in postindustrial society, family coping patterns & suggested medical & therapeutic & sociological models for problem resolution, 55:2271
characteristics & problems & change & coping, disadvantaged Black students in predominately White college, 58:4358
characteristics of harassed employees & their harassers & methods of assessing & dealing with harassment in work situations, book, 58:8511
choice of & acceptance in self care therapeutic community vs direct professional treatment, personality traits & characteristics, 17–54 yr old opiate addicts, 18-mo followup of adjustment variables, 57:1799
client-centered groups emphasizing self experience, capability of coping with student-life pressures, student counseling center participants, 58:2275
cognitive & affective components of alienation, reduction of psychological & physiobiochemical stress, 57:446
cognitive coping instructions, reduction of state guilt following sexual film stimulation, high sex guilt female college students, 58:9945
cognitive model, normal & pathological mourning & grief in adults, 57:1272
cognitive model of psychological stress & coping, personality traits & choice of childbirth method & anticipatory coping styles & emotional impact of 1st pregnancy, natural childbirth vs "medicated" patients, 57:12800
cognitive response styles & interpersonal competence level, behavioral response to emotional stress, college students, 56:9935
cognitive self instruction & relaxation training, chronic anger, 17–42 yr olds, 56:8412
cognitive tutoring, remediation of maladaptive & deficient cognitive skills used to cope with environment, school age children with learning problems referred to mental health clinic, 57:13392
cognitive vs behavioral coping strategies, reappraisal of stressful social situations, male & female 7th & 8th graders, 55:7488
compatibility of ego identity concerns, use of coping vs defense mechanisms during problem solving, dyads of college students, 56:4146
competency-based teacher education background, open- & closedmindedness & coping behavior & attitudes toward mathematics, prospective elementary teachers in competency-based mathematics education program, 58:12383
concentrated program of individual & group counseling, coping with personal & social & educational problems, disadvantaged elementary school students, 55:8368
conceptual & methodological problems, resistance resources & stressful life events, 53:5300
conscious intentional coping, process for crisis intervention & short term therapy, 54:10061
constricted defensiveness & active struggling & integrated coping styles, social workers working with cancer patients, 54:5412
consultation approach using teacher workshop, coping with death & experience of bereavement, 6th graders, 57:14002
coping & cognitive styles, psychophysiological response to stress, children, 55:4002
coping behavior & effectiveness, healthy survivors of Nazi concentration camps, 53:1183
coping behavior & positive motivation & expectations & tolerance of pain, adaptation to contact lenses, 16–33 yr old females, 57:1264
coping behavior & self concept & academic achievement, Black females in majority-White vs majority-Black high school setting, 58:8335
coping behavior during threat vs attack vs period immediately following rape, rape victims, 57:1409
coping behavior of individuals threatened by death & interaction with health care personnel, 54:12371
coping behavior, survival on rubber raft, survivors of shipwreck, 56:4106
coping mechanisms & identity problems & vulnerability to drug culture, borderline personalities, psychotherapeutic considerations in treatment of addiction, 56:9998
coping mechanisms, aggression & conditions of social anomie, concentration camp survivors, 58:7568
coping of family experiencing child placement in residential setting, 56:4560
coping patterns in response to prolonged war-induced separations, families of servicemen missing in action, 57:3108
coping, preparation for life in changing world, adolescents, 55:12029
coping strategies, breaking undesirable emotional cycles based on childhood interactions with parents, adults, book, 58:5246
coping strategies, reduction of psychological stress, adult surgical patients, 54:3854
coping styles toward mental illness, identification with Mexican rural values, 21–35 yr old Mexican Americans, 58:9348
coping with avoidance by family & friends, newly blinded persons, 54:7959
coping with fear, book, 56:2442
coping with life crises, book, 55:11889
coping with physical illness, book, 58:11973
coping with sexual attraction to female counselees, male pastoral counselors, 56:6525
coping with stresses of migration when supported by vs separated from their families, mental health needs of Southeast Asian children in US refugee camp, 58:12007
counseling suggestions, guidance for coping with crisis & conflict of role transformations in adulthood, 57:10763
counseling viewpoint, coping vs manipulative styles of interaction, 57:10727
creative helping combining counseling & therapy with creative arts, achievement of more meaningful existence in technologically oriented environment & release of creative energy, 58:5761
crime & sin & poor taste, methods of coping with society, 58:5590
cultural background & patient's personality, family reactions & difficulties & experiences in confronting impending death, dying cancer patients & their families, 55:903
cultural origin & education & political atmosphere & age, coping style & morale, 44–65 yr old Israelis, 1967 vs 1972, 54:9370
culture, Ss' conceptions of mental illness & self & proper hospital behavior, long vs short term German vs US psychiatric patients, 54:7823
dealing with interpersonal conflicts, 18–55 yr old homosexual men & women, 56:2193
death education through prepared parents & teachers & counselors, understanding and coping with death experiences, young people, 57:13570
defense & coping mechanisms in group counseling sessions, reactions to death of sons & husbands, bereaved Jews after Yom Kippur War, 57:3787
deinstitutionalization, coping with mental patients at home, families, 57:4074
delay & avoidance of potentially threatening event, social-manipulative coping behaviors, male vs female 2.0–3.5 vs 3.5–5.5 yr old preschoolers, 58:5187
demographic characteristics & 16PF traits, task performance & supervisory & personal skills & coping behavior under occupational stress, Royal Air Force personnel on isolated island bases, 58:2373
demographic characteristics, self concept & coping strategies, Black graduate vs undergraduate females at predominantly White university, 58:6342
denial & anxiety & anger & depression, coping responses to terminal illness & bereavement & physical & emotional trauma, 54:7624
denial & depression stages, facing threat of disability, unrealistic patients, suggestions for medical management, 57:13034
density conditions & joke content, humor appreciation & preferences in crowding situation, preadolescents vs adolescents vs young adults, 57:8188
descriptive analysis of acute illness behavior, progression from symptom onset to hospitalization, Ss who survived heart attack & were hospitalized vs Ss who died prior to hospitalization, 58:7746
design & validation of instrument for identifying & measuring coping behaviors, 3 yr olds in preschool settings, 55:13611
development & key cluster analysis of scale of patient attitudes toward chronic respiratory illness & hospitalization, coping with chronic illness, patients hospitalized for chronic asthma, 57:4757
development of program in child welfare agency, helping parents cope with their children's behavior problems in their homes, social workers, 56:1191
development of Victoria Isolation Scale based on refinement of Isolation Symptomatology Questionnaire, coping behavior in isolation, men wintering in Antarctica, 57:123
developmental changes in methods of coping with frustration, handicapped vs nonhandicapped 6 vs 10 vs 12 yr olds, 57:1492
developmental stages & tasks & psychosocial crisis & coping process, psychosocial development in early vs late adolescence, 58:11509
deviant social status, types of stresses experienced & coping behavior & self esteem, female never married 29 yr olds, 57:12688
diabetes vs retinitis pigmentosa vs traumatic injury as cause of blindness, adjustment, male clients receiving rehabilitation services, 55:7427
diagnosis & knowledge of patient's symptoms & anxiety & methods of coping with stress & intelligence & imagination & flexibility & style of thinking & grasp of reality & self & social perception, selecting proper therapy, clinicians, 54:10078
different reactions to & methods of coping with death of loved ones, kindergarten students, 58:3160
differentiation between worry vs fear vs concern behaviors & relationship to coping with stress, high school students before & adults after Yom Kippur War, Israel, 57:12584
dimensional structure, subjective perception of stressor stimuli, college students, implications for assessing coping mechanisms, 53:428
direct vs vicarious treatment using desensitization alone vs with coping imagery vs cognitive modification, speech anxiety, college students, 57:6373
disability accommodation & self evaluation & demographic variables, perceived social rejection, physically disabled, 58:3642
disruption & coping & adjustment of family at 2 mos & 1 yr & 2 yrs following divorce, divorced fathers & their preschool age children, 57:10126
dynamic conceptual framework of generalized adaptation to stressful stimuli, 56:2440
E present vs absent, obsessive-compulsive checking ritual following provoking act, obessive-compulsive checkers, 56:4205
early school-age measures of coping & imagination & verbal development, coping with experimental barrier situation, 2.5-yr-olds, followup study at 7.5 yrs of age, 53:2876
ego development level, differences in personality traits & coping mechanisms & interests & academic achievement & school adjustment, freshman medical students, 57:4251
emotional coping mechanisms & inverted-U-shaped relationship between stress & performance, owner managers of small businesses damaged by floods, 55:11137
emotional tasks in coping with middle years, middle adult, suggestions for nursing, 56:3856
evaluation, treatment model using community to learn coping skills & autonomy, mentally ill patients, 54:3833
experiences of grief stages, divorced & separated persons, suggestions for marriage counseling, 53:10242
factor analytic study, coping behavior, 3–6 yr olds, 53:924
factor structure & correlates of adaptive behavior, mentally retarded adults at vocational training center, 56:8209
families with 2nd or 3rd birth, parental preparation & child's coping mechanisms, parents & oldest child, literature review, 54:5041
family adaptation to crises generated by birth of mentally retarded child, mothers, 57:6110
family adaptation to severely mentally retarded children, 58:5616
family ego patterns of coping & defense functions, ego processes & IQ scores & moral & cognitive development, adolescents, 56:9636
family system stress & mother's coping skill & child's behavioral style & sex, vulnerability of children to accidental injury, accident-involved vs accident-free children, 57:6175
father absence, effectiveness of coping behaviors & educational & occupational aspirations & expectations & values & perceived parental attitudes toward Ss & interaction with parents, male vs female black vs white 10 vs 14 yr olds, 56:7725
fear vs embarrassment vs ambiguity conditions, collective coping while awaiting painful electric shock, college students, 56:6004
fictitious messages relaying environmental dangers with vs without coping suggestions & perceived ability to follow suggestions, perceived believeability of messages & threat seriousness, college students, 57:4599
goals of group rehabilitation treatment, coping process of recovery, 29–45 yr old severely burned patients & their spouses, 57:8860
grade & sex & race & instructional set, development of ability to recognize & express facially posed emotion, Black vs White kindergartners & 3rd graders, 58:900
grief stages & coping model, war widows in Israel, implications for professional caregiver, 55:5231
group meetings, maturation & coping, adolescent females with sickle-cell anemia, 56:1195
group psychotherapy, coping with cancer & chemotherapy & death & life expectancy issues & family interaction, adult cancer patients, 58:9901
group treatment, coping with stresses & support for burn victim, relatives of burn victim, 54:10200
guidelines for counseling & stages of reaction to death & loss following disaster, 57:8644
helplessness & hopelessness, suicide & attempted suicide as learned response, 57:12973
helplessness as personality characteristic, mentally retarded adults, 54:3420
high room density & room size & intrusion & goal blocking, nonverbal behavior & self disclosure & self reported stress, male college students, 56:702
high vs low life satisfaction, adaptation to widowhood, widows aged 45 yrs old & over, implications for therapeutic counseling, 55:7245
historical & methodological & theoretical & analytic & sociocultural & social-psychological factors, personal responses to psychological disorder, 55:7308
husband–wife compatibility, management of occupational & life stress, husband–wife pairs, 53:9459
incarceration, coping & stress & self destructive behavior in prison, male & female prisoners, book, 55:10537
incorporation of context of pain into fantasy vs diverting attention to fantasy without pain as cognitive strategies, coping with pain, 55:6004
individual differences in adaptive coping, numerical conservation understanding, kindergartners vs 1st vs 2nd graders from low income Mexican American families, 58:11472
individual values, reactions to proposed change in social structure of school, teachers, 58:8512
induced or therapeutic abortion for unwarranted pregnancy, pre- & postabortion coping & adaptation, women, 55:4437
influence of childrearing practices & parental inconsistency in adhering to established rules & insufficient dominance over offspring, development of inadequate coping mechanisms & subsequent psychosomatic complications, children & parents, 56:932
integration of negative experiences, high vs low functioning career of professional women, 58:9580
internal & external stress, coping & growth from infancy through adolescence, book, 55:12031
interpersonal coping courses, higher self esteem & increased ability to perceive & interpret & express nonverbal communication & feeling, junior high school students, 58:4271
interrelationships among cardiodynamics & blood pressure control mechanisms & somatic activity & active vs passive coping, review of research, 56:3613
intimacy status & partner perception & resolution of previous developmental crises, college males, 57:3001
IQ & personality traits & emotional maturity & psychosexual behavior, 14–35 yr old unwed mothers, 58:11605
knowledge of child development & awareness of crisis intervention & play therapy, coping with uncertain environments & confused emotion, female adopted or foster 5 & 6 yr olds, 56:6331
Lamaze training & anxiety level & coping style & conflict levels, mental preparation & identification with perceived authority in coping with childbirth, primiparous married women, 57:1081
leader style & group member goal choice, self esteem & attitudes toward people & interpersonal coping style, T-group participants, 58:1638
letters written to dead husband, stresses of & coping with losing spouse, female geriatric patient, 54:5488
life events & anxiety, realistic problem solving as measure of coping ability, 5th & 6th graders, 58:11743
life-threatening illness & injury, coping behavior under stress, literature review, 53:3130
life-threatening situations, coping behavior, 53:7415
locus of control & cognitive style & knowledge of severity of illness, prediction of S coping response to treatment & hospitalization, chronically ill 4–11 yr olds with fatal vs nonfatal prognosis, 57:6161
locus of control & perceived aversiveness of recommended solution, response to danger, college students, 54:1177
marital conflict & anger coping styles & relative dominance between spouses & involvement of patient vs sibling in parents' conflict, middle class couples with schizophrenic vs maladjusted offspring, 55:842
masculinity vs femininity, preference for kinds of balance & tolerance for imbalance & action, high school students, support for value theory of sex identity, 56:7821
meaning of & coping with pain & suffering, hospital patients, 53:6052
medical histories over 20–24 yr period & differences in stress coping behavior, male depressive vs paranoid patients, 58:7681
method of content analysis of verbal samples, measurement of positive affect in relation to experiences, 17–24 yr old psychiatric patients & college students & new mothers & relocated 20–60 yr old females, 57:7190
model characteristics of mastery vs coping behavior, modification of interview anxiety & performance & model attraction, psychiatric inpatients, 54:5905
modeled mastery vs coping & affect behaviors, anxiety reduction & model attraction in simulated job interview, psychiatric patients, 56:8384
modeling film, alteration of unadaptive responses to failure, 4th & 5th graders, 57:1656
mothers' placement of toy in Plexiglas barrier, crying & positive vs negative attention toward mother vs box, children tested at 18 & 24 mos of age, 57:7911
mourner characteristics & factors affecting grief work, widows having lost spouse within preceding 1-yr period, 58:3398
nurse's role, coping with stress of injury in emergency room, children, 54:3925
nurturing experience, coping responses to environment in early childhood development, 55:511
observation of model successfully coping with anxiety & subsequent role playing, reduction of test anxiety & arousal redirection to task-oriented behavior, male college students, 56:8407
observation of success model vs failure model with adequate coping, maintenance of self esteem when faced with interview failure, female college students, 57:1135
observational learning, acquisition of avoidance or coping responses toward snakes, 1st graders, implications for preventive techniques, 57:3931
Officer Training School, stress & coping style & military performance, candidates, 53:6317
open vs closed style of adaptation to aversive maternal control, social approach-withdrawal in response to actress "mother" & physical distancing & coping style, male college students, investigation of Heilbrun's theory of schizophrenic development, 56:722

Ottawa School Behaviour Checklist, determination of externalizing vs internalizing methods of coping, emotionally disturbed latency-age children, 53:1420
parental divorce, emotional responses & coping behavior & school performance, 9–10 yr olds, 1-yr followup, 56:588
parent-child relations & coping behaviors, adolescent offspring of parents who were Holocaust survivors, Israel, 58:7151
participation in workshop for elimination of self defeating behaviors, locus of control, college students, 55:5073
patient-doctor relationship & family & other supportive relations & coping behavior, 20 yr old female during terminal phase of leukemia, 58:1444
patterns of adjustment & coping & stress & treatment, textbook, 56:2415
patterns of coping with aggression provoking situation, psychomotor reactions, aggressive & nonaggressive extraverted 8 yr old males, 54:1155
perceptions of their relationship & staff-patient adaptation, staff & patients in community hospital kidney center, 58:8041
personal & social factors, dying process, book, 54:1463
personality & coping process, review of Rorschach symposium, 53:5346
personality traits, coping with psychiatric symptoms, normals with symptoms vs psychiatric patients vs symptom-free normals, 58:5497
personality types, cognitive & sociometric & behavioral measures of social intelligence, Catholic seminary males, 58:3426
physician understanding & rehearsal of anticipated events with therapist, ego strengthening & problem solving & coping behavior, 32 yr old female schizoid being treated for acute hospitalization anxiety, 57:8576
predictive validity of model, frequency & pattern of life events, coping with interpersonal conflicts during & after hospitalization, male psychiatric patients, 57:3448
preferences for natural support systems within community & contribution of helping relationships to primary prevention, male adolescents in elite & isolated & deviant & outsider social subgroups, 56:8278
pregroup training technique, coping with encounter group stress, college students, 53:8000
preoperative fear & type of coping & information received about surgery, recovery from surgery, 18–68 yr old female patients, 58:1734
preparation for initial counseling interview based on audiotape vs written transcript vs minimal instruction mode & mastery vs coping model type, interviewee self disclosure, 58:12210
prescription of drugs for patients, coping with problems & needs & self help, psychotherapists, 58:6112
prolonged stress & demographic characteristics, coping style, patients with terminal renal failure prior to hemodialysis onset, 57:13085
psychodrama methods, coping with death, 53:3563
psychological & social strategies, coping with uncertainty from illness, rheumatoid arthritics, 54:5659
psychological adaptation processes & delayed affects & aftereffects, group of holocaust survivors, 54:5424
psychological stress & coping in adaptation & illness, 54:11908
Psychological Systems Review, systematic evaluation of patients' emotional status & life situation & personality for diagnosis of problems & resources for coping, 56:962
psychosocial factors, production of successful vs unsuccessful adaptation to surgery, mastectomy patients, implications for rehabilitation, 58:7989
psychotherapeutic techniques & role of consulting psychiatrist, coping with surgery & hospitalization, physically ill adolescents, 53:7838
race & socioeconomic status & coping & health, association between social functioning & personal autonomy, black & white elderly OAS recipients, implications for social work, 55:6824
racial identity & financial difficulty & exploitation by others, academic achievement & use of coping behaviors as illustrated by conceptual map, Black college students in special program for socio-academic problems, 57:13894
rating coping skills performance objectives & criterion referenced test items for adult basic education, panel of experts in adult education vs adult education students as raters, 58:2004
ratings of factors influencing psychological stress during pregnancy, pregnant low income females, implications for use of life event scales, 57:3392
rationalization & projection & overcompensation, coping with guilt & mother-child relations, working mothers, 58:980
religiosity & socioeconomic status, coping ability & defenses among minority under stress, Asians of Uganda, 54:9427
religious beliefs, coping with death, 55:4362
repression-sensitization, choice of coping & defense styles under stress & nonstress conditions, college students, 55:9853
repression-sensitization, cognitive & behavioral indices in success-failure paradigm, college students, 56:708
role conflict & strain, coping behavior & stress adjustment, 1st-line industrial managers, 58:12820
role demands in home & job situations & techniques for resolution of role strains, wives & mothers in dual-career families, clinical implications, 58:11566
role of activity, anticipation & confrontation of stressful situations, 55:7202
secondary education in segregated special school vs integrated special classes, subsequent employment status & sociocivic & economic coping ability, educable mentally retarded adults, 58:2192
self concept & ability to cope with anxiety & social skills & attitudes toward family & school & authority & drug usage, incidence of drug abuse & peer group counseling results, drug abusing high school students in treatment program vs non-drug-abusing high school students, 57:6949
self control vs communication automated treatment interventions, expression & control of anger, females, 57:1652
self control vs emotional coping approach, weight reduction, obese females, 56:8402
self reported coping behavior, husband's treatment outcome, 19–60 yr old wives of alcoholics referred to outpatient department of psychiatric hospital, 55:5322
self- vs externally-imposed delay of gratification situations & physical presence vs absence of reward, coping strategies & attention to reward-relevant cues, 2nd & 3rd graders, 56:8046
sensation seeking, adaptation to stress resulting from life change, hospitalized medical patients vs healthy relatives & friends & recently hospitalized or injured evening students vs healthy students, 58:7774
sex & locus of control & patient status, amount & helpfulness of reported activities used to alleviate depression, depressed & nondepressed psychiatric patients & normals, 56:10047
sex, coping with death anxiety, college students, 58:1211
shock anticipation, GSR patterns & coping patterns, college students, 54:408
smoking & secondary load sensorimotor activity tendency, coping with mental load, smokers vs nonsmokers, 57:9434
social interaction & motivation in adaptive behavior & biological & social perspectives of coping & competence & crises coping, book, 53:7186
social network concept, conceptualization of coping & adaptation in social context, hospitalized psychiatric vs medical patients, 58:11788
social reward & task cooperative characteristics, need satisfaction sources & coping responses to crisis extinction analog of instrumental learning paradigm, Papua New Guinea vs Australian preschoolers, 57:10110
socially relevant characteristics of neoplastic disease & resources available to family, hardships & coping attempts, families in which male spouse was receiving treatment for neoplastic disease, 58:11967
sociological analysis, interactional patterns & coping strategies, elderly tenants in slum hotel, book, 58:7293
sociopsychological factors influencing encounters with danger, social workers in ghetto, 55:5372
Socratic dialogue vs behavioral practice, development of coping skills, 7th–9th grade males, 56:1384
source of appraisal of stimulus aversiveness & coping adequacy, subsequent stress, female college students, 56:3981
stress & authority, role abandonment & coping strategies & interaction, students & principals & teachers & consultant participant observers, 57:6645
stress levels & ongoing family organization & patterns of family response to stress, childrearing competence, family with normal vs retarded child, 58:965
stress managing tactics & recipient support, occupations involving delivery of bad news, analysis of deputy US Marshal's role, 57:4505
stress risk & age, coping resources & relationship to health change & motor vehicle accident rate, 46–71 yr olds, 57:8294
stressful experiences & number of stressors & living area & living arrangements & sex & CA & educational level, coping ability & flexibility & locus of control & time orientation, autonomous aged, 56:2172
stressors, development & maintenance & reversal of depression, 57:8310
structured inservice human relations program, attitudes & discipline & referral cards & coping behaviors, teachers, 55:5422
styles of coping with stressful situations, graduate students progressing well vs less competently, 56:2987
subjective capacity to resist stress & age, fluctuation of simple RT, 25–53 yr old electric train drivers, 58:6771
suggestions for coping with rejection & sadness & anxiety that result from nonacceptance of article for publication by research publication, 56:9253
suggestions for dealing with crisis situations in adolescence & adulthood & guide to professional help, book, 58:7148
survival camping program, coping with fear & life stress & skill development & environmental manipulation problems, behaviorally & emotionally & mentally disturbed patients with low self esteem, 56:6463
symptoms & analysis of 1st 100 days of existential plight period, cancer patients, 57:6188
teachers & child-care workers' roles, coping with change due to adoption & foster care, infants, 53:11436
temporal uncertainty & anticipation time & coping orientation, anticipatory reactions to inevitable electric shock, paid male college students, 56:5553
theoretical model of adaptive consequences of alcoholism & therapeutic approaches, 54:5840
therapeutic use of film-making in course, coping with problems, college students, 56:8311
threatening vs nonthreatening instructions & use vs nonuse of avoidant thinking vs situational redefinition, coping with stress, 58:6883
threat's noxiousness & probability of occurrence & efficacy of coping responses, effect of fear appeals on attitude change, students, 56:5979
training program in functional independence, social coping behaviors, male institutionalized mental retardates, 54:3897
type of crisis, active vs passive coping & use of social agencies, women in government housing community, 53:10229
type of ego threat & social desirability & locus of control & denial, public vs private compensatory behavior, male college students, 58:11727
types & degrees of stress & common coping techniques & guidelines for helping others undergoing emotional stress, 57:8268
use of defense & coping mechanisms, acute adverse reactions to marihuana & LSD, male drug users, 54:11817
use of fantasy & holidays alone with wife, marital satisfaction during 1st yr of fatherhood, Black vs White 1st-time fathers, 57:10122
value clarification teaching strategy, self concept & classroom coping & interacting, 5th graders, 55:3016

Copper
euflavine, brain zinc & copper content & staining pattern & shuttle box behavior, goldfish, 57:827
serum copper concentrations, schizophrenics vs normals, Nigeria, 55:4764

Copulation [See Sexual Intercourse (Human)]

Copulation (Animal) [See Animal Mating Behavior]

Cornea
differential classical conditioning with tones as conditioned stimuli & eye shock as unconditioned stimulus, corneo-retinal potential & heart rate & hippocampal EEG conditioned responses & general somatic activity, rabbits, 53:4593
perception of test chart using dark-adapted eye vs TV camera, corneal quantum efficiency of eye, 30–59 yr olds, 53:10827
sources of errors, corneal reflection technique in measurement of eye fixation position & visual preferences, 55:6071
system using corneal reflection technique, measurement of human eye fixations, 53:6735

Coronary Disorders [See Cardiovascular Disorders]

Coronary Thromboses
brief psychotherapy during hospitalization period, coping during recovery process, patients with 1st heart attack, 54:1532

Coronary Vessels [See Arteries (Anatomy)]

Corpora Quadrigemina [See Inferior Colliculus, Optic Lobe, Superior Colliculus]

Corporations [See Business Organizations]

Corpus Callosum
agenesia of corpus callosum, psychopathology, pneumoencephalography patients, 57:10621
amount of commissure section of corpus callosum & task difficulty & overtraining, intermanual transfer of tactile learning, monkeys, 55:2042
callosal & cerebellar division in absence of vision, bimanual motor performance, monkeys, 55:11729
clinical neurological & psychological tests, patients with agenesis of corpus callosum, 55:10108
contralateral homotypical cortex ablation & subsequent reticular arousal & antidromic callosal stimuli, modulation of recurrent inhibition in association cortex, cats, 53:526
corpus callosum function, 54:419
forced practice & functional depression of hemisphere contralateral to preferred paw, subsequent paw preference shifts, male rats with vs without sections of corpus callosum, 53:8957
hemispherectomy or callosal section, competitive & cooperative interactions between hemispheres, 54:540
left ventrolateral thalamic & corpus callosum stimulation & coagulation, subtraction performance, students undergoing stereotactic operations, 56:3657
lesions of corpus callosum, tactual information transmission from right to left hand, monkeys, 56:1989
location of consciousness in human brain, 58:6990
long-term effects of callosal sectioning, male patient, 53:12306
neuroleptics, cholinergic & dopaminergic systems in striatum, Parkinson's disease, 56:1132
olfaction & cerebral separation & interhemispheric transmission, 54:417
reciprocal relations between opponent systems & role of corpus callosum in mediation of interhemispheric opposition, 54:421
sectioning of corpus callosum &/vs lesioning of reticular formation, focal cortical epileptiform discharge, male rabbits, 56:375
shock vs hunger motivation, interocular transfer, callosum-sectioned male rats, comparison with J. A. Sechzer's study using cats, 58:4989
surgical method, corpus callosum section, neonatal kittens, 56:8954
temporal stimulation with 2-handed responding vs nasal stimulation with single-handed responding, crossed & uncrossed response latencies to lateralized visual stimulation, acallosal 2-yr-old girl, 53:1557

Correctional Institutions [See Also Prisons, Reformatories]
academic & social milieu & functions of schools of observation, socially maladjusted 12–17 yr old poorly behaving slow learning male students, 56:3022
academic factors associated with prisoner education, motivational characteristics, prison inmates enrolled in community college program at correctional institutions, 58:1801
achievement level & institutional adjustment & motivation for school learning & intelligence, recividism, male delinquents, 54:9923
active participation in make-believe families, adult & juvenile inmates of female penal institutions, literature review, 55:1181
administration of program involving Ss in service roles in correctional settings, college students in community psychology, 56:1238
alcohol abuse treatment programs in criminal justice system, inmates, 54:3859
assertion training, self concept & self perception, delinquent institutionalized adolescent girls with varying self perception, 55:12805
attitudes toward reality therapy in correctional institution, male inmates, 56:10458
attitudinal change & differences in perceptions of penal environment during 1st 10 wks of imprisonment, 1st-time inmates, 57:4162
barriers against rehabilitation, correctional institutions, 53:6033
basic operations research techniques, models for optimization problems & application to correctional problems, 55:1184
behavior modification in correctional settings, 58:6026
behavior therapy programs in penitentiary hospital setting, offenders, 57:11056
behavior therapy techniques, prevention of prison riots & rehabilitation, inmates, 54:1711
behavioral science theory in correctional evaluation research, 58:12254
capital punishment & correctional reform, 55:2799
care & previous hospitalization in mental health facilities & rehabilitation programs, mentally disturbed & disruptive incarcerated offenders, implications for future care & custody, 56:6566
Carkhuff training program in federal correctional institution, inmate return to society, 54:10363
characteristics, conflict about release, institutionalized male delinquents, 54:1356
college education, youth in correctional institutions, 55:3206
community correctional advocacy program, continuity of correctional services, 53:3862
competency-based counseling program initiated jointly by university & correctional institution, implications for counselor training, 54:10338
confidentiality in correctional institutions & conflict between custodial & rehabilitative functions of imprisonment, 57:11045
construction of Correctional Institutions Environment Scale, evaluation of social climate of correctional & community programs, book, 54:10289
contingency management, preparation for college attendance, correctional institution inmates, 53:10289
contingent vs noncontingent structured environment, behaviors & perceptions of institutional environment, inmates of federal youth institution, 57:13459
contractual method for obtaining educational services, educational upgrading, prisoners, 53:12347
correctional officer training program based on principles & applications of social learning theory, interaction with inmates, 23–67 yr old corrections officers & prisoners, 58:4035
court decisions, delivery of social services in state mental & penal institutions, 55:4416
data collection procedures & research in correctional institutions, 53:6065
decision making model & social learning techniques, peer counseling in correctional facility, 54:10341
development of empirical clinical model, psychological services in corrections, 58:4026
development of human services program at correctional institution, training for graduate psychology students & prison staff, 54:10347
different phases from apprehension to release, psychotherapy in correctional psychiatry, prison inmates, 53:3893
differential characteristics, runaways & runaway attemptees vs nonrunaways at maximum security institution, 54:12418
differential treatment program, self concept & academic achievement & recidivism, institutionalized delinquent boys, 58:12249
differing expectations of administrators & staff & residents, problems for social workers in juvenile training school, 55:5225
drug abuse program at correctional institution, learning social behaviors & reduction of reinforcement value of drugs, 54:10342
duration before repeated detention, recidivism & institutional classification, boys, Poland, follow-up study, 53:3873
effectiveness of counseling in school setting vs correctional setting, 54:10358
evaluation of Patuxent Institution, institution for modern psychiatric treatment of "defective delinquents", 58:1810
executive vs judiciary control of correctional system & community- vs university-based prisons, 53:7171
ex-offender employment policies, survey of American correctional agencies, 53:8139
facilitation training for correctional officers, anxiety levels & social interest & perception of correctional environment & self-esteem, female inmates, 53:6035
family characteristics & genetics, alcohol & nicotine & sex differences as factors in moral disorders, children in corrective institutions, Czechoslovakia, 54:1361
female psychologist's role in correctional institutions, 53:5430
functional & importation variables in prisonization, US vs Mexico vs England vs West Germany vs Spain, 58:8056
goals & deficits, work-release programs, criminal rehabilitation, 53:6041
graduate programs in correctional psychology & criminology, 53:5401
group leadership training program at federal correctional institution, alienation reduction & group counseling training, 54:10357
inadequacies & evaluation of correctional institutions & rehabilitative agencies & guidelines for social work intervention, 56:6475
incest, case reports from correctional settings, 56:2498
individual vs group contingency reinforcement, school attendance & curfew violations, predelinquent adolescents in residential treatment center, 56:6390
informal organization, educational control in correctional institution, young offender, 54:10403
initiation or improvement of point or token economies, staff disciplinary actions, units in detention center, 57:1776
institutional treatment, violent offenders, 54:1777

interpersonal manipulativeness & self concept & perceived role expectations & adjustment, federal prisoners at correctional facility vs pre-release offenders at community treatment center, 58:7715
issues in process & product requirements of evaluative research in correctional setting, 55:7757
jailing & detention & characteristics of facilities, juveniles, 54:8237
job satisfaction & self concept, professional institutional vs community corrections workers, 58:10726
length of time in interpersonal communication skills training, empathy & respect & concreteness & genuineness & immediacy & confrontation, adult correction systems employees, 58:8138
Maryland Comprehensive Offender Model Program, job counseling & placement & development of offenders, 55:12797
measurement of impact of correctional institutionalization, inmates, 54:3964
methods for changing criminal behavior, rehabilitation in correctional system, 53:8121
MMPI & Beta Intelligence Test, prediction of academic success in correctional institution, 56:10783
multidimensional comparative survey, juvenile correctional programs, book, 58:6044
negative aspects of juvenile detention centers, self esteem, juvenile delinquents, 54:3934
occupational therapy, integration into multidisciplinary consultative clinic in state juvenile correctional system, 53:8174
organizational conflict & consultant intervention approaches, organizational & interorganizational conflict, state correctional institution & educational organization personnel, 58:12837
perception of seriousness of crime by prison where sentence was served, severity of punishment & stereotyping of inmates, 55:1188
personal & demographic data & MMPI data, prediction of subsequent institutional adjustment, juvenile offenders in training school, 55:5282
personality characteristics, drug-treatment programs in institutions & establishment of therapeutic community, drug addicts, 53:12143
personality characteristics, institutionalized female narcotic addicts vs normals, 53:7667
philosophy of psychology & roles & responsibilities of psychology staff in correctional services, 58:4109
physical attractiveness, institutional performance, female former residents of federal youth center, 54:3867
plans & purposes, hostel system as residence or halfway house, mentally ill & brain damaged & drug addicted & alcoholic & mentally retarded, 54:1782
postinstitutional outcome & functioning & reliability of institutional predictions & development of community adjustment predictors, male releasees from treatment facility for emotionally disturbed & mildly delinquent boys, 57:6531
prison manpower training program, reduction of recidivism rates, primarily youthful or 1st felony offenders, 55:12807
prisonization as inhibitor of effective resocialization, 14–18 yr old male delinquents in correctional institution, 55:7775
probation laws & services, India, 53:8186
problems of realism & generalizability & practicality & ethics in application of methodology of laboratory organizational experiments to corrections, 58:6595
program implementation needs to promote interpersonal communication & counseling skills for staff, correctional institutions, 54:10340
psychiatric treatment unit within adult correctional facility, Ontario, 58:4021
psychodynamics of criminal behavior, new model treatment program, criminal offenders, 54:1776
psychological test usage, Canadian psychologists in correctional centers, 54:12445
psychotherapy in correctional institutions, 58:8068
purposes & problems & suggestions, solitary confinement in correctional settings, 53:6076
reactions to job characteristics, data based argument for job enlargement, correctional employees, 57:11627
recidivism rate, goal of rehabilitation in correctional institutions, 53:8138
recreational facilities in detention center, 12–17 yr old juvenile delinquents, 56:4596
relationship of Bipolar Psychological Inventory & MMPI in correctional settings, 54:3388
relaxation & self-control technique in crisis intervention, prisoners, 53:12342
release from juvenile corrective institution, subsequent public school adjustment, delinquent boys, 53:1951
research on prediction & definition of dangerous behavior, noninstitutional service as alternative to institutionalization, nondangerous offenders, 54:10389
resocialization outside penal institutions, recidivism, convicts, 54:3868
rural vs urban background & institutionalization, attitudes toward physical activity, delinquent & nondelinquent junior high school girls, 53:1455
self & environmental perceptions, prediction of potential management problems & recidivism, male residents in correctional setting, 58:10062
separation from parents during incarceration in reception center, anxiety & fright & rejection, delinquent children, 58:8060
services provided & perceptions of inmates & staff, volunteers in provincial adult correctional institutions, 58:8066
situational & experiential parameters during release & community reentry from state reformatory, youthful offenders, 55:5292
social & criminal histories & rehabilitation program, mentally retarded offender in Iowa correctional institution, 55:10534
social status, public values regarding correctional policy, representative sample of households, 58:7307
stability of family relationships & perceptions of home & previous institutionalization & truancy-runaway offenses, desire for release, institutionalized white male 13–17 yr old delinquents, 55:7343
staff assessments & offense background, accuracy of prediction of recidivism rates for Black & White court-adjudicated male adolescents from residential correctional institutions, staff, 2-yr followup, 57:13446
staffing & services, correctional institutions, India, 53:10366
structural role theory, description of total institutions & application to analysis of structure of inmate role, 55:12818
suicide in correctional institutions, New York University symposium, 53:11906
systems theory, problems & goals of correctional systems, 53:8171
teacher's age & race & sex & certification & experience, verbal & nonverbal behavior toward adjudicated delinquents, teachers in public schools vs correctional institutions, 56:6812
team training program, organizational variables & perceptions of work environments, institutional staff, 58:8484
theoretical model of incompatible goal structures in correctional settings, 55:1191
token economy program, peer interaction & rule following & task completion, male delinquents committed to state correctional institution, 56:6411
token economy system, in-house chore performance & littering & school performance, 15–18 yr old male delinquents in residential treatment facility, 57:8703
token reinforcement, on-time/in-seat & on-task & social interaction & assignment completion classroom behaviors, delinquent boys in correctional institution, 57:1937
treatment in courts & placement in training schools, female delinquent adolescents, Canada, 54:12429
treatment program combining behavior modification & peer therapy, institutional adjustment, 13–17 yr old "unmanageable" delinquent females with chronic & severe behavior problems, 57:13454
vocational introduction vs self directed search vs guided fantasy as career development group counseling techniques, measures of self information & cognitive self information seeking behavior & process factors, male training center inmates, 57:11055
work- vs communication-oriented juvenile correction programs, self concept, 15–17 yr old male delinquents, 54:8205
work- vs communication-oriented juvenile correction program, recidivism rates, male 15–17 yr old delinquents, 57:4153

Correlation (Statistical) [See Statistical Correlation]

Cortex (Auditory) [See Auditory Cortex]

Cortex (Cerebral) [See Cerebral Cortex]

Cortex (Motor) [See Motor Cortex]

Cortex (Somatosensory) [See Somatosensory Cortex]

Cortex (Visual) [See Visual Cortex]

Cortical Evoked Potentials
acoustic stimuli varying in sensation level & sound pressure level, cortical response, adults, 55:3955
application of serotonin & adrenalin & acetylcholine & eserine to hypothalamus, cortical activity, cats, 53:8986
association, formation of cortical averaged evoked potentials, 54:8947
averaged photic-evoked responses & dispersion pattern, fatigued women & neurotics & patients with neurotic syndromes, 58:11797
awaiting food rewards during single alternation training, dissociation of cortical steady potential shifts from mass action potentials, cats, 54:463
behavioral demonstration of saccadic suppression, correlation of changes in cortical light-evoked response to changes in behavioral response to light produced by fast phase of optokinetic nystagmus, monkeys, 55:3844
biased electrode configurations & innate hemispheric dominance & overtraining with contralateral hand, prefrontal cortical slow potential shifts during delayed response performance, monkeys, 56:7387
bioelectrical & vegetative components, negative-emotional conditioned reflexes, rabbits, 54:9116
cerebral interhemispheric relations, analyses of preparatory cortical activity during right & left hand movement, 57:9733
change of meaning of symbolic stimulus in different temporal contexts, frontal & cortical evoked potentials, students, 53:6721
checkerboard pattern check size, visual evoked cortical potential, 55:6394
chronic protein malnutrition, nonspecific thalamo-cortical evoked potentials, rats, 54:4634
chronic protein malnutrition, trans-callosal evoked responses, rats, 55:6475
click stimuli rate & numbers, middle components of evoked cortical response, normal-hearing Ss, 54:11087
coding of information as fequency of nerve action potentials, brain as information handling device, 56:277
conditioning to auditory cues & subsequent visually evoked cortical potentials, cats, 55:6368
contingent negative variation & cardiac orienting preceding startle modification & facilitation, 58:4932
cortical & somatosensory evoked potentials, voluntary hand movements, monkeys, 58:4918
cortical evoked responses & intelligence measurement, canonical correlation analysis, 53:5311
cortical occipital waves associated with horizontal saccadic eye movements, 18–38 yr old drug-resistant epileptic patients, 57:3682
cortical potentials associated with decision making, 55:4001
cortical potentials associated with detection of events in visual display, human volunteers, 58:11129
cortical spreading depression, conditional emotional response acquisition between steady cortical potential shifts & electrophysiological analysis, rats, 55:11686
creative & intellectual & EEG feedback tasks, creativity & cortical activation, male college students, 55:3960
delta-9-tetrahydrocannabinol & pentobarbital, cortical response evoked during conditioning, male monkeys, 58:11232
depression of visual cortex by potassium chloride, averaged evoked potentials in response to electrical stimulation of optic nerve & photic stimulation of eye, rabbits, 57:648
dextroamphetamine, early & late components of cortical somatic potentials during distraction & innovation & habituation & attention, normal human Ss, 57:12435
dichoptic presentation of grid pattern sizes to 2 eyes, monocular & binocular visually evoked cortical responses, 53:6719
diphenylhydantoin, selective suppression of auditory evoked potentials in cerebellar cortex, cats, 53:4688
discrimination tests & visually evoked cortical potentials technique in color vision research, objectivity in human vision research, 56:3346
early epigenesis of cortical evoked responses in neocortex, sheep fetuses, 53:4555
electrical & gustatory stimuli, cortical responses, rabbits, 55:1983
electrophysiological analysis, cortex-tectal connections, turtles, 55:11620
electrophysiology of cerebral cortex during avoidance learning, 2–6 wk old normally- vs dark-reared rats, 57:5153
evoked potentials in frontal & occipital lobes & short term memory, 16 & 17 yr olds, 55:1959
eye enucleation, alterations in visual system structure & function, adult cats, 55:4014
eye movements, striate cortex potentials in light & darkness, 36 yr old awake male patient with intractable focal epilepsy, 57:10628
finger displacement, analysis of potentials recorded by scalp & cortical electrodes, normal Ss & Ss treated by multifocal leukocoagulation, 57:9732
forewarned RT tasks, electrocortical measures, young & older male sociopaths, 55:4840
graded potentials from striate cortex, increment spectral sensitivity & color discrimination, male monkeys, 55:3848
high frequency optic & hypothalamic electrical stimulation, cortical evoked potential activity during affective behavior, cats, 57:9793
image displacement with paced saccades, electroretinogram & visual evoked cortical potentials, humans, 55:6034
intellectual & perceptual motor functioning & personality & electrocortical activity, recovery functions of somatosensory evoked responses & spectral density & evoked response asymmetry, 60–80 yr old females, 55:9377
intelligence & personality, cortical evoked potentials, males, 55:6389
interstimulus interval, RT & latency of average evoked potentials to auditory detection task, male college students, 58:2658
intraventricular & intrahypothalamic cholera toxin, motor activity & electrocortical activity & body temperature, chicks, 56:3750
labyrinthine stimulation, cortical evoked responses, male 24–36 yr olds, 54:8964
learning movement performance, response variables & motor slow cortical potentials, monkeys, 53:8878
levodopa, cortical average evoked responses & learning & behavioral changes, depressed inpatients, 57:6398
lithium, cortical evoked potentials to peripheral somatosensory stimulation, male rats & cats, 57:742
localized cooling in centromedian area of thalamus, recovery of cortical responses, cats, 57:12326
location of stimulus presentation, hemispheric asymmetrics in visual cortical evoked potentials, male & female Ss, 54:11076
marihuana, contingent negative variation & reaction time, 21–26 yr old marihuana users, 53:4696
maternal antenatal decompression treatment, intelligence & neurological & electrocortical measures of CNS functioning, 3 & 4 yr old children of treated vs non-treated mothers, 56:5758
mathematical task performance, cortical evoked responses, adults, 54:8956
mesencephalic stimulation, unit activity in striate cortex, squirrel monkeys, 53:537
methylmercury chloride exposure during gestation vs nursing, visual cortex evoked potential latencies in offspring, rats, 57:5420
operant conditioning using food reinforcement, alteration of cortical steady potential response amplitudes to auditory stimulus, female albino rats, 53:6727
pentazocine, evoked potentials in primary somesthetic cortical areas, guinea pigs, 55:2096
pentylenetetrazol potentiated afterdischarges, lateral geniculate multiple-unit activity, male rats, 55:9251
perinatal changes in cortical potential & primary evoked responses in cortex, neural development, precocial mammals, 53:4562
peripheral action & cortical evoked potentials, magnitude of sensation, 54:434
piracetam, cortical evoked potentials, rats visually & auditorally & somesthetically stimulated after eye opening at different postnatal periods, 57:9867
psychophysical judgment in frequency discrimination task, electrocortical & cardiac rate correlates, college students, 55:11665
pyridoxine vs pyrithioxine, electrical activity in cerebral cortex, rats reared on low protein diet, 57:9892
recorded cortical evoked potentials obtained from electrodes on dura with averaging vs on pia without averaging, guinea pigs, 55:6400
reducer & augmenter concepts & identification of stimulus-governed person & neurophysiological correlates, criticism of study of A. H. Baker concerning perceptual characteristics of delinquents, 56:9436
relationship between K-complex & body mobility in Stage 2 sleep, males & females, 57:2621
response to positive incentive value of CS, cortical evoked potential, monkeys, 58:8981
response vs no response to cues signaling availability of reward & reinforcement rate & food deprivation, late negative wave evoked in cortex, monkeys, 58:8983
retinal stimulation by patterned flashes, structure of average occipito-cortical potentials, 56:5497
self initiated movement, inhibition of cortical evoked potentials & sensation to brief electrical stimuli, 56:1930
subcortical lesions & drug treatments altering brain serotonin levels, changes in cortical evoked potentials to visual stimuli, rats, 57:2686
tactile vs acoustic stimulation, modality-specific components of cortical evoked potentials, 17–45 yr old males & adult male chimpanzee, 54:8972
task difficulty & short term memory load, contingent negative variation & late evoked potential, 58:595
task relevance, amplitude changes in early & late components of cortical & subcortical somatic evoked potentials, parkinsonian patients, 55:4943
taurine, direct cortical response, immobilized cats, 55:445
tone burst sequence & event expectancy, waveform characteristics of cortical event-related potential, 57:5167
variations in type of food pellet & change in reinforcement schedule, amplitude of M-wave evoked from cortex, monkeys, 58:8982
verbal instructions to attend to auditory vs visual input in concurrent polysensory stimulus condition, summated cortical evoked responses, right handed college students, 57:5202
visual cued observation interval, high-confidence decision-related cortical evoked potentials during auditory signal detection, young adults, 55:332
visual &/or auditory stimulation, RTs & cortical evoked potentials, 22–32 yr olds, 55:1960
warning & signal stimulus, evoked potential changes & negative potential shifts of cortical surface, medical students & psychiatric patients, 53:7573
warning stimulus, P300 & contingent negative variation components of average evoked potential, college students, 54:2396

Corticoids [See Corticosteroids]

Corticosteroids [See Also Aldosterone, Corticosterone, Cortisone, Deoxycorticosterone, Hydrocortisone, Prednisolone]
ACTH & corticosterone during 2 critical neonatal periods & electrical stimulation of hippocampus & septum, circadian periodicity of stress-induced pituitary-adrenal responsiveness & circadian plasma corticosteroid rhythm, rats, 56:9486
adrenalectomy & glucocorticoid dexamethasone, circadian rhythm of running, rats, 56:9479
adrenocortical hormones, amnesic effect of cycloheximide, male mice, 53:9087
corticosteroid therapy, mood & behavioral changes, implications for development of synthetic steroids, 57:6427
corticosteroids & thyroid & gonadal hormones during early life, cell formation & brain maturation & neuroendocrine circuits, rats & mice, literature review, 56:9452
corticosteroids, acoustic induction of audiogenic seizure susceptibility, mice, 56:2087
corticosteroids, agitation & enhanced anxiety, implications for psychopharmacological treatment, literature review, 54:653
dexamethasone dosages & length of administration, plasma cortisol levels & resistence to dexamethasone suppression, depressed patients, 57:13342
dexamethasone phosphate, sex differences in effects on running activity & open field behavior, rats, 54:2557
diazepam, acquisition & performance of Pavlovian fear conditioning & plasma corticosteroid levels & continuous avoidance behavior, female & castrated male pigs, 58:11244
exogenous glucocorticoids, hippocampal theta rhythm, male rabbits, 55:4135
husbandry influences, heart rate & plasma levels of corticosteroids, castrated calves, 56:1945
hypnosis & corticosteroid injections, 2 bronchial asthma cases, 54:1527
long term treatment with ACTH & corticoids, loss of psychic drive & endocrine psychosyndrome, 55 yr old female patient with pemphigus vulgaris, 55:5148
morphine in single vs repeated administration, adrenal & plasma & urinary corticosteroids, cats, 54:6986
paradoxical sleep deprivation as stress factor, hydroxycorticosteroid concentration in blood plasma & adrenals & activation of hypothalamo-hypophyseal-adrenal system, rats, 57:606
progesterone metabolites vs pregnene steroids & 3-H-progestins & brain implants of progestins & neocortical application of potassium chloride & p-chlorophenylalanine, progesterone-involved neural mechanisms facilitating sexual receptivity, estrogen-primed & adrenalectomized rats & mice, 58:7092
stress, adrenocortical activity & sleep habits, 53:11045

stress due to regular unsignaled vs irregular signaled footshock, time course for plasma 11-hydroxycorticosteroid elevation, male rats, 53:11112
synthetic scotophobin analog, adrenocortical vs generalized vs unconditioned stress reaction vs dark component stress reaction, male mice, 56:7526
tobacco consumption, adrenocortical activity, doctors & their wives, 58:2982
work stress due to piecework & work on assembly line, urinary adrenaline & noradrenaline & hydroxycorticosteroid excretion, 23–39 yr old males, 58:2892

Corticosterone
ACTH & corticosterone during 2 critical neonatal periods & electrical stimulation of hippocampus & septum, circadian periodicity of stress-induced pituitary-adrenal responsiveness & circadian plasma corticosteroid rhythm, rats, 56:9486
age & stress induced by exposure to tobacco smoke vs filtered smoke vs air, body weight loss & plasma corticosterone peak & serotonin levels, 25 vs 50 day old CF-1S mice, 55:367
age, EEG sleep patterns in open field before vs after electrode implantation & corticosterone levels, 3 vs 6.3 vs 12.5 vs 23.5 mo old mice, discussion of methodological problems, 57:2630
alterations of hypothalamic catecholamines, plasma corticosterone, rats, 56:5581
anterolateral hypothalamic injection of 6-hydroxydopamine, open field behavior & plasma corticosterone, male rats, 58:5053
behavior-genetic analysis, wheel-running activity & post-wheel-running testosterone & corticosterone levels, adult male mice, 56:5512
chronic cannabis & differential hormonal treatments, brain 5-hydroxytryptamine & plasma corticosterone & aggressive behavior, ovariectomized rats, 54:7034
chronic consumption of alcohol, circadian rhythm of plasma corticosterone, male mice, 56:3729
cingulate lesions, corticosterone levels during avoidance learning, male rats, 53:4619
corticosterone & ACTH & parachlorophenylalanine & mesencephalic lesions, extinction of active avoidance task & hypothalamus & mesencephalic 5-hydroxytryptamine, rats, 56:9471
corticosterone at 22 days of age, open field activity & cerebral weight & DNA content & operant behavior in adulthood, mice, 56:2034
corticosterone during 1st postnatal week, hypercorticism in infancy & conditioned active avoidance as adults, rats, 53:11211
corticosterone level increase & stress, imprinting, ducklings, 57:12284
corticosterone vs ACTH, avoidance of attack, male hypophysectomized vs adrenalectomized vs intact mice, 57:7710
corticotropin analog-induced attenuation of amnesia, plasma corticosterone levels, rats, 55:4149
cortisol or corticosterone-induced circulatory adrenal steroid level, tyrosine & tryptophan brain uptake & transport across blood-brain barrier, rats, 54:6914
cycloheximide & aminoglutethimide & exogenous corticosterone, dissociation of adrenal steroidogenesis & amnesic effects after training, male mice, implications for protein synthesis inhibition & long term memory, 57:5396
cycloheximide vs aminoglutethimide vs corticosterone, adrenal steroidogenesis & long term memory after passive avoidance & discrimination training, male mice, 57:2799
daily treadmill sleep deprivation during maturation & socialization period, open field organized social interaction & plasma corticosterone & blood pressure, male mice, 58:8970
deafferentation of olfactory nerves vs olfactory bulbectomy, plasma corticosterone production, female rats, 57:5282
delta-1-tetrahydrocannabinol, plasma corticosterone levels & tolerance, mice, 53:9097
dexamethasone pretreatment, plasma corticosterone levels & strength of illness-induced taste aversions, rats, 58:7114
dexamethasone vs ACTH pretreatment, plasma corticosterone level following taste aversion conditioning, male rats, 56:5665
dosage of 3,4,5-trimethoxyamphetamine, locomotor activity & plasma corticosterone & glucose & adrenal epinephrine levels, male mice, 57:9899
early handling & socialization, emotional reactivity & social interaction & plasma corticosterone levels, mice, 53:2723
early handling, behavioral & physiological responses during active avoidance learning, male & female rats, 58:4886
handling & shock & heat stress exposure & open field exposure in infancy, plasma corticosterone, newborn rats, 58:4972
handling, corticosterone metabolism & response of adrenal cortex to ACTH, rats, 56:9410
hippocampal lesions, activity & body weight & performance on differential reinforcement of low rate schedule & extinction & corticosterone levels, male vs female rats, 53:4644
hippocampal vs neocortical lesions, open field locomotor activity & plasma corticosterone levels, male rats, 56:5615
hormone injections following training in 1-trial avoidance task, memory processes, male rats, 57:12381
illness-induced taste aversion paradigm using cyclophosphamide, conditioned adrenocortical steroid elevations, rats, 57:9765
immobilization stress, open field behavior & plasma corticosterone levels, aging mice, 57:2647
isolation vs pairing, adrenal relationships to aggressiveness, female mice, 53:8927
levels of increased population & decreased cage size, blood plasma corticosterone, CF-1 passive & CFW aggressive male mice, 55:348
maternal & pup malnutrition, secretion of corticosterone & response to ether or novelty stress & responsiveness to handled or shocked pups, rat mothers, 58:6979
maternal malnutrition & environmental rearing, plasma corticosterone level & brain DNA & protein & brain size & cellular content & learning, rats, 58:7021
melanocyte stimulating hormone & melanocyte stimulating hormone/ACTH sub 4-10 & melanocyte stimulating release inhibiting factor & corticosterone, tonic immobility & body temperature, lizards, 56:9601
midbrain raphe nucleus lesions, circadian rhythm of plasma corticosterone & assessment of role of 5-hydroxytryptamine neural system in tonic control of pituitary-adrenal axis, male rats, 57:12350
nicotine & metyrapone, plasma corticosterone & hippocampal 5-hydroxytryptamine, stressed vs unstressed male rats, 54:4775
plasma corticosterone level, stress-induced ulceration, adrenalectomized & normal male rats, 55:378
plasma corticosterone levels during recovery from LiCl-produced taste aversion, male rats, 56:5526
predator-induced stress, challenge infection, reinfection rate & plasma corticosterone level & body weight gains, immunized mice to dwarf tapeworm, 53:6750
presence of food &/or water vs empty drinking bottle, activity of pituitary-adrenal system, male rats, 57:2652
prolonged exposure to novel environments as stressor, elevation & adaptation of glucocorticosterone response, male rats, implications for circadian rhythm dependence, 57:5186
propranolol & nicotinic acid & removal of cage mates, plasma unesterified fatty acid & tryptophan & corticosterone concentrations, remaining rats, 55:420
rate of food reward & remaining on reinforcement schedule vs shifting to extinction, plasma & adrenal corticosterone concentrations, male rats, 57:9750
rearing by blind vs normal mothers, circadian periodicity in plasma corticosterone levels, blind vs normal weanling rats, 56:286
response of pituitary-adrenal system to footshock-induced stress during conditioning, passive avoidance learning deficits produced by amygdala lesions, male rats, 56:3642
restraint stress, plasma corticosterone & hypothalamic norepinephrine, normotensive & genetically hypertensive rats, 56:3587
rewarding & punishing electrical brain stimulation, adrenal corticosterone levels, rats, 55:4038
selective breeding for differential sensitivity to ethanol, adrenocortical response to ethanol & histamine & electric shock, mice, 56:5678
sensitive imprinting period, corticosterone levels & development of circadian rhythm, ducklings, 58:4948
separation from pups & intensity of pup treatments, pituitary adrenal responsiveness, rat mothers, 58:4946
sex differences, ontogenesis of circadian adrenocortical rhythm following cortisone priming, rats, 56:1966
sexual behavior, plasma corticosterone levels, male rats, 53:494
successive discrimination training vs continuous reward trials, plasma corticosterone levels, male rats, 56:5509
unpredictable stress, plasma glucocorticoid elevation & desynchronization of estrous cycle, female rats, 54:2441

Corticotropin
ACTH & adrenal hormones vs adrenalectomy vs demedullation, amplitude & habituation of flexor reflex, male rats, 53:8958
ACTH & corticosterone during 2 critical neonatal periods & electrical stimulation of hippocampus & septum, circadian periodicity of stress-induced pituitary-adrenal responsiveness & circadian plasma corticosteroid rhythm, rats, 56:9486
ACTH & glucose injections into lateral forebrain ventricles, displacement activities in stressful conflict situations, pigeons, 57:12374
ACTH, acquisition of conditional avoidance response, amygdala lesioned rats, 57:627
ACTH administration & mouse strain, role of pituitary-adrenocortical axis in isolation-induced intermale fighting behavior, male mice, 54:471
ACTH dosages at different time intervals after training & at various times of day, enhancement & impairment of memory processes, male rats, 56:5662
ACTH, electroconvulsive shock-produced amnesia of passive avoidance task, rats, 53:4726
ACTH, extinction of lithium chloride-induced conditioned taste aversion in preference & forced drinking tests, male rats, 56:3759
ACTH fragments with low corticotropic activity, affinity for opiate receptors & morphine-induced analgesia, adrenalectomized & normal female rats, 57:7787
ACTH injections in ventricular system vs neostriatum vs substantia nigra, dopamine component in excessive grooming behavior, rats, 58:3040
ACTH, recovery from lithium chloride-induced taste aversion, male rats, 57:754
ACTH sub 4-10, electroconvulsive shock-induced amnesia for 1-trial thirst-motivated response, male rats, 54:7047
ACTH 4-10 & pretreatment with estradiol benzoate &/or progesterone, copulatory behavior & adaptation & training in seeking contact with sexually active male, ovariectomized female rats, 58:4969
ACTH 4-10, performance during serial reaction task, college students, 54:7001
ACTH-analogues, vigilance & spontaneous motor behavior & averaged visual evoked responses, rats, 56:3782
ACTH–melanocyte stimulating hormone 4–10, anxiety & visual memory & visual attention, 21–30 yr old men, 55:6622
adrenocorticotrophic hormone injections & time of training & conditioned stimulus duration, acquisition & retention of conditioned-suppression response, male rats, 53:4751
adrenocorticotropic hormone- & vasopressin-analogs, carbon dioxide induced retrograde amnesia, male rats, 53:4744
adrenocorticotropic hormone, conditioned avoidance, male rats, interpretation as state-dependent learning, 53:9061
adrenocorticotropin hormone vs amphetamine vs footshock, ECS produced amnesia, male rats, 57:755
anabolic steroids, responsiveness to sexual stimulant effect of intraliquorally injected ACTH, castrated male rats, 55:360
behaviorally active ACTH 4-9 analog, plasma concentrations of radioactivity & intact peptide & formation of tritiated water & kidney concentration & urinary excretion, rats, 56:9607
corticosterone & ACTH & parachlorophenylalanine & mesencephalic lesions, extinction of active avoidance task & hypothalamus & mesencephalic 5-hydroxytryptamine, rats, 56:9471
corticosterone vs ACTH, avoidance of attack, male hypophysectomized vs adrenalectomized vs intact mice, 57:7710
corticotropin analog-induced attenuation of amnesia, plasma corticosterone levels, rats, 55:4149
cycloheximide & aminoglutethimide & exogenous corticosterone, dissociation of adrenal steroidogenesis & amnesic effects after training, male mice, implications for protein synthesis inhibition & long term memory, 57:5396
dexamethasone vs ACTH pretreatment, plasma corticosterone level following taste aversion conditioning, male rats, 56:5665
dexamethasone vs deoxycorticosterone vs ACTH, aversive threshold, male rats, 54:9161
dogfish melanocyte-stimulating hormones & corticotrophin-like intermediate lobe peptides, extinction of conditioned avoidance, male rats, 55:6642
haloperidol therapy, urinary gonadotropins & serum testosterone & follicle-stimulating luteinizing hormones & ACTH reserve, 16–62 yr old male chronic schizophrenics, 55:7638
handling, corticosterone metabolism & response of adrenal cortex to ACTH, rats, 56:9410
hippocampal lesions & dexamethasone vs ACTH, activity & passive & active avoidance, male rats, 58:614
hormone injections following training in 1-trial avoidance task, memory processes, male rats, 57:12381
hypophysectomy vs adrenalectomy vs sham operations, ACTH-induced reactivation of prior avoidance training, female rats, 56:1962
hypophysectomy with vs without ACTH replacement, acquisition & retention of active avoidance response & conditioned suppression, rats, 58:623
information about location of water & ACTH injections, maze learning, water-deprived male rats, 56:5675
intraventricular application of peptides derived from ACTH, induction of excessive grooming, male rats, 55:2073
intraventricular injection of ACTH analogs vs lysine vasopressin vs amino acid mixture, behavioral & biochemical responses, male mice, 56:9592
long term treatment with ACTH & corticoids, loss of psychic drive & endocrine psychosyndrome, 55 yr old female patient with pemphigus vulgaris, 55:5148
mechanism of action & structure of ACTH analogs, brain behavioral activity & learned behavior, 56:3540
melanocyte stimulating hormone & melanocyte stimulating hormone/ACTH sub 4-10 & melanocyte stimulating release inhibiting factor & corticosterone, tonic immobility & body temperature, lizards, 56:9601
mother/infant environment, neuroendocrine regulation of ACTH in offspring, rats, 54:483
neonatally injected ACTH & ACTH analogues, eye-opening, rats, 56:5664
polypeptides, bioelectric & behavioral measures of attention & memory & anxiety, male medical students, 53:6853
prepubertal handling, shock induced fighting & ACTH, male vs female rats, 54:9002
rate of biotransformation of ACTH analogs, pole-jumping avoidance behavior & melanocyte-stimulating hormone activity, male rats, 56:3781
septal lesions & scopolamine, avoidance acquisition & role of pituitary-adrenocortical system, male rats, 53:8955
single & multiple induced convulsions in electroconvulsive therapy, corticotropin secretion patterns, psychiatric patients, 53:5778
sleep-waking rhythm of ACTH & growth & luteinizing hormones & prolactin, humans, implications for diagnosis & management of neuro-endocrine clinical syndromes, 58:4949
Synacthen depot, treatment of inoperable cerebral tumors, patients, 58:3894

Cortisol [See Hydrocortisone]

Cortisone
cortisone treatment, associated psychic disturbances, 53:10091
cortisone vs aldosterone vs nialamide followed by methamphetamine injection, stereotyped head movement & licking activity & brain methamphetamine levels, adrenalectomized male rats, 56:3731
fetal androgens in early treated adrenogenital syndrome, assertive & aggressive behavior, adolescent & adult hermaphroditic females, 56:6449
sex differences, ontogenesis of circadian adrenocortical rhythm following cortisone priming, rats, 56:1966

Costs And Cost Analysis
absence vs presence of information concerning other's profits & costliness of bidding, bargaining behavior, male high school student dyads, 57:5797
accomplishments & failures & educational objectives & nature of skill training & character development & methods for educational cost reduction, self help manual labor schools in industrialized & nonindustrialized settings, US vs Africa, 56:2905
accountability issues & development, employment counseling, 54:4307
activity measurement, campus medical vs mental health services, 53:10550
administrative & financial issues, community programs for chronic patients, 56:6492
administrative problem solving technique, implementation of mandated legislation for handicapped children in resource room settings, 57:11228
advantages & cost analysis, computer generation & scoring of tests, large introductory psychology class, 54:79
aftercare home treatment service vs conventional treatment, costs & rehospitalization, 54:10298
age & formal training & experience of administrator & income of school district residents & expenditure per pupil & pupil enrollment size, perceived leader behavior of chief school administrators, members of administrator's staff, 58:1957
age & length of stay in mental hospital, economic benefits of securing patients' release, hospitalized patients, implications for selecting patients for token economy programs, 56:10443
alternative economic models, demand for outing type recreation in Connecticut state parks, consumers, 55:13749
analysis of program expenditure & income data, cost of special education in nonpublic schools, 57:13938
application of economics concepts, analysis of tertiary-secondary vs primary mental health services, further reply to M. G. Wolf's criticism, 57:13364
application of economics concepts, analysis of tertiary-secondary vs primary mental health services, reply to M. G. Wolf's criticism, 57:13365
application of economics concepts, analysis of tertiary-secondary vs primary mental health services, reply to R. Harper & P. Balch's rebuttal, 57:13387
application of economics concepts, analysis of tertiary-secondary vs primary mental health services, criticism of R. Harper & P. Balch's study, 57:13388
behavioral-economic methodology for assessment of quality of work life & organizational effectiveness, assembly plant workers, longitudinal study, 56:6873
benefit-cost analysis, token economy program, adult psychiatric patients, 54:3938
budgetary & personnel characteristics of graduate psychology departments vs reputational rankings of psychology departments published by American Council on Education in 1970, 55:10714
budgetary analysis & cost per student served, college & university counseling service, 57:11544
community mental health center financing, operation & staff & service of university child guidance center, 55:10470
comparative doses & costs of antipsychotic medication, review of double-blind controlled studies, 56:8440
Computer Study Section of National Institutes of Health, description of grants review system, 56:6604
conceptual model for organization & administration of learning resource center in small college, 55:1397
coordination & economic support, national adolescent research councils, Denmark, 53:5420
cost & convenience, "bug-in-the-ear" private audio system for trainer-trainee communication,, 57:61
cost & safety & efficiency & effectiveness, aircraft simulators for training, pilots, 56:10833
cost analysis, psychiatric hospitalization vs family care, 57:10648
cost benefit analysis of institutional vs community living, 57:4060
cost effectiveness analysis for comparison of alternative social programs, cost evaluation of geriatric day care, 55:5176
cost effectiveness analysis, mental health prevention activities, 54:3804
cost effectiveness analysis, token economy in rehabilitation workshop producing subcontracted goods, 53:5894
cost effectiveness applied behavior analysis for evaluation of treatment procedures, application to group problem behaviors in child care setting, 58:3676
cost effectiveness of short-term milieu therapy, psychiatric inpatients, 53:10340
cost financing system, mental health facility in labor union program, 54:3553
cost minimization & accession quality maximization through computer applications, Air Force officer procurement, 53:8443
cost of helping & dependency & need of recipient, helping vs exploitation of female experimental confederate, male Ss, 53:7291
cost to Ss & information gain to researcher, analysis of research efficiency in behavioral sciences, 55:3466
cost-accounting system, determination of differential costs of psychiatric care in Veterans Administration hospital, 54:1796
cost-benefit & operational-cost models of task analysis, total instructional programing process, 53:4015
cost-benefit analysis, forecasting performance of educational incentives, 53:6089
cost-benefit analysis, methadone maintenance & sale & consumption of heroin, book, 54:10165
cost-benefit measure development problems, accountability in mental health services, 53:1805
cost-effective & benefit-cost analysis, individual & leadership decision-making, 53:4163

cost-effectiveness, preschool assessment & reading readiness intervention programs, kindergarten high-risk learners, 55:8288
costs & benefits of community care vs hospitalization, middle aged chronic woman patient, 57:4067
costs & efficiency & effectiveness & availability, nonacademic counseling services without centralized center at urban university, 57:9178
current perceptions & practices of charging fees for counseling & testing & outreach programs in college counseling centers, 53:6242
current smoking behavior & attitudes toward increased cigarette tax & perceived effect on smoking behavior, college student nonsmokers vs ex-smokers vs smokers, implications for health education, 56:9809
decision theoretic analysis, reliability of absolute judgments of cost element traceability, accountants, 57:2043
demands of funding organization & university & external policy making groups, problems of social research in university, 54:9516
demographic characteristics & sensitivity to finance rate variations, credit term preferences, 53:2033
demographic, extraordinary gains & losses, company evaluations, 55:3368
demonstration of payoff of organizational development, experienced consultant, 58:8521
design & implementation & costs, machine independent computer assisted instruction language & system, 53:12418
determination of teaching case load size, budgetary needs & program planning & effective teaching, rehabilitation teachers, 54:3904
differential service expenditure patterns, rehabilitation outcome, clients, 57:13448
discrimination in public funding, development of professional psychology practices, 53:3844
economic & improvement value model, output value analysis of mental health programs, 53:12279
economic & procedural advantages, behavioral research via closed circuit TV, 53:8538
economic approach, family health studies, 53:12040
economic benefits, early diagnosis & training for handicapped children, 57:10988
economic costs & benefits evaluation, vocational & educational training program, educable mentally retarded students, 54:1950
economic issues, cost-financed mental health facility & labor union insurance, implications for national health insurance, 54:3555
economic value of decision analysis, 55:90
educational effectiveness & chances of survival & financial solvency & innovative activities & practices, future of private independent junior colleges, 56:1292
effectiveness & economy, Hamilton model of community mental health care at small US Air Force base, 55:10462
effectiveness of psychiatric benefits & utilization & cost experience, Civilian Health & Medical Program of Uniformed Services, 58:5762
environmental factors, efficiency & spending on staff & managerial emoluments, credit unions, 56:1543
equity of school expenditures, quality of education for black children in large American cities, 55:7961
estimation of consumer preferences for durable brand in established product class, 53:11671
evaluation of methodology, estimation of costs of US Air Force on-the-job training, 56:8848
excessive noise in textile works, medical-psychological & economic effects, 58:2401
expansion of legislation for federal funding, barriers to financial self sufficiency for community mental health centers, 58:10021
experimentally induced price changes in controlled economic environment, consumer behavior, token economy system in state hospital female ward for chronic psychotics, 53:6269
fee assessment & psychodiagnosis & socioeconomic status, psychotherapeutic process & outcome, outpatients, 55:10249
fiscal factors & past voting behavior & outcomes of school budget elections in New York State, 56:4737
fiscal policies & programatic consequences, community mental health center inpatient utilization patterns, 58:12201
front-end analysis, performance problems & programs, 53:4142
gasoline prices, gasoline consumption & attitudes & behavioral adjustment to price increase, urban consumers, 58:8547
government policy in health care pricing & role of private & public forces, 1960's, 57:11156
grant application & research administration, clinical research, psychiatrists, 54:55
grant application development for children's psychiatric services, mental health center staff & community advisory board members, 53:3797
group response-cost procedure, cash shortages, employees of small business, 56:10872
health priorities & planning & sanitary indicators, developing nations facing process of development & progress, 54:5664
high cost of mental health care & characteristics of economic system, negative influence on mental health of general population, Canada, 56:8471
importance of structured curriculum & teacher education & architectural design & school financial status, viability of open classroom method, 57:11391
individualized instruction in precision measuring equipment, cost effectiveness & training time & achievement, US Air Force personnel, 56:10834
lack of productivity & cost of patient maintenance, schizophrenia, 55:4737
linear model prediction of S's responses vs actual responses, financial analysis task, professional loan officers, 56:5206
low cost micturation alarms, 53:5921
mailed questionnaire vs personal vs telephone interviews as followup study methods, cost & rate of response & nature of information obtained, former secondary school students of career development center, 58:8598
maintenance-related human factors technologies & topics, reduction of life cycle costs of hardware systems, 57:4576
mean annual medical cost of treatment with vs without lithium, bipolar manic depressive patients, 58:9974
measurement system, crew performance, US Air Force combat crew trainees, 55:1662
methodology development, cost estimation of Air Force on-the-job training, 53:12673
methodology evaluation, cost estimation for Air Force on-the-job training, 54:2046
mission suitability testing regarding cost & transfer of training, US Army aircraft simulator, 54:12756
model based on life cycle labor force participation, relationship between work experience & male & female wage differences, 58:8459
modification of career force objective methodology, evaluation of personnel quality–quantity–cost tradeoffs in entering career force, airman personnel, 54:2087
modification of management control system to function as feedback system, performance efficiency & cost reduction, automotive plant departments, 57:4534
motivation & quantity of information, consumer choice accuracy & reliance on price information, US vs Puerto Rican students, 58:6524
multiapproach to accountability, employment counseling, 54:4309
National Science Foundation's Division of Behavioral & Neural Sciences, evaluation of & support for basic research in psychology & ethology & anthropology & linguistics & neurosciences, 56:6620
operation of Psychological Sciences Division of Office of Naval Research, research support, 56:6630
optional purchasing vs fixed-cost information system in Marketing a New Product simulation game, accumulated profits & sales, students & managers, 57:11696
origins & status & constitutional & judicial bases of public support & nonsupport, subcollegiate public & private schools, 54:10417
payment of fees for psychoanalytic services, 54:12359
peer review committee for monitoring of treatment appropriateness & allocation of treatment funds, treatment patterns & psychotherapeutic relationships & outcomes, therapists & outpatients at community mental health center, 57:1741
perceptions of fee charging in child welfare agency, clients & staff, 54:10359
performance problem solving method, reading deficiency & educational problems & graduate marketability & cost analysis, 53:3941
personalized cover letters vs follow-up postcard reminders vs mail questionnaire response rate, budgetary limitations & time & sample size, reappraisal of mail survey response rates, 53:11649
physicians' attitudes toward programs for reduction of prescription drug prices, 53:3683
planning & operation & costs & problems of short term outreach program, severely disturbed children, 54:10329
politics of mental health funding, 58:10041
price differences & brand familiarity, brand preferences, members of women's groups, 58:10744
price promotion vs advertising, buying behavior, "price" vs "brand" instant coffee buyers, 53:7345
primary nursing as organizational modality, quality of patient care & patient satisfaction & cost effectiveness in acute care setting, nurses, 57:8872
private practice vs community mental health centers, analysis of comparative costs of service, 58:1530
product price vs packaging cues availability, ball point pen quality ratings, college students, 54:2017
professional staffing & patient age & type of service offered, analysis of mental health service delivery system, 56:8482
program shortcomings & political impotence, validity of discontinuing federal grants to community mental health centers & alternatives to mental health care delivery, 54:10279
propositional inventory & stepwise regression analysis, voter behavior in school financial elections, 55:13013
psychiatric & mental health research, decrease in funding by government & private foundations, 53:5990
psychoanalytic psychotherapy & psychologists vs adjunctive medication & psychiatrists, costs & effectiveness in treating schizophrenics, 56:1258
psychotherapy vs medication, costs, schizophrenia, 55:12624
public assistance to nonpublic education, public policy implications, 54:10408
rationale & design & cost & extensions, Automated Psychological Evaluation System, 56:5119
rearrangement of internal systems to provide funds for program evaluation, mental health agencies, 58:10008
redeployment of funds from hospital to community resources, transition of long term care mental health center, 55:1122
school & district size, attitudes & student achievement & educational fund expenditures, junior high school students vs their parents, 55:13451
school district expenditure levels & age & teaching & administrative experience, role perceptions, elementary school principals vs teachers, 58:12452
school organizational expenditures per pupil, standardized achievement test scores, 56:1303
selection criteria, training time & costs in self instructional course in electronic maintenance skills, 54:4330
short & long term therapeutic communities, completion rates & postrelease court convictions & cost effectiveness analysis, addicts, 54:1562
simulated production–cost decision task & symmetrical nonsaddle point decisional matrix design, supervisor's own reinforcements vs reinforcements administered to subordinates, male college students, 55:1657
single prompt with vs without monetary incentive vs 3 prompts, initiation of dental care seeking & followup visits & cost effectiveness, low income parents of children needing immediate dental care, 57:13383
sliding scale for determining psychological demands put on therapist, incentive fee system for individual outpatient therapy, 56:4680
stochastic model of individual buyer behavior vs family diaries of gasoline consumption, pricing decision making under competitive behavior assumptions in market situation, 53:8431
suburban zoning, racial composition of metropolitan area, Brookhaven, New York, 55:9572
systems approach, objectives & financing of continuing health manpower education, 53:5406
testimony to US Senate, development of efficient & economical mental health delivery service under national health insurance, 57:13495
third-party payment of fees for Freud's psychoanalysis, 53:10219
time & money spent in referral & training & evaluation & services & facilities for vocational rehabilitation, rehabilitated vs nonrehabilitated mildly vs moderately vs severely mentally retarded clients, 56:4603
traditional individual vocational counseling vs Holland's Self Directed Search vs Individual Vocational Planning modes, costs of effectiveness, college students, 58:4436
training & treatment costs, community mental health centers, 53:10282
Training Effectiveness–Cost Effectiveness Prediction technique, selection of cost-effective instructional delivery systems for proposed training programs, 54:10695
trends in funding, basic & applied research in psychology, 58:8596
viewpoint of 3rd-party payor, partial hospitalization as cost-effective alternative to full hospitalization, 57:13432
vocational counseling treatments, cost analysis & satisfaction with treatment & variety of vocational information seeking, students at college counseling center, 56:1506
volume estimation & expenditure analysis of mental health services in public & private sector, implications for national health insurance proposals, 57:6462

Counselees [See Clients]

Counseling (Group) [See Group Counseling]

Counseling Psychology
acceptability of behavioristic vs phenomenological schools of counseling psychology in higher education, professors & educational practitioners & graduate students, Taiwan, 57:6570
authors' characteristics & life histories of manuscripts & attitudes toward editorial review of manuscripts, counselor authors, 56:2744
behavioral humanism, counselor training & performance, 53:9712
counseling psychology, accident prevention, 55:11189
development & relation to other helping professions, counseling psychology, 54:9767
developmental stages of counseling, USA, 53:3840
early divergence & movement to convergence, sociology & counseling psychology, late 1950s to 1960s, 56:15
institutional sources of articles, "Journal of Applied Rehabilitation Counseling", 1970–74, 56:1274
joint appointment in counseling centers & academic departments, 54:4255
microcounseling training program in specific counseling skills, transfer of skills to child care practices, child care workers in residential treatment center, 57:11117
philosophical analysis, identification of assumption-presupposition conflicts within & between theoretical positions & construction of consistent competing conceptual systems & determination of variability of experimentalism as alternate undergirding conceptual system for counseling psychology, 1962–72 literature, 55:12597
quality of experimental research methodology, counseling & counselor education, 1962–73, 57:11165
ratings of doctoral programs in counseling psychology, experimental psychology & general institutional halo bias in previous ratings of psychology programs, counseling psychologists, 54:11894
review of indexes & interrelations with measurement level & type of replication, counseling psychology research, 54:4454

Counseling [See Also Related Terms]
abilities & personality measures application, counseling, 54:12399
adult role socialization in organizational setting, stages in process of learning mental health counseling, paraprofessional mental health counselors, 58:10140
affect simulation & interpersonal process recall techniques, client growth, college students, 55:7548
age & demographic data & Outward Bound program, counseling for prerelease activities, black prison inmates, 53:3871
age bias in counseling of adults, 57:10771
agency procedures & locations & hours, attitudes toward outcomes of counseling service & counselor-client relationship & service delivery, clients, 54:10297
American Indian teachings, philosophical base for counseling & psychotherapy, 58:11550
applicability of crisis theory & intervention techniques in counseling clients who have undergone major illness or trauma, 54:10282
application of system-theoretic models, counseling & counselor education, 55:10591
assertive training & transactional analysis in leisure counseling, visually handicapped, 57:6492
attitudes concerning gerontology & older people, graduate rehabilitation counseling students & gerontology trainees, 55:5340
attitudes toward & types & functions of paraprofessionals in student counseling centers, college counseling center directors in 1970 & 1973, 54:6372
attitudes toward counseling & counseling process in teacher training course, teacher trainees, 54:8302
attitudes toward individuals with renal failure & heart disease & cancer & paraplegia, provision of counseling & care services to cancer patients, practicing counselors, 57:11160
attribution as mediator of bias, helping process in simulated referral agency, professional helpers & college students serving as counselors, 54:12373
audiotape vs videotape modeling vs precounseling instructions, facilitation of self disclosure responses in simulated counseling interview, college students, 55:10486
audiotape vs videotape observation of counseling sessions, perception of interview process & client affect & factual content, Os, 58:4070
avocational counseling of handicapped, book, 53:1809
behavior charting as adjunct to counseling, positive & negative statements about self & others, clients, 55:961
behavior modification techniques or special counseling, internal locus of control, 1st & 3rd graders & college students, 53:10199
behavior vs client-centered vs psychoanalytic counseling approaches, differences in potential-client preference & believed effectiveness, college students, 53:8053
behavioral contract between client & those who affect or are affected by client's behavior, roles & responsibilities of each & behavior change & consequences, 53:5983
behavioral vs generic counseling by intensively trained nonprofessional mental health workers, school attendance & classroom behavior & academic achievement & dropout rate, predelinquent high school students, 57:13985
behavioral vs noncontingent positive reinforcement counseling approaches, depression, rural low socioeconomic 21–56 yr old females, 56:2573
Belgian college professor's observations of American college guidance & counseling services, 55:3282
biblical & psychological perspective of J. Adams's theory of nouthetic counseling, 55:4975
black heritage & traditions & values, black counseling, 54:8170
brief communications skills program using facilitative responding & self disclosure training, interpersonal effectiveness, student volunteers in college residence halls, 55:5725
Carkhuff training program in federal correctional institution, inmate return to society, 54:10363
categories of fear, bases of psychological impotence & premature ejaculation, males seeking consultation to quit smoking, 54:5431
certification & accreditation in rehabilitation counseling, 54:1770
change & growth as goals of crisis counseling, 54:8163
change in organizational goals of adolescent counseling service to meet urgent needs, postive benefits to young adult population seeking help, 57:10986
changes in methods & design in counseling research, 57:9333
changing male role conceptions, psychotherapeutic techniques for counseling males in transition, 58:5824
church organizational development, community consultation laboratories, 55:5216
classic literature in guidance & counseling, 55:11085
client bill of rights & responsibilities in counseling relationship, 55:1148
client cognitive levels & behavioral counseling method, client responses in single counseling session, 14–43 yr olds, 58:12046
client-centered vs rational-emotive vs Gestalt approaches, development of behavior category instrument applicable to counseling interactions analysis, 54:8553
clinical examples & need for black professionals, counseling & therapeutic services, poor black families, 55:10484
cognitive-development theory, application to counseling women on issues relating to their role in society, 58:1768
cognitive-developmental approach, teaching counseling skills to promote positive psychological growth, high school students, 56:3079
college counseling service, role in social action & leadership function, 54:3995
community Alcoholism Counseling & Education Center, counseling & education & vocational rehabilitation, alcoholics, 54:8146
community counseling as alternative to school counselors, 54:6361
comprehensive community service delivery system using self help & peer counseling, independent living & consciousness raising, severely disabled & blind, 56:8491
comprehensive study assistance program, achievement of counseling center visibility & credibility, students, 58:6417
concept & process & effectiveness of genetic counseling, 58:5996
concept form & nondependence on general principles & notions of structure & organism properties & value structure, evaluation of counseling vs psychotherapy theories, 58:10774
concept of contingency & theistic alternative in terms of life-integrative potential, 20th century cultural climate as potential factor in disintegration of man, implications for counseling, 55:3448
concepts & principles of biorhythms, application to social casework & counseling & psychotherapy & psychiatry, 58:7797

microcounseling, counselor anxiety & client self disclosure, counselor trainees & student counselors, 57:6563
microcounseling model with vs without computer assisted instruction vs classroom instruction, ability to communicate & discriminate & identify verbal counseling skills, guidance students, 57:6680
microcounseling models, communication skills & client's perception of counselor effectiveness, college students as paraprofessionals, 58:10152
microcounseling, sensitivity & attentiveness to nonverbal cues, master's level practicum students in guidance & counseling, 57:8937
microcounseling training, counseling skills, recovered alcoholic vs nonalcoholic alcoholism counselors, 58:10106
microcounseling variations using videotape modeling & reinforcement feedback, training to respond to client cues in rehabilitation initial interview, female college students, 57:13530
microcounseling vs audio instruction followed by supervised field practice, confrontation & facilitative growth focus behaviors, guidance & counseling graduate students, 58:6111
microcounseling vs group training vs self instruction, reflection of feeling, lay counselor trainees, 58:1852
microcounseling vs human relations counselor training, empathy & communication, counseling trainee college students, 54:5411
microcounseling vs reflective listening training, counseling skills, counseling graduate students, 53:3181
microcounseling vs skills practice approach, basic counseling skills, theology students, 58:8128
micro-interviewing skills training, counselor-client relationship & increase in behavioral count of skills taught & potential client preference, prepracticum counselor trainees, 55:7841
model based on behavioral objectives developed via Delphi technique, group counseling instruction, graduate students, 57:4222
model for training counselors, giving constructive feedback to leaders of training workshops, 55:2873
model status & trainee dependency-independency in microcounseling training paradigm, employment of helping skill, high school student trainees, 57:6601
modeling & feedback & experiential supervision, communication of empathic understanding, beginning counseling students, 55:12910
modeling & performance feedback, teaching decision making counseling, counselor trainees, 55:5391
modified intermittent reinforcement program, maintenance of interpersonal communication skills from workshop to work environment, employment counselors, 53:9689
modified Interpersonal Process Recall technique, level & unconditionality of regard & empathic understanding & congruence, counseling graduate students, 53:3171
modular skill training, counseling effectiveness, students in counseling practicum, 58:12348
multidisciplinary model, undergraduate education in rehabilitation, 53:5426
multiple-impact supervision, counselor training, 53:1257
multivariate analysis of counselor selection criteria, prediction of self assessed counselee outcome & usefulness of perceived change as basis for measurement of counselor effectiveness, graduate students in counseling, 57:6627
need for emphasis on eventual work settings & processes of school & teaching, counselor education programs, 58:1838
need for teacher & counselor preparation to help grieving children, coping behavior of children with parental loss, 57:13560
needs & interests & abilities, effective vs ineffective counselor trainees, implications for trainee selection, 57:13539
needs assessment methods, school psychology program development & evaluation, 53:1264
nonverbal behaviors, counseling & psychotherapy relationships, implications for counseling education, 56:4398
nonverbal communication training model in counseling practicum, functioning skills, counselor trainees, 57:4214
objectives & courses & methodologies & evaluation directions, integrative competency-based counselor education model, 57:11100
objectives & curriculum & methodology, experientially based course on consultation in schools & communities, college counseling students, 57:1846
objectives & training procedures, IQ test administration competency standards & graduate education students, 53:1238
open process vs direct process triadic supervision group model, development of counseling & self supervision skills & attitudes toward supervision during practicum, counselor trainees, 57:6594
organic development approach, personal qualities necessary for effective counseling, graduate students in counseling & school psychology, 58:12299
orientation & feedback pretraining, learning of basic helping skill, college students, 55:10579
paid vs role-played clients, empathy & warmth & genuineness, prepracticum student counselors, 55:7820
paraprofessional counseling training program, 53:5408
participation in workshop, evaluation of C. Rogers & F. Perls & A. Ellis's relationship skills, employment counselors & counselor supervisors, 55:1240
peer counseling for students in Black counselor education, 58:6097
peer group counseling training program, empathy & warmth & genuineness in counseling, male & female junior high school students in inner city black ghetto, 55:1233
peer modeling procedures, prepracticum anxiety & tolerance of ambiguity & self & ideal self counselor concept & subsequent initial counseling interviews, prepracticum counseling students, 57:4244
peer-staffed vs supervisor-staffed microtraining, acquisition of counseling skills & precounseling anxiety, graduate counseling students, 57:11105
perceived supervisory nonverbal behavior & strategies & goal attainment & satisfaction with behavior in counselor-trainee supervision, counselor educators, 58:10177
perception of legal implications of guidance services, counselors, implications for counselor education, 53:9695
perceptions of real & ideal role of secondary school counselors, school counselors vs administrators vs counselor educators vs professors of educational administration, 58:10223
perceptions of role & function of secondary school counselor, counselor educators & counselors & principals & counselor trainees, 55:2959
performance curriculum in human relations, improved interpersonal skills, beginning educational counselor trainees, 57:11097
performance objectives based instructional model in counseling practicum, facilitative communication, counselor trainees, 55:2846
persistence of communications skills during interviewing & in written data, college students in special vs regular personality course vs 1st-yr graduate students in fundamentals of counseling course, 6–9 mo followup studies, 56:10499
personal & practical & academic elements, counselor training program, 53:3219

personal assessment feedback counseling, self ideal congruency & self & other acceptance & openness of belief systems & expectancies for internal control of reinforcement, beginning counseling students, 55:7802
personal characteristics, performance in state rehabilitation agency, vocational rehabilitation counselors, 55:7826
personal variables, vocational need profiles, school & college counselors, 55:5417
phenomenological investigation, development of professional role identification & conceptualization of development using Jungian analytical psychology constructs, counselor education students, 57:6616
philosophy & issues & problems, supervision of marriage counselor candidate seeking admission to National Alliance for Family Life, 57:13514
playing role of client vs counselor & videotaped focused feedback, verbal & nonverbal communication of empathy & genuineness & warmth, counselor trainees, 58:4101
playing rules of Candidacy Game, didactic learning experience requiring knowledge of counseling in educational environment, counselor trainees, 56:8589
positive self referent training, self esteem & attitudinal & counseling relevant variables, entering Master's degree students in counseling & guidance, 58:10170
power & human relations intervention strategies, introduction of teacher & counselor accurate empathy training for behavioral contracting with students, secondary school teachers & counselors, 57:6699
practicum supervisor levels of empathy & respect & genuineness, self exploration, graduate counseling students, 55:1222
practicum–laboratory training program, empathy level, employment service counselors, 53:3199
preferences of course work & psychology course offerings of counseling graduate programs, graduate students & faculty, 54:7699
preparation of counselors & counselor education, involvement in gerontology, 55:2818
present status of school counseling & counselor training, Great Britain, 58:8117

racial issues in client & counselor analysis & counseling process, implications for counselor education, 56:6580
radio communication, operant conditioning of verbal responses, counselors in practicum classes, 56:2758
ratings of doctoral programs in counseling psychology, experimental psychology & general institutional halo bias in previous ratings of psychology programs, counseling psychologists, 54:11894
ratings of empathy & verbal content categories & trainee counseling competence, trainees vs supervisors vs trained judges, 55:10617
ratings of feelings during actual dyadic interaction, recalled affect during televised self confrontation, college students, implications for counselor training & treatment settings, 58:5791
re-evaluation counseling training, personal feelings & interpersonal skills, staff personnel of state hospital penal wards, 56:8596
rehabilitation counselor education programs, development of instrument evaluating trainee professional effectiveness, off-campus clinical supervisors, applicability to program accreditation, 57:11168
rehabilitation counselor roles & functions, British career officers, implications for training & job tasks of counselors & comparison with J. D. Muthard & P. R. Solomone's study of US rehabilitation counselors, 57:13460
rehabilitation counselor training program, prediction of vocational selection, MA degree graduates, 55:5385
relationship & differences between career guidance & education, implications for counselor education, 54:10647
relationship of competency-based counselor education vs revised standards of Association for Counselor Education & Supervision, 54:3187
relationships between supervisor behaviors & empathy & trainee counseling behaviors, competencies at beginning & end of term, graduate-level practicum trainees & their supervisors, 56:8608
research & new developments & program evaluation, rehabilitation & counselor education, 55:5330
role & function of student representation, academic decision-making in counselor education, 53:3207
role in counseling interviews, ratings of causal attributions for counselor & client behaviors, counseling practicum students, 58:12327
role of supervisor & training procedure & rating systems, counseling practicum supervision, review of 1970–74 research, 58:1865
school counselor education & practicum training, 53:1269
selection & staffing & treatment issues, university counseling centers as counselor training sites, 53:1272
self actualization & counseling skills before vs after counseling practicum training program, counselor trainees, 58:1845
self actualization & personality type, doctoral majors in educational administration vs helping areas of counseling & guidance & educational psychology & special education, 57:13611
self concept scores & therapeutic functioning ratings, perceptions of group experience, beginning counseling students, 55:12931
self modeling techniques & practice only, acquisition of appropriate counseling behaviors, counselor trainees, 58:10179
self perceived & measured needs levels, counselor education graduate students, 57:11145
self vs guided instruction approach to Structured Learning Training, confrontation skills, counselor trainees varying in conceptual development, 58:10160
self-theory application in counselor education, 53:1307
sensitivity experiences vs didactic learning, in-service counselor training in interpersonal process, male & female secondary school counselors, 53:11815
sex & age & teaching experience & level of counselor training & counselor attitude & dogmatism, ability to rate client nonverbal communication, counselor trainees, 55:12878
sex & educational background & experiential variables, attitudes toward measurement & measurement competencies, counselors at elementary & secondary school levels, implications for inservice training programs, 58:10235
sex & major field of graduate study, nonverbal acuity, students in counselor education vs business management programs, implications for counselor preparation programs, 56:6623
sex & marital status of counselor education practicum supervisor candidates, preferences, male vs female counselor educators & graduate students in counselor education, 55:7837
sex bias in counseling textbooks & vocational handbooks & college catalogues, 58:10133
sex counseling training, empathy & anxiety & sex knowledge, counselor trainees, 57:4229
sex education, attitudes about sexual myths & autoeroticism & heterosexual relations & abortions, counselor trainees, 58:8134
sexual attitudes of counselor, sexuality counseling competence, implications for counselor training, 53:3211
sexual awareness training program, dealing with own sexual attitudes & feelings, counselors, 58:10142
short term assertiveness training, facilitative characteristics & effectiveness, counseling students, 58:4122
short term counselor training, helper responses & discriminative skills, Upward Bound underachieving college students & graduate students majoring in guidance & counseling, 57:6634
short term feminist training, sex role bias & stereotyping in counseling women, male vs female counselor trainees, 58:10101
shortened version of Influencing Human Interaction course, teaching of psychotherapeutic counseling skills, counselor trainees, 57:4216
similarities & differences, counseling & psychotherapy, implications for counselor & therapist training, 53:1294
simulated racial encounters, counselor-training for working with blacks, 53:5383
simulation materials in training, awareness in supervision issues, counseling supervisors, 58:12306
simulation methods, counselor verbal skill training, counselor trainees, 54:3241
social & educational & professional backgrounds & doctoral program aspects & professional activities since receiving doctorates, counselor education doctoral graduates, followup from 1959–72, 58:8146
sociological perspectives & social knowledge in school counseling courses, client-centeredness, school counselors, 55:7804
specialization area & time of testing, vocational interests & personality test scores, elementary vs middle vs secondary school counselor trainees, 58:10224
specialized information service, diffusion of information & organizing training meetings for counseling personnel & psychologists in secondary schools, 54:10633
specific systematic self disclosure training program, self disclosure tendencies & global orientation, graduate counselor trainees, 58:6081
speech problems & physical disabilities training materials, vocational rehabilitation counselors & paraprofessionals, 53:11809
stage of ego development & training program, ability in discrimination & communication of empathetic understanding, counselor education graduate students, 55:2890
standardized admissions variables, interpersonal skills, counseling students, 53:3200
statistical power analysis, counselor education research, 53:9684
status of vocational evaluation in rehabilitation counselor education curricula, survey of universities & colleges, 56:1268
stimulated recall & role-playing procedures, counseling skills, 53:1244
Strong Vocational Interest Blank for Men, sex differences in occupational interests, counselor education students, 53:4107
structural model, identification of counselor skills & knowledge, implications for counselor education, 58:1887
structure & application of communication theories & models of counseling, formulation of short term training program in communication/counseling skills, counseling practicum students, 57:4212
structured client feedback as practicum training device, counseling precepts & interview relation techniques, master's level students, 55:1210
structured training, locus of control & discrimination of counseling conditions, senior nursing staff lay counselors, 53:3210
structured vs nonstructured small group experience, self concept & interpersonal orientation & perceptions of group experience & attitudes toward trainers, graduate students in counselor education, 55:12891
student-centered teaching in counseling theory class, self esteem, counselor education trainees, 57:11277
students' idea of "real therapy" & improvement of the "real therapy" client, communication of relevance of methods & goals of rehabilitation counseling, rehabilitation counseling education students, 58:12342
supervised counseling experience, changes in dominance & self acceptance & authoritarianism, graduate students, 58:1890
supervised practicum experience, counselor personality, graduate psychology students, 55:10599
supervised vs nonsupervised microcounseling training conditions, learning basic clinical interviewing skills, 19–33 yr old paraprofessional counselors, 53:7455
supervising process, consideration of issues & problems during group practicum, beginning group counselors, 57:11170
supervision of family therapy & training in group setting, learning experiences, counselor trainees, 54:5392
supervision process & emphasis on effective interaction, counselor education, 53:1290
supervisor's empathy & regard & genuineness & concreteness, trainees' development of these dimensions, counselor trainees, 55:7833
supervisor's feedback & counselor training & experience & sex, anxiety level, counselors in drug abuse counseling agencies, 57:4211
supervisor-supervisee personality traits, perceptions of supervisory relationship, supervisors & student counselors, 57:4193
supervisory role expectations, dimensions of supervisor-student & student-client facilitative communication, practicum students in counselor education, 57:6575
supervisory styles using didactic approach with positive vs negative focus vs experiential approach, counseling skills & techniques, counselor trainees, 58:6115
symbolic modeling vs systematic group desensitization, counselor response to client hostility, beginning counseling students, 58:12328
symbolic role modeling, cognitive learning of counseling techniques, graduate counseling students, 53:11785
systematic desensitization vs awareness treatment, anxiety reduction, counseling graduate students, 53:11779
systematic desensitization vs insight-affect treatment, reduction of counselor anxiety, graduate students in counseling, 55:1211
systematic group counselor training employing mastery of training objectives, evaluation of course objectives & content, graduate students, 58:1877
systematic human relations training, ability to discriminate & communicate facilitative responses & demonstrate gross interpersonal facilitative functioning, newly employed practicing rehabilitation counselors, 58:10149
systematic inservice training, counselor-client verbal behavior & client self exploration & goal attainment & interpersonal communication level during initial counseling phase, counselor interns & college student clients, 57:6576
systematic method of successive questionnaires, ratings of cognitive & experiential objectives of training for group counselors, experts in group counseling, 54:9776
systematic model for prepracticum counselor training, learning counseling skills, counselor trainees, 55:2826
systematic training course with integration of personal-encounter tasks, communication of empathy & congruence & self actualization & personality change, pre-practicum counseling students, 58:1885
systematic training, facilitative conditions of empathy & warmth & genuineness, graduate students in counseling, 56:8567
systematic training &/or modeling, communication of empathy, university student residence hall advisors, 57:3892
systematic training procedure with Rokeach Dogmatism Scale & How I Feel sentence completion test, counseling effectiveness, counselor trainees, 55:7810
systems approach, training in counseling psychology, graduate students, 58:12311
systems techniques & modules & behavioral objectives, counselor education model, 55:2889
systems techniques, efficiency & effectiveness of counselor education, 54:9748
T group training, frequency of probing & advising & accepting responses to request for help, college students, 54:1241
teaching experience, counselor effectiveness as rated by principals & students & university practicum supervisors, implications for counselor certification, 55:5429
techniques & dynamics in training process, ex-addict paraprofessional counselors, 56:6586
techniques & procedures to eliminate students having cognitive but not affective abilities to be successful counselors, survey of graduate schools, 57:11565
theoretical & empirical evidence, Interpersonal Process Recall technique use in groups, counseling students, 53:3194
theoretical & professional & ethical issues, counselor education, 53:1235
time management training, use of time & task orientation & internal-external orientation, public school counselors, 55:7956
time-limited vs non-time-limited mode of counseling, therapy goals achieved & personality trait changes, counselor education students fulfilling personal counseling requirement, 58:8140
tolerance for ambiguity & anxiety, structuring of counseling relationship, counselor trainees, 57:4200
traditional vs nontraditional selection indices, prediction of human relations graduate-level training course outcome, graduate counseling students, 53:9660
trainee selection factors, occupational outcomes, graduates from master's-level rehabilitation counselor training programs, 54:1218
trainee situational anxiety, appropriate supervision style on learning empathy, graduate students in helping profession, 55:5375
trainee-supervision value system similarity & level of communication effectiveness & satisfaction with relationship, counselor trainees & practicum supervisors, 57:11144
training & Yoruba philosophy & use of Ifa system, counseling approaches with Rogerian techniques, community counselors vs divinators, Nigeria, 55:7518
training at employability development institute, interpersonal response patterns, employees involved in delivery of human resources development services, 53:2047
training experience level, counseling orientations & Machiavellianism & locus of control, counselor trainees, 55:1218
training in dimensions of empathy & respect & concreteness & genuineness, counselor effectiveness, prospective counselors, 55:5380
training in model of T. N. Rusk & focal therapy, response patterns in crisis intervention, clinical psychology graduate students, 56:1241
training in observation of nonverbal behavior, development of empathy in counseling relationship, graduate students, 56:4642
training of registered nurses as bereavement counselors in occupational health service, crisis intervention effectiveness, employees experiencing recent family death, 58:1763
training procedure & effectiveness of rational analytic vs reconstructive counseling style, client verbal behavior, 55:7516
training program, academic & vocational & social counseling in academic advising, faculty advisors, 54:4020
training program, attitudes toward drug abuse & effectiveness of psychotherapy for drug users, counselors at youth detention center, 55:7840
training program, changes in job related functioning, alcoholism counselor trainees, 55:5388
training program for teaching counseling skills, personality changes & health, senior psychology students, 53:1291
training sponsored by Educational Professional Development Assistance vs other preparation, supervisor evaluations & self ratings of competency & attitudes & activities, Chicano school counselors, 58:6107
training standards & internship & counselor–trainee relationship & staffing & program evaluation, university counseling centers, 53:1259
training technique with trainer assuming role of hot line caller, apprehension about audiotaping & role playing, counselor trainees in group training, 57:11114
trait theory, evaluation of readiness & progress in practicum experience, 53:1299
triadic method of supervision, training students in counseling & supervision & mutual peer supervision in employment settings, 56:8602
tutoring/counseling training, counseling & tutoring skill development & goal realization & awareness of sources & techniques of referral, tutors in higher education, 58:8224
type of educational program participation, perceived empathy & positive regard & congruence & self exploration & effectiveness of counselor in videotaped interviews, graduate students vs counselors vs counselor educators, 58:1914
utility of research proposal framework as instructional tool for teaching research skills in counselor training programs, 58:1847
value & attitude changes, 10th–12th graders & candidates for masters degree in counseling, 56:8744
value analysis method based on policy sciences approach of H. D. Lasswell, appraisal of doctoral training programs in counselor education, 58:12331
value clarification training & authoritarianism & attitudes toward self & others & manipulative behavior, counselor interview behaviors, counselor education practicum students, 57:6584
various methods of practicum experience, behavior & skill, counselor trainees, 55:2843

video playback techniques, reactions about own behavior in supervision, counselor supervisors, 58:4063
videotape feedback, counselor education, 53:1275
videotape feedback, differential effects on self concept, counselor trainees, 55:7863
videotape microtraining, communication of empathetic understanding & response to client feelings, counselor trainees, 55:2883
videotape playback, counseling practicum including group counseling, counselor trainees, 55:5359
videotape replay, counselor training & client growth in counseling & therapy & improvement of group functioning, 54:7710
videotaped simulation materials, affective awareness of role in member-leader relationship, group leader trainees, 58:12338
voluntary packaged instructional approach, inservice training, rehabilitation counselors, 53:9674
wireless transmitter providing immediate feedback from supervisor during counseling sessions, improvement in empathy & concreteness & confrontation & immediacy, counselor trainees, 57:13503
workshop model, training as behavioral consultants to teachers using classroom behavior modification techniques, counselors, 53:9704

Counselor Effectiveness [See Counselor Characteristics]

Counselor Personality [See Counselor Characteristics]

Counselor Role
academic advisement model, integration into counselor training & overall student services, 54:6376
assessment & therapy & research & policy planning functions, community psychologist, 53:3801
assessment of behavioral scientist's role with dying patient & family, 55:7566
assumption of responsibility for own behavior in group counseling sessions, counselors, 54:6019
attitudes toward counselors & discrepancy between cognitions of ideal vs real counselor, 9th graders & teaching faculty, 55:13587
attitudes toward role & function & responsibilities of school psychologists & training satisfaction, practicing school psychologists vs college graduates in psychology, 54:1192
attitudes toward role of secondary school counselor on specialist to generalist continuum, secondary school administrators & counselors & counselor supervisors & educators & professors of educational administration, 57:11274
behavioral contract between client & those who affect or are affected by client's behavior, roles & responsibilities of each & behavior change & consequences, 53:5983
broadening of school counselors' work to include marriage & family problems, need for additional therapeutic skills & liaison with family life practitioners, 56:4658
career education, role of school psychologist, 55:1603
career management model, involvement in career development program, counselors, 55:3253
change- & team- & outcome-orientation of counselors, acceptance & success of counseling in educational settings, 54:6373
changes in counseling role of college & university counseling centers, school counselors, 55:5706
changes in society, reevaluation of roles & maintenance of Christian commitment & reexamination of past value concepts, pastoral counselors, 58:8016
client exploitation & conflict with society, counselor role expectations, 53:3206
client sex & ethnic group, evaluations of clients, secondary school counselors, 53:6004
clinical vs environmental counselor role models, openness to environmental change & skills in social change in school counseling, school counselors, 57:4453
cognitive & psychomotor ability & affect, counselor-consultant role in developing program for mentally retarded, 55:8300

confidentiality & transference & countertransference & therapy techniques, individual & conjoint family therapy conducted by same therapist, 53:12085
construction & reconstruction & transference & countertransference & drives & language & analytic space & rules of psychoanalytic technique, case reports, 56:4432
countertransference & role responsiveness, illustrations from psychoanalysis cases, 57:10759
countertransference, "archaic ego-illness" developed in early childhood, female borderline patient, 54:8002
countertransference as obstacle & instrument of psychoanalysis, 55:2569
countertransference, family therapy, adolescents, 54:1700
countertransference in psychoanalytic therapy, case report, 53:1603
countertransference in psychotherapy, borderline patient, 53:3571
countertransference problems, black female paranoid schizophrenic & her white therapist, 56:4434
countertransference, psychoanalyst's shared experience & inquiry with patient, 57:10780
countertransference reaction management in analytic group psychotherapy, 54:1544
countertransference with hostile dependent patient, 54:10097
death of group member, resistance & denial & regression & avoidance of responsibility & transferential reactions & countertransference, therapy group, 58:5831
development of positive countertransference feelings for adult psychiatric inpatient, therapist, 54:10135
dream, relationship to self archetype, example of transference–countertransference situation, 54:12215
dynamics of transference & countertransference, cotherapeutic group using 2 different sexed therapists, 57:6283
feminism & women's liberation movement, changes in nature of referral & content brought into analysis & types of transference & countertransference problems & attitudes toward work & patient perception, female analysts, 57:11178
forms of pathological grief & general principles for management, illustrative case history, 56:2474
group dynamics & structure & therapist countertransference & identification of star & opposition subgroups, 4-yr observation of open therapy group, 20–40 yr old patients, 53:10177
individual-subjective & objective-social patterns in transference & countertransference, psychic & ego-interpersonal experience between patient & psychoanalyst, 53:7883
interracial aspects & social changes in practice of psychotherapy, American Psychological Association 1972 symposium, 55:7843
knowledge of maturational crises effects & role of countertransference feelings, social worker's 1st pregnancy & implications for casework relationship, 54:6092
Laius complex, formation of analyst's countertransference, 58:1581
management of violent patients & countertransference problems & ward problems & organic factors & medication & prediction of violence, violence clinic in general hospital, 57:1532
mythological aspect of transference & countertransference, criticism of Le Guin's paper, 58:1546
orthodox & ego psychology & Melanie Klein's & Argentine psychoanalytic school approaches, transference & countertransference, 53:3628
patients' negative transference & therapist's countertransference, destructiveness of sexual acting out in psychotherapy group, 56:6384
positive & negative transference & positive countertransference, patient-therapist relationship in psychoanalysis, 53:5833
problems in feelings of countertransference about adolescent patients, psychotherapists, 57:10754
psychoanalytic approach, countertransference reaction during treatment of schizophrenic patients, observations of psychiatric nurses, 54:3583
psychoanalytic aspects & transference & countertransference, drug addiction & narcissistic omnipotence & skin disorders & corporal outline problems, 53:10057
psychoanalytic impasse as aspect of analytic sequence & type of countertransference reactions, 56:4391
psychoanalytic therapy by white therapist, black female paranoid schizophrenic, discussion of G. W. Wohlbeg's account, 56:4378
psychotherapy utilizing maternal countertransference, verbal communication establishment, preschool age autistic mute girl, case report, 53:1619
racial differences, interracial psychoanalysis & countertransference, criticism of E. L. Goldberg's paper, 58:1578
racial differences, transference & countertransference & interracial analysis, Black female psychoanalysis patients, 58:1564
reaction to case materials of male vs female outpatient, sex-related countertransference & bias in psychotherapy, male & female group therapists, 56:6357
repertory grid techniques, countertransference assessment, 53:7862

repressed testicular conflicts, repression of cryptorchism & subsequent countertransference reaction, 26 yr old with impotence & pervasive inhibition of productivity, 56:4425
sex role prescriptions for dealing with sexual impulses, treatment decision about opposite-sex persons, male & female psychotherapists, 56:973
therapeutic misalliances, clinical vignettes & role of countertransference, 56:4405
therapeutic use of countertransference, enuresis & poor impulse control & temper tantrums, 6 yr old female, 57:1567
therapist countertransference in psychoanalysis, 54:8130
transference & countertransference in psychoanalytic process vs patient's neurotic personality structure, speech behavior, therapists & patients, 56:4393
transference & countertransference in psychodrama, 58:9900
transference & countertransference, treatment of Ss with borderline personality organization, 3 case reports, 57:6253

Countries
application of D. McClelland's model of economic national development, correlation between need achievement & electrical energy production & national income growth of 10 countries, 1929–60 vs 1950–71, 56:2176
biodemographics, feminists from US & abroad, 55:9554
changes in divorce laws & contradictory divorce reform policies, Western democratic countries, 55:4408
clinical & epidemiological aspects, conversion type of hysterical neurosis, New York & Iceland, 1960–69, 57:1387
country's mean annual gross national product per capita & size of coins used, 84 countries, test of value-size hypothesis, 58:935
cross cultural differences, deviance & crime perception, urban & rural samples of 5 countries, 55:12062
cultural & linguistic differences, values & attitudes toward early learning of literacy skills, 14 countries, 54:11559
demographic correlates of scientific productivity, United States & other countries, 55:1713
development & organization of mental health services in developing countries, World Health Expert Committee on Mental Health, 55:1136
diagnosis & classification & statistics & epidemiology of schizophrenia, World Health Organization study of 9 cities, 57:1390
early preferences for other nations, subsequent acquisition of knowledge about nations, junior high school students, England, 53:7259
educational & health & mental health & family welfare & economic & community organization services, overview of countries, book, 56:6478
educational expenditures & teacher-student ratio, industrialized capitalist & socialist countries, 54:6176
epidemiology & socioeconomic & educational level & family background & relations, incidence of mental disorders, 5–15 yr olds in Reykjavik, Iceland, 54:1262
manifestations of sexuality through art forms, Samoa, 54:5144
mental health models & mental illness problems in developing countries, 57:12852
method of & process for priority selection, expansion of mental health services in developing countries, 56:10417
method using demographic & epidemiological data, measurement of national differences in extraversion & neuroticism, 55:6871
modernizing experiences & overall psychological modernity, acceptance of birth control, 18–32 yr old male workers in developing countries, 54:7401
nationality, espoused values, 24–45 yr old middle-level managers from 40 nationalities, 57:2087
patterns of alcohol use & induction of altered states of consciousness, Admiralty Island natives of Melanesia, 54:9451
postwar homicide rates in warring societies, 1900–70, implications for legitimation of violence model, 58:3165
precollege psychology, foreign countries, 54:10546
problems of scoring divergent thinking tests across cultures, Use of Objects Test, precollege students in Malawi vs college students in New Guinea, 54:12638
programs & problems of school psychology, US vs other nations, review of UNESCO conferences in 1948 & 1955, 54:8245
provisions in civil law guaranteeing rights of children in disturbed family situation, US & 20 other countries, 58:11595
psychiatric problems & public health & psychiatry, literature review, Caribbean area, 58:11778
psychoses & neuroses & schizophrenia & severe mental retardation in culture with strong traditions, 10–85 yr olds, Sumatran island, 53:7605
salience of national consciousness, 14–17 yr olds of international civil servants, 55:815
semantic differential rating technique, stereotypes associated with work powers, British college students, 53:7322
sex role specialization of tasks, social structure of family, subsistence variables in 862 societies, 54:9457
social distance, Fijian vs rural Indian women, Fiji, 53:2926
social security system, retirement rate, aged in 9 countries, 54:6435
socioeconomic & demographic & educational variables, frequency of mental disorders, Icelandic 5–15 yr olds, 54:11939
strategies for assessing educational impact, reduction of income disparities through expansion of earning opportunities, developing nations, 55:4350
suicide incidence during 1971–72, Fiji, 55:7361
vocational interests & opportunities & work expectancy, Melanesian high school students in Fiji vs in New Hebrides, 53:8447

County Agricultural Agents [See Agricultural Extension Workers]

Courage
development of Likert-type attitude scale, measurement of attitudes toward social & existential courage, college students, 57:2231

Courts [See Adjudication]

Courtship (Animal) [See Animal Courtship Behavior]

Courtship (Human) [See Human Courtship]

Courtship Displays (Animal) [See Animal Courtship Displays]

Cousins
genetic analysis, analytical spatial ability on Raven's Progressive Matrices, family members, 53:504

Cows [See Cattle]

Crabs
aggressive behavior & dominance, large crabs in small shells vs small crabs in large shells, 56:5444
agonistic behavior & displays, 2 sympatric species of xanthid crabs, 58:8956
agonistic interactions, response patterns, conspecific crabs, implications of exploratory & social bonding functions, 57:9666
character analysis, temporal structure of fighting behavior, hermit crabs, 53:6967
day vs night & constant illumination, activity patterns, hermit crabs, 53:654
destruction of Barth's myochordotonal organ, use as acoustic sensor, ghost crabs, implications for intraspecific communication, 53:8987
dominance hierarchy in acquisition of new shells from gastropods, hermit crabs, 53:9202
evolutionary aspects, communication during courtship, 4 species of anomuran crabs, 57:12215
external salinity, behavior & dactyl chemoreceptors, rock crabs, 55:6360
foraging ability & food place relocation & agonistic behavior, ghost crabs, 58:8953
Fourier analysis amplitude & phase & distance relationships in dynamics of excitation & inhibition in eye, Limulus, 53:6730
home range size & daily movements, male vs female spider crabs, 54:9263
light intensity discrimination, female fiddler crabs, 54:2656
method of constant stimuli, measurement of dark adaptation in ventral eye, Limulus, 53:11362
multilevel polythetic research strategy, habituation characteristics & mechanisms in abdominal ganglia, crabs, 58:546
presence of burrow & others of same species, nocturnal rhythm of emergence, crabs, 53:9215
psychophysical spectral sensitivity function mediated by ventral eye using unconditioned tail movement as response, Limulus, 56:9284
retinal excitation & inhibition, Limulus, book, 53:6729
sex pheromones release from female & male conspecific searching activity, crabs, 53:9220
social behavior, tropical fiddler crab, 55:9084
speed & orientation & posture & size of approaching male models, agonistic behavior, male & female blue crabs, 54:4946
threat of predation, tonic immobility, blue crabs, 54:705

Crafts
commercial vs modified embroidery craft program, self concept & relationship to activity satisfaction, elderly women with visual limitations, 58:762

Cramps (Muscle) [See Muscular Disorders]

Cranial Nerves [See Also Abducens Nerve, Facial Nerve, Olfactory Nerve, Optic Nerve, Trigeminal Nerve, Vagus Nerve]
anatomy & physiology of vestibular & auditory components of 8th nerve, 54:2386
chronic marihuana intoxication, paresis of 4th cranial nerve, 17–28 yr old medium-heavy marihuana users complaining of headaches, 56:2446
electrical brain stimulation, repetitive vocalizations & evoked activity in tracheal muscles, chickens, 54:570
glossopharyngeal nerve transection & resultant taste bud denervation vs decentralization of receptor organs, electrophysiological changes in taste receptors, cats, 58:2951
impaired cranial nerve function, aged females with senile dementia, 3-yr longitudinal study, 53:12031
local anesthetization induced bilateral hypoglossal nerve block, speech, implications for speech pathology research, 53:2613
mechanical & thermal & taste stimulaton to tongue surface, evoked hypoglossal efferent nerve activity, male rats, 55:2024
Schwann cells over cranial nerves, mice with muscular dystrophy, 54:6882

Cranial Spinal Cord
"prophylactic" cranial or craniospinal irradiation, neuropsychological functions, 2–16 yr olds with acute lymphocytic leukemia, 54:10319

Craving [See Appetite]

Crayfish
cerebroid ganglion lesions, electroretinographic circadian rhythm & light adaptation reaction, crayfish, 57:5276
comparison of repetitive-firing behaviors of 2 types of sensory neurons with 2 mathematical models, crayfish & cats, 53:11006
pentobarbital & chloralose & chloroform & ethanol & urethane, synapse inhibition & excitation & membrane properties of crustacean neuromuscular junction preparations & molluscan neurons, lobsters & crayfish & snails, 55:2064
preference for chemical stimuli of brooding female, crayfish larvae, 56:5443
presence of male vs female sex pheromones, behavior, crayfish, 56:1879
production of chemical attractive to larvae & maintenance of maternal behavior, crayfish, 58:2789
size & experience & type of display, agonistic behavior, crayfish, 54:4950
strong electrical stimuli, neural responses from nervous fibers paradoxical effects, crayfish, 57:5271

Creative Writing [See Literature]

Creativity
A-B Therapist scale, creativity & personal involvement & femininity & verbal orientation, college males, 54:1167
academic achievement & experience in training program emphasizing thinking flexibility, school performance & creative thinking gains, 15–18 yr old industrial school students, 57:9031
academic over- vs underachievement & situational stress, problem solving flexibility, male 10th graders, 54:3151
achievement drive & creativity, success in small business, men, 54:5324
activation levels, creativity & exploration of visual patterns, students, 57:9570
adjectives descriptive of adult creativity, rating of preadolescent boys judged creative by teachers, male elementary school students, 55:11050
age & academic achievement, development of formal operations & creativity, 6th vs 10th graders, 58:3119
age & creativity & risk taking, self actualization, high school students & adults, 56:7726
age & film vs verbal material, originality & dispersion in recall of information, school age children, 53:10926
age & oral & visual word presentation, verbal originality scores from Onomatopoeia & Images test, 11–12 & 16–19 yr olds, 55:4312
aging, artistic creativity, male Brahmin folk painters, India, 55:9372
analysis of language arts textbooks for 4th & 5th & 6th grades, emphasis on creative thinking, 55:1388
analytic conceptualizations of creativity, 54:11796
aptitudes & cognitive styles & personality characteristics, facilitation & differentiation of creativity, college students majoring in art vs mathematics vs music vs writing, 56:731
art therapy, blocking of creative process, use as treatment modality or diagnostic tool, 54:12194
aspects of creativity measurement, children, 58:5449
aspects of divergent intelligence & visual stimulus complexity preferences as cognitive style & auditory acuity, prediction of artistically gifted individuals, visual & musical artists, 57:12828
assessment of creativity in gifted black children, 54:12596
asssignment to description vs poem vs tale writing form, development & use of figurative language, 4th vs 5th vs 6th graders, 57:11453
attendance at graded vs nongraded school, development of creativity & self concept, 1st–3rd graders, 55:13127
attendance at religious vs public school & full- vs part-time vs no religious training & creative thinking ability, moral judgment, Jewish 12th graders, 55:13436
attitudes & motivation & sensation seeking & belief in ESP, creativity in class projects & measured creativity, college students in creativity class, 57:11417
attitudes & practices, fostering creativity & problem solving in economically disadvantaged & minority children, elementary school teachers, replication of C. H. Ammons & R. B. Ammons's study, 56:4710
attitudes toward death & strength of motivation & time perspective & self fulfillment, creative artists, 56:4103
auditory imagery training, original verbal imagery & use of visual & auditory & organic modalities, male vs female college students, 58:295
autonomous ego functions & consciousness, creativity, 54:3112
autonomous imagery, creative self perception, college students, 54:9702
autonomy of imagery, production of original verbal images, male vs female college students, 57:5897
background & demographic characteristics & perception of semantic differential concepts reflecting receptivity to change, innovative vs traditional elementary school teachers, 56:10586
Bereiter-Englemann Program, divergent thinking & development of creativity, aboriginal & white children having attended preschool vs no preschool experience, Australia, 54:12560
birth order & structure of home, university faculty inventors vs noninventors, 55:12286
birth order, creativity, first- vs later-born male sibling pair, 57:3372
birth order, personality & innovativeness, males vs females, 57:1228
birthplace & sex & ethnic background, group test of creativity & achievement test scores, Spanish surname vs non-Spanish surname 6th graders, 55:5572
bisociation as discovering previously neglected similarities, creative process, 58:5377
brainstorming vs confluent or humanistic vs traditional teaching methods, creative personality traits, college students, 55:13220
breast fantasy in D. Barthelme & J. Swift & P. Roth, creativity & psychoanalysis, 58:743
challenges to creativity & work & rehabiljtation concepts of psychologically based psychiatry, 58:7810
characteristics of volunteers for innovative course, college students, 55:10923
classroom Productive Thinking Program, reading & arithmetic achievement & creative thinking, 5th & 6th graders, 58:4231
cognitive ability & creativity, relationship between school attitudes & academic achievement, high school students, 57:11436
cognitive aspects of creativity & aging, implications for fostering creativity through continuing education programs, 57:889
cognitive complexity & creativity relationship, art & playwriting students, 55:12344
cognitive framework application, rigidity & creativity & anxiety & adjustment, college students, 55:4624
cognitive mediation, originality & creativity & letter-frequency hierarchy, college students, 55:173
cognitive style, creativity, field dependent vs independent college students, 58:7594
cognitive style, figurative language production, 57:8305
cognitive tempo & creativity, 4–5.5 yr olds, 57:5594
communication skills & group-based leadership & businesslike efficiency & innovation & expectation of performance, leadership style, school directors of outstanding & average schools, 53:11755
component parts & developmental aspects & structuring of knowledge & levels of consciousness, learning & creative process, comparison of psychological theories, 55:6771
concept of originality, Rorschach O responses, 56:9907
conceptions of pupil dependence/independence, willingness to verbally adopt certain innovations, elementary teachers, 55:12980
concrete vs abstract task & time, verbalizations during problem solving, creative vs noncreative college students, 54:10576
"Connecticut Mark I Creativity Program", creative thinking, 6th graders, 55:3008
construct validity, imaginative behavior & maternal imaginative play involvement & sensitivity & responsiveness, preschoolers, 58:770
constructive vs destructive art motivations, overall aesthetic quality & expressive content & creative behavior & spontaneous-divergent characteristics of paintings, male vs female 4th graders, 58:1234
continuous influential productivity & achievement of long term eminence, behavioral definition of genius, 54:7606
conventional intelligence measure & verbal creativity measures reflecting product dimension of J. P. Guilford's structure-of-intellect model & cognitive functioning measures based on B. S. Bloom's taxonomy, 11th graders, 55:13568
convergent vs divergent thinking, cognitive complexity, 5th & 6th graders, 57:5915
correlational analysis, generational fluctuations of interdisciplinary creativity over 130 generations of European history, 56:5853
correlations between Full-Range Picture Vocabulary Test & Scholastic Aptitude Test & equalitarianism measures & Preconscious Activity Scale scores, college students, 56:709
creation of environment for stimulation of creative thinking abilities & activation of S's evaluative effort, academic achievement & social performances, learning disabled children, 57:13910
creative & intellectual & EEG feedback tasks, creativity & cortical activation, male college students, 55:3960
creative ability & achievements, probationary vs average vs distinguished vs undecided college students, 58:10478
creative ability levels, black vs white college students, 56:2407
creative ability, 14–19 yr old students with vs without behavior problems, 56:8169
creative behavior, ability to recognize creative behavior of students in classroom, 3rd–5th grade teachers, 56:1307
creative brainstorming, problem solving competition, gifted children, 53:4067
creative dramatics in curriculum, 58:6210
creative dramatics program, self concept, 5th graders, 57:11305
creative free play program, creativity & divergent thinking & achievement & readiness, kindergartners, 57:13757
creative helping combining counseling & therapy with creative arts, achievement of more meaningful existence in technologically oriented environment & release of creative energy, 58:5761
creative imagery & analogy, 54:11805
creative information processing abilities & visual & verbal & kinesic expressivity & intelligence, creative activity vs aesthetic interests in visual arts vs literature vs drama, male vs female high school seniors, 57:12841
creative media activities corresponding to developmental growth stages in school setting, infants & nursery school to junior high school students, 53:6170
creative memory, suggestions for categorization of adult learning, 55:10637
creative mother role model, creativity, female college students, 55:12302
creative movement procedure, development of listening & reading comprehension, 54:4094
creative perceptions, American vs Hungarian & Indian adults vs American vs Hungarian adolescents, 58:7582
creative personality, gifted adolescents, 53:3129
creative potential, academic achievement & specialty choice, medical students, 56:6594
creative potential identification, preschool children, 53:8406
creative potential structure, elementary school students, 57:3345
creative preconscious, subliminal perception, college students, 55:4620
creative problem solving course stressing skills required of executives, graduate students, 57:11405
creative problem solving techniques, approach to organization of nursing education, nursing students, 57:11141
creative process between mother & infant, development of sense of self & independence, 58:898
creative process, production of significant behavior change, intensive small groups, 55:9742

creative process stages & role of ego functions, implications for patient–analyst communication in therapy, 53:10023
creative process therapy in visual studio work & drama, transformation of destructive impulses into positive organization, psychiatric patients, 54:10110
creative process, viewpoints of Freud & Jung & A. Maslow & creative development & usefulness of theory & testing & case studies, 58:7563
creative reading program, questioning abilities, 1st graders, 57:11378
creative studies program, structure-of-intellect factors, college students, 56:8696
creative tempo or reflection/impulsivity, creative problem solving in art, school age children, 55:6705
creative thinking & performance, high school seniors, Israel, 56:2949
creative thinking & problem solving training & race & social class, creativity test performance, 5th & 6th graders, 57:13744
creative thinking abilities & social behavior, nursing students in differing educational programs, 58:4125
creative thinking abilities, creative personalities, college students, 53:1193
creative thinking abilities, nursing students in associate vs diploma vs baccalaureate degree programs, 57:8341
creative thinking ability, academic achievement, junior college students, 58:10413
creative thinking ability vs religious training, moral judgment, Jewish 12th graders, 55:13238
creative thinking skills program, verbal & figural creative abilities, intermediate grade educationally handicapped children, 58:2208
creative thinking stimulation, junior high school science teaching, Iraq, 55:2997
creative thinking training strategies, verbal fluency & flexibility & originality, 6th graders, 56:1383
creative thinking workshop, creativity-related cognitive & personality traits & teaching performance, college students majoring in elementary education, 55:1275
creative thought processes, nursing students, 55:12916
creative vs traditional music education program, aural & visual perception development, 4th graders, 54:6227
creativity & academic achievement & scholastic aptitude & sex & vocational interests, 10th graders, Thailand, 58:12373
creativity & art therapy, expression of experiences of psychic life & reintegration, psychotics, 58:9871
creativity & body awareness, 56:8024
creativity & communication through senses in psychoanalysis, 57:10717
creativity & creative imagery, review of research through 1974, 58:1243
creativity & curiosity, antisexism, male vs female college students, 56:4112
creativity & happiness & life enjoyment, 57:8308
creativity & image size & viewing under monocular & binocular conditions, figure reversals of Necker cubes, college students, 55:7186
creativity & intelligence & attitude toward science, performance on Nuffield physics test, high school students, 55:10876
creativity & intelligence & functional fixedness, 5th & 6th graders, 58:1278
creativity & intelligence & temperament, 12–16 yr olds, 58:7574
creativity & intelligence, achievement motivation, 9th graders, 58:2140
creativity & intelligence, educable mentally retarded children, 57:12995
creativity & intelligence, English-speaking high school students, South Africa, partial replication of M. A. Wallach & N. Kogan's study, 57:5906
creativity & intelligence, vocational interests, college students, India, 58:8351
creativity & IQ, academic achievement prediction, educable mentally retarded black students, 55:8315
creativity & leader behavior, high school principals, 55:1299
creativity & organizational identification in research & development environments, 53:4156
creativity & personality traits & educational attitudes, students enrolled in art courses, 57:13902
creativity & personality traits, rated observable creative behavior in microdrama situations, student teachers, 54:4013
creativity & relationship to intelligence & achievement motivation & interests & classroom behaviors, 5th graders, 56:6792
creativity & sense of humor & ability to link disparities, college students, 55:12333
creativity & support & power, marital adjustment, clinic vs nonclinic married couples, 58:7367
creativity & task complexity, intuitive vs analytical problem solving, college students, 55:3710
creativity, academic achievement in language & arithmetic & science & social studies & spelling, 9th graders, 55:1454
creativity as related to intelligence & education & socialization, psychoticism, college students, 58:1244
creativity, aspects applicable to education & conceptual models & measurement, literature review, 58:1217
creativity, authoritarian pupil control orientation, college students, 57:8983
creativity, book, 56:6086
creativity, classification of studies into person & product & process & motivation & time & place groups, 57:8345
creativity, comprehensive vs continuation high school students, 55:8002
creativity, cortical activation & its operant control, male college students, 53:451
creativity, discussion of Eastern thought & physical & behavioral sciences & fine arts, 57:8271
creativity enrichment program effectiveness, 6 yr old kindergartners, 54:3986
creativity, ideological assumptions about social reality, high school students, 56:2402
creativity, Jungian concepts of ego protective mechanisms, 53:9655
creativity, locus of control & modeling of self reinforcement, 57:8282
creativity measurement by performance on word association tests, college honor engineering students & industrial research scientists, 56:30
creativity on Torrance Tests of Creative Thinking & Welsh Figure Preference Test, low & middle & high ability 5th graders, 55:8379
creativity, production of primary process manifestations & ego activity & passivity, young adult female college students, 57:5904
creativity programs, creative thinking abilities, 4th & 5th graders, 56:4742
creativity, psychological health, college students, 55:9871
creativity test scores & freshmen English grades, black college students, 55:1441
creativity, thought sequences in problem solving, college students, 56:5255
creativity training, development of ready associations, 5th graders, 58:10317
creativity training methods development, Connecticut State University, 54:4122
cross cultural & transhistorical data, longevity & time & eminence, relationship between age & creative achievement, literary creators, 55:12337
cross cultural perspective, creativity research, literature review, 58:9600
cross-lagged correlation analysis with data extending over 122 generations, influence of ideological diversity on personal creative development, 58:7606
cross-lagged correlation analysis, causal relationship between war & scientific discovery among 7 European nations, 56:7781
decision making skills & cultural initiative & political competence, structural interpretation of student behavior in school, 53:8226
descriptive social reinforcement, novel designs & diversity in felt pen drawings, middle class 3–4 yr olds, 54:10495
design & guidelines & situational applications, collective creativity workshop, book, 53:9477
destruction of art objects, mode of creation in art, 54:7561
development & evaluation, "New Directions in Creativity," 6th graders, 53:6145
development of artistic creativity during Jungian analysis, 54:8132
development of causal & consequential thinking & relationship to creativity, 4th–6th graders, Mexico vs US, 58:812
development of imaginative posters, creativity in highly structural & rigid organizations, 58:6498
developmental & productive variables & methodological artifacts, achieved eminence, creators & leaders, multivariate approach to C. Cox's data, 56:2428
developmental group counseling & creativity training, creativity & adjustment & achievement, 5th grade males vs females of average vs above average intelligence, 57:4457
developments in clarification of skills & abilities & perceptual & cognitive processes, comprehension & production of art, 54:9718
dextroamphetamine, early & late components of cortical somatic potentials during distraction & innovation & habituation & attention, normal human Ss, 57:12435
differential reinforcements & test instructions, creativity & correlates with internal-external locus of control, college students, 55:7183
directed discovery vs direct detailed teaching methods, creativity & achievement, high school students, 55:1392
directed-reverie therapy, occurrence & origin of pedagogic reactivation & fantasy of creation, 54:5776
divergent & convergent thinking, intelligence & school achievement, literature review, 56:10683
divergent thinking experiences, creative production & transfer between mathematical & nonmathematical domains, geometry vs advanced algebra class secondary school students, 56:2931
divergent vs convergent thinking tasks, preference for novelty, high vs low creative college students, 58:8836
dogmatism & creativity & complexity interrelationships, graduate students, 55:12334
dogmatism & locus of control & creativity, 12–14 yr olds educated in US vs USSR vs Israel, 58:5373
dynamics & motivational aspects, creative personality, 56:8082
early childhood experiences & sensorial perceptions & body feelings & reactions to loss & body image, artistic creativity, clinical & psychoanalytical implications, 57:10377
educational & behavioral & psychological characteristics of teachers, relationship to motivation for creativity in 4th–7th graders, 55:2944
educational practices, motor creativity, 15–18 yr old females, 56:8706
ego development & components of creativity, female college students, 54:1186
ego integration & body image boundaries, creativity, male college students, 55:9874
egocentric vs task involvement & approval by authority, originality in thinking & self assessment, 18 yr olds, 54:8861
emotional arousal, creative thinking efficiency, 54:8902
emotional states related to visual stimuli vs patterns viewed in terms of geometrical-technical properties, ideational fluency & originality of divergent thinking, graduate educational students, 54:314
enactment of role of successful student, performance on intelligence tests & achievement & creativity & grades & self image, high school students, 55:13345
epistemology of process as basis for development of expressive & creative action, conditions of process & behavioral implications, 57:11708
evaluative & time pressure conditions, divergent thinking abilities & creativity-IQ relationships, male 6th graders, 58:2282
expectation, problem solving tasks related to creative behavior, prospective teachers, 55:10702
experimental construct validation, interdependence & creativity scales of Minnesota Importance Questionnaire, college students, 56:7060
experimental validation, Creativity & Independence scales of Minnesota Importance Questionnaire, college students, 57:11806
explicit instructions to "be creative," psychological meaning of divergent thinking test scores, college students, 55:7208
exploratory task behavior & creativity, kindergartners & 2nd graders, 53:907
exposure to cognitive & aggressive humor stimuli & GPA, self disclosure & creativity, college student, 57:5866
extraversion vs introversion, reading comprehension & creative thinking abilities, black 5th & 6th graders, 55:13269
factor analysis, creativity & intelligence & self concept, adolescents, 56:744
family constellation & creativity, firstborn predominance, analysis of biographies of classical music composers, 58:5075
father absence during childhood, fluency & flexibility & originality, college students, 53:11688
father absence vs presence & socioeconomic status, creative performance, 5th grade males, 55:6820
femininity & masculinity, independence of traits & relationship to creativity, male architects, 57:8297
field dependence & body articulation, creativity, urban 7th graders, support for relationship between analytic-global cognitive style & creativity, 58:5410
field independence & wide-range thinking & flexibility to change sets & reality distance, creativity, college students, 58:9620
figural vs semantic divergent production tests, verbal & nonverbal IQs, 4th–6th graders, 54:11794
fine arts interest & culture & intelligence, creativity, male urban & rural 10th graders, 55:4650
formal thinking & paired associate learning & creativity, 6th & 10th graders, 55:6796
formal vs informal educational programs, achievement & self concept & creativity & attitude toward school, 4th graders, 55:13216
free association technique with verbal & nonverbal stimuli, training for originality, 4th & 5th graders, 56:138
freedom to be creative & original as primary consideration in occupational choice, students at technology institute, 54:7617
freedom to innovate & cooperation from ward staff, introductory playleaders in 2 children's wards of 2 hospitals, 58:8040
frustration, figural creative thinking, male vs female 5th graders, 56:718
general personality correlates, creative personality, academically & artistically gifted high school juniors & seniors, 56:4123
generation of creative ideas through method of circumrelation, 57:11599
generational fluctuations in creativity, test of hypotheses specifying creativity as function of developmental & productive period variables, 55:6878
gestalt art education based on F. S. Perls' ideas, insightful learning & gestalt development & promotion of self discovery & actualization & open-mindedness & prevention of growth disorders, 56:10612
Goldstein-Sheerer Object-Sorting Test performance, conceptual style, creative writers vs manic & schizophrenic patients, 54:1260
group rearing conditions, promotion of creativity, review, 55:12020
group size, fluency & flexibility & originality in brainstorming groups, college students, 58:5336
growth in personal creativity & sense of individuality, emphases of liberal education, 53:10461
habitual TV viewing, reinforcement of passivity & substitution for real experience & curtailment of creativity, children, 54:4969
hallucinations as communication of creative imagination, 54:7738
hallucinogenic drugs, artistic creativity, 53:590
heat & ethnic group, intelligence & creative task performance, adolescent boys of Bedouin & Moroccan & Eastern European ancestry, 54:9453
helping & hindering forces & choice between conventional & individual way & flow of creativity, 57:12848
helping & success vs failure in creative problem solving, helper's perceptions of helped person, male college students, 58:7544
high intelligence, creative aptitudes, Ss with IQ's in top 2% of standard IQ test norms, 53:1199
high vs average vs low ability, creativity, 8th graders, 56:8032
high vs low alpha wave production, performance on measures of anxiety & creativity & achievement, junior high school students, 58:576
high vs low creativity, imitation of videotaped clinical interviewing questions with compulsive handwasher, college students, 53:1095
high vs low creativity, recall of irrelevant material & word semantic groupings after sorting task, students, 57:2464
high vs low level of originality & feedback on ability to discriminate other's originality, accuracy of judgment of self & other's originality, college students, 56:4110
high vs low stress in test situations, creativity scores on Torrance Tests of Creative Thinking, 5th & 6th graders, 54:7611
historical & biographical study of C. Darwin's thought & developmental psychology view of creative process, book, 53:9242
homospatial thinking, creativity, 56:137
hostility & emotional tension & tension release through creativity in therapy, 58:3780
hostility & sex & race, creative thinking ability, white & black college students, 55:7196
human relations & creativity, 58:5400
hypnagogic & meditative & psychotoxic consciousness modification, creative process stimulation, 53:283
hypnosis & Zen & other methods of self change, development of creativity, 56:742
hypnosis vs simulation vs waking groups with passive free imagery instructions, creativity, highly susceptible male college students, 57:7521
hypnotic susceptibility, instructional set responsivity & need for achievement & creativity & pattern-searching behavior in gambling task, college students, 57:5856
hypnotically-induced altered state of consciousness, activation of latent creative potential, 58:397
ideational creativity & intelligence, creative inspiration during task-irrelevant thinking & visual imagery & autonomous experience, college students, 55:4605
identification of classroom nurturing conditions using observation instruments, creativity growth, 1st & 5th graders, 57:6867
imagery responses on Onomatopoeia & Images Test, 3rd–12th graders with high originality scores, 55:12021
immediate nondirective verbal reinforcement, creativity, 6–8 yr olds, 58:9554
immediate vs delayed reward instructions, creative thinking, advantaged vs disadvantaged 3rd–5th graders, 55:8049
improvement of creativity in counseling & student personnel work, 55:8366
incentives & educational resources & self esteem, teacher innovators & nonresponders, 55:10701
individual differences, development of amount & type of creativity, 1st–4th graders, 54:2740
individual vs group-shared reinforcement contingencies vs noncontingent reinforcement using grading procedure variations, creative responding in classroom situation, college students, 55:8030
individuals vs coacting vs interacting groups, brainstorming productivity, college students, 53:5182
induced lateral eye movements, creativity & spatial relations & intellectual tasks performance, male & female Ss, 56:1759
information & resource variables, adoption of agricultural innovations, farmers, India, 55:594
information deprivation & level of creativity, response to access to information, male college students, 56:8036
informed vs uninformed anagram category conditions & Remote Associates & vocabulary test performance, associative & attentional processes in anagram solutions, college students, 57:351
individual characteristics & open vs traditional classrooms & sex, academic achievement & inquiry & writing skills & creativity & social educational attitudes & teacher ratings of classroom behavior, 4th graders, 56:10647
innovator-ritualist organizational conflict, 53:4245
inservice program, change in attitudes toward desirability & facilitation of creativity, teachers, 56:1310
instructional conditions, concepts generated & strategies & ideational fluency in storytelling, 1st vs 3rd vs 5th graders, 58:11470
instructional set & age & sex, originality & fluency scores on Unusual Uses test, 5th & 12th graders, 54:7667
instructions & reinforcement & practice, creative behaviors, 4th & 5th graders, 57:1929
integration of creativity course into existing teacher education curriculum, 58:6185
integration of creativity into student teacher curriculum, 54:6280
intelligence & creativity & school achievement & personal variables, development of formal reasoning, 10–12 yr olds, 58:806
intelligence & creativity & waiting ability, young children with vs without imaginary companions, 57:2987
intelligence & creativity, rated performance scores, 6–12 yr olds in classes for educable mentally retarded, 54:10614
intelligence & creativity, self concept, gifted 4th–8th graders, Israel, 56:6091
intelligence & differentiated cognitive style & parental authoritarianism & demographic characteristics, originality-fluency, male vs female nursery school students, 58:11415
intelligence test data vs teacher judgment as selection criteria & sex, measured creativity, mentally gifted 4th–6th graders, 58:6407
intensity & directionality of emotion in role playing situation, creative behavior, discussion of arousal hypothesis, 56:8020
interaction analysis & observational feedback procedures, teachers' verbal behavior patterns & students' creative thinking ability, elementary school setting, 55:3167
interaction of conceptual development of parents & teachers, creativity & home play conditions, 4–5 yr olds, 55:12006
intercorrelation among measures of creativity & openness to experience & sensation seeking as traits characteristic of self actualization, male vs female college students, 58:5436
interdisciplinary & military factors, scientific productivity, cross-lagged correlational analysis, 57:2044
internal hierarchies in originality & creativity, mediation in solution of word anagrams, college students, 57:357
interrelationship between fluid & crystallized intelligence & creativity & achievement, 6th graders, 55:3110
interrelationships among creativity & daydreaming & ego activity & perceptual isolation behavior, college students, 58:7612
interrelationships among student & teacher ratings of artistic & academic creativity, 5th grade gifted students, 55:8262
involvement, integrative complexity & creativity relationship, females, 55:9849

Jung's psychological types, prediction of creativity & self actualization, college students, 57:8340
Kindergarten Evaluation of Learning Potential & Starkweather Test of Conforming & Nonconforming Behavior & Creative Abilities Checklist, identification of creative self direction & behavior & activities, preschool children, implications for curriculum planning, 56:6853
language learning & origins in Hjelmslev vs N. Chomsky, linguistic creativity, 54:9653
lectures vs requests vs teacher praise vs access to play area contingencies, increasing creativity in written stories, 4th–6th graders, 55:10776
linguistic competence & personality & aptitude & creativity & attitude factors, communicative competence in 2nd language, high school students enrolled in German language classes, 57:6808
listening to humorous record before testing, creativity test performance, 10th graders, 56:3093
locus of control & individual vs dyadic condition & sex, creative thinking, junior college students, 58:11723
locus of control, creativity, kindergartners & 2nd graders, 53:906
locus of control, fluency & flexibility & elaboration & originality components of creativity, college students, 58:7571
MA & readiness & creativity & conservation, academic achievement prediction, 1st graders, 55:13310
majority opinion in small groups, conforming & innovative responses of isolated individuals, female students, 58:5324
management of creative process in temporary system, 58:10708
managerial decision making creativity, Federal Executive Institute 8-wk program of innovative thinking & self-chosen learning techniques & situations, 53:8502
manifest & latent masculinity & femininity, creative female college students, 54:11836
masculinity-femininity, fathers of creative male adolescents, 57:8289
mathematics & creative education & teaching aims, development of creative thinking in pupils, 56:8675
measurement & correlation with personality & promotion of creativity-relevant behaviors & teaching methods in school, 53:12423
meditation by performing breath count task vs sitting physically still, pulse rate & creativity intrusion of thoughts & other psychological aspects, college students, 56:5348
methodological problems of creative activities, work rationalization, 58:2292
methods of activating thinking & creativity through use of independent work, 1st graders, 56:4754
Minnesota Tests of Creative Thinking & Art Experience Inventory, fluency & flexibility & originality & elaboration on creative art task & visual abstraction process, students, 57:4923
model of creative cognition for problem solving system of education, classroom application, 55:13188
modeling, creative behavior in language & anagram problem solving, divergent thinking, 55:1828
modeling processes using videotapes, modification of creative behavior, 55:12193
modified questionnaire, discrimination between specialized creators, patentee vs nonpatentee inventors vs noninventors, 57:2210
motor creativity & movement satisfaction, use of certain movement factors, 2nd grade girls vs boys, 55:12938
motor creativity, 15–18 yr olds, 53:2845
mourning process & death attitudes & identification with lost object & immortality views, life of Nikolai Lenin & his utopian ideals & creative endeavor, 58:2441
multi-media set of teacher education materials, promotion of creative behavior of pupils, research implications, 58:6152
music education method, creativity & reasoning skills, preschool & elementary school students, 55:8100
mutual group hypnosis, creative problem solving, 57:9568
narcissistic libido development, romanticism & narcissism & creativity, 58:3373
naturalistic field observations & objective personality measures, creativity & group development, dramatic artists, complications for Gestalt therapy theory, 57:1172
need & search for spiritual values & creative expression, 58:5386
need for methods of fostering creativity in classroom, gifted children, 58:8271

Scientific Creativity Test & IQ, identification of creative scientific talent, high school students, India, implications for school curricula, 57:4477
scientific creativity test development, research project of National Science Talent Search Scheme, 53:7480
self & world perceptions & relational modes & creativity, college student poets vs students classified as paralogic vs nonparalogic, 58:3400
self instructional vs focusing training with self statements about creativity, enhanced creativity & self concept & divergent thinking, college students, 54:10530
self observations of J. Muller during investigation of creative vision, 19th century, 55:11212
self perceptions of creativity, academic inventors vs noninventors, 54:1812
self-acceptance & self-ratings of creativity & intelligence & positive vs negative feedback, self-reinforcing behavior, college students, 53:339
self-concept & creativity, Barodan 10th grade over- vs under- vs normal-achievers, 53:4039
sex & age & birth order & father's occupation & size of home community & class standing, fluency & flexibility & originality scores on Torrance's Tests of Creative Thinking, social work students, 56:8030
sex & creativity & life history & academic achievement, perceptions of college instruction, college students, 53:10491
sex & educational level & professional aspirations, innovative vs noninnovative educators, 58:4205
sex & grade differences, behavioral characteristics, educationally disadvantaged kindergartners to 3rd graders, 53:11370
sex & grade level & anxiety, divergent & convergent production & self concept, rural disadvantaged 4th–8th graders, implications for creative training in curriculum, 57:5924
sex & nonverbal rigidity, creative perceptions, Hungarian male vs female adolescents, 54:9701
sex & race & IQ & visual perceptual abilities, figural creative abilities, 4th graders, 57:4830
sex & sex role identification, creative problem solving & preference for complexity of visual figures, young vs middle aged vs older adults, 56:9654
sex, correlations of creativity in fine arts & crafts & performing arts & math/science & literature & music, college students, 58:1235
sex differences, creativity, literature review, 57:10363
sex differences, creativity, 10–14 yr olds, 56:9919
sex, originality & personality & response style, college students, 58:1237
sex role conventionality, sex-typed traits & identification & creativity & self actualization, female college students, 56:7822
sex role typing & creativity & cartoon content, humor production, male vs female college students, 56:8004
similarities of job-oriented problem solving & creative behaviors, 54:6484
simultaneous visual & auditory & somesthetic & thermal & gustatory & olfactory stimulation, openness & spontaneity & depth & impact & originality of drawings, participants in creativity institute, 58:5445
situational testing & regression analysis, derivation of predictors of effective educational leadership for innovative situations, 55:7898
sleeptalking & creativity, case study, 54:1133
social class level, efficacy of training program in creative thinking & problem solving, Black vs White 5th & 6th graders, 58:6237
social community reward systems, innovations in arts & sciences & religion, 57:12577
social context of arts & mass communications, creative process, 54:7569
socioeconomic status & race & sex, creative ability, 7th graders, 55:7223
Something About Myself creative self perception scores, Hungarian vs US high school & college students, 55:12305
sources of ideas for creative writing when given freedom of choice of topic & extent of creativity, 2nd vs 4th vs 6th graders, 58:2035
Spanish-English bilingualism, creative thinking abilities, high school students, 53:11645
spoken & written language acquisition, child creativity & linguistic innovation, 56:7628
stimulation seeking level, originality & fluency in timed test performance, college students, 57:12816
stress & creativity measured by Barron's Revised Art Scale, cognitive performance using Watson-Glazer Critical Thinking Test, 55:4649
structural formality of school environments, creativity, 10- & 11-yr-old students, 53:8243
student ability types measured by scholastic aptitude tests, perceptual cues used in rating creative problem-solving ability, high school teachers, 53:4125
student creativity information integrated vs not integrated into social studies curriculum, perceptions & expectations about students' creativity, 5th & 6th grade social studies teachers, 57:6675
student illustrated cookbooks, creative reading development, 53:12420
student vs teacher perceptions, student creativity measured by "Something About Myself", high school students, 58:1934

subject-object unity in action & creativity, contrasting views of Piaget & Bergson & J. Dewey & educational application of theories, 55:11241
success & creativity, male vs female professors, 55:13012
suggestion during active hypnosis that S was famous person with specific talent, creative achievement during & after deep hypnosis, students of varying levels of hypnotic responsivity, 56:5350
survival vs educational conflict teaching methods, communication breakdown in contemporary school systems, book, 53:8271
symbolic presentation of creative process, S. Beckett's "Molly", 53:1152
syncretism & flexibility & exactness aspects of cognitive action, retention & creativity & Gestalt Completion Test performance & subliminal perception, 22–63 yr olds, 58:6827
task analysis & structures of thinking in scientific & technological creativity, employees in research & planning & designing organizations, 57:11595
teacher attitudes toward & development of creativity producing study materials & creativity test results & personality correlates, 6th grade teachers & students, 58:4223
teacher behavior & characteristics, ability to identify creativity in students & self, 6th & 8th & 11th grade teachers, 55:13086
teacher emphasis on talents, mentally retarded, 58:10542
teacher inservice creative activities, creativity, teachers & students, 55:1322
teacher open-closed mindedness, development of student creativity, 2nd graders & their teachers, 55:13361
teacher preferences for & ratings of students, creativity & peer perceptions of their judgments & students' achievement & self concept, high school students & teachers, 58:2145
teacher role as stimulator of novel ideas, 55:7958
teacher use of set induction, originality in creative writings, elementary school students, 55:10886
teachers' attitudes toward education, creative attitude & ability, students, 58:12690
teaching & transformational aspects of discovery-oriented behavior, problem solving success, college students, 57:1956
teaching model, fostering creativity, elementary school students, 55:13102
team teaching in open classroom & local/cosmopolitan characteristics of teachers, learning process & teacher-student interaction & student creativity, elementary school teachers, 56:2761
Technology for Children Program, creativity, 4th graders, 58:12543
theoretical basis & workshop application, creativity in human relations, 55:10310
theoretical formulation & empirical validation, construct of creativity, college students, 55:3252
theoretical framework, processes of social differentiation & originality, 54:2954
theoretical relationship between personality traits & self concept & creativity & perceptions of ideal student, elementary school teachers, 57:13653
theoretical values & creativity, efficacy of dilemmatic self help psychotherapy, clients, 58:12040
theory & research, creativity, 1950 to present, book, 55:2420
theory of individual differences employing genetically-based creative & constructive logic patterns, implications for learning & education, 56:8728
theory of scientific creativity, A. Einstein's processes in discovery of theory of relativity, 54:3114
thought process based on structural property of opposition, Janusian thinking in diversity of types of creative processes, 58:1268
time experiences & self actualization & creativity, intercorrelations, college students, 55:7248
time limitations & age, creative activity & group problem solving, constructors & designers, 58:2300
time limits & training procedures, production of original verbal images & creative imagination, children & adults, 57:12827
token reinforcement, divergent responding as measured by Wallach-Kogan Creativity Test, average vs gifted vs learning disabled children, 57:8730
traditional vs innovative career plans, 2-yr college females, implications for counselors, 56:1509
traditional vs open classroom, figural & verbal creativity, 1st & 4th & 8th graders, 57:4344
training for divergent thinking, black elementary school children, 55:13214
training in originality, essay answers to psychology examination questions, 58:4248
training in productive thinking subskills, creative thinking, 3rd grades, 57:13742
training of original responses to word problems, other classroom performance, Caucasian vs Hawaiian 5th graders, 56:1389
transactional analysis training group, decontamination of adult & group creativity practice & guided fantasies & daydreams & regression analysis, scientists & engineers & executives, 54:5921
transitional fantasies & creative process, reference to E. O'Neill & P. Picasso & D. Thomas & I. Bergman, 57:843
twinship & creativity, analysis of 4 plays by Peter Shaffer, 57:7851
types of creativity, use in teaching in elementary schools, 54:6276
types of incubation periods, associative process of creativity, college students, 58:1203
using pen vs pencil vs crayon & motivational treatment, figural creative processes, male vs female 4th & 5th graders, 58:7547
validity, creative operations & measures of M. Wallach & N. Kogan in areas of visual art, inner-city 3rd & 4th graders, 54:107
value clarification procedures & adult vs peer leadership, creative initiative & disrespect-defiance & inattention & external reliance & preferences & locus of control, 5th graders, 57:6652
verbal & nonverbal tests of creative thinking, assessment & prediction of creativity, student teachers, 53:8255
verbal classroom interaction, divergent thinking & problem solving measures of creative performance, 6th graders, 55:1417
verbal instructions vs descriptive social reinforcement, colors used & details drawn in drawings, 3rd & 4th graders, 55:6206
verbal reinforcement, creative responding in play behavior, 4–5 yr old males & females, 55:11484
videotaped model, verbal originality, 4th & 5th graders, 54:4058
visual &/or verbal modeling of creative thinking strategy, creative performance, educable mentally retarded vs normal IQ 10–12 yr olds, discussion in terms of social learning theory, 57:6093
vividness of imagery & creative self perception, college students, 54:3131
warm-up activities, small group divergent problem solving, 1st graders, 54:336
What Kind of Person Are You checklist validity, Runner Studies of Attitude Patterns Interview Form III, creative adult college students, 54:8703

Speijer report & analysis of penal code & sexual behavior in Netherlands, legislation of sexual morality, 53:2934
training & personality & attitudes toward law & punishment, sentencing behavior, male & female British magistrates, 53:5100
undergraduate course on interface of mental health & criminal justice, 53:8302
usefulness of labeling theory as explanatory model, theories of criminal law-violating behavior, 57:10559
war model, criminal justice system, 53:7185

Criminals [See Also Female Criminals, Male Criminals]
addiction onset, criminal activity, arrested persons self identified as regular opiate users, 56:8194
additive prediction model of reconviction, psychiatric offender patients, 53:3404
adjustment to present living circumstances, discharged criminally insane patients, followup study, 56:8135
adrenalin ameliorable avoidance-learning deficit, criminal offenders, 56:10081
alcohol use, crime & violence, pretrial Ss, 56:4260
alcoholism, forcible rape, convicted rapists, 54:1379
altered arousal conditions, retention of indoctrination, primary vs neurotic psychopaths, 55:12476
altitude quotient-IQ discrepancies & MMPI scales & behavioral adjustment ratings, index of personality disorganization, Puerto Rican & black & white drug offenders in reformatory drug abuse program, 56:10091
amount of clinical information available, accuracy in longitudinal judgments discriminating between test protocols of men convicted of murder vs crime against property, nonexperienced graduate students vs medium-experienced practicum students vs advanced clinical interns, 57:13129
antisocial acting out as expression of depressive core of personality, case histories of offenders, 53:7690
application of H. J. Eysenck's 3-dimensional theory of personality, young criminal recidivists, 54:5543
assessment & treatment plan & primary counseling in open-residential therapeutic environment, postrehabilitation success, 12–18 yr old offenders & predelinquents, 55:10213
attempted vs never considered suicide, depression & personality & hostility & number of convictions, male convicted murderers, 56:8174
background auditory stimulation & anxiety & sociopathy levels, avoidance behavior, public offenders, 54:9920
barriers to rehabilitative employment, ex-offenders, 58:6033
Canadian Criminal Code & fitness hearings & detention without judicial hearing, mentally ill defendants, 58:7374
care & previous hospitalization in mental health facilities & rehabilitation programs, mentally disturbed & disruptive incarcerated offenders, implications for future care & custody, 56:6566
civil liberties & treatment facilities, mentally ill offenders, 54:3917
civil rehabilitation committees composed of volunteer & church groups & welfare & government agencies, aftercare of criminal offenders released from prison, Australia, 58:1808
clinical studies & theories of firesetting & relationship between firesetting & sexual behavior & characteristics & diagnosis of firesetters, 55:7351
configural analysis of WAIS profiles, determination of relationship between WAIS characteristics & types of criminal behavior, 17–73 yr old criminally insane males, 55:10022
conflict level, 22–40 yr old neurotic patients vs convicted murderers vs normal adults, 58:11865
control vs treatment model of administration, staff's decision to continue vs terminate indefinite commitment, psychopaths in mental hospitals for criminally insane, 54:5544
controlled comparison of personality characteristics, heroin addict vs nonaddict offenders, 54:5545
correlations of Mini-Mult with MMPI test profiles, criminal psychiatric patients, 54:12072
counseling procedure emphasizing peer self help in prison setting, inmates, 55:10530
court-mandated psychiatric hospital treatment, treatment & management problems posed by different types of mentally ill offenders, 55:5265
Criminal Diagnostic plan, program to counteract recidivism, northern California, 56:4580
criminal justice system, fulfillment of role as provider, deserting nonsupporting fathers, 57:6538
criminal process & mental disorder, report of Law Reform Commission of Canada, 57:10535
criminal process problems, mentally ill offender, 58:7382
criminal tattoos, prisoners, survey of penal institutions, 54:3405
criminality in families with children at high risk for schizophrenia, criticism of L. Kirkegaard-Sorenson & S. A. Mednick's study, 56:2487
criteria legality, identification of mentally disordered sex offenders by court appointed psychiatrists, 55:6974
cross cultural differences, opinion & laws concerning deviance, India vs Indonesia vs Iran vs Italy vs Yugoslavia vs US, book, 58:1003
culture & race & socioeconomic status & education, MMPI scores, Black vs Mexican American vs White male offenders, 58:5580
current criminal behavior & motivations, 57:12981
cytogenetic investigation, sex chromosome abnormalities, mentally retarded male offenders, 54:7734
dealing with present & elimination of delinquency & ambiguity in psychiatrist's role, offender therapy, 54:10128
decentralization of forensic services, mental health service availability to persons in criminal justice system, 58:4030
definitions & frequency & types, mentally disordered criminal offenders, 53:7551
definitions of political crime & criminals & justice, 54:5143
demographic & diagnostic & criminal characteristics, offender vs nonoffender, hospitalized psychiatric patients, 53:3251
demographic characteristics & prior history & legal counsel & type of crime, level of social power & likelihood of incarceration in prison vs mental hospital, male sexual offenders, 57:10543
determination of continued dangerousness of sex offenders committed as dangerous, observation by legally trained O, 55:9640
development of criminal offender introspective report, measurement of changes in self evaluation, 54:12018
Draw-A-Person test performance characteristics, 19–53 yr old incarcerated male sex offenders, 58:5595
drug & behavior research, mentally disordered offender, 53:7638
drug addiction treatment & rights of psychiatric patient to pharmacotherapy & use of antipsychotic drugs on criminal offenders' symptoms, legal implications in psychopharmacology, 57:8784
dynamics of Coatlicue & House of Usher complexes, irrational reactions against women, sex offenders, 54:12069
educational & job background & family relations, 20–30 yr old criminals vs normals, 53:9848
EEG, 16–70 yr old male prisoners charged with murder, 53:9840
effectiveness of mental health center treatment, criminals, 55:1178
elimination of item imbalance, validity of MMPI Overcontrolled-Hostility scale's ability to discriminate among criminal groups differing in propensity for violence, response to T. E. Deiker, 55:56
empathy & socialization, college students vs 1st vs repeat offenders, 54:12026
empirical classification of psychopathic personality, nonpsychotic male offenders, 55:12461
empirical development of scale from MMPI for detection of hypoglycemia & recidivism, institutionalized drug offenders, 58:6683
employment services in ex-offender program, problems of ex-offender from incarceration to release, 55:12806
ethanol ingestion, blood alcohol levels & EEG & types of aggressive symptoms, criminal male patients, 57:8471
ethical risk taking, prediction of return to prison as result of prison programing, parolees, 55:7762
ethical vs unethical decision making dilemmas & group discussion, perception & acceptance of risks, criminals vs noncriminals, 58:9692
evaluation of Emotional Maturity Instruction as method of rehabilitation, 56:10448
evaluator's experience & tape's verification & criminal's truthfulness/deceptiveness & type of crime, accuracy & reliability & judgment of truth & deception on polygraph recordings, police polygraphic examiners, 58:2295
excessive social control, criminally insane patients, legal & moral & social implications, book, 54:1806
ex-offender employment policies, survey of American correctional agencies, 53:8139
expansion of group psychotherapy programs, probation & rehabilitation process, offenders, 56:10447
Experimental Probation Program, attitude & motivation change, criminal offenders in Greenville, Texas, 56:2693
extraversion, criminal recidivists vs nonrecidivists in Indian jails, 55:2494
Eysenck Personality Inventory, discrimination between criminal types, male public offenders, 56:10098
factor analysis of Life Style Analysis inventory & item analysis across normal & clinical groups, incarcerated felons & alcoholics & college students & chronic undifferentiated schizophrenics, support for Adlerian & Horneyan theory, 56:8980
factorial composition of Life Style Analysis responses, incarcerated felons vs alcoholics vs unwed mothers vs college students vs chronic undifferentiated schizophrenics, 56:8977
family treatment therapy program, family structure as part of clinic & court, 53:7831
federal statutes, medical & surgical & psychiatric care, criminals, 53:9376
feelings of inadequacy in interpersonal relations & loss of defense mechanisms, people charged with murder or attempted murder, 58:7687
forensic psychiatry & abnormal dangerous offenders, case histories, 57:13458
frequency of arrest charges, male felony defendants found incompetent to stand trial vs all felony arrests, 54:1391
"game" vs "professional" model, police interaction with suspected criminals, 53:8430
Gittinger Personality Assessment System, identification of core personality characteristics, heroin addicted criminals vs noncriminals, 57:6057
goals & deficits, work-release programs, criminal rehabilitation, 53:6041
goals & principles of offender therapy, 54:10092
group counseling, public offenders, 53:5916
heredity factors, criminality, 54:3396
history & orientation of psychologists vs social workers vs law enforcement agencies, diagnosis & rehabilitation of juvenile & adult offenders, 58:1827
history of laws concerning Anglo American criminal insanity, 56:3930
homicide type & pathologies, homicide offenders from 3 ethnic groups, 54:1365
identification & description & constitutional rights & rehabilitation & implications of legal system, mentally retarded public offenders, book, 56:8534
identification with & qualitative analysis of S's interpretation of "hold-up" item of WAIS Picture Arrangement subtest, criminal offenders, 58:7709
implementation of local multidisciplinary teams for evaluation of competency to stand trials, state-wide system of local mental health services to criminal & circuit courts, 58:3969
incentive procedures, academic & vocational & social & work rehabilitation, adult inmates in correctional setting, 57:4160
induced anxiety & modified implosive therapy conditions, self reported reactivity & GSR & heart rate & respiration responses, primary vs secondary vs over-active institutionalized criminal sexual psychopaths, 55:10344
interaction between patrolmen & addicts & police perception of drug-related crime & addicts & drug treatment programs & problems in policing addicts, effect of methadone treatment on crime careers of addicts, police, 53:9377
interdynamics of groups & psychotherapeutic effects, criminal section of mental hospital, 57:4114
interpersonal & cultural alienation & need affiliation, White vs Black vs Mexican American offenders of various offense types, 57:1433
interpretation & analysis, Rorschach responses, Nazi leaders tried at Nuremberg, book, 55:12061
investigative techniques, definition & diagnosis of psychiatric disorders, male & female felons, book, 55:12473
judicial attitudes toward "law & order" & offender attributes, disparities in disposition, incarcerated offenders & sentencing judges, 54:11573
knowledge of & myths about & special problems & treatment methods, sex offenders, 56:4578
law & psychiatry & mentally disordered offender, book, 53:7211
length of stay & treatment outcome, drug addicts who entered residential program as alternative to incarceration vs resentencing vs volunteers, 57:4170
link analysis procedures development & evaluation, integration of collected information & development of hypotheses for prevention & control of organized crime, teams of law enforcement intelligence analysts, 54:6438
magnitude & sequence public acknowledgement of criminal acts, judgments of crime severity, punishment of criminals, male college students, 56:7744
Manpower & Development Training Act education/training program, parole success, parolees, 56:2689
Maryland Comprehensive Offender Model Program, job counseling & placement & development of offenders, 55:12797
matched pair design comparison of EPPS & F Scale & 16PF scores, convicted felons vs law enforcement officers, 57:9348
mentally disordered offender, police officer's role & ability & criminal justice system, 53:7240
methods for changing criminal behavior, rehabilitation in correctional system, 53:8121
methods of interviewing, acutely upset or disturbed or psychotic or irrational or uncooperative or disinterested or unmotivated offenders, 53:8080
misuse of psychiatry, competency examinations of criminal defendants, 58:10131
morality & criminality, psychoanalytic interpretation of biographical literature about K. Kraus, 57:10542
multifactorial model of disease transmission, sex differences in familial transmission of sociopathy, black & white male & female criminals & their families, 54:12023
multiphase group rehabilitation program, criminal offenders & probation officers, 55:7767
multiple discriminant analysis of Rorschach protocols, prediction of homicidal behavior, male convicted murderers vs Ss incarcerated for offenses other than homicide, 56:6319
nature & patterns of kidnapping & demographic variables, kidnapper offenders, 58:11874
nature of offense & victim characteristics, hospitalized black vs white sex offenders, 54:5535
non-drug-induced altered states of consciousness used with interior reflection & behavior modification, recidivist rate, borderline recidivist offenders, 55:7772
nonincestuous pedophilia offenses, behavior of victim & predisposition of offender, 54:12073
normal or altered state of consciousness, act of murder, convicted murderers & other offenders, 56:2497
norms & validities, Quick Test, male delinquents with varying degrees of seriousness of conviction, 56:3228
offender history with prior psychological disorder or criminal behavior, perceptions of volitional capacity & moral responsibility, Ss from jury rolls, 56:8180
open & personalized rehabilitation based on outdoor activity, correctional alternatives, 54:6075
parole officer aide program using ex-offenders, book, 54:3909
participation in group psychotherapy, group cohesiveness & risk taking, criminals vs noncriminals, 58:7897
patient's age & criminal history & presence of interested family, official delabeling of patients from criminally insane to normal, psychiatrists, implications for societal reaction theory of deviance, 58:7645
perceptions of experiences in criminal justice system, incarcerated male & female offenders, 53:8126
persona-identification, stated satisfaction as means of maintaining distance in parole agent-parolee relationship, 57:6535
personal & social characteristics & rehabilitation, forgers vs burglars vs auto thieves on parole, 56:4590
personal characteristics, length of institutionalization & parole outcome, narcotic law violators, 56:6553
personal characteristics, prediction of employment stability, 18–26 yr old male parolees & probationers, 54:12425
personality & other characteristics, probation officers recommendations & sentencing & recidivism, male offenders, 55:5293
personality differences, incarcerated criminal forgers vs criminals of other types, 54:9936
personality structure, male & female imprisoned criminals, 53:7654
personality traits, normal vs criminal vs schizophrenic vs endogenous vs reactive depressive vs personality disordered vs anxious Ss, 58:1288
placement in open hospitals & aftercare settings, adjustment, long term psychiatric patients with criminal charges, 54:1799
plasma testosterone levels, rapists & child molester inpatients rated for violence during commission of crime, 57:1432
polygraph technique accuracy, detection of deception in criminal suspects, trained polygraph examiner, 58:6589
practice vs positive reinforcement vs verbal punishment vs prestige suggestion vs feedback & need achievement & achievement anxiety, risk taking on skill or chance tasks, adult Black males with criminal & drug histories, 58:11902
presentence psychiatric reports, judicial sentencing, sex offenders, 58:7373
primary & secondary diagnoses & types of criminal activity, defendants admitted to forensic service, 56:6201
probation, Alberta offenders, followup, 55:5288
psychiatric criminal court reports, problems & recommended inclusions, 57:12664
psychoanalytic viewpoint, superego in criminal acts & criminals & systems of punishment, 53:11496
psychobiographic study of N. F. Leopold, motivations & psychological consequences of social & antisocial behavior, 57:6053
psychodynamics of criminal behavior, new model treatment program, criminal offenders, 54:1776
psychological factors in violent crimes, male 16–47 yr old offenders with severe mental disorders, 58:11890
psychopathological differences & construction of typology of consistently violent criminals, criminals with vs without assault arrest histories, 57:6087
psychopathy, weak automatization cognitive style as measured by restructuring & automatization task performances, incarcerated psychopaths vs nonpsychopaths, 55:12499
psychosocial correlates, legal & illegal drug usage, college students vs incarcerated offenders, Colombia, 57:1127
psychotherapy & anti-androgen treatment, social reintegration, convicted sexual perverts, 56:2552
Psychoticism scale validity, psychotic & nonpsychotic offenders, 53:2154
psychoticism, 18–25 yr old recidivist prisoners vs manual laborers vs handball players, Czechoslovakia, 57:10554
race & criminal commitment & "spoiled identity", black vs white inmates, 56:6200
reality therapy vs mental illness model, changing behavior, offenders, 56:4594
recidivism in Poland, value as criteria in assessing effectiveness of penal measures, 54:3913
reciprocity & unreciprocity in role relationships, individual violence & murder & suicide, male homicide offenders & suicide victims & psychoneurotics, 55:2497
reduction of criminality after release, failure of halfway house narcotic rehabilitation project, paroled addict felons, 55:12831
relationship between crime & aggression, criminals vs noncriminals, 55:7348
reliability of methods for prediction of violent tendencies, detection of potentially dangerous offenders, 57:10531
reluctance to work with potentially dangerous offender clients, social workers, 55:5237
research on prediction & definition of dangerous behavior, noninstitutional service as alternative to institutionalization, nondangerous offenders, 54:10389

resocialization outside penal institutions, recidivism, convicts, 54:3868
role of crisis-intervention model, rehabilitation, criminal offenders, 53:12299
Rorschach data interpretation, homicidal & suicidal impulses in Nazi leaders tried at Nuremberg, 58:3386
Rorschach records of Nazi war criminals, experimental study after 30 yrs, 56:9913
scores on Overcontrolled Hostility Scale & egocentric balance & empathy & aggressive behavior during hospitalization, psychiatric offenders grouped on basis of their criminal charge, 58:7697
severity of crime & responsibility of defendant & fate of defendant's accomplice, punishment assigned to defendant, college students, 56:2335
sex & ethnic origin & victim–offender relationship & motives & type of homicide & previous pathologies of offenders, criminal homicide, Oriental & Western Jewish & non-Jewish Israelis, 54:12048
sex, spatial visualization & egocentricity & field dependence, Black vs White 18–28 yr old criminal nonaddicts vs drug-free criminal addicts vs addicts maintained on methadone, 58:9681
short term group work treatment conducted by social worker, impulsiveness, institutionalized mentally ill offenders on court-study unit, 57:11014
short term psychological-psychiatric intervention, self concept & feelings of worthiness-unworthiness, narcotic offenders in California Rehabilitation Center, 55:5301
similarities & differences, firearms use & interpersonal relationships, homicide offenders & victims, 54:1406
social & psychological & legal characteristics, sexual homicides, 57:12984
social class, bias in judicial disposition of criminal cases, defendants prosecuted for felonious homosexual acts, 54:7430
social consequences, stereotypes of criminals, 54:909
social images, employment hiring situations, adults & women & mentally retarded & ex-mental patients & ex-criminals & hippies & Blacks & American Indians, 58:8481
social readaptation employing psychiatric therapy & pharmacology, offenders with mental abnormalities or behavior disorders due to brain lesions, 57:11051
society's right to punishment & helping, reform of thinking & behavior, criminals, 54:5140
state governments' programs, mentally disturbed criminal offenders, 53:9436
stigmatizing treatment, Criminal Attitude Scale, medium security state prisoners, 58:1382
survey of criminal homicide cases, murder & victim age & sex & socioeconomic status & type of weapon & motives, Nigeria, 1953–63, 58:1356
therapeutic community approach, nonpsychotic offenders with moderate to severe personality disorders, 54:6115
therapeutic rehabilitation approach using cognitive-learning technique, criminals, 58:4037
therapist's role & problems & psychotherapeutic techniques & guidelines, psychotherapy, outpatients with violent history, 54:10086
threat vs no threat of death penalty, superego control & guilt & overt expression of emotion as measured on MMPI, convicted murderers, 57:6079
token economy in maximum security psychiatric hospital, behavior changes, male patients, 54:12455
trait & type differences defined by MMPI scale scores & profiles, male vs female offenders arrested for misdemeanor assaultive vs nonassaultive offenses, 58:3545
transfer from institution for criminally insane to open mental health institution, discharge & recidivism, inmates, follow-up study, 53:3897
treatment & hospitalization of mentally ill criminal offenders, Bulgaria, 54:10037
treatment programs & goals, assaultive sex offender, 54:10355
trends & problems, sociological study of crime & criminals, 57:3037
type of sentence, recidivism in form of nonprovision of food to children, male offenders, 7–8 yr followup, 54:3911
use & influence of presentence psychiatric reports, judicial sentencing process, males convicted of sex offenses, 56:6579
values & selection of reference persons, white male convicted felons vs factory workers vs college students, 55:12089
Van der Hoeven Clinic development & treatment methods & staff, treatment of mentally disturbed offenders, Holland, 58:6037
victim's respectability & rape vs attempted rape vs nonsexual assault, perceptions of victim & defendant, male & female college students, 56:7948
violent dangerous behavior & psychiatric disorders, criminal offenders & psychiatric patients & Ss with organic brain dysfunction & cerebral damage, literature review, 56:770
WAIS difference, murderers vs attackers referred for evaluation, 58:9711

Criminology
association coefficient, quantitative estimation of strength of associations in "modus operandi", 55:8450
classes & conflict & control, studies in criminal justice management, book of readings, 57:12968
concepts of criminology & relevance to other sciences, 55:12803
conflict vs consensus theories, recent changes & revival of interest in sociology of criminal law, 55:6984
congenital constitutional limitations & acquired constitutional changes & socioeconomic environment & criminal behavior, implications for research in crime, 58:3539
crime & concepts & methods of criminology, Canada, book, 54:9950
criminal psychology of D. Lagache, 55:10523
criminological research, criminal policy, Netherlands & Finland, 55:2800
development & history of Leiter Recidivism Scale, 56:48
frequency of distribution, crime scene latent prints, 55:8443
graduate programs in correctional psychology & criminology, 53:5401
kinds of people & environments & power conflict paradigms, analysis of criminological research, 55:6877
methods for changing criminal behavior, rehabilitation in correctional system, 53:8121
orientations & approaches in criminology, 54:1383
paradigm conflict, primary paradigm for contemporary criminology, 54:1380
participant evaluation, criminal justice college education program evaluation, 53:8287
path analysis & linear regression model, estimation of expected increase in crime, usefulness to criminal justice planners, 55:8447
prediction & inference in criminology, methodological analysis of probability of single event, 57:10545
radicalization of prisons, history of & obstacles to implementation of penal reform, 53:8129
role of criminologist in diagnosis & prognosis & education of young offender, 54:7860
role of hypnosis in trial procedures & perpetration of crimes, implications for criminology, 57:10157
social order & heresy & criminology, deviance & its control, book, 58:5224
specific sequencing of irrelevant & relevant & control questions, polygraph procedure for detection of deception, 53:8426
telemetry & electrophysiology & electronic techniques, monitoring & controlling correctional problems, 53:8123
trends & problems, sociological study of crime & criminals, 57:3037
usefulness of labeling theory as explanatory model, theories of criminal law-violating behavior, 57:10559
victim's role & attitude & behavior, criminal typology for economic property crimes, 54:1367

Crippled [See Physically Handicapped]

Crises [See Also Family Crises, Identity Crisis, Organizational Crises]
age, crisis resolution in body attitude & ego, long & short term prisoners, 58:11868
alcohol & drug abuse & suicide attempt & recent loss & stoppage of medication &/or treatment in prehospitalized life, need for psychiatric hospitalization in crisis, hospitalized patients, 57:11033
ambiguity & emergency level of situation & high vs low density highway, help giving, 57:10319
assumptions of crisis theory, prediction of life satisfaction & role changes following retirement, 53–72 yr old males, 55:2238
attitudes about child's behavior, parents of adolescents in crisis admitted to medical center, 56:3920
attitudes toward world food crisis, freshmen vs senior college students, 56:7732
autobiographical account of psychological crisis, "Dialogues" appendix by J. J. Rousseau, 53:9589
Canadian kidnapping crisis of 1970, political & ethnic attitudes, English-Canadian residents & Canadian college students, 53:1023
career crises, student personnel professionals, 54:1842
conflicting aspects of dyad interaction, conflictual dimensions of national behavior in crises, June 1962 to July 1968, 53:7244
content analysis, Soviet propaganda & verbal aggression & crises situations, 55:2234
coping with life crises, book, 55:11889
counselor affective vs behavioral interview styles, within-interview verbal behavior & perceptions of interview in simulated crisis situation, female clients, 57:13183
crises from parental separation or divorce vs death, mental health referral patterns & characteristics of problems, 5–10 yr olds, 54:5449
crisis elements & police roles, generation of iatrogenic disturbances, implications for police training model, 53:8446
crisis precipitating events & crisis experiences, nonschizophrenic vs schizophrenic patients on short term crisis intervention ward, 55:4718
crisis theory, divorce, 54:9910
cultural & ethnic background, susceptibilities to prison pressures & suicidal crises, Latin vs Black vs White prisoners, book, 58:4029
demographic characteristics, life crisis events & social-psychiatric symptomatology, adults, 58:11826
dramatic racial events, attitude change, White adults, Texas, 57:10237
habitual driving responses, appropriate avoidance response in emergency situation, pairs of male drivers, 55:1684
high vs low leader qualifications & election vs appointment of leader, response to medical emergency in group & continuity of leadership, male college students, 53:11578
impact of formal & complex organizations, community behavior in disasters, book, 58:918
intimacy status & partner perception & resolution of previous developmental crises, college males, 57:3001
job termination stress, physiologic changes, males with abolished jobs, 53:6739
kinds of crises & counseling techniques, climacteric man, 54:6042
life crises, social diagnosis & therapy, patients admitted to day hospital, 53:10364
life disturbances & personal independence & housing & neighborhood satisfaction, consideration of moving, Ss aged 62 yrs & older, 54:2796
magnitude & number of life crises, mental deterioration in old age, mentally deteriorated vs normal elderly women, 53:4998
model for socially supportive structure to aid families & individuals during predictable life crises, 55:7713
national crisis, patient government on psychiatric ward, 53:3903
national gasoline crisis, responses of motorists to lines & long waits & provocation of others & ability of gas station employees to handle customer provocation, 54:2921
nature of acute conjugal grief as existential crisis, grieving Ss referred for therapy, clinical implications, 58:9886
overall psychological status & nature & number of life crises within previous year, probability of tranquilizer use, adults, 54:7874
perception of life crisis events, rural vs urban samples, 53:5347
perception of parental behavior, 12–18 yr olds in crisis ward at medical center, 55:12355
personal catastrophe & depression, medically ill adolescents, implications for retrospective life event studies, 53:5717
position in line, estimations of number of cars ahead in line & expected waiting time, drivers purchasing gasoline during shortage, 57:10230
psychic & behavioral aspects & behavioral crisis, adolescence, 54:4982
psychology of explosive situations like Watergate & Kent State riots, 55:4341
risk taking & rigid behavior, suicide attempters vs nonsuicidal depressed inpatients vs nonsuicidal depressed inpatients with recent personal crisis, 56:10112
role of causal attributions, development & maintenance of crisis, 55:2753
rule-breaking in crisis & noncrisis situations & stereotypes of insanity, labeling rule-breaking as mental illness, nursing & college students, test of Scheff's theory, 55:12057
self destruction crises in elderly people, 54:12169
severity of emergency & generalized competence manipulation & permission to leave room, helping behavior paradigm, female college students, test of J. A. Piliavin's theoretical approach, 57:1144
severity of emergency & physical attractiveness of victim, helping behavior, male Ss, 55:9817
short term treatment, maturational crises, 54:10354
social processes & mass media in disaster warnings, situational definitions for evacuation, 54:2910
spiritual conflicts & crises, 54:11495
stress-motivation-response model, psychotherapeutic analysis of crises, 53:10075
sudden & unexpected crisis events, short- & long-term effects on public opinion, 53:5128
suggestions for dealing with crisis situations in adolescence & adulthood & guide to professional help, book, 58:7148
type of crisis, active vs passive coping & use of social agencies, women in government housing community, 53:10229
unwarranted hospitalization, normative crises, adolescents, 55:1159
utilization of crisis state in therapy, juvenile delinquents in detention center, 54:10101
viewing entire emergency event vs emergency aftermath, likelihood of helping, college students, 57:1174
volunteer work during community crisis of 1973 war in Israel, mental implications of volunteering & utilization of volunteers during crises, 53:3817
weather & pollution & news events, crises & crisis resolution & nature of death, psychiatric contacts & city-wide deaths during 92-day period, 57:4598

Crisis (Reactions To) [See Stress Reactions]

Crisis Intervention [See Also Suicide Prevention]
A-B therapist-patient complementarity, therapist empathy & regard & verbal behavior, crisis phone counselors, 56:4557
action research & crisis intervention model basis, role of military psychologist during wartime, 58:10130
adaptation for specific rural family needs, short term family crisis treatment, 56:6358
administrative separation of alcoholism & drug abuse intervention, 54:8169
aggressive & withdrawn child behavior problems, family perception & child's behavior following traditional vs crisis-oriented therapeutic intervention, parents, 58:3784
applicability of crisis theory & intervention techniques in counseling clients who have undergone major illness or trauma, 54:10282
application of crisis model, process & role changes in initial phase of seeking help in mental health system, 55:2760
application of open systems theory, development of community crisis intervention organization, 54:10278
application of transactional analysis concepts to community-based intervention center consultation project, 54:6005
attachmefit concepts guiding crisis intervention, suicide attempt, adolescent male, 53:3818
beneficial aspects, contracts between clients & counselors in crisis intervention setting, 57:1745
brief crisis-oriented therapy, philosophy & use in city hospital setting, 55:7551
caller-therapist interaction in conversation, showing & not showing & canceling appointments, telephone referral calls to suicide prevention & crisis centers, 55:10476
capacity to function during remissions, determination of brief vs recurring crisis vs long term intervention, psychotic patients, 55:4952
change & growth as goals of crisis counseling, 54:8163
change from crisis theory to traditional psychiatric approach of brief hospitalization unit, type of patient admitted & treatment outcome & rehospitalization rates, 57:1771
characteristics, psychiatric nonreturners after crisis consultation, 55:2748
client's psychosocial maturation level & state of resistance, social work practice & treatment modalities of classical model & family therapy & work with small groups & crisis intervention & short-term treatment, 53:8140
clinically-oriented community outreach program, crisis intervention & drug education & rehabilitation, adolescents experimenting with drugs, 54:3827
collaborative planning of family crisis intervention training by law enforcement & mental health personnel, counseling skill development & personality factors & program satisfaction, law enforcement inservice & preservice students, 58:8107
conscious intentional coping, process for crisis intervention & short term therapy, 54:10061
contact with crisis intervention center, acute & chronic suicidal tendencies, Ss who telephoned crisis intervention center, 1-mo followup, 56:8177
crisis counseling & informational telephone therapies, 54:6021
crisis counseling model, college women with unwanted pregnancies, 54:6025
crisis intervention & brief behavior therapy & brief psychoanalytically oriented psychotherapy, approaches to shortening length of psychotherapy, 54:1543
crisis intervention & consultation & psychiatric clinics, book, 54:7990
crisis intervention & family-centered model of preventive psychology, psychiatric hospital, 55:7737
crisis intervention & role of hypnosis, hysterical psychoses & somnambulistic states, 31 & 36 yr old females & 28 yr old male, 53:3814
crisis intervention & short-term treatment program, family service casework, 53:1830
crisis intervention & suicide prevention with drug abusers, therapists & counselors, 54:6038
crisis intervention approach utilizing psychoanalytic concepts & family member involvement, adolescents, 54:5785
crisis intervention counseling, rearrests & use of probation services & days detained & costs & family satisfaction, 1st & 2nd time juvenile offenders, 57:1758
crisis intervention in newborn nursery intensive care unit, premature birth with maternal toxoplasmosis, case report, 57:6506
crisis intervention marathon group process treatment, self concept & anxiety & interpersonal relations & goals, nonachieving 2-yr college freshmen, 55:13618
crisis intervention model, severe homesickness, 10-yr-old male at summer camp, 53:8052
crisis intervention, parents of deaf child, implications for social workers, 58:8010
crisis intervention services in community care movement, benefits, 56:6513
crisis intervention therapy program, management of depressed suicidal patients, 55:945
crisis intervention treatment carried out by hospital chaplains & ministers, recovery from elective surgery, patients, 55:10496
crisis precipitating events & crisis experiences, nonschizophrenic vs schizophrenic patients on short term crisis intervention ward, 55:4718
deep muscular relaxation techniques in crisis intervention, young male experiencing LSD crisis, 54:8151
diagrams of ego state functions, definition of symbiotic boundaries in relationships to indicate potential problem areas & permit appropriate therapeutic intervention, 54:5966
differential counselor role model, crisis intervention & progressive treatment & social re-entry phases, drug addicts, 53:7893
domestic crisis intervention training program employing observational learning, attitude & behavior changes, police officers, 57:2070
drug crisis intervention techniques, 53:10284
early childhood services, visually impaired children & their parents, 54:8166
effects of 1974 coup in Cyprus, attitudes toward interpersonal intervention methodology workshop, Greek & Turkish Cypriots, 56:2175
evaluation & diagnosis of mental illness, Haitians in crisis intervention service, 56:6498
family crisis intervention technique, 58:3765
family crisis intervention vs traditional child guidance, effectiveness in treatment of child & family psychopathology, 58:12065
family involvement in treatment of psychiatric inpatient, hospital short-term diagnostic & treatment unit dealing with acute psychiatric crises in intensive treatment, 53:8094
family-centered approach, short-term crisis intervention counseling & training, 53:3208
goals & process & structure in crisis intervention vs social casework treatment modalities, 53:8141
group treatment for crisis intervention & long term therapy, patients having attempted suicide, 54:12317
history & evaluation, Acid Rescue, drug crisis intervention center, 53:10258
immediate brief intervention, competence & confidence, youth guidance workers, 56:1187
immediate involvement in family therapy, adolescents & young adults brought to emergency room, 57:10822
initial & middle & termination phases & precipitant in crisis intervention & long term psychotherapy, 54:8160
interagency network for rape crisis intervention, 58:1747
interpersonal conflict & crisis management, role of police, 54:2852
kinds of crises & counseling techniques, climacteric man, 54:6042
knowledge of child development & awareness of crisis intervention & play therapy, coping with uncertain environments & confused emotion, female adopted or foster 5 & 6 yr olds, 56:6331

level of arousal manipulated by relaxation training vs neutral vs stressor film condition, temporal perspective & state anxiety, male college students, implications for crisis intervention strategies, 57:2489
long vs short term psychiatric hospitalization, subsequent job performance & work adjustment, US military service men at naval academy center, implications for crisis intervention, 57:1770
medical vs social vs medical-social information through social worker, physician-patient relationship, families of children referred for diagnosis of possible cardiac disorders, 58:5991
mental health consultation, reduction of client's emotional distress during crisis & facilitation of disposition of civil cases, 57:1752
mental health intervention, improved mother–child interaction, mother of failure-to-thrive infant, 55:12762
mental health intervention programs, adjustment phases, Job Corps enrollees, 54:6024
mental health interventions & consultations, adaptation to treatment for end-stage renal disease, children & adolescents, 58:5960
origins & assessment methods & theoretical formulations of crisis intervention, clinical psychology, 56:2558
origins & therapeutic use & content & composition & types of small impromptu groups in therapeutic community, 55:2632
paraprofessional mental health training, dormitory crisis intervention, residence hall advisors, 56:3054
paraprofessional training program, crisis intervention & peer group counseling in gay community, homosexual nonprofessionals, 58:4073
participation in crisis intervention course emphasizing specific process approaches vs traditional curriculum, problem solving creativity & judgment skills, nursing students, 58:1834
patients' sociopathological or politicopathological orientation, crisis program using group interventions, crisis group members, 57:10816
personality & biographic variables, crisis interveners vs academic psychologists vs traditional clinicians vs paraprofessionals, 58:12319
philosophers & institutions for emergency guidance in Greek antiquity, implications for Freud, 55:1727
police intervention with vs without intervention by mental health paraprofessionals in response to family disturbance, crisis resolution, Black vs White families, 57:8844
preservice training alone vs with delayed vs immediate supervision, pattern & timing of interventions & self evaluation of interviewing performance & client satisfaction with treatment, nonprofessional crisis intervention counselors, 57:13498
problems of implementation, medical center rape crisis intervention program, 57:1767
project team organization, crisis intervention treatment, 53:3811
psychiatric intervention techniques, consultation model for treatment of acute school-vandalism problem, 53:10262
psychoanalytical & social-network frame of reference, short term crisis therapy, 58:3734
psychodiagnosis & patient history & demographic characteristics & health & type of services received, VA hospital mental health clinic outpatients, 58:3971
psychodynamics of suicide & search of cues for therapeutic intervention, case studies of youthful suicide, 57:1429
psychological consultation including training in mediation of interpersonal conflict, police trainees, 57:14083
psychological factors & crisis intervention, patterned sleeping behavior in classroom, 1st graders in rural southern community, 53:8088
psychotherapeutic character & value, mental first aid & crisis intervention telephone services, 58:10010
public hospital emergency room crisis intervention employing trained volunteer companions, rape victims, 57:6474
punctiliar emergency psychotherapy, conceptualized synthesis of principles of psychodynamics & crisis theory in hot line setting, 57:8659
rational emotive crisis intervention therapy, 55:2624
rationale & procedures & goals, crisis intervention & counseling, book, 53:8048
relaxation & self-control technique in crisis intervention, prisoners, 53:12342
role enactment as social work method for behavior change & as basic concept of intervention theory, relation to environmental manipulation & behavior modification & moral exhortation & cognitive techniques & suggestion & autosuggestion, 53:8112
role of causal attributions, development & maintenance of crisis, 55:2753
role of crisis-intervention model, rehabilitation, criminal offenders, 53:12299
role playing as crisis intervention technique, low & medium & high ego strength potential community college dropouts, 55:1565
short form of crisis therapy, evaluation of precipitating factors in life situation, 54:10281
short-term oral diazepam treatment vs placebo, acute clinical anxiety, crisis intervention center inpatients, 53:12138
social & legal & medical counseling techniques, positive counselor intervention, teenage abortion & pregnancy, 54:6015
social exchange theory, conceptualization of working hypothesis in family crisis intervention, 54:9463
social work & liaison psychiatry in mental health community services, 57:6486
social work crisis intervention, psychosocial stresses, patients with genetic problems & their families, 58:8028
social worker intervention technique, prevention of learned helplessness, 56:2675
sociodynamic concepts of exchange & balance & formal organization, analysis of psychotherapeutic interactions in crisis situations, 57:13157
structure & function & treatment success, crisis intervention program for children & families experiencing bereavement, 58:1611
structured skills-building training model including transactional analysis theory & supervised practice, acquisition of crisis intervention skills, crisis center volunteer personnel, 57:10994
supervision, training of nonprofessional crisis intervention therapists, college students, 58:8108
systems theory concepts, psychiatric intervention into family system, 53:5914
therapist as transitional object in transference, crisis intervention, college students, 54:3610
timely vs untimely deaths within sociopsychological context & professional intervention techniques, 53:6008
training in model of T. N. Rusk & focal therapy, response patterns in crisis intervention, clinical psychology graduate students, 56:1241
training methods, development of positive attitudes toward crisis intervention, paraprofessional rehabilitation workers, 56:10507
training of registered nurses as bereavement counselors in occupational health service, crisis intervention effectiveness, employees experiencing recent family death, 58:1763
training technique in rape-crisis intervention counseling procedures, paraprofessionals, 56:2748
transactional approach, crisis intervention & suicide prevention, 53:8073
type of crisis, active vs passive coping & use of social agencies, women in government housing community, 53:10229
ultra-high-dose intramuscular fluphenazine, 16–47 yr old acute schizophrenic inpatients at crisis intervention unit, 56:4517
use of a mental health consultant, self-ratings of importance of influence, mental health crisis center volunteers, 53:10247
value differences, crisis intervention therapy outcome, husbands & wives seeking conflict reduction, 57:8689
Vermillion Crisis Intervention training program, communication of empathy & discrimination skills, male & female college & graduate students, 58:10148

Crisis Intervention Services [See Also Hot Line Services, Suicide Prevention Centers]

community crisis therapy teams, replacement of inpatient care in state institutions, 53:12270
community-oriented crisis unit in mental hospital, hospitalization length, patients, 54:12403
crisis intervention phone service with emergency home visits, client characteristics, 53:8040
crisis-oriented brief team treatment experience, male & female homosexual patients, 57:3786
criteria, appropriate & inappropriate referrals by telephone counselors to crisis clinic, members & volunteers of suicide prevention & crisis service, 57:1751
dealing with crises & physical contributions to emotional problems & coordination of efforts, training program with 24-hr call duty to emergency room in rotation with psychiatric residents, clinical psychology interns, 53:5376
demographic characteristics & personality traits & health knowledge, crisis intervention volunteers, Tennessee, 55:7817
demographic characteristics & California Psychological Inventory scores, crisis intervention center volunteers, 53:9675
development & methods & evaluation, mental health & crisis intervention professional & paraprofessional program following tornado, 53:10286
disaster-relief training programs, understanding of disaster-relief work & sensitivity to emotional needs of disaster victims, representatives of mental health & disaster-relief agencies, 58:1743
evolution & demise, state hospital crisis intervention program, 53:5972
evolution of & administrative & organizational factors involved in multidisciplinary psychiatric emergency crisis intervention service, 57:4083
federal & county & crisis intervention & mental health services mobilization following tropical storm Agnes, flood victims, 1972, 55:5212
formation & functioning of Crisis Team program utilizing police & social workers, 57:8821
goal objectives & content, crisis outreach training program, 53:8085
goals & methods & manpower needs & evaluation procedures, crisis intervention services, 53:8067
group training emphasizing sensitivity to oneself vs sensitivity to others vs didactic information process vs combined emphases, empathy & compatibility & communication skills, paraprofessional telephone counselors, 57:11143
mass media & interpersonal communication, dissemination of information about & visibility of crisis intervention services & help-seeking motivation, crisis-intervention clients, 53:3056
medical role in adolescent crisis intervention center, 58:12187
mental health services to meet emergency needs in major disaster, National Institute of Mental Health program, 54:12393
model of decision making process used in family crisis intervention unit, self study of techniques used by police, 56:1169
motivator-hygiene factors, job performance & satisfaction, volunteers in suicide & crisis intervention service, 56:6929
origins & growth, student self-help organizations on university campus, 53:3839
personality & personal history & demographic correlates, volunteer performance in suicide prevention & crises intervention services, 55:5329
personality characteristics, suicidal clients of crisis intervention center who would vs would not give their names, 56:8181
planning & operation & termination & evaluation, experimental crisis group in community mental health center, 53:3841
positive characteristics represented by Personal Orientation Inventory scores, subsequent supervisor effectiveness ratings, college student crisis center volunteers, 56:4659
preferences for support systems for bereaved family, nurses & clergy & teachers & psychologists & social workers, 55:12876
recovery project following natural disaster based on crisis intervention model, 53:1811
standards structure, crisis outreach services, 53:8060
street level drug crisis intervention, Calgary Drug Information Center, 53:3804
structured skills-building training model including transactional analysis theory & supervised practice, acquisition of crisis intervention skills, crisis center volunteer personnel, 57:10994
telephone counseling, operations & staffing of Suicide Prevention Incorporated & Youth Emergency Service & Acid Rescue, 53:10250
Truax's & Lister's scales of empathy & warmth & genuineness, lay volunteer & professional trainees & professionals in suicide & crisis intervention service, 55:5208
verbal behaviors of workers & suicidal callers, comparison of 3 crisis intervention centers, 58:8006
volunteer work during community crisis of 1973 war in Israel, mental implications of volunteering & utilization of volunteers during crises, 53:3817

Critical Flicker Fusion Threshold

acute oral doses of single psychotropic drugs, critical flicker frequency, normal humans, review of studies, 58:11358
behavioral testing procedures, determination of critical fusion frequency & temporal modulation sensitivity function, cats, 54:11346
critical flicker frequency in perifoveal area & periphery of visual field, eccentricity-specific dissociation of visual functions, patients with injuries of central visual pathways, 56:944
critical flicker frequency threshold, measurement of sensitivity of different portions of retina, 57:249
critical flicker frequency vs intensity curve indicating rod–cone break suggesting duplex photoreceptor population, free swimming harp seal, 54:7162
critical flicker fusion perimetry, differential diagnosis, learning disabled children with possible cerebral dysfunction vs children with educational deficits & no evidence of cerebral dysfunction, 57:8496
depth of luminance modulation of flicker stimulus vs log-luminance representation, magnitude of temporal brightness & darkness enhancement during flicker, 57:7336
ethyl alcohol doses & dark adaptation, critical flicker fusion frequency & apparent spatial frequency, 26 yr old male with myopic vision & 32 yr old male with emmetropic vision, 57:5410
fatigue induced by oral diazepam, critical fusion frequency & subjective assessment of drug effect, males, 54:7071
flicker & flash thresholds, perceptual lag & reaction time, 53:2272
flicker fusion, thresholds of decremental & incremental flashes & doublets, 53:2273
food deprivation, critical flicker fusion & arithmetic & tracking & color-naming tests, 54:4558
fusion frequency of intermittent light, visual fixation time, 4–8 & 8–12 wk old infants, 55:9450
heart rate changes in varying body positions, critical flicker fusion thresholds & RT performance, 49–79 yr olds with artificial pacemakers, 57:12283
increment threshold technique of W. S. Stiles, analysis of psychophysical flicker thresholds, 54:10928
insolation level in environment, critical flicker-fusion frequencies, anoline lizards, 53:6986
involvement of disparity detectors in perception of spatial-frequency doubling in flickering grating viewed horizontally, flicker-detection vs distortion models, 53:8747
length of auditory deprivation, systematic changes in critical flicker fusion responses, male college students, 55:8748
light frequency & contrast, behavioral & evoked potential sensitivity to flicker, cats, 57:576
light-emitting diodes viewed during body vibration, multiple images, male US Air Force personnel, 58:6797
long- vs short-term levodopa therapy, critical flicker frequency, parkinsonian patients, 53:1679
luminance threshold & foveal critical flicker frequency test luminance, critical flicker frequency & previous dark adaptation, young adults with normal corrected vision, 55:6076
oxprenolol vs propranolol vs diazepam vs lorazepam dosages, pursuit motor performance & RT & critical flicker frequency, 23–41 yr old healthy males, 56:3751
prolonged auditory deprivation, critical flicker frequency, males, 57:224
prolonged exposure to disparate binocular deprivation, monocular critical flicker fusion frequency, male college students, 57:9471
prolonged visual deprivation, critical flicker frequency, college students, implications for D. P. Schultz' & S. K. Sharpless' theories, 56:7135
psychophysical flicker response of man vs electrophysiological data from cones of monkeys, 57:12241
retinal location, border enhancement during flicker stimulation, normally-sighted humans, 55:6064
short term monocular deprivation, critical flicker fusion of nonoccluded eye, college students, 57:4897
short term visual deprivation vs confined control condition, critical flicker frequency, male college students, 56:9097
sinusoidal monophasic flicker, apparent spatial frequency of sinusoidal gratings, 54:8803
sinusoidal stimulation, spectral responsiveness & temporal frequency response of optic tract & lateral geniculate neurons, cats, 58:11140
spectral compensation method, flicker fusion characteristics of red & green cones, color-normal male adults, 53:2249
temporal modulation percentage & frequency, spectral sensitivity curve shape, 53:232
time estimation & perceptual style & critical flicker frequency, stadimetric range estimation, US Army enlisted men, 58:4753

Criticism

color discrimination RTs & semantic differential ratings & Children's Reports of Parental Behavior Inventory, schizophrenics & nonpsychotic patients & normals, test of censure deficit model, 56:805
constructive criticism & positive evaluation, interpersonal attraction, Ss, 55:2331
contrasting styles of adult-child interaction, curiosity & exploratory behavior, nursery school children, 55:12028
criticism in learning situation, avoidance & aggressive behavior, nursery & kindergarten students, 57:6875
delivery of criticisms previously scaled for hostility to neutral vs insulting target, validity of measure of verbal aggression, male college students, 56:2339
diagrammatical model of critique learning, competence training, managers, 58:8503
expression of feelings vs cognitive reinterpretation of criticism vs both, reduction in hostile aggression, male college students, 54:5239
fear of interpersonal evaluation & locus of control & situational control prior to evaluation, alcohol consumed in wine-tasting, heavily social drinking male college students, 55:10014
films depicting accidental vs intentional damage followed by expiative vs explanatory reprimand, perceptions of transgressor's socialization, kindergartners vs 3rd vs 6th graders, 58:5099
frustration &/or insult, aggressive behavior, male college students, 56:7257
group stress & criticism by subordinate, leader allocation of rewards, male college students, 54:998
increase in reinforcing properties of verbal event "good" by pairing it with termination of censure, 20–55 yr old chronic process nonparanoid schizophrenics, 55:9944
influence potential of information source & sensitivity to criticism & influence of source criticizing decision, information filtering by boundary role persons in simulated organizational decision making task, 57:7074
insult & approval, aggressive behavior, male high school sophomores, 55:12232
intercorrelations, derogation & alienation as factors of dogmatism, high school students & freshmen & senior psychology majors, 56:4136
locus of control & test anxiety, responses to social reinforcement in evaluative situation, 5th graders, 55:13417
method of interpersonal feedback & analysis of group processes, John Humphrey Noyes, book, 54:9570
mild vs strong criticism with vs without helpful suggestions from adult, S's rating of task difficulty & performance & liking of task & evaluator & social interaction in simulated classroom, male vs female 4th graders, 55:10953
praise vs criticism by peer vs E & opponent strategy, cooperative game behavior, college student pairs, 53:1062
praise vs no reinforcement vs criticism, marble dropping task response rates & inequality of variances, Hawaiian vs white 4th–5th graders, 56:7768
propensity of persuasive attack & intensity of pretreatment messages, prediction of resistance to persuasion, college students, 56:665
self esteem, response to praise or criticism or no evaluative feedback, 5th & 6th graders, 55:11505
self evaluation & self reinforcement & self criticism characteristics, moderately depressed vs nondepressed female college students, 57:1348
sex of teacher & speaker & perceived differences in sex roles, criticism of classroom speeches, high school speech teachers, 58:10255
social censure & personality & demographics, performance, male black & white delinquents & nondelinquents & probationers, 55:10020
social vs objective feedback & content, self concept & achievement test scores, high vs low dependency kindergartners, implications for classroom situation, 55:5598
status difference & social setting & equity, evaluation of persons who criticize others, 55:7129
unfavorable performance evaluation based on subjective vs objective measurement, retaliation in subsequent evaluation, female 17–39 yr olds, 56:7949
use of & reactions to negative vs rounded criticism in dyads, female college students, 55:12216
varying incentive conditions, word acquisition abilities, potential language disabled 1st graders, 55:1538
viewing of various replies to inappropriate & angry criticism, characterization & rating of replier, college students, 55:752

Crocodilians

circadian rhythm & artificial illumination, amphibious behavior, juvenile alligators, 56:3588
operant conditioning technique, behavioral thermoregulation, crocodilians, 58:451
physiology & predatory & mating behavior, Nile crocodile, 57:9674

Cross Cultural Differences

accomplishments & failures & educational objectives & nature of skill training & character development & methods for educational cost reduction, self help manual labor schools in industrialized & nonindustrialized settings, US vs Africa, 56:2905

chievement motivation, self esteem, American vs East Indian male college students, 54:9699
dditional cues & age orientation & culture, ecological hypothesis of Ponzo illusion, 3–22 yr olds, Guam vs US, 53:5026
djudicator activity & trial outcome & Ss' role in social structure, reactions to adjudicated conflict resolution, US vs French college students, 58:3227
ffective vs associative meaningfulness learning styles & academic standing, memory for liked vs disliked materials, male vs female Chicano vs Anglo college students, 58:8306
ge & cultural background, developmental issues in masculine mid-life crisis, 35–49 vs 50–59 vs over 60 yr olds from Kansas City vs lowland vs highland Maya in Mexico vs Druze in Middle East vs Arizona Navajos, therapeutic implications, 58:5197
ge & cultural experience, comprehension of kinship concepts & relational thinking, 4–14 yr old rural Hawaiians, comparison with R. A. Levine & D. R. Price-William's African sample, 56:3841
ge & culture, balanced responses & explanations in provision of missing sentiment relations for hypothetical interpersonal triads, Canadian White vs Native Indian vs New Zealand White vs Maori 5–14 yr olds, 57:1025
ge & kibbutz vs Bedouin vs middle vs lower class environments, rate of mother provided social stimulation, 2 vs 4 vs 7 vs 11 mo olds, implications for studying cultural differences & age trends & profiles of behavior in infancy, 57:1010
ge & sex & culture & socioeconomic background & amount of industrialization & regular vs irregular forms, perception of topological & Euclidean spatial features, 4–12 yr olds from Scotland & Hong Kong & India & Zambia, 54:7321
ge & sex & intelligence & social class, moral judgment maturity, 7 & 9 & 11 & 13 yr olds, Afghanistan, cross cultural examination of Piaget's theory, 56:2169
ge & sex, conservation status, elementary school children, US vs Libya, 58:9268
ge & sex, moral judgment development, 10 vs 13 vs 16 yr olds, Brazil, replication of L. Kohlberg's US & Mexican findings, 58:884
ge differences, development of assertiveness, male & female 5–6 & 7–9 & 10–12 yr old urban middle-class Anglo-Americans vs semirural poor Anglo-Americans & Mexican-Americans vs rural poor Mexicans, 53:7065
ge, magnitude of preference for intermediate risk, male college students & 60–74 yr old community volunteers, cross cultural validation of N. P. Chanbey's study with Asian Indian males, 57:10033
ge of assignment of social & sexual & cultural roles & responsibilities to children, cross cultural survey of 50 cultures, 57:5667
lcohol & narcotics choices & pattern of dependence, Chinese, 55:877
lcoholic beverage consumption model of S. Ledermann, adequacy as descriptive & predictive tool, 53:5042
lternative form of linked pair solution to Galton's problem, autocorrelation problem in cross cultural research, 56:8957
ltitude differences, visual illusion susceptibility & color-naming practices, villages in Peru, 55:9570
nalysis of critical life incidents, female college students, US vs Latin America, implications for counseling, 58:4416
nalysis of interrogative speech types in mother–child interaction, US vs Israeli 2 yr olds & their mothers, 56:5771
nti-anxiety & sedative drug use & attitudes toward tranquilizers, European cross-national study, 54:900
pplication of conventional Western psychological categories, study of other cultures, 53:10054
pplication of "universalist" approach, cross cultural study of effects of parental acceptance & rejection, book, 56:7805
pplied cross cultural psychology, selected papers from conference of International Association for Cross-Cultural Psychology, book, 56:5870
rthur Adaptation of Leiter International Performance Scale, kindergartners from 9 cultures, 56:46
ssociative memory & verbal comprehension & general reasoning & spatial scanning & ideational fluency & inductive thinking, college students, West Indies vs US, 58:10959
ttitude scale construction based on facet analysis, racial attitudes, 1st-yr college students, Kenya vs Nigeria vs South Africa vs US, 58:6711
ttitudes toward & behavioral patterns in shopping, working vs nonworking wives, US vs France, 58:10742
ttitudes toward abortion, Italian vs British vs American females, 57:5750
ttitudes toward being working wives & mothers, Ghanaian vs British female college students, 57:3029
ttitudes toward English vs French-based creole, bilingual junior secondary school students, West Indies, 56:3897
ttitudes toward marihuana smokers, nonuser & user British & American students, 53:7191
ttitudes toward physical environment, adults, Australia, replication of 1969 study of US attitudes, 58:8540
ttitudes toward self & family & community, 11th & 12th grade Americans vs Israelis, 57:10047
ttitudes toward vs behavior in extramarital sexual relations, middle class American vs Japanese middle aged females, 57:12677
uthoritarian parental control, German vs American family before & after World War II, 54:11586
argaining styles & age & sex, cultural differences in competitive resource distribution task, children & adolescents, India vs Argentina vs US, 57:5654
ehavior descriptions of person perception, Japanese vs US Filipino college students, 55:12071
ehavioral attributions to pictures of male endomorphs vs mesomorphs vs ectomorphs, body build behavior stereotypes, Japanese vs American 18–21 yr old males & females, 53:5204
iological bases of animal paternal response in species along phylogentic scale, cultural similarities & differences in human paternal behavior, 57:10144
"blue seven phenomenon", color & number preferences, Black African college students, support for results from American sample, 58:4708
ody buffer zone as measure of personal space, violent vs nonviolent black South African males, cross-cultural comparison, 56:5886
ody build & behavioral correlations, male vs female emotionally disturbed Dutch 6–14 yr olds, comparison with American preschoolers, 57:1396
hange in individual life circumstances & perceived rate of social change, anxiety, 17–66 yr olds, England & US, 58:3172
hemical attributes, food taste preferences, black vs Japanese vs Mexican Americans, 55:6941
hildrearing & education & parental practices in "primitive" vs "civilized" cultures, development of strong individualism, book, 56:2208
hildrearing attitudes, "Japanese" mothers from 3 cultural backgrounds, 54:882
hildrearing practices & authoritarianism, ethnocentrism, cultural groups, South Pacific, 58:7339

disclaimed activity in dreams, Chicano vs Anglo college students, 57:5668
dogmatism & acceptance of self & others, Spanish vs American male vs female Catholic high school students, 53:5326
dogmatism & authoritarianism & rigidity & neuroticism & extremeness, college students, Egypt, comparison with American & English data, 58:11745
dogmatism & locus of control & creativity, 12–14 yr olds educated in US vs USSR vs Israel, 58:5373
drug use, adolescents, Finland vs European countries vs North America, 1960s & 1970s, 56:5960
ecology & traditional culture & traditional behavior & acculturative influences & contact culture & acculturated behavior, ecological approach to cross cultural psychology, 54:4398
economic & political & educational structures, participation of women in labor force & employment in more powerful & well-rewarded positions, cross national study of 66 countries, 57:3045
economic development, belief on locus of control, factory workers, US vs Japan vs Mexico vs Thailand, 53:7436
educational level of father & ethnic origin, personality indicators on Holtzman Inkblot Technique, 4th generation Brazilians vs 1st generation Brazilians of Japanese descent & Japanese, 53:1189
elicited Self-Disclosure test & Jourard & Lasakow's Self-Disclosure Questionnaire, self structure defined in terms of personal construct theory, American vs Colombian college students, 56:8027
Embedded Figures Test performance, male vs female Indian vs US college students, 53:11741
English verbal attainment tests developed in New Guinea vs overseas tests, assessment & selection at secondary school level in Papua New Guinea, 54:4247
environmental carpenteredness, susceptibility to Ames distorted room illusion, 6–17 yr old Americans vs nonwhite Zambians, 53:9363
environmental differences during 1st 3 mo of life, Dutch vs American infants, 53:7114
environmental influences, behavior disorder severity & type & onset age, Puerto Rican working-class vs non-Puerto Rican middle-class children, 53:5648
epidemiological information sources, international comparative studies of alcohol & alcohol abuse, 53:7673
epidemiological study, 1st psychiatric admission rates for mania, Denmark vs England, 57:12907
epistemological & experimental & theoretical & ethical issues, cross cultural psychological research, book, 56:5884
equivocality of meaning & cultural differences & difference minimization through abstraction, 57:10090
ethnic differences, reactions to absurd humor, Israeli Jews of Eastern vs Western descent, 56:5888
ethnic group & age & sex, Draw-A-Person Test interpretations using cognitive complexity & cultural emphases & social group value constructs, native-born Mexican & Anglo Americans below 9 & above 11 yrs old, 57:5546
ethnic similarities & differences, relations between consultant & consultee & target population to social action programs for cross-cultural consultation, 53:8097
ethnicity & sex & urbanism, field dependence-independence, 14–15 yr olds from 6 ethnic subcultures of Trinidad, 58:7593
ethnocentrism, American & Taiwanese college students, 54:2843
ethnocentrism, causal attribution of desirable vs undesirable acts, Hindus vs Muslims, India, 53:5049
ethnographic data, pattern of "inwardizing" visual performance, Chinese Ss, 56:94
evaluation of World Health Organization's international study of schizophrenia, book, 53:3371
expectancy interpretation vs cultural difference, development of time perspective, 10–12 & 14–17 yr old Anglo- & Indian- & Mexican-American males, 53:7047
experiences during maturation, US vs Panama adolescents, 54:9319
exposure to weapons vs aggression-inhibiting stimuli, aggressive behavior, male high school students, replication of 1967 study using Swedish population, 58:7496
exposure to Western influence, moral development, Papua New Guineans, 53:9351
extreme response style, group means & internal consistency & correlation & analysis of cross-cultural research, 53:11475
factor analysis of German High School Personality Questionnaire, cross-cultural constancy of primary personality factors, German 14–15 yr olds, 53:11752
factor analysis of Purpose in Life Test scores, US vs Japanese normal & psychiatric groups, 54:5336
factor analysis of R. B. Textor's data, cultural dimensions of cross cultural variables, 57:5671
factor analysis of responses to questionnaire measuring expression of psychoneurotic disturbance, Serer of Senegal, cross cultural surveys, 57:1299
factor analytic study, depression in African vs European cultures, 55:7272
factorial structure of intelligence, socially disadvantaged vs high socioeconomic status 4th–6th graders of Western vs Eastern origin, Israel, 57:7975
factual knowledge & perceptions of Canada & US, perceived evaluation by other nation's students, Canada vs US 5th & 8th & 11th graders, 54:5089
familial & social factors in depressive illness, Jewish & Protestant depressives, 54:11955
familiarity with Western testing materials & English language exposure, extreme response styles, Bedouin vs Moroccan male adolescents, Israel, 57:5669
fear & American vs Israeli fear survey inventory, Israeli vs American college students, 55:6916
feasibility of measuring self disclosure intensity with Guttman's scalogram analysis & Kendall's rank order correlation coefficient test, high school & college students & adults, US vs Japan, 58:8634
feelings toward government & extended family interaction & parental education & independence, attitudinal affect & consistency toward government-sponsored & personal family planning, Black vs White Americans vs Yorubas of Nigeria, 58:11530
films varying in aggressive vs sexual vs neutral content & arousal potential, altruism & punitiveness, male movie goers in London vs Philadelphia vs Rome vs Toronto, 55:7134
food &/vs verbal reinforcement, paired associate & sequential learning task performance as cross cultural test of intelligence, American Indian vs Caucasian 10–14 yr olds, 58:6638
free association norms, French- vs English-speaking Canadians vs French workers vs college students, 57:12460
free recall of words, semi-urban vs rural primary school students, Buganda, comparison with data from other cultures, 57:1064
frequency of contact & level of acceptability of groups & political alignments, ethnic stereotypes, US vs Indian college students, 58:7476
functional & importation variables in prisonization, US vs Mexico vs England vs West Germany vs Spain, 58:8056
future time perspective, Indian vs American college students, 54:2824
generality & topic specificity, cognitive styles, US vs Japanese college students, 55:12326
geometric shape copying, orientation errors, 3–7 yr olds, Hong Kong comparison with US data, 57:930
group conformity pressures, individual attitudes & behavior, West German & Swiss & British & Austrian & Japanese managers, 53:5036
group discussion on risk, shifts in subsequent race track betting, black vs white males, South Africa, 56:4040
group pressure & presence of male confederates, attitude change, Chinese & American females, 54:7522
guru–chela vs Western therapist–patient relationship, therapeutic paradigm, 53:10051
health care systems & utilization, 7 countries, 53:1593
high vs low need for achievement, rating work-related concepts of decision & risk & concentration & endurance, Czechoslovakian industrial managers, comparison with US sample from S. C. McClelland's study, 57:14102
histopathological distribution of intracranial neoplasms, children, North America vs Europe vs Africa vs Asia, 58:5667
historical & theoretical developments, cross-cultural psychological research, critical discussion of J. L. M. Dawson's article, 53:2929
history & purposes & methodology, multinational evaluation of school systems, 53:6111
history & significance of phallus in different cultures, concept of homosexual radical, book, 53:7446
home & background cultural differences, concepts of reading & writing, non-Indian vs Indian Canadian kindergartners, 55:9408
homicide type & pathologies, homicide offenders from 3 ethnic groups, 54:1365
identification & analysis of value content & social action, multiracial children's literature, 55:501
identification & attribution of police power, feasibility of transplanting working concepts of criminal procedure from 1 country to another, 53:7235

identity status, male vs female college students, Nigeria, comparison with US college students in D. D. Simmons' study, 58:954
ideological underpinnings of education, China & the West, 58:8174
images of fellow nationals & Americans & themselves, cross cultural adaptation, Chinese students in America, 54:895
implicit shape constancy with simple geometric patterns, Scottish 3rd graders vs 13–20 yr old Kenyan vs 12–14 yr old Ivory Coast males, 57:9458
importance of & adherence to religion, attitudes toward war-disabled, Vietnamese, comparison of results with Western sample, 57:12578
impulsivity, hearing vs deaf 15–17 yr olds, Yugoslavia vs US, 56:6242
inclination to reimmigrate, experiences abroad & future expectations, Israelis residing in France & in US, 57:12579
individual & social modernization, interviews with 6000 men in Argentina & Chile & India & Israel & Nigeria & Bangladesh, book, 53:5087
infant carrying practices, frequency & importance of regular rhythm in music, cross cultural study, 53:9334
influence of social structure & intervening psychological environmental variables, assassination & cross cultural occurrences, book, 58:9713
institution- & resident-oriented care practices in living units, institutions for mentally retarded, US vs Scandinavia, 54:10386
integration & operationalization of theory & provision of theoretical framework for training & assessment, personnel working in cross cultural environments, 55:1613
intellectual ability, Jewish & Arab kindergartners & 1st graders, Israel, 53:5038
intellectual development, schooled & unschooled 8–14 yr old Meru children of Tanzania, implications for cross cultural validity of Piaget's theory, 55:11980
intensity of nurturer-infant contact, subsequent differentiation of social environment in terms of society's language system, cross cultural sample, 57:7913
interaction of educational & societal & cross cultural & special group value systems, book, 55:12049

ntercultural counseling, literature review & viable techniques, book, 58:8025
ntergroup factor analysis, cross-cultural comparisons, 53:8607
nternal consistency & reliability, preconstructed Likert-type attitude scales, American college students & British new town residents, 58:8643
nternal consistency reliability & content & construct validity, Self-Rating Depression Scale, New York City drug addicts vs 1st-yr medical & nursing students in Nigeria, 56:3235
nternational Association for the Evaluation of Educational Achievement survey of 6 subjects, empirical study of education in 21 countries, 1st of 9 volumes, book, 57:8966
nternational investment & debt dependence, aggregate economic development & income inequality, longitudinal study, 58:9345
nternational study, comparative guidance, 54:4234
nterpersonal influences & academic performance & mental ability & socioeconomic status, educational aspirations, 7th grade Bolivian males, comparison with model of US educational aspirations, 56:4880
nterpersonal influences & school environment, self concept, junior high school students, US vs Bolivia, 58:11520
Q distribution, Bulgarian Ss tested in 1940–41 vs 1970–73 vs US vs Serbian samples, 57:11776
ob level & education & sex & occupation, job satisfaction & motivation, Vietnamese vs Americans, cross cultural test of Herzberg motivation-hygiene theory, 56:8888
udgments of facial expressions of emotions, 25–50 yr old Indians vs non-Indians, 54:1087
udgments of social status of adult male French-speaking Canadians, English-speaking college students vs French-Canadian male 10th & 11th graders serving as judges, 57:846
ength of stay in US & exposure to American way of life & adjustment, attitudes toward traditional cultural values in areas of women & family relations & occupational choice, Saudi Arabians attending colleges in US, 57:12608
inguistic & methodological problems, standardization of personality & verbal & general ability & aptitude measures of different cultural environments, 56:3225
inguistic determinants, choice reaction time, Aboriginal vs white matching-response male adolescents, 53:5027
inguistic subsystems & concrete operations, developmental cross cultural comparison, Geneva data results vs 1st–3rd grade Greek-English bilingual vs English monoglots, Australia, 57:2965
ocus of control & cultural conformity, Mexican vs German vs American college students, 56:2206
ocus of control & sex, counternormative behavior in pursuit of higher education, economically disadvantaged vs nondisadvantaged college students, Mexico vs US, 58:10458
ocus of control fostered by culture & national suicide rate, New Zealand & Israel & US & Italy & Canada & Australia & West Germany & France & Japan & Sweden, 57:10080
ogic of regional testing & modified application to 4 hypotheses of cross-cultural research, 53:11483
oxapine & chlorpromazine, schizophrenic patients, US & West Germany & Switzerland, 53:10086
Machiavellianism, traditional & Westernized Arab vs American college students, 55:817
nale participation in birth & reproduction rituals & vagina envy, cross cultural study of menstrual taboos, 53:9353
naternal care & infant behavior, Japanese-American vs American vs Japanese families, 54:878
neans of solving real-life problems, psychiatric patients vs female controls vs culturally disparate normal females, 56:8134
neasurement of anxiety across different cultures, book, 57:4732
nemory & motor coordination, culturally different 6 yr olds, 53:847
nethodological development for cross cultural study of subjective social identity, 58:7618
nethodological problems, phylogenetic & ontogenetic & cross cultural & historical comparative research, overview & introduction to selected papers, 58:6628
nethodology using 3-mode factor analysis, differentiation of affective & denotative meaning systems in personality ratings using semantic differential scales from Great Britain & Finland & Japan, cross cultural analysis, 55:4176
ninority status of women practitioners in psychology, US vs Australia, 58:6087
MMPI, Chinese & Japanese vs non-Asian student users of university psychiatric clinic, 53:3355
nonetary reward & punishment, perceptual organization under perceptual learning conditions, Indian Hindu vs Muslim vs American white 8–12 yr olds, 54:2811
notivational determinants, reward disbursement to another & to self, male college students from India vs US, 53:11614
nultidimensional scaling analysis, cultural differences in use of English mood words, Japanese vs Chinese vs Filipino vs Hawaiian vs Caucasian Ss, Hawaii, 57:12459
nultinational approach, moral development in school psychology, Africa & America & Asia & Europe, 54:7252
nationality & age & sex of verbal model & age of S, changes in self esteem, institutionalized Thai & American 12–17 yr olds, 55:1149
nationality & education & sex of judge, judgments of social desirability of character traits, French vs German Ss, 56:4118
nationality, psychological meaning given to English words & semantic confusion, Turkish vs Danish vs Indian vs US vs USSR vs French vs Italian vs German vs British-Philippino Ss trained in English, 54:7589
need achievement & schooling, risk taking behavior on skill & chance tasks, schooled vs nonschooled US vs Ugandan 11–12 & 14–15 yr olds, 55:12115
nonpunitive vs deterrent strategies with vs without increasing vs decreasing trust, competition in allocation game, college students, Belgium, cross cultural implications, 54:9568
nonrepresentational drawings, aesthetic quality vs action level vs uniqueness preferences, Navaho Indian vs suburban US vs Israeli vs Costa Rican 11–12 yr olds, 56:7780
normative data on Children's Manifest Anxiety Scale, 3rd–7th graders, Uganda, implication for cross cultural studies, 57:7186
number of foreign friends & age, attitudes toward European countries & attitude change, Germans, 57:10096
obedience levels on proscriptive & prescriptive tasks, 5–9 yr old peri-urban East African vs suburban Americans, 56:3899
object & place recall task, 5–7 yr olds in US vs Guatemala, 53:7032
objective testing uses and methods, US vs Turkish educational systems, implications for schools & industry in Turkey, 58:8419
obligation attached to monetary aid & perception of donor resources, attraction to donor & desire for coalition & repayment, US vs Japanese vs Swedish male college students, 54:1025
observation of model, altruism & imitation, Chinese vs Americans, 53:2914
occupational identity status & preference & field dependence, male Maori vs Pakeha 14–17 yr olds, New Zealand, 57:1054
occupational interests, Chinese 5th formers on Hong Kong vs Fiji vs Melanesian 5th formers on Fiji vs New Hebrides vs Indian 5th formers on Fiji, support for F. Hsu's concept of psychosocial homeostasis, 56:6879
Occupational Values Inventory, stability & national patterns of career values, middle & upper class children in 7 countries, 57:3065
orderliness & conformity, Comrey Personality Scales, New Zealand university & teachers' college students & comparison with American sample, 53:7408
outside O presence, social distance & interview bias during cross-cultural surveys, 53:5150
overseas living experiences, ethnocentrism & social distance & ethnic & racial group attitudes & social integration attitudes, 7th–12th graders at American School in Brazil, 58:3203
paternalism & maturity & health care, US vs China, 57:4054
patient & clinical characteristics, functional sexual inadequacy, male Palestinians vs Egyptians vs Kuwaitis, 56:10199
perceived importance of & satisfaction with job factors, lower to middle level managers of French- vs English-Canadian background, 56:3130
perception of behavior toward self & significant others, psychiatric patients, US vs India vs Senegal, 53:1342
perception of Western characters, analysis of writings of Kamala Markandaya & R. Prawer Jhabvala, 55:2142
perceptions & expectations in intercultural transactions, Mormon missionaries vs Chinese citizens, Taiwan & Hong Kong, 56:3891
perceptions of principal leadership style, teacher performance, high school teachers, US vs Greece, 57:13640
personal characteristics & organizational practices & managerial effectiveness, French- vs English-speaking chief executives in Quebec, 57:11645

sociocultural factors & public vs parochial school systems, development of moral beliefs & judgments & feelings & attitudes, 12 vs 15 vs 18 yr olds, US vs Republic of Vietnam, 58:913
sociocultural factors & sex role frame of reference, sex of 1st drawn picture, male vs female Jordanian college students, cross cultural comparison with R. A. Craddick's findings for American college students, 56:9781
sociocultural factors, patterns of major crimes, Tokyo vs New York City, 54:5133
socio-psychological nature of deviant behavior, Western vs Soviet conceptualizations, 58:5588
Somatic Perception Questionnaire of R. M. Stern & J. D. Higgins, frequency of reported symptom reactions to stressful situations, French & US & Filipino college students, 54:2823
Something About Myself creative self perception scores, Hungarian vs US high school & college students, 55:12305
source credibility & locus of control, persuasibility, Australian vs Japanese vs Swedish vs New Zealand vs US college students, 53:3033
special education services, mentally retarded, Asia, 58:6352
split-brain research, significance for studies of cross cultural differences in styles of cognition, 56:24
status comparability, attitudes toward foreign country visited, Americans & Italians, 54:971
stereotyped occupational attitudes, 19–77 yr old Americans vs Greeks, 56:8827
Strong-Campbell Interest Inventory, vocational interests, American vs Chinese college students, 55:11070

structure & hierarchical ordering of stages & rate of concrete operational development, Canadian Eskimo vs Australian Aboriginal vs European 6–14 yr olds, 58:7189
structure & use & universality of verbal politeness routines, 57:2819
study of common & differing dimensions associated with mental disorder & sex, normal & deviating American & English children, book, 57:6027
subjective task difficulty & horizontality concept, orientation errors in reproduction of model patterns, 10–16 yr olds, Ghana, implications for cross cultural differences in development of concept of horizontality, 57:937
suicide & attitudes toward suicide in different cultures, book, 55:12468
suicide ascertainment procedure, accuracy of reported suicide rates, England vs Denmark & Wales, 55:4796
suicide rates, England vs Wales vs Scotland, 55:10038
Summer Institute for Cultural Awareness, self actualization & perceptions of goal achievement, experienced high school teachers, 58:8177
systematic construction of ability-test distractors for cross cultural comparisons, guessing behavior on multiple choice test, Israeli college students with parents of North African vs Eastern European origin, 56:2213
Tagalog as language of testing, cross cultural studies of ethnic stereotypes, bilingual college & graduate students, 54:7309
target's sex & body type, spatial approach/withdrawal responses, kindergartners vs 2nd vs 3rd graders, Japan, cross cultural comparison with study of Americans, 57:1013
task difficulty, product & process in cognitive development, 5–15 yr olds from New South Wales & Australia & Papua New Guinea, 53:9278
teacher vs peer vs self evaluation, performance & continuing motivation, Iranian 5th graders, comparison with US students, 58:8324
temporal focus, random error in cross cultural hypothesis tests, 54:2140
tendency for association of positive evaluation to color white & negative to color black, 5–6 yr olds, France & Italy, 56:3892
test anxiety, black college students, New York vs West Indies, 54:4149
test validation, cross-cultural scale of attitude behaviors toward mentally retarded, primary school teachers of British Honduras & American graduate college students, 53:1482
theory of cognitive dissonance, reactions to unfulfilled prophecies, Japanese prophet sect & members vs US cases, 55:12108
theory of human space use & perception of E. T. Hall, suggestions for improved methodology for cross cultural & cross subcultural studies on personal space, 57:10078
therapeutic implications & problems & feelings, Puerto Ricans in psychotherapy, 55:7521
time concepts & roles & cross cultural differences, aged, book, 56:3811
torture & execution of surrogate kinsmen, Ainu of northern Japan vs Tupinamba of Brazil, 54:2841
transcultural aspects of socialization patterns & mental health, youth, book, 54:886
transcultural differences, perceptions of patients' verbal expression of emotion, psychiatrists, 53:9692
transcultural perspectives, relationships between psychological or behavioral normality & psychopathology, 58:5502
transcultural psychosomatics, 53:7639
translation into Hebrew & validation & preliminary standardization & cross cultural comparison, MMPI, Hebrew-speaking Israelis vs Americans, 56:7041
Twenty Questions Game, active information seeking & solution-relevant information, German 10 yr olds, comparison with published data on US 8 yr olds, 54:11409
universal elements & cultural similarities of drawings, psychotic patients from New Guinea, 54:9830
urbanization & cross cultural differences, cooperation & competition, Maori children from urban vs rural New Zealand vs Polynesian vs European areas, 57:8089
validity & reliability assessment procedures, cross-cultural research, 53:10751
validity of Halstead-Reitan Neuropsychological Battery, neurological & neurosurgical evaluation patients, Hawaii, 57:84
validity tests for componential analyses of conceptual domains, cross cultural study in methodology, 56:3221
value orientations, college-bound students, Ireland vs US, 58:12651
values & behavior, managers, Australia vs India, 58:10704
values of leaders, community developmental change, India & US & Poland & Yugoslavia, conference study, 53:2948
verbal & behavioral aspects, commitment in conflict situation, Jewish vs Arab 8th graders in Middle East, 57:1047
verbal elaboration productivity & memory, 5 yr olds, Israel, comparison with American children, 58:6851
verbal labeling, short term & incidental memory, Mexican 7–8 & 10–11 & 13–15 & 20–21 yr olds, contrast with earlier findings using American Ss, 55:12001
viewing of Black vs White & male vs female photographs of faces, analysis of picture descriptions, adolescent male Bantus vs British Army entrants, 57:3232
violence & aggression in fantasy, delinquency, American vs Japanese lower class youth, 54:1350
visibility of all of screen vs face only vs rest of body, communication of emotions & intensity of emotion from facial & gestural cues, English vs Southern vs Northern Italian college students, 56:7901
vividness of mental imagery across different sensory modalities, Filipino vs Anglo-American college students, 53:11482
vocational interests & opportunities & work expectancy, Melanesian high school students in Fiji vs in New Hebrides, 53:8447
vocational interests & values & abilities, Australian students in New Guinea vs Australia vs local vs US students, 53:8394
vocational maturity, 9th vs 11th grade Arabs vs Americans, 56:6887
vocational needs, competing Anglo vs Mexican Americans, 55:11025
WAIS performance & cultural test bias, psychiatric patients from Newfoundland vs Kentucky, 56:2471
word- & picture-stimulated associations as reflection of subjective culture & assessment of effects of communications, US vs Puerto Rican, 56:7782
15-item version of California F Scale, cross-cultural application, Italian & American college students, 53:4284

Crossed Eyes [See Strabismus]

Crowding [See Overpopulation]

Cruelty
characteristics of harassed employees & their harassers & methods of assessing & dealing with harassment in work situations, book, 58:8511

lithium carbonate, diabolical behavior & conversion symptoms & diffuse violence & cruelty, 20 yr old female with hysteria, 58:12174

Crustacea [See Also Crabs, Crayfish]
ablation of antennular filaments, chemically mediated host location behavior, symbiotic shrimps, 54:9087
anatomical structure & adaptational function & cleaning of aesthetascs on antennules, shrimp, 57:12120
antennular nerve responses, antennule chemoreception, lobsters, 53:457
antennule ablation & prey species solutions & seawater & fish muscle extracts, olfactory response, lobsters, 53:568
chemosensory mechanisms, detection & location & recognition of food, juvenile prawns, 56:184
chemosensory tracking of scent trails, planktonic shrimp, 58:6917
chloralose & chloroform & ethanol & pentobarbital & urethane & diphenylhydantoin, membrane properties & postsynaptic responses to palative transmitters & peptides, crustacean neuromuscular junction preparations & molluscan neurons, 55:2063
claw size & size restrictions, sexual & aggressive & communicative behavior in agonistic encounters, big clawed snapping shrimp, 57:2610
dominance rank, molting sequence, pairs of juvenile lobsters, 54:9255
gregarious behavior, Corophium volutator, 54:4941
grooming behavior & morphology, caridean shrimp Pandalus danae Stimpson, 54:7078
ionizing radiation, escape & avoidance behavior & electrophysiological investigations of compound eye & antennule & swimmeret, shrimp, 55:6449
male-female encounter behavior & passive phase during breeding peak & male discrimination in partner selection, Asellus aquaticus & Asellus meridianus, 58:510
methods of recording & displaying locomotor activity patterns, burrowing crustaceans, 54:2419
observations of aggressive & sexual behavior, big-clawed snapping shrimp, 54:9276
orientation capacities & strategies, beachhoppers, 58:4856
pentobarbital & chloralose & chloroform & ethanol & urethane, synapse inhibition & excitation & membrane properties of crustacean neuromuscular junction preparations & molluscan neurons, lobsters & crayfish & snails, 55:2064
predator selection against straying from swarm in prey, 3-spined sticklebacks & Daphnia magna, 55:3918
sensory input provided by common proprioceptor of distal joints in antenna, reflex driving & relationship between sensory input & motor output, 58:522
underlying mechanisms & sensory capacities, maintenance of pair bond, shrimps, 54:9279

Crying
behavioral & acoustic measurement, cry sounds, well-nourished vs malnourished male infants, 56:7603
continuous vs intermittent reinforcement, extinction of crying behavior for longer time periods, 3 mo old, 56:1059
developmental role of crying behavior, mother–infant interaction, infants, 53:4983
EEG & pneumoencephalography recordings, 69 yr old male with dacrystic epilepsy, 57:10623
exposure to real vs synthetic newborn's cry vs silence, empathic crying behavior, 34 & 70 hr old Ss, 55:12035
family therapy, insomnia & depression & poor appetite & uncontrollable crying, 17 yr old profoundly deaf female, 58:3781
feature analysis, vocalizations during 1st 8 wks of life, female infants, 55:11900
Gestalt therapy, crying behavior, 55:9842
infant crying & communication & attachment theory of J. Bowlby & M. Ainsworth, 58:5103
lengths of total & regular & REM sleep & length of waking & smiling & crying, infants during 4th vs 8th vs 12th vs 16th vs 20th wk of life, 57:5017
maternal responsiveness, duration & frequency of infant crying, infant–mother pairs, 53:7083
mother- vs blanket- vs no familiar object-present conditions & induction of high arousal state, intensity of blanket attachment & play & crying behavior & locomotor activity, 21–41 mo olds, 57:1020
perceptual & acoustic analysis, early crying behavior, congenitally narcotic addicted vs nonaddicted infants, 58:1295
perceptual differentiation of cry samples produced by own infant & unfamiliar infant, mothers, 55:514
rocking in up-&-down vs side-to-side vs head-to-toe direction & movement frequency, reduction of distress & activity, 2 mo olds, 55:517
sex & vocal distress, mother's response to separation, 10 mo olds, 57:7875
sounds & facial gestures in pattern of spontaneous cry, newborns, 53:4877
training program effectiveness, teaching auditory identification & differentiation of normal vs abnormal neonatal cry patterns, nursing students & graduate students in speech pathology & audiology, 55:12928

Crying Cat Syndrome
multidisciplinary study, meowing cat vocalization, 8-yr-old severely retarded boy, 53:1483
neuroleptic drug treatment & progress during 1-yr observation period, 3 brothers with cri du chat syndrome, 57:10904
psychopathological diagnosis error, cri du chat disease, 9 yr old male, 57:3699

Cuba
cognitive complexity, adaptation to sociocultural change, Cuban refugees, New Orleans, 55:12113
cross cultural differences, Social Readjustment Rating Scale data, Cuban exiles living in US vs US standardization sample, 57:8090
language problems & culture shock, guidance learning center evaluations & counseling Cuban American children, 54:6400
occupational & educational levels & community organization & ethnic identity & social ties & US receptivity, success of exiles, Cuban expatriates in US, 57:1045
training of psychiatrists & system of psychiatric care, Cuba, 58:3681
vocational & educational guidance, Cuba, 54:8492
women's participation in bureaucratic positions & communist ideology & sex role attitudes, Cuba, 57:3038

Cues
cue validity & interpersonal vs individual learning condition & task change, acquisition of policies in interference tasks, college students, 58:6846
ability to use information about relative validity of cues in multiple-cue judgment tasks, college students, 58:10928
absolute vs relative motion cues & effectiveness of relative cues as function of frontoparallel separation between points, perception of motion of physically moving points of light, right-handed college students, 53:2253
accuracy in decoding emotional meaning from vocal cues, paranoid- vs nonparanoid-process vs reactive schizophrenic male inpatients, 58:7674
acoustic cues signaling phonemic difference, same-different judgments on speech discrimination tests, 4–6 yr olds, 57:12508
acquired responses to individual cues, error types in ambiguous cue problem solving, 8 yr olds, contribution to H. J. Fletcher's interfering cue theory, 53:320
acquisition of meaningless sounds serving expressive vs evocative functions, cue effectiveness & free recall performance in transfer task, students, 57:12004
actual vs misleading cue fragments of nonsense line drawings & structural similarity & verbal mediation, redintegrative power in recall, college staff & students, 56:9182
added cue intensity, degree of control exerted by novel light cue over behavior, male rats, 54:7105
adjunct questions inserted into prose passages & topic of passage & question placement & relevance, retention, 8th graders, 58:8323
adult social cues controlling children's behavior, need for ecological validation of research, 57:9952
advance descriptions & picture exposure durations, retention & recognition of pictorial information, 1st graders, 58:6852
advance identity cues, image generation in picture recognition using RT picture, 57:400
aerial maneuver analysis, instructional cue generation, Air Force pilot training, 54:2065
age & acoustic cues & voice onset time, perception of vocalic-stop consonants, 2 & 6 yr olds, 56:3851
age & elimination of cue & dimensional dominance, reversal & extradimensional shift performance, 1st vs 2nd graders vs college students, 57:7977
age & equal cue-criterion validities vs single cue high validity, multiple cue probability learning, children & adolescents, 55:540
age & interaural click-onset asynchrony & dichotic amplitude lateralization, auditory localization, male 20–32 vs 60–72 yr olds, 58:7203
age & texture gradient & distance cues, size constancy in photographs, 5 yr olds to adults, 56:3845
age, development of use of varying pictorial cues in depth perception, 3–6.5 yr olds from nurseries vs orphanages, 58:869
age differences, ability to encode social interaction cues, 5 & 7 & 9 & 20 yr olds, 53:7096
age differences, retrieval under cued & noncued recall conditions, 18–34 & 50–64 & 65–83 yr olds, 54:866
age, utilization of pictorial depth cues in paintings, 4–15 yr olds, 57:7908
aggressive & dependency cues & frustration level, instigation & inhibition of aggression in naturalistic setting, adults, 56:2349
aggressive predisposition & situational frustration vs no frustration & presence vs absence of aggressive cues, subsequent aggression in administering shock to rat in training situation, college students, 58:8822
alphabetic organization, acquisition & delayed retention of semantically similar words, college students, 55:11472
altered visual cues & delay, visual-tactual cross-modal perception, chimpanzees, 54:2653
ambiguous cue technique & 3-cue probe trials, approach-avoidance tendencies in discrimination learning, 62–72 mo old children in special class for culturally disadvantaged, 56:502
amount of acquisition training & variability of irrelevant transfer cues, extradimensional shift, male rats, 54:2522
amount of training per reversal & reduced visual cues to spatial position, brightness discrimination reversal, male rats, 58:2771
amounts & units of information, judgment accuracy of predicted class rankings, male college students, 58:293
amygdaloid lesions, utilization of hunger- & thirst-related cues in guiding T-maze positional responses, male rats, 53:4646
analysis of cues in visual depth perception, avoidance of visual pitfalls, male chicks, 54:762
anxiety level, cue utilization in recognition & free recall learning, support for restricted coding hypothesis, 58:2704
application of idea & recall quantification method, idea retrieval vs construction in immediate & delayed prose free vs cued recall, college students, 58:6876
areas with residual olfactory cues vs clean areas, feeding & exploratory behavior, weanling rat pups, 56:9358
association of distinctive targets & food cues to toxicosis, aversion conditioning, codfish, 58:4880
associations as cues, facilitation of recognition memory, college students, 55:6154
attention controlling factors, cue function in trigram verbal discrimination learning, retarded 9–38 yr olds, 54:5561
attention switching between auditory digit & secondary pursuit tracking tasks & signalled switches & attended channel voice cue, information processing patterns, 57:346
attentional dynamics, cue blocking & incidental learning in discrimination training, mentally retarded children, 56:8222
attitude & expectancy change & discrimination reversal & motor performance, role of stimulus cues & response tendencies in control of behavior, obese vs normal weight Ss, 57:10631
audio cueing system, praise rate, teachers from special & 4th & 7th grade classrooms, 54:8320
audio feedback shaping & discriminative cue vs immediate reinforcement for target behaviors with vs without discriminative cue, verbal response modification, female college student "counselors", 58:1884
audition & auditive & kinesthetic-proprioceptive cues & interference in kinesthetic rhythm & temporal relations, spatial orientation & mastery of spatial locomotion patterns, congenitally vs accidentally blind vs sighted Ss, 55:7445
auditory augmentation, Benton Visual Retention Test performance, male 17–20 vs 59–77 yr olds, 58:7178
auditory clues associated with food, teaching mobility to & from dayroom & dining room, 17–21 yr old severely retarded blind residents of state hospital, 57:8889
auditory nondisplaced vs prismatically displaced visual cues, adaptation in eye- vs ear-hand coordination on pointing task, 53:128
auditory vs visual report cues, recall of single letter from target row & interference with visual memory, college students, 56:5311
augmented vs simple outcome feedback, metric multiple-cue probability learning, college students, 57:386
aural & pictorial prompts for response & associative phase components, noun-pair learning & recall, 2nd & 3rd graders, 53:325
automaintenance with vs without negative response-reinforcer dependency, lever-contact responses, male rats, 53:6945
backward masking of conditioned stimuli, single-cue & differential classical conditioning performance, college students, 53:4457
behavioral consultation with vs without cuing, behavior toward disruptive vs nondisruptive students, teachers, 58:10226
bigram & trigram cues varying in letter frequency & versatility & cue position in word, retrieval processes in selection of word using cue letters from unrestricted vs E-restricted pool, 58:2684
bigram cues, solution of mono- & bisyllabic solution-word anagrams, college students, 56:3377
binocular convergence, inadequacy of kinesthetic cues from eye muscles, support for outflow theory, 58:4749
brief instruction in letter direction orientation & directional markers, discrimination of reversible direction letters, prereading nursery school students, 58:3107
brightness cues from differential refraction & reflection, discrimination of polarization axes of plane-polarized light, 58:255
burst cues & transition cues, hemispheric specialization with real speech sounds, college students, 54:10873
card-cue sequences & contact with E, strategy choice in probability matching, female college students, 58:10954
cartoon pictures containing action lines as interaction clues, picture recall & dependence of memory for pictures on initial comprehension, 2nd vs 6th vs 9th graders, 58:5122
categorical relatedness of word cues, recall of word vs color, students, 54:8877
categorically vs alphabetically organized words, encoding specificity in cued & free recall, college students, 53:8820
category availability & utilization & cues, free recall & clustering of lists, black 2nd vs 5th graders, 57:914
category cues same as or different from input encoding of item & instructional information about cue relevance, encoding-specificity effect in recall & recognition, college students, 53:402

category name meaningfulness & item frequency & use of category names as cues, free recall of categorized lists, college students, implications for mediation model of free recall, 56:7228
category names & recall targets as retrieval cues, recall inhibition of categorized word lists, 55:6180
causal attribution & role of situational cues of situation competitiveness & social content, development of evaluative judgments, 5–14 yr olds, 55:9376
causes or consequences as point of departure, construction & regeneration of logical temporal sequences, kindergartners vs 2nd vs 4th graders, 58:803
chemical & visual cues, role in aggregation behavior, planarians, 55:6347
cognitive & outcome feedback, multiple cue probability learning tasks, college students, implications for clinical judgment tasks & interpersonal conflict reduction, 57:7474
cognitive & social cues, food intake, normal-weight vs overweight Ss, 53:3401
cognitive abstractness vs concreteness, use of feedback cues in continuous vs partial reinforcement, male college students, 54:8821
cognitive cues & relational concepts in key question, pictorial depth perception, Ugandan primary school children, 58:6794
cognitive skills, optimal performance in judgment tasks, 58:6820
cognitive tempo & memory aid, conjunctive concept attainment, male Black educable mentally retarded 9–12 yr olds, 58:8390
color cue before final trial of sequence, release from proactive interference, college students, disconfirmation of attentional hypothesis, 55:1867
color cues in CVC stimulus words, use of 1st letter & rhyme in matching-to-sample responses, kindergartners to 3rd graders, 54:5002
color cues to focus attention, discrimination & paired associate learning, kindergartners, 55:3577
color cuing, performance on target letter recognition tasks, adults, 53:10947
combined-cue test, delay in reinforcement during component of multiple schedule, behavioral contrast, pigeons, 54:9244
compound & component cues, control of discriminative learning, retardates, discussion of attention therapy framework, 58:9715
computer simulation of expert problem solver & cues to induce information about solutions for class of problems & inter-problem transfer, structure of experience acquired while learning to solve class of problems, 57:334
concept rule & spatial distribution of stimulus, use of positive & negative information, 56:132
conceptual organization of word lists & block vs random cuing, word recall & clustering on free recall task, 55:1866
concrete nouns vs numbers as retrieval cues & mnemonic instructions, forgetting & recovery in paired-associate learning, college students, 53:299
conditions associated with coding of target words, retrieval cuing effectiveness of strong & weak rhymes & synonyms, college students, 53:6665
confidence & belief about performance, actual performance in probabilistic inference tasks with interrelated cues, college students, 56:3395
conflict & harmony in body language cues, newlyweds, 53:7282
consistency with representativeness heuristic & intermediate correlations between number pairs, paired associate learning involving number lists, college students, 58:6855
constant & variable irrelevant cues, intra- & extradimensional transfer, male rats, implications for mediating-response theories, 53:6954
contextual cues, conservation task performance, 1st graders, 57:2953
contextual cues, reported verbal transformations, college students, 56:126
control of registered distance information through manipulation of binocular convergence vs pictorial cues, perceived brightness & clearness of constant retinal images & role of proximal blur, 58:2634
convergent vs divergent social cues about TV aggressor's motives & consequences, willingness to hurt or help in hypothetical situations, 2nd & 6th graders, 55:7036
covert cues, conditional probabilities of free recall with success vs failure of cued recall of same material, college students, 53:2370
cue & competing reinforced activity, generalized imitation, 2–9 yr old noncompliant male retardates, 53:1464
cue availability, short & long term recall of familiar objects vs projected color photographs of objects, mentally retarded children of comparable MA, 56:10155
cue conditions & target distance, error in visually directed manual pointing, 53:10829
cue conditions from hypnotist as to appropriate trance logic response & real vs simulating condition, toleration of logically incongruous behavior, hypnotically responsive vs unresponsive Ss, 57:2523
cue consistency & individual differences in cognitive complexity & intelligence, judgmental processes, college students, 58:9553
cue distinctiveness, learning intradimensional shifts on visual discrimination brightness or shape tasks, retardates, 54:1431
cue effects of set size vs extremity of prior ratings, impression certainty in favorability ratings of traits varying in likeableness, college students, 57:12782
cue intercorrelation & task predictability, confidence in multiple cue judgments, college students, 54:6751
cue intercorrelation & task predictability & distribution of cue validity among pair members, interpersonal learning of probabilistic inference tasks, college students, 57:9513
cue intercorrelations, policy conflict & change, college students, 53:1050
cue intercorrelations, policy conflict & policy change, college students, 54:4613
cue location vs direction of response, prefrontal unit activity, monkeys, 56:7398
cue of familiar size, verbal reports of perceived egocentric distance of object vs judgments obtained from head-movement procedure, college students, 58:2617
cue onset time & categorical distinctiveness of to-be-remembered & to-be-forgotten items & solution type in pictorial paired associate task, RT in probed recognition test, college students, proposed search & decision model, 56:9203
cue presence vs absence, recognition of recallable words, college students, criticism of M. J. Watkins & E. Tulving, 54:383
cue presence vs absence, recognition of recallable words, college students, reply to L. L. Light & G. A. Kimble & J. W. Pellegrino's criticism, 54:395
cue presence vs absence, recognition of recallable target words, college students, 54:396
cue prominence & palatability, water drinking behavior, obese & normal college students, 55:9700
cue redundancy, multiple cue probability learning, college students, 54:2340
cue salience & dimension & dimensional preference, class inclusion ability, 5 yr old kindergartners, support for neo-Piagetian view of cognitive development, 57:7967
cue similarity, cue dominance in simultaneous discrimination tasks involving reversal on 1 dimension, male rats, 57:480
cue synthesis procedure & post-questions & reading ability, retention of prose material, 6th graders, 55:1355
cue timing & category type, recall of word lists, 6–7 vs 8–9 vs 10–11 yr olds, 57:2940
cue type, vigilance performance, hyperactive vs normal male 2nd graders, 58:5687
cue utilization & recall type & stimulus position, nonverbal recall of haptically presented spatial positions, blind vs sighted 6 vs 8 vs 10 yr olds, 56:8249
cue utilization, cognitive model of quality perception, consumers, 55:5856
cue utilization, expert judgments, independent auditors, 53:6268
cue utilization in multiple-cue probability learning, college students, 55:1845
cue utilization in numerical prediction task, support for heuristic strategies, male college students, 53:10874
cue validity & functional rule relating cue & criterion variables, detection of parameters of functional rules in probabilistic inference tasks, college students, 58:278
cue validity & positive vs negative & linear vs nonlinear functional rules, rule discovery, college students, 56:9148
cue validity & task predictability, interpersonal learning of linear inference tasks, undergraduates, 53:2319
cue validity, learning of positive & negative J-shaped relations in single-cue probability learning, college students, 58:10972
cue validity, transfer in single-cue probability learning, high school & college students, 56:7231
cue word form class, solving of arithmetic word problems, mentally handicapped children in special classes, 55:3213
cue-controlled relaxation in "in vivo" desensitization, snake phobia, 21 yr old female college student, 54:5963
cue-criterion correlations & cue intercorrelation & sign of cue intercorrelation, confidence in multiple cue probability learning, college students, 54:6750
cue-criterion correlations & intercorrelations & sign of cue intercorrelation, 2-cue probability learning, college students, 54:10978
cued recall of categorized lists, retroactive inhibition, 57:9544
cued recall, trace storage in free recall, college students, 55:6177
cued to forget items, false recognition for homophones of items, 56:1801
cued vs noncued categorical lists with reversed cuing conditions on last trial, retrieval processes for higher order categories within category items, college students, 56:5306
cued vs noncued sentences & phrases at normal & slow rates, complete sentences & phrases & words correct & type of phoneme errors, hearing-impaired 7–11 yr olds, 55:7447
cued vs uncued recall of categorized lists, 53:4499
cued vs uncued stimuli presented to right vs left visual fields, hemispheric asymmetry, college students, 55:6029
cued-set spatial arrangement & target-background similarity, partial-report paradigm, college students, 54:2270
cue-elicited weapons-effect, L. Berkowitz's theory of cue-elicited aggression, professional criticism, 53:11570
cueing & constraint instructions, free recall performance, nursery school children, 54:5021
cue-overload theory & method of interpolated attributes, recall retrieval cues, college students, 56:5332
cue-reward contiguity, learning under varying conditions of S-R contiguity, noninstitutionalized retardates, 56:8221
cues & introduction method, "new object reaction" toward unfamiliar objects, wild rats, 56:203
cues based on sex role stereotypes, estimation & performance of simple motor task in aspiration experiment, male vs female college students, 57:8155
cues, discrimination learning ability, 5th graders with high vs low WISC picture arrangement scores, 56:1789
cues for recall by spatial location vs by category name, test list item recall after dichotic listening, 57:404
cues for required length of retention interval, retention of cued items, college students, 54:2355
cues, identifying people in a videotape recording made at night, 21–65 yr old Os, 55:6070
cues, response latency in retrieval from long-term verbal memory, 53:10953
cues vs coaching in use of cues vs no cues, prospective remembering after intervening distraction, 5 vs 7 yr olds, 56:7657
cue-structure correlations & cue intercorrelations & sign, multiple cue probability learning under suppressor conditions, college students, 58:276
CUI shift & change in contextual cues, Kamin blocking effect in eyelid conditioning, rabbits, 56:7330
cuing & attributing dimensions & parent-child socialization, self attribution tasks, 58:9555
cuing by pretaped voice vs clock-scanning, interobserver reliability in recording classroom behaviors of preschoolers, college students, 56:7120
cuing conditions, recall from categorized word lists, 5 vs 8 yr olds, 53:2830
cuing conditions, storage & retrieval of verbal information, college students, 55:3756
cuing for & videotape playback of positive self reference statements, self concept elevation, 4th graders, 57:13998
cuing recall technique, short & long term memory, organic amnesic patients, 57:1503
cuing, retroactive inhibition in paired associate learning & analysis of item inaccessibility vs permanent unavailability, college students, 57:12063
cuing S to remember vs forget at onset vs after list presentation, recognition RT & inferred size of search set, college students, 55:1856
cuing to spatial test, information recall & discrimination of information answers in multiple choice task & visual memory for place on page after reading lengthy prose passage, 54:400
cuing with word meanings, word recognition improvement, college students, test of modified version of generation-recognition theory, 58:4834
definition of redundancy, multiple-cue probability learning, 57:2403
delay cue & magnitude of reward cue, delay of gratification preferences, 4–6 yr olds, 57:5481
delayed conditioning of water licking response with compound stimulus & number of interspersions of 1 stimulus component, response suppression & informative-redundant stimuli properties, male rats, test of M. D. Egger & N. Eller's information hypothesis, 57:2591
demonstrational cues & repetition in film-mediated instruction of perceptual-motor skills, knot-tying performance, trainable mentally retarded, 57:6935
deprivation level & response ratio & degree of training in redundant cue-dimension discrimination task, utilization of single cue dimensions during extinction, male rats, 57:2555
deprivation states of Ss & donors & odor cues by odor-donor Ss, maze performance, male rats, 58:425
depth information, pictorial depth sensitivity, 2–3 yr olds, 58:856
depth of processing & retrieval cues & uniqueness of encoding, recall performance, college students, 57:4980
descriptive story vs 1st letter mnemonic techniques, learning & recalling abstract & concrete word lists, 55:8919
developmental stage & presence vs absence of cues, categorical clustering ability during free recall, 4–6 yr olds, 56:2138
didactic vs interactive training to recognize client nonverbal cues, counselor empathetic verbal response choices, counselor trainees, 55:7811
differential conditioning procedure, levels of suppression to stimulus paired with shock 100% vs 25% of presentations, male rats, 54:2610
differential emphasis cues & evaluation apprehension & cue sequence, utilization of demand cues in E bias paradigm, nurses, 57:10222
differential eyelid conditioning with airpuff vs intraorbital shock as UCS & signaled vs unsignaled trials, UCS aversiveness ratings & CR magnitude, high school & college students, implications for operation of informational control & preparatory response factors, 57:2417
differentiation & extinction, control of supplementary feedback cues, right-handed female college students, 53:2353
difficulty of auditory discrimination task & response bias induction task & response bias induction through light cue significance & reliability, signal detection theory analysis of judgments, US Navy Ss, 57:9475
dimensional relevance of 2 or 3 binary-valued abstract cues, configural information processes in decision making when predicting binary-valued criterion, 57:2363
directional vs neutral category labels, bidimensional rule learning problem solving, college students, 53:4447
direction-giving hints after misdirection, mistakes in "folk-polk" puzzle, college students, 56:3386
discrimination shift paradigm utilizing conceptually related words & bidimensional cues, intra- & extradimensional shifts, support for 2-stage discrimination learning theories, 58:2687
discriminative cue function of warning stimuli, avoidance conditioning following pretraining on appetitive discrimination, rats, 55:11569
discriminative cues & time interval, tolerance of pain as measure of fear, male rats, 56:219
distance & perspective cues under binocular & monocular regard conditions, dynamic trapezoid illusion perception, college students, 57:7359
distraction, listening for unambiguous signal word vs symbolic themes from clinical transcript, accuracy of clinical judgment of symptoms, college students, 53:7798
distribution of cue validities of conflict task, policy conflict, undergraduates, 53:1049
dominance of stimulus dimension as cue, solving of oddity discrimination problems, monkeys, 55:1925
dominant direction of conjugate lateral eye movement of communicators, responsiveness to facial & verbal cues when feelings of another person are being judged, 56:7857
dominant direction of conjugate lateral eye movements & sex, responsiveness to facial vs verbal cues, college & graduate students, 56:9826
dopaminergic mediation, interoceptive cue produced by dextroamphetamine, female rats, 54:7051
dose & administration & secondary cues as environmental factors, voluntary intake of drugs, animals, 55:9317
double T maze with multiple solutions, cue selection, dogs, 58:11084
drive level & cue utilization in free operant situation, male rats, 54:9230
drive level, degree of cue control during discrimination training, food deprived squirrel monkeys, 56:7335
drug state as discriminative stimulus, state dependent learning & differential use of cues, rats, 55:9296
drug-associated environmental cues, development of morphine tolerance, rats, 57:12425
duration variability of foreperiod between warning signal & stimulus onsets, visual stimulus duration judgments, college students vs alcoholics vs schizophrenics vs aged, 58:5466
E- vs S-determined standards, codability of kinesthetic extent cues, college students, 55:105
ECS in maze start vs goal vs neutral box after criterion performance, amnesia & memory recovery, male rats, 57:7718
elaborative facilitation & cognitive & psychometric abilities, paired associate learning, 8–9 yr old boys with vs without learning difficulties, 58:1404
embedded questions, productive vs reproductive learning from connected discourse, 58:8811
EMG biofeedback-assisted cue-controlled relaxation with systematic desensitization, male adults with flight phobias, 55:5118
encoding & decoding of speaker's nonverbal cues to deception or honesty, deception attribution of speakers, Os, 58:7498
encoding in marihuana state & accessibility of retrieval cues in retention of categorized list, 21–34 yr olds, 55:4098
encoding including details & distinctions in senses of words, sentence recall given certain cue, college students, implications for sentence comprehension process, 54:6714
encoding specificity in cued recall & context recognition, 54:2363
equated cue values of event frequency & repetition & alternation, response effects in 1- & 2-cue probability learning, college students, 53:2341
erasure of icon due to masking stimulus & subsequent postcueing, recognition accuracy in tachistoscopic identification task with increasing size of set from selected target, college students, 54:389
escape from heat as reinforcer in black-white discrimination task followed by color cue reversals, performance, male box turtle, 57:12130
evaluation apprehension & vocal paralanguage cues in E's instructions, picture rating task performance & transmission of E bias effects, college students, 57:2281
existence of primary depth cues, visual illusions, test of R. L. Gregory's theory of primary constancy scaling, 54:272
exposure time to discriminative & nondiscriminative cues preceding response, differential conditioning, female rats, 53:11272
exposure to apparatus cues &/vs noncontingent footshock &/vs epinephrine injections following classical fear conditioning, reinstatement of learned fear, male rats, 58:4964
exposure to noninformational cues, examination performance in English & mathematics & biology, college students, 55:11019
extended & abbreviated cues in electronic absentee-cuing system in counselor training, clients & counselors & trainees, 55:12894
external & interpersonal discriminative stimuli for self credibility & memory cue strength & differential credibility cuing properties of stimulus person, task recall, analysis based on D. J. Bem's self perception theory, 58:1050
external responsiveness to alteration of environmental food cues, prediction of changes in eating behavior & weight, nonobese 9–15 yr old girls, 56:3460
external vs internal cues, smoking behavior, light vs heavy smokers, 55:3802
external vs internal smoking cues, determinants of smoking behavior, light vs heavy smoking male college students, 53:7207
extra- & intramaze cues & response chains & characteristics of memory storage, performance on 8-arm maze in paradigm of sampling, rats, 56:7332
extralist associate cues, retrieval from memory, implications for principle of encoding specificity, 57:4953
extralist cues & new strong cues, recall after presentation of to-be-remembered words in presence of weak cues & recall to original weak cues vs recognition, college students, generality of principle of encoding specificity, 55:11482
extralist cuing of list items, encoding specificity in recall, exploration of generation-recognition recall theory, criticism of E. Tulving & D. Thomson's research, 54:6803
eye convergence as cue, distance estimation, 55:8756
face &/vs voice cues, visual fixation & smiling & vocalization with mother vs stranger, 3 mo olds, 57:5583
failure attributions & sex, social cues in children's interpretation of evaluative feedback & learned helplessness, 57:9938
familiar size cue to distance, determination of metric characteristics for visually perceived distance, college students, 53:10842

favorable vs unfavorable verbal material labelled as belonging to specific vs less specific classes of people & raters' attitudes, response preference & discrimination performance, college students, 54:9618
feedback & cue validity & specific practice, accuracy & confidence levels in clinical inference, clinical psychologist trainees, 58:12302
feeling of knowing, cued recall, college students, 53:2387
field dependence, illusory experiences in perception of rotating & oscillating targets & use of perceptual cues, college students, 58:2643
field independence & reflection-impulsivity as mediators, performance on programed learning task with & without strong prompts, 6th graders, 55:5493
flooding & order of cue presentation, extinction of serial conditioned avoidance response, female rats, implications for implosive therapy in treating phobias, 54:7138
focused videotape feedback of group process, facilitative skills & responsivity to verbal & nonverbal cues, counselors in practicum training, 57:4223
food deprivation & external cues & obesity, preference ratings & consumption & buying intentions, overweight & normal college students, 55:8986
food deprivation conditions & food cue valence, eating behavior, obese vs normal-weight college students, 57:6159
food deprivation duration & food related vs non-food related stimuli, food related responses, obese vs normal students, 58:7702
food vs water deprivation with subsequent light or sound intensity discrimination & food vs water reinforcement, preferences to sound & light compounds, rats, implications for control of selective attention by motivational cues, 58:6949
formulation of combination rules, confidence & performance in multiple-cue probability learning, 57:2402
forward & backward associations in cued recall, test of encoding specificity principle with single items, college students, 55:3745
free recall vs instructional cue vs cued recall conditions, total recall & serial ordering & clustering responses, black vs white females, 55:8882
free recall vs recall in presence of other list vs extralist words, inhibition effects & rate of recall, high school & college students, investigation of cancellation of cue facilitative effects, 58:2707
frequency vs recency of target presentation in study word list, cued recall, college students, 56:9204
frontomedial or frontopolar lesions, short term memory for position of visual cues, male rats, 55:2052
functional relations within task & test hypotheses & cue validity, performance on probabilistic inference tasks, high school students, 56:9149
gender, responsiveness to internal & external cues associated with eating behavior, obese Ss, 55:4837
general vs particular term cue conditions, sentence recall, college students, test of instantiation hypothesis, 58:4767
generalization of fear & delay & apparatus cues, incubation in response suppression paradigm, male rats, 57:7582
global cooperation, role-taking & cue-taking in United Nations as predictor of world mindedness, 55:710
grammatical class & concreteness of cues, generality of encoding specificity effect, 57:7411
grammatical class of input & recognition cues & concreteness of cues, recognition vs recall performance, college students, analysis of E. Tulving & D. M. Thomson's specificity effect, 56:9236
group discussion feedback & shifting cue validities, inference behavior in meaningful environment, male college students, 57:7410
hearing protective device & visual cues, speech discrimination, Ss with sensorineural hearing loss vs normals, 55:10143
height & diameter cues, volume conservation, 7–8 yr old conservers vs nonconservers, 53:11401
high vs low drive level, multiple vs salient cue control in discrimination task, male rats, 57:7595
high vs low evaluation apprehension, interpretation of pupil size cues & success-failure rating of stimulus photos, female college students, 57:12771
hippocampal lesions & situational cues, passive avoidance learning & extinction, rats, 58:7068
horizontal positioning of Howard-Holman apparatus, elimination of retinal disparity cue, college students, 56:1621
hypothesis & evaluation cues, subject awareness & compliance in classical conditioning of attitudes task, 57:3166
identity of repetition & test contexts & strongly vs weakly associated new cues, recall vs recognition memory, 58:8797
imagery–concreteness pairing & instruction strategies & test delay, cued vs noncued recall, college students, 53:376
imaginal & verbal symbolic processes & learning instructions, cued & noncued recall of adjective-noun phrases, college students, 55:8902
immediate vs delayed feedback vs perceptual cues, learning interpersonal inquiry technique, male college students, 53:6163
immediate vs delayed poisoning, ability to associate gustatory vs exteroceptive cues with illness, male rats, 58:8901
implicit cue requirements of social situation, verbal recall of threatening statements, male vs female repressors vs sensitizers, 56:9917
imposition of cues at storage & retrieval, attenuation of anterograde amnesia, 52 yr old male with Korsakoff's psychosis, 54:12042
in-class cuing & feedback to teachers, student & teacher behavior, teachers & students, 55:13392
individual differences & learner control over mnemonics, computer-assisted instruction task performance & anxiety, 53:12426
individual differences & learner control over pictorial mediators, computer-assisted instruction task performance & anxiety, 53:12427
individual differences, situational & self-produced cues in attribution of emotional experience, college students, 53:2425
inferential recall cues & cue relevancy, sentence recall & comprehension, college students, 58:2714
information about unavoidable shocks, reinforcing effects, rats, 55:9039
information presentation method, developmental changes in use of verbal & nonverbal & spatial/positional cues for memory, kindergartners vs 2nd vs 4th graders, 57:12513
information vs no information given which would help S evaluate own performance, probabilistic inference task learning, college students, 57:369
informed vs uninformed anagram category conditions & Remote Associates & vocabulary test performance, associative & attentional processes in anagram solutions, college students, 57:351
initial & final word fragments as cues, recall of whole words, 56:9231
initial consonant & final consonant & initial consonant with vowel & final vowel with consonant & trigram reversal as cues, matching verbal stimuli within & between auditory & visual modalities, 1st graders, 54:4171
initial instructions vs repeated verbal & gestural cues, imitation patterns, 5–20 yr old speaking vs nonspeaking mentally retarded, extension of interchange hypothesis, 56:10150
initial letter & rhyme & associative cues, recall of common words, college students, 55:1884
inner directed vs information seeking vs cue dependent task approach vs relevant vs irrelevant external cues, concept identification task performance & self perception, kindergartners through 5th graders, 57:7904
innerdirected vs task oriented & information seeking & cue dependent vs approval seeking task approaches & use of relevant external cues, self perceptions in achievement task situations, kindergartners to 5th graders, 55:9381
input & equity summation in multiple cue judgments, college students, 55:158
input & output mechanisms, directed forgetting using free research task, college students, 53:10943
input cue accessibility, free recall performance for unrelated words, college students, 55:3778
instructional & temporal & spatial & S & E auditory cues, short term memory, college students, 55:8953
instructional objectives before vs after text with vs without relevant information, prose learning, 10th & 12th graders, 53:1946
instructional questions & location & level, immediate & delayed learning from activity-centered module, preservice elementary teachers, 57:6694
instructions & salience of situational cues & target's behavior & incentive level, attitudinal attributions, college students, 56:6054
instructions & social cues, outerdirectedness formulation of retardate problem solving, retarded & normal children, 57:3629
instructions & tasks, relation betweeen judged & physical distance in multicue conditions, college students, 55:3654
instructions to "look" vs "remember" & presence vs absence of semantic category cues, constrained vs free recall & discrimination between perceiving & memorizing, 2nd vs 5th graders, 57:5576
integral & nonintegral stimulus dimensions & single & correlated & orthogonal stimulus card sets, speeded card sorting performance & selective attention, 1st vs 4th graders, 57:980
integration of past experience, reasoning performance, rats, 53:2772
intensity & reverberation, auditory perception of egocentric distance, college students, 56:1742
intensive instruction in cue attendance or hypothesis generation, subsequent open exploration behavior, 9th graders, 57:13779
interaction among pictorial components, recall of picture captions, college students, mediation interpretation, 55:8864
interaction situations involving personal danger vs nondangerous situations, cue preferences utilized in interpreting citizen behavior, experienced police officers, 54:7529
intercorrelated cues, probability learning, college students, 54:282
internal vs external cues, blood alcohol level discrimination, nonalcoholic 21–49 yr old males, 56:3586
internal vs external cuing, fluid intake of preferred nonalcoholic beverage, alcoholic vs nonalcoholic vs obese patients, 55:10006
interpolated movements, short term retention of individual distance & location cues associated with discrete motor execution, 58:10867
interpresentation lag & retention interval & relationship of retrieval cue to encoded information, monotonicity in lag effect, 57:2419
interspersed organizer vs randomly selected statements in text & statement position, recall patterns & processing effects of advance organizers, college students, implications for reading instruction, 57:2461
intertrial intervals & discrete conditioned stimulus & situational cues, conditioned fear, female rats, 53:2758
intertrial intervals in differential conditioning with large & small food rewards on predetermined trials, time-dependent reward-produced & response-produced cues & discrimination learning performance, rats, 57:2562
interval between stimulus presentation & test & number of sounds & reviewing self produced verbal descriptions & cuing, recognition memory for common sounds, 58:339
intervals between cue & test & masking stimuli, visual stores & processing operations in tachistoscopic partial report, college students, 56:5248
intralist contrast, inhibition in cued-recall & paired-associate tasks, college students, 53:341
intralist cues & cued recall time allotment, time dependent performance characteristics & facilitation of recall of randomly presented categorizable words, college students, 57:7461
intralist cues, recognition probability, college students, 55:8952
intrasentence grammatical constraints, recognition of content of tachistoscopically presented sentences, college students, 56:77
intrinsic individual differences in conceptual organization & organizing cues, text processing & recall & recognition of types of content relationships, college students, 55:8811
introduction of novel configurational cues, learned color discrimination, monkeys, 58:8862
introduction of visual cues to task characteristics, Stage 6 sensorimotor means-end problem solving, 20–27 vs 28–33 vs 29–34 mo olds, 57:2926
irrelevant auditory cue & cue/response position correspondence & visual stimulus quality, analysis of processing stages effects employing S. Sternberg's paradigm, female college students, support for response selection stage effects, 57:9410
irrelevant directional cue, duration of interference in choice RT & relation to stages of processing, college students, 56:9166
irrelevant foreground cues, discrimination performance disruption, laborn orangutan, 54:9287
irrelevant size & brightness cues, rate of shape discrimination learning, cats, 56:9346
item availability & processing level, associate symmetry tested by free vs cued word recall following incidental vs intentional paired associate learning instructions, college students, 58:6858
joke vs story &/vs real event presentation of weight conservation incongruity & rate of fantasy & joke cues, ratings of incongruity surprise & humor & realistic possibility, conserving 5th graders vs nonconserving 3rd graders, 54:9313
label relevancy & retention interval & practice, facilitation & biasing effects on motor short term memory, support for strategy provision & cognitive nature of memory code, 58:2710
landmark features, mental rotation times for same-different judgments, college students, 58:4703
learning instructions, immediate recall of kinesthetic distance- & location-cue information, college students, 54:11019
learning to learn cuing conditions manipulating identicalness & semantic similarity of input/output word cue, recall performance & encoding specificity hypothesis, 57:11986
length cues to number, development of ordering & correspondence operations, 3–5 yr olds, 53:4935
lens-model & outcome feedback, judging category designations of human-like figures, college students, 53:10879
lesion level & emotional cues, affective expression of arousal, 17–58 yr old males with functionally complete transections of spinal cord, 55:12563
letter & word configuration cues for word recognition in context & for matching nonsense syllables in isolation & intelligence & WISC block design performance, interrelationships & reading performance, 1st graders, 57:9078
letter fragments embedded in letter contexts & familiarity & preexposure cuing, recognition, college students, 56:7098
letter positions vs word shape cues, recognition, kindergartners vs 1st graders vs college students, 55:11985
letter vs configuration cues, word recognition, retarded vs nonretarded 6–7 yr olds, 53:3458
levels of feedforward & feedback information, multiple cue probability learning, college students, 58:4808
lexical markedness, time to verify & transform marked/unmarked word pairs of oppositional adjectives & singular-plural noun pairs, 57:11988
light &/vs tone signaling of food & shock delivery schedules, response rates, male rats, 53:2780
linear perspective cues, apparent size & distance & general constancy vs line frame explanations of Ponzo illusion, 57:4892
linear regression analysis, behavioral cues used in judgment of marital satisfaction of videotaped couples during problem solving interactions, college students, 55:10252
linguistic complexity & imagery of proverb & presentation with conceptually related vs unrelated interpretation & prompting with interpretation vs subject-noun vs brief story, recall, college students, 55:1864
list categorization & cueing, long term linguistic memory under recognition vs recall, 10th & 11th graders, 55:11487
list cues, recognition & recall of target words on lists of cue-target word pairs, college students, 55:3790
location & distance cue availability vs nonavailability & interpolated processing activity, reproduction of end-location & distance of preselected movement, right handed Ss, 55:3783
location & viewing time of bar indicator prior to multiletter display presentation & proximity to test bar indicator, letter-naming RT & programing of selective encoding, 57:2355
locus of control & other-direction & academic achievement motivation, acceptance of motivational cues in intentional-incidental learning, college students, 58:6857
MA & external cue vs no cue during waiting interval, response inhibition in differential reinforcement of other behavior paradigm, institutionalized mentally retarded 20–29 yr olds, 57:8498
marginal vs extramarginal cortical lesions, shape & size discrimination in relation to number of cues given, cats, 57:7731
marihuana & cued vs uncued conditions, free recall of word lists, 21–28 yr old male moderate users of marihuana, 58:11321
maternal teaching of real vs contrived object names with cuing vs feedback strategies, receptive vocabulary performance, preschool age developmentally retarded children, 57:5574
meaningful vs abstract cue & criterion labels & correlation among cues as suppressor variable & system predictability, multiple-cue probability learning, college students, 57:9498
meaningful vs nonmeaningful labels of nonsense pictures, cued vs noncued recall performance, college students, 57:12039
measurement of perceived distance from oculomotor cues, indirect "adjustable pivot method" using verbal report, 58:2616
microcounseling, sensitivity & attentiveness to nonverbal cues, master's level practicum students in guidance & counseling, 57:8937
minimal interposition cue, size illusion, college students, 56:7130
mixed list of digits & letters & probe category precue & repetition, memory search of list for probe presence/absence, college staff & students, proposal for partially selective search model, 57:7433
mnemonic instructions to imagine vs verbalize study material, facilitation of cued recall, 1st vs 4th graders vs college students, 55:11960
modeling &/or reversibility cues, acquisition & retention & generalization of conservation of length, 4 yr olds, 54:9360
modeling strategy shifts, problem solving task, 56:3389
modeling &/vs cues, acquisition of complex verbal response patterns, college students, 55:3715
modifications involving vertices of Necker cube, induction of 3 dimensional space & figural reversal, 57:278
moral training & environmental cues, tendency to imitate aggressive model, male college students, 58:9447
moving horizon vs moving airplane vs frequency-separated vs kinalog attitude presentations, compensatory vs pursuit tracking performance, nonpilot US Navy ROTC students, 55:5840
moving vs static stimuli, use of cues of space vs velocity for time estimation, adults vs 7–10 yr olds, 54:174
multiple cue probability learning, detection of cue intercorrelation, college students, 54:8832
multiple vs selected retrieval processes, spacing effect in free recall, college students, 58:10986
multiple-baseline reversal design, relationship between cue properties of odor & running behavior in runway, male rats, 55:265
multiple-cue judgments using fictitious medical-diagnosis task, information integration & subjective weights, college students, 57:4915
mutilation of word shape &/or initial vs medial vs final letter of word, reading time & errors, good vs poor 6th graders & junior high & high school students, 54:10600
naming cue for 1 word following presentation of word pairs & semantic association vs nonassociation of words, naming latencies for word recognition, college students, 58:322
nature of problems & complexity of directions & cues carried by concrete materials & age, skill in solving matching problems, mentally retarded 10.6–14.6 yr olds, 58:9720
negative grooming cues & sex, impression formation, college students, 53:1080
nicotine during signaled vs unsignaled avoidance training, observed behavior, rats, 53:2661
nicotine during signaled vs unsignaled avoidance training, avoidance behavior during withdrawal, rats, 53:2662
nonverbal cues & rater's social class, ratings of empathic communication in counseling, males, 58:10031
nose visibility & external surrogate reference & distance from target, free scan judgments of straight-ahead & Pinocchio effect, college students, 56:9118
novel irrelevant cues, brightness discrimination reversal, male rats, 56:3494
novelty & familiarity as redundant cues, discrimination learning, retarded 8–19 yr olds, 56:4278
number & type of word attributes, list acquisition & long term retention, 55:8934
number of irrelevant cues & predictability of criterion, processes of hypothesis selection & testing in simple multiple-cue learning task, college students, 58:6869
number of placement cue–reward pairings in goal box, resistance to extinction, male rats, replication of M. J. Homzie & J. W. Rudy's finding, 53:6920
number of presentation trials & color cues, incidental learning & selective attention, kindergartners, 58:3123
number of product cues & cue intervals, product evaluation, college students, 55:8551
number of study trials, old vs new & right vs wrong word identifications on multiple-item recognition learning task, college students, 58:2697
number of verbal modifiers paired with to-be-remembered items, free recall, 58:323
odor cues vs chamber brightness & reward associations vs agreement of initial chamber preferences with positive stimulus, visual discrimination learning, rats, reply to criticism by B. T. Lett, 58:8929
olfactory & color cues, maze position learning, male gerbils, 57:12131
olfactory cues, avoidance acquisition & extinction, male rats, 53:4785
olfactory vs auditory cues, discrimination reversal learning & stimulus control, rats, 55:3888
open style of adapting to aversive maternal control, reinforcement properties of ordering of disorganized symbolic cues, male college students, applicability of developmental model of paranoid behavior, 54:840
oral cues & postingestional stomach flushing, conditioned taste aversion, male rats, 58:2903
order of presentation of criterion information in multiple-cue probability learning, cue-criterion functions & cue validity learning, 57:2427
order of report & postcued recall of auditory vs visual vs all words using 4-channel bisensory-dichotic presentation, short-term memory, college & graduate students, 53:4450

organizational salience & advance organizers & multiple presentations & cuing strategies, memory for complex prose materials, college students, implications for educational practice, 58:2690
orientation asymmetry as cue, interpretation of schematic social configurations, college students, 53:5195
outcome & cue utilization feedback & task information & task predictability, performance in multiple-cue probability learning tasks, college students, 57:2395
pain cues & uncertainty, aggression in situation involving repeated instigation, male college students, 54:11720
paired associate learning, acquisition of stimulus selection strategies, 5th vs 6th graders, 54:789
pairing cues with other discrepant cues, recalibration of oculomotor cues & binocular disparity, 55:119
pairing novel exteroceptive cues with UCS preexposure, taste aversion conditioning, male rats, 57:12168
paraphrasing vs modeling interview techniques & cuing, self referent affect statements, chronic schizophrenics, therapeutic implications, 58:7829
passage organization & organizational set & verbal ability & cuing of text & serial position of material, cued & free recall of facts from prose, high school students, 55:184
passage structure & presence vs absence of advance organizers, retention of prose material, college students, 57:6855
passages with concrete vs abstract organizers, recognition & recall of connected discourse, 7–11 yr olds in early concrete vs abstract operational stage, 58:3116
pattern vs target-motion cues, time to detect linear targets embedded in static noise, 18–22 yr olds, 58:241
Pavlovian conditioned excitation & inhibition, transfer to appetitive instrumental responding using combined-cue & acquisition-test procedures, rats, 57:7573
perception of & responsiveness to environmental food cues, regulation of food behavior, overweight & nonobese individuals, 58:1480
perceptual & cognitive factors, distance perception, 54:4526
perceptual cohesiveness of pattern & set size & grid cuing, pattern recoding in block design task, college students, 58:2589
perceptual cues & magnitude of work input, reward allocation, 1st & 2nd graders & kindergartners, 54:1021
perceptual cues, trapezoid oscillatory illusion, male college students, 54:244
perceptual span & peripheral cues in reading, college students, 56:9114
peripheral cues & perceptual span in reading, skilled reader college students, 54:10919
personificative cues, development of causal cognition, 2nd–6th graders, 55:6817
perspective & disparity cues, slant perception, normally seeing college students, 55:11398
phonemic & articulatory feature cues in reading task, variations in stuttering frequency, stutterers, 55:10086
phonetic category & auditory coding of speech cues, discrimination of (r-l) distinction, 2 & 3 mo olds, 55:9411
physical cues & sex of stimulus person & S & dating frequency, self evaluations vs judgments of opposite sex physical attractiveness, South African & American college students, 56:9868
pictures &/or questions before vs after relevant passage, factual recall, college students, 54:8896
place & size vs color cues in 4-choice delayed reaction task, memory for locating hidden object, 18 vs 24 vs 30 vs 36 mo olds, 57:912
pocket-sized electronic cuing device providing tactile signal for behavior monitoring of self or others, 58:2465
positive & negative cue redundancy, multiple cue probability learning, college students, 53:10911
positive reinforcement under variable-interval vs shock-avoidance schedule & warning signal, transfer of key peck to shock-avoidance response, male pigeons, 53:2739
positive vs negative linear U-shaped vs inverted U-shaped cue-criterion function forms & response consistency & detection of task linearity & nonlinearity, multiple-cue probability learning, male college students, 54:4587
post-hypnotic cue association, drug abuse rehabilitation, Indian-Metis & white female 14–16 yr olds, 53:3672
practice & priming & time interval between prime & stimulus, facilitation or inhibition of responses, college students, implications of cognitive representations generated by color names, 55:6181
predicted vs unpredicted shock associated with shuttlebox location, location preference, male rats, 57:2560
predictive cues, freezing in shock situation, rats, 56:9288
preferences & abilities in use of organizational cues in free recall, kindergartners vs 3rd vs 6th graders, 58:11430
prefrontal lesions, delayed response performance & intratrial cue observations, monkeys, 56:7473
preliminary information about nature of hidden cyclopean object, stereopsis perception time, college students, 55:6036
prepractice training using individual & simultaneous cue presentation, learning of novel gross motor skill, 5th grade females, 55:8737
prequestion & type of posttest, retention of prose passage, students, 58:6847
presence of A-B & A-C items in same list, cued recall performance of unrelated word pairs, college students, 58:8815
presence of discriminative cue, acquisition of classically conditioned fear response, amygdalectomized rats, 55:6503
presence of manual cues with speech, speechreading performance, prelingually deaf adolescents, 58:3638
presence of situational cue for anxiety during observation of target person, attribution of anxiety to personal disposition vs situation, 55:9810
presentation method & set & stimulus dimensions, same–different reaction times to random shapes, students, 53:8694
presentation of random letter sequences & pattern masking at varying delays after display offset, recall probed by visual partial report cues & auditory probes, college students, 54:11029
presentation of social issue essay written by target with vs without position & constraint cues, attributions of attitude & attribution explanations, college students, 58:7517
prestimulus light cue, lingual vibrotactile thresholds, college students, 57:11869
preview &/or voluntary movement, accuracy & consistency in discrete motor response timing, college students, 57:187
primary & secondary reinforcers as distinctive cues, acquired information value of cues, discrimination, male rats, 55:274
prior contextual information defined by topic vs picture cue vs categorical information, free recall & recognition performance, schizophrenic vs normal children, 58:9680
prior training & presentation delays of competing responses, tolerance of noxious stimulation, female college students, 56:3294
problem composition & positional cues & past instances, conceptual learning, college students, 58:4798
processing interaction between intensity & tone pip of nonphonetic auditory signals, RT for each dimension, college students, test of C. C. Wood's hybrid serial-parallel, 57:320
prompted & problem solving approaches, learning & transfer of motor skills, college students, 55:8950
prompting & social reinforcement, "spillover" effects on social interaction, behaviorally handicapped 4 yr old males, 56:10355
prosocial vs hostile aggression, effects of provocation & victim's pain cues on aggressive responses, college students, 57:3271
provided visual mediators & imagery instructions & concreteness of materials, recall of paired associate lists of nouns, college students, 58:8799
quality of spatial cues available in visual presentations, 1-trial free recall, 55:1874
random vs blocked presentation of categorizable word list with vs without instructions, clustering & free & cued recall, 4th & 5th graders identified as fast/inaccurate vs slow/accurate responders, 58:2712
rate vs imagery vs cued learning, recall or recognition of verbal information, Korsakoff patients, 55:10095
rated importance of items in prose passage, underlining effects on cued recall, 58:336
reading achievement, performance on matching-to-sample task using intra- & intermodal word-recognition cues, 1st graders, implications for beginning reading, 55:8185
recall order & cue placement & retention interval, short term memory, normal vs retarded 8–11 yr olds, 56:2505
recognition & free recall & cued recall tasks, memory for environmental sounds, significance for storage of perceptual & conceptual codes, 57:4958
recovery of memory after reminder, ECS-treated male albino rats with different degrees of amnesia, 54:9093
re-creation of arithmetic task processing details as recognition cue, representation of mental operations in memory trace, 57:11993
reduction of irrelevant spatial cues, visual probability learning performance, male rats, attentional & information-seeking interpretation, 58:484
redundancy, multiple-cue probability learning, college students, implications for complex inference task learning, 54:295
redundant cues approach using color coding sounds in Thai syllables, acquisition of pronunication responses & transfer to syllables not color coded, college students, implications for learning to read, 56:2877
reinforcement vs information topic, conversation, chronic psychiatric patient dyads, 53:3363
reinstatement of retrieval cues & reward amount & intertrial interval partial reinforcement & N- length effects & alternation patterning, 58:8896
related vs unrelated cue-target word study pairs, recall superiority & recognition failure relationships, college students, implication for encoding specificity, 56:9247
relatedness of cue on container to people's societal roles & specificity of instructions, cue utilization in storage & memory for location of people's pictures, preschoolers vs 1st vs 2nd vs 5th graders, 57:7942
relative cue complexity & validity & task predictability & cue-criterion function form, progression hypothesis vs hypothesis testing in 2-cue inference task, college students, 58:10948
relative salience of gustatory & visual cues, formation of poison-based food aversions, guinea pigs, 54:7164
relative vs absolute cues, stability of conditioned reflexes, bears, 55:9059
relevance to story theme & concreteness vs abstractions of sentences & presence of names & descriptions, identification of immediate context & story which Ss had learned on own, members of Sherlock Holmes society, 55:8931
relevant vs irrelevant & elicited vs provided verbal labels, puzzle assembly task performance & memory, kindergartners vs 6th graders, 55:6794
reliability of contextual cues for praise & goal orientations, compliance measured by task responsiveness & physical distance & affiliative helping response, support for informational properties of cues mediating social influence processes, 58:7414
reminder cues after footshock, memory reinstatement after electroconvulsive shock, rats, 53:4647
representation of pairs of nouns in memory as single interactive image vs 2 separate images, cued vs noncued recall, 2nd & 6th graders, 56:5767
representational prompts, aphasia therapy, 57:13359
reproduction vs recognition method of cue intercorrelation in multiple cue probability learning, college students, 54:4567
residual judgment, cue definition in naturalistic studies, clinicians & pathologists, 53:2325
resolution of incompatible depth cues occurring to viewer, physical construction of version of Devil's Tuning Fork, 55:11387
response & activities cues, determination of existence of privacy situation, invaders, 55:4567
response to multiple visual cues of color & size & form in visual discrimination learning, autistic vs Down's syndrome vs normal 5–13 yr olds, 56:8119
responsivity to linguistic vs non-linguistic cues & sex, accuracy in perceptions of others, males vs females, 56:4016
retention interval, monotonic vs nonmonotonic lag, in paired associate learning & cued vs uncued recall in recognition, humans, 56:3415
retrieval cues & proactive inhibition, response generation & selection, college students, 55:8878
retrieval cues, recall, 3rd & 6th graders, 54:380
retroactive interference, single-cue probability learning, high school students, 57:397
retrograde amnesia induced by insertion of outstanding item presented at loud intensity within word list, postitem cue recall performance & retrieval failure hypothesis, college students, 57:12012
rule learning & transfer in oddity & discrimination problems, 4th & 5th graders, 58:800
runway locus of odor cues, double-alternation runway responding, rats, 57:5062
salience level of nonsense shapes & instructions to avoid processing color cue, recognition thresholds & flexibility of preattentive & focal attentional systems, 6 vs 11 yr olds vs adults, 58:3087
salient reward cues & reward concentration vs distraction instructions, intrinsic motivation & play activity choices, preschoolers, discussion of attribution & frustration theory, 57:2501
saturated book environment & reading strategy lessons, language cue utilization & attitudes toward reading & books & school, 5th graders, 55:8117
schedule of cue production interacting with cue duration, stimulus control in sustained attention study, pigeons, 55:6281
schematic black & white vs colored & detailed black & white vs colored drawings vs written nouns, free recall, college students, test of incidental-cues hypothesis, 57:4965
scopolamine, successive discrimination with tone vs light vs tone–light combination as relevant cues, rats, 53:2695
self instructions not to make prohibited response in temptation situation & cue functions regarding external contingencies, subsequent rule-breaking behavior, elementary school students, 58:372
semantic & nonsemantic cued orienting tasks, associative clustering in free recall, college students, 53:10969
semantic category set, auditory word recognition in noise, normal hearing Ss, 55:3672
semantic cues not encoded at time of study, information retrieval from memory & recall vs recognition measures, college students, test of encoding specificity principle, 53:2410
semantic cuing as alternative to exhaustive free recall, measurement of long term episodic memory, college students, 57:376
semantic integration of sentences & prompted vs free recall conditions, retrieval methods in recall, nursery schoolers vs 1st vs 3rd graders, 57:12523
semantic priming in speeded word-nonword classification task & duration of priming event, facilitatory & inhibitory processes, university personnel, interpretation within framework of M. I. Posner & C. R. Snyder's theory of attention, 57:7404
semantic similarity of recall cues to input cues, recall, college students, 53:4443
semantic vs nonsemantic orientation tasks in incidental learning, semantic vs nonsemantic cued recall & recognition performance, college students, implications for memory trace structure, 56:9178
semantic vs nonsemantic orienting tasks & timing constraints, sentence comprehension & cued recall, college students, 58:4829
semantic vs phonemic encoding conditions, probed recall of targets from word sequences containing phonemically vs semantically similar stimuli, male college students, 55:11457
semantic vs syntactic cues, sentence processing, 6–9 yr olds, replication of D. McNeill's study, 53:4899
sensory cues, altitude & distance judgments for aircraft landing, pilots, 54:12687
sensory cuing & CR patterns, acetylcholine release from visual & sensorimotor cortices, rabbits, 56:275
sensory-motor cues, transformation of spatial representation, 4–9 yr olds, 53:6551
sentence comprehension & recall, role of inference revealed by recall cue effectiveness, 57:7416
sentence concreteness & voice & distractor type & unrelated vs synonymous noun vs verb phrase cues, recognition memory for elements of sentences, college students, support for semantic encoding model, 57:2460
sentence pairs with vs without word cue identifying preceding word string as verb & agent, processing load as measure of case role identification & integrative sentence meaning processing, college students, 58:2672
sentence transformations & semantic relationships, ease of sentence processing using cued recall tasks, test of explanations in theory of transformation grammar vs theory of 1st-noun saliency, 55:1826
sentence vs picture descriptions of item pairs, paired-associate learning, 3rd graders, 53:310
septal lesions & visual cues & feedback, DRL performance, rats, 58:2944
sequential tactile-pressure cues applied to body parts, human figure drawing, kindergartners, 55:11978
sequential use of thought stopping & counting & cue-controlled relaxation & covert reinforcement, obsessional thinking, 56:1053
set size & word types & list structure & dimension & temporal cues, selective vs tagging strategy in long term recognition memory of probe in cued set, 58:2686
setting similarity, transverse patterning problem learning, 4th graders, 53:4883
sex differences, cue observations & inferences in person perception, college students, 55:4558
sex of E & S, outer-directedness & attentive behavior & learning, educable mentally retarded girls vs boys, 56:897
sex of peer figures & affect cues, perception of distance cues in structuring personal space, male & female 3–6 yr olds, 57:5602
S-generated vs E-provided word strings linking nouns & prompted vs unprompted conditions & comprehensibility of provided sentences, noun pair learning, 2nd graders, 55:8896
shock intensity & duration & presence vs absence of olfactory fear cues, avoidance acquisition, male rats, 57:12137
short term practice & P. M. Fitts's index of difficulty of movement, performance in preview-constrained motor control task, male college students, 57:193
signal duration preference for signaled reinforcement schedule, pigeons, 55:264
signaled vs unsignaled escapable &/or avoidable slide presentations of negative interpersonal evaluations, performance, 57:8193
signalled reinforcement in differential reinforcement of low rate schedules, response rate, male rats, 53:2756
simple vs complex situation, adaptive use of cues, 1–5 yr olds, 58:3096
single cue vs compound cue problem with conditioned vs color rule & global vs analytical cognitive style, concept learning, female high school students, 54:6753
single or multiple auditory &/vs visual cues & same vs nonidentical cues, concept identification, male college students, 58:4768
size of to-be-forgotten & to-be-remembered lists & countermand of forget cue, RT for recognition of item to-be-forgotten, 58:8787
smell vs/& taste cues for reward & nonreward, discrimination between heavy & deionized water, male albino rats, 54:9293
social cues as CS, avoidance conditioning, male rats, 54:4916
social evaluation orientation & task orientation & deliberate cueing, experimenter expectancy effect, 8–12 yr olds, 54:990
sodium pentobarbital, place vs response cues in escape from water maze, male rats, implications for state-dependent learning, 58:3018
spacing between categorically related words & presentation rate & category size, free & cued word recall as function of serial order within category, college students, 58:4805
spatial location cues, generation of target-directed hand movement, 57:2301
spatial position of cue, stimulus facilitation of delayed reward performance, rats, 55:6309
specific cues, analysis of unfamiliar words, 54:11764
specific vs organizational vs inferential questions as strategy cues, prose learning, graduate students, 55:13329
speech signal in which vocal quality is isolated from dialectal cues & phonology & intonation, distinguishing black from white speakers, college students, 55:6659
speech–sound cue, ear asymmetry in dichotic listening, right handed male college students, 54:10879
standard time-compressed display vs displays providing spatial & temporal target cues vs primarily spatial cues, target detection performance, college students, 55:3656
standardized verbal cues, discrimination learning, institutionalized retarded children, 58:2183
state of actor as sober vs drunk vs upset & situational constraints & O expectations, reduction of inhibitions or discounting cue in attitude attribution & attributional meaning applied to humor, 55:4578
stimulus & foreperiod duration uncertainty, judgments of visual stimulus duration, male schizophrenics vs alcoholics, 58:5467
stimulus integration produced by relevant pretraining & trigram pronunciability, component selection strategies & paired associate learning, 4th & 6th graders, 58:11447
stimulus pretraining & pronunciability, cue selection in paired associate learning, 4th & 6th graders, 55:8898
strength of linear perspective cue & simplicity of visual pattern, shape constancy, college students, 58:8733
strong cues presented at output, reduction of retroactive inhibition in categorized free recall following interpolated list, college students, 57:7438
strong vs weak associates of to-be-remembered words & cue timing, retrieval cue effectiveness in cued early vs later recall, 57:7489
structural vs strategy models, retrieval in cued recall, college students, 54:8895
structuring of semantic space around cues & words, subsequent recall of associations & word lists from initial task, college students, 57:2404
study time & interpolated learning & cueing, alphabetizing & categorizing as organizational strategies in immediate & delayed free recall, 55:11468
subjective organizational processes, listening & reading comprehension of paragraphs with no vs distinctive vs distorted pausal cuing, educable mentally retarded vs nonretarded 9–12 yr olds, 57:13905

subliminal auditory cue words, judgments of supraliminal visual stimulus, college students, crossmodal version of experiment by G. J. Smith et al, 54:4497
subliminal cue words presented to unattended ear channel, responses to homophones presented to other ear at supraliminal intensities, test of N. F. Dixon's model of attention, 58:393
successful vs unsuccessful fading series, stimulus control, children, implications for instructional materials, 58:8786
successive-concurrent vs concurrent teaching procedure, acquisition of differential responding to individual components of language cues, severely handicapped students, 58:8401
summation of instructional cues in modalities of textual & pictorial & auditory information, achievement, college students, 55:10750
superordinate vs coordinate topic sentence & presence vs absence of superordinate retrieval cue & grade level, learning & retention, 3rd vs 5th graders, 54:4992
suppressor variable & labeling vs nonlabeling, achievement & consistency & matching in multiple cue probability learning, 55:6172
synonym vs rhyme study cues & recall repetitions, synonym vs original rhyme vs extralist cued recall, 57:2408
syntactic & lexical sentence ambiguity & ambiguity cue, latency for meaning recognition & picture verification, 57:7482
systematic variance in number & type of perceptual cues using screening technique, conservation of liquid quantity task performance, kindergartners vs 1st graders, 57:2941
tactile & positive verbal cues, attention to arithmetic task & performance accuracy, emotionally disturbed students, implications for special education, 55:8290
task characteristics, cue combination strategies in clinical judgment, experienced high school guidance counselors, 53:6248
task characteristics, formulation of combination rules in multiple-cue probability learning performance, 57:2401
task complexity & memory aid conditions, visual discrimination learning, 8–10 & 14–15 yr old educable mentally retarded, 56:6231
task component training & task solution with vs without assistance or prompting, skill assembly in solution of Wertheimer's parallelogram area problem, test of information processing model of invention, 57:7403
task content & consistency, approach to multiple-cue probability learning task, high school & college students, 58:6850
task information level, cue selection in inductive inference task, college students, 58:10947
task uncertainty & number of cues & classification by sex & differentiation & integration, multiple-cue task performance, college students, 55:3686
taxonomic frequency of cue & critical words & intra- & extralist cues, inhibition with part-list cuing, college students, test of item strength hypothesis, 57:12003
techniques for analyzing efficient cues of visual depth perception in animals, 56:6990
temporal cuing of coverant emission, self evaluations, 21 yr old male college student with interpersonal anxiety & depression, 56:8429
temporal parameters, discriminative stimulus properties of doses of dextroamphetamine relative to training dose, male rats, 56:2036
test anxiety & O presence vs absence & cue utilization, simple learning task performance, female college students, 57:8179
test anxiety & sex & relaxed vs standard test instruction conditions, test wiseness, 6th graders, 57:9186
testing in dominant vs subordinate language, facilitation of verbal vs pictorial class-inclusion reasoning & effect of linguistic vs distracting perceptual cues, Mexican American 3rd & 5th graders, 56:7191
testlike events in mathematics text, forward transfer of different reading strategies, college students, 54:10587
therapeutic vs nontherapeutic instructions & situational cues, systematic desensitization & placebo effects in treatment of public speaking anxiety, college students, 57:1661
thirst drive, cue utilization & cue dominance of spatially separate cues, male rats, 53:9144
threshold levels for aggressive cues, overt aggressive behavior, male college students, 54:7543
tilt & color cues, selective visual processing of letter arrays, college students, 58:214
tilted position & focus on internal vs external cues & cognitive style & stress, performance on Rod-and-Frame Test, female college students, 53:9643
tip-off vs situational cues as information source, admission of suspicion of fake opponent, male college students, 57:1215
to-be-remembered vs to-be-forgotten vs uncued control sentences, selective-rehearsal & differential-grouping interpretation of positive-forgetting phenomenon, college students, 53:4488
training conditions, 2 cue learning, 3 & 4 & 7 yr olds, 55:3725
training in asking effective questions & supplied item groupings vs identification of individual items & transfer game with vs without memory aid, acquisition of transferable problem solving strategies, 3rd graders, 56:1394
training in prediction of blood alcohol level from internal &/vs external cues, blood alcohol level discrimination, moderate drinkers, 58:4956
training method using kinesthetic cues, learning & retention & reproduction of graphic forms, 1st vs 5th grade male good vs poor readers, 58:12495
training to respond in concrete vs functional vs abstract manner using verbal learning set & social reinforcement & prompting, modification of cognitive levels, kindergartners, 56:501
trial & error training with series of programed stimuli emphasizing proximity cue, mentally retarded Ss, 55:10972
true hypothesis behavior estimation from inconsistent response patterns, discussion of B. R. Williams's model, 53:4435
true hypothesis behavior estimation, probability of cue-defined choice combination in M. Levine's method of blank trial probes, 53:4470
typographical cuing & pretesting, test performance, college students, 58:6271
unaided recall, aided recall of word pairs vs CCC- vs CVC-word pairs, 58:4821
uncertainty of prequestions & information feedback, short & long term retention of prose materials, college students, 58:11013
understanding of implied motion in 2-dimensional pictures employing isomorphic vs conventional cues, preschoolers vs 1st vs 6th graders vs college students, 57:5537
unreliable category cues as secondary source of information, visual search & detection on inherently noisy display, male naval ratings, 58:4733
utilization of configurational cues when isolable CS are available, compound eyelid conditioning, rabbits, 55:267
utilization of response-produced cues, degrees of transfer in serial to derived paired associates transfer task, college students, 58:2711
various percentages & sequences of discriminative cues, patterning & resistance to extinction on nonrewarded acquisition trials, rats, 57:2590
verbal & nonverbal cues & intuitive perception & sensitization, utilization of incongruent communication & rated "client" anxiety, 57:3174
verbal & visual & motor cues, perceptual discrimination, 18 & 36 mo olds, 55:12000
verbal cue & attention-getting verbal utterance, perceptual discrimination learning, 3 yr olds, 58:9278
verbal cues & requirements to complete task, delay of gratification, 8–11 yr olds, 58:373
verbal cues vs object–person gestures, formation of warm vs cold personality perception, college students, 54:5259
verbal labels, short term retention of simple motor skill, female college students, 57:12069
verbal &/vs figural analogic sets & prompts, item matching & recall & apprehension of abstract figurally-based relations, 58:311
verbal vs nonverbal cues & sex, reading comprehension, 4th graders, 57:13812
viewing photographic sets of objects, recall of object attributes with photograph's serial position vs object name vs position vs color cue, college students, support for fragmentation hypothesis of memory, 56:9208
viewing slides of people's behavior followed by leading questions, recall of person as having committed act that he did not commit, college students, 57:409
visibility of sky sectors, orientation behavior, robins, 54:9299
vision of pendulum oscillations & visual vs auditory spatially oscillating stimuli, imaginal processing of Chevreul pendulum illusion, college students, 55:117
visual & auditory cues & IQ, receptive learning efficiency on paired associate tasks, 7–11 yr old educable mentally retarded special education students, 58:8394
visual aspects of letter stimuli & cue reliability & information load & interstimulus intervals, same-different judgments of letters, 55:8865
visual cued observation interval, high-confidence decision-related cortical evoked potentials during auditory signal detection, young adults, 55:332
visual cueing, failure to cease conditioned responding during extinction phase of classical eyelid conditioning, mentally retarded vs nonretarded adults, 56:10145
visual cues & dosage of malaise inducing agent, acquisition & persistence & extinction of poison-based aversion, monkeys, 54:9166
visual feedback of movement & visual vs extraneous cues from task display, reproduction & learning of linear positioning movement, college students, 55:102
visual forms, spatial & temporal mnemonic integration, 58:6757
visual imagery instructions & cuing, visual signal detection, college students, 53:4375
visual memory aid, qualitative vs quantitative vs equivalence conservation, institutionalized retarded children, 58:3600
visual memory aids & directed instruction, responses to direct & inverse order questions, kindergartners & 2nd graders, reanalysis of Piaget's cyclic movement problem, 58:11483
visual memory training using spatial grouping & schematic redundancy & external cuing, recall of random digit strings, educable mentally retarded children, 57:3623
visual message-related cues, speech reading performance, 51–59 yr olds with hearing impairment vs normal-hearing 19–26 & 52–61 yr olds, 53:5737
visual noise contained in matrices & color vs shape vs no cues, target letter search time as measure of selective attention, 1st vs 3rd vs 4th graders, 58:9252
visual vs auditory presentation & list categorical structure & cuing, individual differences in strategies used & free recall performance over list-to-list within-S design, 5 yr olds, 57:7373
visual vs lexical vs vocal vs vocal-lexical cues, judgments of counselor qualities, male vs female college students, 56:6354
visual vs olfactory vs compound cues, noxious vs non-noxious prey discrimination, leopard frogs, 53:2819
visual-holding cues & simultanizing strategy, operant acquisition of manipulative response, 6- vs 9-mo-old infants, 53:11412
vocabulary size & ease vs difficulty of retrieval cue & word frequency, graphemically cued retrieval from long-term memory, college students, 53:10955
vocabulary size & word frequency, semantically vs graphemically cued retrieval of words from long term memory, college students, 56:5313
voice &/vs pause cue auditory highlighting of recorded passages, listening comprehension, 5th & 6th graders with learning &/or reading problems, 57:13919
volumetric cues, sameness-difference judgments, male squirrel monkeys, application of Piaget's theory & methods, 55:6257
water deprivation, utilization & dominance of incidental vs redundant-relevant cue vs optional shift discrimination, rats, 58:8871
waveform cue utilization, auditory signal detection, 57:311
waveform envelope & transitional & invariant cues, phonemic & syllabic & prosodic processing, implications for construction of tactile aid for deaf, 58:8757
weight & sex, field dependent eating & perception, obese & normal-weight college students, 55:7222
word concreteness, recognition-cued recall for noun–adjective pairs, college students, 54:2346
word form class labels as verbal cues, production of descriptive sentences, 4–5 yr olds, 54:9345
word length & semantic &/vs graphemic cues, anagram solution times, college students, 56:1805
word list length & cue conditions for recall, recall performance, application to associative-continuity & encoding-specificity hypothesis, 57:2440
word order & prompting & grammatical voice & logical categories of prompt words, verbatim vs semantic sentence recall, male high school students, 55:11494
word shape & boundary manipulations, reading & search speed, college students vs 2nd–6th graders, 56:492
word-cue delay, role of rehearsal in directed forgetting, college students, 58:2717

Cultism

anthropological view of Alcoholics Anonymous as crisis cult & social psychology of group, alcoholic members, 54:3679
cargo cults as psychocultural adjustment modes to Western cultural contact, Melanesia, 53:9357
cultural specificity of mental illness, Rabt & Zar cults, Egypt, 53:5483
dogma & rituals & interactional characteristics of ego & environment & suffering, religious healing in Japanese cult, 54:2830
educational aspects of transcultural psychiatry, methyl-alcohol poisoning among students & cargo cults, Papua New Guinea, 57:3601
ethnographic aspects & case description & diagnosis & treatment, hoodoo possession, case study of Afro-American woman of subculture of San Francisco, 55:9583
initiation procedure into spirit possession cult, therapeutic potential for treatment of psychiatric disorders, 54:3624
male dominance & power, secret "nama cult" among Bena Bena of New Guinea highlands, 54:9443
microreligious response to social change, case study of cannibalism for cargo, Melanesian Goilala, Papua New Guinea, 57:12604
neurophysiological explanation of sensitization of autonomic nervous system, "voodoo death", 53:9352
personal & ideological & organizational factors & psychoanalytic theory, development of personality cults, 54:3153
psychological characteristics & life experiences, acceptance of Hinduism & guru, devotees to American guru, 54:879
quality of trance behavior during cult & threatening vs neutral content of memory material, differential recall, Yucatan crisis cult, 56:5875
sickness caused by spirits in Amhara zar cult, adaptive strategy of possession cults, 54:11529
therapeutic aspects of possession cult practices, Puerto Rican Spiritist cults, 55:2257

Cultural Assimilation

acculturation & assimilation, 54:11523
assimilation vs black nationalism, history of southern black student activism, college students, 55:2259
cognitive complexity, adaptation to sociocultural change, Cuban refugees, New Orleans, 55:12113
cultural adaptation & advantages of psychology as speculative science, 54:4397
cultural assimilation, perceived religious & academic goals of parochial education, Catholic parents of children in Catholic vs public schools, 58:7335
cultural conformity & superego development in Israeli kibbutz, 54:9450
cultural differences & Western influence, personal & clan values, 2 groups of high school students from different areas of Papua New Guinea, 53:7151
cultural immersion & school programs in intercultural education, attitudes toward Italian people, 6th grade American dependents in Italy, 55:6934
cultural pluralism, multicultural education, 54:4147
culture assimilator training, attributional tendency & cognitive & behavior changes in interpersonal interaction with Blacks, White males, 57:3074
demography & assimilation, Latvians in Hobart, Australia, 57:3044
dis-assimilation theory & ethnic identification projection, Chicano health professional students, 55:9579
ecology & traditional culture & traditional behavior & acculturative influences & contact culture & acculturated behavior, ecological approach to cross cultural psychology, 54:4398
ethnicity & identity, Greek Australians, 58:7330
exposure to acculturation, performance on 2 learning aptitude tests & degree of psychological acculturation, 7–14 yr old children of transient vs settled-out Mexican American migrants, 58:7336
French-English bilingual education program, academic performance & language program, academic performance & language usage & maintenance outside of school, French-speaking children in northern Vermont, 56:8660
heritage preservation & educational experiences, Mexican Americans, 57:11199
images of fellow nationals & Americans & themselves, cross cultural adaptation, Chinese students in America, 54:895
immigration & duration of residence in new area, fertility aspirations & family planning strategy, Swiss & Spanish & Italian 18–45 yr old married females living in Switzerland, 58:7352
migration from North Africa to France, psychopathology & cultural assimilation, several case reports, 57:5652
number of Thai friends & enrollment in university departments with higher percentage of Thai students, psychological assimilation, Chinese college students, Thailand, 55:12114
occupational & educational levels & community organization & ethnic identity & social ties & US receptivity, success of exiles, Cuban expatriates in US, 57:1045
patterns of interethnic marriage & friendship & various theories of ethnic assimilation, US, 57:12605
perceived similarity & acceptance & social distance & sex & race & social class ethnic identification, Caribbean immigrants to Canada, 57:1073
post-immigration & resettlement experiences, Chinese immigrants in San Francisco, 55:9541
previously held culturally based categorization, conceptual schemes in organizing perceptions of mediators of new culture, Venezuelans in US vs US natives, 58:11540
psychological marginality, generative factors within ethnic group framework, literature review, 58:7326
psychotic decompensation, case histories of transplanted foreign-national workers, 55:12446
self-image & self-esteem, Brazilian adolescents of Japanese origins, 53:5352
Western patterns of technology & education & detribalization & migration & urbanization & cash economy, Papua New Guinea, book, 54:11497

Cultural Deprivation

ambiguous cue technique & 3-cue probe trials, approach-avoidance tendencies in discrimination learning, 62–72 mo old children in special class for culturally disadvantaged, 56:502
analysis of cultural deprivation concept, review, 53:7167
assessment & development of learning abilities of culturally deprived, underlying theory & practices of R. Feuerstein, 55:2904
attitude toward sex education at intermediate grade level, students & teachers & parents & clergy & physicians in culturally deprived areas of San Juan, Puerto Rico, 57:11367
Bayley Scales of Infant Development, early diagnosis & prevention of sociocultural deprivation, infants, 58:7803
behavior modification procedures, disadvantaged & deprived children, 53:12513
compensatory program, culturally deprived Korean children, 54:1932
correlation of academic achievement with culturally biased vs culture fair tests, 10 yr old culturally disadvantaged children, 57:4466
cultural deprivation & physical isolation & parental mental retardation, retarded language development, 4 yr old male & 5 yr old female siblings, Canada, 58:3100
cultural deprivation, avoidance of arousal-provoking stimuli & response bias for simple-familiar stimuli during signal detection, culturally deprived vs nondeprived 4–5 yr olds, 54:8789
cultural deprivation, preferences for complex vs novel stimuli, preschoolers, 56:9638
cytogenetic examinations, chromosome anomalies, tall emotionally disturbed culturally disadvantaged 5–14 yr old boys, 53:9957
emotional & social & economic & affective deprivation, socialization & school adjustment, inner-city children, 55:10958
emotional troubles & families' psychodynamic interferences & educational system influencing school problems, social adjustment & vocational choice, 11–13 yr old boys from culturally deprived families, 53:10498
enriched academic environment, scholastic achievement, culturally deprived 14–17 yr olds in special school for intellectually superior, 54:12602
historical perspective & chronological bibliographies, concept of disadvantagedness in education, 55:7870
initial recognition of detail & gradual build to composite structure vs differentiation process from global mass to finer discriminations, nonpictorial peoples viewing pictorial test materials, reanalysis of J. B. Deregowski's protocols of Me'en tribe, 53:8713
labeling, self-concept & expectations, retarded & disadvantaged & deprived black children, 53:1318
language deficit & learning problems, culturally disadvantaged children, 54:7909
models of cultural deprivation process linking socioeconomic status & family environments & children's abilities, extension of basic model with consideration of parental abilities, 57:997
myth of cultural deprivation & value of cultural pluralism in classrooms, guidelines for teachers, 55:10961
negative social self perception, culturally deprived children, implication for education & guidance, 55:13550
personality characteristics, rehabilitation outcome, culturally disadvantaged clients, 56:1220

sociocultural & economic deprivations of migrant workers, physical & psychological development of children & efforts in parental education, Europe, 55:9603
tachistoscopic presentation with controlled reader vs basal reader, reading speed & accuracy & vocabulary & comprehension, culturally disadvantaged 6th graders, 55:8096
validity of MMPI Psychopathic deviate scale, levels of social deviance, black male inmates & culturally deprived black college students, 54:95

Cultural Familial Mental Retardation [See Psychosocial Mental Retardation]

Cultural Test Bias
biracial clinical setting, Goodenough-Harris Drawing Test performance, lower vs middle socioeconomic Black vs White 4–5 yr olds, 58:8636
black six-hour retarded child syndrome, 53:2008
comparative analysis of alternative admissions strategies, application to data from DeFunis case, 57:7250
comparative racial analysis of enlisted advancement exams, item differentiation, Black vs White US Naval personnel in 6 occupational specialties, 58:6706
correlation analysis & item analysis & analysis of variance, comparability of test results among diverse cultural groups, 54:6415
correlation of academic achievement with culturally biased vs culture fair tests, 10 yr old culturally disadvantaged children, 57:4466
critical analysis, statistical & ethical implications of test bias definitions, 58:109
cross-cultural validity, intelligence measurement, 53:8604
cultural & experiential background, informal reading inventory diagnosis, Anglo vs disadvantaged Mexican American 9th graders, 55:11033
cultural & racial differences & urban vs rural backgrounds, Queensland Test of General Cognitive Ability, Fijians vs Indians, 55:8616
cultural bias of Bender Gestalt Test using 2 scoring systems, diagnosis of organic vs nonorganic Ss, 15–55 yr old white vs black brain damaged vs epileptics vs psychiatric patients, 56:9964
cultural differences as biasing agents, tests, white suburban & black inner-city 9th graders, 55:5704
cultural test bias & different vs single classes grading, validity problem in GPA prediction, college students, 55:8370
culturally relevant subject matter & identification of pictorial content & specific questioning, Hudson Pictorial Depth Perception Test performance on African vs American version, American 1st & 3rd & 5th graders & college students, 58:8653
culture fairness, Raven's Coloured Progressive Matrices & IPAT Culture-Fair Intelligence Test & WAIS, Costa Rican males, 56:3212
definitions of test bias & taxonomy & illustration of Rasch's alternate measurement model, Black vs White candidates for government positions, test construction implications, 58:8646
development of Bayesian Expected Utility Model, optimal selection strategies for test fairness, 56:1633
development of Purdue Elementary Problem Solving Inventory, attempt to avoid biasing influences for nonwhite & low socioeconomic status children, 54:10830
English verbal attainment tests developed in New Guinea vs overseas tests, assessment & selection at secondary school level in Papua New Guinea, 54:4247
evaluation of models, culture-fair test selection, 57:4810
factor analysis, Raven's Coloured Progressive Matrices item responses, Spanish- vs English-speaking children, 54:4441
factor structure of mental abilities on Comparative Guidance & Placement Program battery, cross ethnic construct validity of battery & discussion of test bias, Black & Spanish & Jewish & Caucasian-Gentile community college students, 57:10092
fairness & bias, WISC & Wide Range Achievement Test of Reading, educationally handicapped South Dakota Sioux children, 58:10609
fairness of psychological tests, implications of 4 definitions for selection utility & minority hiring, 57:14080
familiarity with Western testing materials & English language exposure, extreme response styles, Bedouin vs Moroccan male adolescents, Israel, 57:5669
high school GPA & Scholastic Aptitude Test scores & ethnic group membership & major field, prediction of college GPA, Black vs Chicano vs Oriental vs White college students, implications for culture fair selection, 57:13989
high school GPA & verbal & mathematical scales of Scholastic Aptitude Test, prediction of college GPA, Mexican American vs Anglo American college students, 57:6964
high school grades & objective test scores, psychometric barriers to higher education, 53:6259
impoverished vs advantaged background, culture-free nature of Raven Progressive Matrices, Italian children, 54:5093
intercorrelation of Bender-Gestalt & Developmental Test of Visual-Motor Integration with other intelligence measures, alleviation of racial differences in test performance, Black & White 10 yr olds, 58:2505
internal consistency & reliability, preconstructed Likert-type attitude scales, American college students & British new town residents, 58:8643
IQ testing inadequacies, teacher expectancies & student placement & learning, minority children, 53:1984
item bias on Peabody Picture Vocabulary & Raven's Progressive Matrices tests, Anglo- vs black vs Mexican-American kindergartners through 8th graders, 53:11719
item characteristics of ability tests as selection instruments, test fairness, 58:4643
Kahn Intelligence Test Experimental Form vs WISC, English vs Spanish dominant vs bilingual Spanish-surnamed 1st graders, 58:117
legal & educational consequences of intelligence testing movement, handicapped & minority group children, conference proceedings, 57:11758
linguistically unbiased tests using bilingual perspective, speech-sound discrimination, white vs black vs Puerto Rican low socioeconomic 1st & 2nd graders, educational implications for assessment, 56:1493
logic of regional testing & modified application to 4 hypotheses of cross-cultural research, 53:11483
matching & mismatching characteristics of test & criterion, educational measurement, black children, 53:6265
Monte Carlo simulation, test fairness of conventional & Bayesian adaptive ability testing models, minority & majority subgroups, 57:2201
nondiscriminatory employment test validation when minority personnel are not considered for job, validation with Caucasian employees & subsequent administration to applicant pool containing higher proportion of minority group members, 53:6307
nonverbal & culture-fair performance prediction following on-the-job training, cross validation by 18 mo follow-up study, 54:6469
personality test interpretation, 1st yr teacher trainees, New Guinea, 53:7149
race & sex, Peabody Picture Vocabulary Test responses, Black vs White 8 yr olds, 58:2518
racial & ethnic & socioeconomic effects, intelligence testing related to educable mentally retarded, 54:8474
regression equation based on groups combined, group-mean fair tests, 54:10837
relevancy of SVIB, black male college students, 54:12670
sex & verbal & mental ability, analogy test performance, White vs non-White high school & college students from differing socioeconomic levels, significance for study of test bias, 58:10808
sex bias in tests of mathematical aptitude, 10th–12th graders, 57:6981
standardized testing of black students, problems for test publishers, 53:6246
strategies & problems, academic & personality testing, blacks, 53:6264
test bias & bias in use of test information as reflecting racism & sexism in society, need for elimination of societal biases, 58:2530
test difficulty & culture-bound concepts, validity of Western test adaptations, India, 53:8587
test discrimination, disadvantaged white clerical workers, 53:12619
test interpretation & usage & structure, racial & sex bias, 53:6460
test language & examiner ethnicity, self-concept, 7–15 yr old Mikasuki Seminole Indians, 53:9631
tester's ethnicity & reinforcement & culture fairness, intelligence scores, 4th & 5th grade Papago Indians, 57:9162
testing functions & psychometrics, minority students, 53:6235
utility analysis & perspective on selection rule bias, 57:4787
variations of TAT based on racial characteristics, rating of test material & response enhancement, 17–18 vs 19–22 vs 25–45 yr old Black southern males, 58:6652
WAIS performance & cultural test bias, psychiatric patients from Newfoundland vs Kentucky, 56:2471
WISC test patterns, clinical interpretation of WISC score profiles, Jewish 5–15 yr olds, Israel, 54:1109

Culturally Disadvantaged [See Cultural Deprivation]

Culture (Anthropological) [See Also Subculture (Anthropological)]
abortion in primitive societies, book, 56:565
age & schooling, identification of outline drawings, Songe Ss aged 10–19 vs 20–39 vs 40 yrs old & older, Papua New Guinea, 57:5657
aggression & contrast between age & youth, symbolism in Gothic ivory casket, 57:862
American culture, personality development, blacks, 55:9496
analysis of E. H. Erikson's & R. May's & K. Stern's writings, application of Freudian vision to Western cultural problems, 55:5870
ancient beliefs about death & immortality & ghosts as reflected in Finnish national epic "Kalevela", 57:10076
anthropological & psychological observations, alienation & powerlessness in modern society, book, 57:3025
anthropological approach, cognition, 54:2312
anthropological approach to technological changes, social institutions & customs, book, 54:9416
anthropological approaches, study of symbolic forms in human cultures, book, 58:9365
anticipation & adaptation & concept of culture in anthropology, implications for A. N. Whitehead's philosophy, 56:5869
art counseling, self concept & meanings of cultural terms, high school Afro Americans in Upward Bound program, 56:4981
attitudes & practices of childrearing, people of Menz, Ethiopia, 58:5236
attitudes toward culture, self esteem, students, Trinidad, 55:12285
behavioral cybernetic interpretation of dance & dance culture, 55:11828
behavioral learning abilities of animals, relationship to origins of superorganic culture among humans & usefulness of terms of protoculture & idioculture & material culture, 53:9355
bicultural excursion program, stereotypes & attitudes & motivation, students, 53:8280
cargo cults as psychocultural adjustment modes to Western cultural contact, Melanesia, 53:9357
case report of rumor, national character, China, 55:4374
characteristics of modern youth & culture, considerations of psychoanalysis, 54:12357
charisma & moral authority & cultural superego, societal stasis & change, theoretical convergence among Weber & Durkheim & Freud, 55:12066
Chicano cultural awareness & immediate social change, educational aspirations & expectations, Chicanos & non-Chicanos & Anglo-Americans, 54:887
Chinese cultural pride & spirit & values, cultural & spiritual exchange, US & Peoples Republic of China, 54:7349
cognitive development, rural Guatemalan 5–8 yr olds, 54:9352
collective representation of kinship, urban middle class families, Jamaica, 57:1075
commonly held assumptions concerning culture & psychopathology & mental health services, American Indians, 57:3048
community myths, cultural irrationality, Arawak aborigines in Bolivia, 54:5086
concepts & terminology, culture & personality, book, 55:627
concepts of mental illness, rural Xhosa people, South Africa, 56:5872
conservation, schooled & unschooled Meru 8–14 yr olds, Tanzania, implications for methodological deficits in previous research, 58:854
content & context of joking & historically friendly relationships & their exclusiveness, culturally prescribed friendly relationships, criticism of narrowness of Radcliffe-Brown's conclusions, northeastern Nigeria, 55:9594
country of origin & parents' social class & child's level of retardation, parental guilt feelings & perception of retardation & acceptance of child, Israeli Jews of European vs Eastern descent, 53:9911
cross cultural analysis, sexual restrictions & cultural complexity, 209 societies, 56:562
cross cultural perspective, psychiatric labeling, Eskimos & Yorubas, 57:3064
cross cultural reactions to & interpretations of fire, 54:9412
cross cultural study, antecedents & occurrence & type of ancestor worship using data from 114 societies, 55:12109
cultural & environmental conditions, sex differences in behavior, South West African tribes, 55:6910
cultural & environmental factors, relevance & effectiveness of community psychiatry, 56:10416
cultural & language differences, linguistic relativity, 54:3089
cultural & linguistic aspects of pain description, English & Thai & Japanese speakers, 57:2818
cultural & personality characteristics, temporal placement of past events & quality of memory for those events, Moroccan vs American Ss, 58:944
cultural & racial differences & urban vs rural backgrounds, Queensland Test of General Cognitive Ability, Fijians vs Indians, 55:8616
cultural analysis, Navajo kinship patterns, 56:2207
cultural anthropology perspective, analysis of homicide patterns & underlying attitudes, Houston, book, 58:923
cultural aspects, childrearing & infant care, 53:7157
cultural background & language & geographic region, ethnic identity formation, Anglo & Franco American high school students, northern Maine, 57:10089
cultural basis of humor & insight into character of culture, 58:7328
cultural change, incidence of attempted suicide, Scotland, 57:6080
cultural development, division of spectrum into color words & naming of colors, 58:3051
cultural differences & individual speech style, social perception, book, 55:11833
cultural ecology & evolution, cultural materialism, 54:2142
cultural environment, paradoxicaL sleep characteristics, 20 yr old Temiars, 55:1998
cultural norms & group consciousness, acceptance of life patterns & existence, drug addicted persons, 55:886
cultural perceptions & differences, treatment of handicapped school children of Mexican American parentage, 58:9801
cultural personality, Eskimos, 54:11508
cultural phenomenon of intellectual response of self-aware species, formation of society, 53:2889
cultural traditions, health problems, Puerto Ricans, 54:5080
cultural transmission & anomie & cultural deviance traditions vs labeling approaches, deviance, 55:12469
cultural variations & teachers' perceptions of these characteristics, elementary Puerto Rican students in mainland schools, 56:4872
culturally patterned depression after loss of child, Amerindian female, 54:7791
culture & acculturation, formation of cognitive style, native vs non-native high school students, Canada, 58:872
culture & functional specialization, preference for participative management, managers from 6 cultures, 55:1668
culture & health culture & co-culture & culture broker & culture mediation, concepts of community mental health care service & training, 56:6512
culture & male dominance & female submissiveness or subordination in north coast fishing village, Peru, 55:12098
culture bound neurosis, Qatari women, 54:1277
culture, color & emotion synthesia, Guatamalan Spanish vs Mayan Izutujil, 56:568
culture, perception & patterns of response to matters of health, Arabian immigrants & black Americans, 55:12097
culture, social status of menopausal women, 58:946
data quality control technique & data quality correlates of mode of marriage, holocultural evidence of systematic errors, 56:2215
depiction in mythology & literature & contemporary sanctions in society & possible treatment of victim, rape, 57:1425
destructive & disadvantageous consequences of attempts to develop backward societies, 54:7283
detrimental influences of cultural institutions, psychological investigations, illustrative discussion of psychological phenomenology & body-mind syndrome, 58:1
development & evaluation, attitude scale to measure self & cross cultural acceptance, overseas teachers, implications for selection of teachers for overseas schools, 57:11254
development & structuralization of precursor stages of superego & relationship to psychopathology, non-Western cultures, 58:947
development of attitude questionnaire for use in multicultural industrial work environments, European & Maori & Samoan & Cook Islander car assembly workers, New Zealand, 56:7040
development of self consciousness, maintenance of taboo against death & dying, Western European culture, 57:5662
diffusion of nurturance & pressures toward achievement in childhood & dependence in adulthood, drinking & frequency of drunkenness, reanalysis of data from M. K. Bacon et al in cross-cultural study of preliterate societies, 53:5021
divorce counseling & social attitudes in Western culture regarding marriage & divorce, 55:9607
drugs & distrust & dissension, identity changes & dissolution of culture, adolescent crises, 54:943
drunk's role, Oaxacan culture, Mexico, 56:3895
dual nature & interpretation & relation to culture & social cohesion, taboos, Malaysia, 57:3072
ecological circumstances, development of personality traits & cultural & value systems, aboriginal Athabascans of Alaska, 57:12612
ecology & traditional culture & traditional behavior & acculturative influences & contact culture & acculturated behavior, ecological approach to cross cultural psychology, 54:4398
economic & political & cultural factors, working class politics, Chile vs France vs Italy, 53:11560

empirical relationships among human values & value systems & communication attitudes & behavior within cultural audiences, 55:6872
environment, cognitive ability, Central Eskimo & Nsenga African students, 53:2917
ethnic & cultural influences, patients' description of symptoms & physicians' diagnoses, 57:6460
ethnocentrism toward Eskimo culture, 5th graders in social studies classes, 54:6315
ethnographic data, pattern of "inwardizing" visual performance, Chinese Ss, 56:94
ethnographic study, American families & culture & relationship to mental health & illness, 55:6937
ethnopsychological analysis of symbolic meanings underlying mythological phoenix & dragon & sphinx, 58:11377
European cultural contact, homosexuality, New Zealand Maoris, 53:5028
European culture approach vs Afro perspective, mental health treatment, Black clients, 57:1530
evolution of modernism's concept of responsibility in European culture, Freud's theories, 54:11511
expectation of circumstantially balanced reciprocity vs G. M. Foster's limited-good model, interpreting Mopan Maya system & traditional peasant economies, 54:881
exposure to host culture & education in homeland, development of cross cultural sensitivity & empathy with respect to host culture, 17–66 yr old Chinese immigrants in San Francisco, 55:624
familiarity & cultural relevance, development of categorization, Zinacantecos of Southern Mexico, 53:2911
family relations in classic Chinese opera & traditional family culture, 54:2826
feminine identification & desire for sex change, 2 young adult American Indian males, discussion in terms of anthropological literature describing tribal role of feminized males, 58:3249
firstborn's role in family & community relations, African tribal & oriental cultures, 53:2910
folk systems of dream interpretation & analytical implications, beliefs about & types of ghosts encountered in dreams, Ilahita Arapesh tribe, New Guinea, 57:10109
Gastil's Southernness index & socioeconomic & demographic variables, 1st & 2nd degree murders & manslaughter, test of Gastil's theory of Southern culture of violence, 57:3546
genetic & cultural differences & biculturalism as models of cultural interaction, sex role education, 53:8292
geographic relocation & migration, intergenerational relations, Jewish refugee community of 20–60 yr old adults & their 60–88 yr old parents, 54:7279
growth & human responses to environmental stress, 14th century Pueblo in Arizona, 55:6935
hallucinogens & inebriants & sedatives & stimulants usage patterns, ancient societies, 56:614
health problems & stresses, urban Aborigines, Australia, 55:2430
hierarchical nature of American culture & interdependent values & freedom, 55:2261
holistic theory of neurosis of K. Horney, parallels of emotion conflicts of individuals & contradictions in Western culture, 54:3281
home culture & information learned at home about natural phenomena, learning about natural phenomena in school, Kpa-Mende students, Sierra Leone, 56:564
hypnosis or similar altered states of consciousness, pre-Columbian America, 57:3056
impact of Western medicine, role adaptation of traditional curers, 54:7327

importance of dreams & dream interpretation as socializing function, Morocco, 57:5658
increased level of cross cultural contact, role taking ability & understanding of & attitudinal favorability toward ethnic groups, Canadian vs New Canadian 11th graders, 56:2214
Indian culture program, self-esteem & self-concept & ethnic identity, 7–14 yr old Miccosukees, 53:3992
Indian traditions & culture & language & self image, counseling American Indian children, 54:6430
influence of color catergorization of cultures & review of previous explanations & recent ethological & electrophysiological & behavioral & psychophysical implications, 56:3893
information theory analysis, intrafamily property signs in folk cultures, 56:9754
initial recognition of detail & gradual build to composite structure vs differentiation process from global mass to finer discriminations, nonpictorial peoples viewing pictorial test materials, reanalysis of J. B. Deregowski's protocols of Me'en tribe, 53:8713
initiation rites & secondary education, self-concept development, Kikuyu boys, 53:9294
interpretation of role of "flowers" as hallucinogenic mushrooms, Mexican Nahuatl culture, 53:11491
introduction of cash economy, roles within polygynous family & psychiatric illness, North Australian Aboriginal groups, 53:959
issue of culture contact, oversimplification of findings, 54:876
Jung's theory of archetypes in collective unconscious, "topai" as literary expressions existing in Eastern & Western cultures, 55:9351
Kendo practices & beliefs, Japan, 58:11543
language & cultural problems, educational counseling & use of behavior modification & Adlerian techniques, Chicano children, 54:6408
language & culture & psychiatric concepts & medical diagnosis, African migrant worker in France, 57:5664
language & familiarity with clay, performance of tasks involving conservation of weight & quantity, Tzeltal-speaking Indian 6–13 yr olds, Mexico, 57:12545
learning environments, social behavior, 3–11 yr olds of six cultures, book, 54:786
linguistic & cultural characteristics, failure of traditional compensatory education to help disadvantaged or black vs middle class or white children to improve standing on academic achievement & postschool success measures, 54:12527
linguistic determinants, choice reaction time, Aboriginal vs white matching-response male adolescents, 53:5027
living with mother & limited contact with father in polygynous family, circumcision & segregation at puberty, male adolescents from 37 societies, 56:5878
locus of control fostered by culture & national suicide rate, New Zealand & Israel & US & Italy & Canada & Australia & West Germany & France & Japan & Sweden, 57:10080
loss of cultural identity & resultant social problems, Cherokee females, 57:10088
low level of affect in interpersonal relationships, socialization, Sebei of Uganda, 55:6917
medical beliefs & practices, Maroons of Moore Town, Jamaica, 55:9573
microreligious response to social change, case study of cannibalism for cargo, Melanesian Goilala, Papua New Guinea, 57:12604
migration & urbanization, Buang of Papua New Guinea, 56:572
mother's image & family roles & group norms, mother-child relationship, Bambara society, Mali, 57:10120
multicultural societies, educational programs & teaching strategies, book, 58:12356
Murdock-White interdependence alignment of Ethnographic Atlas culture clusters, 57:8075
myth of cultural deprivation & value of cultural pluralism in classrooms, guidelines for teachers, 55:10961
national folklore & customs & religion & folk medicine, consumption of alcoholic drinks & attitudes toward drinking, Yugoslavia, 57:5752
nature & prevalence & level of awareness of curanderismo as Mexican folk psychiatry, implications for community mental health, 54:12405
necessity for psychiatrists to adapt to culture of their patients, example of diagnostic & treatment difficulties of foreign physicians in Caribbean islands, 58:4062
opium abuse, relationship to decline of several cultures, 54:9517
origin & culture & history of treatment in Europe, Gypsies, comparison with Jews, 58:963
patterns of alcohol use & induction of altered states of consciousness, Admiralty Island natives of Melanesia, 54:9451
perceptions of phenomenon of amok in indigenous culture, psychiatric hospital patients labeled as amok, West Malaysia, 57:8443
perceptual & categorical & semantic processes & interaction between innate & cultural factors, color perception, 57:2325
personality patterns, failure to recognize patient's mental illness by other family members & interpersonal phobia, Japan, 57:3515
personality traits & sex & race & cultural background, preferences for types of counselors, white & black male & female 6th graders & parents, 54:10662
precultural basis of incest taboo, development of biosocial theory, 56:5883
previously held culturally based categorization, conceptual schemes in organizing perceptions of mediators of new culture, Venezuelans in US vs US natives, 58:11540
primal therapy & application of tenets to cross cultural groups, Mexican "national neurosis" & implications for treatment of Chicanos, 57:10714
primitiveness vs cognitive processing differences, anthropological ESP research, 53:145

use of hypnosis in ancient civilizations, 56:5879
value emphasis on youth & aging as decline vs growth, aged in US, 55:2243
values, learning satisfaction in adult education setting, adults from Brazil vs China vs India vs Nigeria vs US, 56:2984
Western patterns of technology & education & detribalization & migration & urbanization & cash economy, Papua New Guinea, book, 54:11497
westernization, cooperative behavior in Prisoner's Dilemma game, dyads of traditional Tonga men & women in Zambia vs westernized Tonga people vs Asian students, 58:7329
working or traveling or studying in foreign country, US vs Taiwanese students, 54:884

Culture Change
adjustment of learning processes to diminished valid role models as result of rapid cultural change, mental health, 56:10039
adjustment to American society & adaptation to social & cultural changes & attitudes toward filial responsibility, Mandarin-speaking aged Chinese in Los Angeles, 54:7281
age by cohort model, developmental research, reply to E. W. Labouvie's criticism, 54:766
age by cohort model, developmental research, criticism of A. R. Buss' review, 54:775
analysis in terms of culture-conflict, criminality of rural Arabs, Israel, 55:4382
attitudes toward cultural change, Bhumia Baiga tribe members, India, 58:3196
British traditional culture, impact on Nigerian society, 55:9597
cargo cults as psychocultural adjustment modes to Western cultural contact, Melanesia, 53:9357
children, parental behavior & culture change, literature review, 54:11457
cognitive complexity, adaptation to sociocultural change, Cuban refugees, New Orleans, 55:12113
cross cultural transactions in elementary schools, modifications of US school pattern & Ponapean culture, Ponape, 58:10186
cultural & psychological & medical problems in Western Japan, 4th Neuropsychiatric Symposium, 1972, 53:7452
cultural & social & interpersonal relationship change, health, 53:5439
cultural & social changes, adolescent development, 54:11354
cultural basis of psychotherapeutic techniques, practice of therapy in countries undergoing Westernization, 53:12130
cultural change & analysis of husband's current role & lifestyle & associated problems & benefits, book, 58:1007
cultural change & economic factors, alcohol drinking patterns, adolescent Navajo Indians, 53:5132
cultural changes of 20th century, psychic structure of youth & youth's attitudes toward psychoanalysis, 53:9360
cultural events, interests & attitudes, college students, 1923–1970, 53:5122
cultural factors, choice of psychotherapeutic methods, industrialized vs developing nations, 53:7881
culture change & sex, Draw-A-Man Test responses, Navajo kindergartners, 56:7784
cybernetic analysis, Chinese cultural evolution, 57:1058
destructive & disadvantageous consequences of attempts to develop backward societies, 54:7283
development of reliable diagnostic projective attitude measuremen device, application to evaluation of attitude toward agricultura modernization, peasants, Mexico, 58:146
differential exposure to modernization, value orientation preferences Palestinians, 53:2970
effortful initiation & seniority in culture & disillusionment associate with poor performance & disconfirmation of expectancies, individua & group processes in perpetuation of culture, 53:11492
fall of public man, analysis of imbalance between one's private & public lives & causes & implications of inward-turning culture, book 58:3178
family system & migration & village urbanization, disappearance o peasant life, Hungary, 53:9418
gender-related vocational interests, changes over 30-yr interval, 58:2326
historical development of psychiatry & sociocultural changes & need fo psychiatric services, Algeria, 56:6325
introduction of cash economy, roles within polygynous family & psychiatric illness, North Australian Aboriginal groups, 53:959
Mental Heath Branch of Indian Health Service, treatment of Indian problems due to rapid change in mobility & education & family ties, 57:4059
ontogenetic & sociocultural change, social responsibility, 21–84 yr olds, 53:2899
opium abuse, relationship to decline of several cultures, 54:9517
over-rigid control in society, cross cultural research, 54:883
personality traits, problems of adaptation to changing social norms & conditions of White North American culture, Mackenzie Delta Eskimos, 57:12614
physical environment & social & cultural changes, content of psychiatric illness, 53:7569
Protestantism & changing sex roles commensurate with changing culture, Navajo women, Ramah, New Mexico, 54:7295
psychological & psychohistorical viewpoint, Chinese Cultural revolution, book, 56:3898
psychopolitical traits, "The Revenge of Heaven: Journal of a Young Chinese", 53:966
psychotherapy, relevance to national progress & development, 54:8005
rapid social change & psychological concomitants, Toba Batak group of Sumatra & American Indians, 53:9338
Rorschach & interviews & participant observation, personality adjustment, adult males from least vs most acculturated areas of Indian tribal community, 56:9763
secondary schools, deculturization, Maori children, New Zealand, 55:10631
social & cultural & economic change, stress & family structure & family relations, rural Kikuyu females, Kenya, 57:10075
social & cultural change, new childrearing practices, Italy, 57:12628
social cultural change, discrepancies between real self & ideal self performances, high school seniors, 56:8035
social disintegration, psychopathology prevalence measured by marital problems & adolescent emotional problems requiring professional care, American community in Thailand vs Japan, 53:5096
socio-cultural change, psychological problems, college students at University of Malaya, 53:5584
sociocultural change, psychological stress & redefinition of marital & parental roles & goals, examples from Philippine society, 57:10071
sociocultural change, religious symbolism in Shi'a Muslim community, Iran, 55:9596
traditional cultural expectations & cultural changes & projection of professional roles & sex & age, perception of role of social psychologist in society, 19–23 yr old psychology & sociology students, 54:7692
transcultural aspects, mental illness incidence & diagnoses of schizophrenia, New York residents of Puerto Rican origin, 53:7611
transformation of community into international tourist area, economic & sociocultural changes in Swiss mountain village, 55:2241
urbanization & cross cultural differences, cooperation & competition, Maori children from urban vs rural New Zealand vs Polynesian vs European areas, 57:8089
values & instinctual differences & cultural change, male vs female attitudes & goals, 58:9358
Western education & modern occupations & nontraditional religious affiliation, mental health, rural Yoruba men, Nigeria, 53:9354
westernization, cooperative behavior in Prisoner's Dilemma game, dyads of traditional Tonga men & women in Zambia vs westernized Tonga people vs Asian students, 58:7329
witch hunts & persecutory movements as reflections & agents of culture change, 57:10064

Culture Fair Intelligence Test
correlation between Culture-Fair Test of Cattell & Intelligence-Structure Test of Amthauer, 17–57 yr old Germans vs 19–50 yr old foreigners, 57:2229
ethnic membership & D-48 Test vs Cultural Fair Intelligence Test, prediction of Science Research Associates Achievement Test scores, 8th & 9th graders, 57:9161

Culture Shock
analysis with culture shock paradigm, model of phases in transitional experience toward self awareness, 56:7992
correlation with self & peer measures & measure of culture shock, convergent & discriminant validation of traditional–modernism attitude questionnaire, Thai exchange college students, 54:6579
culture shock, academic achievement, American college students in Israel, 57:11432
culture shock, mourning & vicissitudes of identity, 53:11706
culture shock, weakening of authoritarian attitudes, Black vs White college students in predominantly White college, 58:10445
integration & operationalization of theory & provision of theoretical framework for training & assessment, personnel working in cross cultural environments, 55:1613
issue of culture contact, oversimplification of findings, 54:876
language problems & culture shock, guidance learning center evaluations & counseling Cuban American children, 54:6400
transcultural aspects, mental illness incidence & diagnoses of schizophrenia, New York residents of Puerto Rican origin, 53:7611

Curare
curare- vs succinylcholine- vs local anesthetically-induced paralysis, visual perceptions, human Os, 55:11816
immobilization with curare during pairing of conditioned stimulus with rewarding intracranial stimulation, activity response before & after Pavlovian conditioning, male rats, 53:640
injected curare, depth profile of hippocampal theta rhythm, rats, 55:11823
paralysis produced by curare or gallamine neuromuscular blockade or urethane anesthesia, neocortical & hippocampal EEG activity, rats, 58:11373
peripheral heat as reward, operant conditioning of heart rate, curarized rats, 56:3621
previous curare immobilization, Pavlovian conditioned heart deceleration during dextrotubocurarine chloride-induced paralysis, rats, 54:4872
prior shock exposure, facilitation of Pavlovian conditioned heart rate decelerations under immobilization due to physical restraint vs curare induced neuromuscular paralysis, male rats, 57:660
respiration parameters & neuromuscular blocking agents, heart rate conditioning in classical conditioning paradigm, curarized rats, 55:6561
respiratory system, blood gas tension, curarized rats, 53:2493

standardization of artificial respiration parameters, heart rate & tidal volume, curarized rats, implication for cardiovascular conditioning, 56:9459

Curiosity
age & IQ & sex, expression of curiosity & exploratory behavior in classroom & novelty toy situation & scores on curiosity measures, 4 & 5 yr olds, 58:9215
age & sex differences, preference for novelty & exploratory behavior of novel objects, 3–7 yr olds, 57:5593
analysis of concept of observation as component of inquiry-based education, 55:12937
construct validity, true-false self report scale to assess academic curiosity, college students, 56:7065
contrasting proverbs, measurement of attitudes toward curiosity-related behavior, college students, 56:3246
contrasting styles of adult-child interaction, curiosity & exploratory behavior, nursery school children, 55:12028
correlates of induced question-asking behavior, 5th graders, 53:4425
creativity & curiosity, antisexism, male vs female college students, 56:4112
cross cultural differences, physiological & intellectual measures of curiosity, black vs white college students, South Africa, 55:12328
curiosity, divergent thinking & test anxiety, 9th–12th graders & college students, 54:9733
curiosity, social adjustment & maturity, 5th graders, 54:2739
curiosity, theories of origins & factors of stimulation & impact on learning & education, children & adults, literature review, 58:7579
demographic characteristics & achievement level & ratings of personality traits & behaviors reflecting curiosity, types of curiosity, 1st graders, 55:4313
different instruction in science, inquiry, 1st graders, 55:13211
education program, facilitation of stimulating environment & importance of curiosity & exploration for infants, parents, 54:9390
epistemic curiosity, preferences for people- vs object-dominated cartoons, art- vs science-oriented college students, 56:4117
exposure effects, choice behavior in free-choice situation, college students, 54:11775
inquiry mode of instruction, curiosity & attitude toward science, 3rd–5th graders, 58:12533
low self concept & curiosity & boredom, drug abuse, 13–22 yr old former drug abusers in drug rehabilitation center, 54:1385
problem solving & novelty & exploration as related to curiosity, young children, implications for early education, 55:12034
psychological effects of architectural complexity, 58:6510
reliability & convergent & discriminant validity, sensation seeking & curiosity measures, normal & psychotic Ss, 57:108
response frequency & looking time & rated interest of visual stimuli, measurement of level of specific curiosity aroused by stimuli, college students, 56:7283
scientific & philosophical analysis, exploratory behavior & higher cognitive functioning, humans & animals, 54:8825
self ratings of curiosity & Primary Mental Abilities Test performance, white 5th graders, 54:9710
syllable associated reward contingency awareness & partial reinforcement & curiosity motivation, 2-choice discrimination learning, 3rd & 4th graders, 53:9253
teachers' ratings & self ratings of curiosity, college students, 57:4414
test-retest reliability & validity, test of contrasting proverbs as measure of attitudes toward curiosity-related behavior, Black vs White college students, 58:6695
traditional vs open classroom environment, curiosity & openmindedness, 5th & 6th graders, 57:11468
validation, self report scale of academic curiosity, college students in biology course, 55:69

Curriculum [See Also Art Education, Braille Instruction, Business Education, Compensatory Education, Driver Education, Drug Education, Foreign Language Education, Health Education, Language Arts Education, Mathematics Education, Music Education, Phonics, Physical Education, Reading] Education, Science Education, Sex Education, Spelling, Vocational Education]
academic & demographic & family characteristics profile of students, enrollment for Associate of Arts vs Sciences degree & faculty perceptions of their instructional strategies, community college students & faculty, 58:4146
academic achievement & curricular differences, verbal habits before & after instruction in physics using word association & concept similarity rating tasks, high school students, 55:5483
academic course in family life–sex education in treatment setting, schizophrenics, 54:10094
academic discipline & exposure to career education & age & sex & work experience & number of yrs of teaching & educational attainment level, attitudes toward career education, high school teachers, 56:8642
academic entry behavior in physical vs human geography, rural vs urban 5–7 yr olds, Nigeria, implications for curriculum development, 57:1964
academic major & interdisciplinary course attendance, evaluation of learning using Word Association Test performance, college students, 58:12764
achievement in & attitudes toward senior high school US history with reduced readability textbooks, high school students, 56:6706
achievement motivation training, academic achievement in language arts vs science vs mathematics vs social studies & need achievement & academic average, 9th graders, 53:12416
acquisition & transfer of analytic concepts & processes hierarchy of geographic inquiry, 2nd graders, implications for reform movement in social studies curriculum, 57:13793
action plans approach, facilitation of behavioral modification, college students in marriage education courses, 53:6169
action-oriented urban environmental studies program, attitude change toward school, inner-city 7th & 8th graders, 55:8107
adjunct instructional materials used outside classroom, learning & application of text, Air Force ROTC college students, 55:5782
administration of program involving Ss in service roles in correctional settings, college students in community psychology, 56:1238
aesthetic preference & divergent & convergent thinking & personality, attitudes toward subject matter & instructional methods, college students, 53:1961
affective education, cognitive performance on intelligence & reading readiness measures, kindergartners, 55:3004
affective imagery, approach to transpersonal consciousness, techniques for use in higher education, 55:5479
age & educational background, higher education curriculum interests, Ss aged 62 yrs & older, 57:6643
age & sex, critical reading-listening ability & reading achievement, 2nd vs 3rd graders, implications for curriculum, 57:11426
age & socioeconomic status & school size & aptitude & achievement, development of economic understanding & attitudes on economic issues, freshmen vs sophomore community college students, 57:13785
amount of practice with instructional test-taking unit, test performance gains with Metropolitan Achievement Test, 1st graders, 57:13714
amounts of content presentation & teacher threat in socio-emotional climate, academic achievement & self concept, disadvantaged 1st graders in compensatory program, 57:13956
analysis, alcohol education curriculum guides, 57:6771
analysis of forestry curriculum supplement, gymnasium school of Sweden, 57:1950
analysis using group dynamics, school system regulation by school organization & curriculum laws, Austria, 55:13056
answers to questions about career education, teachers, 54:10505
application of Celia Stendler Lavatelli Preschool Curriculum, gain in measured intelligence & basic concepts, 4 yr olds, 1-yr longitudinal study, implications for special education placement, 57:6828
application of humanistic principles within framework of tutorial approach in client-centered classroom, full-time employed inner city adults in graduate program, 56:8679
art values in school curriculum, opening of studios & workshops to whole school by art teachers, 56:8672
assessment of available training materials related to visual impairment, rehabilitation counselor education training programs & rehabilitation continuing education programs & research & training centers, 57:13521
assessment of children's achievement in High/Scope Foundation Cognitively Oriented Curriculum, rationale & use of Productive Language Arts Test, 58:2242
assessment of objectives of Self Level of Social Learning Curriculum, cognitive skills & adaptive behavior, 7–13 yr old educable mentally retarded, 54:4200
attendance at year-round vs traditional school, personal & social adjustment, 3rd–6th graders, 55:8224
attitude measurement, prediction of enrollment in elective freshman curriculum in community & family medicine, 1st yr medical students, 1 yr follow-up, 53:5384
attitude scale based on affective taxonomy, evaluation of affective behavioral objectives in mathematics education course & attitudes toward mathematics, college students majoring in elementary education, 55:1264
attitude toward career education in public schools, state legislators & school board presidents & principals & teachers, 58:8222
attitudes & motivation & sensation seeking & belief in ESP, creativity in class projects & measured creativity, college students in creativity class, 57:11417
attitudes toward & perceptions of incorporation of career education goals into curriculum, elementary & secondary school teachers, 55:13205
attitudes toward black studies programs & demographic characteristics, black & white sociologists & directors of black studies programs, 55:1391
attitudes toward curriculum strategies & teaching behaviors, day care vs cooperative vs traditional vs Montessori preschool teachers, 57:13662
attitudes toward education courses, college & graduate education students, 55:5592
attitudes toward mental illness at beginning of abnormal psychology course, college students, 54:10442
attitudes toward programed instruction as teaching method for geography, 8th graders, 55:5518
attitudes toward role of liberal studies in technical college curriculum, university faculty & staff, 53:6101
attitudes toward work concepts of career education, public school teachers vs business managers, Guam, 58:6230
autotelic simulation game of "Dean's Dilemma", acquisition of initiating structure & consideration dimensions of administrative behavior, graduate students in higher education student personnel work, 57:13672
availability & content, college courses in human sexuality, 54:6279
background & academic performance variables, participation in tutorial vs traditional classroom formats, graduate students, 54:12544
bases & practical principles for moral educator, value education, 54:10543
behavior therapy, presence of course material & curriculum & practices, medical school department chairmen & directors of residency training for clinical psychiatry, 57:11101
behavioral objectives, drug education preparation, kindergarten to 3rd grade elementary school teachers, 58:1956
behavioral science courses, law students, 58:8114
behaviorally stated objectives, social studies achievement, 11th graders, 58:12602
biographical characteristics & academic achievement & interests & occupational value, evaluation of undergraduate psychology curriculum, graduates of BA program in psychology, 58:12686
Black studies participation, self concept & academic performance, Black college students on White campuses, 58:12481
black studies vs traditional curriculum, knowledge of Negro culture & personalities using Afro-American Knowledge Inventory, white vs black college students, 53:10453
career development education through achievement motivation simulation, vocational decision making attitudes, inner city 10th graders, 55:11005
career education course & group counseling, vocational development, disadvantaged inner city 9th & 10th graders, 57:11566
career education, motivation & career maturity & aspirations & expectations, male vs female educationally disadvantaged vs nondisadvantaged middle school students, 58:2002
career education program, vocational attitudes toward work, institutionalized educationally handicapped female adolescents, 58:2216
career orientation program, career interests & choices & self concept, disadvantaged 8th graders, 57:9045
changes in schedules of reinforcement, frequencies of correct verbal responding to curricular performance items, college students, significance for use of operant model in academic settings, 55:1457
Character Education Project effectiveness, kindergarten to 6th grade, 53:10416
characteristics of internship experiences, student attitudes, home economics college students, 55:10887
choice in curriculum & feelings of control & causality, academic motivation & performance, 4th & 5th graders, 57:11413
choice of avocation & contentment with selected field, students in secondary agricultural professional schools, 57:11481
class instruction, attitudes toward disabled persons, special education graduate students, 57:11363
classroom instruction in questioning skills, question asking behaviors & reactions to being taught "process" in "content" course, college literature students, 57:13701
classroom Productive Thinking Program, reading & arithmetic achievement & creative thinking, 5th & 6th graders, 58:4231
classroom use of Remote Associates Test, stimulation of psychological testing involvement, junior college psychology students, 54:10524
cognitive & logical aspects, self awareness training in educational psychology courses, college students, 54:12552
cognitive & personality factors, class placement, 11 yr old primary school students, Ireland, 54:1908
cognitive complexity, response style as within-S variance across course evaluation items, college students, 58:10502
cognitive developmental curriculum intervention, promotion of psychological growth, female high school students, 55:8017
cognitive training program in anthropology, ethnocentrism, 4th graders, 54:12534
cognitive vs affective approach to human relations training vs sociology course, change in racial attitudes, high school students, 55:3081
cognitive vs cognitive & affective curriculum, career facilitators & general development, college students, 58:12793
cognitive-developmental curriculum intervention, facilitation of psychological growth, junior college physical-therapy-assistant students, 57:9016
cognitive-developmental psychological education, moral judgment & ego development, 11th & 12th graders, 56:10644
college course with students as volunteers at Hebrew home for aged, attitudes toward aged & dying, female Roman Catholic college students, 55:7987
college entrance with vs without high school vocational agriculture-business experience, academic achievement in agriculture, college freshmen, 56:8720
college speech courses, changes in self concept, novice & advanced students, 54:12594
college student development & higher education, book, 54:1824
college-based child development training & certification program, personnel preparing to work with children, 54:10512
college-level course placement, limitations of expectancy data, 58:6409
communication skills, teaching effectiveness, industrial education teachers, 58:6181
community intervention mode in urban college clinical psychology training program, 58:10128
community psychology course curriculum, critical examination of community interventions & integration of course materials with experiences in field, college students, 58:4247
compensatory curriculum, academic achievement, high risk college students, 56:6817
completion of "unthinking-rethinking" program, self concept change, 6th graders, 55:13110
comprehensive educational program in decision making, high school students, 53:8299
comprehensive human sexuality programs on college campuses, 53:12452
compulsory course in preclinical curriculum under new Certification Regulation for Physicians, contents & methods of course in medical psychology, 53:9687
computer assisted instruction using cross cultural data, data verification procedures & interpretation of ethnographic accounts, anthropology students, 56:2907
computer programs, construction & analysis of custom-designed questionnaires & rating scales for student evaluation of instruction, 58:8584
computer vs counselor-based counseling system, selection of courses, 9th–11th graders, 53:4113
concept word associations in mechanics, hierarchical model structure, secondary school & university science graduates, 57:1948
conception of learning-development experiment in college curriculum, 54:10479
consistency of educational theory in early childhood education programs & teacher education, 54:10549
construction of allness orientation measure & influence of meta-aristotelian training on orientation, high school & college students, 58:6698
construction of environmental attitudes instrument, relationship to residence & sex & scholastic ability & socioeconomic status, 7th graders, educational implications, 58:12739
consumer education inservice program, teaching behavior measured by knowledge gain & methods & materials usage & changes in attitudes toward students & teaching, home economics teachers, 57:9005
content & materials & procedures & process & teacher training program, psychological education, 54:10507
content analysis of illustrations in textbooks & teaching materials, sex role stereotyping in home economics curricula, senior high schools, 57:11361
content analysis of responses to black literature & reading literature, attitudes toward race, 10th graders, 55:10889
content analysis, sexual bias in psychology textbooks, 53:12402
content structure & concrete referents & mental readiness, attainment of cognitive skills in physical science, high school students, 55:10760
contingency managed instruction vs independent study vs lecture-discussion method of teaching child psychology course, test performance & child management efficiency & study time & attendance & course attitudes, college students, 57:11312
continuing education workshops, topic & format preferences over 2-yr period, psychology students & faculty & mental health agency staff, 57:1817
continuity of instruction in child development, attitudes toward young children, college students, 55:10930
contribution of undergraduate course in philosophy to problem solving, 54:6292
convergent & discriminant validity, Likert scale to measure attitudes toward school subjects, junior & senior high school students, 55:8385
core curriculum for teaching psychoanalytic psychotherapy, 57:4242
counseling course, moral reasoning & discrimination & communication skills & selected attitudes, adolescents & adults, 58:2019
counseling strategies & career development curriculum, kindergarten through 12th grade females, 58:2238
counseling/curriculum project, sense of future & decision making skills, students, 53:10548
counselor sex bias & student sex & age & ability level, rating appropriateness of course choices made by high school counselees, school counselors, 58:10628
